## CHARLIE JONES GUILTY OF ASSAULTING WHITE GIRL

DAVID SETTLE SENTENCED TO SIX MONTHS ON ROADS—JUDGMENTS PASSED.

The jury empaneled in the case of state vs. Charlie Jones, negro taxi driver, charged with having committed a criminal assault upon Miss Lillian Marshall, a young white woman, returned a verdict of guilty late Saturday night. Jones had formerly plead guilty to driving an automobile while intoxicated and for each offense Judge J. B. Ray sentenced the defendant to serve two years on the county roads. The defendant gave notice of appeal to the Supreme court, his bond for appearance being placed at \$1,000.

Trial of the case in which the negro was charged with assault with criminal intent began Friday afternoon and was not concluded until late Saturday evening. Lillian Marshall testified on Friday that the defendant had attempted an assault on her at the home of Ruffin Headen on October 15. She had gone there with the taxi driver, according to her statement, for the purpose of buying whiskey.

The negro admitted having taken several drinks with the white woman at the Headen home but denied the attempt to commit an assault. Under the cross-examination of Solicitor Bower, however, the negro's testimony weakened and at times he was inconsistent.

David R. Settle, a prominent white citizen of this county, having been convicted of carrying a concealed weapon, was sentenced to six months in the county jail. Counsel for Mr. Settle made a forceful plea in his behalf but Judge Ray was unmoved in his decision.

Roba Hedgecock, young white man, convicted of stealing an automobile, was given three years on the county roads.

Ruffin Headen, negro, at whose home the alleged assault by Charlie Jones was committed, was convicted of selling whiskey. He was sentenced to 10 months on the roads. Owing to his advanced age the judge directed that he be used at light labor around the kitchen.

Clyde Lewis, who plead guilty of an attempt to break and enter the Southside Hardware Company, was sentenced to six months on the roads.

Fannie Stroud, convicted of larceny, was sentenced to serve 18 months in the county jail.

H. L. Luther was called and failed. The court ordered a nisi sei facias be issued.

Richard Miller, who was found guilty of highway robbery, was sentenced to 12 months on the county roads. This sentence will not be put into effect provided the defendant can pay the cost of the action and put up a bond of \$300 for his appearance at the various terms of court to show that he has been abiding by the laws of the land.

E. W. Williams, found guilty of larceny in High Point on five different times, was given a sentence of six months for each offense.

Charlie Holt, charged with retailing and larceny, was not brought to trial on account of the non-appearance of a witness. The state took a nol pross.

Warner Gray and Pearl Keith, negroes, who pleaded guilty of disorderly conduct, were sentenced to 12 months on the county roads and to the county jail, respectively.

## PITCHER IN WILSON IS TWO CENTURIES OLD.

Wilson, Dec. 17.—Mrs. Columbus Stallings, a widow, who resides on Academy street in this city, has in her possession a water pitcher that is perhaps two hundred years old, and as yet has not been to the well once too often.

This relic has been handed down from generation to generation. It was first the property of Mr. Matthew Stallings who kept it from the time he was married and he lived to the ripe age of 113 years. After his death his son, Mr. Blount Stallings, told her to it and he kept it up to the time he was killed in the Civil war—since which time it has been in the possession of his widow who delights in showing it to her friends.

## PENSION CHECKS READY FOR SOLDIERS AND WIDOWS.

Clerk of the Superior Court M. W. Gant has received from the state auditor the pension checks for soldiers and widows of soldiers serving in the Civil war, and the checks are ready for distribution. The total amount to be distributed in this county at the present time is approximately \$10,000.

A slight increase is made this year in the amount paid to pensioners of the fourth class. The checks are for \$35, representing an increase of \$5 over the amount paid last June.

The pensions are now paid semi-annually, the checks being distributed about the middle of June and the middle of December each year. First class pensioners will receive \$55, second class \$50, third class \$40 and fourth class \$35. A great majority of those on the roll in this county are in the fourth class.

## MRS. SALLY GILMER DIES AT ADVANCED AGE.

Mrs. Sally Gilmer died Saturday night at 8:30 o'clock at the home of her nephew, Clem G. Wright, on North Elm street, in this city. Mrs. Gilmer was the widow of Judge John A. Gilmer and a daughter of the late Mr. and Mrs. Jesse H. Lindsay. She was a member of the oldest and best known families of the county and was held in love and high esteem by a wide acquaintance.

Mrs. Gilmer was 81 years of age and had been infirm in health for some time.

Funeral services were conducted this morning by Rev. Charles F. Myers, pastor of the First Presbyterian church, of which congregation Mrs. Gilmer was a lifelong and devoted member.

Surviving are two sons, Col. E. L. Gilmer, of the U. S. army, and John A. Gilmer, of Washington, D. C.; two grand-daughters, Mrs. Frederick P. Tyler, of Philadelphia, and Mrs. C. A. Mebane, of Greensboro, also survive.

## H. D. KOONTZ INJURED BY ELEVATOR IN DIXIE BUILDING

H. D. Koontz was seriously injured Friday night when his leg became caught in the elevator of the Dixie Fire Insurance Company building, his right leg being painfully mangled below the knee. The injured man was conveyed to a hospital and is reported to be resting comfortably to-day.

Mr. Koontz, who is secretary to J. E. Latham, was descending to the first floor of the Dixie building. It is stated that after the door of the cage was opened and Mr. Koontz started to emerge, that the operator raised the elevator slightly to come to a level with the floor of the building, and that Mr. Koontz fell with his foot caught between the cage and the building. When the elevator was raised to release him he fell to the basement floor.

## HENRY MARTIN HELD ON CHARGE OF MURDER.

Joe King, a negro, who was shot last Sunday, died Friday morning in a local hospital, and his alleged assailant, Henry Martin, is being held in jail on a charge of murder. King's leg was amputated in an effort to save his life but gangrene set in.

The negroes are reported to have had a quarrel over a small sum of money and during the fracas Martin is alleged to have used a gun with deadly effect on King.

## FUNERAL OF MRS. W. W. BELL HELD THURSDAY MORNING.

Funeral services for Mrs. W. W. Bell, a daughter of Mr. and Mrs. E. L. Sides, of this city, were conducted Thursday morning from the Sides' home on South Ashe street. Mrs. Sides, who was formerly Miss Catherine Sides, died in Alberquerque, New Mexico, and the body was sent here for burial.

The service was conducted by Dr. J. H. Barnhardt, assisted by Rev. W. O. Goode and Dr. S. B. Turren. Interment followed in Greene Hill cemetery. Pall-bearers were C. H. Dorsett, Fred C. Odell, L. F. Hanes, C. C. Fordham, W. T. Smith and O. P. McArthur.

## FRANK PIETRO SENTENCED TO THIRTY YEARS IN PEN

ITALIAN PLEAD GUILTY TO MURDER IN SECOND DEGREE.

Frank Pietro, an Italian, charged with having murdered Mrs. Maude Latham, of High Point, submitted late Thursday afternoon to a plea of murder in the second degree. The plea was accepted by Solicitor Bower, on behalf of the state, and Judge Ray decreed that the defendant should be imprisoned in the state penitentiary and assigned to hard labor for the term of 30 years.

A special venire of 50 men had been summoned Thursday morning in order to secure a jury for the trial of the case. Practically the entire number was exhausted before the jury was empaneled. The state introduced testimony during the morning hours and Solicitor Bower rested his case shortly after the noon recess. Mrs. Charlotte Hagley, Walter Hagley, Dr. W. M. Jones, J. E. Wagner and L. F. Honeycutt were introduced as witnesses for the state.

Pietro was the only witness to take the stand for the defendant. He speaks English only in broken fashion and Mrs. Gug Pappas was sworn in as official interpreter. As each question was asked she translated it into Italian and Pietro's reply was repeated by her in English. For this reason slow progress was made. The defendant testified that he had known the dead woman in Philadelphia and that after she returned to her home in High Point he followed her there at her request. He stated that on the night of the killing he was sleeping with Mrs. Latham, at her mother's home. That she aroused him during the night and declared that she was going to kill him on account of a quarrel that they had had earlier in the night. Whereupon he stated that he stabbed her several times with a knife.

Before the trial was concluded counsel for the defendant informed the court that he would enter a plea of guilt to murder in the second degree if the plea would be accepted. Judge Ray stated that owing to the fact that the defendant was ignorant and unversed with the customs of this country, being of foreign birth, the difficulty of arriving at the true facts concerning the case, and the lack of evidence sufficient to prove first degree murder, that he would relieve the jurors of the burden and accept the plea.

When the sentence of the court had been translated to Pietro he showed much emotion. Tears ran down his cheeks and he was unable to restrain himself. He appeared to be about 40 years old and the sentence of the court means practically life imprisonment.

## MRS. LOUISE WITTY DIED SATURDAY MORNING.

Mrs. Louise J. Witty, widow of Levi Witty, died Saturday morning at the home of her daughter-in-law, Mrs. Mark Witty, four miles south of the city. Mrs. Witty was 82 years of age and her death was attributed to senility and accompanying infirmities.

Funeral services were conducted this afternoon at 2 o'clock from Moriah Methodist Protestant church, Rev. G. F. Milloy officiating. Burial followed in Greene Hill cemetery.

## RAID ON NEGRO HOME YIELDS 25 GALLONS OF LIQUOR.

Raiding the home of Vals Motley, a negro woman who resides on Bilbro street, members of the city police force discovered about 25 gallons of whiskey, innumerable jugs, jars and cans, used in transporting the booty and the prisoner to headquarters three automobiles were filled. About 80 glass jars, of half-gallon, one gallon and two gallon capacity, were seized as well as jugs and oil cans, all of which the police claimed had been used to store whiskey.

The whiskey was hidden in the attic of the negro's home. When the officers arrived she was there alone. A trap door from a closet led to the garret and the policemen happened to touch the secret spring. While one of the officers was searching the hiding place the woman made an attack on the other policeman and then beat a retreat. She was later captured, however, and, together with her liquor and her jugs and her jars she was hauled to the police station. Failing to furnish bond in the sum of \$500 she was remanded to jail.

## NEW MARRIAGE LICENSE RECORD ESTABLISHED.

With a total of 26 marriage permits issued during Saturday a new record has been established for the register of deeds office. Register Bob Wharton declared that it surpassed any former records of his knowledge and most likely of former time. The largest number heretofore entered in a single day was on Christmas eve of 1919 when 20 young couples were issued permit to plod the path of matrimony.

It was stated by the register that there were 32 applications on Saturday but that six young men were denied for failing to satisfy the register as to the age of their prospective brides. The register is liable to a penalty of \$200 if he issues a license for a girl under 18 without parental consent and the burden of making due investigation is placed upon the officer.

Johnson surrendered himself to the police immediately after the affair happened. He was unable to ascribe any motive for his crime. Eye witnesses said that Jeter and Johnson had quarreled and that Jeter went home for a pistol. That Jeter returned and after firing several shots at the Johnson negro that he fired a shot gun at Jeter with deadly effect.

It is presumed that Johnson will plead self defense.

## CONE MILL EMPLOYEES RECEIVE HANDSOME BONUS CHECKS

OVER \$300,000 DISTRIBUTED TO WORKERS IN THE THREE MILLS.

Christmas bonus checks aggregating over \$300,000 were distributed Saturday noon to employees in the White Oak, Proximity and Revolution mills. The generous act on the part of the Messrs. Cone and Sternberger, operators of the three mills, came as a pleasant surprise to the happy recipients. In view of the general depression of business conditions in the cotton mill industry it had been feared that the bonus this year would of necessity be materially smaller but there was no difference in the amount of the bonus this year and last.

The mills closed down at noon Saturday for the Christmas holidays and operations will be resumed January 3. The checks were passed out just before the closing hour. The amounts distributed to the employees varied according to the length of service and faithfulness of the individual.

Every family employed in the mills also received a large ham, which was wrapped in a holiday package. During the Christmas period toys, fruit, candy and nuts will be distributed to the children in the mill villages. The owners of the mill in playing Santa Claus to the grown ups do not allow the little tots to be overlooked and every effort will be made to make the season a happy one for the employees and their children.

It is also announced that the owners of the Pomona cotton mill will distribute substantial bonus checks to their employees this week. The amount to be distributed has not been learned.

Services were conducted yesterday morning in the main auditorium of the Buffalo church, the building having been closed during the past two months while extensive alterations were being made.

Both the exterior and interior of the handsome old church have been greatly beautified. New pulpit furniture and new pews have been installed while plans are being made for the installation of steam heat.

An addition has been made to the rear of the main building to provide for a pipe organ. A. M. Scales has donated a beautiful pipe organ to the church and this will be in service in the near future.

The new Sunday school building was completed several weeks ago. It is a handsome addition to the equipment of the church.

A large congregation attended the services at Buffalo yesterday and many friends were present to worship with the congregation in their new home. High praise was expressed for the improvements made in the buildings and there was general admiration for the work that is being done by the congregation.

Rev. E. Frank Lee is pastor of Buffalo church and during his pastorate the church has made notable progress.

The negro was conveyed to a hospital and is receiving every medical attention. Aside from having a leg broken he sustained bruises and a number of cuts.

—Caught in a terrific wind and rainstorm near Waterbury, Conn., recently, H. C. Fortin and his Ford car stopped en route long enough to turn over several times before proceeding on their journey. "The velocity of the wind was increasing so fast, said Mr. Fortin, that I decided to seek shelter. Then, without the least warning, the wind raised the car bodily from the road, at the same time blowing the top some five hundred feet into a meadow. The car overturned, and I was rolled under it, but with the first turn was thrown clear. The car rolled over and over for a distance of about one hundred and sixty feet. It stopped right side up—with radiator caved in, bows broken, brackets bent, fenders broken and bent, and windshield off at the dash. I found the seat cushions two hundred feet away, and the tools all over the road. I inspected the gas tank, oil gauge, and water in radiator, but found nothing disturbed. Pulling out the choke, I primed the engine, gave a quick turn, and the motor started just as though nothing had happened." The McGlamery Auto Co. represents the Ford car and Fordson tractor in this section. Ask Mr. McGlamery about the above occurrence—he can tell you of the durability of the Ford products. See his Fordson announcement elsewhere.

### REPUBLICANS TO ENLARGE LOWER HOUSE OF CONGRESS.

Washington, Dec. 17.—Republican members of the house at a caucus tonight decided to put through at this session of Congress a bill re-apportioning the membership of the house to correspond with increases in population as reported in the 1920 census.

The definite basis for the reapportionment was understood not to have been decided on at the caucus but most of the Republican members were said to favor a reasonable increase in the house membership.

Drafting of a reapportionment bill would be in the hands of the census committee, of which Representative Siegel, of New York, is chairman. Representative Siegel already has prepared and introduced a bill increasing the house membership from the present 435 to 483, and this bill is expected to be the basis for the reapportionment legislation.

The Siegel bill would make the population basis for congressional districts between 218,000 and 219,000 instead of approximately 211,000 as at present. Under the measure no state would sustain a loss in its representation in the house and twenty-five states would gain in representation.

Representative Tinkham, of Massachusetts, urged the caucus to support his resolution directing the house census committee to investigate to what extent negroes are being denied the vote in Southern states and to recommend a decrease in the representation of these states according to the extent of disenfranchisement.

Under the proposed enlargement of the lower house of Congress, North Carolina would gain two new members, making a total of 12.

### FATHER BLAND AND HIS 34 CHILDREN GATHER FAME.

Washington, Dec. 17.—The fame of Reuben Bland, Beaufort county father of thirty-four children, will soon be known to every movie fan in the land.

How the arrival of the children in the Bland family cost Congressman Small many suits of clothes for the father had been told under prominent headlines in the press all over the country. What the newspapers haven't done, the movies are going to do now.

Representatives of the Fox Film Company, photoplay exhibitors and publishers of the Fox "newsreel," screen weekly sent representatives with the magic camera down to Washington to-day with instructions to go to Robersonville, where Farmer Bland lives and make lots of pictures of Father Bland and all the little Blands.

Rival film companies were apprised of the threatened screen "scoop" to-day and after conferences here this afternoon another battery of camera artists packed their bags and started to Washington. Mr. Small's picture and the last suit of clothes will be included in the film which the Fox people are going to make.

### Banker Falls Ten Stories.

New York, Dec. 17.—Edward V. Gambier, former vice president of the Atlantic National Bank of the City of New York, tonight fell or jumped from his office on the tenth floor of the bank building at 256 Broadway, and was instantly killed.

At the open window of his office police found a chair on which rested a camera, which led them to believe that he may possibly have been taking a time exposure of the lighted buildings on lower Broadway and lost his balance and fell. On the plunge to the street the body struck and broke a flag-pole at the third floor. Mr. Gambier's home was in Summit, N. J.

### Takes Long Journey Afoot.

Shreveport, La., Dec. 17.—After walking several hundred miles overland from their home in the Ozarks of northwestern Arkansas, Thomas Alexander and his wife, carrying a shot gun and an umbrella, respectively, have arrived in Monroe, La. In response to letters from their daughter, critically ill there, who begged to see them before she died. Unable to buy railroad tickets, they started afoot and made the journey in three weeks, sleeping under trees.

### All Wanted the Jobs.

Philadelphia, Pa., Dec. 16.—A contracting firm advertised for twenty-five men to-day and such a large crowd responded that a detail of police had to be summoned to maintain order. Applicants for work were asked to call at 7.30 A. M., but they began to gather at 4 o'clock. Those chosen were sent to Lakehurst, N. J., where a hangar for the navy is being constructed.

**STERN MEASURES ARE NECESSARY.**

Throughout the nation, in hamlet, town and metropolis, there appears to be a wave of crime. Hold-ups, burglaries and murders are materially increasing each day and the entire country appears to be suffering from the effects of lawless criminals. History tells us that such conditions invariably follow a war. Insofar as we are just now emerging from the greatest war of all history, it is not surprising that we are confronted with such a situation.

Merely because we have engaged in war, however, is no justification for law abiding people to long tolerate a total and reckless disregard of laws on the part of a small minority.

It is a time for the officers to be especially vigilant. It is a time for the courts to function with all their power and to exercise justice with a view to the evil effect of allowing criminals to go unpunished.

Hon. Cameron Morrison will soon assume the high office of governor of North Carolina. The people are expecting Mr. Morrison to measure up to the responsibilities of his office. They will expect him to assist in the dispensation of justice and not make a farce of the courts of the state by allowing his sense of mercy to completely obliterate his backbone. Sympathy for a criminal is well enough but the great mass of innocent and law abiding citizens are entitled to some consideration. We may expect no abatement of the crime wave until the criminal element is really taught that the way of the transgressor is hard.

**A NEW METHOD OF TAXATION.**

The latest method of deriving revenue for the federal government has been suggested by Representative Treadway, a Republican from Massachusetts. Mr. Treadway would levy a tax on all bank deposits, requiring the banking institution to deduct from every deposit a certain per cent for the benefit of the government.

It is a very simple scheme; the simplicity and ease of collection strongly recommends it, in Mr. Treadway's opinion.

For many long years a constant effort has been made to lead people away from hearthstones, stockings and similar places of insecurity for the keeping of their cash. Considerable headway has been made in this direction, as evidenced by the constantly increasing deposits and resources of practically every banking institution in the country.

Mr. Treadway estimates that such a tax would raise approximately \$1,000,000,000. As a temporary producer of revenue the bill would most likely prove effective but it would undoubtedly strike a dangerous blow to the financial fabric of the nation. We would witness a material decrease in the amount of money deposited with banks and such a situation added to the already stringent times might have fatal results.

Instead of seeking new methods to raise tax Mr. Treadway's time would be more profitably employed in lopping off some of the many superfluous millions of expense. Congress should be informed that the war is over and that while the American people gladly gave until it hurt in order to win the war that there is a limit to all things. More-

over, that the limit has been reached and that the public is expecting relief rather than further gouging.

**THE EARTH'S CRUST TORN AND TWISTED SOMEWHERE.**

Washington, Dec. 16.—Somewhere perhaps leagues deep beneath the rolling blue of the Atlantic and forever hidden from the eyes of men, the earth's crust was torn and twisted to-day by a titanic convulsion.

For hours the earth's surface shuddered under the feet of the heedless millions. Force waves thousands of miles in length swept outward from that storm center like ripples on a rock broken pool. Yet only the unsleeping seismograph noted it and inscribed a mute record for watchful scientists who guard them.

First word of the disturbance came from Georgetown University here, when the Rev. Father Francis A. Mondorf, director of the seismographic observatory, peered at his delicate mechanism this morning. It told him of a shock more severe than any recorded in the last two years. Somewhere the power beneath the surface was still bulging at the earth crust holding it in check.

Experienced observer that he is, Father Mondorf classed the record of his instruments as that of a "terrible" shock. It began soon after 7 o'clock this morning, reached its greatest intensity towards 8 o'clock, and was still leaving a wavering, diminishing trail after noon, as the earth slowly settled to quiet.

The chart indicated an east-westerly direction. Father Mondorf estimated the distance from Washington at 2,800 miles. First impressions were indistinct, he said, while records of great disturbances in South or Central America have been recorded sharply and clearly at the observatory. It might have been, the scientist said, a submarine disturbance, a new mountain peak flung up under the waves. There was no way to judge, he said. The distance eastward would place the scene not far from the Azores, but no word of an earthquake came from any quarter.

**Tobacco Glut Lifted.**

Durham, Dec. 16.—The block which has glutted the local tobacco market since the Thanksgiving holidays was lifted this afternoon, when the whole amount of weed upon the floor was sold before the close this evening. Sales throughout the week have averaged well over 200,000 pounds per day due to strenuous efforts to get all tobacco off the market before tomorrow, when the warehouse close until January 4. Sales tomorrow are not expected to be large.

Prices yesterday averaged \$21.01, a low figure for the Durham market. The day's sales of 219,418 pounds brought \$49,092.05.

**Loses His Life Through Act of Courtesy.**

Fayetteville, Dec. 16.—Kirby F. Saunders, of Wilmington, a rejected recruit for the United States army, lost his life as the result of an act of courtesy on his part on the Camp Bragg road yesterday afternoon. Saunders was sent to the recruiting depot here after enlistment in Wilmington, but failed to pass the physical examination at Camp Bragg. He was being brought back to the receiving station in this city together with a number of accepted recruits, the party riding in an army truck, when the hat of one of the young men blew off.

**Americans Die in Riot at Manila.**

Manila, Dec. 16.—Eleven men, four Americans, and seven Filipinos, were killed here last night during a riot within the walled city between enlisted men of the Filipino constabulary and the Manila police. The Americans killed were Captain of Police W. E. Wickmann, Patrolmen Albert H. Troge and John W. Driscoll, and Augustus Jacuman, field clerk of the United States army. Fifty shots were fired when forty constabulary men sought to avenge the shooting of a constabulary man by the Filipino police.

**Must Pay 22 Cents For Sugar.**

New York, Dec. 16.—Supreme Court Justice Cohalan to-day handed down a decision compelling consignees in 24 sugar cases involving more than 4 million dollars to pay 22 cents a pound for sugar which they had agreed to purchase from Lamborn and Camp, of this city, at that price but had refused to accept on its arrival in Baltimore after the market had declined to less than ten cents.

**Was Very Weak**  
"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

**TAKE**  
**CARDUI**  
The Woman's Tonic  
"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

**FARM TRACTOR**  
The Fordson cuts the cost of preparing land almost to half of what it cost with horses, But even more important is the fact that the Fordson saves from thirty to fifty per cent of the farmer's time. And time saved—getting fields in shape to plant in the proper season; getting things done when they should be done, means money to the farmer. Besides it solves the labor problem.  
As ever, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor, produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it solves the labor problem.  
The Fordson's first cost is the lowest in the market; and the after or operating cost is the lowest. It is a compact easily handled tractor, backed by the greatest Tractor Service Organization in the United States.  
We are Fordson dealers. Not only do we sell Fordson Tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the Farmers to get the best results from the Fordson Tractor.

### IN MEMORIAM.

Minnie Pauline Roberson.  
On December 6 the death angel visited the home of Mr. and Mrs. Edward Roberson and took from them their only baby, Minnie Pauline.

The funeral services were held at Coble's church on the following day, conducted by Rev. Milloway.

For nearly three months little Pauline had brightened the lives of her parents and made glad the home of others. Then the heavenly father had need of her and took her to heaven to be an angel, pure and white as the snowflakes that cover the little mound where her body lies, for she had never been stained by sin or made sad by the sorrow of the world.

We shall miss the smile and that baby coo that came from her little lips when spoken to, and how the father and mother will miss the little arms that played over their bosom. But with the arms of a little angel she is beckoning them to come up to her in that home which our heavenly father has prepared not only for the babies but for all those who love, trust and serve Him.

We dare not doubt our father's love and kindness, for whom He loveth He chasteneth and He bids us to look unto Him from which cometh all our help, and we pray that the heavenly father's purpose in taking the baby away may be fulfilled. May our lives be made more zealous in service, more childlike in spirit, so we too may be fit for the kingdom when our work is done.

As the glad Christmas time draws near we will think of little Pauline among the other baby angels who are over there, singing glad Hosannas of the Christ-child. What a pleasure for us to know that it is possible for us too to join with her some time in that same glad Christmas song, for

Happy thought that  
Gladdens the heart,  
When we meet up there  
We shall never part.

X.

### IN MEMORIAM.

Little Frank Smith.

In sad but loving remembrance of little Frank Smith, who died December 7, 1920. Frank was only three years two months old, a bright flower budded on earth to bloom in heaven. Weep not kind parents, for little Frank has only gone on before to welcome you when your life's work is complete. What a sweet day that will be in that happy home above, no more weeping, no more sorrow, no more pain and no more parting.

I did not know the pain you bore,  
I did not see you die;  
I only know you passed away  
And could not say good bye.  
Though days have passed  
My heart's still sore;  
As time goes on I miss you more,  
Your cheerful and smiling face I miss.  
No one can take your place  
When days are dark and friends are few.  
Dear Frank, how I long for you.

His remains were tenderly laid to rest in Tabernacle cemetery in the presence of many friends and loved ones. The little mound was covered with beautiful flowers which proved the many friends of little Frank.

### NEW SANITARY SEAL ON PACKERS' PRODUCTS.

Chicago, Dec. 18.—A new sanitary inspection seal, attesting to clean and healthful conditions in packing, will appear on more than 70,000,000 cans, bottles and jars of the 1920 food pack, the output of 400 food packers all over the country, according to announcement made by the educational committee of the National Canners Association. This seal will be placed on containers reaching the market January 1, 1921.

The sanitary seal is the mark of approval by an inspection service inaugurated by the association

five years ago. The inspection service, with headquarters in Washington, is now organized in seventeen districts over the United States. Daily inspections are made by association inspectors. This examination covers cleanliness, wholesomeness and suitability of raw materials and finished products and sanitation of the cannery and equipment.

Every can labelled by the inspector, according to the committee's announcement will give the purchaser the association's assurance that the materials are sound and properly cleaned before canning, that the cannery and equipment are kept in a clean and sanitary condition; that ample sanitary provisions are made for cannery employees and that they are cleanly in habits and dress; and that the can is filled as full as practicable with food that is clean, palatable and wholesome.

"The inspection and labelling service is voluntary movement on the part of the association to cover any requirements they consider as standard for properly canned foods and which are not specified by law," said Walter J. Sears, of Chillicothe, O., president of the association. He asserted that the association is backed by the federal government in Washington and that the introduction of the labelled can means one of the most important steps to the consumer ever taken in the cannery industry.

It is supposed that the fire originated from a spark from one of the trees of the dwelling. The flames were put out by the use of chemicals.

### Mrs. W. A. Fries is Injured From Fall in Ditch

Mrs. W. A. Fries, of Cherry street, suffered a painful injury Saturday morning when she fell in a small ditch in the street near the sidewalk at the intersection of North Elm and Market streets. A bone in Mrs. Fries' left ankle was broken as the result of her fall.

Mrs. Fries stated that she was looking over her shoulder at the clock in front of the American Exchange National Bank building and that she did not notice the hole in the street.

Mr. Griffith, a native of South Carolina, has resided here during the past year. He is city editor of the Daily Record and is a newspaper man of marked ability. During his residence in this city he has won many warm friends who will extend to him the best of wishes.

Mr. and Mrs. Griffith will make their home at 215 West Sycamore street.

### BANDITS HOLD UP AND ROB PARTY AT HOTEL.

New York, Dec. 16.—Three robbers, two of whom carried revolvers and the third a black jack, held Owen C. Linthwaite, of Redbank, N. J., president of the New Jersey Motor Sales Corporation, and H. L. Worley, of Newark, N. J., and their wives in Linthwaite's room, on the second floor of the Hotel Astor, at

44th street, and Broadway, last night. The men took jewelry and money. One of the robbers was caught and the jewelry recovered. The others escaped.

The three men, their faces masked with handkerchiefs, burst into the room as the party of four sat conversing. Swinging a revolver back and forth before them, the first robber ordered the men and women to put up their hands. Thinking it a joke, they laughed and the order was repeated under threat of death.

While one man stood guard at the door, the others ordered Mr. Linthwaite into a bathroom and Mr. Worley against the wall. The robber guarding Linthwaite, pistol in one hand went through his victim's pockets with the other and took \$92. They secured \$67 from Mrs. Worley and robbed Mrs. Linthwaite of her jewelry, a pendant bar pin, two diamond rings and a bracelet.

### THE THIN GRAY LINE IS GROWING THINNER.

Raleigh, Dec. 16.—Thinner by 1-152 men is the thin gray line of Confederate veterans on the state's pension roll than it was a year ago when the 1919 vouchers were mailed out to the 11,248 pensioners. This year there are but 10,096 of them who will answer when their names are called out at their court house where the vouchers are distributed.

This year the individual veteran gets \$70 out of the appropriation of \$650,000, with the balance that was on hand a year ago when the distribution was made. Yesterday's checks amounted to \$325,000. The payments are made semi-annually, in June and December.

Another decade, in the opinion of Pension Clerk Baker will see the little army of veterans practically wiped out by the ravages of time. It has been 55 years since the last guns of the Civil war were fired, and a veteran of the struggle now under 70 years of age is a rarity. Mostly they are beyond 75, and that is about the average age of those who remain.

In their stead, in due season, Mr. Baker thinks there will arise another pension roll of men disabled in the European war. Men of this class are now entitled to the benefits of a pension, under the present pension law. It lacks only legislative appropriation to make the law applicable to them. No such move has been made, in so far as any one knows, and probably will not be at any near-at-hand time.

### BURGLARS GET A BIG HAUL AT CHAPEL HILL.

Chapel Hill, Dec. 17.—With the nerve and coolness of professionals but with evident familiarity with their grounds, burglars swept through five dormitories at the University of North Carolina last night and stole approximately thirty watches, a number of pins and other valuables, and several hundred dollars in cash.

They got away as clean as a whistle and thus far no clue as to their identity has been found. In nearly every instance the burglars entered rooms where two and three students were sleeping. In at least one room apparently they came through a window as the door was locked and showed no signs of having been tampered with.

In half a dozen rooms students woke up while a stranger was in the room. Questioned as to his presence there in each instance he replied, "I beg your pardon. I must have stumbled in the wrong room in the dark."

As the fall examinations are on now and many students are up late, the reply did not seem unreasonable. The familiarity shown with the University buildings and the evident knowledge of students' habits would indicate that the burglars were sure of their ground and the

big scale of job and sheer daring. University officials said, indicated professional work.

Losses were reported this morning from the Old East building, New East, South, Old West, and New West. The night watchman of the campus saw a man enter the Y. M. C. A., turn on the light in the office, and start looking through a desk. When questioned, he said he was looking for a paper and left.

Students report that a Ford car was on the campus and it is thought the men escaped in it. One of them is described as of short, light build, with dark hair and a checked gray cap. The other was also short, but much heavier. University officials early this morning telephoned the police in all nearby towns to keep a lookout.

When the Prohibitionists assured Mr. Bryan that with his help they would sweep the country, what they had in mind was probably dry-cleaning.—Philadelphia Public Ledger.
