ARKANSAS BLACKS VICTIMS ON A SHREWD NEGRO

THE ORGANIZER OF INSURRECTION TOOK SAVINGS STAMPS AND LIBERTY BONDS.

Helena, Ark., Oct. 6.—A statement was made to-day on the recent visit by E. M. Allen, of the committee of seven authorized by local officials and Governor Brough to investigate the trouble, charging that the trouble was an organized negro uprising fostered by a negro who preyed on the ignorance and superstition of a race of children for monetary gains.

Mr. Allen, who was one of the leading men marked for death, after hearing confessions, examining circulars and other evidence procured by state and military officers in connection with the work of the committee, issued the following statement to explain what the committee had found to be the situation leading to the killing of five white men and upwards of a score of negroes:

"The present trouble with the negroes in Phillips county is not a race riot. It is a deliberately planned insurrection of the negroes against the whites directed by an organization known as the 'Progressive Farmers' and Household Union of America,' established for the purpose of banding negroes together for the killing of white people. This union was started by Robert L. Hill, a negro, 26 years of age, of Winchester, Ark., who saw in it an opportunity of making easy money. He had been a farmer all his life but lately had been posing as a 'private detective' doing work in this and all foreign countries."

"Hill started his first union work in April of this year," Mr. Allen said. "He told the negroes it was necessary for all members of the union to arm themselves in preparation for the day when they should be called upon to attack their white oppressors."

"Negro men were charged \$1.50 entrance fees and negro women 50 cents," Mr. Allen said in his statement.

"Another form of extortion was to sell shares of \$10 each to all the negroes in a proposed building to be erected by the union at Winchester," the statement says. "Hill would find out what negroes possessed thrift stamps and liberty bonds and would issue a certificate stating that so many shares had been purchased at \$10 per share and all negroes buying shares in the amount of \$50 or more were told that their names would be engraved in the building. In other words, he had so planned his campaign that any negro possessing from 50 cents to \$50 was given an opportunity to invest in something connected with the union."

"Another scheme used by Hill to obtain money was to appoint leading negroes in each lodge as a 'private and foreign detective,' furnishing them large nickel plated stars and a pair of nickel plated handcuffs for which they paid him \$50 each."

"His meeting at Winchester in August was attended and addressed by white men. He simply played upon the ignorance and superstition of a race of children—most of whom neither read nor write."

"I have cross examined and talked to at least 100 prisoners at Edinburg. They belong to different lodges in that section. The stories they tell are almost identical as to the promises and representations made by Hill. He even told them that probably some of the negroes would be called upon to die before 'equal rights' would be assured but they must look upon themselves as crusaders and die if necessary to secure the freedom of the other members of their race."

"All lodge meetings were required to maintain an armed 'outer guard' of six sentinels. Hill's usual expression was 'Get your racks filled for the day to come.'"

"As far as oppression is concerned many of the negroes involved, own mules, horses, cattle and automobiles and clear money every year on their crops after expenses are paid."

Authorities to-day continued their search for Ed Ware, alleged ring leader of a band of 26 insurgents. He is still at large.

Robert L. Hill, named in confessions of prisoners as the leader of the negro organizations, eluded cap-

ture in the first roundup of men wanted by civil and military officers. He is believed to have escaped to the canebrakes and a search for him is in progress by soldiers and deputies, who have warrants.

COL. HOUSE LEAVES PARIS EN ROUTE HOME.

Paris, Oct. 6.—Col. E. M. House, of the American peace delegation, accompanied by Mrs. House, left Paris for Brest tonight. They will sail for the United States Monday on the steamship Northern Pacific. It was planned by Colonel House that his plans on arriving in the United States were uncertain. He expects to see President Wilson as soon as the President is able to receive visitors and said he was ready to return to Europe or do anything else the President wishes him to do.

Colonel House said the supreme council probably would continue its sessions in Paris for an indefinite period and that President Wilson, after ratification of the German treaty by three of the great powers, probably would call a meeting of the league of nations executive council to be held in Paris, as it would be impossible for the members to go to Washington within two weeks, which is the period the treaty allows the council after the ratification of the treaty to settle the Saar valley problem.

Colonel House added that this meeting of the executive council likely would deal with the Saar valley problem, leaving other matters for a later meeting in Washington.

WHITE COUPLE KILL ONE; FATALLY HURT ANOTHER.

Macon, Ga., Oct. 8.—Hundreds of persons, headed by Sheriff Hicks and his deputies, are engaged in a hunt for a man and woman who killed A. J. Elkin, Bibb county farmer, and attacked his brother-in-law, Tom Sawyer, late to-day. Sawyer is in a critical condition.

Elkin and Sawyer were in separate wagons en route home from Macon. Three miles out on the Columbus road a man and woman, both white, who, it is charged, were walking, asked to ride. Elkin made room for the man and Sawyer gave half his seat to the woman.

Nine miles out the man, it is alleged, struck Elkin over the head with a hammer. At the same instant the woman, it is said, struck Sawyer over the head with a hammer. Elkin was picked up dead. Sawyer is not expected to live.

The couple have been surrounded in a large tract near the city that was formerly occupied by Camp Harris.

Bad Fight at Corn Shucking.

Hickory, Oct. 8.—Two men were cut, one perhaps fatally, in a fight at a corn husking in the Catfish settlement, near Conover, shortly after midnight Tuesday, and two men, one of them injured by a rock, are in the county jail at Newton. Liquor is said to have been at the bottom of the trouble. Ray Bowman was slashed nine times and Cletus Wagner eight times with knives in the hands of Clarence Hedric and Loy Mingus, the latter two being in jail.

Sheriff Isenhower and his deputies made the arrest of the two slayers early to-day. The Hickory officers were notified, but tire punctures prevented them from taking part. Bowman was so badly lacerated that it is feared he may not recover.

Louisiana Sugar is Short.

New Orleans, Oct. 8.—There will be 145,512 short tons of sugar less this year than last in Louisiana, according to a report issued to-day by John S. Dannee, field agent for the bureau of crop estimates, department of agriculture. Condition on October 1 was fixed at 53 per cent of normal, compared with 88 per cent last year.

Germans Want a Loan.

Washington, Oct. 8.—German financial interests have asked the war department to lend 150,000,000 marks in the hands of the United States army at Coblenz to them at four per cent interest. Secretary Baker announced to-day he would discuss the proposal with treasury officials before reaching a decision.

CAUSES AND REMEDIES OF THE HIGH COST OF LIVING

THE COUNCIL OF NATIONAL DEFENSE MAKES PUBLIC ITS FINDINGS.

Washington, Oct. 6.—After an investigation of the high cost of living problems the council of national defense finds:

That the nation's products have not been fully utilized since the armistice.

That too few goods, notably the necessities of life, have been produced, and that even some of these goods have been withheld from the market, and therefore from the people.

That the high cost of living is due in part to unavoidable war waste and increase of money and credit.

That there has been and is considerable profiteering, intentional and unintentional.

The council believes that the remedies for the situation are:

To produce more goods, and to produce them in proportion to the needs of the people.

To stamp out profiteering and stop unnecessary hoarding.

To enforce vigorously present laws and promptly to enact such further laws as are necessary to prevent and punish profiteering and needless hoarding.

To bring about better co-operation and method in distributing and marketing goods.

To keep both producer and consumer fully informed as to what goods are needed and as to what supplies are available, so that production may anticipate the country's demands.

"Better standards of living are impossible without producing more goods," said the council's announcement.

"At the war's end we and our allies had desperate need of the essentials of life. We have had to share our resources with them, but this drain will gradually lessen."

"The process of production requires time. If production is rapidly increased, vastly improved conditions will prevail in America when the results of present and future labor begin to appear."

"Team work is imperative. The manufacturer, the farmer, the distributor must each immediately assume his part of the burden and enter upon his task."

"On American business rests a grave responsibility for efficient co-operation in bringing about full and proportionate production. On American labor rests an equal grave responsibility to attain maximum unit production and maintain uninterrupted distribution of goods if labor itself is not to suffer from further rises in the cost of living."

"The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met."

The council is composed of Secretaries Baker, Daniels, Lane, Houston, Redfield and Wilson and Governor B. Clarkson, as director.

ANOTHER GEORGIA MOB TAKES LAW IN OWN HAND.

Macon, Ga., Oct. 7.—Eugene Hamilton, a negro under a 10-year sentence for an attempt upon the life of Charles Tingle, Jasper county farmer, was taken from Sheriff Middlebrooks, of Jones county, near here early to-day and shot to death at daylight near Monticello, in Jasper county.

A mob of about 60 men held up the sheriff of Jones county, who was trying to bring Hamilton to Macon for safe keeping, having heard of plans to take the negro from Gray, where he had been sent by the Jasper county sheriff.

Tingle was not seriously wounded but friends of his had made repeated threats that they would "get" Hamilton, whose motion for new trial was recently denied and was appealed to the George court of appeals.

A coroner's jury investigated the lynching of Hamilton and returned a verdict of "death from gunshot wounds at the hands of parties unknown to the jury."

CHAIRMAN LANE ENTHUSES THE LABOR CONFERENCE

BODY NOW ORGANIZED, RULES ADOPTED AND IS READY FOR BUSINESS.

Washington, Oct. 7.—After perfecting an organization to-day, the industrial conference called by President Wilson got tangled up in its own rules and adjourned until tomorrow.

Secretary Lane was elected permanent chairman. In his speech of acceptance, he stirred the delegates, representing capital, labor and the public, to great enthusiasm by declaring that the high purpose of the gathering made failure impossible in the effort to harmonize industrial relations in this country.

Proceeding to the adoption of rules, the conference struck its first snag in a protest by John Spargo, of New York, a representative of the public, that the report of the rules committee made no provision for minority expression and was a "travesty" on free deliberation. His criticism caused early adjournment of the morning session to permit amendments to be formulated by the respective groups, but on reconvening the rules were adopted without material change. They provide for public sessions and unanimous vote by groups on all conclusions and decisions, and require the assent of a group before any member of it can introduce a resolution.

A committee of 15 was named to recommend for or against all resolutions introduced, as follows: Representing the public: Thomas L. Chadbourne, A. A. Landon, H. B. Endicott, Charles Edward Russell and Miss Lillian Wald. Representing capital: S. Pemberton Hutchinson, John W. O'Leary, John J. Raskob, Herbert F. Perkins and J. N. Tittmore. Representing organized labor: Samuel Compers, Frank Morrison, Matthew Wolf, W. D. Mahon and L. E. Sheppard.

The employers' group was the only one ready, under the rules, with any business. Frederick P. Fish, of Boston, offering a resolution declaring the need of the industrial situation was increased production, adequate compensation for services and just return on capital and that each delegate should be guided in his actions by the good of the country as a whole, rather than by the interests of his particular group.

TWO ARE BURNED AND A THIRD KILLED.

Washington, Ga., Oct. 6.—Three negroes have been killed, two burned at the stake early to-day, as a result of the fatal shooting of Deputy Sheriff Red Freeman, near Lincoln, in Lincoln county, Saturday night.

Jack Gordon and Will Brown, the latter being a negro who is alleged to have taken Gordon in an automobile from the scene of the shooting Saturday night, were burned at the stake shortly before daylight to-day by a mob of a thousand persons after Gordon had been taken from Lincoln county officers.

Mose Freeman, a negro charged with misleading members of a mob hunting Gordon, was shot to death when he tried to escape. Deputy Freeman, who was shot through an eye, the bullet lodging in his brain, died this afternoon and will be buried tomorrow. He was first reported dead, due to the fact that he was unconscious and showed no sign of life, when friends hurried to the scene of the shooting.

Gordon was caught five miles from here late Sunday and kept in jail until 2 o'clock this morning when he was turned over to Lincoln county officers. Once in Lincoln county the mob seized Gordon, brought up Brown, who had been caught earlier in the day, and fastened both to an old wagon axle. Wood and trash was piled around the negroes and the torch applied.

Will Get Landing Field.

Washington, Oct. 7.—Senator Overman has taken up with the postoffice department the question of establishing a landing field for mail airplanes at Greensboro.

PRESIDENT IMPROVING QUITE SLOWLY NOW.

Washington, Oct. 7.—President Wilson's condition improved again to-day and his appetite, the failure of which has been one of the serious drawbacks to his recovery, showed a decided change toward normal.

So far has he progressed that his two married daughters, Mrs. William G. McAdoo, of New York, and Mrs. Francis B. Sayre, of Cambridge, Mass., who came to his bedside several days ago, returned to their homes tonight, after consultation with the President's physicians.

Dr. Grayson and the other physicians showed a decided inclination to guard against over-optimism, however, as they believe another setback still is within the range of possibility. They continued Mr. Wilson's confinement to bed and kept official business away from him.

Rear Admiral Grayson, the President's personal physician, at 10 o'clock tonight issued the following bulletin:

"The President has had a comfortable day and is slightly improved."

Messages of solicitude and sympathy continued to pour into the White House from all parts of the world. Late to-day the following cablegram reached the White House from President Porras, of Panama:

"With the greatest pleasure we see by to-day's cable about the improvement in your health. We crave it will be a turning for the best."

Making Continued Progress.

Washington, Oct. 8.—Slow but continued progress over a period of five days has brought such an improvement in President Wilson's condition that his physicians announced to-day that he was stronger than at any time since he was taken ill two weeks ago tonight.

Encouraged by the patient's progress, Rear Admiral Grayson, the President's personal physician, let him sit up in bed part of the day, but insisted on keeping his attention as far as possible away from official business. Unless something urgently requiring attention should develop, it is the plan to continue his confinement to his room for the present and to insist that he take the opportunity for a real rest.

GOES TO PENITENTIARY FOR HAZING A FRESHMAN.

Christiansburg, Va., Oct. 6.—A jury in the Montgomery county Circuit court, after deliberating an hour and 15 minutes tonight, brought in a verdict of guilty against Benjamin Siegel, of Newport News; Robert W. Ware, of Dunneville, Va.; George W. Bott, Jr., Richmond, and Albert C. Copeland, Wyanoke, Va., former sophomores at the Virginia Polytechnic Institute, charged with assault in connection with the alleged hazing last spring of John Fox, of Roanoke, a former freshman, and fixed Siegel's penalty at one year in the penitentiary.

Ware was given six months in jail; Bott 30 days in jail, and Copeland was fined \$50. Counsel for the defense did not announce tonight whether the verdict would be appealed.

In the trial which lasted three days, Fox testified that on May 16, last, Siegel hazed him with a bed slat with such force on the small of the back that he nearly felled him to the floor, the blows later causing paralysis to the spine and that the other three former sophomores struck him afterwards, but not with the force Siegel had employed.

Siegel, on the stand, denied he used a bed slat, but admitted he hazed Fox with a "regular paddle," which he testified was commonly used at the institute last year by upper classmen when they hazed new men.

All four of the former sophomores, in their testimony, declared that at the time Fox was hazed they did not realize he had been injured to the extent which time developed, and that when they learned of the severity of his injuries the news drove them to tears.

MANY ATTRACTIONS ARE BOOKED FOR THE BIG FAIR.

VAST ARRAY OF HOME EXHIBITS AND AMUSEMENTS APLENTY FOR ALL.

With opening of the Central Carolina less than a week distant, final plans for the series of remarkable events are being rapidly developed, and it is now possible to present a general outline of most of the principal features which are to be witnessed. The dates are October 14, 15, 16 and 17, "four big days and four big nights," as the press agent announces.

In some respects the exhibits will be the most noteworthy attractions of the fair. Many prizes have been offered, and it is expected that there will be a multitude of exhibits. The exhibits will include practically every product of the farm, as well as a vast array of home demonstration products. Livestock will be displayed in abundance, it is expected. Then there will be many exhibits from the city, as well as from the rural districts. The Cone interests are planning a most comprehensive exhibit of their manufactured products. Plans are being developed for the manufacture of cloth by this company at the fair grounds, every step to be shown.

Strangely enough, little interest in exhibits has been shown by the merchants of Greensboro, according to fair officials, although there are some notable exceptions. Officials of the fair are unable to account for this seeming apathy.

Racing will be an interesting event of the week, some excellent cards being arranged. While the details of these programs have not yet been announced, it is known that some fine animals will be on the tracks.

Another remarkable attraction will be "The Flying LeYana," an act which includes six people and is said to be very popular.

The Bachard family are booked, while Queen Victoria, "America's most remarkable performing elephant," will make her appearance here.

A performing ape will furnish many interesting stunts.

Then two airplanes are scheduled for thrilling exhibitions. There will be many remarkable aerial performances.

John H. Sheesley's "greater shows" are coming, the attraction being advertised as "decidedly the biggest and best ever shown on our grounds."

Other features will be animal shows, vaudeville, morodome, merry-go-round, navy exhibits, government thrift exhibit, brass band and great fireworks displays, the latter to be given each night.

Now that the war has ended and normal conditions are being restored, officials of the Central Carolina fair expect popular interest in the institution to be greater than ever experienced heretofore, and they are confident of their ability to sustain that interest.

Bumper Corn Crop.

Washington, Oct. 8.—The country's enormous corn crop has "run unharmed the gauntlet of dangers that faced it during the doubtful days and nights of September, and lays into the lap of mellow October 43,000,000 bushels more of ripened ears than it could promise at the beginning of that month," the department of agriculture commented to-day in issuing the October crop report forecasting a yield of 2,900,511,000 bushels.

Practically all of the crop has, or will, mature without frost damage, assuring high feeding value. Husking and cribbing has begun.

The Old Gag Worked.

Monroe, Oct. 7.—Thomas Wilson, a colored farmer of Sandy Ridge township, was swindled out of \$506 by another negro here. Wilson had just sold his cotton when a strange darkey sought his company and told him of finding a purse with two \$1,000 bills in it. He offered one of these to Wilson for his change. As soon as he got his fingers around Wilson's money he made a getaway.

VAST ARRAY OF DEEDS ARE FILED FOR RECORD.

The most important real estate transaction of last week was recorded at the office of the register of deeds Saturday afternoon when the deed conveying what is known as the old finishing mill property, north of the city, was filed. The property was purchased from the Guilford mills, incorporated, by the Security Warehouse and Storage Company for \$10 and other valuable considerations. An even \$100 worth of revenue stamps disclosed the fact that when the property changed possession considerations equivalent to \$100,000 in cash were exchanged. The property, as described in the deed, begins at "an iron stake in the southern margin of Second street, 130 feet west of the western margin of Virginia street," and is 197.2 by 8.5 by 531.2 by 221.9 by 122 feet.

Second in importance was the deed transferring a piece of property on West Market street, within one block of the exact center of the city, from L. J. Duffy and J. S. Duncan to T. L. Parsons. The property is 11 by 95.1 feet, and is on the south side of West Market street and is 25 feet from the southern intersection of West Market and South Greene streets. It brought \$20 and other valuable considerations, aggregating more than \$21,000, revenue stamps disclosed.

C. M. Glass and wife to J. M. Lovings, lots 117, 118, 119 and 120 of the developments known as Bessemer highlands, Gilmer township, \$217.50.

The deed transferring title to a piece of property on Schenck street, in this city, from W. A. Porter and wife to Mattie H. Bogart, filed Monday at the office of the register of deeds to be recorded, had the distinction of being the most important one of the day, from a financial viewpoint. The lot 51 by 152 feet brought \$10 and other valuable considerations, which revenue stamps showed total approximately \$12,000.

There were several valuable tracts concerned in the deeds of the day. Second in importance was that transferring a lot 75 by 150 feet on West Lee street, in the city of Greensboro, Morehead township, from C. W. Lee and wife to Alma F. Green for \$10 and other valuable considerations, totaling about \$7,500. The lot is situated at the intersection of West Lee and South Edgeworth street.

C. B. Bogart and wife to Atlas T. Gilliland, a lot 47 and 1-4 feet by 148.67 feet on Schenck street, at its intersection with Simpson street, in the city of Greensboro, Morehead township, \$10 and other valuable considerations, approximately \$6,500.

NOTICE BY PUBLICATION.

North Carolina, Guilford County.
In the Superior Court.
Della McCafferty

vs.
John McCafferty.

You are hereby notified to appear before the clerk of the Superior court of the county of Guilford, in Greensboro, N. C., on the 20th day of October, 1919, and answer or demur to the complaint filed in the above entitled action which is for divorce on the grounds set forth therein of separation and living apart for a period of ten years without children being born to the said marriage and if no answer or demurrer is filed to the said complaint the plaintiff will ask the court to grant a divorce dissolving the bonds of matrimony heretofore existing between the plaintiff and the defendant.

And it is hereby ordered by the court that this notice be published in The Greensboro Patriot for four successive weeks, to-wit: 75-81.

This September 16, 1919.

DISSOLUTION NOTICE.

State of North Carolina,
Department of State.

To All to Whom These Presents May Come:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by law, the unanimous consent of all the stockholders, deposited in my office, that the Frazier Motor Company, a corporation of this state, whose principal office is situated at No. 229 South Davis street, in the city of Greensboro, county of Guilford, state of North Carolina (thenceforth being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revised of 1905, entitled "Corporations," preliminary to the issuing of this certificate of dissolution.

Now, therefore, I, J. Bryan Grimes, secretary of state of the state of North Carolina, do hereby certify that the said corporation did, on the 20th day of September, 1919, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 20th day of September, A. D. 1919.

THREE DAYS' WORK OF GUILFORD SUPERIOR COURT.

Six divorces were granted and argument was in progress in a damage suit for \$25,000 against the North Carolina Public Service Company and R. G. Lassiter & Co. when the first day of Superior court, in session for a term of two weeks for the trial of civil cases with Judge T. D. Bryson presiding ended Monday evening. Little time was lost in hearing the divorce actions, since none was contested and but few witnesses were necessary in any of them.

The damage suit is entitled S. A. Hodgkin vs. the North Carolina Public Service Company and R. G. Lassiter & Co. and it results from injuries the plaintiff is alleged to have received several months ago when he was struck by a street car operated by the Public Service Company and knocked to the street. Before he could arise, it is alleged, a truck owned by Lassiter & Co. ran over him. For the twin-accident and its results the sum of \$25,000 is sought.

Two of the couples divorced were negroes, and very short disposition was made of their cases, as well as those of the whites. The divorce actions were:

Sarah B. Powers vs. Leonidas B. Powers, white.

D. R. Knight vs. Fleta Knight, white.

T. W. Kernodle vs. Mary J. Kernodle, white.

Martha Sheek vs. Daniel Sheek, negro.

Martin Worth vs. Louise Worth, negro.

Elta Dennis vs. Philmore Dennis, white.

Habeas corpus proceedings, heard by Judge Bryson early Monday, attempted to give the custody of Blanche Gilliam, a little girl, to her mother, Ida Gilliam, but the writ requested was denied and the little girl will remain with her father, C. W. Gilliam, a resident of Thomasville. On the criminal docket of Superior court is a case which will be heard in October charging Reuben Vail and J. R. Skeen, residents of High Point, with abducting the little girl from her father and giving her to her mother.

At a late hour last night the jury had been unable to agree upon a verdict in the suit of S. A. Hodgkin vs. the North Carolina Public Service Company and Robert G. Lassiter & Co. in which the plaintiff seeks \$20,000 damages. Hodgkin was struck by a street car and then by an automobile truck on Spring Garden street several months ago.

The case was given to the jury in Superior court yesterday afternoon at 5 o'clock, after Judge T. D. Bryson had delivered a charge of an hour and one-half to the jury. Late yesterday afternoon trial of the case of Mrs. Bertha Luther, administratrix of J. H. Luther, against W. C. Beasley, in which damages in the sum of \$2,000 are sought, was begun. J. H. Luther was struck by the defendant's automobile on Summit avenue on the evening of December 28, 1917. Trial will be resumed this morning.

COUNTY RATIFIES THE CONTRACT FOR ROAD.

The county commissioners in monthly session Tuesday ratified the arrangement made by the board with the state highway commission whereby the former will construct four and one half miles of road between Greensboro and Gibsonville. The contract for asphalt surfacing has been sublet by the county to Robert G. Lassiter, and the actual work of construction will begin in the early future. Contracts for the grading and base have not been awarded.

In conformity with a request from Greensboro ministers, the commissioners agreed that the Ten Commandments will be inscribed upon a stone tablet and placed in the new county court house. Another tablet, bearing a religious inscription to be selected later, also will be placed behind the judge's desk in the Superior court room.

REPUBLICAN STATE EXECUTIVE COMMITTEE IN SESSION.

This morning at the O. Henry hotel the Republican state executive committee met at 10 o'clock.

Hon. Frank Linney, of Boone, and Hon. John M. Morehead, of Charlotte, and other leading Republicans of the state, came to Greensboro last night.

It is understood that the Republicans are planning to open up headquarters in Greensboro at an early date and will carry on a vigorous campaign in North Carolina from now on until after the next election.

The effort now is make the hire worthy of the laborer.—Greenville, S. C., Piedmont.

ROAD HOGS.

There are hogs in the hog pens, there are hogs on railroad trains other than those shipped in the box cars, there are hogs and hogs—but the one hog that needs attention is the road hog.

We are glad to see that Judge Guion in his charge to the grand jury in Wake county paid his respects to this particular animal—the road hog.

Among other things the judge said: "You gentlemen have only to think how few men in your acquaintance who respect the law or take precautions required of them by the words of the act."

In substance, he said when one of these "road hogs" goes by burning the atmosphere and leaving only a gasoline streak, the only thing necessary is to get his machine number. He urged the jury to take the law seriously and see to its enforcement and to encourage greater consideration for the humble types of men and women still using the old means of travel.

The man or woman who goes out to drive a horse and buggy on a public highway has to travel in the ditch or take to the fields and woods along the highways—but if the laws of North Carolina in regard to the use of automobiles were enforced this would not be so.

CAPITAL AND LABOR MEETING.

That is a very important meeting that is being held in the city of Washington, called by President Wilson, and it is greatly to be regretted that the President is not able to attend.

It is feared that the result of the meeting will not be what was hoped for on account of the absence of the President and the great influence the official head of this government would have upon the meeting.

It is hoped that the parties concerned will show the proper spirit and attitude towards each other. When there is a difference between individuals, this difference can always be adjusted if the parties concerned will meet in the proper spirit and show a willingness to do the right thing—then relations of good fellowship can be readily restored—this is true of great bodies of men as well as of individuals.

SENTENCED TO PRISON FOR HAZING.

The courts of the state of Virginia have an eye to business in the matter of putting a stop to hazing. Four of the freshmen were hazed or better assaulted—that is all hazing has ever been. The sophomores who assaulted them have been convicted in court and have been sentenced to terms in jail.

Good for the court of the commonwealth of Virginia. That state has set an example that ought to be followed by every state in the American union.

STEEL STRIKE LEADER IS A PROMOTER OF REVOLUTION.

Judge Gary as head of the steel corporation has been before the congressional committee that is investigating the big steel strike. William Z. Foster the promoter and manager of the strikers has been before the committee.

Judge Gary may not have been entirely right as to his attitude toward the labor organizations but one thing is certain—that is the general public will not censure Judge Gary for having nothing whatever to do with Foster.

Those who read his evidence before the committee can come to but one conclusion—and that is that Foster is a dangerous man to be at the head of any movement within the United States.

WILSON AND HIS TASK.

The Manufacturers Record in writing of Wilson and his illness says:

He has sought to carry on his own shoulders a load too heavy for any human being. No one who knows anything of the frailties of the body could possibly have looked for anything else than a complete nerve exhaustion, for the man who could stand the tasks which President Wilson has placed upon his system without breaking has never yet been born, so far as history shows. The man who is wise with himself is the one who divides his responsibility and who throws upon others some of the burdens which in his own boundless energy he might deserve to carry alone.

"In his great task President Wilson has needed every ounce of physical strength and of nerve force, because when nerves are tired and the body is tired no man can do his best work. Every man who has known from personal experience what nerve exhaustion is will have a profounder sympathy for President Wilson than it is possible for any human being who has not gone through that experience to have, for he who has once known the meaning of nerve exhaustion knows of some of the horrors of Dante's Inferno.

The whole country, indeed the whole world, is to some extent suffering from neurasthenia. The nerves of the world have been tense for the last five years. They have been overstrained. A great wave of nerve fatigue is passing over the world, and to this is due many of the things from which we are suffering, here and elsewhere. We lived for five years on nerves, and now exhausted nerves are having their inevitable effect.

For President Wilson, as he endures the sufferings of tired nerves, it becomes the duty and the privilege of every man and woman who believes in prayer to pray that God may give strength and health back to him without the days or the weeks or sometimes the months of suffering which others have had to endure as they passed through a similar affliction.

IS THE GOVERNMENT TO BLAME?

Up to 20 years ago, a day's work in the country consisted of from 12 to 16 hours. The farmers began his day's work with the rising of the sun and, with the exception of an hour in the middle of the day, he labored until the sun went down.

And although the population of the United States was much smaller than now, production was much larger, and the land teemed with plentiful harvests.

The question which we want answered, is what is going to be the result of the eight hour day with its greatly curtailed production? How will the increased population be provided for? This is an economic problem which concerns the whole world.

Is there not danger that this

merciless people with her working day twice as long as that of any other nation, ultimately accumulating to herself all the wealth of the world?

As we understand the situation, the German people have already since the war systematized her affairs until no one class of workmen are drawing higher pay than another, while in this country, we are told that the government scale of wages to the engineers who drive the locomotives are paid from \$350 to \$500 per month, and this salary is given for not over 10 hours work per day; while the dry goods clerk or bookkeeper puts in from 12 to 16 hours per day and receives therefor a salary of about \$100 per month. We are informed that the salaries of all railroad employees are correspondingly high, and what is responsible for this inequality if not the government of the United States?

An adjustment is necessary, ye a vital, and unless something along this line is done within the next few years an upheaval may be expected which will jar every civilized nation of the earth.—Gaffney, S. C., Ledger.

SUPPORTERS OF LEAGUE ARE GAINING GROUND DAILY.

Washington, Oct. 6.—Although President Wilson is gaining ground in his fight against a threatened breakdown it will be days if not weeks before he can participate in the peace treaty controversy.

That is the one thing his physicians would keep his mind off of at this time. But in the face of all sorts of obstacles the friends of ratification are moving forward. It is almost a certainty that the treaty cannot be ratified without reservations, but there is promise of action that may put the treaty through without having it resubmitted to the peace conference.

The action of the Massachusetts Republican convention in urging the ratification of the treaty without amendments but with reservations is a rebuke to Senator Henry Cabot Lodge.

Advocates believe that the people of the country are stronger for the league of nations than they were before discussions commenced in the senate. They do not agree with Senator Johnson, of California; Reed, of Missouri, and Borah, of Idaho, that sentiment for the covenant is waning.

Senator Hitchcock attaches much significance to the fact that in California hundreds of the friends of Hiram Johnson are urging him through the league to enforce peace and privately to abandon his opposition to the treaty and support it without harmful amendments. "It is evident from the attitude of the Republican convention at Boston," said Senator Porter J. McCumber, Republican, of North Dakota, "that the people of Massachusetts are for a league of nations. They do not want to break with their senator but the plan for a league of nations appears to them strongly."

"There is no doubt in my mind that those who oppose the league of nations and would amend the text of the treaty are not supported by the people."

"The action of the Massachusetts Republicans looks as if they did not like Senator Lodge's opposition to the league of nations, but are very fond of him personally," said Mr. Hitchcock. "That makes the action of the convention interesting."

"The resolution of the Massachusetts Republicans convention," said Senator Overman, of North Carolina, "means a great deal. Senator Lodge is popular with the Bay State Republicans, and can sway them on every-day domestic matters, but it seems from the newspaper reports, that he did not get the approval of his party on the league of nations. He was given a strong personal endorsement but the convention was not in sympathy with his fight on the league of nations."

EXTREMISTS FORCED TO KISS AMERICAN FLAG.

Weirton, W. Va., Oct. 7.—One hundred and eighteen alleged members of the Industrial Workers of the World, captured in a raid near here to-day were marched into the public square of Weirton, forced to kiss the American flag and were then driven out of town by police and deputies. Seven others suspected of being the leaders, after kissing the flag, were taken to the county jail at New Cumberland, where they will be held pending investigation by federal authorities.

The raid was carried out without any serious disorders. Authorities of Hancock county and Weirton had been searching for the rendezvous of the alleged I. W. W. since several days ago when there appeared on the sidewalks here written threats that "the I. W. W. will get

you." Last night the meeting place of the men wanted was located in an old barn on the Hancock county road, south of here. It was surrounded by heavily armed deputies and a few entered the barn. The men in the barn sought to escape without success.

A search of the place resulted in the finding of a large quantity of "red" literature—half a ton, it was said—in which the flag of anarchy was extolled and the prediction made that the extremists would rule the world. The deputies also found the names of 187 men, supposed to be members of the organization meeting in the barn, immediately deputies were sent out and the men were rounded up in the public square. There was one fight after another in bringing the men to the square, and even after they were corralled there was resistance when the deputies gave them the option of kissing the flag or going to jail.

A big American flag was strung across the street over their heads while another flag was used for the kissing. Most of the men were Finns, and they were told in their native tongue that they must kiss the flag or remain in custody. Protests came from many, but they were in vain. Some voluntarily took hold of the flag and buried their faces in it. The men were then informed that they must leave town. Again their was a protest from many, but they were escorted to the town limits, nevertheless, and ordered to leave.

CHARGES JURY TO GO AFTER THE "AUTO HOG."

Raleigh, Oct. 6.—Judge Owen H. Guion charging the Wake county grand jury to-day on its duties as a finding and presenting body, laid the whole emphasis on automobile violations and the obligations of the courts to give adequate protection to those who do not use these machines.

Judge Guion declared that there are substantially 100,000 machines in use in North Carolina and the number almost doubled in the last year. The universal employment of high-power has greatly increased the dangers of ordinary horse and buggy travel, the walking of pedestrians, and the movements of children. He took the statute and read its requirements of motor drivers. "Yet, you gentlemen have only to think how few in your acquaintance who respect the law or take the precautions required of them by the words of the act," he said.

He told them how they could make findings satisfactory. The law requires the tagging of all machines and when one of the "road hogs" as he declared the type of greedy autoist had been aptly named, goes by burning the atmosphere and leaving a gasoline streak, the only thing necessary is to get his machine's number. He urged the grand jury to take the law seriously, to see to its enforcement and to encourage greater consideration for the humble types of men and women still using the old means of travel.

Miss Isla Willis Thompson, of Guilford College, is here for a few days' visit.

Miss Ida Dixon, of Rushville, Indiana, reached here this week to spend some time with her sister, Mrs. W. J. Thompson.

T. L. Fitzgerald, of this place, is claiming the distinction of being the prize gardener of eastern Guilford. He has raised twelve pumpkins on one vine, the twelve pumpkins averaging about twenty-five pounds each in weight. He will exhibit this at the community fair October 9.

Capt. and Mrs. R. C. Dick are back from a visit to his brother, Julius Dick, of Greensboro, who celebrated his golden wedding this week.

The next regular quarterly meeting of the M. E. church for this district will be held in the Methodist church in this place at 3 P. M. Sunday, October 12. The presiding elder for this Greensboro district is expected to be present and preach.

Persons are being made to hold an all day service with special addresses on Sunday, October 12, at Springwood Presbyterian church. In the morning the children will have a special program.

Ed. B. Wheeler, W. F. Lowe and wife and others were visitors to Greensboro to-day.

At a special election held by the church membership yesterday, Kelly Davenport was elected a trustee of Springwood church.

Mrs. Robert Coble, of Burlington, was among our recent visitors. Blake Thompson, Edro Wheeler and others who are away at school were among our week-end visitors for Saturday and Sunday.

GERMAN GOODS AGAIN FIND SALE IN ENGLAND.

Longton, Eng., Oct. 7.—The British pottery trade has taken alarm at the appearance of German china in the stores of the pottery district at Longton, which manufacturing potters declare they cannot approach. Even in this city, with its important pottery industry, German ware is being sold below the cost of local manufacture.

These German goods, it is stated, are being represented as of Dutch manufacture, but a member of the English China Manufacturers' Association said that no such china was manufactured in Holland.

The price of the German goods is fully 50 per cent under the cost of local production and this in Longton, the real home of English china. "It is true, as has often been said," said a pottery manufacturer, "that Germany has been accumulat-

ing vast stocks of manufactured goods during the war, it is possible she has been passing them over the Dutch border in exchange for butter and cheese. In that case the prospect of wholesale 'dumping' from that quarter, added to the certainty of severe direct German competition in home and overseas markets will create a serious situation for the English china manufacturer."

LARGE ALUMNAE BUILDING TO BE CONSTRUCTED.

Alumnae of the North Carolina College for Women will erect a large and modern alumnae building on the campus in the early future at a cost of approximately \$100,000, according to plans agreed upon Monday afternoon. These plans were developed at a special meeting of the Alumnae Association, following the "Founder's day" exercise held at the college Monday afternoon.

An organization of alumnae will be perfected in each of North Carolina's 100 counties for the purpose of waging a financial campaign to secure the necessary funds for the new building. As soon as sufficient pledges are obtained, the contract for construction will be awarded, it was stated.

One of the cardinal purposes of the new building will be the provision of facilities for entertaining alumnae of the college. Guest rooms will be provided for this purpose. Other rooms doubtless will be used by some of the members of the college faculty. While the college authorities will co-operate with the alumnae in consummation of this large project, the building will probably be the property of the alumnae.

The Alumnae Association elected Miss Ethel Bollinger, of Asheville, whole-time secretary. Miss Bollinger has been employed in the book room at the college, but will now devote her entire time to the alumnae work.

Resolutions of Respect.

The following resolutions were adopted October 5 by the session of Alamance Presbyterian church, relative to the death of Ruling Elder J. A. Allred, who departed this life September 2, 1919.

Forasmuch as it has pleased the Great Head of the church in the wisdom of His providence to remove from our midst by death our brother and co-laborer in the Lord's vineyard, therefore be it resolved.

1. That while in his death this church and our body of ruling elders have lost a zealous member and though we feel most keenly the loss of his presence and counsel, yet we bow in humble submission to the will of Him who doeth all things for His own glory.

2. That we extend our profoundest sympathy to the family of our deceased brother and commend them through our prayers to the care and keeping of the God of all grace, whom to serve was his greatest joy.

3. That a copy of this tribute be inscribed on the pages of our sessional record sacred to the memory of brother Allred.

4. That we tender to the family of our departed brother a duplicate of these resolutions and also submit them to the columns of The Greensboro Patriot for publication.

ALAMANCE SESSION.

WITH OUR BUSY ADVERTISERS

—There is more money in wheat and other small grain when you use Royster's fertilizers. See new ad. in another part of to-day's Patriot.

—If you are a sufferer from rheumatism or neuralgia consult Dr. E. L. Stout, D. C., Chiropractor, who can give you immediate relief. See his card in another column to-day.

—Commissioner G. W. Fulp will offer at auction on Friday, November 7, at 10 o'clock A. M., two valuable tracts of land in Oak Ridge township. See his notice in another column.

—Mr. H. L. Koontz, as commissioner, will sell at public auction on Saturday, Nov. 8, at 12 o'clock noon, a nice piece of real estate, the boundaries of which are given in an advertisement elsewhere.

—Don't start on a journey without a good supply of accessories from the McGlamery Auto Co.'s. Here you will always find the best in abundance, so you will have no trouble in getting just what you want. See his new ad. on the eighth page.

—When you need shorts, bran, cotton seed meal and oats be sure and see what the Fleming Seed Co. has to offer you before you buy. Mr. Fleming carries a full line, as well as heavy and fancy groceries, and all kinds of field and garden seeds. See his new ad. in another column to-day.

—Your tobacco is bringing good prices, and you should share the profits with your family by giving them the comforts and conveniences of a well furnished home. The Burtner Furniture Company is receiving daily just the household articles that will please your wife and children and make home pleasant and comfortable for the long winter months. Mr. Burtner has bought liberally direct from the factory and at prices that will enable him to save you good money on your household necessities. Look around and make a memorandum of what you need and take it to Mr. Burtner and he will supply your needs at a mighty little cost. He would appreciate a call from you on your next visit to the city, whether you buy or not. See his illustrated announcement on the sixth page of to-day's Patriot.

KING ALBERT DRIVES HIS OWN TRAIN.

Chicago, Oct. 7.—The king of the Belgians to-day ran the engine of his own train for 10 miles. The special train on which the king and his party are traveling westward was stopped at Wauson, Ohio, while his majesty climbed into the cab of the engine and took over the throttle from the grimy pilot. The king, who has a thorough knowledge of locomotive engineering, ran the heavy train for 10 miles without a jolt. Then he stopped the engine and returned to his car.

The king, traveling "unofficially" with his queen and the duke of Brabant, passed through Ohio and Indiana to-day en route to California. The train was stopped for an hour at Toledo, the home of Brand Whitlock, American ambassador to Belgium, where the party received an enthusiastic welcome. The stop was made by the king as a personal friend of Mr. Whitlock and not as an official visit.

At Toledo the royal party was driven from the station to the Museum of Art, where there was an address of welcome by Mayor Cornell Schreiber, a brief response by Albert and a few words of greetings to his townsmen by Mr. Whitlock. The route from the station to the museum was lined with citizens and thousands were banded around the building. Boy scouts, who reinforced the city policemen, had a hard time holding back the throngs but they struggled manfully and did a good job of it.

While their majesties were receiving the committee appointed to welcome them, three little girls, the oldest about 8, and the youngest not more than 3, presented the Queen with flowers. Her majesty received them graciously, after Virginia Willis, the oldest, had started bravely with a little speech but forgot the last of it. Elizabeth bent and kissed all three or them.

In his response to the address of welcome, the king said he appreciated the splendid feeling found in Toledo. There exists between Toledo and all Belgians a tie, and a very strong one, he said, in the person of Mr. Whitlock. "Every citizen of Belgium loves Mr. Whitlock, as well as any citizen of Toledo," he declared.

The king praised earnestly "the great dignity and splendid courage" with which the American diplomat conducted himself in Belgium during the war.

55 Years Sturdy Work have proven Imperial Plows

A straight furrow fifty-five years long. For more than half a century, from daylight to darkness of every plowing season, they have saved the farmer and his team by conserving their strength. Success like this does not merely happen. Imperial "X" Series Chilled Plows represent the highest development of plow making.

The moldboard is high and long and of large capacity for the size of the plow. It has a gradual turn, adapting it to general purpose work.

The long, high and perpendicular Landslide most effectively resists the pressure of the furrow slice against the moldboard, gives the plow the lightest draft and leaves a clean-cut furrow.

The "X" Series Plow Posts are strong and rigid and so molded and recessed that the wearing parts, moldboard, share and landslide, fit closely and securely.

"X" Series Shin Cutter Shares extend to the top of the moldboard and form the cutting edge, or breast of the plow. Whenever a new share is put on, the cutting edge is renewed. Shape of share cuts furrow slice with least draft. A variety of shares are furnished for different soils and different soil conditions.

Come in and see this plow. Also ask about Imperial Cultivators, Disk Harrows, etc.

BUNCO MEN ARE STILL
HOT AFTER THE COIN

But New Securities Offered by Government Are Calculated to Go Far Towards Ending Their Business

Farmers are a great deal more prosperous than they were a few years ago. Nobody knows this any better than the "bunco man." The farmers' prosperity has made him a shining mark in these parts. The fake security man, the stock company promoter and the wily sharper are mighty busy persons just now and a great many of them are "working the country," and working it hard.

Do you recall the "miracle wheat" proposition of a few years ago? May be not by that name, for it had a good many names. One of its aliases was "Jerusalem wheat." Another was "Egyptian wheat." However, the name doesn't matter much for it was all the same thing. Most farmers will recall it, anyway.

When the farmers would not fall for the story any other way they were told that if they would give \$10 or maybe \$20 a bushel for the seed they could sell the whole harvest back in the fall for the same price per bushel that they paid for the seed.

Of course, some people bought and paid for the seed. And they went ahead and sowed it and waited a year full of trustfulness but the sharper who was to take the crop off their hands failed to show up. They found that they had a very poor grade of wheat, anyway, and it dawned upon them that they had been stung and stung hard and deep.

Right now a good many farmers are being offered all sorts of investments, oil stocks and plantation stocks and a whole lot of other stocks. Some of these are offered in exchange for War Savings Stamps and Liberty Bonds. Some of them, too, are just about on a par with the "miracle wheat" that came from Egypt or Palestine. It will pay about such dividends. It is likely not to pay a cent one way or another. In a few years it will be valuable only as waste paper.

The same United States government that more than a year ago promised the American farmer \$2.25 for his wheat, and is making good every day, is now offering the farmer an investment that is just as safe as the wheat that he grew on his farm this year after it is stored in his granary.

New Treasury Saving Certificates, simply a development of the familiar War Savings Stamps, can be had. These certificates are offered in denominations of \$100 and \$1,000 on the identical terms of the War Savings Stamps.

Eighty-four dollars and twenty cents invested in a \$100 Certificate will grow into a \$100 bill by January 1, 1924. Multiply these figures by ten and the words will apply to a \$1,000 certificate. Or the youngsters, or the person with limited means to invest, may pay \$4.21 for a War Savings Stamp and on January 1, 1924, it will be a \$5 bill. These securities draw four per cent interest, compounded quarterly.

War Savings Stamps do more than add dollar to dollar. They begin to multiply.

BANKS GAVE SPLENDID
AID IN LOAN DRIVES

Public Should Now Help Them in Their Efforts To Make Country Even More Prosperous.

By Carter Glass,
Secretary of the Treasury.

No group of men in the United States measured up to the test of the great war more admirably than did the bankers. The success of the United States Treasury Department in floating over \$21,000,000,000 in Liberty Bonds and Victory Notes during the last two years was due in no small measure to the patriotic co-operation of the banks. They took a most active part in each of the loan campaigns.

They subscribed generously for themselves, made loans to their customers in order that they might buy bonds, and sold bonds on installments to accommodate those having small savings. In other words, the banks did everything possible to promote the sale and distribution of government securities.

The banker can render an equally great service in reconstruction by co-operating with the government in its movement to teach the people of the United States the lessons of sound finance and wise investment. In promoting this cause the banker will aid his institution and the financial situation in general at the same time.

Now that the war is over the people should be impressed with the wisdom of holding their government securities and also of purchasing more, from time to time. The more generally the people of the United States absorb government securities the greater will be the ability of the commercial banks to devote practically all of their resources to furnishing adequate credit to the commerce and industry of the country.

Providing short-time credit to commerce and industry is their normal peace-time function. The sale and movement of farm crops, manufactured products and other commodities, as well as the continuous and efficient employment of labor, in fact, the whole industrial process will be promoted by permitting the commercial banks to devote all their resources to this function.

The people of the United States should, therefore, be encouraged to pay off their installments and borrowings on bond collateral as rapidly as possible, and also to purchase additional government securities as issued from time to time or in the market. If this is done the people of this country will be benefited in a two-fold way. They will free material and labor for the production of commodities which are now so desperately needed the world over. At the same time they will be strengthening themselves financially.

HOW THEY GROW

Plant a crop. Nothing happens. Nothing that one can see.

Be patient. The seed sprouts. The stalk pushes its way through the earth. Still no sign of fruit.

Be patient. Leaves come out. Buds open. Berries begin to form. Still no harvest.

Be patient. The fruit fills out. It ripens. It matures.

Harvest at last—miraculously increased from a little handful of seed.

But the War Savings Stamp beats this. There is no element of risk.

There is no way to lose. You must win.

Your money works for you. It makes more money all the time.

War Savings Stamps work bank accounts.

LOCAL NEWS IN BRIEF FORM

MATTERS OF INTEREST TO THE READERS OF THE PATRIOT FAR AND NEAR.

Appropriation For Negro Fair.

An appropriation of \$50 was made by the county commissioners to the fair which is to be held at the A. & T. College, just east of the city. The money will be used in educational work among children.

Were Married in Philadelphia.

Cyrus P. Frazier, a well known citizen of this city, and Miss M. Elizabeth Hodges, of Philadelphia, were married in Philadelphia Monday. They arrived in Greensboro Tuesday and will make their home here. The bride is a sister of the late Mrs. Cyrus P. Frazier and is well known in Greensboro and throughout the state.

Only One Flu Case Found.

The monthly report of County Physician W. M. Jones, which was submitted to the county commissioners Monday, shows only a small number of cases of contagious diseases. Four cases of whooping cough were found, three of scarlet fever, eight of typhoid fever and one case of influenza. The influenza case was located in Fentress township. During the month smallpox vaccine was administered to 247 persons.

Osteopaths to Meet.

Many noteworthy features will be unfolded at the annual meeting of the North Carolina Osteopathic Society at the O. Henry hotel Saturday, October 25. It is expected that the sessions will be largely attended and that they will be accompanied by profitable results. The officers of the society are Dr. Frank R. Heine, of Greensboro, president; Dr. A. R. Tucker, of Raleigh, vice president, and Dr. M. J. Carson, of Wilmington, secretary.

Donation For Children's Home.

County commissioners Tuesday made an appropriation of \$375 toward the campaign fund being raised for the receiving home of the North Carolina Children's Home Society. A delegation had appeared before the commissioners in behalf of the project, pointing to the excellence of the institution and the pressing nature of the demands. A delegation will also present the matter before the city commissioners with a request for an appropriation. Committees were named Tuesday for the canvass to be waged Friday for \$18,000 for the home.

Little Boy Breaks Arm.

While playing at Lindsay Street school yesterday afternoon, Charles McCready, Jr., fell and broke his arm. His parents, Mr. and Mrs. Charles McCready, Sr., did not learn of the accident until several hours later, as he failed to tell them about it when he first returned home from school. The stiffness in the broken arm finally was detected, whereupon an examination was made, followed by a quick visit to a physician, who rendered medical aid. The accident was a very painful one, although the effects are not of a serious nature.

Greensboro Sisters Wed.

Through the performance of a double wedding ceremony in the parlor of the Empire hotel at Salisbury Tuesday evening at 8.30 o'clock, Miss Corrie Bristow and Miss Alma Bristow, charming young ladies of this city, entered the matrimonial state. Miss Bonnie Bristow became the bride of Guy D. Grimes, of High Point, where Miss Alma Bristow and J. Howard Paylor, of Winston-Salem, were married, Rev. A. C. Owens, pastor of the First Baptist church of Salisbury, officiating. The two couples met in Greensboro Tuesday afternoon and motored to Salisbury for the wedding.

A Double Wedding.

A double wedding ceremony, uniting two popular and well known young couples of this city, was performed yesterday morning at 11 o'clock at the home of Rev. W. E. Swain, D. D., at Brown Summit, pastor of the Methodist Protestant circuit. The contracting parties were Miss Judith Burton and James W. Swain and Miss Blossom Thacker and William R. Gordon. The ceremony, witnessed only by members of the immediate families, was performed by Rev. Mr. Swain, assisted by Rev. C. E. Whitaker, D. D., pastor of the Asheboro Methodist Protestant church. There were no attendants. The officiating minister is the father of one of the bridegrooms.

Camp Supper and Tacky Party.

Friday evening, October 3, the faculty and high school students of the Summerfield high school met in the grove just beyond the dry bridge, and enjoyed a camp supper given by the faculty for the students. A big camp fire was built, sticks were gathered and sharpened, which were used in toasting weenies, or "hot dogs." Then eggs and potatoes were cooked and were eaten by the hungry throng gathered there. After this delicious fruits were served. Before and after the "eats," jolly games were played. It was a great time for all. A "tacky party" was given at the home of Norvella and Lois Lloyd last Saturday night. The prizes were given to Mary R. Sherrill and Dewey Trogon.

Injured in Fall From Car.

When the lever car upon which he was riding jumped the Southern railroad tracks at a point four miles east of Greensboro yesterday morning, P. K. Wimbish was thrown violently to the ground, suffering injuries of a most painful nature. His head was badly bruised and his shoulder blade was dislocated or broken. Mr. Wimbish, who lives near the scene of the accident, was taken to St. Leo's hospital in this city, where it is stated that he will be out within 10 days. The accident occurred at 7.10 yesterday morning. Why the car would not stay on the track has not been definitely established. Although other workmen were on the car with Mr. Wimbish at the time, none of the others was hurt.

ACTION AGAINST TWO CITY OFFICIALS HEARD.

In accordance with a motion offered by County Attorney John N. Wilson Tuesday afternoon, Justice of the Peace D. H. Collins ordered dismissal of the charge against Chief of Police I. B. Iseley for failure to turn over to the county treasurer Municipal court funds, designed to be used for the support of the county schools.

At the same time the magistrate, acting upon a motion by the county attorney, directed that Desk Sergeant T. L. East, of the city police department, appear before Superior court in answer to a similar charge. It was agreed that Mr. East would waive preliminary examination and that he would enter a plea of guilty at the Superior court trial, whereupon County Attorney Wilson would recommend that judgment be suspended upon the payment of the costs.

Other questions in controversy between the city and county authorities relative to disposition of fines, penalties and costs received in Municipal court, will be determined by litigation, it was agreed Tuesday, such matters to be determined upon their merits by the courts. These settlements came Tuesday afternoon in the court of Justice of the Peace Collins and followed a series of conferences between County Attorney Wilson, Thomas R. Foust, county superintendent of public instruction; City Attorney Charles A. Hines, City Commissioner J. W. Donovan, Chief of Police Iseley and

Desk Sergeant East.

In effecting the settlements it was pointed out by both the county attorney and the city attorney that there was no suggestion that either Chief Iseley or Sergeant East had intentionally withheld funds from the county, but it was stated that they were merely doing what they conceived to be their duty.

It was pointed out that \$3,869.13 had been turned over to County Treasurer G. H. McKinney Monday by the city. Of this amount, \$3,620.58 covered fines, according to Treasurer McKinney, the remainder, \$248.55 being forfeitures. The months over which the controversy is waging are March, April, May, June, July and August. During the spring Mr. Iseley was desk sergeant, while Mr. East has occupied that position during the summer months and he is, of course, still serving in that capacity.

For years the money from fines and forfeitures from the Municipal court had been regularly turned over to the county treasurer for the county school fund, as provided by law. A few months ago, however, City Clerk O. M. Hunt began to receive these funds, giving the police desk sergeant receipts therefor. It was understood that the money from fines and forfeitures would be turned over by the city clerk to the county treasurer. Mayor E. J. Stafford, it was stated, had promised to send a check for the amount to the county treasurer, following the demand of the county officials, but had neglected to do so, whereupon the warrants were issued.

Questions concerning proper handling of fines, penalties and forfeitures in the Municipal court will be considered in the suits to be brought in the Superior court by the county.

PLANNING TO BUILD A MODERN STRUCTURE.

Additional evidence of a conclusive nature that the Jefferson Standard Life Insurance Company is to erect a modern office building on the site of Guilford county's present and old court house, is offered by certain excavating activities now underway. Recently C. C. Taylor, a high official of the company, appeared before the city commissioners and asked permission to have the new Market street sewer line extended up East Market street for some distance and at considerable depth for the primary purpose of connecting with the new American Exchange National Bank building, continued on across Elm street and to the property line on the court house property, which belongs to the insurance company. Permission was granted and the work is now well underway.

Months ago it was announced that as soon as the county officials got into their new home, on West Market street, the handsomest court house in the state, the Jefferson Standard would take steps to erect a magnificent home for its rapidly growing business. An office building of the skyscraper variety will be erected, the insurance company's home to be the tallest in the city if not in the section. It is apparent that if the company did not intend starting building operations at the earliest possible moment the extension of the new sewer line would not have been requested just now.

The sewer line is 19 feet deep and from a short distance from the center of the intersecting space of Elm and Market streets to the property line on the court house property is being tunneled. It will probably require several days to complete the work and give the insurance company the sewer connections its huge building must have.

DIXIE BUILDING IS DAMAGED BY FIRE.

Damage to the Dixie Fire Insurance Company's building on South Elm street by the fire of early Tuesday morning and to the property of certain tenants in that structure will reach \$100,000 when all effects of the blaze are remedied, it was stated when partially complete surveys of the results of the fire had been made. The heaviest losses were sustained by the Western Union Telegraph Company, in whose office the fire is supposed to have originated and where it was discovered, and to the insurance company, owner of the building. The instruments and furnishings in the telegraph office, totally destroyed, were valued at about \$50,000, an official of the company stated Tuesday. And it will entail an expenditure of about that much to restore the Dixie building to a pre-fire condition. The losses are covered by insurance.

Several tenants of the building, notably King's cigar store, the Merchants' and Manufacturers' Club, and the barber shop in the basement, sustained rather heavy losses, which may serve to increase the

total damage and mark the fire as one of the most serious Greensboro has experienced since the McAdoo burned in May, 1916. While smoke and water caused much of this damage, the flames had gained enough headway when the firemen arrived to accomplish considerable damage without the aid of the other elements.

The Western Union Company secured temporary quarters on the second floor of the Southern passenger station. Railroad equipment was used and the commercial wires, or as many of them as were necessary, were "cut in," little delay being occasioned in the handling of traffic.
