BIG CORPORATION BEING ORGANIZED BY BANKERS

PLANS FOR AIDING SOUTHERN PRODUCERS OUTLINED—OPPOSE PAR CLEARANCE.

Agreement to expedite the formation of a gigantic banking corporation, to have a capital stock of not less than \$6,000,000, and to aid in marketing southern products, was effected at a called meeting of the North Carolina Bankers' Association at the O. Henry hotel yesterday morning.

Yesterday afternoon approximately 100 state bankers assembled in the convention hall of the O. Henry and organized the Bankers' Protective Association of North Carolina, the prime purpose of which is to resist the action of the federal reserve board of the fifth district in enforcing its rule for par clearance on checks and other items at banks.

The attitude of the federal reserve board in regard to par clearance, which was put into effect November 15, was denounced in scathing terms, and confidence was expressed that organized effort to resist the par clearance plan would be successful. A defense committee was appointed and empowered to employ counsel and institute litigation with a view to defeating the par clearance scheme.

It is understood that an injunction will be sought by the bankers.

Details of the big corporation plan were outlined yesterday morning by Oscar Wells, president of the First National Bank, of Birmingham, Ala., and an advisory member of the federal reserve board. The corporation is to have a capital of not less than \$6,000,000, to be subscribed by banks in the 12 southern states. Each bank entering the organization is to subscribe three per cent of its capital stock and surplus. The money is to be employed in the form of credit extension for foreign buyers of southern products, such as cotton, tobacco, sugar and rice. It is expected that the interests comprising the corporation will make money, but that is not the primary purpose; the chief object is to extend financial assistance to southern producers.

It was agreed that business conditions are depressed and that "something must be done about it." Among those who spoke in advocacy of the proposition were J. E. Latham, of Greensboro; J. Elwood Cox, of High Point; W. A. Hunt, of Henderson, president of the North Carolina Bankers' Association; and Joseph Ramsay, of Rocky Mount, a former president.

The bankers represented at the meeting of the North Carolina Bankers' Association adopted a resolution pledging to recommend to their board of directors entrance into the new corporation, which is being organized under the Edge federal law. Already bankers in a number of southern states have agreed to enter the corporation. As a matter of fact, a large amount of capital stock was tentatively subscribed here yesterday.

At the organization meeting of the Bankers' Protective Association the following officers were elected: J. W. Cunningham, Sanford, president; Thomas A. Shipman, Brevard, vice president; H. A. Page, Jr., Aberdeen, secretary-treasurer. The defense committee is composed of the following bankers, representing the 10 districts in the state: R. G. Harrison, Williamson, first; M. J. Grant, Littleton, second; J. S. Westcott, Bayboro, third; J. J. Jenkins, Siler City, fourth; Paul Collins, Hillsboro, fifth; C. S. Hicks, Monroe, seventh; A. M. Hanna, China Grove, eighth; W. P. Puntt, Belmont, ninth; L. A. Bayless, Murphy, tenth.

For the present the bankers will clear checks at par, under protest.

At a meeting of the executive committee of the North Carolina Bankers' Association Tuesday night it was agreed that the annual convention of the organization would be held in Greensboro May 24, 25 and 26.

The league of nations assembly is debating about principles. And, looking to Germany, the allied nations also must be keenly interested in principal—and interest.

JOYCE RESIDENCE IS DESTROYED BY FLAMES.

Fire completely destroyed the residence of J. R. Joyce, 842 Worth avenue, Tuesday morning about 11 o'clock. It is thought that a defective flue caused the blaze, which was not reported until it had made much headway. Members of the family stated that much smoke had been observed in the home for an hour or more before the flames were discovered, but at that time it had been thought that the smoke came from a chimney, which, because of the rainy weather, was not drawing well. The four city fire companies responded to the alarm, but such progress had been made by the flames before turning in of the alarm that destruction of the house could not be prevented.

The house was valued at about \$4,500, with \$2,500 insurance. Loss of the furniture of Mr. Joyce was partially covered by insurance, it was stated. Part of his furniture was removed, but that of Mrs. Carrie Galloway, Miss Virginia Galloway, Mrs. A. J. Nutt and Miss Joyce Nutt, who occupied the second floor of the structure, was destroyed, as well as the clothing of the occupants of the second story.

NEW PASTOR COMES TO FIRST REFORMED CHURCH.

Rev. Harvey Fesperman, who for the past five years has been serving as pastor of the South Fork church, at Startown, near Newton, has accepted the call to the pastorate of the First Reformed church of this city. He expects to bring his family to Greensboro and take charge of the work here about the first of January. Rev. Mr. Fesperman is a graduate of Catawba College and of Central Theological Seminary. Some years ago he was a professional ball player, having been a member of the Greensboro club of the old North Carolina league and later playing with Charlotte in the same circuit. The members of the local congregation consider themselves very fortunate in securing Rev. Mr. Fesperman as pastor.

WORD "JITNEY" DEFINED BY CITY COMMISSIONERS.

Definition of the word "jitney" required a measure of attention at the meeting of the city commissioners Tuesday afternoon. Ordinance 369 was amended, "jitney" being so defined that all drivers of automobiles carrying passengers over a regular route, or which are announced as running over any part of a particular route, if any part of the route is in the city of Greensboro, are required to pay the regular license of \$50 and to furnish the regular bond.

NEGRO FOUND NOT GUILTY OF ATTEMPTED ASSAULT.

Wade Morris, negro, who was arraigned before Justice of the Peace D. H. Collins Tuesday upon the charge of attempted criminal assault on Willie May Jones, a young negro girl, was found not guilty. When placed on the stand the girl testified that the defendant was not guilty of the charge. It was stated that Ernest Jones, Willie May Jones' father, had secured the warrant after being told by the girl that Morris had attempted to criminally assault her.

Annual Training Week.
The period beginning November 22 and ending November 26 has been set apart as annual training week at Forest Avenue Baptist church. Four classes will be conducted each evening, beginning at 7 o'clock. Following the class work each evening there will be an address. Many members will take advantage of the special course of instruction, it is expected.

To Discuss Telephone Rates.

Morgan B. Spier, of Charlotte, general manager of the Southern Bell Telephone and Telegraph Company in North and South Carolina, will appear before the directors of the Chamber of Commerce tonight to make a statement concerning increases in the telephone rates proposed by the company. Mr. Spier proposes to show why his company is asking for higher rates.

BOND ISSUE PLANS ARE PERFECTED AT LUNCHEON

GREENSBORO AND HIGH POINT MEN SUPPORTING ROAD IMPROVEMENT ENTERPRISE.

Enthusiastic formulation of plans in the interest of the proposed issuance of \$2,000,000 worth of bonds for the improvement of Guilford county roads featured the luncheon at the Guilford hotel yesterday at 1 o'clock when business men of Greensboro and High Point assembled to discuss the project.

H. L. Coble was the only man present not in favor of the bond issue. He declared he wanted good roads, but thought it would be better for the county to raise the money by direct assessment, securing \$500,000 or more yearly in this way, instead of floating bonds. However, this sentiment found no concurrence, the other speakers voicing confidence that the bond issue affords the soundest and most satisfactory method of procuring the needed funds.

It was agreed that everyone should work wholeheartedly for the success of the issue, which is to be determined by the voters of the county, in a special election on December 14. There is to be no new registration except for those whose names are not already on the registration books, it was pointed out.

George L. Stansbury presided and the speakers included Charles W. Gold, W. C. Boren, J. E. Latham, of Greensboro; J. Elwood Cox and S. R. Bivens, of High Point. Mr. Boren, who is chairman of the board of county commissioners, pointed out that the cost of the proposition would not be unduly burdensome upon any individual, while highly profitable returns would be received by the people of the county.

It was agreed that a central committee would perfect further plans designed to assure success of the enterprise, J. Elwood Cox being chairman of this committee, and O. C. Cox, of Greensboro, secretary. A mass meeting will be held in the new court house next Wednesday afternoon, at which time further consideration will be given the project.

R. A. BROWN FOUND DEAD IN BED AT RESIDENCE.

R. A. Brown, aged 70, a well known farmer, was found dead in bed at his home near Guilford Battle Ground at 4.30 Tuesday morning. Death was ascribed to heart failure. Surviving are the widow, six daughters, Miss Ruth Brown, of Greensboro; Mrs. T. C. Dawson, of Rock Hill, S. C.; Mrs. D. D. Jessup, of Greensboro; Mrs. Lula Tatum and Mrs. Pitt Lewis, of Stokes county; Mrs. Cora Johnson, of Walnut Cove; four sons, Paul Brown, of Greensboro; Will Brown, of Walnut Cove; Reuben Brown, of Baltimore, and Roy Brown, of Kentucky.

The funeral was held yesterday at Pisgah church.

CITY OFFICIALS REFUSE TO PAY CLAIM OF O'NEAL.

In session Monday afternoon the city commissioners refused to pay the claim of Ed. O'Neal, negro, whose son, William O'Neal, was injured about three months ago when a bicycle which he was riding collided with the city police patrol car. The claim was for \$384, the boy's father alleging that that sum represented the amount of damage done—loss of time, medical bill and injury to bicycle. The commissioners took the position that the driver of the patrol was not to blame for the accident.

CONVENTION HELD HERE BY DELCO LIGHT DEALERS.

A banquet at the O. Henry hotel Tuesday night brought to a close the two-day convention of Delco dealers of the Carolinas, a convention which abounded in interesting features. Approximately 100 representatives of the Delco light industry were in attendance. Among the principal addresses were those of R. H. Grant, of Dayton, Ohio, general manager of the Delco Light Company, and S. O. Lindeman, president of the Home Power and Light Company, distributor of Delco light products for North and South Carolina.

COUNTY WILL FINANCE ERECTION OF COTTAGE

COMMISSIONERS TO ISSUE \$24,000 WORTH OF BONDS TO AID DELINQUENT BOYS.

In session at the court house Tuesday afternoon the county commissioners decided to issue serial bonds in the aggregate sum of \$24,000, at five per cent, to defray the cost of erection of a cottage at the Stonewall Jackson Training School, four miles from Concord. The vote in favor of these securities was unanimous.

The state law authorizing such action upon the part of county commissioners was passed at the special session of the North Carolina general assembly last August. Under this plan each county which provides a cottage at the training school will be assured a place where delinquent boys may be given training designed to make them useful citizens of the commonwealth.

Register of Deeds R. H. Wharton called the attention of the commissioners to an amendment to the machinery act adopted by the special session of the legislature last summer, the amendment providing that "each person who files a deed for the transfer of real estate shall pay a fee of 15 cents to be used in ascertaining the exact amount involved. The commissioners agreed that the fee should be collected and it was announced that in the future those who file deeds must pay it.

Representatives of the Guilford County Farm Bureau were scheduled to appear before the commissioners Tuesday afternoon to discuss the proposed road bond issue, but the bureau men failed to appear.

CHAMBER OF COMMERCE IS ORGANIZED AT GIBSONVILLE.

The Gibsonville Chamber of Commerce was organized last night with more than 100 citizens present at the mass meeting held there. L. T. Barber was elected president; J. W. Burke, vice president; D. M. Davidson, secretary, and W. J. Jennings, treasurer. The board of directors includes the officers together with H. F. Huffines, Lee A. Wharton, W. B. Miller, O. W. Mann, A. B. Owen, T. S. Hammer, C. B. Thompson, V. A. Isley, P. L. Kivett, J. L. Robinson, W. P. Hornbuckle and J. W. Boring, while D. M. Davidson, W. J. Jennings and G. W. Boone constitute the committee on by-laws.

The proposed \$2,000,000 road bond issue for Guilford was indorsed.

A number of Greensboro men assisted in formation of the organization.

VERDICT IN FAVOR OF HEATING COMPANY FOUND.

Yesterday the Superior court jury rendered a verdict awarding the Sanitary Heating and Ventilating Company \$1,300, without interest, for damages as a result of alleged failure of the Gemp Machinery Company, of Baltimore, Md., to deliver certain machinery. The plaintiff was suing was \$1,677.36. Trial of the case began Monday morning.

A divorce was granted to Nora Baldwin, white, against Frank Baldwin, Monday.

The case of T. L. Haskins vs. Mrs. Ida Cotter, trial which was began yesterday, is still in progress. The plaintiff asks for \$5,000 for alleged alienation of his wife's affections.

SEVERAL CHARGES LODGED AGAINST GRAYSON BANNER.

In Municipal court Monday a White man named Grayson Banner succeeded in having prayer for judgment continued indefinitely in the case charging him with having cocaine and morphine in his possession. A charge of vagrancy against Banner was not pressed. Banner is being held by the Federal authorities and will be given a hearing in December in answer to the charge of illegal possession of a quantity of narcotics. He is alleged to have had in his possession when arrested 2,410 grains of morphine sulphate and 180 grains of cocaine hydrochloride, the drugs being valued at approximately \$3,000. It was stated that the opiates were found sewed up in Grayson's sleeves.

BAD WEATHER DELAYS RED CROSS CAMPAIGN.

Because of the rainy and very disagreeable weather the Red Cross fourth roll call was not completed in Greensboro Tuesday as planned. Many of the campaign workers did not attempt to brave the turbulent elements, preferring to await the return of more favorable weather conditions. However, in spite of such adverse weather, splendid responses were obtained by the canvassers who went out, it is reported. While a large number of persons have not yet been given an opportunity to enroll and much more money is needed, it is expected that the work soon will be completed. Definite reports have not yet been received, either from the urban or rural districts of Guilford.

CITY OPPOSES RAISE IN TELEPHONE COMPANY RATES.

Answering the petition of the Southern Bell Telephone and Telegraph Company for an increase in its rates and charges for service, the city of Greensboro asks that the petition be dismissed. The city contends that the service rendered subscribers in Greensboro is of inferior character, that prices for all materials, commodities and labor reached the peak during the 12 months period ended July 31, 1920, and covered by the figures submitted by the petitioner. It is also alleged that the city has been paying the telephone company high rates.

WOODMEN OF WORLD TO UNVEIL TWO MONUMENTS.

Camp No. 26, Woodmen of the World, will unveil a monument in memory of John W. Clapp at Guilford College Sunday afternoon at 2.30.

The members of the camp then will return to Greensboro, proceeding to Greene Hill cemetery, where they will unveil the monument of E. L. Henley.

Both men were members of the order who have recently died. It is expected that the ceremonies will be very impressive.

NEGRO CONVICTED OF LETTING HORSE STARVE.

That he permitted his old horse to die of starvation was the charge upon which Alphonzo Colton, negro boy, was arraigned and convicted in Municipal court Monday. The defendant was sentenced to 30 days in the city jail, to be hired out by the health department.

Death of Mary Frazier.

Mary Elizabeth Frazier, aged four years, died at 1 o'clock yesterday morning at the home of her parents, Mr. and Mrs. H. L. Frazier, 307 Hendrix street. She was a victim of an accident, having been painfully scalded by hot water on October 25. The little girl had been playing with some other children and upon finding sand in her shoe went to the Frazier home so that her mother could remove it. While standing next to her mother she lost her balance and fell, whereupon she clutched at a pan of hot water on the kitchen cabinet the contents of the pan drenched her head. Every possible effort was made to save her life, but proved unavailing.

The funeral was conducted at the home at 11 o'clock this morning by Rev. W. Miles, assistant pastor of the First Presbyterian church, and interment followed in Greene Hill cemetery.

Kiwanis Convention Tomorrow.

Greensboro Kiwanians are much interested in plans for the first annual convention of the Kiwanis clubs of the Carolinas district which will be held in Charlotte tomorrow. Officers and delegates from 21 clubs will be in attendance, as well as high officials of the Kiwanis organization from other states. An excellent program is in prospect.

Victim of Erysipelas.

Orthia Kathryn Ozment, aged three years, died Sunday night at the home of her parents, Mr. and Mrs. G. C. Ozment, near Guilford Battle Ground. Death was ascribed to erysipelas. The funeral was held Thursday afternoon at 4 o'clock at Pisgah Methodist church, interment following in the church cemetery.

HYMAN CHOSEN HEAD OF THE LEAGUE OF NATIONS

ASSEMBLY IS OPENED WITH THE RINGING OF ALL BELLS IN GENEVA.

Geneva, Nov. 15.—Paul Hymans, of Belgium, was elected permanent president of the league of nations at the opening session of the league's assembly here to-day. He received 35 votes to four votes for President Motta, of Switzerland, and one each for ex-President Ador, of Switzerland, and Leon Bourgeois, of France.

M. Hymans had called the delegates to order and introduced President Motta, of Switzerland, who in his address welcoming the delegates expressed the hope that the United States would not delay much longer in "taking its legitimate place in the league."

When M. Hymans, who heads the Belgian delegation and is a former foreign minister of Belgium, declared the first session of the assembly open, the hall was crowded with men and women and there were several women among the delegates. Their toilettes, with the quaint red and yellow gowns of the Swiss guards, gave touches of color to an otherwise sober scene.

M. Motta, in his greetings to the delegates, thanked the peace conference for having selected Geneva as the seat of the league of nations, also thanked President Wilson for calling the meeting in the seat of the league.

Bells of the City Ring.

The session of the league assembly was greeted with the ringing of all the bells in Geneva, after several minutes silence on the part of all the people of the Canton. President Motta, of Switzerland, was followed by M. Hymans.

The Socialist leader, Hjalmar Branting, head of the Swedish delegation, provoking the first debate by objecting to the election of Paul Hymans as president of the league by acclamation. M. Hymans himself decided the question by holding that, since one member requested a secret vote, he was entitled to it.

A more animated and more significant discussion grew out of the adoption of the agenda. Lord Robert Cecil, who represents South Africa, held that the application for membership of Albania, Bulgaria and Austria, which were received since the agenda was made up, should be added to it.

The assembly so decided after the French delegates, M. Vivi and Bourgeois, had made it clear that the applications would be referred to a committee to be examined and a decision taken as to whether they would be received.

This reservation, it is contended, will establish a precedent so that, if Germany's application is received later, the French delegates will be able at once to raise the question of eligibility.

Working Organization Formed.

The working organization of the assembly was formed this afternoon and consists of six committees, each with 41 members representing all the states attending. All questions on the agenda will be divided among these committees and will come up for debate on the floor only when the reports are submitted. The presidents of these committees will be ex-officio vice presidents of the assembly.

The debates to-day clearly indicated that Lord Robert Cecil, Leon Bourgeois, Rene Viviani and Signor Tittoni are likely to become leading figures on the floor, and that the small states are showing a spirit of independence, and will not accept prearranged programs without having their say.

Leavell-Blake Marriage.

Miss Lucie Louise Leavell, of Cuipeper, Va., and Charles J. Blake, of Greensboro, were united in marriage last Saturday evening in St. Stephen's Episcopal church, Cuipeper. After the ceremony there was a reception at the home of the bride's parents, Mr. and Mrs. Byrd Leavell, in Cuipeper, following which the bridal couple left on a northern trip. They will reside in Greensboro, where Mr. Blake is engaged in the insurance business. He is a son of Mr. and Mrs. Henry D. Blake, of Philadelphia.

WITH OUR BUSY ADVERTISERS

—Mr. J. Epps Brown, president of the Bell Telephone Co., has an interesting letter in another part of to-day's Patriot. If you are a phone subscriber be sure and read it.

—Stout winter shoes and good warm underwear for men, women and children at prices that will please you are among the seasonable goods advertised in bargain column by Thacker & Brockmann.

—Here's news—Thacker & Brockmann are going to move down on Davie street to the Lacy Andrew's corner now occupied by the Fleming Seed and Grocery Co. Read their announce on page seven.

—Undoubtedly one of the best window shades ever made is the "Cu-Co Springless Shade," made in Greensboro and sold at retail by the Greensboro Furniture Co., at 111 East Market street. See ad. on another page.

—Have you an electric searchlight on your car? If not go immediately to the McGlamery Auto Co.'s modern garage and secure one. It is very serviceable on dark nights or dark places in the road. See Mr. McGlamery's new ad. elsewhere.

—Sykes' kidney pills are highly recommended for all kidney and bladder troubles. It is a home remedy, put up by Mr. Ralph J. Sykes, the Elm street pharmacist, near the Southern passenger station. Get a box as soon as you read his card in another column.

—As prices fall your dollars will grow bigger—that is those that you deposit in the savings department of the Atlantic Bank and Trust Co. Four per cent interest is paid on deposits here, hence your money will be working for you while growing in value. See change of ad. on the second page.

—The cold wave got here all right, as we told you Monday it would, and many were caught unprepared. However, a good many Guilford farmers took our advice and visited Johnson, Hinkle & Co.'s and secured heavier underwear, overcoat, shoes and other cold weather wearables, and were not bothered by the cold wave in the least. If you were not one of them, pay Johnson, Hinkle & Co. a visit this week and secure what you need. See fresh notices in the bargain column.

—No one will dispute the fact that this is overcoat weather, with a big O. The Trivers Company has had made up a big lot of good warm overcoats especially for its 27 stores, and is selling them at a price which means a saving of \$10 to \$20. This saving is made by cutting out the middleman, as Trivers sells its own make of clothing and overcoats direct to the wearer. This week an extra pair of pants will be given with each suit sold. Turn to page six and get the details of this great offer.

—Farm tractors have been on the American market for the past twenty years and some three hundred thousand have been sold. Of this number 100,000—or one-third—are Fordson tractors, which shows the rapid demand for this piece of farm machinery. Mr. W. H. McGlamery, proprietor of the McGlamery Auto Co., would be pleased to have you call and get details of the merits of the Fordson, which is doing so much to assist the farmer in increasing his crops at a much less cost. See Mr. McGlamery's new Fordson ad. in another part of The Patriot today.

—Owing to pressing business in Virginia the Messrs. Thomas Brothers found it necessary to postpone the sale of the Truitt property advertised in Monday's Patriot, from Thursday, November 23, to Friday, November 26, next. This is one of the most valuable pieces of property yet offered so near Greensboro, being only a short distance beyond the incorporate limits on the High Point-Greensboro asphalt highway. Turn to the seventh page to-day and get a good description of this property and the very easy terms upon which it will be sold by the American Realty and Auction Company, with the world famous, Thomas Brothers crying the sale.

Marish-Thomas Marriage.

Mrs. Nona B. Marsh and J. M. Thomas, of High Point, were married yesterday afternoon at 4 o'clock at the home of Rev. R. C. Stubbins, pastor of Grace Methodist Protestant church. Rev. Mr. Stubbins performed the ceremony.

A conference of senators and representatives will soon be called "to consider the agricultural situation," it is announced. But many of the farmers would feel better if the senators and representatives would undertake to relieve, instead of "consider," the agricultural situation.

NATHAN TRIVERS & BRO.
LEASE "RECTOR'S" OLD SITE.

New York.—Where once the white lights burned brightest, men's clothing will soon be sold at retail. Nathan Trivers & Bro. announced yesterday that they have secured a long term lease on the property formerly occupied by "Rector's," at 48th street and Broadway, and will open their second New York retail store in the new location as soon as the necessary building changes can be made. While the length of the term of the lease was not given, it will run for a number of years and will involve a total rental of \$1,000,000. Efforts will be made to open the store before Christmas.

When the new store is thrown open to the public, it will form the 27th link in the chain of "maker-to-wearer" stores, operated under the Trivers' system.

The fixtures and general arrangements of the store will be substantially the same as in the present store at Broadway and 11th street.

"Despite the fact that many retailers and manufacturers are complaining of hard times, we are operating at full capacity, and there is no indication of any let up in our production," said A. Harris, advertising manager of the organization.

"Our policy of selling direct to the consumer enables us to manufacture merchandise at current market prices, and we are able to sell our merchandise to the consumers much cheaper than these retailers who own the bulk of their merchandise at peak prices. All of our stores are busy, because we are giving real values, and other retail stores would be busy if they would follow the same policy. In our proposed 48th street store the prices will range from \$30 to \$75, with a few suits over the \$75 mark."

NOTICE OF ELECTION ON BOND ISSUE FOR ROADS.

Notice is hereby given to the voters of Guilford county that the Board of County Commissioners of Guilford County has called an election to be held in the various precincts of said County on Tuesday, December 14, 1920, for the purpose of submitting to a vote of the qualified voters of said County the question of issuing Two Million (\$2,000,000.00) Dollars of bonds, all of which will fully appear in the following resolution passed by the Board at its regular meeting held on the 3rd day of November, 1920:

Resolved by the Board of Commissioners of Guilford County that in pursuance to the authority vested in them by virtue of an Act of the General Assembly of North Carolina entitled, "An Act to Authorize the Board of County Commissioners of Guilford County to issue Two Million (\$2,000,000.00) Dollars of bonds for road improvements and create a County highway commission," ratified on the 25th day of August, 1920, a special election in said County is hereby called to be held on the 14th day of December, 1920, for the purpose of submitting to the qualified voters of said County the question of issuing bonds of the par value of Two Million (\$2,000,000.00) Dollars, the proceeds of which are to be used for the purpose of grading, making, improving and building the public roads of said County. At which said election those favoring the issue of said bonds shall vote a ballot with the words "For Bond Issue," and those against the issue of said bonds shall vote a ballot with the words, "Against Bond Issue."

Resolved further that the election shall be held as provided by said Act and for that purpose the Registrars appointed by said Board are hereby directed, between the hours of 9 o'clock A. M. and sunset on each day (Sunday excepted) for twenty (20) days preceding the day for closing the Registration Books as hereinafter provided, to keep open said Books for the registration of any electors residing within each of said precincts and entitled to registration. That said books shall be closed for registration at sunset on the second Saturday before said election. On each Saturday during the period of registration the Registrar shall attend with his Registration Books at the polling place of his precinct or ward for the registration of voters. The votes shall be counted at the close of the polls and return thereof shall be made by the election officers to the Board of County Commissioners on the next Tuesday following the election, when said County Commissioners will tabulate and declare the result of said election.

By order of the Board.
W. C. BOREN,
Chairman of the Board of County Commissioners of Guilford County.

A LETTER OF GENERAL PUBLIC INTEREST AND THE REPLY

The Following Correspondence is of Vital Interest to Every Telephone User, Present and Prospective

New Orleans, La., October 12, 1920.

Mr. J. Epps Brown, President,
Bell Telephone Co., Atlanta, Ga.

Dear Sir: I have read the advertisement of your Company, but I do not understand why you must raise your rates now, when the prices of everything else are falling.

Will you please explain this?

Yours truly,

Atlanta, Ga., October 16, 1920.

Mr. J. Epps Brown, President,
Bell Telephone Co., Atlanta, Ga.

Dear Sir:—Your letter of October 12th asks a very natural question, and one which demands a full and frank reply, which I am glad to make.

While the prices of a great many things have, apparently, been reduced these reductions in prices do not apply to articles used by the telephone company, or affect the expenditures necessary in the construction, maintenance and operation of the telephone plant.

The following classes of expenses constitute more than ninety-five per cent of the cost of furnishing telephone service:

Labor.

More than fifty-five per cent of the total expenditure of the Company in rendering service are for wages and salaries; less than one-tenth of one per cent of this being for executive and general salaries.

The wages paid to our employees can not and should not, be reduced. On the contrary they must be increased, in many cases, to bring our wage scale on a level with wages paid by unregulated businesses, so that we may retain our skilled employees necessary to give you efficient service.

Materials and Apparatus.

Many items of material and apparatus are involved in the current maintenance of the property, entirely apart from the enormous quantities involved in the construction of new property, and this represents a large item of expense.

There has been no reduction, nor any indication of reduction, in the price of these essential articles, in practically all of which the labor, freight and hauling cost is by far the largest proportion of the total cost.

We know that the manufacturers of telephone equipment and material have orders booked for two years in advance, with a constantly increasing demand, and which in turn makes a reduction in price in the near future most improbable.

Freight and Passenger Costs.

Our annual expense for the transportation of freight and passengers is more than one million dollars. No higher plane than ever before. Insofar as the cost of materials may be reduced will this total cost be reduced.

Rent.

Except in the larger centers our central offices and stocks of material are housed in rented buildings, and even in the larger centers we rent varying amounts of properties.

Like everyone else, our rents have been greatly increased, with no prospect of any reduction. Even in pre-war days all leases for property occupied by us were renewed only at higher charges than for the previous rental period.

Hotels.

The board and lodging bill for our men, who must travel in connection with the operation and maintenance of the property, costs many thousands of dollars every year, and we can see no prospect of the hotels lowering their charges. Until they do we must pay the present high charges.

NOTICE OF SALE.

North Carolina, Guilford County, In the Superior Court.

Susan B. Waugh, Lee Waugh and wife, Carolina Waugh, P. W. Waugh and wife, Mary K. Waugh, William McPray and wife, Sallie McPray, Peyton Morris and wife, Mary Morris, John Cannon and wife, Sultana Cannon, vs.

Hevler Waugh, James Waugh and Kingsley Waugh, the last two being infant defendants.

Under and by virtue of an order of the Superior Court of Guilford County, N. C., made in the special proceedings entitled Susan B. Waugh et al. against Hevler Waugh et al., the same being number —, upon the special proceeding docket of the said court, the undersigned commissioner on

Monday, December 13, 1920, at 12 o'clock, noon, at the court house

Electric Power and Light; Street Car Fare.

We spend many thousands of dollars every year for these services rendered to employees engaged in the maintenance of the property. Practically every year the rates charged by these companies have been substantially increased, and there is no thought of any reduction. The Telephone Company, like all others, must pay these increased rates.

Paper, Printing and Stationery.

We consume tons of paper for book-keeping, correspondence and directory purposes, and pay many thousands of dollars for printing annually. This item of expense has increased in percentage more than the others, and no one has suggested that any reduction in these costs is probable.

Coal Bill.

The Telephone Company purchases coal in large quantities to heat the buildings occupied by its employees in rendering the service.

We, of course, must pay whatever price is necessary to secure the coal for this purpose.

Insurance.

Even where the actual rate per one thousand dollars has not been increased, we are compelled to carry a larger amount of insurance than in pre-war days in order to protect ourselves in the reproduction of any of the property which may be destroyed by fire and this is reflected in a very large increase in the total insurance bill.

Taxes.

This expense, both Federal, State, County and City, has increased every year we have been in business; the increase this year being unusually high. There is no probability of this expense being reduced.

We do not pay any excess profits tax because we have never earned enough to be subject to that tax.

Buildings.

It is common knowledge that the cost of erecting any kind of building now, as well as making alterations and repairs, which constantly confront the Telephone Company and which involve material, labor, freight and hauling, is on an enormously higher plane than ever before. Insofar as the cost of materials may be reduced will this total cost be reduced.

The only way we can furnish adequate facilities for your use from year to year is by constructing the buildings in which to house the central office apparatus in the larger centers; as well as enlarging existing buildings to serve the increased needs, and this work must be carried on from year to year without delay. This involves hundreds of thousands of dollars in expense to the Company.

There are, of course, many other items of expense, all of which are now at the highest level in prices, and none of which show any sign of reduction for fundamental reasons.

Until these necessary costs of operation are materially reduced we can not reduce the COSTS of furnishing telephone service.

We have carefully studied and analyzed the advertised reduction in prices and find that they are upon articles of which we make but little, if any use. Applied to the telephone business all known reduction in prices would not reduce the cost of furnishing telephone service one-twentieth of one per cent.

This is many times offset by the increase in wages which, in many places, we must make during the current year.

Our present operating revenues are practically equalled by our operating expenses. If the present let down in general business continues for any appreciable time we will lose a material part of the gross revenue now received, which will make a still higher rate necessary if a deficit is avoided.

We are not asking higher rates for the SAME SERVICE we furnished one, two or five years ago; but for a much GREATER SERVICE which we now furnish, consisting of facilities to add many additional telephones to our system during the past one, two and five years.

This fact should be considered when comparing the increase in rates we ask with the increase in the charges of railroad, express and other public utilities for the same quantity of service.

We hope, as every one does, that in the relatively near future prices and the costs of operation, except labor, will be lower, but we see no immediate prospect of this result as far as the Telephone Company is concerned.

The increased rates we are now asking are based, in a measure, upon this hope. If the present level of costs of operation go higher through causes beyond our control the proposed rates will not yield a fair profit.

It is important to remember that no rate for a public utility is permanent. If conditions and prices so change in the future as to make the rates we are now asking yield too high a return, and if the Telephone Company should not reduce the rates voluntarily, the Public Service Commission would.

Conditions as they are must be met, not as they may or should be.

The highest and best interest of the public is conserved in having the Telephone Company in position to supply facilities adequate to the demand for telephones and service and in this way be prepared to render at all times an adequate service. No community can expand and grow without adequate telephone service, which in turn means adequate plant facilities.

With inadequate returns upon the bare cost of the physical property already in service—the Company's credit has disappeared.

With no credit the Company cannot secure the millions of dollars required to provide the additions and extensions to its plant, which must be provided if the public demand for telephones is supplied.

Respectfully yours,

J. EPPS BROWN, President.

THE PEOPLE WILL RISE UP.

There was a time in North Caro-
lina when many otherwise liberal
minded men and women held ex-
tremely narrow views concerning
the matter of higher education.
There were some that regarded the
State University as the only proper
medium of spreading higher learn-
ing; others looked upon Wake For-
est, or Davidson, or Trinity, as being
the only source of disseminating the
light, each according to his individ-
ual faith or preference. The progress
or advancement of a single in-
stitution was viewed with sullen
jealousy by the adherents of the
others.

During the past decade the state
of North Carolina has made rapid
progress in providing means for the
elementary education of her boys
and girls. Each year the number of
high school graduates is increasing
by thousands and with compulsory
education in force the number will
continue to swell. Having led the
boys and girls onward, having forced
them to appreciate the value of an
education, having aroused within
them a desire for knowledge, having
lifted them up and inspired them to
seek higher things, the state of
North Carolina is now in the position
of being forced to slap these
boys and girls in the face with a
vicious sting when they apply for
admittance to college. Last year
over three thousand young men and
women had the door slammed in
their faces. Next year the number
will be increased and the year after
that it will be increased, and God
favoring, it will continue to increase
with the passing of each year.

The assembly of 600 earnest men
and women that met in this city last
week for the purpose of discussing
the educational situation in the
state indicated the dawning of a
brighter day for education in North
Carolina. There were members of
every faith and every sect, all gath-
ered under the same roof and around
the same table, all inspired with the
burning realization that North Car-
olina needs a better and bigger
Wake Forest, Greensboro College,
University, Trinity, State College for
Women, Agricultural and Engineer-
ing Institute, and so on through the
list of higher institutions of the
state. There is not only room for
each of these colleges, there is a
growing need for the greater develop-
ment and expansion of each.

It was a splendid scene to wit-
ness these busy citizens, gathered
from all parts of the state, applying
their most serious thoughts to this
vital problem. It was an auspicious
occasion for education.

Our beloved Aycock almost sin-
gle-handed aroused the people of
North Carolina to the needs of her
children, and the people responded.
With 600 disciples of the immortal
Aycock proclaiming his gospel un-
to all manner of men there can be
no doubt that the people will rise
up in their might and cast off this
menace that threatens to shut out
the light from the lives of thou-
sands of worthy young men and wo-
men of the Old North State.

LEAGUE OF NATIONS FUNCTION-
ING.

The league of nations which Sen-
ator Harding, following his election
to the presidency of the United
States, pronounced "deceased," now
gives evidence of being very much
alive. The first session of the
league was opened in Geneva last
Monday, with most of the nations of
the earth represented, the notable
exceptions being Germany, Austria
and Turkey—and the United States.

However, information obtained at
Geneva indicates general belief upon
the part of those comprising the
league assembly that the United
States will become a member of the
body. President-elect Harding, who
in a campaign address at Des Moines
declared he was in favor of staying
out of the league, will find it virtu-
ally impossible to ignore the general
demand of American people and of
other nations that this country as-
sist in the formulation of plans de-
signed to prevent recurrence of world
wars. Of course he is conscious of

the fact that a vast number of
Americans who voted for him firmly
believed that after his election he
would help to bring the United States
into the league. There may be some
Americans who expect Hiram John-
son and William E. Borah to direct
this country's foreign policy during
the Harding administration, but
such persons must be few in num-
ber.

Echoes from the first assembly of
the world association—or league—
clearly denote that although Presi-
dent Wilson's lofty views of organi-
zation have been temporarily
rejected in his own country, they
have found high favor in practical-
ly every other civilized nation. The
righteousness and wisdom of his for-
eign policy and his splendid vision
of the world's reconstruction needs
have been vindicated abroad, just as
they will be vindicated in this coun-
try, eventually.

Future developments will show
more and more life in the "deceas-
ed" organization, which was built
upon a solid rock and cannot be de-
stroyed by the bitter winds of ultra-
partisanship or the stormy effusions
of political demagoguery.

NOTICE OF COMMISSIONER'S AND

A FORDSON TRACTOR on the Farm means more prosperity for the Farmer. It doesn't
make any difference how you spell that prosperity—whether it's increased production; whether
it is in the saving that comes from a machine over a horse or mule; whether it comes in a re-
lease from the drudgery and all-day and all-night labor on the farm for both man and wife—
because the FORDSON answers all those problems to the satisfaction of the Farmer.

It can't be otherwise. These are the days of progress, and power on the farm is the neces-
sity. It is only a question of what kind of power the farmer is going to have, but no farmer
with the facts now before him can question the monetary advantage of machine power over
horse and mule power. The Tractor is the farmer's necessity just as much as the sun is the
necessity for growing crops.

All that is necessary for a farmer is to know his FORDSON TRACTOR as familiarly as he
understands the handling of a team of horses. He wants to use the same amount of reason
and common sense. In the FORDSON TRACTOR is the concentrated power of eighteen
horses, and as flexible as the movement of your arm—much more flexible than horse control—
and beyond all comparison much more economical both in service and in keep. Then it will
do so many things that horses and mules cannot do, and it doesn't eat when idle.

We don't believe there is any question in the mind of any farmer as to the necessity for a
Tractor, but he may have some doubt as to what make of Tractor, so that is the reason we are
putting this advertisement in The Patriot, to draw his attention to the FORDSON TRACTOR.
This is why we put the above argument before him, and why we now invite him to come in
to our place of business and view the FORDSON TRACTOR.

Let us show him what it has done.
Let us prove to him its superiority over
any other Tractor. It means more to
him than it does to us. When we sell a
Tractor, we make a small profit, but
when he buys a Tractor he buys a power
that is working for him every day in
the year; that is, if he buys a FORD-
SON—we can't speak for the other
kinds. COME IN TO-DAY.

NEIGHBORHOOD NEWS

GUILFORD COLLEGE.

Mr. Jesse A. Henley and family, who have been spending some time at Créws, Va., have returned to Guilford College to spend the winter.

Mrs. B. S. Kimrey is suffering with a severe attack of sciatic rheumatism, she has been confined to her room for some weeks.

Mr. and Mrs. W. H. Nelson, of Wilmington, Delaware, are visiting relatives and friends at this place.

Prof. Herbert W. Reynolds, who is now principal of the high school at Jonesville, Yadkin county, spent last Sunday night at the home of A. T. Millis. He was on his way to his school after attending Friends quarterly meeting at Center last Saturday and Sunday.

Mrs. Lula B. Stanley was called to Lumberton more than a week ago on account of the illness of her daughter living at that place.

Mrs. Annie Couch has just returned from a visit of several weeks with her son David, at Staten Island, N. Y.

Mr. L. E. Thomas, of Thomasville, spent part of Saturday and Sunday here.

We are glad to hear the report that Dr. Binford is recovering nicely from the operation which he underwent at the hospital, and the prospect is that he will soon be back at his work in the college.

Dr. L. L. Hobbs sailed for home about a week ago, and is expected to arrive in America within a few days. We hope he will be able to undergo the voyage without any serious inconvenience and that he may arrive at home safely.

It is the general expression of the voters in this section of the county unless some guarantee is given that all sections of the county shall receive their proportional part of the \$2,000,000 bond issue to be voted on December 14 their ballots will read "Against the bond issue." They say they are not in favor of paying tax to build a few miles of asphalt road between some of the larger cities to accommodate the automobile travel, while the farmers living in the rural sections of the county are compelled to haul their produce to market over roads very little better than they were ten years ago.

CENTER.

Mr. and Mrs. Tom Breedlove are smiling—it's a boy.

Mr. W. E. Woody and family spent Saturday and Sunday here with friends. Their home is at High Falls.

The cold wave hit us unexpectedly but hope for better things soon. Farmers would like a little rain to make the ground plow better. Several are not done sowing wheat yet.

Last Saturday and Sunday was Friends quarterly meeting. It was well attended by orderly crowds. There were several visiting ministers present. At the close of the meeting for worship on Sunday D. Reid Hodgkin, now at Chapel Hill, gave a splendid address on the subject of peace, showing the great need of universal peace. His plea for universal disarmament was listened to with keen interest by a crowded house. Our opinion has ever been that we do not need a great standing army or navy. The United States has been one of the least military nations of the world but her experience has ever been that she could get ready on short notice when it was deemed necessary. So we wish to agree with the young man that a great military force is not the surest guarantee of peace.

The work of remodeling the church here is about complete except a little painting.

On next Saturday at 3.30 P. M. the trustees will sell at auction a lot of scrap lumber, some flooring, roofing, lot of iron pulleys, rope and other things.

Miss Mattie Farlow came home from school at Trinity to attend quarterly meeting.

By the way, they all agree that Harding is elected. Oh, well, may be he'll do as well as any other white man after all. Theodore Roosevelt said of President Wilson it is our duty to stand by the president, so let's turn the thing around.

TABERNACLE.

Mr. and Mrs. H. L. Coble and sons, of Greensboro, spent Sunday afternoon with his mother, Mrs. J. P. Coble.

Mr. Clarence Hanner was a welcome visitor at Mr. J. H. Burrows Sunday night.

We are sorry to note that Mrs. Otho May is on the sick list.

Mr. Floyd Kennett, of Greensboro, was a welcome caller at Mr. H. C. Causey's Sunday evening.

The party given by Miss Glydas Reynolds Saturday night was enjoyed by all present.

There will be preaching at this

place Sunday afternoon at 3 o'clock.

There will be an entertainment given at Tabernacle church by the Sunday school Thursday night, November 25, at 7.30 o'clock. The proceeds will be used for the benefit of the Sunday school. The public is most cordially invited.

146-YEAR-OLD MAN

SICK FOR THE FIRST TIME.

Constantinople, Oct. 18.—Turkey's 146-year-old man, Zora Mehmed, reputed to be the oldest man in the world, is ill with indigestion. This is the first time Zora has ever been ill. He complains that it is because of a set of false teeth.

Zora has always been a hamal, that is a carrier of heavy weight, ranging from 200 to 1,000 pounds. When he was 45 years of age, that is during the Napoleonic wars, he tried to lift, on a bet, 500 pounds with his teeth and ruined them. He went along until about 1850 without any teeth and then he obtained a set which has worn out. About 20 years ago, he got another set. He claims these teeth have given him indigestion which has finally landed him in the hospital.

"When I get a new set of teeth, I shall be all right again for another half of century," he said.

Until his present illness, Zora was employed as a hamal, at the Turkish naval base. He was born at Bitlis, in Turkish Armenia in the year 1774, just before the American Revolution, but does not remember that event. Zora has a son aged 90 and a young daughter aged 50. His heart and eyes are still good and he looks like a man of 70. He offers his passport as proof of his age, as well as the birth records in the mosque at Bitlis.

PORT PLAN TO TAKE OFFICES OUT OF POLITICS

CONGRESSIONAL PRELIMINARY THAT HARDING WILL CARRY FORMER EXECUTIVE ORDER.

Washington, Nov. 15.—Strong opposition is entertained among members of Congress and officials of the executive branch of the government to the plan of selecting government employees, particularly postmasters, by the executive order of President Harding. The plan, which was carried forward by President Wilson in 1917, is being reconsidered by the executive order of President Harding.

The late Theodore Roosevelt in 1901, when he was president, had the civil service reform in so far as it applies to postmasters when, in executive order, he brought fifteen thousand postmasters of the United States out of the political class and placed them under the rules of the civil service.

President Taft, in the succeeding administration, went further and extended this order so as to include all the postmasters in the United States of the fourth class, at that time more than 50,000.

After the Taft order was issued, the appointment of postmasters was made by the commission created by the commission accorded to grade but for the first four years of the Wilson administration.

First, second and third class appointments were made by the President upon the usual recommendations of the senator and member of Congress in whose district the vacancy occurred.

The presidential order of March 1917, changed this manner of appointing postmasters to the present system.

Must be Examined.

Applicants for these offices since 1917 have to stand examination and their eligibility is determined by their grade. From a list of the three highest eligibles, the President or Democrat, whichever becomes entitled to the appointment, unless there are brought against the grade of such eligible in which the second highest is appointed. Congressional influence was practically done away with by this order. Usually, in a Democratic season, Democrats who did not make high marks as Republicans were dissatisfied and the breach between President Wilson and Senator David Walsh, of Boston, had its origin on account of this order. Republican was appointed postmaster at Boston, one of the best offices in the country. The condition in St. Louis is said to be responsible for the bitterness Senator James A. Reed toward President.

HUNDREDS CHILDREN ESCAPE FROM BURNING BUILDING.

Alhambra, Nov. 15.—The main building of the city graded school was destroyed by fire at 10 o'clock this morning. Nine classes in the building and school was in session but all the children escaped without confusion or injury. The high school building which is located nearby on the same grounds was not damaged at all. Very little of the school furniture was saved. Many of the children lost their books.

A new heating plant had been installed and this is practically a total wreck. It is thought the fire originated from a spark from the fine catching dry leaves in the gutters and setting the shingles on fire.

This afternoon when the school was closed they accepted the offer of various churches who offered the school rooms of their churches for temporary housing of the children and it was decided to carry the class room work in these churches until the school building is ready to receive the children. At the same meeting the board decided to restore the building with some changes.

A building committee consisting of J. P. Harris, W. L. Mann, H. L. Mann, from the board and J. A. Mann, mayor of the town, and J. E. Mann, was appointed and a local contractor was employed to reconstruct the burned building.

MAY CONTEST FIFTEEN SEATS IN THE HOUSE.

Washington, Nov. 15.—Notice of five contests for seats in the next house of representatives already have been filed with William Tyler Page, clerk of the house, and Mr. Page said to-day he expected that at least fifteen seats would be contested.

The contests already filed involve the seats of five Democrats: Representatives John W. Rainey, of the fourth Illinois district, and Sabath, of the fifth Illinois district; Stanley H. Kunz, of the eighth Illinois district; John J. Kindred, of the second New York district, and F. B. Swank, of the fifth Oklahoma district.

A revised list of members of the new house of representatives, prepared by the clerk of the house and based on unofficial reports of the elections shows 302 Republicans, 132 Democrats and one Socialist. First

reports to the clerk a week ago indicated that the next house would be composed of 307 Republicans, 127 Democrats and one Socialist.

REIDSVILLE BOY KILLED WHEN TRAIN HITS AUTO.

Danville, Va., Nov. 16.—Scott Tillman, aged 12, of Reidsville, N. C., was fatally injured early this afternoon and G. E. Barber was slightly injured when an auto which Barber was driving near the North Carolina town was struck by northbound train No. 136 of the Southern. Barber failed to see the train through his rain dimmed windshield and he crossed the track only to be caught by the engine which demolished the car and flung both occupants some distance. The little boy suffered internal injuries and a fractured skull. He died early tonight.

The train stopped and both of the injured were taken aboard and brought to Danville, where an ambulance met the train.

CLERK-CARRIER EXAMINATION TO BE HELD DECEMBER 11.

There will be a clerk-carrier examination under the civil service at the postoffice in Greensboro, N. C., December 11, 1920, at 9 o'clock A. M. in the civil service room on the third floor. This is an open competitive examination for clerks and carriers for the Greensboro, N. C., postoffice. There are several vacancies at this office and this is an opportunity for employment under the civil service where the prospects for promotion are sure if one makes good. Salaries at postoffices are likely to remain high when salaries elsewhere become low.

In order to stand the examination the applicant must be at least eighteen years old but not over forty-five, must be five feet four inches in height and weigh at least one hundred and twenty-five pounds. Height and weight requirements do not apply to persons entitled to preference because of military or naval service. Applicant must also be in good physical condition. Each applicant is required to submit on the day of examination an unmounted photograph which will cover one-half of the postal card and must make application to stand the examination on a blank to be furnished by the civil service secretary at the postoffice information window.

Postoffice clerks and carriers may retire at the age of sixty-five years with a pension for life.

Invitations to Wedding.

Invitations to the wedding of Miss Adelaide Van Noppen, of this city, and George Howard, Jr., of Tarboro, have been issued. The marriage will be celebrated at 6.30 P. M. Wednesday, December 1, in the First Presbyterian church in this city.

P. O. CLERK INGENUOUSLY STOWS AWAY BIG THEFTS.

The Raleigh News and Observer of yesterday contained this account of the ingenuity of a postoffice clerk in a Vance county postoffice:

Having ridden gaily around Vance County with the infer tube of the extra tire on the back of his automobile stuffed with bills and liberty bonds amounting to about \$18,000, which he had rifled from registered letters and packages, Loren Vernon Graves, a clerk in the postoffice at Henderson, was yesterday arrested by a squad of postoffice inspectors, and after a paring here, is now in the Wake county jail in default of payment of \$10,000 bond.

Graves is a native of Williamsburg, Kansas, having been transferred to Henderson on May 1, from Omaha, Nebraska, where he held a position of clerk in the postoffice there. His arrest was the result of thefts made on registered mail in the Henderson office, one arousing the suspicion of officials on August 4, and another on November 3, together amounting to something like \$21,000, of which \$18,000 was recovered ingeniously hidden in the inner tube.

With each succeeding haul from the mails the extra tire on the back of Graves' machine rose in value. Innocent looking though it remained, until, after his confession upon cross-examination, it was ripped open by Inspector Purdum, and bills in profusion, together with liberty bonds and a few deeds tumbled out, totalling the above amount. According to Inspector Purdum, it was like cutting open a big bologna sausage and discovering surprising contents.

Graves is a married man with a wife and small baby.

The case was handled by Inspectors Purdum, Hodgins, Rice, Dixon and Kahn. Inspector Purdum was in charge. They had worked on the case since November 3, but it was only when the prisoner, whose salary was \$150 monthly, bought an automobile and otherwise demonstrated that he was living beyond his income, did the suspicion of the inspectors turn toward Graves. More than two thousand dollars, missed from the mails in the Henderson office, are yet unaccounted for.

The home brew business also appears to be facing a crisis.

THE J. R. TRUITT PROPERTY NEAR GREENSBORO, ON

Friday, November 26th, at 2.30 P. M.

This property is located just 2 1-2 miles from the corporate limits of Greensboro, on the Greensboro-High Point Asphalt Highway, just beyond Dr. Moore's property.

Mr. Truitt, the owner of this property, has placed it in our hands to be sold absolutely regardless of price. It is the closest in property on the High Point Road that can be bought at any price. On the adjoining property Dr. Moore is now erecting a handsome modern home that will cost around twenty-five thousand dollars, and beyond this property towards High Point are beautiful homes, the Latham Company having spent quite a bit of money developing their holdings.

This property is just at the intersection of the road leading from Pomona to the High Point Road, which makes it very desirable property for those wanting a suburban home, who works at the Southern Railway Shops or the Pomona Mills. You will find in this property just what you want in any suburban home site—beautiful groves, and plenty of woodland. It will be sub-divided into large lots and small farms, and sold on very easy terms, which will be announced on the day of sale.

A Rare Opportunity is Offered for an Investment in this Property.
