

CROWDS INSPECT THE FINE NEW FORD HOME

McGLAMERY AUTO CO. FORMAL- ly OPENS MODERN SALES AND SERVICE STATION.

Wet weather failed to deter a mul- titude of people from this city, Guil- ford county and other sections of the state from attending the formal opening of the modern new Ford Sales and Service Station of the Mc- Glamery Auto Company, corner of Ashe street and Walker avenue, Sat- urday night. As a matter of fact there were a number of visitors from other states, too. The hand- some plant was visited during the evening by about 5,000 persons, it is estimated.

Crowds thronging the magnificent business temple found numerous pleasing entertainment features, provision for which had been made by W. H. McGlamery, proprietor and manager of the company, and his as- sociates. The visitors also found much satisfaction in inspection of the great plant, which is reported to be the finest sales and service station of the kind in the South. Represent- atives of the company were felicited upon the very successful execu- tion of their plans.

Among the delightful features of the evening were orchestral music and refreshments, while numerous attractive souvenirs also were dis- tributed among the company's guests. Moving pictures showing scenes in the Ford factories in De- troit and depicting other activities of the great Ford organization proved absorbingly interesting.

Estimated cost of the building, equipment and lot is \$175,000, and the structure is generally regarded a noteworthy triumph of architectural skill. The building, which is strictly fireproof, is of steel and concrete, with a handsome brick and plate glass front. The floor space is more than 40,000 square feet. It was de- signed by Mr. McGlamery, Joseph W. Holt, manager of the Charlotte branch of the Ford Motor Company, and Harry Barton, Greensboro archi- tect, with service as the paramount principle. In every way the struc- ture seems to be ideally adapted for the purposes for which it was con- structed.

The building contains two stories besides the mezzanine floor and basement. The large show rooms are on the first floor, affording a splen- did display of Ford cars, Fordson tractors, commercial bodies, farm implements and machinery. On the same floor are an auxiliary sales room and a ladies' rest room. On the mezzanine floor are the offices, stationery room and men's rest room.

Splendidly equipped for repair work and other activities is the main work shop on the second floor. In the shop the department idea is car- ried out very effectively, with sys- tematic division of the painting, up- holstering, battery, radiator and other work. In the basement gen- eral storage facilities are provided and there, too, is located the boiler, providing heat and hot water for the building. Among the conveni- ences provided for the employees of the company are bathtubs.

Erection of the new building was the natural result of the swiftly ex- panding business of the McGlamery Auto Company. The remarkable growth of the business is ascribed largely to the sound judgment and industry of Mr. McGlamery and also to his unwavering insistence that maximum service must be rendered at all times. The company is look- ing forward to continued gratifying development of the business as an integral part of the commercial and industrial life of this section.

In this connection it is interesting to note that Mr. McGlamery and those associated with him are con- vinced that many of the products in which they deal will play a large part in promoting the agricultural interests of Guilford and other counties.

James Lee Grady Dies.

James Lee Grady, nine-months-old son of Mr. and Mrs. B. B. Grady, died at the home of his parents, 29 Church street, Proximity, Thursday afternoon. Death was ascribed to meningitis. The funeral was held at the residence Friday afternoon, in- stantly following in Proximity cem- etery.

JEFFERSON STANDARD TO BUILD BIG SKYSCRAPER

INSURANCE COMPANY DIREC- TORS APPROVE PLANS FOR 15-STORY STRUCTURE.

Architectural plans for the new home of the Jefferson Standard Life Insurance Company, to be erected where the old county court house now stands at the intersection of North Elm and West Market streets, have been completed and they dis- close the fact that this modern building will be 15 stories in height. While a definite estimate as to the cost is not yet available it is expected that it will be about \$2,000,000.

Because of the fact that the At- lantic Bank and Trust Company, now occupying the old court house, cannot move out until several months hence, the construction work on the new skyscraper cannot begin as early as desired. However, it is expected that the big job will be started be- fore the end of 1920, and Architect C. C. Hartman states that it will be completed within 15 months after the excavation work is finished.

The building, which will contain a large number of offices for busi- ness and professional workers be- side those of the Jefferson Standard Company and the Atlantic Bank and Trust Company, will be of steel, re- inforced concrete and granite, abso- lutely fireproof and modern in every respect. It will be the most impos- ing skyscraper between Washington and Atlanta, according to officials of the insurance company.

Bank storerooms will be located in the large basement and the bank also will occupy the main or first floor as well as the mezzanine floor. The Jefferson Standard will be quar- tered on the four highest floors, while the remainder of the offices will be provided for rental to other interests.

Directors of the insurance com- pany meeting here last week ap- proved the architectural plans and there is every reason to believe that the great task of constructing this modern business temple will be ex- ecuted with marked expedition and success.

JEFFERSON STANDARD DIRECTORS MEETING.

At the semi-annual meeting of the board of directors of the Jefferson Standard Life Insurance Company in this city Thursday a number of im- portant matters were considered, one of the most interesting being the plan for erection of the company's new home on the site of the old county court house. It is understood that these plans, which are report- ed to be progressing in satisfactory manner, contemplate construction of a 15-story office building, which will be entirely modern in every respect.

President Julian Price informed the directors that new business amounting to \$31,000,000 had been received by the company during the first half of 1920. A report showed that the mortality rate of the com- pany for the first six months of this year was gratifyingly low. It was announced that a meeting of the North Carolina agents of the com- pany would be held in Greensboro August 27.

REV. E. C. STEMPEL RESIGNS TO GO TO PHILADELPHIA.

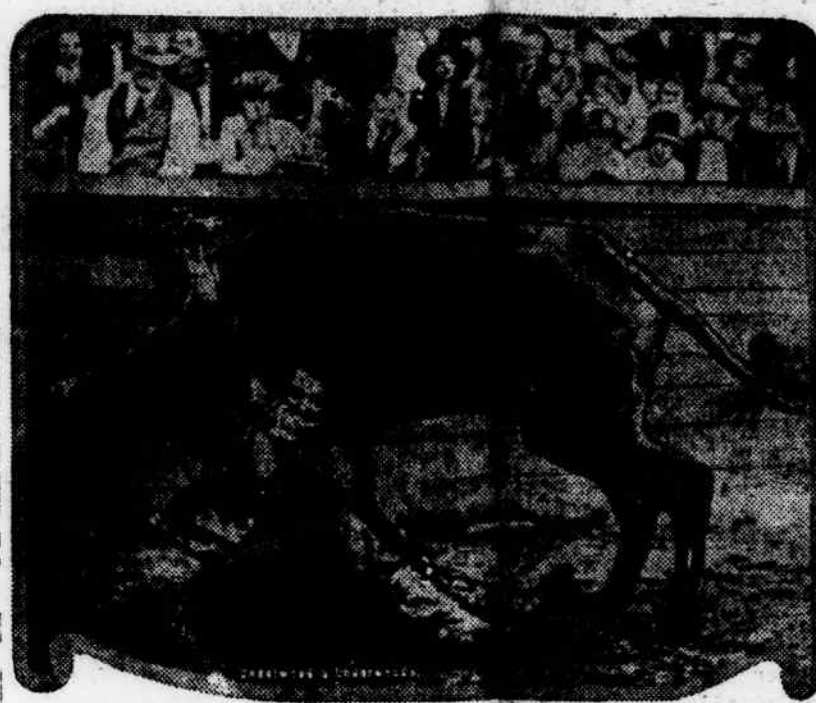

Rev. E. C. Stempel, pastor of the First Moravian church of this city, has resigned, having accepted a call to the pastorate of the Fifth Moravian church of Philadelphia. The resignation became effective yester- day and Rev. Mr. Stempel will leave soon to begin his new work.

The resignation of Rev. Mr. Stem- pel was accepted with regret. He came to Greensboro about a year ago from Bethlehem, Pa., and his work here has been very effective. No definite arrangements have yet been made for securing a successor to the departing minister. It is stat- ed, but the pulpit will be filled each Sunday.

Southern Headquarters Opened.

Washington, Aug. 13.—The Repub- lican national committee announced tonight that Southern headquarters would be opened in Washington to- morrow with Representative Slem- per, of Virginia, in charge. It will be the first time in history that the party has maintained a Southern head- quarters.

LARGE CROWD ATTENDS COBLE FAMILY REUNION

FEATURES INCLUDE ADDRESS BY SENATOR OVERMAN AND BIG PICNIC DINNER.

Among the most notable features of the Coble reunion Wednesday at Coble's church, 13 miles southeast of Greensboro, was an address by Sena- tor Lee S. Overman, of Salisbury. The junior senator's speech was of non-political character in the main, although he took occasion to refer to the league of nations as an indis- pensable instrumentality for world peace.

Approximately 1,000 persons at- tended the reunion, which proved a delightful event. A big picnic din- ner was served. There were prodigious quantities of fried chicken, veal, mutton, marmalade, pies, pick- les, cake, coffee and many other products. A pleasing feature was music by the Liberty brass band.

The reunion opened with scripture reading and prayer by Rev. T. S. Coble. Henry L. Coble, of Pleasant Garden, who delivered the address of welcome, referred in happy vein to the good fortune of the Coble fam- ily since the last reunion. He sug- gested that a building be erected, to serve as a permanent meeting place, and he also favored incorporation of the association. Rev. Mr. Coble ad- vocated erection of an industrial school nearby, and George Coble of- fered to donate the land for the pur- pose of the association. Rev. D. I. Offman then presented interesting historical facts concerning the Coble family.

High tribute was paid by Senator Overman to the fine character of the old settlers of North Carolina of English, Irish, Scotch and German ancestry. He alluded proudly to his Quaker ancestors. The senator re- ferred in laudatory vein to the citi- zenship of this state. He denounced bolshevism and made an earnest plea for Americanism of virile type.

Officers were elected for the re- union of next year as follows: G. O. Coble, president; J. Frank Coble, vice president; Harvey C. Coble, sec- retary; W. A. Coble, treasurer, and Rev. D. I. Offman, historian and genealogist. Committees of last year were continued.

MERCHANTS MAKE PLANS FOR STATE CONVENTION.

At a meeting of the directors of the Greensboro Retail Merchants' Association Thursday night tentative plans for entertainment of the au- tomobile dealers of the Carolinas at the convention of the latter in this city September 24-25 were formulat- ed. It was stated that 2,000 or more people were expected to attend the convention. Efforts are being made to induce one of the presidential can- didates to speak in Greensboro at that time.

The directors adopted resolutions honoring the memory of the late W. H. Stone, of this city, who was one of the leading merchants of the state and a charter member of the local association. "He was a man among men," the resolutions set forth, "and one that our association can ill af- ford to lose."

INCREASE IN CAPITAL OF LOCAL BANK IS VOTED

DIRECTORS OF AMERICAN EX- CHANGE NATIONAL FAVOR \$1,000,000 CAPITAL.

The capital stock of the American Exchange National Bank of Green- sboro will be increased from \$400,000 to \$1,000,000 if the decision reached by the directors of the institution Thursday afternoon is ratified by the stockholders. R. G. Vaughn, president of the bank, announces that a meeting of the stockholders will be held shortly; at that time it is expected that the proposed in- crease in capital will be approved.

Decision of the directors to in- crease the capital stock was based upon recognition of the expanding demand for money resulting from the growth of Greensboro industries. At the same time it means another distinctly forward step for this pro- gressive institution.

On April 15, 1907, the bank began business with a capital stock of \$300,000. In 1911 it took over the business of the Commercial Nation- al Bank and increased its capital stock to \$400,000. When the first increase in capitalization was effect- ed the bank had deposits aggregat- ing approximately \$1,400,000. The deposits now total more than \$5,000,000, and the surplus and profits are \$175,000.

It is expected that the new cap- ital will be paid in by January 1, 1921. It will be offered to old stock- holders at par, and any stock not subscribed by them will be offered to outside investors.

The bank will move into its new quarters in the handsome American Exchange National Bank building, corner of Elm and Market streets, about the first of October, it is ex- pected.

Married in This City.

At 3.30 Saturday afternoon Miss Elizabeth Brandon and H. H. Kesiah were married at the Highland ave- nue residence of Rev. L. L. Carpen- ter, pastor of Forest Avenue Bap- tist church. Rev. Mr. Carpenter per- forming the ceremony in the pres- ence of a few intimate friends of the young couple. Shortly after their marriage Mr. and Mrs. Kesiah left for a visit to Charlotte and other cities. They will make their home in Greensboro, where Mr. Kesiah is a member of the North Carolina Public Service Company's organiza- tion. Like Mr. Kesiah, the bride has many friends in this city.

Misses Death by Small Margin.

Lumberton, Aug. 12.—J. L. Mc- Neill, superintendent of the Lum- bertown light and water plants, had a close call when he grasped a wire charged with 2,300 voltage. The wire was supposed to carry 110 voltage, and had become crossed with a high- powered wire. He was unable to re- lease the wire, and the fact that as he fell his weight broke the line, saved his life. Tom Faulk, colored, who attempted to pull McNeill away from the deadly wire, was also se- verely shocked and would also have been killed, had the wire not broke.

W. C. JONES AGAIN HEAD OF STATE ASSOCIATION

HIGH POINT MAN RE-ELECTED AT MEETING OF COUNTY COMMISSIONERS.

W. C. Jones, of High Point, Thurs- day afternoon was re-elected presi- dent of the State Association of County Commissioners. B. A. Pat- ton, of Asheville, was chosen to suc- ceed himself as vice president, while R. K. Davenport, of Gastonia, was re-elected secretary-treasurer. The elections were held at the final busi- ness session of the annual conven- tion of the association. All of the meetings were held in the Guilford county court house.

Before adjournment the associa- tion adopted a resolution instructing the legislative committee to seek en- actment of a law awarding to coun- ties 85 per cent of the automobile taxes collected from them by the state government, and for the issue- ance by individual counties of the li- censes for automobiles within their boundaries. The legislative commit- tee also was instructed to work for passage of a law regulating the size of trucks and the weight of loads which they carry on improved high- ways, and reducing the speed limit over bridges in the state to four miles per hour.

It was also agreed that the legis- lative committee would undertake to secure enactment of a law compell- ing the state treasurer to deposit in banks in the various counties the money collected from the counties for state taxes, and to leave it on de- posit until it is actually needed by the state government.

HEALTH OFFICER'S AUTO- MOBILE STOLEN FROM CITY HALL

An automobile owned by the city and used by Health Officer B. E. Dempsey was stolen Saturday night the thief or thieves taking it from where it was parked in front of the city hall, within an amazingly short distance of police headquarters. The car was taken to a point near the county home, where it was discov- ered yesterday by a farmer. The windshield was broken, the cushions and top slashed into shreds. No clue as to the guilty person or persons has been found. The police believe that the idea of "revenge" probably was largely responsible for the theft and malicious treatment of the city chariot.

CHILD IS INJURED WHEN AUTOMOBILE TURNS OVER.

Robert Frederick Hyatt, four- year-old son of Dr. and Mrs. P. C. Hyatt, of this city, suffered internal injuries and a broken rib Friday morning when the automobile in which he was riding with his father turned over at the intersection of North Cedar and West Market streets. Dr. Hyatt was rather badly shaken up, but not seriously hurt. While the child's injuries were of very painful nature, they are not considered especially serious.

Dr. Hyatt was driving westward on West Market street when another machine rounded into West Market from North Cedar street. In order to avoid a collision with the other car, the physician turned his ma- chine sharply to the left, whereupon it turned over. Dr. Hyatt was thrown on the child's stomach, a cir- cumstance which is believed to have caused the boy's internal injuries.

PIEDMONT LEAGUE CLUBS VERY CLOSELY GROUPED.

The close of the past week found all six of the clubs in the Piedmont baseball league closely grouped, a difference of only 85 points separ- ating High Point, occupying the top perch, and Danville, cellar occu- pant. Greensboro and Durham are tied for fifth place. Because of the prolonged rains of the week a num- ber of games in the circuit were cal- led off, necessitating double-headers later in the season.

The relative position of the vari- ous teams is now as follows:

	Won.	Lost.	Pct.
High Point	18	17	.514
Winston-Salem	20	19	.513
Raleigh	20	19	.513
Greensboro	18	18	.500
Durham	20	20	.500
Danville	15	20	.429

NO ACTION IS TAKEN REGARDING EXTENSION

CHAMBER OF COMMERCE DIREC- TORS DISCUSS QUESTION AT SOME LENGTH.

Following a long discussion of proposals to extend the corporate limits of Greensboro, the directors of the Chamber of Commerce Friday night adjourned without taking definite action in regard to the question. A number of speeches for and against extension were made. Advo- cates of extension declared that by enlargement of the city limits the census figures for Greensboro would be substantially increased, while op- ponents of the plan advanced the view that impairment of the public interest would result from an exten- sion campaign at this time.

Reopening of the extension con- test at this time would detrimental- ly affect the city school system, ac- cording to E. D. Broadhurst, chair- man of the city board of education, who said that such a course would excite bitter feeling at a season when the people should be unitedly working for improvement of the fi- nancial facilities of the schools and other civic betterment projects. Like others who spoke against the en- largement project, Mr. Broadhurst expressed the view that the propo- sition should not be brought for- ward within two years after the last election on the question as was agreed upon when the extension bill was introduced in the legislature.

Julius W. Cone said that the busi- ness interests with which he is closely identified—the Cone interests—working on the promise that the extension matter would not again be brought to the fore for at least two years, had made ambitious plans for water systems and other improve- ments which would cost approxi- mately \$1,000,000. In view of such conditions he voiced the opinion that his interests deserved consideration.

President W. W. Morrison, of the Greensboro Merchants' Association, expressed the opinion that the mer- chants of the city were ready to vote for extension. R. E. Steele thought execution of the project would mean millions of dollars to Greensboro. George L. Stansbury also advocat- ed extension. A. Wayland Cooke ex- pressed opposition to the enlarge- ment of the corporate limits at this time, as did Julian Price.

Then W. A. Hewitt proposed that a referendum be conducted among the members of the chamber to de- termine their views with respect to extension. Subsequently Charles H. Ireland offered a resolution voicing the opinion that in view of the fact that in the recent extension election the proposition was defeated it would now be unwise to reopen the question. Mr. Hewitt withdrew his motion and moved to table both res- olutions. This was done.

A number of committee reports were presented, these pertaining to the telephone service, housing facili- ties, street repairs, traffic regulations and other interesting questions.

RETURNS HOME TO FIND HIS CROP ALMOST RUINED.

Clinton, Aug. 13.—Mr. H. S. Bed- dard, who owns a large farm a few miles above Clinton, was astounded on his return from Wrightsville Beach August 2 to learn that his great crop of tobacco had been de- stroyed by hail the day before. There had appeared no evidence of a storm on his way home nor about the residence, and it was only when a tenant came to ask him what should be done about the tobacco that he learned that a destructive hail storm on Sunday, August 1, limited to only a part of the Beddard farm and the Lonnie Tew farm, had practically destroyed his fine crop of 56 acres of tobacco and seriously in- jured a large part of his cotton crop. The leaves had literally been beaten from the stalks. An attempt has been made to pick up these leaves and cure them, but to little profit. Mr. Beddard estimates his loss at ten to twelve thousand dollars. Mr. Tew's farm is smaller, but the loss is serious to him too.

High Point Couple Marry Here.

W. L. Little and Miss Ola Cecil, both of High Point, were married at 3.30 Friday afternoon in the office of Justice of the Peace D. H. Col- lins, this city. The ceremony was performed by Justice Collins in the presence of a few friends.

—The W. L. Kivett farm, two miles east of High Point, containing 200 acres, will be sold in tracts to suit purchasers, on Saturday, August 21, at 3 P. M. These tracts have been placed in the hands of the Messrs. Thomas Brothers to be sold to the last and highest bidders at auction, and an opportunity to secure a small farm between Greensboro and High Point, on the Freeman's mill road is now offered prospective buyers. Read the half-page announcement and be on hand at this sale.

—Manager Williams, of the tractor department of the McGlamery Auto Co., urges you to buy a Fordson tractor "not because it is the cheapest, but because it is a better tractor." Mr. Williams has a stock of testimonials from Fordson users from every section of Piedmont Carolina, which he will take pleasure in showing you at any time. No farm equipment is complete without a tractor, and more than one hundred thousand farmers in America are to-day successfully using Fordson tractors. See ad. elsewhere in to-day's Patriot.

—There are hundreds and hundreds of automobiles in Guilford and adjacent counties with batteries that need attention from time to time in order to keep them in good serviceable condition. Mr. Garland B. Clary, an old Greensboro boy, has bought out the Willard Service Station, added new equipment and expert service men, and is now in a position to give you the best battery repairs and battery service to be had anywhere. He makes a specialty of recharging, rebuilding and repairing all makes of batteries, in a prompt and satisfactory manner. He has for you at all times free distilled water, free testing and free consulting service. Read his announcement on the sixth page and give him a call.

SENATOR SIMMONS WILL NOT PRESS HIS PERSONAL VIEW.

Washington, Aug. 12.—Explaining that "I have always been and still am opposed to woman suffrage," but reiterating the belief that it is inevitable and women will naturally sympathize with the Democratic party and its principles this year if allowed to vote, Senator Fainfold M. Simmons issued his expected statement here to-day on the suffrage situation.

Senator Simmons says he has no desire to press his personal views upon members of the North Carolina legislature now in session. He is sure they will do their duty "to their constituents, the nation and the party they represent." However, Senator Simmons repeats that while personally opposed to suffrage he has seen no reason to modify the statement he made shortly before the Democratic convention. This statement, in part, suggested that a Democratic state might as well gain credit for ratifying the amendment.

Mr. Simmons also discussed to-day woman suffrage as related to the racial issue in the Southern states. He does not believe ratification of the suffrage amendment will change the negro suffrage situation in North Carolina. He thinks negro women in that state will no more be a factor in its politics than men. Even if the grandfather clause should be held unconstitutional and inoperative, Senator Simmons suggests the educational test will meet conditions effectively.

Statement Carefully Prepared.
The senior senator prepared his statement with considerable care. Since the suffrage issue became so acute in North Carolina and Tennessee, Senator Simmons, in view of his previous statement, has been asked for a current expression of his views.

It is plain that Senator Simmons does not intend to take an active part in the North Carolina fight. He will stand on his statement and apparently will not actually use his personal influence with any member of the North Carolina legislature.

Tennessee Senate Ratifies.

Nashville, Tenn., Aug. 13.—The Tennessee senate to-day by a vote of 25 to four, adopted the resolution providing for ratification of the nineteenth amendment. It was an easy victory for the suffrage forces, but even the most optimistic were surprised at the large majority. Seventeen votes were necessary, but most polls listed from 20 to 22 as favorable and the highwater mark was set at 24.

Who Got This Sugar?

Winston-Salem, Aug. 13.—One thousand pounds of sugar was stolen from the warehouse of the Taylor Grocery Company last night, and there is no clue to the guilty parties. The theft was not discovered until this morning. The thieves got away with ten 100 pounds sacks which were loaded on some kind of vehicle at the back door of the building.

—The notice of a commissioner's sale by O. C. Cox in our advertising columns will perhaps interest you.

—Attention is directed to the notice of re-sale of the Anthony property in our advertising columns to-day.

—Lacy Brummer is suing for a divorce from her husband, a notice of summons in the case being found in another column to-day.

—J. H. Gant has qualified as administrator of John G. Cook, and gives notice of the same in our advertising columns to-day.

—Perhaps the notice of summons where in John Rudicill is seeking a divorce from his wife, in another column, may interest you.

—The notices of the M. G. Newell Company in the bargain column will be of interest to our farmer readers. Turn to page eight and read them.

—Thacker & Brockmann still have nearly all sizes in slippers and oxfords for ladies and children to be closed out at very low figures. See notice in bargain column.

—When your car needs anything drop in at the McGlamery Auto Co.'s new service home and get it. Then you can feel that you have the best. See illustrated ad. on the eighth page.

—Oxfords at cost and below and high shoes at very moderate prices, also some mighty good bargains for men who wear extra large and extra small sizes are among the specials advertised in Thacker & Brockmann's new ad. on page eight.

—You can save good money by buying some of those sample blanket ends and making your own blankets, robes, couch covers and other useful articles. The Meyer's Co. has thousands and thousands of them in the bargain basement to sell at 5, 8 and 10 cents each. See new ad. on the third page and get a supply before they are all sold.

—The Samson tractor is gaining popularity with the farmers because it is built mechanically right, and its price is right. If you have any doubts along this line just drop in at C. W. Jennings & Sons, on West Market street, and talk the matter over with Roger or Frank Jennings—they will put you right. See illustrated ad. in another part of to-day's Patriot.

—The American Realty and Auction Co. will sell some valuable farming lands near Elon College, at public auction, on Friday, August 20, the sale beginning at 10.30 in the morning. This property is known as the J. B. Summers home place, and is said to be one of the best farms in that section. The Messrs. Thomas Brothers will do the crying and if you don't secure a part of this valuable farm it will be your own fault. See notice of sale elsewhere.

—The fall term of the Greensboro Commercial School will begin on September 6, when both day and night sessions will be held. President McClung says that you can prepare yourself for a good office position in three to six months. There is a great demand for office help in factories, stores and elsewhere, where good salaries are paid to efficient help. If you are ambitious to rise in the commercial world you should attend at least one session

As a result of the recent wage awards it will now cost more to see America first.

Lots of folks who are cussing Ponzi would like to have his recipe for getting rich quick.

The Poles are convinced that now is the time for all good men to come to the aid of the Poles.

Turkey signed the treaty, after all, thereby demonstrating its disinclination to commit suicide.

Train schedules are hard to carry out, but the increased rate schedules certainly will arrive on time.

Charles Ponzi might be a brilliant success as minister of finance in Mexico or some other near-money-less country.

Caraway has a large lead over Kirby in the Arkansas senatorial contest. It is reported. Seems to be a runaway for Caraway.

Judging from recent speeches of Governor Cox, it appears that the Republicans are in for the greatest verbal drubbing of their lives.

Those North Carolina legislators are certainly going to make the acquaintance of Old Man Showdown before the special session ends.

By the time the federal and state officials get through with Charles Ponzi he should be able to secure a bona fide diploma from the well known school of experience.

With a degree of impatience we await full returns as to the size of the blackberry crop, after which we shall doubtless feel less hesitancy in declaring whether or not the country is safe.

General Leszniewski, Polish minister of war, has resigned, and has been succeeded by General Solnokowski. However, the linotype operators fail to detect much improvement in the change.

They continue to talk of extending recognition to the Russian soviet government, but if Foch really does take a hand in that eastern war, even the most intimate acquaintances of the Russians may not be able to recognize them.

THE PERSONALITY OF THE CANDIDATES.

Senator Harding seems determined to adhere to the front porch campaign idea, while Governor Cox has made a number of speaking engagements and expects to make many others. The one seems to be afraid to enter into close touch with the people, while the other gladly grasps the opportunity to mingle with American citizens in various sections of the country. Perhaps the most significant commentary upon the relative desirability of the two different plans is found in the attitude of leading men in both parties. Many Republican chieftains are having difficulty in trying to conceal their disappointment and chagrin over the refusal of their Presidential candidate to make a really active campaign, but the Democratic leaders, on the other hand, seem to be greatly pleased over the conduct of the Cox campaign up to the present time.

There seems to be no question as to the marked difference in temperament of the two leading parties' candidates for the Presidency. The fact that Senator Harding does not like to rub elbows with the rank and file of American citizenry can no longer be concealed. Governor Cox, however, has clearly demonstrated that he possesses a most congenial disposition. Hundreds of admiring friends representing almost every vocational enterprise proudly address him as "Jimmy" Cox and refer to him similarly. The Ohio governor is essentially a democrat as well as a Democrat, as thousands of voters already realize.

After all, the personal element plays a very large part in political campaigns. There is much talk of issues and parties and in many instances, of course, the party lines are drawn quite rigidly. But the personality of the various candidates is not to be regarded as an obscure factor in any political contests. A surprisingly large number of men make their choice in conformity with their opinions of the men seeking their suffrage.

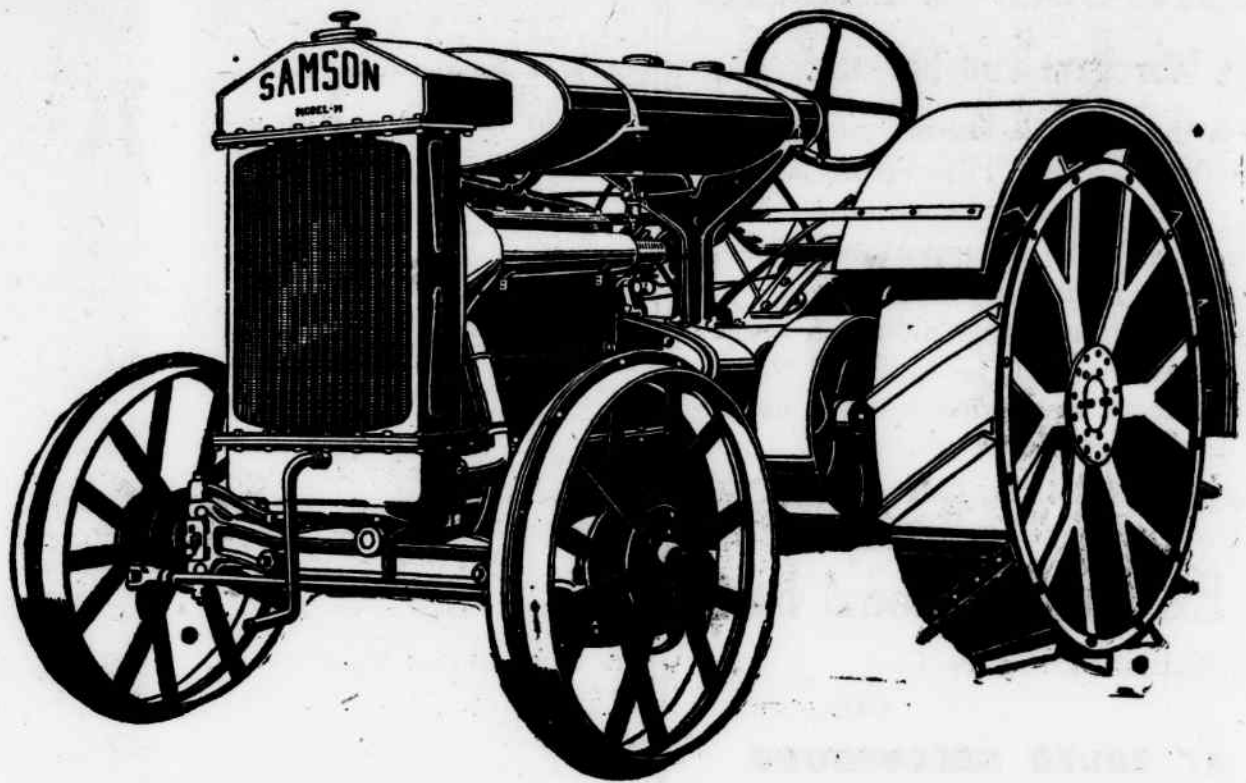

To voters of this type the Cox candidacy will make a tremendously potent appeal. Such citizens in many cases will feel little inclination to support a colorless candidate of the Harding type. It may yet be found that the outcome of the Presidential contest will hinge largely upon the personal equation. In that event the Democratic prospects, which are now remarkably bright, will become more and more brilliant as the campaign progresses. It is no secret that Republican politicians are surveying the situation with apprehensions of very grave nature, while the confidence of the Democrats is being strengthened perceptibly.

END OF STRUGGLE NOT IN SIGHT

Definite conclusions as to the progress of events in Poland, where the Russian bolshevik troops have been scoring material successes over the Poles, naturally are difficult to reach. Much of the news coming from the battlefronts is of fragmentary character, while reports concerning possible early alignment of the Germans on the side of the bolsheviks defy authoritative analysis.

However, it may be confidently asserted that the allied nations will not permit the reds to overrun Europe. Unquestionably the situation at present is of very menacing nature and the possibilities are quite grave. The most difficult thing to determine is what it will cost the allies to prevent the adherents of Lenin from carrying the red banner to a number of other countries. Indeed, it is quite within the range of possibility that the United States may yet become very actively involved in the struggle. Some of the highest diplomatic officials both here and abroad regard the situation as grave as that which existed in the summer of 1914 just before the torch of war which later seared practically all of the principal nations of the earth was set off.

Some optimists may find a ray of hope in observance of the activities of General Wrangel, who is stoutly opposing the bolsheviks and who has set up a de facto government in southern Russia. It may yet be found that this Russian general is the country's savior of the hour, his long hoped for savior. General Wrangel really has had a brilliant career and France has already given tant.

concrete evidence of its faith in his ability. It is also reported that American state department officials are seriously considering the idea of extending recognition to this Russian leader.

But, after all, most speculation leads to only one really definite conclusion: most of the nations are utterly war-weary, the Russians and Poles continue bloody warfare, and world peace seems dimly distant.

My Good Health

"Isn't it curious by what simple means good health is often obtained? A month ago my physical condition was everything it ought not to be, for a man holding down a job and supporting a family. I was wobbling on the edge of a breakdown. Today I am a new man. I have the zip of a racing colt and the digestion of an ostrich. I am really healthy, and certainly happy. And, after all, isn't it health that makes for joy in life? And what is health but regular functioning of all the bodily organs—principally the organ of waste elimination?"

"Just a bottle of Nujol taught me that. Nujol introduced me to regular bowel movements—pointed out the true road to health. And, when you study it out, the Nujol way is really the only logical method of treating constipation."

"Instead of forcing or irritating the system, like the cathartics and laxatives I had been taking, by an entirely new principle Nujol simply softens the food waste. This helps all those little muscles in the walls of the intestines, contracting and expanding as they should, to squeeze the food waste along so that it passes naturally out of the system."

"It prevents constipation, because it helps Nature maintain easy, thorough bowel movements at regular intervals—the healthiest habit a person can have."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

PONZI GIVES HIMSELF UP TO FEDERAL OFFICERS

ABLE TO MEET HIS OBLIGATIONS ON ACCOUNT OF CLOSING OF BANK.

Boston, Aug. 12.—Some 40,000 investors entrusted a total variously estimated at from \$15,000,000 to \$20,000,000, to Charles Ponzi in a money-making scheme which postal officials today declared to be absolutely impossible to fulfill.

larceny had been obtained by the state police in the municipal court and upon leaving the federal building Ponzi was re-arrested and held by the city court in \$10,000 bail for appearance August 23. Rudnick again went on Ponzi's bond and the latter was released.

Developments followed thick and fast to-day. As Ponzi was being arraigned before United States Commissioner Hayes, Edwin L. Pride, who is examining the books of the Securities Company for the federal authorities, announced that Ponzi owed \$7,000,000. State Attorney General J. Weston Allen, who is conducting a separate investigation, made known his opinion that Ponzi's liabilities would run into the millions.

Bank Probably Wiped Out.
State Bank Examiner Joseph C. Allen issued a statement declaring that the capital of the Hanover Trust Company, of which Ponzi was until yesterday a director, was seriously impaired and probably wiped out. State Treasurer Fred J. Burrell attacked the bank commissioner for

not having given him opportunity to withdraw state funds before the Hanover was closed and Governor Coolidge demanded that Burrell make known how much of the state money had been tied up by the closing of the trust company. Later Burrell notified the governor that the state deposit was \$125,000.

Ponzi's field appears to have included New England and New Jersey. The line that formed daily in Pi alley, in the rear of Ponzi's School street office, appears to have been far more representative of his clients. This was made up largely of foreigners who were more interested in getting their money than in protecting their reputations as wise speculators.

Anxious inquiries at the newspaper offices and feverish conversations in downtown restaurants indicated that the proprietors of small businesses, professional men and women, clerks and stenographers by the thousands accepted the promise of "50 per cent profit in 45 days." Agents working in offices and factories interested large numbers, particularly among the Italians. The mystery of Ponzi's methods added to the attractiveness of his promises. It is said that in many cases the possibilities of profitably exchanging American dollars for French francs and francs for Italian lire and the latter for something else seemed plausible enough without a clear comprehension of just how the thing worked out.

Saved Life of Young Woman.

Atlanta, Ga., Aug. 12.—Charles Ponzi, of Boston, who admitted today he had served a term in the Atlanta federal penitentiary, worked in the office of the record keeper while in the penitentiary here and was noted for his quickness at figures and for his various plans to make money when he got out. A. C. Alderhold, record keeper, said tonight.

Alderhold said he could not positively identify Ponzi without the Bertillon measurements, but that he felt convinced he was the same man from the pictures and description of him. He described how Ponzi gave skin from his leg to save a young woman in Alabama after he was released here.

"We never had a man who was more help to us in the office," stated Alderhold. "I never knew him to be at all or flustered and he never made a mistake. He was always con-

ducting some peculiar scheme to make money.

"One of the finest things he did was after he was released from prison in 1912. He went to a little mining town in Alabama by the name of Blocton and the people of that town will never forget him for the deed which he did there to save the life of a young nurse.

"This young lady had been badly burned by the explosion of a gasoline stove and the doctors decided that the only way to save her life was to graft skin on the burned places. Ponzi volunteered to let the doctors take skin from his body and seventy-two inches were removed from his thighs. He came out of the hospital two weeks later and the doctors came to him and said that more skin would be necessary. He did not hesitate a minute, but allowed them to take fifty more inches, this time from his back. Citizens of Blocton endeavored to bring the matter before the Carnegie hero fund, but nothing ever came of that matter, I believe."

Whole Bunch in Jail.

Boston, Aug. 13.—Four men who have accepted millions of dollars from New England investors in the last few months on promises of payment of fabulous interest were behind the bars tonight. Charles Ponzi, whose spectacular financial dealings have made his name known he country over, was surrendered today by the man who furnished \$35,000 bonds for his release after his arrest by the federal authorities yesterday. Unable to find another bondsman Ponzi was taken to the Middlesex county jail at East Cambridge.

Three officers of the Old Colony Foreign Exchange Company were arrested, taken into the Municipal court and held in \$50,000 bonds.

They spent the night in the Charles street jail. They are Charles M. Brightwell, president and treasurer of the concern; Raymond Meyers, office manager, and Fred Meyers, sales agent. All three pleaded not guilty.

Oddly enough, announcement of further improvement in Mr. Wilson's health came the day after Congress adjourned.—Nashville Tennessean.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

Auction Sale of Farms!

**The W. L. Kivett Farm, 2 Miles East of High Point,
Saturday, August 21st, at 3.00 o'Clock P. M.**

This valuable farm of 200 acres or more, lying on the Freeman Mill Road, two miles east of High Point and 1 1/2 miles from Hayworth Mineral Springs, has more than 2,000 feet of road frontage on this beautiful sandclay road.

Those of you who know the W. L. Kivett farm know it to be one of the best farms in Guilford County, close in to the City of High Point, with a variety of soil, both red and gray, suitable for any kind of farm products. For trucking, corn, wheat and tobacco, there is no farm in the surrounding country equal to this one.

Mr. Kivett spent a lifetime in improving, taking the stumps out and in work in general on this farm, and a look at it will convince you of its real value. It also has a frontage on Green Street Extension and is only 1 1/2 miles from silk mill and 1 1/2 miles from Greene Street Car Line. Good buildings of every description, large feed barns, pastures, wood lands, and running water on every side of the place.

This farm belongs to the heirs of the late W. L. Kivett, and is being sold for division, and will positively be sold at the close of the sale subject to the confirmation of the court. Its being close in to the enterprising city of High Point and the famous Hayworth Mineral Springs, which we are reliably informed will soon have thousands of dollars spent on its development, and the geographical lay of the land after you have looked it over will convince you that a dollar spent in the purchase of one or more of these tracts will be the best investment you can make.

We will sell it in tracts to suit the purchaser, and on the easiest terms you have had land offered you. Terms of sale will be announced from the wagon on day of sale.

Should you want to look the property over before day of sale call on Kivett & Jones, Grocers, East Washington Street, High Point, N. C., and they will be glad to show you over the property.

Remember the day and hour, and let nothing keep you away from this sale.

POLAND WANTS PEACE, BUT NOT THE KIND REDS OFFER.

Warsaw, Aug. 12.—Preparations are being made to prevent the bolsheviks from reaching the Posen district.

Bolshevik cavalry detachments, driving westward after the capture of Mlawka, have reached the Wkra region, and the towns of Biegun and Radsanow. They are now less than 30 miles from the Vistula river.

Poland Wants Peace.

Warsaw, Aug. 11.—Poland earnestly desires peace but could not accept armistice terms involving disarmament in any form. Prince Eugene Sapieha, the minister of foreign affairs, declared to the correspondent to-day.

"Poland is not going to capitulate," said the foreign minister. "We will fight to the last man rather than that. There is no question of disarmament. If we are disarmed with the soviet troops 40 miles from Warsaw it would be like throwing up our hands."

Within 20 Miles of Warsaw.

Paris, Aug. 12.—Closing in upon Warsaw from the north, east and southeast, the bolshevik hosts are now within 20 miles of the capital, and little doubt is felt here that they will be in the city before the peace negotiations are concluded.

General Haller's army, holding positions along the Vistula, Narew and Bug rivers in a country offering few natural advantages for defense, is being relentlessly pushed toward the capital by the bolsheviks, who are speeding up their advance.

The northern reds, according to the latest news reaching here tonight had passed Pultusk and were marching southward on the capital down the valley of the Narew. Another column was advancing between the Narew and the Bug, while south of the Bug the enemy had reached and passed the line running from Tuszew through Pivki, Dobro, Kaluszyn, Targoff and Latoritch to Zelscoff. Farther south the enemy had succeeded in forcing a passage of the Bug and was moving on Lublin.

The bolshevik cavalry along the Prussian frontier has made another bound forward and is now 40 miles beyond Mlawka, almost half the way to Thorne.

In other words, the reds are advancing all along the line, except in the extreme south.

Citizens of Warsaw to the number of 100,000 have pledged themselves to defend the capital to the last breath. But it is felt here that such an unorganized effort cannot seriously affect the fate of the city. This, apparently, also is the view of the Polish government, which is reported to be considering moving to Posen if it is satisfied there is no chance of the soviet forces suspending hostilities at an early date.

Authority Given to Increase Express Rates.

Washington, Aug. 13.—Authority to increase express rates 12 1/2 per cent was granted the American Railway Express Company to-day by the interstate commerce commission.

The increase by unofficial estimates will add \$35,500,000 to the annual income of the company.

The commission's decision, however, does not take into consideration the recent award of the railroad labor board of increased wages approximately \$43,000,000 to express company employees, and it is expected application soon will be made by the company for an additional advance in rates to meet the wage scales.

Stomach Troubles Made Him Feel Sick at Meal Times, But Now Always Enjoys His Meals.

DO YOU enjoy your meals? But without the dread of the after effects?

Lack of appetite, and a disagreeable, sick-at-the-stomach feeling after meals, usually indicate that your digestive organs are not working properly. As a result, you will feel weak, lose weight and lack the energy that is to be derived from well-digested food.

A valuable help in correcting such conditions is mentioned by the Rev. M. K. McKenzie, of Route 1, Section,

Ala., who writes: "I had stomach trouble. When I would go to eat, I would turn sick. I took one bottle of Ziron and it cured me. Am always ready for my meals and enjoy them. I think it is a fine medicine."

If your food hurts you, if your appetite is poor, if you are pale, weak and run-down, and have other symptoms that indicate your system needs help, try Ziron. It will put iron into your blood and help build you up. Take it according to directions, and if not benefited by the first bottle, the money back guarantee will protect you. Ask your druggist.

DOINGS IN LEGISLATIVE CIRCLES AT RALEIGH

REVALUATION ACT PASSED BY HOUSE—MANY PRIVATE BILLS INTRODUCED.

Raleigh, Aug. 12.—By a vote of 75 to 24 the bill embodying constitutional amendments necessary for the operation of the revaluation act passed the house of representatives today. This was the principal feature of the short session, which began at 10 o'clock and adjourned about 11:30.

The bill was passed with but one amendment, it being the one proposed by Representative Bryant yesterday, which provides that county taxes levied for special purposes may be authorized by a special or general act of the legislature.

Many new bills were introduced, including bills affecting the salaries of state officers, introduced by Representative Crisp. It is understood the governor will recommend the increases asked for, as Representative Crisp conferred with him in the preparation of the bills. The governor's salary is unaffected, the position being taken that if the new general assembly see fit to take up this matter it can do so before the inauguration of the incoming executive next January.

There was not a ripple of surface talk in either house. Comment on last night's move by the senate was confined to private conversations. The galleries were well filled with women, presumably interested in whatever developments might arise. During the morning it had been rumored that a resolution to ratify would be introduced during the day by a Republican member. This failed to materialize. After the houses adjourned the

women were busy in the rotunda, button-holing members of the legislature and pinning badges on them.

Bickett Talks Suffrage.

Raleigh, Aug. 13.—The governor appeared in person to deliver his message. The galleries were packed and all available space on the floor of the house of representatives, where the joint session of the legislature was held, was taken. The crowd was eager. Since the sending of the telegram to the Tennessee legislature, signed by a majority of the house members, pledging North Carolina's vote against ratification, interest in the outcome has been intense.

Governor Bickett's message was divided into two parts. In the first he outlines his objections to woman suffrage and in the second told why he thought North Carolina should ratify. He admitted he feared woman suffrage would make it necessary to fight over again the battle for white supremacy. He said he was never afraid woman would hurt politics but greatly feared politics would hurt woman.

The governor waxed eloquent as he entered that portion of his message advocating ratification. The galleries cheered. The scene was an interesting one, as those present realized that within the walls of the old North Carolina capitol the present fate of the federal suffrage amendment might be decided.

Woman suffrage won, hands down, when the senate committee on constitutional amendments, to whom a resolution introduced by Senator Scales was referred, voted in favor of ratification, seven to one. It was agreed to return a favorable report, with the recommendation that the resolution pass the senate next Tuesday morning. It is practically conceded that the senate will ratify

by a majority of not less than five and probably seven.

The real fight will come in the house. Before the governor spoke today Representative Williams, republican, of Cabarrus, introduced a resolution for ratification, which was referred to the constitutional amendments committee. No comment was made on it.

When he introduced his senate resolution Mr. Scales asked that it be referred to the committee on woman suffrage. President Gardner said it belonged to the constitutional amendment committee and referred it there. Before the senate had been adjourned half an hour a favorable report had been arrived at.

Those voting for ratification were: Fisher, of Sampson; Cowper, of Lenoir; Clidwell, of Rockingham; Scales, of Guilford, Newton, of Cleveland; Palmer, of Cabarrus, and Stevens, of Buncombe. Cloud, of Polk, voted against a favorable report.

SUGAR SPECULATORS CAUGHT ON SLUMP IN PRICE.

New York, Aug. 12.—Heavy decreases in the sugar market, foreshadowed by movements during the past few days took place today. One large dealer reduced his price list on fine granulated from 21 to a fraction over 17 cents per pound and raw sugar sold on a basis of 13.04 cents which was 10 cents per pound less than the high level of three months ago.

A pronounced weakness in raw sugar began early in the week. Noticeable in future contracts on the exchange and in the spot market. "Second hand" sugar, or speculative stocks, have been offered for some days at 18 cents per pound for fine granulated, but no weakening on the part of refiners was in evidence until today.

Holder of large stocks of sugar expressed the fear that they had overstayed their market. Dealers declare the present weakness is due to lack of demand for refined sugar, free offering from all parts of the world and a feeling of unrest throughout the trade, lack of demanding indicates that heavy purchases early in the season were not entirely for immediate consumption.

-: Fall Term Day and Night Sessions! :-

The Fall Sessions of the GREENSBORO COMMERCIAL SCHOOL begins Sept. 6th. We can prepare you in from three to six months for a good office position. You can watch the Classified Columns of our large dailies and you will see the advertisements for help. You can talk to the managers of any business concern and they will tell you it is hard for them to secure the help they need. Our Graduates who have studied

BOOKKEEPING and SHORTHAND

can be found in business offices making from \$1,000 to \$5,000 a year. They are equipped to do their work efficiently and well. Investigation will show that the great majority of them have had only an ordinary education coupled with a business education. Business does not go into the factories, the shops and to the ordinary workers for office help, but to those who can fulfill the requirements of the office. Call on us or write for Catalogue.

Will More Held For Distilling.

Probable cause was the finding of United States Commissioner D. H. Collins Saturday in the case against Will Moore, a Sumner township negro, who was charged with illicit distilling. Bond in the sum of \$500 was required. The case will be heard in Federal court here.

Palmetto State Lawyer Dies Here.

B. R. Traynham, a prominent lawyer, of Laurens, S. C., died Thursday night at 10.30 in a local sanitarium, where he had been a patient a short time. The body was sent to Laurens Friday night for interment. A. C. Todd, also a member of the Laurens bar, accompanied the remains from Greensboro to the South Carolina city.

Sellers Taxed With Costs.

Clarence Gerringer, a white boy, appeared before Justice of the Peace D. H. Collins on Saturday on a charge of assaulting a daughter of a Gibsonville negro named Tom Sellers, the charge having been instigated by Sellers. However, the negro failed to make out a case and he was consequently taxed with the costs of the proceedings.

Major Stedman Invited to Speak.

Major Charles M. Stedman, of this city, congressman from the fifth district, has been asked by the speakers' bureau of the Democratic national executive committee to make a number of speeches in northern and northwestern states in the interest of the candidacy of Governor James M. Cox, of Ohio, and Franklin D. Roosevelt, of New York, nominees for the presidency and vice presidency, respectively. The major has not announced whether he will be able to accept the invitation.

Cotillion Club to Meet at Camp.

The Greensboro Cotillion Club will meet tomorrow afternoon at Camp Hicone, the boys' summer camp at Doggett's mill. The members will assemble at the O. Henry hotel at 5 o'clock, motoring from that point to the camp. The club is considering active boys' work as part of its enlarged program and it is probable that a number of the clubmen will be members of week-end camping parties at Hicone in the late summer or early fall. It is expected that at tomorrow's meeting tentative plans for establishment of a permanent home for the Cotillion club will be considered.

Wildcat Veterans Plan Reunion.

A number of North Carolinians who served with the 81st division in the great war will attend the annual reunion of members of the division which will be held in Columbia, S. C., September 20 and 21. Numerous interesting features are in prospect, including visits to Camp Jackson, where the men of the Wildcat division received their early training.

Canning Club Meetings This Week.

A number of canning demonstrations will be conducted in Guilford county this week, according to Miss Ola Stephenson, county home demonstrator, who announces girls' canning club meetings to be held during the week as follows: Monday,

at Mrs. John Bowlen's home at Pleasant Union; Tuesday, at the Pleasant Garden school; Wednesday, at the home of George Dawson at Bessemer; Thursday, with Miss Little at Concord. Arrangements for other meetings will be made shortly.

T. P. A. Book to be Published.

At a meeting of the Greensboro post of the Travelers' Protective Association Saturday night it was agreed that a T. P. A. book would be published shortly. The volume to contain interesting reading matter and illustrations concerning activities of the organization. It was also decided that a big membership campaign would be waged here August 28.

Married in This City.

Miss Violet Culp, of Fort Mill, S. C., and Clyde Boy, of Knoxville, Tenn., were married Thursday at the home of G. S. Thompson, 406 Blandwood avenue. Rev. Robert Miles, assistant pastor of the First Presbyterian church, performed the ceremony, which was witnessed by a small number of relatives and friends. Shortly after their wedding Mr. and Mrs. Boy left for Knoxville, where they will reside.

New Aerial Truck Arrives.

The new aerial truck ordered for the city of Greensboro some months ago arrived Saturday from the factory of the American LaFrance Company at Elmira, N. Y., and is now on a railroad siding here pending arrival of a representative of the company who will supervise its unloading. The truck costs the city \$13,500. It is expected to be very valuable, one of its chief features being its adaptability to fire-fighting work on high buildings.

Greensboro Firemen Win Prizes.

Four prizes were captured by Greensboro firemen in the contests staged last week at Fayetteville at the annual meeting of the North Carolina Firemen's Association and the local fire-fighters secured a total of \$105 in prize money. In the individual 100-yard dash and hose connecting contest L. A. Dempsey and Raymond Boyst, of this city, won first and second prizes, respectively. The local men finished first in the chemical contest and fourth in the hose competition.

Suggs-McPherson Marriage.

Miss Bessie Suggs, daughter of Mr. and Mrs. M. M. Suggs, of Thomasville, and John McPherson, a prominent merchant of Greensboro, were united in marriage on August 1 at the home of Rev. A. G. Whitely, pastor of the Methodist church at Proximity, it was announced yesterday. Following the wedding the bridal party went to the home of Mr. McPherson, where a delightful reception was given in their honor. Mr. and Mrs. McPherson then left on an extended bridal trip, visiting points in South Carolina, Georgia and Florida.
