W. H. STONE DIES IN NEW YORK HOSPITAL

LEADING BUSINESS MAN OF GREENSBORO VICTIM OF ABCESS OF THE LIVER.

W. H. Stone, one of the leading business men of Greensboro and one of the state's prominent citizens, died at the Post-Graduate hospital, New York, at 10:30 o'clock Monday night.

About three weeks ago Mr. Stone went from Greensboro to New York on a business trip. About two weeks ago he became ill at his New York hotel and on Sunday, July 24, he underwent an operation at the Post-Graduate hospital. Following the operation he seemed to improve in health at times, but some days ago his condition became more critical. Death was ascribed to abscess of the liver. Although the end was not entirely unexpected, it nevertheless came as a shock to the numerous friends of Mr. Stone.

Mr. Stone was 54 years of age, a native of Raleigh. He was the son of William H. Stone and Elizabeth Potter Stone. He was twice married. The first marriage, which occurred 25 years ago, was to Miss Fannie Moore, of Jacksonville, Fla. Two children were born of this union, those being John Stone and Miss Fannie Moore Stone, who were at their father's bedside when the end came.

After the death of his first wife, which occurred about 25 years ago, Mr. Stone married Miss Louise Goodson, of Danville, Va., and to them six children were born, these being William, Helen, James, Frank, George and Louise Stone. Besides his mother, widow and eight children, Mr. Stone is survived by two sisters, Mrs. M. E. Armfield, of Greensboro, and Mrs. Emma Tilley, who recently moved to this city from Columbia, S. C.

For many years Mr. Stone had been successfully engaged in the mercantile business. He was one of the founders of the Ellis-Stone Company when it was organized in Durham 25 years ago, and 17 years ago he came to Greensboro and opened the present store of the company on South Elm street. Last year the company opened a store in Winston-Salem.

Mr. Stone was actively interested in numerous progressive public enterprises. He was a member of the First Presbyterian church of this city. He also was a member of a number of fraternal organizations. A man of splendid character and many admirable traits, he possessed an unusually large number of devoted friends to whom the news of his death brings keen sorrow.

Funeral services for Mr. Stone will be held at 5 o'clock this afternoon at the Stone home, 511 North Elm street. Practically every merchant in Greensboro has agreed to close his store while the funeral is being held, showing this mark of respect and esteem for their departed fellow-business man. Rev. Melton Clark, D. D., former pastor of the First Presbyterian church, and now a member of the faculty of the Presbyterian seminary in Columbia, S. C., will conduct the service, assisted by Rev. R. Murphy Williams, pastor of the Presbyterian Church of the Covenant; Rev. E. L. Bain, D. D., pastor of West Market Street Methodist church; Rev. R. W. Miles, assistant pastor of the First Presbyterian church. Mr. Stone's pastor, Rev. Charles F. Myers, is absent from the city.

Community Buildings For Two Mill Towns Planned.

About \$500,000 will be expended by the Proximity Manufacturing Company for construction of two two-story community buildings, one of which will be located at the White Oak cotton mills and the other at Proximity cotton mills, according to announcement made by Julius W. Cone, a high official of the company. Work has already been begun on the Proximity building. This structure of reinforced concrete and brick veneer will probably not be completed before next spring. Several months will elapse before actual construction has started on the White Oak building. The buildings will be equipped with gymnasium facilities, swimming pools, lounging rooms and writing compartments, to be utilized by the mill employees.

IMPORTANT MATTERS ARE CONSIDERED BY BOARD

COUNTY COMMISSIONERS DISCUSS ROADS, SCHOOLS AND HEALTH—JURORS DRAWN.

Questions pertaining to roads, schools and health were considered by the county commissioners at their regular monthly meeting at the court house Monday and Tuesday. Jurors for the September term of Superior court were also drawn. Considerable attention was given to plans for development of the rock quarry which the county proposes to operate. Some machinery to be used at the quarry has been ordered and other orders will be placed later, it is expected. Progress of substantial character is being made on hard-surface road construction in the county, the commissioners agreed.

The board canvassed the returns and found that the consolidation issue carried in the Alamance district. As a result of the election, which was held in July, five small schools in that district will be merged into one large school, which will be located near Alamance church. County officials are making plans to repair the roads leading to Alamance church so that the trucks transporting children to the school may find travel easy. Returns from the election recently held in Oak Ridge township also were canvassed and the commissioners declared that the special tax for schools had been voted off.

Dr. W. M. Jones, county health officer, submitted his monthly report, which showed that health conditions in the county were very encouraging. During the month of July nine cases of typhoid fever were reported to Dr. Jones, two cases of diphtheria and two cases of whooping cough, while there were no reports of scarlet fever or chicken pox. The health officer stated that there was a reduction of 40 per cent in the number of typhoid cases last month as compared with July, 1919.

Jurors chosen to serve at the term of criminal court, which will begin September 20, and the term of civil court, which will convene September 27, are as follows:

R. E. Apple, R. O. Brann, Joe E. Brown, J. W. Apple, Lacy Summers, W. R. Zimmerman, C. J. Black, W. D. Humble, A. B. Phillippe, J. D. Huffine, W. R. Moore, H. W. Lambeth, E. M. Hubbard, T. L. Reunion of the Coble Family.

The sixth annual reunion of the Coble and allied families will be held at Coble's Evangelical Lutheran church, twelve miles southeast of Greensboro, and five miles north of Julian on next Wednesday, August 11. Senator Lee S. Overman has been invited to address the assembly and has written Mr. G. O. Coble that he will be sure to be present and participate in the program of the occasion. This is one of the leading events in southeast Guilford, and is always looked forward to with a great deal of pleasant anticipation. The public is invited to come and bring a well filled basket, hear Senator Overman and enjoy the festivities of the reunion.

Juniors to Meet at New Bern.

Members of the Junior Order United American Mechanics in this section are planning to attend the annual meeting of the state council, which will be held in New Bern August 17, 18 and 19. An interesting program is in prospect.

HOUSE AND SENATE COMMITTEES DISCUSS TAX PROGRAM FOR SPECIAL SESSION.

Raleigh, Aug. 3.—While total figures on revaluation are incomplete, the opinion is still maintained that taxable property in North Carolina will amount to between four and a half and five billion dollars.

It was agreed by the joint finance and constitutional amendment committees of the house and senate in session this afternoon that the tax limitation in the constitution must be materially reduced. A state and county limit of between 15 and 25 cents is looked for for general purposes. This does not include school taxes.

For the first time in the history of North Carolina cities and towns will be under constitutional tax rate limitations if the present plan goes through.

The question of "necessary expenses" provided for in the proposed constitutional amendment will be given careful attention and the committees will endeavor to see to it that no loopholes are allowed whereby excessive taxes can be imposed on any community.

Discussion centered to-day about the question of whether special taxes should be authorized by "the number of votes cast" or "a majority of qualified voters in a community." Upon motion of Senator James A. Gray, of Forsyth, all cities, towns and counties of North Carolina were invited to send members of their governing bodies to Raleigh next Tuesday to meet with the committees in the rooms of the state tax commission at 3 o'clock P. M. to agree upon a 1920 tax rate.

The committees this morning met in conference with Governor Bickett, when they freely discussed the tax program that confronts the special session of that legislature, which meets next Tuesday.

The following was drawn as a basis for a constitutional amendment on tax limitation to be submitted to the voters of the state:

"By striking out section six of article V and substituting therefor as follows: 'Section 6. No tax on property even for a necessary expense, shall be levied by the state at a rate greater than — cents on the \$100, nor by the several counties for county purposes at a rate greater than — cents on the \$100, nor by any city, town or incorporated village at a rate greater than — cents on the \$100, unless the question of a higher rate shall have been approved and submitted to the voters in the territory affected and approved by a majority of the votes cast at an election for that purpose held under the regulations prescribed for same by the general assembly: Provided, that this section shall not apply to taxes levied for the maintenance of the public schools for the term required by article nine, section three, of this constitution, nor to taxes by counties, cities and towns heretofore authorized, which are to be applied solely to the payment of debts already contracted and interest on same.'"

At 3:30 this afternoon the committees in joint session met in the senate chamber. There was some discussion as to whether the meeting should be an executive one. It

was decided that it should be an open meeting, as questions to be discussed concerned the people of the whole state and there should be nothing that should suggest secrecy.

Chairman Lee and Commissioners Maxwell, Pell and others were heard. There were no complete figures on which to base an agreement on tax limitations. The tentative constitutional amendment was discussed until 6 o'clock, when an adjournment was taken until tomorrow morning at 10 o'clock.

TWO BLOCKADE STILLS AND TWO MEN ARE CAPTURED.

County and federal officers yesterday captured two blockade stills in Guilford county, one being located in Greene and the other in Friendship township. R. D. Brothers and George Coble, white men, were arrested and released upon furnishing \$500 bond each for appearance before Squire D. H. Collins, in this city. They will be given a hearing Saturday.

The plant in Greene township, which was of 60-gallon capacity, was found by Revenue Agent J. H. Johnson, Deputy Sheriffs B. O. Clark and W. T. Bowman. This plant was in operation, it was stated. The still was located within about a mile of Bennett's store, according to the officers. At that plant Brothers and Coble were arrested, the officers destroying about 200 gallons of beer and brought the hot copper outfit back to the city with them.

Later in the day Revenue Agent Johnson, Deputy Sheriffs Clark, M. D. Caffey and Floyd Brown, found a 35-gallon still about two miles west of Guilford College. This liquor mill was not in operation and no one was found on the scene. The officers poured out 150 gallons of beer and brought the illicit distillery to the city, to be destroyed in accordance with the law.

PLAY COURSE FOR PRINTERS IN GREENSBORO HIGH SCHOOL.

Tentative plans for establishment of a department of instruction in printing at the Greensboro high school were formulated Monday afternoon at the Henneffe cafe, where a number of men representing the printing business of Greensboro assembled at luncheon to discuss the project. Following extended discussion these men decided to support the proposition. A teacher will be employed and the course will be started at the opening of the high school next fall. Three-fourths of the instructor's salary will be paid by the federal and state government, the remainder to be paid by the city school board, while representatives of the printing business of the city will defray the cost of equipment to be installed for practice work in the basement of the building.

J. J. Stone, E. B. Jeffress and W. H. Fisher were appointed members of a committee charged with the duty of purchasing the equipment for the proposed printing school, while the following men were named as members of a committee on placement of the equipment: Vander Liles, C. G. Harrison, C. B. Kendall and E. A. Woodall.

Attending the meeting were E. B. Jeffress, Charles G. Harrison, J. J. Stone, E. A. Woodall, J. J. Williams, C. M. Waynick, W. H. Fisher, Vander Liles and Dan R. Price, principal of the high school.

G. T. HYATT TALKS TO FARMERS OF COUNTY

FARM BUREAU OFFICER TELLS OF MARKETING PLANS AND OTHER ENTERPRISES.

Addressing more than one hundred Guilford county farmers at the court house Monday G. T. Hyatt, assistant secretary of the American Farm Bureau Federation, with headquarters in Chicago, made a plea for organized co-operation in order that the agricultural interests of the country may best be served. His subject was "The Relation of Farmers to Business and the Need of Organization of Farmers to Conduct Business."

The principal problem of the farmer, Mr. Hyatt declared, is marketing. Referring to oft-repeated requests for increased production, he said it has always been the object of the farmer to produce as much as he could notwithstanding the fact that frequently the large crop yielded smaller returns than the small crop, a fact which he attributed to unsatisfactory marketing conditions.

However, it is not the purpose of the farm bureau to market commodities, the speaker pointed out, on the other hand, marketing is a problem for specialists, he said. Discussing objects of the bureau, he stressed the importance of educational work in the interest of the farmers, especially along lines of legislation. The bureau proposes to render service to the farmers along many practical lines, Mr. Hyatt said.

At the close of the address several new members were added to the Guilford County Farm Bureau, the farmers evidencing keen interest in the organization.

WHITE CHILD PASSES IN HOME OF NEGROES.

Margaret Marie Bach, aged 11 months, daughter of Mr. and Mrs. Ernest Bach, of New York, died Tuesday morning in the home of negroes near Guilford Battle Ground, where she had been staying 13 days. Death was attributed to cholera morbus. Wednesday afternoon the remains were shipped to the home of the child's parents, No. 30, 102nd street, New York, for funeral and interment.

Daniel Davis and his wife, a negro couple who formerly lived near Guilford Battle Ground, came from New York to Greensboro about two weeks ago for a visit, and they brought the white child with them. The woman showed letters from the child's parents, giving their consent for her to bring the little girl to Guilford county. It was stated that the Davis woman had nursed the child since the latter was about five weeks old. The Davis' were visiting negro friends in the Guilford College section when the child became ill.

The negro couple accompanied the body back to New York, the child's father instructing that the remains be sent there.

Plan Reunion at New Garden School.

Many former students of the old New Garden boarding school, the institution upon which Guilford College was built, will meet there Saturday afternoon, August 7, at a reunion. Women from all parts of the state will attend, it is expected. A remarkably interesting program will be presented.

FRIENDS ARE MEETING AT GUILFORD COLLEGE

MANY IMPORTANT AND INTERESTING TOPICS BEING CONSIDERED.

Interesting sessions are being held daily by the Friends of North Carolina at their yearly meeting at Guilford College. This is the 23rd session of the North Carolina yearly meeting and is being attended by a large number of ministers and laymen.

The first session was held at 8:30 Tuesday morning, with Clara I. Cox, of High Point, as leader, assisted by Anna E. Williams, of Guilford College. The subject of this meeting was "Restoration." The first business session was held at 10 o'clock Tuesday, with Zeno H. Dixon, of Elkin, as presiding clerk, assisted by Clara I. Cox, as recording clerk, Emma V. Mendenhall, of High Point, as reading clerk, and Herbert W. Reynolds, of Randleman, as announcing clerk.

Among the visitors presented from other yearly meetings were Dr. and Mrs. Allen D. Hole, of Earlham College, Richmond, Ind., and Charles L. Conover, of Oskaloosa, Iowa.

Miss Clara I. Cox resigned as recording clerk and her place was filled by Alice W. Mendenhall, of High Point. With this exception, the nominating committees presented the names of the same clerks for 1920-21 who have served during the last year.

Reports submitted showed the spiritual condition of the many meetings as eminently satisfactory. Prominent activities of the year were the Sabbath school, Christian Endeavor and missions, including war service work. Dr. Allen D. Hale delivered an inspirational address, declaring that "We must make public sentiment to back the law. Second, we must keep the laws now enacted and add to them. There is no retrogression. Third, we must make the world free!" Efforts to Christianize the world cannot be successful, he declared, "except where the laws of God have been embodied in the laws enacted by the law-abiding bodies of men."

Devotional exercises yesterday morning were conducted by Rev. Mr. Price and Rev. Chase L. Conover. The topic of morning discussion was "Consistency of Life." At this session the resignation of Herbert W. Reynolds as announcing clerk was made known and Richard Hobbs was appointed as his successor.

Following lengthy discussion it was decided that the business sessions of the yearly meeting would end Saturday afternoon and that the evangelistic committee would have charge of the services Sunday at Guilford College.

Yesterday afternoon A. Knight, of Baltimore, conducted the devotional exercises, after which Rev. and Mrs. Oscar Thompson, of Sterling, Kans., were presented as visitors to the yearly meeting. The epistles from the Ohio and Iowa meetings were read. The one from Iowa expressed gratitude "to our Heavenly Father that the terrible carnage of war has ceased," and denounced efforts of "the militarists of our country to fasten upon the young manhood of our nation universal military training—the germ of the very Prussianism for the defeat and overthrow of which 11,000,000 new graves were filled."

An interesting address was delivered yesterday afternoon by Dr. Allen D. Hole, chairman of peace and reconstruction of the five years board. A letter from Alfred Scatgood, of the Friends' service in Germany was read and evoked keen interest.

Important and highly interesting sessions are being held to-day.

Mrs. Emma Riley Dead.

Mrs. Emma McPherson Riley, aged 27, died Tuesday afternoon at the home of her mother, Mrs. James McPherson, No. 3 Latham street, Pomona, following a long illness. Her mother survives and she also leaves four sisters and two brothers, Mrs. W. W. Parrish, of Pomona; Mrs. W. O. Carter, of Kernersville; Mrs. J. Y. Moore, of Pomona; Mrs. Clarence Pount, of Oaspee; Robert McPherson, of Gibsonville, and Tom McPherson, of Pomona. The funeral was held at the home this morning, interment following at Liberty.

REPUBLICANS GETTING UNEASY ABOUT THE NEXT SENATE MAJORITY.

Washington, Aug. 3.—Whether Republican headquarters for the southern states shall be located in Atlanta or some point in North Carolina was said here to-day to be the only thing standing in the way of formal announcement by the Republican national committee of the establishment of such headquarters.

It was said by a leading Republican politician that Atlanta is being urged because of its strategic railroad position and mail facilities. On the other hand, it was argued, the Republicans have a better chance to carry North Carolina than any other southern state and some of Chairman Hays' advisers are strongly advising him to open headquarters at either Greensboro, Charlotte or Raleigh. South Carolina suggestions have about been abandoned.

Former Senator Marion Butler, of North Carolina, is keeping in close touch with the southern headquarters movement and remains confident that official announcement of location soon will come from the chairman of the Republican national committee. It is understood here that Chairman Hays has definitely agreed to open southern headquarters as a part of the plan for "breaking into the solid south" this year.

One additional argument is being advanced in favor of Atlanta. Henry Lincoln Johnson, a negro, was elected at Chicago as Republican national committeeman from Georgia, the first time such an office has been filled by a negro. Republican leaders here and in New York know that this has retarded to an extent the Republican proselyting among white voters in the south. The race question will not down, and the selection of Johnson has not brought any appreciable number of white voters into the G. O. P. fold down in Dixie.

Send Negro Committeeman North. It has been quietly suggested by some of the Republican leaders that one way to offset the effect of the Johnson election and to placate the "lily whites" of the south is to designate Atlanta as southern headquarters and then put a white man in charge. Meanwhile Johnson, the negro committeeman, might be sent to make speeches and do missionary work up north or in the middle west.

Establishment of G. O. P. headquarters in Atlanta with a white politician in charge, some of the Republican advisers of Hays are arguing, would refute the argument that the party in the south, and particularly in Georgia, is more of a negro man's party than a white man's party. This point is being carefully weighed by promoters of the southern headquarters movement.

However, there is no doubt the G. O. P. leaders think they have a better chance in North Carolina this year than any other state south of the Mason and Dixie line. It would be good strategy, they say, to establish these headquarters in the Tar Heel state in the hope of defeating Senator Overman and picking off possibly the governor and a congressman or so. Republicans just now are more concerned about maintaining control of the senate than about Harding and Coolidge. They are confident of the election of the presidential ticket. They are not so sanguine about their senate majority, which is now only two. Of this majority of two, Senator Newberry, of Michigan, recently convicted and

These sales will be conducted by the American Realty and Auction Co., with the famous Thomas Brothers doing the crying. See page announcement in to-day's Patriot for details.

—To-day the Morrison-Neese Furniture Company began a one week sale of furniture and household necessities that mean a great saving to all those who take advantage of Manager Morrison's liberal offers. The discount will range from fifteen to thirty-three and one-third per cent, which should appeal to every head of a family in Guilford. A close perusal of Mr. Morrison's big announcement in another part of to-day's Patriot will convince you that great savings can be made during this sale on depending household goods. Read it over carefully and take advantage of Mr. Morrison's offer while you have the opportunity.

NEW LOANS TO BE MADE TO RAILROADS.

Washington, July 29.—Approval of three new loans to railroads aggregating \$18,915,000 was announced to-day by the interstate commerce commission.

A loan of \$17,910,000 to the Great Northern Railway Company was approved by the commission to enable the road to purchase additional locomotives, steel ore cars, freight cars and for additions and betterment which will directly promote the movement of freight cars.

The Central of Georgia Railway Company was loaned \$681,000 for the purchase of additional equipment, and the Atlanta, Birmingham and Atlantic Railway Company was extended a credit of \$200,000 to aid in meeting a maturity of \$475,000 which was due July 19.

NO OCCASION FOR ALARM BECAUSE OF RATE INCREASE

ECONOMIST FOR RAILROAD LABOR ORGANIZATIONS SHIFTS BURDEN TO ROADS.

Washington, Aug. 2.—Railroad rate increases authorized by the interstate commerce commission "should have no appreciable effect on the prices of the vast majority of things which the ordinary consumer purchases," according to an analysis of the possible effect of the advanced rates made public tonight by W. Jett Dauck, economist for the railroad labor organizations. At the same time Mr. Dauck asserted that "there would have been no occasion for so large an advance" if the roads had been better managed, made free of "water" in capitalization and were not themselves the victims of profiteers to the extent of \$500,000,000 a year in purchase of supplies and equipment.

"Still there is no occasion for alarm in the prospect of an addition of a billion and a half dollars to the annual transportation bill of the country," the statement said, "provided this item is not multiplied four or five times before it is presented to the people for payment. For instance, by no possible computation can the increased rates be made to justify an increase of one cent per pound in the price of meat or five cents per pair in the price of shoes or ten cents in the price of a suit of clothes or one-fourth of one cent in the price of a loaf of bread. Hence the public should be informed and the forces of government should be on guard to see that no unjustifiable burden is imposed on the people as a result of the interstate commerce commission's solution of the financial problems of the railroads.

Coal, Mr. Dauck said, was one commodity the price of which would be "directly and appreciably increased" to the consumer by the rate advance, the amount being from 75 cents to \$1.35 per ton. Including all of the transportation costs entering into wholesale meat prices, he asserted, naming the hauling of feed to cattle and the movement of livestock before killing, the maximum effect of the advance would be less than a cent a pound. On flour he said, the increased cost at Philadelphia would amount to 33 cents a barrel, while on a suit of clothes made on the Atlantic coast and retailed on the Pacific the increased freight would amount to nine cents.

"The great industries of the country could amply afford to deduct the increased freight rate from the price of their products," he added, after presenting some statistics on profits of producing corporations. "Thus allowing the commodity to reach the retailer at the same price as formerly. By so doing they would be decreasing their excess profits less than one-fourth and would still have left their full normal profit and three-fourths or more of the excess profit which they are now making."

Commits Suicide Beside Her Husband.

Chattanooga, Tenn., Aug. 2.—Mrs. H. Wooten, 30, a bride of two weeks, and former school teacher, committed suicide as she lay in bed beside her husband late last night, having fired a bullet into her temple. Wooten was taken to police headquarters and questioned, and later was released. The couple came here Sunday from Dallas, Texas, where they were married. No cause was assigned for the suicide.

SAW MILL ACCIDENT ENDS COUPLE'S UNHAPPY LIFE.

Wilmington, Aug. 2.—Ernest Compo, recently charged with non-support by his young wife, Belle, a former telephone operator of Marion, S. C., died yesterday at the James Walker Memorial hospital as the result of a blow in his abdomen from a flying board at Hoyer sawmill, near the city. His abdomen had been perforated by a flying timber, and he died shortly after reaching the hospital. He is survived by a wife and two small children.

Compo, an ex-circus man and expert carpenter by trade, married Belle Covington, a 16-year-old girl, working in the telephone exchange in Marion. After four years of married life, more or less unhappy, according to Mrs. Compo, the couple landed in Wilmington about a month ago.

Mrs. Compo, with two little children to take care of and reduced to dire want, finally swore out a warrant for her husband, whom she declared would give nothing toward the maintenance of the family.

After a trial which lasted several days, a decision was rendered in Mrs. Compo's favor. The court decreed that Compo pay his wife \$20 a week.

FORMER GOVERNOR HANLY KILLED IN AUTO ACCIDENT.

Dennison, O., Aug. 2.—J. Frank Hanly, former governor of Indiana and candidate for President on the prohibition ticket in 1916, and Dr. and Mrs. C. M. Baker, of Kilgore, O., were killed six miles from here early yesterday when a Pennsylvania freight train struck the automobile in which the party were driving to Kilgore.

All three suffered fractured skulls and crushed bodies and neither recovered consciousness after being brought to a local hospital. Mr. Hanly died at 9 o'clock; Mrs. Baker at 11:30, and her husband at 5:30 o'clock.

Dr. and Mrs. Baker had met Mr. Hanly in Dennison at 6:45 o'clock this morning and were driving him to their home in Kilgore, 20 miles from here.

The automobile drove across the Pennsylvania tracks back of one freight train and directly in front of another. The automobile was struck squarely.

Mr. Hanly was en route to Carrollton, where he was to have delivered an address tomorrow. He had intended spending the day with the Bakers at their home in Kilgore.

HEAVY TOLL OF THE DEADLY AUTOMOBILE.

Spartanburg, Aug. 2.—Four persons are dead, two are dying and two are injured as a result of being crushed beneath their automobile which crashed through the railing of a bridge over the C. C. and O. railway at Mayo, S. C., yesterday afternoon, and fell 30 feet on the railway tracks below.

The dead are John Wilton Morris, Custer Hunter, Samuel H. Clark and Miss Ella Gilmer. Miss Mary Ellen Rodgers and Miss Callie Reel are dying in a local hospital with crushed skulls. S. F. Sutton, who was driving the automobile, has lacerations of the scalp and concussion of the brain. Miss Lottie Gilmer has a broken arm.

All of the members of the party were from Glendale, this county.

Many Mexicans have attained the presidency, but they never reach the goal of the ex-presidency.—Washington Post.

INCREASED RAIL RATES GO INTO EFFECT SOON.

Washington, Aug. 2.—A. P. Thom, general counsel for the Association of Railway Executives, said here tonight that the carriers probably would be able to put into effect the increased freight and passenger rates authorized by the interstate commerce commission at an earlier date than was set when the increase decision was handed down Saturday. Simultaneously, Fairfax Harrison, president of the Southern Railway system, announces that the "tremendous increase" granted by the commission is but one of the developments of government operation. The scale of expenses set up by government control, Mr. Harrison said, must be met for the present but there should be grave concern as to its economic consequences.

President Harrison asks for the co-operation of the public and Southern employees to bring about a return of old-fashioned railroading and a progressive reduction of rates through private operation.

In a sense the statement of Mr. Harrison is an indictment of government control and shows a disposition of railroad executives to place upon the government most of the responsibility for the enormous increases in passenger and freight costs the country must bear under the award of the interstate commerce commission.

Mr. Thom estimates that it will be possible for the railroads to put into effect on August 20 the increased passenger rates authorized by the commission. The increased freight rates, he estimates, can become effective by August 25. Originally it was estimated that the public would not begin to pay until about September 1 the additional billion and a half tax levied by the interstate commerce commission.

The dates set by Mr. Thom allow for the prescribed five days notice to the public and the commission of the increases. In other words, railroad tariffs will be ready five days in advance of August 20 and August 25.

IRREDELL COUNTY VISITED BY A CYCLONIC STORM.

Charlotte, Aug. 2.—A rain and wind storm of cyclonic intensity, this evening, swept through Mooresville, unroofed houses and did damage to property and crops estimated at many thousands. For a time the entire town was plunged into darkness and telephones in houses in the path of the storm were rendered useless.

Tearing along on a path a quarter of a mile wide, the storm struck Mooresville without warning and for a time threw almost the entire town into a state of pandemonium. The miniature cyclone, which caused almost all of the damage, lasted only three minutes, but a terrific rain-storm which accompanied it, continued for fully 30 minutes.

Trees were blown down, corn and other crops torn up, building after building was unroofed and damaged by the wind.

Among the business houses struck were those of the Statesville Grocery Company, Acme Motor Company, W. M. Freeze Company, People's Furniture Company, Johnson Hardware Company, Aircraft theater building, Butler Grocery Company, D. W. McNeilly Company and a garage. In addition, lightning struck and unroofed the home of Hugh Sloop.

The storm, which swept from the southwest to the northeast, did most of its damage to property, as only a few crops were in its path. It is said to be the worst storm to visit that section in years.

THE BLOODIEST WAR OF HISTORY IN PROSPECT.

New York, Aug. 2.—England, France, Belgium, Italy and every other white nation that has "pre-empted any portion of the African continent" are to be summarily ordered to "get out of here" declared Marcus Garvey, president general of universal negro improvement association in an address at Madison Square Garden tonight. It was the opening of the first international convention of the society.

Garvey predicted that Asia would soon undertake the bloodiest war of all times to match its strength and civilization against that of Europe and in predicting this war declared he saw in it the opportunity for the negro to strike for his heritage. The message of peace brought from the conference at Versailles by President Wilson, Lloyd George and Premier Clemenceau meant nothing, he said, "for the handwriting on the wall pointed to the big war of Asia against Europe."

Referring to the European war as having been waged to maintain freedom, democracy and justice, Garvey said 2,000,000 negroes took part in it.

"Because we did not get the democracy, freedom and justice as a result of that war," he continued, "we shall organize 400,000,000 negroes throughout the world and flaunt the banner of democracy on the continent of Africa." Egypt, India and Ireland are striking for freedom, he declared, and negroes will do the same.

Germany says it has obeyed the treaty so far as is "humanely possible." Time now, then, to show some of that superman stuff.—Philadelphia Inquirer.

DISSOLUTION NOTICE.

State of North Carolina, Department of State. To All to Whom These Presents May Come: Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Kimesville Manufacturing Company, a corporation of this state, whose principal office is situated at No. — street, in the town of Kimesville, county of Guilford, state of North Carolina (Thomas Raby, Jr., being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revised of 1905, entitled "Corporations," preliminary to the issuing of this certificate of dissolution:

Now, therefore, I, J. Bryan Grimes, secretary of state of the state of North Carolina, do hereby certify that the said corporation did, on the 13th day of July, 1920, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 13th day of July, A. D. 1920. J. BRYAN GRIMES, Secretary of State.

"Maxwell" Owners ENTHUSIASTIC!

The owners of the 1920 Maxwell are loud in their praise of its splendid performance and in no instance have we found any dissatisfaction with a single owner.

The two unit starting and ignition system has been largely responsible for a good portion of this remarkable performance.

Larger gears in the differential have added to its strength and durability on the road for hard rough driving, while the long semi-elliptic springs make rough roads comfortable to drive on.

Let us demonstrate to you just what this car can and will do for you.

PARKER, PUBLICITY AND THE VOTE QUESTION.

While the judgment of John J. Parker, Republican candidate for governor, may be defective in a number of instances, it must be conceded that he is keeping his eye on opportunity; in fact, so eager is he to embrace opportunity that he attempts to create it. The most striking example of this fact is found in the "special message" which Mr. Parker has sent to the members of the general assembly of North Carolina. Of course the Republican candidate realized that he would never have an opportunity to send a message to the legislature as governor for the simple reason that he will not be chosen for that office, so he takes his pen in hand—of perhaps the Monroe lawyer uses a more or less trusty typewriter upon which to pound out his political concoctions—and composes a letter to the legislators.

In other words, Mr. Parker seems to have decided that since his political hopes are destined to dismal failure the next best bet it to secure all the publicity he can possibly get. He has set out on a speaking tour of the state, undertaking in thunderous tones to appeal to the disgruntled and discontented element. Like the party he represents, his is a destructive philosophy. He denounces about everything Democratic and calls on the voters to assist him in undoing the work of the Democracy. Now it is unquestionably true that many newspapers will devote more space to critical speeches than they will to speeches of constructive nature, so Mr. Parker finds many editors using large sections of his verbose offerings.

However, he may have overlooked one important fact. Many North Carolinians are going to use the Parker fulminations for another purpose; they are going to use them as evidence that he is not of gubernatorial caliber. In other words, the airing of Mr. Parker's views will stir the public conscience but not in the way in which he would like to stir it. Published extracts from these speeches will convince many a voter that to turn the realms of government over to Mr. Parker and other Republicans in this state would be perverse of the best interests of the commonwealth. Such voters are mindful of the brilliant achievements of the Democratic party and they are in no mood to turn to the false idols which the gubernatorial candidate would have them follow.

It is apparent that Mr. Parker is going to get lots of publicity, but comparatively little support at the polls.

THE MISSION OF THE FARM BUREAU.

In his address at the court house on Monday G. T. Wyatt one of the leading officials of the American Federation of Farm Bureaus, made some timely remarks concerning the necessity of organization among the farmers. In this connection one recalls that for many years the value of farm organization has been preached earnestly and insistently, but the fact remains that many farmers have steadfastly declined to organize. Indeed, some observers of a skeptical turn of mind have asserted that the rank and file of the farmers would never enter wholeheartedly into organization, but during recent years there has been a perceptible improvement; farmers have shown increasing interest in such enterprises and in many sections they have banded together with profitable results accruing as a result of their organized activities.

During the past year the growth of the American Federation of Farm Bureaus has been quite rapid. In other sections of the country the development of this organization has been more notable than in North Carolina, but signs are multiplying that soon the bureau idea will have taken a firm hold in this state. And there is every reason to believe that the activities of the organization in North Carolina will be profitable for the farmers. There are numerous projects in which their interests are

of largely mutual nature, and the execution of which can be effected only by systematic, throughgoing co-operation. For instance, the marketing question has long been a perplexing one for people engaged in agricultural pursuits and there has really been little concerted effort to bring about improvements. What the bureau has done in other states in improving marketing conditions should be feasible in this commonwealth. In the promotion of the livestock industry, horticulture, improved seed and many other enterprises there is a large field for service, a field in which the bureau may function very efficiently.

Since organization of the Guilford County Farm Bureau some weeks ago the work of the body has not been pressed with special vigor, but it is evident that an ambitious program will soon be unfolded. The bureau can play a large and profitable part in the advancement of the common interests of the farm population of Guilford if the farmers so desire; surely an increasingly large number will enter wholeheartedly into the fine purposes of the organization.

COMMITTEE WORK OF THE SPECIAL SESSION COMPLETED.

Raleigh, Aug. 2.—When the special session of the legislature convenes August 10, it will find much of the preliminary work already completed so that it can immediately get down to business. The committees on finance and appropriations will have whipped the important bills into shape by the time the session begins. The only preliminary work either house will have to do will be to fill some vacancies in the clerical force. A chief clerk to the senate will be named, to take the place of R. O. Self, who is now clerk to the corporation commission. Taxation and suffrage will be the big issues before the special session but it is going to be impossible to keep the local legislation down for there are a number of matters which will demand attention, and it will be impossible to keep them out. Among these is the problem of eradication of the cattle tick. Some of the representatives of the eastern countries have already served notice that they intend to introduce a bill for the relief of the counties infested with the tick. Some of the counties will also have stock law bills.

Another matter of general importance will be a measure for the relief of the financial conditions of the cities. The schools also will have to have money and a number of the municipal school boards of the state have measures they want to get through.

The good roads meeting called by President W. A. McGirt, of the North Carolina Good Roads Association and Col. T. L. Kirkpatrick, will be held in the Raleigh auditorium, August 10. The convention will hold morning, afternoon and evening sessions and will have speakers of prominence to help stimulate the building of good roads in North Carolina. Both candidates for governor will have places on the program. It is not now the intention of the leaders of the movement to ask the present session of the legislature to pass additional road legislation, but they do want to prepare the way for additional legislation by the general assembly in 1921.

SHEMWEILL GETS THIRTY MONTHS ON THE ROADS.

Lexington, Aug. 2.—Baxter Shemwell was sentenced to 30 months on the county roads by Judge J. B. Ray in Superior court here this afternoon, after he had been found guilty of assault with deadly weapon on Wade H. Phillip and John C. Bower, local attorneys, and with carrying concealed weapons. Two years was given in the assault case and six months for carrying concealed weapons.

Shemwell gave notice of appeal to the Supreme court and was given liberty in bonds of \$2,000. The state offered only Solicitor Bower and his law partner, Major Phillips, who told of the defendant's drawing two pistols in their office on January 16, last, after some words over the severance of relations as attorneys and client on the part of the lawyers.

During the struggle that followed the drawing of the weapons, it was testified, one pistol was discharged and the bullet penetrated Major Phillips' clothing. The defense offered no evidence in either case, but depended upon a plea of mercy, which Judge Ray declared could not be allowed. He pointed to the two big pistols and a repeating rifle, offered as evidence, and declared they

did not comport with pleas for mercy.

When defense attorneys stated that Shemwell had armed himself in self-defense against some one he had had reasons to believe had designs upon his life, Judge Ray replied that the kaiser claimed he did the same thing, but produced a world war by reason of being too heavily armed.

James Pou, of Raleigh, appeared with local counsel for the defense, while former Judge R. C. Strudwick assisted local counsel for the state. The court room was crowded during the brief trials.

A special venire was ordered summoned for Wednesday morning, when Jim McDonald, alias Arthur McDowell, alias Arthur Cunningham and Alexander Cunningham, negro, will be placed on trial for his life on the charge of assaulting criminally the wife of a well known white farmer of the county.

There is no doubt about who will be the central figure in the history Wilhelm is writing.—Nashville Tennessean.

The protracted meeting here begins the third Sunday in this month.

Mrs. T. N. Woody, of High Falls, but recently of New York city, and Mr. B. C. Troxler and family, of Greensboro, recently visited at Mr. E. H. Allred's.

Miss Corinna Royal was taken to the Wesley Long hospital last Tuesday for an operation for appendicitis. Her many friends wish for her a speedy recovery.

The Whitsett baseball team, who was to play the Alamance team on the Alamance ground last Saturday afternoon, failed to put in their appearance, much to the disappointment of the Alamance team and the large crowd present.

PLEASANT GARDEN.

We are very much in need of a rain at this writing.

Quite a number from here attended the revival services at Tabernacle M. P. church Sunday.

Mr. A. L. Teachey has returned home after attending summer school.

Dr. Miles, of Greensboro, filled his regular appointment here at the Presbyterian church Sunday afternoon. He will preach here again next Sunday at 4 o'clock. Come, you will be given a welcome.

Miss Fannie McLeod visited friends here Saturday night and Sunday.

Messrs. Haywood Cromer and John Reich visited Mr. Ray Jones Sunday.

The Baraca and Philatheas met with Mr. A. L. Teachey Tuesday night.

Mr. J. C. Kennett improves very slowly.

There will be preaching at the M. E. church here next Sunday at 11 o'clock. Come and bring your friends.

Quite a number of young people enjoyed the party at Mr. W. G. Patterson's Monday night.

Picnic at Curtis' Pond.

The annual picnic of the senior classes of Coble's Sunday school was held at Curtis' pond, ten miles southeast of Greensboro, Saturday afternoon.

This picnic differed from the preceding ones in that it was a leap-year picnic. The crowd arrived at the pond early in the afternoon, spending the entire afternoon there.

During the afternoon snap shots were taken. The boys brought many delicious watermelons, cantalopes and bananas. The girls served a picnic supper consisting of sandwiches, pickles and cake. Late in the afternoon the picnickers returned home, voting this the most enjoyable of all the picnics. X.

Patrons of McLeansville and Sedalia Schools Take Notice.

There will be a meeting of the patrons of the McLeansville and Sedalia schools at McLeansville Saturday night, August 7, at 8:30 o'clock to get the new building started. All who have subscribed work, lumber or cash will please come out and make arrangement to take care of their subscriptions.

Let everybody come out and help get things going.

Surprise Reunion.

Last Sunday the children, grandchildren and a few friends gave Mr. and Mrs. J. B. Coley a surprise by having a reunion at their home.

There were more than fifty persons present.

All enjoyed the occasion so much, especially the well filled baskets, that they decided to meet there again some time in August next year.

CASTORIA

For Infants and Children
In Use For Over 30 Years

Always bears the signature of

RHODA ROYAL THE GREATEST CIRCUS OF MODERN TIMES.

Call all the others what you will, but when all is said and told and retold, there is but one great circus which is in every particular and detail the greatest and grandest of the entire world's circuses, and that is the Rhoda Royal's enormous R. R. show, which is coming to Greensboro on Wednesday, August 11, in all its regal magnificence, its unrivaled splendor, its unequalled numbers and vast proportions. Under the greatest city of snow-white tents ever erected on any grounds will be seen fully one hundred—count them!—fully one hundred exalted stars, who will give one hundred and fifty superior and supreme acts, too numerous to classify, too many to name, too multifarious to describe, bareback riding, hurdling, trick, fancy and manege riding, aerial acts, grand gymnastics, tumbling, vaulting, leaping, athletic and contortion feats, juggling, equilibristic pole balancing, breaking ladders and other acts. Unique, stately, astounding, aerial stage and arenic performances not seen elsewhere. Many of them by foreign artists, plenty of them by home artists. Remember the date and do not miss the big show.

Mt. Airy Citizens File Protest.

Mt. Airy, Aug. 2.—The people of Mt. Airy are considerably wrought up over the recent pardoning by Governor Bickett of Sam A. Hennis, of this city, and have prepared a numerous signed protest which will be lodged with the governor. Hennis was convicted of handling whiskey and the outcome of the trial was regarded as a notable triumph for law and order. The citizenship regards the action of the governor as upsetting their courts in a pivotal case where clemency should not have been granted.

C. E. Enjoys Social.

Last Saturday evening Miss Leola Hodgkin was hostess to the C. E. Society of Center Friends church, 12 miles south of the city. During the evening games were played on the lawn, which had been artistically lighted with Japanese lanterns, after which ice cream and cake were served.

In addition to about 25 members of the C. E. enjoying Miss Hodgkin's hospitality were Mr. and Mrs. J. N. Hodgkin and little son, William Howards, of Greensboro, former members of the society. X.

TREASURY WILL GET EXTRA
REVENUE RESULT NEW RATE.

Washington, Aug. 3.—Increased revenues, officially estimated at \$100,000,000 annually, will accrue to the treasury as a result of the advance in transportation rates allowed the railroads. The added income for the government, officials said tonight, would be derived from increased transportation taxes which are paid by the public as well as through operation of the income and excise provisions of the revenue laws.

Transportation taxes for the fiscal year ending June 30, aggregated approximately \$231,000,000. This sum was made up from the 3 per cent tax on freight charges amounting to \$15,000,000, the 8 per cent tax on passenger tickets supplying \$100,000,000 and the 8 per cent tax on Pullman charges producing \$6,500,000.

Should railroad traffic continue at its present volume, all of these amounts would be increased correspondingly with the advance permitted by the interstate commerce commission in its rate decision last Saturday. On this basis, officials of the bureau of internal revenue calculate the additional taxes will aggregate \$38,550,000 on freight, \$18,700,000 on passenger, and \$3,500,000 on Pullman charges.

Another source of revenue would be from income taxes levied against the railroad corporations. Railroad executives expect many of the carriers to earn sufficiently large returns under the new rates to compel the payment of income taxes for the first time since pre-war days. It is from this source that the treasury expects to obtain a large portion of the remaining \$40,000,000 of their \$100,000,000 estimate. Officials placed the amount from income taxes conservatively at \$30,000,000 a year.

The war award of \$600,000,000 a year, one of the causes for a rate advance, also will result in producing a certain return to the government, for it places most of the railroad employees within the jurisdiction of the income tax laws. Amounts levied on most of the workers will be small, but it was pointed out, the railroad labor army numbers more than 2,000,000 persons. From this number officials believed the taxes would aggregate a "substantial amount, probably \$10,000,000 or more."

Officials also are studying the indirect effect the rate increase will have on revenue produced by the excise and miscellaneous taxes. Practically all of the excise taxes are based on a percentage of the selling prices as the so-called luxury tax and they regard it as certain that more revenue will be forthcoming as the prices of commodities move upwards.

"JIMMIE" HAD A SWELL
FUNERAL AT NEWARK.

Newark, N. J., Aug. 3.—A crowd estimated by the police at 10,000 persons thronged the streets of the city tonight to witness the funeral of Jimmie, the pet canary of Emidio Russomanno, 65-year-old cobbler. Police reserves were called out to preserve order and clear the streets for the funeral cortege.

Jimmie, described by its owner as possessing a "song as sweet as the voice of Caruso," choked to death Sunday on a watermelon seed.

Leading the procession was a band of 12 pieces, playing funeral dirges, followed by a hearse, bedecked with flowers and carrying a small white coffin in which the bird's body reposed. The old cobbler, tear-stained and visibly affected, rode in a coach with a few intimate friends.

The cost of the bird's funeral, estimated at \$400, was contributed by the cobbler's friends. When Jimmie died, the old cobbler drew the blinds of his shop, hung out a sign, "Closed on account of Jimmie's death," put crepe over his door and went into deep mourning.

Mecklenburg Births Exceed Deaths.

Charlotte, Aug. 2.—There were 171 more births than deaths in the rural districts of Mecklenburg county in the six-month period from January 1 of this year. The records do not include Charlotte or any of the incorporated towns in the county. This leaves out Charlotte, Davidson, Cornelius, Matthews, Pineville and Huntersville.

A Big Whiskey Seizure.

Chicago, Aug. 2.—Liquors valued at \$2,100,000 have been confiscated by prohibition officers in the Chicago district since the 18th amendment became effective January 16. Maj. A. L. Dalrymple, prohibition enforcement chief, announced today.

During the same period liquor valued at \$3,445,000 was stolen in 57 thefts, most of them from warehouses.

FAR REACHING DECISION
BY FEDERAL JUDGES.

Asheville, Aug. 2.—In an opinion handed down by the United States Circuit Court of Appeals here today, the district judge of western South Carolina is affirmed and the sentences of Gus Barton and Leo Barton, plaintiffs in error, must be executed.

The two men were convicted in the district court on charges of violating the national prohibition laws, when they were found in the vicinity of a still during a raid made by revenue officers, it is alleged. In his charge to the jury, the district judge stated that their presence at the still "was prima facie evidence and demanded some explanation." The convicted men then gave notice of appeal and the case was sent up from Greenville.

In the opinion written by District Judge Henry A. M. Smith, of Charleston, S. C., who was sitting with Circuit Judges Mortin A. Knapp, of Washington, N. C., and Charles A. Woods, of Marion, S. C., the court affirms in the closing paragraphs:

"In the instant case, the learned judge merely instructed the jury that the presence of the party charged at an illicit distillery was a suspicious circumstance; and that when one is so found present, it becomes incumbent upon him to give some explanation of his presence there."

"Under the circumstances of the instant case, we do not find that the charge is a violation of the law, but, on the contrary, was fully authorized."

FIFTEEN BABIES AT A
TIME; HUSBAND DISAPPEARS.

Chicago, July 29.—The mothering instincts of Mrs. Daniel F. Sullivan, wife of a wealthy manufacturer's agent, have broken up her home. The pair had no children and a fine home. Mrs. Sullivan began taking children from slum nurseries until she was caring for ten or fifteen at a time. They were not adopted but were supported, cared for and educated. Sullivan did not object to the money she spent on them but he did object to the number in the house. He settled a sum on his wife and disappeared. She has just obtained a divorce for desertion.

"In five years," said Mrs. Sullivan, "I have cared for 132 babies. Some of them I have kept for two years and it is like parting with children of my own when I have to give them up."

As she sat discussing her divorce Mrs. Sullivan was cradling a three-week-old waif, one of the seven she is now mothering. Mrs. Sullivan, who is maintaining her home with the aid of a single servant and caring for seven babies, is as calm as if she were caring for a baby or two of her own in a four-room bungalow. "Just as soon as I can complete arrangements I am going to take them all out to the sunshine and roses of California," she said. "I took eight to Florida last winter."

CONGRESSMEN DECLARE
FOR FREE PHILIPPINES.

Manila, Aug. 3.—Declarations in favor of independence for the Philippines were made today by three members of Congress at a banquet given here by the Philippine chamber of commerce to the party of congressmen touring the far east.

"Your government is more developed than the government of Cuba at the time the United States recognized Cuba," said Congressman S. G. Porter, chairman of the foreign affairs committee. "It may be that after we grant your independence you will do like Cuba, get into a little fracas occasionally and mother will have to come out and spank you."

Congressman J. A. Frear, of Wisconsin, told the Filipinos that the United States had promised that independence would be granted and it would come as quickly as a stable government was organized in the Philippines.

Congressman John H. Small, of North Carolina, also pledged support to independence for the Philippines.

FARMERS ARE ADVISED
TO SCRUTINIZE NOMINEES.

Washington, Aug. 2.—Farmers of the country were advised to scrutinize fully the record of all political candidates and to reject those unfriendly to agriculture, in a statement issued here by Charles S. Barrett, chairman of the national board of farm organizations and president of the national Farmers' Union.

"For the first time in the history of agriculture, great political party conventions have given it a distinct and unmistakable place in their platforms," said Mr. Barrett. "It is one thing for a political party to pledge itself to the performance of certain well defined tasks; it is quite another thing to show itself to have the ability or capacity to translate its promises into statutory law."

"It is hoped that the farmers in voting for presidential electors for the highest office in the land will consider what the candidate is likely to be willing or able to do for agriculture. Permit me also to suggest that the farm question being administrative and legislative, it is more necessary that a Congress be elected that will carry out the wise agricultural suggestions of the executive."

Means Dollars Saved to You!

Bed Room Suites, Floor Coverings, Summer Furniture, Table and Floor Lamps, and Vacuum Cleaners.

Discounts Range from 15 to 33 1-3%

This morning, Thursday, August 5th, we begin a Special Discount Sale on a number of lines of FURNITURE and HOUSE FURNISHINGS. This sale is for One Week Only, and Positively Ends Wednesday, August 11th. It is the first sale we have held in the past two years and is one of the BIGGEST VALUE EVENTS in our history. We do not want you to form the mistaken impression that this sale heralds a decline in prices. Frankly we see no indication of the slightest reductions, and certainly no declines will be offered for some time to come. We can offer at the prices quoted to-day only stocks on our floor and when these are exhausted the price quoted no longer prevail. We have desired to renew our Annual August Sale and have made a special effort to do this, but market conditions and price advances are such that it is impossible to offer discounts on our general line.

The Goods offered in this sale constitute tremendous values, because the discounts are taken from our regular cash selling prices, which in themselves represent a saving of 25 to 35 per cent.

15 PER CENT DISCOUNT ON ALL BED
ROOM SUITES and ODD PIECES

This discount of 15 per cent will be given on any Bed Room Suite or Odd Pieces for the Bed Room. Mahogany, Walnut, Ivory, Birds Eye Maple and Oak Suites in the best designs. One of the largest and most complete displays of Bed Room Furniture we have ever made.

20 PER CENT OFF ON ALL OUR BIG
STOCK OF FLOOR COVERINGS

We are putting in the Sale our complete line of Floor Coverings at a discount of 20 per cent. When you consider the closeness of our regular cash selling prices, and then figure the 20 per cent reduction, you will find these to be the Biggest Bargains you ever bought in Floor Coverings.

Velvets Axminsters Wilton Tapestries

All Sizes and a Big Range to Choose From.

33 1-3 OFF ON ONE SPECIAL LOT OF FLOOR COVERINGS

Our buyer was in Baltimore recently when insurance adjusters were salvaging the stock of a large warehouse filled with almost two million dollars worth of Floor Coverings. Fire had destroyed part of the warehouse and the owner had turned the stock over complete to the insurance people. More than one million dollars worth of the stock was salvaged. Buyers from all over the country were fighting to pick up the values. We secured about \$2,000 worth and we have been unable to find a flaw or an indication of damage to these Rugs. We bought them at a price that enables us to offer them at 33 1-3 off the regular selling price of these Rugs. All in Wilton and Axminsters. Good sizes, good designs, the best quality. They are big values. Come and see for yourself.

They will live in Reidsville, where the bridegroom is in business. The bride also has been living in Reidsville.

Military Band Engaged For Fair.
The 28th infantry, "North Carolina's own regiment" band, will furnish music at the Central Carolina Fair in Greensboro next October, according to an announcement from the army recruiting office. This famous band has 25 pieces, with practically every member a veteran of the valorous first division, which was the first to land in France from this country during the great war.

Negro is Arraigned Upon Assault Charge.

Probable cause was the finding of Judge C. A. Jones in Municipal court, Monday morning in the case against Mack Fisher, negro, who was arraigned upon the charge of criminal assault. The negro is being held in jail, without bond, for the Superior court. The warrant charges that Fisher criminally assaulted Bonnie Gatlin, a 14-year-old negro girl, Thursday night, July 22, in the southern section of Greensboro.

Death of Mrs. Mattie E. Alston.

Mrs. Mattie E. Alston, of Oklahoma City, died in a Greensboro hospital Tuesday. She was visiting Mrs. O. W. Monroe, of this city, when she became ill last week. An operation was performed in hope of saving her life. The body was taken to Siler City, where the funeral was conducted this afternoon, burial following in the Siler City cemetery. Mrs. Alston, who was 51 years of age, is survived by two sons, J. T. Headen, of Laredo, Texas, and W. A. Headen, of Siler City; two daughters, Miss Nettie Headen and Miss Iuz Headen, both of Siler City, and two sisters, Mrs. J. P. Dark, of Cedar Grove, and Mrs. Lizzie Dark, of Roscoe.

To Make Improvements on Bijou and Victory.

Improvements estimated to cost \$60,000 will be made at the Bijou and Victory theater in the early fu-

ture, Roland Hill, manager of these moving picture houses, announces. L. B. Flora and son, Danville contractors, will arrive in Greensboro next week to begin work on the Bijou. It is expected that the work on the Victory will be launched soon after the improvements at the Bijou are completed. The seating capacity of the Bijou is to be enlarged so that the theater will accommodate from 800 to 1,000 persons, or nearly double the present capacity. Other noteworthy improvements are to be made at the Bijou. A typhoon system of ventilating will be installed at the Victory, which is to be given a seating capacity of about 1,400 people.

Boy Plunges Through Windshield.

William O'Neal, a negro boy about 12 years of age, was painfully injured Monday at noon when he plunged head first through the windshield of one of the automobiles operated by the city police department. O'Neal and another negro boy, George Jones, were riding on a bicycle near the underpass on East Market street when they ran into the police automobile. When the vehicles collided, O'Neal, who was riding on the seat of the bicycle, was thrown over Jones, who was riding on the bar. The former's head going through the glass windshield. O'Neal sustained several cuts and bruises about the head, while Jones suffered a bruised leg.

Marsh-Hunt Wedding.

Miss Louise Hearn Marsh, of Gold Hill, and Thomas Cook Hunt, of Greensboro, were married last Sunday morning at the home of the bride's aunt, Mrs. R. W. Pierre, in Salisbury. Immediately after the ceremony Mr. and Mrs. Hunt left for an extended trip to southern points, following which they will be at home at the O. Henry hotel in this city.

Mrs. Hunt is an attractive and accomplished lady. She attended Trinity College, Durham, and later taught in the graded schools at Albemarle. Mr. Hunt is a son of Mr. and Mrs. W. M. Hunt, of Pomona, and is a successful business man of this city. He is a graduate of Davidson College. During the great war he served overseas as a member of the tank corps. Both the bride and bridegroom are very popular.

THREE TEAMS NOW TIED FOR TOP IN PIEDMONT.

By defeating Raleigh yesterday afternoon to the tune of 11 to 3, the Patriots tied Raleigh and Winston-Salem for first place in the Piedmont league. At the same time Danville was winning from High Point, 3 to 1, and Durham was drubbing Winston-Salem, the final count in that contest being 10-0.

The standing of the clubs is as follows:

	Won.	Lost.	Pct.
Greensboro	16	15	.516
Winston-Salem	16	15	.516
Raleigh	16	15	.516
Durham	16	16	.500
High Point	15	16	.484
Danville	14	16	.467

BOY WHO KILLED COMPANION SURRENDERS TO OFFICERS.

Statesville, Aug. 3.—George Davis, a boy who is charged with the murder of Laurie Auten at the Presbyterian to Siler City, where the funeral was conducted this afternoon, burial following in the Siler City cemetery. Mrs. Alston, who was 51 years of age, is survived by two sons, J. T. Headen, of Laredo, Texas, and W. A. Headen, of Siler City; two daughters, Miss Nettie Headen and Miss Iuz Headen, both of Siler City, and two sisters, Mrs. J. P. Dark, of Cedar Grove, and Mrs. Lizzie Dark, of Roscoe.

to Kansas City, Mo., where he was employed until a short time ago when he made up his mind to come back to the scene of the homicide and stand trial. His mother, who lives in Washington, D. C., joined George in Hamlet and accompanied him to Statesville and placed him in the custody of the officers.

TEXAS NEGRO LYNCHED FOR MURDER OF WOMAN.

Center, Texas, Aug. 2.—Lige Daniels, a negro charged with the murder of Mrs. Maggie Hall, a white woman, was taken from the county jail here late today by a mob of over a thousand men and lynched to a tree in the court house yard. The mob wrecked the steel cell to get at the negro. The lynching followed an announcement by officers of a full confession made to the grand jury now in session, and also to the district attorney, it was said.

Unconscious, with her skull crushed and her body bruised and lacerated, Mrs. Hall, who was the wife of a well-known farmer living near Center, was found at a lonely spot last Thursday night. She was brought here for medical attention but died Friday.

Captain W. A. Bridges, commanding company L, seventh cavalry, received wire instructions from Austin to protect the negro and prevent the lynching but he was unable to find any of the members of his company in time for mobilization.

The crowd dispersed after the lynching and the town resumed its normal appearance.

Your Children

Can wear Oxfords and Slippers all through August, September, October and very likely in November—that's the beauty of living in this splendid climate—and we can sell them to you at about half what high shoes would cost. Nearly all sizes still here from small children's up to boys and girls most old enough to vote.

You grown folks can save money, too, by wearing low shoes until cold weather sets in. Plenty here, both men's and women's, at extremely low prices.

A LINEMAN IS KILLED IN "SHOOTING-TROUBLE."

Durham, Aug. 2.—Walter Gurganous was instantly electrocuted this morning at 10:45 o'clock while "shooting trouble" for the Interstate Telegraph and Telephone Company near the corner of Driver and Old Angier avenues, in East Durham. The body was burned in many places. While there was no eye witness to the accident, it is believed that the wire the electrician was attempting to fix came in contact with the trolley wire of the Durham Traction Company. The body remained on the poles some 30 minutes before workmen could arrive to remove it.

Gurganous was 28 years old and lived with his mother in this city. He was an experienced electrician, having served with the local company for several years. Before that time he was with the Southern Bell Telephone Company.
