STRIKE MENACE OVERCOME; MEN RETURNING TO WORK

THE SITUATION SEEMS TO HAVE IMPROVED

Majority of the New York Strikes Resume Their Jobs--
The Others Lose Out--The Situation at Chicago
and Other Points Clarifies--Freight and Pas-
senger Traffic Show Improvement.

New York, April 18.—J. J. Mansell, chairman of the Railroad General Managers' Association, issued a statement this evening that "by far the greater percentage" of the striking railroad employees in the metropolitan district had reported to-day for duty. The railroads proceeded at noon to fill permanently, he said, the places of men who had failed to report.

The nation-wide railroad strike apparently has collapsed.

Except in a few isolated sections, railroad officials reported last night the bulk of the men who followed the leadership of John Grunau, a Chicago trainman, had returned to work.

Normal passenger service was virtually restored, they said, while substantial progress had been made in moving the vast amount of freight that has been accumulating throughout the country, especially in the east during the past three weeks. Many of the strikers went out without presenting any grievances and later announced that failure to receive increases in wages granted to other railroad men prompted their action. The strikers, who acted in defiance of the railroad brotherhood chiefs, have generally returned without any definite promises of more pay.

In many cases, however, they have been assured their demands will be presented to President Wilson's labor boards which is empowered under the federal transportation act to settle disputes between the railroads and their men. The board is now sitting in Washington.

Strike Lost in Chicago.
In Chicago, the original center, railroad officials reported the strike had lost its effectiveness, while brotherhood chiefs declared action would be taken to-day towards revoking the charters of locals whose members refused to return to work by midnight Saturday. More than 2,000 men are reported to be out there by railroad officials although the figures were disputed by Grunau, who claims the strikers' ranks were unbroken and that a meeting of "outlaw" union heads from all sections of the country would be held there to-day to make plans for continuing the strike.

In the New York district it was apparent most of the strikers, whose numbers were variously estimated from 1,000 to 20,000, had returned. Two thousand employees of the Hudson tubes, which carry thousands of commuters into New York daily from northern New Jersey points, were the only united and important holdouts. The tubes have been closed to passenger traffic since the men walked out April 9.

In Detroit an attempt will be made to-day to resume switching operations with volunteer crews recruited from the ranks of idle factory workers. In Cleveland all local terminals, with the exception of the New York Central Collinwood yards and the Erie railroad, were still tied up, but passenger service through the union station was normal.

B. and O. Men Back.
The return to-day of several hundred striking Baltimore and Ohio trainmen of the Connellsville-Pittsburgh division is expected to mark general resumption of freight service in that district. A few Pittsburgh terminal men are still out.

Virtually normal conditions were reported in the Buffalo, Toledo and Philadelphia districts, which the ma-

majority of the strikers had already returned to work. Strenuous efforts were made last night to break up the strike in Columbus, Ohio.

The principal effect of the strike thus far has been the closing of many industries because of their inability to obtain coal, raw materials and freight cars to move their products. One hundred thousand men were reported idle in the Detroit district, a similar number in the state of Ohio and 35,000 in the Connellsville coke region with many score thousand others out of work in other sections of the country. Nowhere has there been a vital interruption of the food supply.

WALNUT COVE IS SCENE OF DESPERATE BATTLE.

Winston-Salem, April 18.—Ex-Sheriff Lee Joyce was killed, Jim Matthews, special deputy, was shot through the neck probably fatally wounded, and two negroes were killed in a fight between officers and negroes at Walnut Cove, N. C., 15 miles from this city, late this evening.

According to reports received here the officers attempted to break up a card game said to have been in progress in a restaurant operated by Nick Hairston, a negro.

When the officers entered the restaurant the negroes, according to the report received here by the police, began shooting. Ex-Sheriff Joyce is said to have been killed immediately and in addition to the neck wound Matthews was badly beaten. A race riot is thought to be impending.

While the excitement is intense and all roads leading out of Walnut Cove are closely guarded further trouble is not expected. Matthews is not expected to live through the night, physicians say after a second examination.

One negro, badly wounded, was brought to Winston-Salem for treatment.

Murdered in Winston.

Winston-Salem, April 18.—The officers say tonight they have no definite clue regarding parties who killed Luther Harris, aged 18, who was found dead with his throat cut, lying partly on the sidewalk at the corner of Liberty street and Patterson avenue at a late hour last night.

Two young negroes were arrested to-day but investigation revealed they were innocent. Harris' home was at Ronda, but he had been working in a cigarette factory here for two years. His father arrived here tonight and took charge of the body. The crime is puzzling to the officers.

Bandits Kill and Rob Guard.

Baintree, Mass., April 16.—A band of robbers to-day killed Alessandro Barandelli, a guard, probably fatally wounded Frederick Parmenter, paymaster for Slater and Morrill Company, and seized the firm's payroll amounting to \$27,000.

To cover the robbery, which was accomplished by two of the men, two others kept eight laborers under cover of pistols and fired twice into factory windows to drive away employees. The band fled in an automobile which was driven by a fifth member.

Falls 40 Feet to His Death.

Raleigh, April 15.—W. F. Holtz, of Middlebrook, Va., who has been engaged in tree surgery work in the capitol square, fell 40 feet to-day, landing upon cement pavement. Death resulted in a few minutes.

TORNADO LEAVES TRAIL OF DEATH AND RUIN IN CHICAGO SUBURBS

1—Scene of devastation at Maywood. 2—Sample of what the tornado did to buildings in Melrose Park. 3.—Ruins of a four-story department store at Elgin. The wreckage of this store was hurled into the basement of an adjoining building which had just left its foundation.

NATIONAL GOOD ROADS MEET TO ASSEMBLE HERE

GREENSBORO SELECTED AS PLACE FOR THE 1921 CONVENTION.

Hot Springs, April 16.—Beneham Cameron, of Stagville, N. C., late tonight was elected president, and Greensboro, N. C., was selected as the 1921 meeting place of the Bankhead National Highway Association, which is holding its annual convention.

Other officers elected are Charles E. McPherrin, Durant, Okla., and George R. Belding, Hot Springs, vice presidents; J. A. Roundtree, Birmingham, Ala., secretary, and Leon G. Jones, Talledega, Ala., treasurer.

Greensboro also was selected as the 1921 convention city of the United States Good Roads Association and the two organizations will meet there at the same time.

TWO WHITE MEN KILLED BY CAR DRIVEN BY NEGROES.

New Bern, April 18.—Paul Taylor, white, aged 37, is dead, Sam Wilkinson, also white, is dying in a hospital here at 8 o'clock tonight, and Edward Johnson, another white man, is suffering from a broken arm and other serious injuries, as the result of having been struck by an automobile driven by a negro and occupied by eight other negroes, near Pembroke on the Sloan highway, two miles west of New Bern this afternoon. It is said the negroes were intoxicated and that the car, a high-powered Cadillac, was being run at a high rate of speed and in a reckless manner. Four of the negroes were apprehended and placed in jail by sheriff's officers, but the driver of the machine, Herman Gaskins, is still at large, having fled after the fatal occurrence. Charges of homicide will be preferred against all eight.

The three white men were walking up the road, well to the left, and the negro driver of the car is said to have deliberately or very carelessly swerved the machine upon them from the middle of the highway after he had sounded his horn 25 or 30 feet away. The auto went over an embankment and was demolished. The negroes fled.

The death-dealing automobile was the property of the Marks family here, who are out of the city. The chauffeur, Herman Gaskins, for whom officers are now searching, was driver for the family. He is said to have taken the car without permission to take his black friends on a joy ride.

Nitrate Legislation Ready.

Washington, April 17.—Enactment of legislation authorizing the war department to dispose of its surplus supply of nitrate of soda in order to relieve the shortage in fertilizers, is completed with the adoption by the senate of the house amendment limiting the amount that can be sold to any one person, to 100 tons. The legislation now goes to the President.

CARRANZA WANTS TO BRING TROOPS THROUGH AMERICA

SENDS REQUEST TO STATE DEPARTMENT ASKING PASSAGE OF MEXICANS.

Washington, April 16.—While the state department was considering to-day a new phase of the Mexican problem, a request from the Carranza government that its troops be given passage across American territory to attack revolutionists in Sonora state, Henry Lane Wilson, former ambassador to Mexico, was drawing a gloomy picture of the situation beyond the border before a senate investigating committee.

Mr. Wilson asserted that "the unfortunate and mischievous policy of the present administration toward Mexico" was responsible for the conditions he described. That policy, he added, had "bound the United States to maintain Carranza in power and with him the legend that there is peace and order in Mexico."

Request Not Made Public.
The state department did not make public the text of the Mexican request, nor was any official intimation given as to the nature of the reply to be made, or when it would be sent. The only comment made was that the government was "under pressure" from Mexico to comply. The request contemplated movement of Mexican federal forces by rail through El Paso to Douglas, Arizona, where they would re-cross the border to attack Hermosillo, capital of Sonora.

Mr. Wilson, who was appointed to the post in Mexico City by President Taft and continued there during the early months of President Wilson's first administration before his resignation was accepted, said both official and personal records he had kept justified his arraignment of the administration's Mexican policy.

"To date," he said, "it has cost the people of the United States upwards of a half billion dollars; it has led to the violent death of 300,000 Mexicans, and to the death by pestilence and famine of 500,000 more. It has caused, up to this week, the murder of 665 American citizens within Mexico; it has kept 80,000 of our troops on the border."

Bitter Against Bryan.
William J. Bryan, as secretary of state, "ran the state department like the back kitchen of a restaurant," Mr. Wilson said. Almost every diplomatic representative of the United States sent to Mexico since the fall of Diaz, and some officials at the department, he added, had been unable to tolerate the Mexican policy.

Much of the former ambassador's testimony was devoted to the story of the Madero revolt against Diaz and the following revolt against Madero. The policy of the United States, he said, had first become "impossible" when it involved an interference in Mexico to overthrow Huerta.

State of Sonora Wants to Secure Recognition.

Agua Prieta, Sonora, April 16.—

The state of Sonora will appeal to the United States for recognition as a belligerent. Announcement of the proposed appeal was made here to-day by Francisco Elias, a leader in the Sonora rebellion against the Carranza government of Mexico.

Additional Forces Come to Aid Rebellious State.

Nogales, Ariz., April 16.—Colonel Abelardo Rodriguez, heading 1,200 Sonora troops, reached Nogales, Sonora, to-day and is proceeding with all haste to Agua Prieta, opposite Douglas, Ariz., to reinforce the state troops massing there to repel threatened federal invasion.

THE TELEPHONE HEAD DIES IN BALTIMORE.

Baltimore, Md., April 16.—Theodore N. Vail, chairman of the board of directors of the American Telephone and Telegraph Company, died at Johns Hopkins hospital this morning of a complication of cardiac and kidney troubles.

Mr. Vail was brought here from Jekyll Islands, Ga., last Sunday in his private car. At the hospital it was stated that he was in a serious condition and his death was not unexpected to the physicians.

Mr. Vail retired as president of the American Telephone and Telegraph Company last June and became chairman. As president of the American Telephone and Telegraph Company, Theodore Newton Vail was the head of the largest telephone system in the world. He was not only its nominal head, but he was from the first the genius that promoted the popular use of the telephone, the first man to establish long distance communication by telephone, and when seventy years of age, he was still the initiative head of a system that numbered nine million telephone subscribers and represented an investment of a billion and a half dollars.

Four Injured in Auto Accident.

Goldsboro, April 16.—J. C. Dail, Frank Hill and Richard Dawson and Leo Albritton, of Kinston, are patients at the Spicer sanatorium in Goldsboro, where they were taken late last night following an automobile accident which occurred to a car in which the foregoing men were occupants.

A report from the hospital this morning says that the condition of Messrs. Dail and Albritton was critical and that the other two injured were also seriously injured, John T. Whitfield and H. H. Ferrell, of Kinston were occupants in the car but escaped serious injury.

Good News From Kitchin's Bedside.

Washington, April 16.—Steady improvement in the condition of Representative Kitchin, of North Carolina, who was stricken with a slight attack of paralysis while speaking in the house last week, was reported to-day by his physician. With ample rest it was said there was every reason to believe that Mr. Kitchin would return to his duties completely recovered.

DEMOCRATIC PLATFORM ADOPTED AT RALEIGH

AFFIRMS THE PRINCIPLE FORMULATED BY THOMAS JEFFERSON AND CONSTANTLY KEPT ALIVE SINCE.

We, the representatives of the Democratic party in North Carolina, in state convention assembled, reaffirm our devotion to the principles of Democratic government, formulated by Thomas Jefferson, and since his day constantly kept alive and applied in the administration of the affairs of our nation by the representatives of the Democratic party.

We endorse the administration of the governmental affairs of the United States by the Democratic party under the leadership of Woodrow Wilson, and in doing so we direct attention to the fact that when the party assumed control on March 4, 1913, it found the people of this country hampered by a system of special privilege, a vicious tariff system, created for the benefit of a favored class, an archaic banking and currency system, which fostered a money trust in the hands of a few great bankers, and a monopolistic control of many of the greatest industries of the country upon which the masses of the people depend for their necessary existence.

We endorse the senators and representatives in Congress from our state, who have so faithfully and ably performed their official duties.

We view with great pride the able and successful administration of the affairs of the navy department by our distinguished secretary of the navy, and we denounce unjust and unpatriotic efforts of the Republican party to discredit the great record of the navy in the war, for purely partisan purposes.

Constructive Laws Passed.

For six years the Democratic party was in complete control of the government. During this period a greater number of constructive measures were enacted by Congress than were ever enacted in the same length of time by any administration in the history of the country. The complete program comprises, among many others, laws providing for the following:

(a) A graduated income tax, which placed the burden of taxation upon those most able to bear it.

(b) The completion of the measures for the election of United States senators by direct vote of the people.

(c) Providing for publicity of campaign expenditures, for the purpose of preventing the scandalous use of money in primaries and elections. The imperative need of such laws has recently been demonstrated by a notorious example within the ranks of the Republican party.

(d) Federal aid to good roads—thus affording to those who live in the rural sections, and who are the mainstay of our nation—some of the benefits which arise from constant and easy contact with the outside world.

(e) Vocational education, by which every boy and girl in both city and country may enjoy the opportunity of acquiring technical training in his or her chosen vocation.

(f) The agricultural extension act, by means of which the benefits of science and experimental research are carried to the door of the humblest farmer of the land.

(g) The establishment of a department of labor in the cabinet, with a genuine representative of labor at its head.

(h) A non-partisan tariff commission, for the purpose of taking the tariff out of politics, and relieving American business of the injury and uncertainty growing out of the constant tinkering with our tariff laws.

(i) The establishment of a federal trade commission for the protection of honest business from monopoly and unfair competition.

(j) The Webb-Pomerene law, and the amendment to the war finance corporation act, under the provisions of which our foreign commerce is being extended and fostered so that the United States may assume its rightful place of leadership in world trade.

(k) The creation of a great merchant marine, which gives us a ship tonnage equal to the combined ton-

cism and threats of senate opposition were constantly circulated, and finally the so-called Republican "round robin" was signed and communicated to the delegates assembled at the peace conference. Every unfair device which bitter partisanship could suggest was resorted to for the sole purpose of weakening the influence of the American peace delegates and if possible to make their task of negotiating a permanent and acceptable peace impossible.

At the very time when every consideration of fairness, every patriotic impulse, called for a whole-hearted and non-partisan support of the American delegation, personal spite and envy and political bias characterized the Republican leadership in the senate, in their attitude toward the President and his work at the peace table.

When the President came back with the treaty, embodying the best thought of the world, including the covenant of the league of nations, for the purpose of making future wars impossible, every natural impulse of the human heart everywhere was in accord with that purpose. But the Republican leaders were determined to discredit and embarrass the President, at whatever cost to America and the world. At the outset they "packed and hand-picked" the senate committee on foreign relations for the express purpose of defeating the treaty.

Effort to Destroy Treaty.

Their whole course for the eight months they have been considering the treaty, has been definitely conceived and relentlessly pursued for the sole purpose of destroying that great instrument. These Republican leaders, for the time being, have succeeded in their unholy purpose. They have repudiated the treaty; they have wrecked the league of nations; they have prevented world peace; they have repudiated a world leadership which all the civilized nations, including not only our allies, but also those who were not engaged in the war, accorded to America.

A small number of narrow and prejudiced partisan men, constituting the Republican leadership in the senate, have nullified what it took 2,000,000 American soldiers on the fields of France to accomplish.

America demanded that the promises made to our soldiers in 1917 and 1918 be kept—that there should be an end of war; that the fruits of victory should be garnered and kept forever. America demanded an enduring peace. The Republican leadership in the senate has repudiated these promises. It has caused the United States to repudiate its associates in the war. It is now endeavoring to place this great nation, that sacrificed so much for victory, in the shameful position of a moral coward, seeking to shirk its duty to itself and the oppressed peoples of the world; it is at this very moment endeavoring to humiliate the country by having to go on its knees to Germany begging for a separate peace, upon such terms as the defeated war lords of Germany may see fit to impose.

Sentiment Favors League.

We believe that the enlightened sentiment of the men and women of this country is in favor of the ratification of the treaty with the covenant of the league of nations as a virile part of it.

We believe that the Democratic party is the only instrumentally available through which the American people can repudiate the disgraceful action of the Republican leaders; and at the same time forever put an end to such a military autocracy as was bred in Prussia and hurled upon the democracies of the world at the outbreak of the world war.

We therefore approve the action of our President and our North Carolina senators demanding the ratification of the treaty with Germany, including the covenant of the league of nations, without destructive or nullifying reservations, or amendments.

We denounce the Republican majority in Congress for its efforts at the present time to criticize the part which the American army and navy played in winning the war. The balance of the world, including not only our allies but the enemies, have accorded to America the honor of finally turning the scales against the enemy and making victory possible. The only denial of our conspicuous part in this great achievement has come from the Republican party in Congress.

Merchant Marine.

We heartily endorse the measure adopted by a Democratic Congress which has given us a great merchant marine, a great shipbuilding industry, and we favor all such additional measures of constructive, or remedial legislation as may be necessary to maintain and operate, under the American flag, the large tonnage we now have, and also to constantly increase that tonnage, until the Amer-

nage of all the nations of the world, except that of Great Britain, which now exceeds ours by a small margin.

(1) Establishment of the federal reserve bank system, which supplanted a system created and promoted by the Republican party, under which a small coterie of selfish men had for nearly fifty years controlled the financial resources not only of the people of this country, but of the government itself. This group, commonly known to the people as the "money trust," under the monopolistic control enjoyed by them, could, and frequently did, create currency panics, to suit their convenience, and thereby visited upon the helpless masses untold misery and financial loss, for which they were in no wise responsible.

The Republican party, always the champion of special privilege for the favored classes, could not and did not correct these abuses, because that party was largely controlled by the recipients of these special privileges.

It is generally conceded by statesmen and financiers, both here and abroad, that but for the magnificent functioning of the federal reserve banking system the war could not have been financed, and therefore victory could not have been won.

(m) The federal farm loan banking system, whereby the farmers of the country were relieved from the extortions which previously existed, and enabled to borrow money freely on long time and at as low rates of interest as are available to any other class.

Achievements in War.

When this country was forced into the war against Germany in April, 1919, we were without an army of any consequence. There were only 82,000 regular soldiers. We had few ships. The Democratic administration raised an army, and raised it quickly. It required a fleet of ships to carry food, supplies, and the army itself, across the seas to save the liberties of mankind.

This country under a Democratic administration created, trained, transported and put into action 2,000,000 men to fight 3,000 miles away from home. It had 2,000,000 more in training in the military camps of the country ready to go when needed. It won the war. The army was brought home safely and in good condition.

When the armistice was signed, the United States, under President Wilson, occupied the chief position of moral leadership of the world. Every newly liberated people looked to the United States as the light of the world.

Every nation wearied by the long years of war, hoping for a revelation of triumphant Democracy, looked to the United States for an enduring peace. Every honest man in every country in the world looked to the United States as the one nation of modern times whose motives were above suspicion, whose achievements in the war were great and untainted by greed or the desire for conquest, and saw here the one and only chance for the disinterested championship of peace and fair dealing among nations and the government of the world by just international laws, instead of by brute force.

Republican War on Wilson.

The Republican leaders, as soon as the armistice was signed, entered into a conspiracy to discredit the President in his peace negotiations. Personal spite and envy were everywhere discernible. Political animosity followed the President to the peace table. Slander, unjust criti-

able it to name a just and equitable rate, limiting the rate of tax that may be levied by state, county and municipality that may not be exceeded except by vote of the people, and based on the principle of reducing the rate as the increase in valuation may justify and require.

The special objects of Democratic management of state affairs have been and will continue to be:

The care of the unfortunate and dependent classes.

A progressive policy of public education.

Protection of public health, and the development of a modern system of public highways.

Care for the unfortunate.

During this period of Democratic control every hospital in the state for the care of the insane has been greatly enlarged, the classes of patients received extended, and facilities for proper care and treatment improved and modernized.

Entirely new institutions have been established and maintained by the state for the treatment and instruction of those afflicted with tuberculosis, the feeble minded, and for delinquent boys and wayward girls. A hospital for surgical treatment of deformed children is under construction, and a new home for white blind children is under contract. In the care of dependent and defective classes of her population, and of neglected or erring children, North Carolina is now one of the most advanced states in the union.

Public Schools.

The education of the youth is the state's greatest enterprise, and it is imperative that our educational system shall not only be maintained, but every means available should be used to strengthen every part of the public school system in order that it may serve the people most effectively.

The last general assembly gave a fine exhibit of the policy of the Democratic party to carry education to every class of people in every section of the state. It provided for a compulsory school term of at least six months, where heretofore it had only four months; it increased the salaries of rural teachers in many counties 100 per cent, and in practically all at least 50 per cent; it provided ways and means for raising money with which to erect school buildings; it greatly improved the methods of teaching agriculture, home making, and trades and industries, and many sections of the state are now for the first time giving vocational education to many people that can profit most by it; and finally recognizing the need of better trained teachers it provided the means for training schools for all teachers, thus making it possible to improve at once the instruction in the school and supply a better grade of teachers for the state.

We recognize that a happy and prosperous citizenship must be an educated citizenship. The schools, therefore, must be so equipped that the youth may be properly taught and patrons must be encouraged to take advantage of the schools. We favor, therefore, such an increase in the salaries of teachers and such a system of teacher training as will make it possible to preserve for future generations the best of our traditions and give the children of all succeeding generations the best instruction that a genuinely Christian citizenship can afford.

We favor also all efforts to organize rural communities into large cooperative units where better school buildings and homes for teachers suitable to the needs of all classes may be given.

Moreover, we favor all patriotic efforts of whatever kind to eliminate illiteracy from our state and pledge our best efforts to support every wise educational measure, to banish ignorance, to promote moral, social and industrial progress, and to increase generally the teaching of true Americanism in our commonwealth.

Public Health.

As population becomes more dense, and as medical science has progressed in knowledge of the causes of disease, a more progressive policy in measures for protection of public health has become imperative. We approve the administration of all the departments of the state board of health, and we particularly endorse the work of the division of medical inspection of schools, especially the conduct of the free surgical and dental clinics for treating defective school children; and we approve the appropriation by the state of funds direct to the state board of health sufficient for the expansion of this important service.

State System of Roads.

We recognize that the establishment and maintenance of a system of state highways, connecting county seats and other principal towns of every county in the state, is a prime necessity of the growing demand of our urban and rural transportation. This system of highways should

not only adequately provide for the main lines of travel through cities and centers of population, but should also provide easy routes of communication to those remote parts of the state that have been too long denied suitable means of transportation to our own centers of trade and social life, and who have been forced to seek those advantages beyond our state lines.

We recognize that the system of state highways, both as to construction and maintenance, should be a state burden, with federal assistance, and that the road funds of the several counties should be released for the building and maintaining of the necessary local roads to connect this state system with several communities in the counties.

We pledge the Democratic party to carry out this program as rapidly as possible without undue burden on the tax-payers of the state.

Just Freight Rates.

We endorse the efforts that have been made to further equalize interstate freight rates, and pledge our continued support of this cause until discriminations have been removed and until equal and just rates are established on a basis that will be just to shippers and that will permit common carriers to perform their full duties in furnishing adequate and efficient transportation.

Prosperity With Us.

We rejoice in the prosperity that has come to all classes of our people:

To the farmers, who have given to North Carolina fourth place among all the states of the Union in the total annual value of their agricultural products.

To our manufacturing and commercial interests, that have given to North Carolina eighth place among the states in annual production of income.

To the wage earner, in the higher level of wages and more just and universal recognition of rights.

Under national Democratic administration a distinction has been drawn between labor and commodities, and the right of labor and producers of agricultural products to organize and bargain collectively, has been clearly recognized.

The Democratic party can never be a class party. Its obligations must ever be to the whole people, fostering the harmonious development of every legitimate interest, but the just aspirations of these great classes are assured of our co-operation and assistance.

It stands for, and will seek to promote, a policy of justice, harmony and progress for labor and capital. It seeks not only the development of our material resources, but the enrichment of life and opportunity for all classes, and the realization of the lamented Aycock's ideal—"The equal right of every child born on earth to burgeon out all there is within him."

To the New Voter.

With the record of achievement and faithful service, and with a constructive program upon every vital subject of state activity, we invite the confidence and the co-operation and support of all the people of the state, and appeal especially to the thoughtful consideration of the new voter, who comes to the polls for the first time in November, 1920, to join us in this enlightened program of progress and state building.

A CHANGE OF SENTIMENT.

At a dinner given in his honor in New York last week by the Nebraska Society, General Pershing announced that he would accept the Republican presidential nomination if it were tendered him. The general further stated that "no patriotic American could refuse to serve if the people called him."

General Pershing's hat is in the ring and we presume his campaign will be actively waged until the date of the convention. The announcement, however, failed to stir a ripple on the political horizon, nor has there been any evidence of a Pershing stampede.

From time immemorial nations have given as a matter of due course the highest political honors to their successful military leaders. Washington, Jackson, Grant and Roosevelt attained the presidency through military prowess.

To-day, after the greatest war of all time has been victoriously concluded, we find no general sentiment favoring the commanding or subordinate generals for presidential honors. We do not believe that this condition is attributable to a lack of gratitude on the part of the public, because Pershing is held in the highest esteem as a military commander, and he will ever occupy a place of affection. We believe, however, that this condition signifies the strong antipathy of the American people to militarism. So firmly are the mass of the people set upon peaceful pursuits that they fear to trust a militarist in a high government office.

General Wood and General Pershing occupy a high position in the esteem of the American people, but it is not the sort of position by which either of them can be elected to the office of President.

WINSTON-SALEM TAKES THE LEAD.

Announcement by the census bureau gives Winston-Salem a population of 48,395, and the Twin City now leads them all. Charlotte must take second place, her figures being about 2,000 less than the county seat of Forsyth. The phenomenal growth of Winston-Salem during the past decade is largely artificial and is attributable to the fact that during this period the town of Salem and Winston were merged into a single corporation and the increase of 113 per cent thereby made.

It looks now as if Greensboro will drop behind to about fifth place. Many of the cities that were formerly looked upon by us as mere villages have spread out to such an extent that they will be closely upon us when the figures are made public. Regardless of the census figures, however, Greensboro is still growing and setting the pace. We have no

feeling of jealousy or envy and we only hope that our friend and good neighbor of 23 miles to the west will continue to expand and prosper.

DRAGGING THE CATAWBA FOR WOMAN AND INFANT CHILD.

Belmont, April 15.—The Catawba river was being dragged for miles up and down stream tonight for the bodies of Mrs. John Ramsey and her two-year-old baby, which is believed to be lying at the bottom of the stream.

Mrs. Ramsey, who is suffering from pellagra and is said to be irresponsible, left her home early this afternoon carrying her child. She has not been seen since.

Two older children returning from school, found their mother missing, but did not give the alarm until near night. The woman was tracked to the river bank. Her known condition strengthens the belief here that she jumped into the stream.

Thought Girl Was a "Hant"

Sanford, April 16.—Verlon McIver, negro, about 26 years old, shot the 12-year-old daughter of Roxie Gray, negro, through the right eye at Jonesboro last night and death followed instantly. McIver surrendered himself and was lodged in jail.

McIver and several other negroes had assembled at a neighbor's house to practice some music for a funeral to be held in Jonesboro to-day. The window blinds rattled and the musicians became alarmed, so much so that McIver seized a shot gun and ran out on the porch to put an end to the "hant," for it is said that superstition played a part in the tragedy. The girl was the only object in sight, so he pulled down on her. Several other children were with her in attempting to frighten those on the inside of the room, but they made their escape.

Potomac Yards Employes Back at Work.

Washington, April 16.—Employes at the Potomac yards here known as the "freight gateway to the South" who went on strike yesterday for the second time within four days, returned to work to-day after conferences with union leaders. Switching crews at the Eckington yards of the Baltimore and Ohio railroad, who walked out yesterday, also returned to work.

Movement of freight through the Potomac yards was resumed when the day shift reported for duty.

Little Hope For Peaches.

Hickory, April 15.—Although there was a good-sized frost reported this morning, it could not compare with the ice and frost Tuesday when the mercury went down to 27 degrees and most of the peach crop was nipped in the bud. There is very little hope for peaches this year, although a few may come through. Apple trees have not bloomed in this section to any great extent and this crop is not injured seriously.

Salisbury's Population Pleasing.

Washington, April 15.—Population statistics announced to-day by the census bureau include: Salisbury, N. C., 13,884, increase 6,732, or 94.1 per cent. Burlington, N. C., 5,952, increase 1,144, or 23.8 per cent.

Died From Burns.

Hickory, April 15.—Miss Fannie Rosebrough, an elderly woman, died here this afternoon as a result of burns sustained early in March when her clothing caught from a stove before which she was sitting.

Six Men Burned to Death.

New Iberia, La., April 15.—Six men were burned to death when one of them struck a match to light a cigarette, igniting gas fumes at the bottom of a 90-foot salt mine shaft on the former estate of the late Joseph Jefferson near here to-day.

Rich Man Convicted of Non-Support.

Durham, April 15.—T. N. Allen, who said he is worth \$500,000, was convicted in recorder's court here to-day of a charge of non-support and was ordered to give his wife \$75 a month.

Tents to Solve House Shortage.

Atlanta, Ga., April 16.—In an effort to alleviate crowded housing conditions in Atlanta and to combat profiteering in rents, John A. Maiget, fair price commissioner for Georgia, announced tonight he was negotiating for several acres of vacant land on the Atlanta-Marietta interurban electric line where families may live in tents during the summer.

MEMBERS LABOR BOARD CONFIRMED BY THE SENATE.

Washington, April 15.—Nominations of members of the railway labor board were confirmed to-day by the senate, and the board was called tonight by President Wilson to meet tomorrow and organize. Some of the members are already in the city and provision has been made for their assembly at headquarters of the railway administration.

The President's call was issued as soon as word of the senate's action reached him. Administration officials have felt that the board would prove an effective agency toward ending the "outlaw" strike of railway men. The senate apparently shared this view. White sharp criticism of some of the nominations is known to have been expressed again to-day, final action was taken in an unusually brief time, considering the importance of this new government agency and of the immediate task that faces it.

Attorney General Palmer said to-day he believed that the chaotic condition created by the walkout was improving, but he declared that the department of justice was not relaxing its efforts in any direction. United States district attorneys in every strike area have made local arrests of agitators and strikers but these, it was said, were cases where specific law violations have occurred.

Mr. Palmer declared such matters were not for "headquarters consideration," reiterating that the government expected the district attorneys to act on their own initiative with respect to prosecution of violators of laws.

Department officials have practically decided to canvass the lists of all strikers, and are expected to ask officials of all railroad lines affected by the strike to furnish the same information as was requested of the Pennsylvania and New York Central lines Tuesday. Assistant Attorney General Garvan said he expected these lists of names to divulge the identity of the "borers from within" in the recognized labor organizations.

The department has card indexed the records of more than 60,000 radicals and the names of strike leaders and agitators will be traced through these records in an effort to establish connection with previous activities. Mr. Garvan said a staff of clerks already had begun the work of eliminating the "misled from the agitators" through the process of comparison of records. This work will go on even though the strikes collapse completely, he said.

Here's a Town That Beat Winston.

Washington, April 16.—An increase of 463 per cent in the last ten years in the population of Muskegon Heights, Michigan, announced to-day by the census bureau, is the largest yet reported in the 1920 census. From a population of 1,690 in 1910 the city has grown to 9,514.

The largest increase previously announced was that of Scotts Bluff, Neb., which showed a growth of 295.9 per cent. Another notable increase was that of Winston-Salem, N. C., which showed a growth of 113.2 per cent, making it the metropolis of North Carolina, having passed Charlotte, the largest city in the state in 1910, by more than 2,000.

DENIES THAT RADICALS ARE RESPONSIBLE FOR STRIKE.

Washington, April 16.—Attorney General Palmer's conclusions that the "outlaw" railway strike was traceable to activities of radicals and revolutionists was sharply challenged tonight in a statement issued by Frank Morrison, secretary of the American Federation of Labor. An independent investigation of strike causes by the railway executives, the statement said, revealed "just a plain, ordinary strike for more pay."

"If there were enough revolutionary power in the United States to create such an outbreak as this," Mr. Morrison said, "the condition would be serious indeed. But there is no such power. The absolute failure of the attorney general to grasp the true situation is amazing."

Labor Board Organizes.

The department of justice had no additional announcements to make tonight to support its conclusions. The only development of the day affecting the government's connection with the strike situation was the organization meeting of the railway labor board which met with seven of its nine members present, elected officers and determined to take up, beginning tomorrow, the whole question of railway wages at the point where the bi-partisan discussion between men and employers dropped it some days ago, unable to reach a conclusion.

While tactics of the rail strikers were wrong and disavowed by organized labor, Mr. Morrison's statement said, this should not prevent an "honest" understanding of the facts. His own viewpoint as to causes of the strike he added, was based on reports gathered by employers' representatives not in sympathy with the strikers.

"I point to these reports and the evidence they contain as an evidence of governmental stupidity in dealing with the situation," Mr. Morrison continued. "While the government through the attorney general is contemplating repression and punishment, treating the strike as a crime, the real employers know that the strike is an outbreak against economic conditions."

Plain Ordinary Strike.

"After reading the digest of these reports, the conclusion is inevitable that whatever the merits of the strike, it is chiefly just a plain, ordinary strike for more pay."

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching? The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders. The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. INTERESTING EXHIBIT FOR COUNTY COMMENCEMENT.

Dr. P. H. Dagggett, of the University of North Carolina, has notified the county supervisor of rural schools in charge of the county commencement to be held next Friday, that he will bring to Guilford a truck equipped with modern farm lighting set. In connection with the system will be exhibited the operation of water supply, washing machine, vacuum cleaner, electric iron and other conveniences, all from the same power plant. The truck will be stationed near the court house and will be on display throughout the day.

INTERESTING PROGRAM FOR COUNTY COMMENCEMENT.

Plans for the commencement exercises of the public schools of Guilford county are being rapidly matured by Miss Bettie Aiken Land, county supervisor of rural schools, and the different precinct committees. The commencement will be held next Friday, April 23. While the directors of the program for the day have not made public the entire list of events scheduled, enough has already been decided upon to indicate that it will be a day full of interest to the rural schools of the county. Dr. George B. Strayer, of Columbia University, will be one of the principal speakers of the occasion. Dr. Strayer will address the seventh grade children in the assembly room at the court house. He is an educator of great prominence and the committee in charge feels that it was fortunate in securing Dr. Strayer for the occasion.
The program as announced to date begins with a large parade in the morning. There are to be floats representing important historical events in the state of North Carolina, together with others of interest. The primary departments will thereafter meet in the auditorium of the West Market Street Methodist church, where there exercises will be conducted. The grammar grade departments will assemble in the auditorium of the First Baptist church on West Market street. The seventh grades will meet in the assembly room of the new court house, where they will hear Dr. Strayer and also hold their exercises.
In the afternoon at 2.30 o'clock an interesting program of athletic contests will be held.

J. L. KING HOMEPLACE TO BE DEVELOPED.

The old John L. King home place, situated on North Greene street, which was recently purchased by the Southern Real Estate Company for \$75,000, is to be developed in the immediate future by that enterprising firm. Arrangements have already been perfected for the opening of a new street running from West Gaston at the corner of Eugene through the old George Donnell place to Beallmeade avenue, while a second street will be opened from Greene. The company will subdivide the large tract into 32 lots and will offer them for sale as residential property.

CALF BORN WITH HEAD LIKE THAT OF BULL DOG.

Asheville, April 16.—A calf with a perfect dog's head was born Wednesday at the dairy farm of A. T. Reed on the Fairview road, although it died within a few minutes after birth. The calf was dropped by a fine Holstein cow which the owner had recently imported from the north and weighed 100 pounds when found.
Mr. Reed, which is one of the most reliable dairymen in this county, has had photos taken of the calf showing a head which looks very much like a bull dog's head, with dog's teeth, the tusks being prominent, with whiskers on its nose, the bull dog neck and short round head like a dog.

Wants Post Impeached.

Washington, April 15.—Plans for introducing a resolution in the house to-day looking to the impeachment of Assistant Secretary Post, of the labor department, for his attitude toward deportation of radicals, went suddenly awry when the house met to-day and the resolution prepared by Representative Hock, Republican, of Kansas, was withheld at the request of Republican Floor Leader Mondell.

CHICAGO ATTEMPTS TO PREVENT PROFITTEERING.

Chicago, April 16.—This city is attempting to prevent rent profiteering by regulating increases in rates and by organizing a \$100,000,000 corporation to build homes and sell them on easy payments. Meanwhile Chicago's flat dwellers have been forming unions to wage war on alleged profiteering landlords and committees in the city council have been investigating increases in rents ranging up to 100 and even 200 per cent.
Several hundred families have solved their individual housing problems by making their home in house-boats moored in the branches of the Chicago river, the Calumet and lakes in south Chicago. Once in possession of a house boat, the owner only has to pay \$1 a month for the privilege of mooring his craft. If he does not like his location he can move his home boat elsewhere. Many of these boats cost \$1,000 each and have five rooms, parlor, dining room, kitchen and two bedrooms.
In some cases groups of tenants have solved the rent problem by forming co-operative companies and buying the apartment houses in which they live.

The housing corporation, which has been financed by banks and business men, has under consideration a plan to build a row of model homes in Grant Park, on the lake front. Examples of many types of standardized homes would be erected, furnished and surrounded by settings of trees and shrubbery so that a prospective purchaser of a new home could look over the styles before playing his order.
Attempts have been made to check rent profiteering by co-operation of the city council and the Cook county real estate board which investigated complaints and, when increases were found to be excessive, advised the landlord to withdraw his demands. In general the investigators have allowed an increase of about 30 per cent over last year's rentals.
A proposal was made to erect scores of portable houses but the carpenters' union declared its opposition to that plan even if the houses came from union factories.
The recent tornadoes which destroyed 100 houses and damaged 400 more in Chicago and its suburbs have augmented a housing shortage which has already become acute through suspension of building operations in the war and long drawn builders' contracts.

"GENERAL OVERALL" RECRUITING HIS ARMY.

New York, April 16.—Thousands of recruits in New York, flocked to-day to the standard of "General Overall" whose march against the guerrilla forces of the high cost of clothing started recently in the south, gained strength in the West, and now has reached the east for a decisive battle.
The blue denim brigade which had its inception here among members of the Cheese Club of dramatic press agents, critics and theatrical writers, obtained reinforcement to-day when 5,000 Dewitt Clinton high school students voted to wear khaki overalls. Then-Columbia University endorsed the movement and other schools and business and professional clubs began to fall in line. On Monday the new colors of Dewitt will be blue and brown, if plans of the sympathetic faculty work smoothly. Boys of the Jamaica high school voted to wear khaki on all occasions. The Bronx business men's club and the women's civic federation promised support.
How strong is the popular indignation against the fancy prices being asked for ordinary clothing was evidenced in the number of applications made to the Cheese Club for places in its overall parade to-day that was postponed in order to make the affair an impressive demonstration.
Late reports from headquarters indicate battalions of volunteers are springing up everywhere. Not to be outwitted in strategy, the overall marshals, it is said, have quietly been buying large quantities of denim and khaki in wholesale lots to offset any counter move to corner the supply and boost prices.

Watch Your Money.

New York, April 17.—Warning was sent out to-day to trust companies and savings banks in this district to be on the lookout for a new counterfeit, 10, 20 and 50 dollar notes on the federal reserve bank of New York. The bills are described as being poor work, printed on bond paper without silk threads.

WITH OUR BUSY ADVERTISERS

Notice of the dissolution of the Donnell-Medearis Co., Inc., will be found in another part of to-day's Patriot.

Men and big boys can buy good oxfords at Thacker & Brockmann's for 6, 7 and 8 dollars. See notice in the bargain column.

Mr. R. T. Causey has qualified as administrator of the estate of the late Nannie V. Causey, a notice of which will be found in another column to-day.

A. Schiffman, a purchaser of real estate at the sale of property for unpaid taxes, has an important notice to the heirs of Martha Work in another column.

Having qualified as administrator of the estate of the late J. R. Thomas Mr. James R. Thomas gives notice of the same in our advertising columns to-day.

The "old reliable" the Greensboro National Bank in its change of ad. to-day invites you to become business partners with it. Read the ad. and find out how it is to be done. It's something you have not thought of before.

If you are in the market for real estate of any kind, be sure and read the fresh ad. of the Guilford Insurance and Realty Company in another part of The Patriot to-day. It doesn't matter whether it is residential or business property. They have it.

Experienced autoists when they need any supplies or accessories for their car they go immediately to the McGlamery Auto Co., for there they know they will always get the best, priced at a very reasonable figure. See new illustrated ad. in another column.

If you wear oxfords you will find it profitable to look at the new lines just opened up by Thacker & Brockmann. Among them is the new, snappy models for young men, as well as the conservative styles for the settled middle-aged men. Read their ad. elsewhere and then go down and take a look at the goods.

Penny & Long, Inc., will begin a sale of used automobiles tomorrow morning at 10 o'clock, continuing for three days. These cars have all been overhauled, rebuilt and repainted, and are guaranteed to be exactly as represented. A good used car is said to be better than a cheap new one, so if you want a good bargain in a used car you should be sure and attend this sale tomorrow, Wednesday or Thursday—the sooner the better. In a page announcement elsewhere this firm gives a few of the cars that will be put on sale, the price being marked, on each car.

It is with pleasure that The Patriot announces the opening of Greensboro's mammoth banking institution—the Atlantic Bank and Trust Company, with a capital of \$1,000,000 and a surplus of \$250,000. It is officered by expert, scientific banking men, and has the strength equal to any bank in the state. Mr. Julius W. Cone, one of North Carolina's most successful manufacturers and business men, is president, and Mr. John W. Simmon is vice president and cashier. Temporarily the bank will occupy the old court house, but will move into its new quarters in the Southern Life and Trust Co. building later on. See ad. on second page.

The old saying that nothing succeeds like success is true in every sense of the word. Starting only a few years ago in small quarters on West Market street, Mr. W. H. McGlamery, president and general manager of the McGlamery Auto Co., the business has grown by leaps and bounds until to-day Mr. McGlamery is occupying his own commodious building on the corner of Ashe street and Walker avenue, perhaps the largest and most conveniently arranged automobile establishment in North Carolina. As soon as all the little details are finished and he has his stock properly arranged Mr. McGlamery proposes to have a "house warming," to which he will invite every man, woman and child in Greensboro and Guilford county to be present and partake of his hospitality and see what pluck, good business judgment and energy will do. Read his ad. in another part of The Patriot and watch our columns for the opening date.

SENATOR KENYON TO MAKE ADDRESS AT THE NORMAL.

Washington, April 16.—Senator William Squire Kenyon, of Iowa, one of the most earnest champions of equal privileges for women in the senate, to-day accepted an invitation to deliver the commencement address at the North Carolina College for Women, at Greensboro, on June 1st.

Senator Kenyon was persuaded to accept the invitation to Greensboro by North Carolina's junior senator, Senator Lee S. Overman. The latter extended the invitation at the instance of J. I. Foust, president of the college.

Senator Kenyon is one of the really entertaining members of the senate. He speaks from deep convictions on the question of like privileges and like codes of honor for men and women, and is always heard with rapt attention from the galleries when he speaks in the senate.

Though a Republican, he is not a man of any pronounced partisan bias. His most recent activity of note has been his leadership of the fight for an investigation of the big packers.

GOVERNOR SHOWS MERCY TO AARON WISEMAN

SENTENCE COMMUTED THIRTY YEARS FOR KILLING DR. HENNESSEE.

Raleigh, April 16.—Aaron Wiseman, the goat in the murder case growing out of the assassination of Dr. E. A. Hennessee two years ago at Glen Alpine, to-day drew a commutation of 30 years from Governor Bickett.

To Wiseman, who was seen shooting Dr. Hennessee after the train pulled out from Glen Alpine, belong the distinction of outrunning the Southern's No. 21 and riding it to the next station. This element in the ancient feud did not disturb the jury which resolved all doubts against the prisoner and under the surpassing eloquence of Clyde Hoey, convicted Wiseman who was never known to have seen Dr. Hennessee before killing him, so a portion of the argument and the evidence contends. Wiseman was tried after the two Pitts boys had been acquitted of the murder of Hennessee, but few still believe that he was an utter stranger to Hennessee and the homicide. It was the hope of the state that it might get the actual truth from Wiseman who has been in death cell a long time. Governor Bickett in commuting the prisoner, reasserts his belief in electrocution—he hasn't seen any. The Wiseman case doesn't convert him or offer any support to the suggestion that man-killing exceeds the speed limit. Had Wiseman confessed the assassination he might have been executed. So long as there was that danger he could not tell what he knew about it. With no choice in a long term he might have told the truth. The state in warning a man against incrimination does its best to make him a criminal.

Commutation Justified.

Governor Bickett fills two closely lined pages in giving Wiseman the commutation. The governor has heard counsel for and against commutation. He reviews the ancient feud, the killing of Herman Pitts by Dr. Hennessee, and the subsequent trial of Dr. Hennessee, who was acquitted. He quotes M. N. Hennessee as believing that his brother was the victim in actuality or by implication of the two Pitts boys. Mr. Hennessee thinks Wiseman fired first. The governor thinks the jury acquitting the Pitts boys was guided by the Mosaic law of "an eye for an eye and a tooth for a tooth." The governor leaves wholly to the imagination what "law" influences his belief in executions.

Quoting Justices Hoke and Walker, of the majority who affirmed the conviction of Wiseman, yet of the opinion that there is an element in the case justifying commutation, the governor concludes with the dissent of Justices Allen and Brown.

In conclusion the governor says: "Upon the whole case I simply cannot allow a man to be electrocuted where the evidence is so contradictory, and where two justices of the Supreme court hold that the prisoner was not properly convicted, and two other justices are of opinion that the record raises a doubt sufficient in the interest of a human life to justify commutation."

"For these reasons the death sentence against Aaron Wiseman is commuted to imprisonment in the state prison for a term of thirty years."

BLAMES RETAILERS FOR THE HIGH PRICES OF SHOES.

Washington, April 15.—T. M. Robertson, an economist, employed by the federal trade commission, to-day told the senate manufacturers committee that retail dealers were principally responsible for high prices of shoes. Tanners and manufacturers, he said, have taken more profits than they should, but the retailers have imposed heavier burdens upon the public than the others.

Mr. Robertson said the most effective remedy would be for the public to refuse to patronize merchants who charge excessive prices.

"If the people would turn and patronize the few cut price stores, they'd soon force the high priced stores to cut their prices," he said.

Must Resign to Run For Auditor.

Washington, April 15.—W. T. Woodley, of the New Bern revenue division, serving under Collector Bailey, cannot run for state auditor without resigning his federal job.

This is the ruling of the commissioner of internal revenue, who stated that this is in line with former rulings that no collector or deputy may run for a political office. Mr. Woodley, through Senator Simmons asked for a ruling. He hoped he could get leave of absence for 30 days and run in the meantime.

"OUTLAW" STRIKE THOUGHT TO BE NEARING THE END

RAILROADS IN ALL SECTIONS REPORT IMPROVED CONDITIONS.

New York, April 16.—The collapse of the "outlaw" railway strike which is entering its second week here, was believed to be near to-night by railroad officials, who supported this opinion with statements of greatly improved passenger and freight service on all railroads into New York.

The first big break in the strikers' ranks in the east, their last remaining stronghold, came to-day when 500 Pennsylvania firemen and engineers at Baltimore voted to go back to work.

Eastern railroads continued to report increasing defections in the strikers' ranks, but these were disputed by strike leaders who declared the main body of their men was still holding firm. Continued improvement also was reported by the roads of the middle and far west.

Switchmen at Toledo, Ohio, voted to return to work pending a settlement of their grievances by the labor board.

Further disintegration in the strikers' ranks was reported late to-day following a meeting in Jersey City at which the attendance was about half the size of yesterday's. Lack of interest shown at the gathering and the much smaller number of men present were interpreted by railroad managers as due to a realization on the part of the strikers that the fight has been lost. Many men were reported to be hastening to take advantage of the provisions of the railroads' ultimatum which expires at noon Saturday.

J. J. Mantell, spokesman for the Railroad General Managers' Association, declared tonight that "the situation is improving." He denied a report that the rail managers had received a communication from the "big four" brotherhood chiefs, which, it was rumored, would be a reply to the ultimatum delivered to them yesterday.

A federal grand jury investigation of the strike was begun in New Jersey to-day. Thirty subpoenas were issued at Trenton for the appearance of strike leaders before the grand jury in Newark next Monday. Particular attention would be paid, it was said, to the delay caused to mail and food trains.

Restoration of incoming and outgoing freight service on the New York Central and West Shore railroads, with noticeable increase in food supplies; resumption of 95 percent of passenger traffic on the Pennsylvania and partial resumption of freight schedules to-day gave an air of optimism to the situation not present since the strike began.

Railroads in all sections of the country reported that passenger service was nearly normal while freight service, virtually abandoned since the strike began, was rapidly being resumed. Thousands of volunteer workers bore the brunt of the work in moving trains in and around New York.

MEXICAN REBELS CROSS STATE LINE OF SONORA.

Agua Prieta, Sonora, April 15.—Military forces of the "new republic of Sonora" have crossed the state line of Sinaloa, captured two towns and are continuing towards Culiacan, capital of the neighboring state, thus taking the aggressive in the state's fight against the Carranza government in Mexico.

El Fuerta, one of the most important mining camps in Sinaloa, about 15 miles from the Sinaloa-Sonora boundary, and Sen Blas, a railroad junction point, have fallen to the Sonora forces, according to official information received here.

Reports that six other states—Michoacan, Morelos, Tanaulipas, Tabasco, Campeche and Jalisco—have joined forces with the Sonora movement against Carranza remained unconfirmed tonight.

More than 3,000 Sonora troops already have entered Sinaloa, it was said and these included a large command of fully equipped Yaqui Indians, conceded to be among the best soldiers in Mexico.

Other troops are being hurried to the forces in Sinaloa and to guard the line between the two states.

Six "Outlaw" Officials Arrested.

Chicago, April 15.—Six officials of the "outlaw" railway unions were arrested to-day by United States marshals on warrants issued by United States Commissioner Mason, charging them with violating the Lever act. Warrants have been issued for 20 other alleged leaders in the insurgent railroad strike, it was said at the federal building.

"ALL O. K. FOR THE BLOOD"

Is What a Citizen of Georgia Says of ZIRON, the New Iron Tonic.

Iron is needed by the blood to keep men and women strong and healthy. Iron is needed by the nerves to keep them toned up. Ziron, the new iron tonic, will put iron into your blood and should help renew your lagged nerve forces in the way it has done it for many others.

Read what Mr. J. R. Bell, Rt. 2, Oconee, Ga., says about the effects of Ziron: "I think Ziron is all O. K. for the blood. That was what I have been taking it for—my blood. I liked Ziron so well that I went back to the store and got two more bottles of it."

Ziron is a combination of a pure medicinal inorganic iron salt, mentioned in the U. S. Pharmacopoeia, with the hypophosphites of lime and soda, and other valuable tonic ingredients, endorsed and recommended by the best medical authorities and mentioned in the medical text books.

All druggists sell Ziron on a money-back guarantee. Look for the formula on the label. Get a bottle today, and give it a fair trial.

SLIGHTLY USED MOTOR CAR SALE

OF PENNEY & LONG, USED CAR DEPARTMENT,
TO BE HELD AT PENNY & LONG, INC., SERVICE STATION, CORNER of CHURCH AND ELM STREETS,
GREENSBORO, NORTH CAROLINA.

SALE BEGINS AT 10.00 A. M. TUESDAY,

Ask the Man Wearing
the White Hat

WHY put off until some future time what you should do to-day? It is to your advantage to make a selection of a car from us on the day of our sale, while we can offer you the most complete collection of cars on the street.

HUDSON 7-Passenger

Hudson Super-Six 7-passenger, 1918 model, like new. Cord tires, wire wheels, one extra, splendid mechanical condition. A real bargain.

PEERLESS 7-Passenger

Peerless "8" 7-passenger, like new, six cord tires and other extra equipment. This car originally sold for \$3,200. Guaranteed to be in A No. 1 condition throughout. Will be sold very cheap.

PAIGE "6" 5-Passenger

Paige "6" '39, 5-passenger, practically new and guaranteed to be in the best of condition every way. This car is 1919 model and has only been driven a few hundred miles. Very cheap in price, high in quality.

OLDSMOBILE "6" 5-Passenger

Oldsmobile "6" 5-passenger, like new, and perfect in mechanical operation. Be sure and see this car at the sale as it is a wonderful bargain.

OLDSMOBILE "8" Roadster

Oldsmobile "8" roadster, wonderful condition throughout and very cheap in price, high in quality. Ask the salesman with the white hat.

BUICK "6"---D-55 7-Passenger

Now for the biggest bargain of the year. This car can be used for any purpose, and is a credit to any man who owns it. A wonderful bargain.

April 20, 21 and 22, Three Days Only!

The Car You Wanted at the Price You Can Afford To Pay for It!

How often you have seen the very car you wanted, and was forced to pass it up because the price was more than you could afford to pay?

Here at this sale you are sure to find just the car to suit, not only your purse, but your wants as well!

These cars have all been thoroughly gone over, rebuilt and repainted by our skillful mechanics, and are guaranteed to be exactly as represented. Bear this in mind, a good used car is better and cheaper than a new cheap car, because it is made right of good material to begin with.

Take a few minutes off next Tuesday, visit our sale, and select the car you want; ask the man wearing the white hat in regard to the price, and buy your car. Never in the past or in time to come have you been in a position to purchase as good a motor car and just the one you desire as cheap as you will find these cars at our sales. There is not one of them that you will not desire, and if you do not buy your ideal car you will regret it.

All we desire of you is to come and look at the cars we have to offer, at sacrifice prices, and if for any reason you do not find what you want, you have not placed yourself, or any one else, under obligations, or loss of money.

Located on the border of this page you will find a partial list of our splendid line of used cars we are offering. We have others for you to select from, and would have been glad to have listed them in this advertisement, but space prevents us doing so.

These Cars will not be sold to the highest bidder, as this sale Tuesday is not an auction sale. Our cars are plainly marked, and will be sold at the exceptional low price stated on the price tag.

Ladies are cordially invited to attend this sale, as our salesmen will exert every means possible to successfully demonstrate any car they may desire.

NOTICE--Our Salesmen will be recognized from other observers during this sale, by wearing a white hat. Do not hesitate to ask for any information you may wish, from these gentlemen.

Ask the Man Wearing
the White Hat

If desired, terms can be arranged to responsible parties.

Buy a used car from us. Here's the reason. Read list of cars on this page.

CHEVROLET "490" Touring Car

We have two of these little family cars and they will be sold very cheap. Be sure and ask to see these cars, as they are real values. Ask the salesman wearing the white hat.

BUICK "6" 5-Passenger

Buick 5-passenger, Little Six, 1918 model, like new. If you are a good judge of a good used car, be sure and ask the salesman wearing the white hat to show you this car.

FORD Touring Car

We also have two of these little cars to sell at our sale. If after you have looked at the other cars, and decide you will continue to use a Ford, kindly inquire about our Ford tourings.

PAIGE "6" 5-Passenger

This car before we secured it, was in the hands of one of the most careful drivers in the city. It is now in as good a condition as it ever was, and you can buy it at a remarkably low figure.

OAKLAND "6" Roadster

Yes, if you want a two passenger car for pleasure or business purposes, we have it. Here is a little Oakland roadster like new, and in A No. 1 condition. Good tires and wire wheels. Ask the salesman wearing the white hat.

HUPMOBILE Model K, 1917

And for service we all recognize the Hupmobile. If you want a bargain kindly investigate this value. It looks like new and is desired by all.

FORD Roadster

Yes we have a Ford roadster, and a real bargain. If it is not sold between now and the day of the sale, and the price suits you, it is yours. Ask the salesman with the white hat.

The death of Charles Robert Murray, the seven-year-old son of Mr. and Mrs. R. W. Murray, occurred Saturday morning at the home of the lad's parents on Asheboro street. Funeral services were held yesterday afternoon at 3 o'clock at the Westminster Presbyterian church. The services were conducted by Rev. A. W. Crawford and Rev. R. Murphy Williams, the remains being laid to rest in Greene Hill cemetery. Young Murray developed lockjaw last week as the result of the amputation of a finger which he injured about ten days previous to his death. His condition became critical Friday.

Gibsonville Road Progressing.
Good progress is being made now on the construction of the paved road leading from Greensboro toward Gibsonville. The contract for the first link of this improved highway calls for 4.6 miles beyond the city limits of Greensboro and it is the plan of the county commissioners to add as many miles as possible each year until a hard surfaced road connects Gibsonville and Greensboro. The work has been held back during the past several months owing to conditions of the weather, labor troubles and difficulties of securing materials, but these have largely been overcome and with the approach of favorable weather the work is now being pushed at a rapid pace.

Engagement Announced.

The engagement of Miss Marguerite Kirkman, daughter of Mr. and Mrs. J. Ed.
