## COX GIVES FACTS AS TO REPUBLICAN SLUSH FUND

CHARGES BASED ON DATA  
TAKEN FROM REPUBLICAN  
TREASURER'S BULLETIN.

Pittsburgh, Pa., Aug. 26.—Information to support his charges that a Republican campaign fund exceeded \$15,000,000 was being raised "in a conspiracy to buy the presidency" was presented by Governor Cox, of Ohio, Democratic presidential candidate, in addressing a public meeting here tonight.

Governor Cox's data consisted almost entirely of matter taken from the official bulletin of Fred W. Upham, of Chicago, treasurer of the Republican national committee, but his chief exhibit was a typewritten list purporting to show Republican campaign quotas imposed on 51 principal cities in 27 states, and aggregating \$8,145,000.

Names of local subscribers, Governor Cox said, were ordered kept secret. These quotas, given as \$2,000,000 for New York city, \$750,000 for Chicago, \$500,000 for Philadelphia, and ranging down to \$25,000 for smaller cities like Atlanta, Georgia, were said by Governor Cox to have been announced about the middle of July.

That Senator Harding, his Republican opponent, "was acquainted with the details" of the quota plan and that it was also approved by Will H. Hays, chairman of the Republican national committee, was charged by the Democratic candidate.

From subsequent issues of the official bulletin, Governor Cox quoted many reports from Republican workers throughout the country, reporting going "over the top" and in excess of the alleged quotas.

\$8,145,000 From 51 Cities.

Announcement of the \$8,145,000 metropolitan quotas, Governor Cox said, was made by Harry M. Blair, assistant to Treasurer Upham. A meeting was held in Chicago, Governor Cox said, at which Will H. Hays, chairman of the Republican national committee, "spoke his blessings."

The governor charged that typewritten sheets bearing the 51 cities' quotas were "distributed to those assembled" and he produced one of the alleged quota lists, but did not state how or where it was acquired.

That the reputed attempt to raise \$8,145,000 from 51 cities in 27 of the 48 states is fair evidence that the total national fund will be much larger, was declared by Governor Cox, who said big business men were prominent on the Republican ways and means committee, and that the raising of funds was on a "business salesmanship" basis.

Governor Cox also quoted from statements in the Republican bulletin that state and county organizations were not to be "disturbed or retarded in their activities."

Governor Cox, standing staunchly by his charges that an attempt to purchase the presidency was being made, declared that "the senatorial oligarchy and their friends are hunking back to the days of Mark Hanna," stating that in the 1896 campaign, which Mr. Hanna managed, \$16,500,000 was spent.

"An Assault on Electorate."

"It was this foul thing," said Governor Cox, "which Theodore Roosevelt brought to an end when he reformed the Republican party. When he was doing it Warren G. Harding branded him as an Aaron Burr."

"I charge again an assault on the electorate," said Governor Cox. "It can't be hidden; the hosts are marshaled; the money ammunition is prepared, but it will not succeed. The net is spread in sight of the quarry."

The typewritten list of cities and quotas presented by Governor Cox included:

New York city, \$2,000,000.  
Chicago, \$750,000.  
Philadelphia, \$500,000.  
Detroit, \$450,000.  
Pittsburgh, \$400,000.  
Cleveland, \$400,000.  
Boston, \$300,000.  
Cincinnati, \$250,000.  
St. Louis, \$250,000.  
San Francisco, \$150,000.  
Minneapolis, \$100,000.  
Providence, \$100,000.  
Newark, \$100,000.  
Akron, \$50,000.  
Milwaukee, \$75,000.  
Dayton, \$50,000.  
Baltimore, \$50,000.  
New Orleans, \$50,000.

## PASSENGER RATES WITHIN STATE NOT INCREASED

FREIGHT RATES ADVANCE 25  
PER CENT, PULLMAN FARES  
50 PER CENT.

Traveling within the state of North Carolina will be no more expensive now than it was prior to August 26, the date when increased railway passenger and freight rates became effective in accordance with the recent ruling of the interstate commerce commission. A journey from this city to a point in the state of Virginia, or any point outside North Carolina, will be 20 per cent higher. The state corporation commission having declined the request for an increase in intrastate passenger rates. An increase of 25 per cent was allowed on freight rates within the state and a 50 per cent increase in Pullman fares.

The North Carolina legislature has placed the maximum rate of 3 cents per mile for railroad passenger fares in North Carolina and until this statute has been amended there can be no change made in intrastate passenger rates.

## BODY OF UNIDENTIFIED MAN FOUND ON TRACKS.

The body of an unidentified young white man, apparently between 16 and 18 years of age, was discovered early yesterday morning on the railroad tracks near the Pamona yards. Several broken limbs, a crushed skull, cuts and bruises, together with appearances that the body had been dragged some distance, led to the impression that the young man was struck by a train. It was the general belief that he had been riding a freight train and falling from the train on which he was riding he was struck by the same train or another following closely behind.

The body was brought to a local undertaking establishment. During yesterday it was inspected by several thousand people in an endeavor to establish his identity but no success was experienced.

Denver, \$50,000.  
New Haven, \$50,000.  
Washington, \$50,000.  
Louisville, \$50,000.  
Birmingham, \$50,000.  
Atlanta, \$25,000.

Cox Gives It Publicity.

On the question of keeping secret all local subscriptions, Governor Cox quoted from the official bulletin of August 16 as follows:

"The names and amounts subscribed by local donors should not be made public locally."

"I hereby give it wide and non-exclusive publicity," Governor Cox continued. "Why were the names of local contributors not to be made known? Was it because each contribution would carry its own meaning to the voters in the local communities? Certainly there is some reason. What is it? The public is entitled to know."

"If Mr. Hays and Mr. Upham do not come forward with the information the Republican national committee ought to remove them both. Furthermore, there should be some explanation of this being made purely a business affair, participated in by business men, and business men only. Unexplained, it carries its own condemnation and exposes the purpose of the whole shameful business. It means that the quota is to be assessed against those who are to benefit, and that the captains of industry who have answered Mr. Hays' roll call are submitting to taxation with the understanding that they will have representation."

Quoting from a "message" written by Senator Harding, the Republican nominee, in the official bulletin of August 9, Governor Cox said that Senator Harding expressed his gratitude for "the enthusiasm shown" in raising the campaign fund.

"That Mr. Harding is acquainted even with the details of the enterprise is evidenced by a subsequent passage," said Governor Cox, "which is as follows:

"Through the fine work of your organization, we are rearing that form of political patriotism which expresses itself in support from every county, every state. I want all members of your organization to feel that their efforts are essential to our success in planning for national enlightenment and deeply appreciated by me."

## WHOLESALE GROCERS HELD SUCCESSFUL MEETING

HOST OF MEMBERS HERE LAST  
WEEK FOR BIG CONVENTION  
OF TWO DAYS.

The North Carolina Wholesale Grocer's Association held its convention here last week and after a most successful session continuing from Thursday morning until Friday afternoon. A large number of the wholesale grocery merchants from all parts of the state were here for the meetings on both days and each session was crowded full of interesting speeches, helpful suggestions to the members, and the transaction of association business.

The association will have a full time secretary in the future, Mr. I. M. Porter having been selected to fill this position. State headquarters will be located in Raleigh and Mr. Porter will assume active charge of duties on September 1.

Friday at noon a delightful luncheon was tendered the visitors by the jobbers and manufacturers of this city, the luncheon being given at the O. Henry hotel. In the afternoon officers were elected for the ensuing year. A resolution of thanks was adopted by the association for the splendid entertainment given the convention by the local wholesalers.

The officers elected for the coming year were as follows: President, A. F. Hartsell, of Concord; first vice president, W. N. Harrell, of Wilson; second vice president, George Marsh, of Raleigh; third vice president, J. W. Patterson, of Greensboro; fourth vice president, B. D. Ebbs, of Asheville. Directors, one from each of the six districts into which the association has divided the state, were elected as follows: First district, J. R. Armstrong, of New Bern; second district, D. W. Sanders, of Fayetteville; third district, C. K. Hecht, of Charlotte; fourth district, J. Q. Gilky, of Marion; fifth district, J. C. Rogers, of Asheville; sixth district, R. S. Humphrey, of Asheville. W. L. Rawlings, of Goldsboro, who served during the past year in the capacity of secretary-treasurer, was chosen treasurer of the association.

## FURNITURE COMPANIES ENTERTAIN EMPLOYEES.

The annual picnic of the Huntley-Stockton-Hill Company, of this city, and the Huntley-Hill-Stockton Company, of Winston-Salem, was held Friday afternoon at Dunlap Springs, near Kernersville. The afternoon was spent in various games and at 6:30 dinner was served at the hotel.

B. F. Huntley, president of both stores, acted as toastmaster, and in a short talk told of the vast volume of business of the two stores in the past year. He also expressed belief that the following year would show even greater gains. Mr. Huntley did not think that prices would be reduced at any time in the near future.

It was also announced that these stores are going after business even more strongly than they had in the past, so A. R. Mangum, of Providence, R. I., has been engaged as advertising man for both stores. Mr. Mangum has had years of experience in the furniture business.

Another announcement of great interest was that the companies have taken out insurance for their employees, and that the company will pay the premiums.

Talks were made by several salesmen, who thanked the company for their kind treatment, and hoped they would all meet together next year.

Miss Theresa York and John S. Wood Wed.

A quiet wedding took place Thursday morning at the home of the Rev. Kirby V. Bowen, when Miss Theresa V. York and John S. Wood were quietly married. The impressive ring ceremony was used and only a few relatives and intimate friends witnessed the ceremony.

Mrs. Wood is the daughter of Mrs. W. B. York, of this city. Mr. Wood is the son of Mr. and Mrs. Samuel Wood, of near Red Cross. At present he has a position with the Guilford Storage Battery Company.

After a honeymoon of several days to Asheville and other points in western North Carolina, Mr. and Mrs. Wood will be at home in Greensboro.

## NEW JERSEY SHARK

There has been no repetition this year of the shark scares at the Atlantic coast resorts, but some of the sharks still are there. This one was killed the other day off the bathing beach at Arverne, N. J.

## QUICK AND HEROIC WORK SAVES LIFE OF LITTLE GIRL

CHILD FELL INTO 65-FOOT WELL  
—RESCUED UNCONSCIOUS BY  
FORMER SERVICE MAN.

Danville, Va., Aug. 27.—The story of a heroic deed reached here to-day from Milton, N. C., this involving the saving of the life of Dorothy Beasley, 3-three-old child, at great personal risk by former First Lieut. E. B. Foote, of the aviation service during the war.

Yesterday evening the child fell down a 65-foot well and Lieutenant Foote, hearing the screams from bystanders, went to the spot. The child could be heard splashing and screaming below. Foote removed his coat and shoes and encircling an iron pipe through which water was pumped slid down the distance. Ten feet of water was in the well and the child had sunk. He forced his way down and grasped it bringing it unconscious to the surface. Then he took off his suspenders and making an improvised rope bound the unconscious child to him and climbed 65 feet up the pole, reaching the top exhausted. Bystanders thought the child dead, but Foote did not lose time, and laying out the child, resorted to the well known methods of resuscitation as taught him in military service. After a prolonged period the breath of life came and went normally and color again came to the pallid cheeks.

Not a bone was broken in the fall, but Foote drove a car to Danville with the mother last night and a physician made an examination and found nothing wrong. It was the mother, with her rescued child slumbering in her arms, who told the story to J. E. Saintsing, a local drug store clerk.

## PATRIOTS WON SATURDAY AND MAINTAIN FIRST PLACE.

At Cone park Saturday afternoon the Greensboro team won from Danville, the score being 11-5. The game of Saturday represented the fifth Patriot victory during the past week and gave the local team a firmer grip on the top of the percentage column.

Standing of the clubs:

	Won.	Lost.	Pct.
Greensboro	38	21	.571
Winston-Salem	23	24	.528
Raleigh	27	25	.519
High Point	22	24	.489
Durham	25	27	.481
Danville	18	29	.383

## Pleasant Garden School to Open September 15.

Pleasant Garden school will not open until September 15, due to unusual pressure of farm work and also for the fact that more time is needed to complete the improvements that are being made on the building.

## GENERAL ASSEMBLY ENACTS TAX LEGISLATION, ADJOURNS

NEARLY 500 BILLS PASSED DURING  
THE SEVENTEEN-DAY  
SESSION.

Raleigh, Aug. 27.—Although the legislative clock stood still at a minute before noon, it was a quarter after two in the afternoon before the rotunda doors of the house and senate chambers were flung open yesterday and the gavels of the speaker and president of the senate fell in unison and together they declared the special session of the general assembly adjourned sine die.

Weary senators and wearier representatives had already made ready for the moment of adjournment, had cleared their desks, had drawn their pay, and were ready for the fall of the gavels. Five minutes after final adjournments, the halls, scene of busy turmoil for 17 days past, were deserted, and the afternoon trains carried most of the members away. The session is over, and with a record for legislation against time that will likely stand for a time.

Although nearly 500 bills and resolutions were passed by the house and senate during the 17 days of the session, and relatively few bills died in committee, or were killed outright. Some few there were remaining on the calendar for their third reading, dealing mostly with local matters of bond issues for schools, roads and such like. In the committees, lacking committee action a number of state-wide bills, including the Brown primary bill, remained unattended, and forgotten in the final rush.

## Major Legislation.

Taxation was the basis of the call for the special session, and taxation was the basis of every important bill passed by the general assembly, with the debatable exception of that providing for the registration of women voters for the November election. Other than these the legislature confined itself entirely to local matters, with here and there a statutory amendment effecting legal procedure. The five major enactments of the session are as follows:

Submitted amendment to the constitution of North Carolina limiting the tax rate to be levied for state and county purposes, exclusive of school support to 15 cents on the \$100 property valuation; providing for a tax on incomes not to exceed 6 per cent; repealing the "stand or fall together" provision in the grandfather amendment; and changed the qualifications of a voter in the state to one year's residence in the state and four months in the precinct in which the ballot is cast, and removed the requirement that a voter must have paid poll tax before voting.

Passed the revenue act, fixing the tax rate for the year at 13 cents on property valuation, and levying no tax for state purposes upon property, and providing for new schedule of taxes on franchises, etc.

Passed the municipal finance act, requiring municipalities to keep within the 10 per cent limitation promised in the revaluation act, and reducing the limit to which a municipality may go in borrowing money to 5 per cent of the total property valuation instead of 10 per cent as heretofore. Special provision enabling cities to take care of present indebtedness, and by a vote of the people, increase revenues for general expenses.

Passed the Brooks education bill, putting into law the plan worked out by the department of education for the reorganization of the school system of the state, placing the teachers on a uniform classification and salary basis and providing inducements to teachers to better their equipment in order to receive higher salaries.

Passed the Scales bill providing for the registration of women voters of the state after the promulgation of the 19th amendment by the United States secretary of state.

Passed the Stacy bill authorizing the council of state to raise the salaries of the clerical staff in the several state departments, with the provision that none receive more than \$1,500.

## Primary Repeals Die Early.

Neither of the four primary repeal bills got farther than the senate, and only one of these got past its first reading. The Humphrey bill providing for the repeal of the primary by referendum was passed in the senate and was immediately tabled when it came to the floor in the

house. The senate also passed a measure providing for the voluntary retirement of justices of the Supreme court and judges of the Superior court, but the house was afraid of it and allowed it to expire in committee.

Sundry commissions asked by the governor to look into legislation at the general session in January passed in the senate, but met with inattention or outright disfavor in the house. The senate passed the bill providing for a commission to study better laws for negroes, a commission to draft a new road law, and a commission to draft a proper workmen's compensation act, but in none of these did the house concur, and they lie on the unfavorable calendar or in committee.

The most interesting, but as things have turned out, not the most important thing to the state itself, done at the special session was the strangling of the 19th amendment. Not in any former session has there been such a scene as was enacted the day the governor read his suffrage message, nor again when the senate after a dramatic debate, voted under the generalship of Senator Warren, to postpone any action until next January.

## Sighs of Relief.

Members, pages, clerks and newspaper men who have followed the session so closely, sighed sighs of profound relief yesterday when the gavel fell that spelled the end of the vigil and the opportunity to return to less strenuous tasks, and cooler and more comfortable leisure to do them in. Raleigh seemed a deserted village after the departure of the solons yesterday and will require some days to come back to its normalcy, as the good Senator Harding would say.

## PRETTY WHITE WOMAN HELD ON CHARGE OF LARCENY.

Mrs. M. C. Martin, a pretty young white woman, whose native home is in New Bern, is being detained in the county jail pending trial on a charge of the larceny of a suit case. The alleged theft occurred last Wednesday evening at the passenger station. Mrs. Martin is accused of having taken the satchel of a young lady who was traveling from Winston-Salem to Reidsville. The contents of the satchel were reported to have been worth about \$200.

As soon as the loss was reported to the police an investigation was made by special officers with the result that Mrs. Martin's arrest followed. She claimed that the grip was taken by mistake, she having confused it with her own, and that she made an effort to find the rightful owner of the baggage she had taken and receive her own in exchange.

The case was called for hearing Friday morning but continued in order that the defendant might have time to summon character witnesses.

Mrs. Martin appears to be about 25 years old. She was well dressed and made a good appearance. She claimed that she was formerly Miss Elizabeth Ball, of New Bern.

Bond was fixed in the sum of \$300 in default of which she was committed to jail.

## THEATRE TO CONDUCT STRAW VOTE FOR PRESIDENT.

The Associated First National Pictures, Inc., of New York, will hold a national straw vote on presidential nominees, the votes to be taken through the medium of the many picture shows in the association. In this city the vote will be cast at the Victory theatre, the ballots to carry the question: "To which presidential and vice-presidential nominees are the citizens of Greensboro, of North Carolina, of the United States, going to give most of their votes next November?"

Through the same medium a national straw vote will be taken on the questions: "Are the people for or against permitting the sale and use of light wines and beers?" "Do they want the women of the country to have the ballot?" and "what do they think of the league of nations?"

## D. P. May Enters Hospital For Operation.

D. P. May entered St. Leo's hospital Friday afternoon for an operation. He was taken there from his home five miles north of Greensboro.

## Friendliness Counts

The biggest difference in banks is in their attitude towards customers.

We want you to feel at home here. When you talk over your money matters with our officers, we want you to feel that what you say is understood and is regarded as confidential.

We want you to know that we can and are willing to help you.

Bank here even if your account is small to start.

## DOWNWARD TENDENCY IN PRICES OF MANY ARTICLES

THE LONG-AWAITED FALL HAS  
STARTED, SAYS FEDERAL RE-  
SERVE BOARD.

Washington, Aug. 26.—Marked indications that living costs apparently have started on their long-awaited fall were said by the federal reserve board to-day to be contained in its latest reports. An "important downward tendency" in prices of all commodities excepting food is evidenced in all parts of the country, the board stated, adding that a sharp reduction in the price of raw products even forecast lower food prices.

The board in commenting on the price changes said there should be a "pronounced checking" of speculation as well as a definite although slight increase in general efficiency and an "equally positive yet limited curtailment of extravagant expenditure and unnecessary borrowing." There has been also a "sustained tendency" toward the paying off of loans secured by government and other bonds and securities.

The board's reports reveal that within the last two months price changes have been marked in all basic raw products but have been most noticeable in wool, silk and leather. These reductions are said to have been accompanied generally by a corresponding drop of prices in the retail field on clothing and shoes and several other staples.

### No Set Cause For Lower Prices.

"The downward tendency of prices" the board said, "is not to be explained by reference to any one cause or set of causes but is the outcome of a complex of factors. In wool, the termination of government control in various parts of the world and the steady marketing of the raw supply held by the United States government has had an important effect."

A "depressed situation" was said to exist in the leather and shoe industry. Shoe manufacturers are slow in placing orders with leather dealers, with the result that prices on raw materials have suffered a heavy decline. The dull season of late summer was described as "beginning earlier and lasting longer."

The manufacturers, however, anticipate a heavy fall business, but this is not expected by business experts to increase the level of prices in these lines.

The break in the silk market and the subsequent falling of retail prices of that textile, was attributed to speculative activity in Japan.

Lower prices in cotton and cotton products were forecast because of an expected heavy crop combined with a slowing up of demand. Few new orders are being placed, because of the lateness of the season and because jobbers and retailers confidently hope for a prevailing lower level of prices when sales on cotton goods re-open next spring.

**Higher Efficiency in Labor.**  
In addition, the board foresees a generally higher efficiency by labor in industrial productions.

"It remains true," the board said, "that there is at the present time a wide gap between the new level of raw material values and the prevailing level of retail prices. During the month of August it has been pointed out by industrial leaders that the high price of goods has been due, only in part, to high costs of materials and has in very large degree been the outcome of very high capital charges and very great advances in the wages of labor."

"For these reasons consumers have been discouraged from taking the view that shrinkage in retail values was immediately to be expected as a result of reductions in the wholesale field. It is true, however, that the saving afforded by manufacturers, through lessened cost of materials and increased efficiency of labor must eventually be reflected in a downward movement of retail prices."

"For the coming autumn and winter seasons it is likely, however, that this downward movement will be evident in comparatively small degree. In many lines higher retail prices are predicted, due to the fact that purchasers for the autumn and winter trade had already been contracted for at the old level of prices, the changes in the prices of materials at the present time showing their effect early in the spring of 1921."

### Compromise on Wage Scale.

Chicago, Aug. 27.—Illinois coal operators and representatives of the miners to-day agreed on an increase of \$1.50 a day for 40,000 coal miners in the state. The men asked a \$2 increase, but agreed to the compromise.

### DEMOCRATS JOYFUL OVER GOV. COX'S EXPOSURE

HIS PITTSBURGH SPEECH ONE  
OF MOST SENSATIONAL IN  
POLITICAL ANNALS.

Washington, Aug. 27.—Cox has "made good." Administration Democrats and even independents slapped one another on the shoulders with the above joyful exclamation this morning on reading the governor's Pittsburgh speech. Many Democrats were nervous with fear that the governor had overstepped the line of safety in his allegation that Republicans were raising \$15,000,000 to carry the election. But he showed \$8,000,000 and he quoted from the Republican bulletin, "get the money."

Governor Cox's speech at Pittsburgh, a Republican stronghold, was unquestionably one of the most sensational political speeches ever delivered in this country. The audience, many of which were Republicans, is reported to have gone into a frenzy of emotion when the governor held before its eyes the Bulletin printed by the national Republican campaign committee containing the actual figures of assessment of 51 cities in 27 states. The governor read to his audience the endorsement by Senator Harding himself of this gigantic financial scheme to put Harding in the White House.

**Republican Reaction.**  
What every Democrat here has been interested in observing is the character of the reaction of the Republican candidate and campaign managers to these grave charges. All Mr. Harding would say in reply when questioned was to shake his head. He, who had endorsed the scheme, could not plead ignorance of it. Chairman Will Hays said he would show that Democrats too were collecting a vast fund and we are not going to lie down to Governor Cox's insults.

Treasurer Upham, of the Republican national campaign committee, retorted that his committee had not received all that money. It was a joke some one had played on Cox.

The Republican managers have come forward with the apparent innocence of a babe and they say: "Well, suppose we are raising this gigantic sum you allege, you do not show we got it from sinister interests. We claim we got it from the people and that we will spend it honestly." The outstanding fact is that the Republicans are raising a campaign fund so great that they do not themselves know how big it will be. They are collecting it from sinister and non-sinister sources and from every source that will yield it.

G. O. P. Says "Get the Money."  
"Get the money, get the money," reads the bulletin. In almost every community in the country there is a corruptible element in the electorate. In the doubtful states the possession of a big campaign fund furnishes an overwhelming temptation to corrupt voters.

What Governor Cox is aiming at is to check this rushing flow of money into the coffers of a party that is corrupting the conscience of the people with false propaganda and dulling its sense of honor and duty. That is a far worse sort of corruption than the actual bribery of a comparatively small part of the electorate. The Republicans will put thirty thousand speakers on the hustings for that work. The party learned from the war the power of propaganda to change the thoughts and action of men.

**Big Propaganda Machine.**  
Two years ago the Republicans began the organization of the machine

to kill the popularity of Wilson and defeat the Democrats.

No country in the great war, not even Germany, had built up a more perfect propaganda machine than the Republicans are now completing. Governor Cox in attacking the methods of raising and the amount of money needed to run this machine is aiming a shot right at the heart of Republican hope. "Stop the flow of this money," he cries to the American people. "You are putting it into the hands of men who are attempting to debauch your minds with sinister propaganda."

Cox's attack at the heart of this propaganda organization has begun well and Democrats are confident that if he has only time he will cripple it for lack of fuel. It takes a deal of money to make a success of evil propaganda, as the Germans can testify.

### BOGUS COLLECTOR GETS POLL TAX FROM WOMEN.

Pittsburg, Aug. 27.—Numerous newly enfranchised Alleghany county women have been defrauded by a bogus tax collector, who went into action shortly after Secretary Colby signed the proclamation declaring woman suffrage law, according to an announcement made to-day by H. H. Rowland, district attorney.

The fake collector, Mr. Rowland said, operated in the McKeesport district yesterday and authorities in all sections of the country are on the lookout for him to-day. The bogus agent, victims reported, appeared at their homes, informed them they must pay him a poll tax if they wanted to vote in November, collected the money, handed out a receipt and then disappeared.

### WILL OPEN UNIVERSITY FOR 75,000 FORD EMPLOYEES.

Detroit, Mich., Aug. 27.—Establishment by the Ford Motor Company of an educational department to be known as the Ford Technical Institute with university rank, which will grant degrees in mechanical, electrical and chemical engineering, was announced here to-day.

Complete courses will be made available to more than 75,000 employees of the Ford company without charge. An academic department will be established and complete laboratories will be provided, the announcement stated.

The courses, it was announced, will cover every phase of engineering. The institute will be formally opened this fall.

### Will Continue Their Fight.

Nashville, Tenn., Aug. 26.—Despite news from Washington that Secretary Colby had signed the proclamation announcing officially that the suffrage amendment to the constitution had ratified, leaders of the anti-to-day continued preparations for mass meetings throughout the state on Saturday as protests against ratification.

### AN EFFECTIVE REMEDY.

The increase in freight rates allowed by the government would amount to almost seven cents on a lady's cloak shipped from New York. But that seven cents as it is passed down the line will furnish somebody an excuse for marking up the price of the garment about \$70. When an excuse is wanted a mighty thin one will do. When a merchant mentions the freight rate as a warrant for a price boost, hit him on the head with a hammer.—Los Angeles Times.

Bears the Signature of *Dr. J. C. H. Hatcher*

### A FRUITLESS SEARCH FOR CHEAPER COAL.

Washington, Aug. 26.—Durham is facing a coal famine and unless something can be done to relieve the situation much suffering will result to the poor class, according to Judge R. H. Sykes, who headed a committee which appeared before the interstate commerce commission to-day to have the commission rescind its order giving priority to coal for the Great Lakes region.

Coal is now selling in Durham at approximately \$17 per ton with little, or no assurance of getting an adequate supply for the needs of the city. The present price, with prospects that it will even go higher than \$17 a ton, is almost prohibitive, according to Judge Sykes.

The commission was unable to offer any solution of the problem. It was contended that the order giving priority to certain sections of the northwest was made in order to get coal to these sections of the country before the extreme cold weather sets in and prevents shipment either by lake or railroads.

The case was also taken up with the department of justice, where it was said that many prosecutions of coal dealers were being waged because of profiteering and that the situation in the south would have attention of the department. Aside from this Judge Sykes and his associates, received no encouragement and they left for Durham tonight with a feeling that they had been unable to get any real results from any of the government departments.

### GEORGIA POLICEMAN AND NEGRO KILLED IN DUEL.

Waycross, Ga., Aug. 27.—As the result of a pistol duel here to-day, Walter Brakes, member of the Waycross police department, is dead and Tom Smith, a negro, is at the point of death.

The shooting occurred at a negro hotel on Reed street at 1.30 o'clock this morning, while Brakes and another policeman were raiding the hotel. Smith, who is alleged to have been intoxicated, drew his pistol and opened fire on the officers, shooting Policeman Brakes through the heart, causing his death within a few minutes. The officer fired simultaneously with Smith, two bullets taking effect in the negro's body.

After being placed in jail it was decided the negro was not safe there and an officer left with him for Savannah.

Officers are searching for several other negroes said to have been connected with the shooting affair and ugly feeling is prevailing here.

### RICHMOND MADE GREAT GAINS IN POPULATION.

Washington, Aug. 26.—Richmond, Va., with the largest numerical growth of population in its history during the last decade, takes rank as 37th largest city of the country, the census bureau announcing its population to-day as 171,667. Ten years ago Richmond ranked as 39th city and in the decade has outgrown Syracuse, New Haven, Memphis and Scranton. Omaha and Akron have outgrown the Virginia capital.

Richmond's numerical increase was 44,039, or 34.5 per cent. Its previous largest numerical increase was for the decade ending with 1910, when it was 42,578, or 50.1 per cent.

Among southern cities Richmond takes rank as fourth largest, displacing Memphis, which held that rank ten years ago, and which now has about 9,000 people less than Richmond. New Orleans, Atlanta and Birmingham rank as the first three southern cities.

### Collapse of Sugar Hits Grocers.

Durham, Aug. 27.—Several wholesale grocers and brokers have been badly hit by the collapse of the sugar market, more especially those who bought large quantities of the product when it was high and who have been holding it here for fall delivery. One man will lose \$10,000 as result of this speculation it was said to-day by a man in the business while another who was urged by patrons of his concern to secure sugar for them is a heavy loser on 40,000 pounds.

### Increased Rates in Effect.

Washington, Aug. 26.—Increased freight rates and passenger fares authorized by the interstate commerce commission went into effect to-day on practically all railroads of the country. A number of steamship companies operating along the Atlantic and gulf coasts and the Great Lakes made corresponding advances in their rates.

### Danville Has 21,539 Population.

Washington, Aug. 26.—The census bureau tonight announced the population of Danville, Va., to be 21,539, increase 2,519 or 13.2 per cent.

### WOMAN CAUSES ARREST OF MANY MOONSHINERS.

Hickory, Aug. 27.—"Coot" Hildebrand, a young white woman, is rated as the best detective in this section of North Carolina. She was arrested in Burke county for immoral conduct, lodged in the Burke county jail and while there decided that she would start a crusade against liquor-making and selling that would rock the South mountains, the home of blockade liquor. Miss Hildebrand gave Solicitor Huffman the names of 25 or 30 alleged blockaders with considerable evidence and Burke and Catawba officers were busy for two days rounding them up. In all 12 or 14 have been placed under bond in the sum of \$200 each in Morganton and officers are taking their time in getting the others.

It appears that the young woman learned the haunts and habits of about all the evil-doers in the South mountain section and proceeded to "turn them up." Several of those put under bond have inquired casually of Hickory people if they had heard of the suspicions against the innocent alleged moonshiners, and then have proceeded to declare that they never made anything stronger than hog meat.

### ADMINISTRATOR'S NOTICE.

Having qualified as administrator of the estate of Parks H. Smith, deceased, late of Guilford county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 25th day of August, 1920, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This August 28, 1920. 70-50.

J. GLENN SMITH,  
Administrator of Parks H. Smith.

### NOTICE.

North Carolina, Guilford County, in the Superior Court Before the Clerk.

In the matter of the Adoption of Virginia Simmons, infant, by Henry F. Warren.

vs.  
Vestal Simmons.  
The defendant above named will take notice that an action entitled as above has been commenced in the Superior court of Guilford county, it appearing that the said defendant, Vestal Simmons, has an infant daughter, Virginia Simmons, in this state, who has been deserted by the said defendant, and who now resides and has been for some time past residing with the plaintiff, Henry F. Warren, and that it is the purpose of this proceeding to adopt for life the said Virginia Simmons by the said Henry F. Warren; and the said defendant will further take notice that he is required to appear before the clerk of Superior court in the county of Guilford, at his office in Greensboro, on the 30th day of September, 1920, at the court house in said county, Greensboro, N. C., and answer or demur to the petition in said action or the plaintiff will apply to the court for the relief demanded in said complaint.

This August 26, 1920. 70-76.

M. W. GANT, C. S. C.

### NOTICE OF SERVICE BY PUBLICATION.

North Carolina, Guilford County in the Superior Court Before the Clerk.

E. P. Wharton, Administrator of Nancy Eccles, Deceased,

vs.  
Joseph Hargraves, Archer Hargraves and Mrs. Katie Moyer, heirs at law of said Nancy Eccles, Deceased.

The defendants above named will take notice that a petition to sell the land belonging to said Nancy Eccles, deceased, at the time of her death and situate in Guilford county, has been filed in the office of the clerk of the Superior court of Guilford county, said petition recites that said Nancy Eccles, deceased, died intestate leaving debts and not sufficient personal property wherewith to pay the same, but dies possessed of real property described in said petition, and that the defendants above named are the heirs at law of said Nancy Eccles, deceased, and prays that the said real property be sold to pay the said debts. The defendants above named will take notice that they are required to appear before the clerk of the Superior court of Guilford county on the 15th day of October, 1920, and answer or plead to the said petition or the relief demanded will be granted.

This August 27, 1920. 70-76.

M. W. GANT, C. S. C.

### DISSOLUTION NOTICE.

State of North Carolina.

Department of State.

To All to Whom These Presents May Come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, of the Crutchfield Trace Lock Company, a corporation of this state, whose principal office is situated at John A. Young's farm, in the township of Gilpin county of Guilford, state of North Carolina (J. C. Crutchfield being the agent in charge thereof, upon whose process may be served and complied with the requirements of Chapter 21, Revision of 1905, entitled "Corporations," preliminary to the issuing of this certificate of dissolution. Now, therefore, I, J. Bryan Grimes, secretary of state of the state of North Carolina, do hereby certify that the said corporation did, on the 3rd day of August, 1920, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 3rd day of August, A. D. 1920. 62-69.

J. BRYAN GRIMES,  
Secretary of State.

### NOTICE BY PUBLICATION.

State of North Carolina, Guilford County, in the Superior Court.

Fanny Warren, Plaintiff,

vs.  
Wesley Warren, Defendant.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior court of Guilford county where the plaintiff is asking for a divorce from the bonds of matrimony now existing between her and the defendant on the ground of abandonment and adultery; that the said defendant will further take notice that he is required to appear before the clerk of the said Superior court of Guilford county, at the court house of said county in Greensboro, on or before the 20th day of September, 1920, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in the said complaint.

This August 21, 1920. 69-74.

FOUR MONTHS ..... .50

Entered at the postoffice in Greensboro, N. C., as second-class mail matter.

MONDAY, AUGUST 30, 1920.

There seems to be no shortage in the crop of European wars this season.

The fellow who coined the expression "talk is cheap" wasn't in the habit of talking over the long distance telephone.

While so many other suggestions are being offered for relief of the freight car shortage and railway congestion we might tender the suggestion that a few more freight cars be built.

The affliction of Rip Van Winkle, "an insuperable aversion to all manner of profitable labor," is reported to be spreading very rapidly over entire Europe. The germ seems to be more contagious than the flu.

The business of farming is a hazardous gamble. While the man who tills the soil assumes the risk of losing a large portion of his year's labor by unfriendly elements, he does not stand to win a fortune, as other gamblers do.

The federal reserve board announces an "important downward tendency in prices of everything but food." Well, so long as automobiles, silk shirts and fur overcoats become more reasonable a poor fellow will have easier sailing.

A bright, up-to-the-minute editor has burst forth with the discovery that "From present appearances it would seem that a newspaper man will be our next president." Strange that he omitted to say that he would be an Ohio newspaper man.

The fellow that broke into the county court house last week exhibited a delightful disdain for prison bars. It is possible, however, that he was a traveling burglar and was ignorant of the fact that the county jail is in the same building.

Just another month now and the Greensboro tobacco market will be a lively, hustling scene of activity. And soon thereafter the farmers of this vicinity will be toting wads of the long green big enough to choke a hippopotamus, providing the rain doesn't ruin all of the tobacco, and also providing the price is right.

Duly certified by the 36th state, proclaimed by the secretary of state as having been ratified, the Susan B. Anthony amendment became the 19th amendment to the constitution of the United States last Thursday. Miss Paul, Miss Catt and suffrage leaders in Washington celebrated the event in due and proper style by having a big-talk fest and delivering a number of congratulatory speeches.

## THE LONG TRAIL.

Senator Harding covered quite a bit of ground in his address. He had to. He went around so many subjects.—Omaha World-Herald.

## GOVERNOR COX PRESENTS HIS CASE TO THE JURY.

Before the bar of American public opinion Governor Cox on Thursday night presented his case in substantiation of charges made that the Republican party is engaged in the raising of a \$15,000,000 fund for the purpose of buying the election this year. Governor Cox offered to the jury extracts from reports of Fred W. Upham, treasurer of the Republican party, showing that the system of procedure was patterned after the manner of the usual nation wide "drives," with quotas and competition and all of those features that are regarded as essential to a well planned money raising scheme of modern times.

Mr. Hays, the Republican national chairman, has been practically speechless since the exposures of Governor Cox at Pittsburgh Thursday night. Mr. Upham has ventured so far as to assert that a joke has been played on Governor Cox and he would laugh the matter off as if it were a boyish prank on the Democratic candidate.

The evidence of Governor Cox, until controverted, is amply sufficient to justify his declaration that "the senatorial oligarchy and their friends are harking back to the days of Mark Hanna." In that eventful campaign the Republicans raised a slush fund of \$16,500,000 which was freely spent in placing a Republican in the White House. The evidence of Governor Cox has been and will continue to be accepted at face value until it has been proved to be erroneous or in reality, a "joke."

We are wondering what effect such shameful efforts will have upon the women voters, millions of whom will make their debut into politics this fall. We are also wondering what effect it will have on the male voters, those of an honest disposition who will be repulsed by an open effort to purchase the highest political office by sinister groups of wealthy interests. We are of the opinion that the American people will stiffen their backs and fight to the last inch against the proposal of Republican bosses to place Mr. Harding in the office of President, when such methods are being resorted to.

The facts and inferences presented by Governor Cox are sufficient to justify the jury in returning a verdict in favor of the plaintiff. The defendant must marshal an overwhelming array of facts before the people will be willing to accept the charge as a joke.

## WHAT THE SENATE HAS NOT DONE.

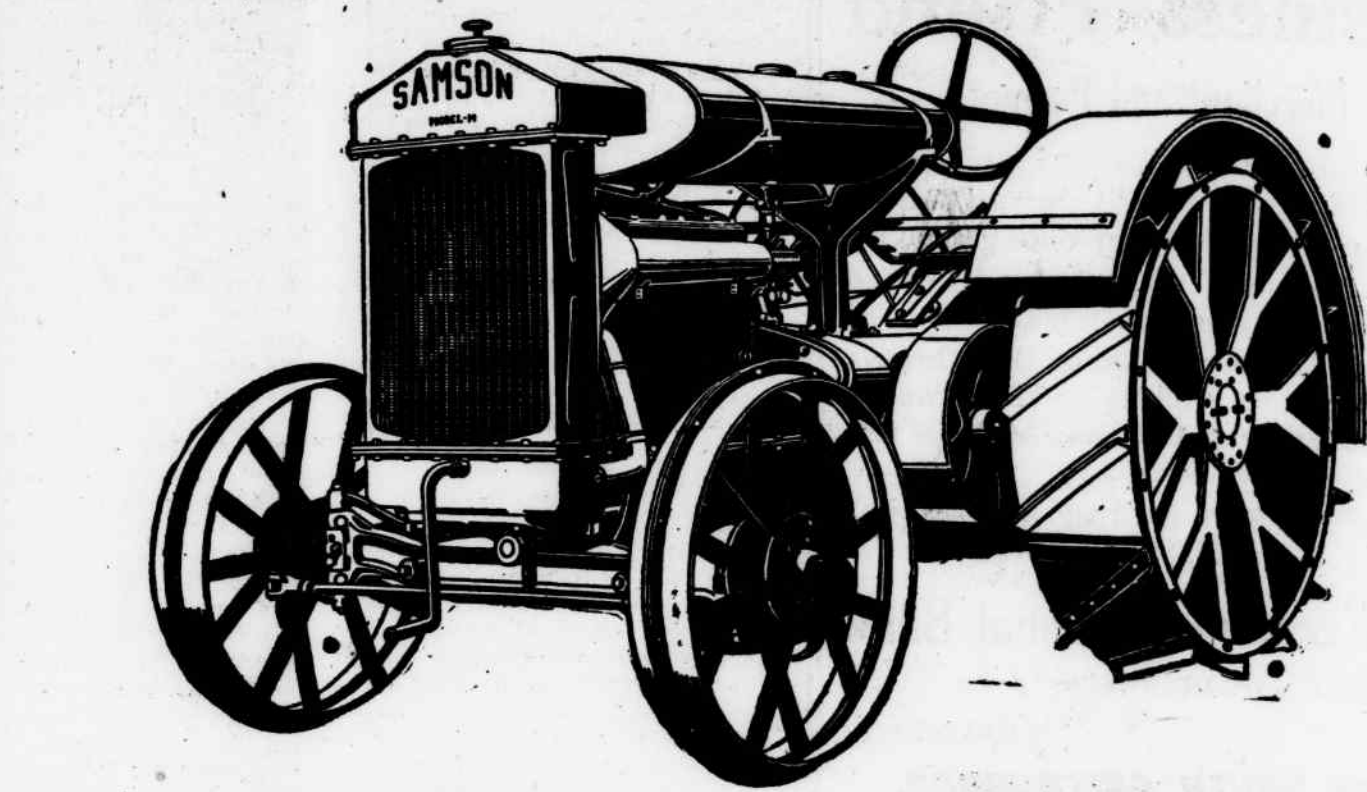

"No one has yet accused the United States senate of ejecting Senator Reed from the San Francisco convention," said Governor Coolidge in his speech at the Massachusetts Republican Club dinner last night. True; and nobody has yet accused the United States senate of ejecting Senator Truman Newberry, who has been convicted in a Federal court for his part in the purchase of a senatorship and sentenced to imprisonment.

Senator Newberry happens to be the Republican majority. Without his vote the Republicans could not have organized the senate; Lodge could not have become chairman of the committee on foreign relations; the committee could not have been packed and the treaty would not have been wrecked.

Senator Reed was "ejected" from the Democratic convention in accordance with rules and traditions that have been in force for three-quarters of a century. Does Governor Coolidge as the Republican candidate for vice president, care to assume any of the responsibility for the rules and traditions that keep the convicted Truman H. Newberry in the senate as the Republican majority?—New York World.

## "KEEP THE FAITH."

North Carolina has kept the faith. In face of Governor Bickett's "political expediency plea" and the tremendous pressure brought to bear on it from high sources, it has refused to barter its principle and yield to the "inevitable." By the action of the senate in refusing to ratify the Anthony amendment, the Old North State takes its stand beside Virginia and other states of the South which are fighting for the preservation of their suffrage.—Richmond Times-Dispatch.

## You Will Choose the Samson

Because It is Mechanically Right---and Its Price is Right.

THE SAMSON TRACTOR is the last word in modern tractor construction. It is capable of pulling two 14-inch plows at all times and three 14-inch bottoms under favorable conditions. In the field it will pull a double disc and spike harrow singly or in tandem. At the belt it will operate the thresher or separator and is capable of doing other heavy belt jobs, such as silo filling, running large buzz saw, four-hole corn sheller, heavy grinding, etc.

## The New Samson Trucks

Will save Big Money for the Farmer, because They will Not Eat Up all the Profit in First-cost or Upkeep. They are the IDEAL TRUCK for the Farmer, Dairyman and Merchant.

C. W. JENNINGS, 211 West Market Street,  
Greensboro, North Carolina

## NOTICE OF SALE.

Under and by virtue of an order of the Superior court of Guilford county made in the special proceeding entitled W. T. Martin et al. vs. Thomas Cook et al., upon the special proceeding docket of said court the undersigned commissioners will on

Saturday, September 25, 1920, at 12 o'clock noon at the court house door in the city of Greensboro, county of Guilford, offer for sale to the highest bidder that certain tract or parcels of land lying and being in Moore township, adjoining the lands of W. O. Doggett, Moore, Phibbs et al. and Cook et al., as upon the special proceeding docket of said court the undersigned commissioners will on

Beginning at a stone W. O. Doggett's corner; thence south 12 poles to a black oak; thence west 4 poles to a stone; thence south with Moore's line 88 poles to a stone; thence west with Phibbs' line 141 poles to a black oak; thence north 85 poles to a black oak; thence east 55 poles to a rock; thence north 45 poles, W. O. Doggett's corner; thence north 74 1/2 degrees east with said Doggett's line 132 poles to the beginning, except one-fourth acre sold to John W. Phibbs, containing by estimation 39 3/4 acres more or less, and being the lands conveyed to J. G. Cook by J. G. Phibbs and others, as per deed recorded in the office of register of deeds of Guilford county, in book 98, page 211.

Terms of sale: One-fourth cash, one-fourth in six months and balance in twelve months—deferred payment to bear interest at the rate of six per cent per annum.

This farm is in a good state of cultivation and is rented for the present year. The purchaser can secure possession in time to cultivate crops for next year. Crops for crop year 1920 and 1921 reserved. There is a good farm house on said land and suitable outhouses and barns.

This August 28, 1920.  
R. R. KING,  
CLIFFORD FRAZIER,  
Commissioners.

## NOTICE OF RE-SALE OF LAND OF

JANE H. ANTHONY, DECEASED.

Under and by virtue of an order of the Superior court of Guilford county made in the special proceeding entitled John S. Michaux, administrator with the will annexed of Jane H. Anthony, deceased, vs. Carey A. Anthony and others, ordering and directing a resale of the property hereinafter described, for the reason that an up-set bid of Two Thousand, Two Hundred (\$2,200) Dollars bid at the former sale, has been made and offered for said property, the undersigned commissioners will offer for sale to the highest bidder at public auction, on

Saturday, August 28, 1920, at 12 o'clock noon, at the court house door in Greensboro, N. C., that certain tract of land lying and being in the county of Guilford and state of North Carolina, in Sumner township, adjoining the lands of David Hodgkin and others, and bounded as follows: Beginning at a stone Wm. Fard's corner; and running east ninety-two poles to a stone in Anthony's line; thence north ninety and one-third poles to a stone in Coltrane's line; thence west ninety-three poles to a stone in Lydia Hodgkin's line; thence south one-third poles to the beginning, containing fifty-three acres more or less.

Terms of sale: Cash. A deposit of 100 per cent will be required to be made by the successful bidder at the time of sale, the balance of the purchase price to be paid upon confirmation of sale by the court and delivery of deed.

The above tract of land, in addition to being very valuable farm land, contains a large quantity of fine timber, which is original growth. For further particulars apply to the undersigned commissioner at room No. 204 Banner building, Greensboro, N. C. This August 11, 1920.  
ALFRED R. WYLLIE,  
Commissioner.

## NOTICE BY PUBLICATION.

North Carolina, Guilford County. In the Superior Court, William K. Jordan vs. Minnie Jordan.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior court of Guilford county by the plaintiff to obtain an absolute divorce from the defendant, because they have lived separate and apart for ten successive years as provided by the statute; and the said defendant will further take notice that she is required to appear before the clerk of the superior court for the county of Guilford at his office in Greensboro at the Guilford county court house, on the 27th day of September, 1920, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint. This August 24, 1920. 68-75.  
M. W. GANT, C. S. C.

## HINDERCORNS

Removes corns and callouses. Stops all pain. Ensures comfort to the feet. Makes walking easy. 15 cents at Druggists or by mail. HISCOX CHEMICAL WORKS, Patchogue, N. Y.

## EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THEDFORD'S

## BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Thedford's Black-Draught. At all Druggists.

## Skin Eruptions Cause

## Constant Torture

Disease Germs Must Be Eliminated From the Blood.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases, come from a disordered condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely.

The radical and rational treatment is to take a thorough course of S.S.S., which will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle of S.S.S. today, write to our head physician, who will gladly give you full medical advice without charge. Address: Medical Director, Swift Laboratory, Atlanta, Ga.

### FARMERS' CONVENTION ELECT OFFICERS AND ADJOURN

Raleigh, Aug. 27.—Bachman B. Miller, lawyer-farmer and former senator of Salisbury, was elected president of the day of the farmers' convention which ended its three-day session, and W. F. Pate was made secretary again.

The farmers, for all that the anti-trustists could do to make them woman voters, welcomed them and did a better job of it than did the general assembly, which finally succeeded after many tries.

The resolution of welcome to the woman voters of the state received the most enthusiastic applause of any resolution offered. It is as follows:

"Whereas, some of us have favored and some of us have doubted the wisdom of woman suffrage, but as it is now a reality to be gracefully accepted, therefore be it resolved that the North Carolina Farmers' State Convention extend hearty welcome to our new voters and welcome their cooperation in promoting better schools, better roads, better moral conditions and a greater and better life in every way."

Other resolutions adopted asked increased support of agricultural colleges, for teacher training schools, for better support of the United States department of agriculture, for an adequate building for the agricultural department; commended the farm bureau movement; urged the enactment of a statewide dog law, that the dog law be made statewide in its scope and that its administration be placed under the department of agriculture; recommended that farmers hold their tobacco crop until prices justify its sale; endorsed the farm loan bank; urged that all teachers be required to take some training in agriculture, and endorsed the work of the cotton commission.

Resolutions of thanks were extended to Dr. Clarence Poe, retiring president of the State Farm Convention; Mrs. Capehart, retiring president of the Farm Woman's Convention; W. F. Pate and Mrs. Cornelia Morris, secretaries, and their co-workers for the excellent program which had made the convention the most successful in the history of the movement; to Governor and Mrs. Bickett for the interest manifested in the sessions and for the courtesies extended to the members; to the speakers on the program and to the men and women who gave their time so generously to the community singing and to President W. F. Pate, and State College for catering to the comfort of those attending the convention.

### Robt. Home; Shoots Pursuer.

Wilson, Aug. 26.—Early this morning Jesse Jones, claiming that the home is in Rocky Mount, but it is believed that he is from Norfolk, entered the residence of T. J. Canady, near Black Creek and escaped with a watch, rifle, wearing apparel and a sum of money.

E. M. Private was the first to give pursuit, followed by others. Mr. Private discovered the negro who opened fire on him with the stolen rifle, the ball taking effect in his abdomen. Two of the searching posse arrested Jones and he is now behind bars. He was taken before his victim, who identified him as the man who shot him. Jones had all the stolen articles on his person when arrested.

### FARMERS TAKE CENSUS OF IDLE CARS IN ILLINOIS.

Chicago, Aug. 26.—The first survey of freight cars ever taken by the farmers of a state has just been completed through the Illinois Agricultural Association, Secretary D. O. Thompson announced to-day. On the basis of this census he said Illinois farmers did not believe there was a car shortage. The trouble with transportation characterized as "immobility" and he declared the farmers meant to find out whose fault it was.

Secretary Thompson said the association undertook its census after receiving reports from farmers over the state that they saw many cars standing idle on country tracks. "Members of the association made daily records of the car initials and numbers of all cars at 494 stations located in 46 different counties for seven consecutive days," the state farm bureau executive said. "Of these 494 stations, 146 or 29.5 per cent reported some of the same cars on tracks the last day of the count as were on the tracks the first day of the count."

"At all stations, 9,294 cars were listed the first day and of these cars, 938 out of 9,294 cars had not been moved from the country point for seven consecutive days. This is just a little over 10 per cent of the cars at such points."

"No count was made in Chicago. In several other large yards the association enumerators were ejected from the yards by railroad officials."

"Mine operators say they were forced to idleness many days each week leading to the strike of miners which recently tied up the mines just when the farmers were needing coal for threshing. At this same time before the strike in Christian county, at Clarksdale and at Willets, two trains of coal cars totaling 53 cars were reported empty at both first and last days of the count."

"We may take the total number of freight cars of the country on December 31, 1918, as a basis for computation and consider that the percentage of immobility of cars is as great in Chicago, Toledo and New York as in country points like Clarksdale, Fidelity and Low Point. It is very moderate when we say that the total number of new cars which the railroads say they need to meet the transportation requirements of the present moment, is not a patch to the total of immobile cars now idling by the weeks and months in terminal yards and on side tracks at country points."

"This survey shows pretty clearly to the farmers of Illinois the excuse of 'car shortage' is largely camouflage, given to cover up some real, deeper reason for the present transportation inefficiency. And to search for that reason will be the next job of the farmers' business organization."

### Greensboro Lady Successfully Passes

Raleigh, Aug. 27.—Eighty-five of the 98 law applicants passed the Supreme court to-day with Miss Katherine McDiarmid Robinson, 1920 graduate of the academic department at the University, leading the class. The justices declare that Miss Robinson's paper ranked very high and that her mark was unusual. Miss Robinson was prominent at the University and lead the recent suffrage election, which gave such strong indorsement to ratification. Miss Louise Alexander, of Greensboro, stood high also and the two women members honor the class.

### WITH OUR BUSY ADVERTISERS

—In the matter of the adoption of Virginia Simmons by Henry F. Warren a notice of summons will be found in another column.

—J. Glenn Smith has qualified as administrator of the estate of the late Parks H. Smith, a notice of which will be found elsewhere.

—Those good reliable Endicott-Johnson work shoes, also new dress shoes of all kinds have arrived at Thacker & Brockmann's. Read their notice in the bargain column.

—Read the notice of service by publication in the case of E. P. Wharton, administrator of Nancy Eccles, deceased, against Joseph Hargraves and others in another column to-day.

—If your boy or girl is going off to school and needs a new trunk or new shoes Thacker & Brockmann want to supply these and other articles needed to fit them out. See their new ad. on page eight.

—Friendliness counts in any business, but more particularly in banking. The officers of the Atlantic Bank and Trust Co. want you to feel perfectly at home when you call to consult them on any financial matter. They are always ready and willing to assist you. See new ad. on the second page to-day.

—The man in Mr. McGlamery's new auto ad. on the eighth page emphasizes his remarks by a "bang" on the table, because he is in earnest. Don't buy auto accessories until you have seen the old gentleman's picture and visited the McGlamery Auto Company's model home on Ashe street and Walker avenue.

—The Greensboro National Bank has a change of ad. to-day that should attract your attention. It gives an invitation to everybody to advise and consult with their officers upon any financial matter of business deals, etc., and take advantage of its broad banking service, so you will know where to go when in want of advice as to any financial matters of business deals.

—The Samson is a tractor that does not require a big purse to buy and maintain. It is powerful at the drawbar or belt, and will enable you to plow at the right time and at a minimum cost. It is common knowledge that the deeper you plow at the right time the bigger the crop. Many fields are only half plowed,

and your crops suffer in dry weather. With the Samson all this is obviated by deep plowing. If you do not own a tractor call at C. W. Jennings & Sons, on West Market street, and let Frank Jennings demonstrate the many good points of the Samson, but before doing so read Mr. Jennings' tractor ad. on the fourth page.

—The beauty and comfort of your bed room depends on the quality of its furnishings. If they were selected at Burtner's furniture store you will be pleased with the effect and convenience they give. Mr. Burtner purchased these goods at prices some thing like 30 per cent under the market, and by buying in such large quantities got the benefit of further discounts. All this saving he is giving to his customers, which means quite an item to your purse. Pay Mr. Burtner a visit at your earliest convenience and see what he has to offer you in the way of furniture and house furnishings. His fresh announcement will be found on the sixth page to-day.

—Power farming is unquestionably the greatest mode to profit for the farmer. The American people are fast finding this out, for the army of Fordson owners now number over 100,000, and the number is increasing as the days shorten. Fordson farming is not only profitable, but it is also practical, especially when the Roderick-Lean implements are used. These tools are built for the Fordson farmer, and never fail to give perfect satisfaction as well as results. Talk the matter over with Mr. W. H. McGlamery, proprietor of the McGlamery Auto Co., or Mr. C. W. Williams, manager of the tractor department, and give them your order for a Fordson at once. See illustrated ad. elsewhere.

### Cat Hikes to Find Master.

Bloomfield, N. J., Aug. 27.—Red Bloomfield's champion tom-cat, pedestrian, to-day curled up on a bag of bran and purred contentedly while Lawrence Blamey, his owner, proprietor of the feed store, patiently applied soothing salve to his paw. Red's claws were worn down to the quick by a hike of 67 miles from a farm, which Mr. Blamey sold a year ago.

Thinking his pet cat would prefer field mice to those of the feed store variety, Mr. Blamey left Red on the farm but yesterday the exhausted feline succeeded in finding the new home of his master.

### WAR CAUSED EUROPE TO LOSE 32,000,000 PEOPLE.

Washington, Aug. 27.—Due to war influences, ten European nations engaged in the world war shows a potential loss in population of 35,320,000 persons since 1914, according to a statistical record conducted by the society for studying the social consequences of the war of Copenhagen, made public to-day by the American Red Cross.

At the end of 1913, society reports, these nations had a population of 400,850,000, and under normal conditions this population should have increased, by the middle of 1919, to 424,210,000. However, it had fallen by that time to 389,030,000, which led to the conclusion by Danish statistical experts that the loss of actual and potential human life in these nations approximated forty millions.

### NOTICE BY PUBLICATION.

North Carolina, Guilford County.  
In the Superior Court.  
Bessie Walters, Plaintiff,  
vs.  
John C. Walters, Defendant.

The defendant, John C. Walters, will take notice that an action entitled as above has been commenced in the Superior court of Guilford county, N. C., to obtain an absolute divorce on the grounds of adultery committed on the part of the defendant, and said defendant will further take notice that he is required to appear before M. W. Gant, clerk of the Superior court, at the court house in the city of Greensboro, in said state and county, on the 14th day of September, 1920, and answer or demur to the complaint of the plaintiff, or the relief demanded therein will be granted.  
This August 18, 1920. 67-73.  
M. W. GANT, C. S. C.  
SPENCER B. ADAMS, Atty.

### DISSOLUTION NOTICE.

State of North Carolina,  
Department of State.  
To All to Whom These Presents May Come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Market Street Real Estate Company, a corporation of this state, whose principal office is situated at No. 111 North Main street, in the city of Greensboro, County of Guilford, state of North Carolina (J. E. Latham being the agent therein and in charge thereof upon whom process may be served), has complied with the requirements of Chapter 21, Revised of 1905, entitled "Corporations," preliminary to the issuing of this certificate of dissolution; Now therefore, I, J. Bryan Grimes, secretary of state of the state of North Carolina, do hereby certify that the said corporation did, on the 10th day of August, 1920, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.  
In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 10th day of August, 1920.  
J. BRYAN GRIMES,  
Secretary of State.

### Co-operation Required.

Guest—"Look here! How long must I wait for the half-portion of duck I ordered?"  
Waiter—"Till somebody orders the other half. We can't go out and kill half a duck."—Success Magazine.

### ROAD NOTICE.

A petition having been presented to the board of county commissioners of Guilford county, by citizens of Jamestown township, asking that a public road be opened beginning at a point in the public road leading from High Point towards Fairfield church, about four miles southeast of High Point, at the southwest corner of W. M. Adams' farm at the line of D. J. Hendrick, the old road already there, and leading northwesterly along or through the lands of W. M. Adams, D. J. Hendricks, Fred Spainhour, Milton Fields, Will Simmons, Elmer Weaver, Gurney Elmore, H. T. Cox, the P. H. Hudson farm, now the lands of Ila Horney, W. L. Horney and Bertha Thompson, Lindsay Kersy, C. A. Kersy, along the old road aforesaid; thence northwesterly a new road or way on out from the northwest corner of C. A. Kersy through or along the lands of Mrs. Rosa Redding and her children, Charley Redding, Lyman Redding and Jennings Redding and J. F. Hayworth, on out and connecting with the public road leading from High Point by Mitchell's Grove to Freeman's mill, at a point in said road a few yards west of the location known as Kinnett church or school house, covering a distance of approximately three or four miles, this is to notify all persons objecting to the same to appear before the board at its next regular meeting, on Monday, September 6, 1920, and state said objection.  
This August 5, 1920.  
W. C. BOREN, Chm. B. C. C.

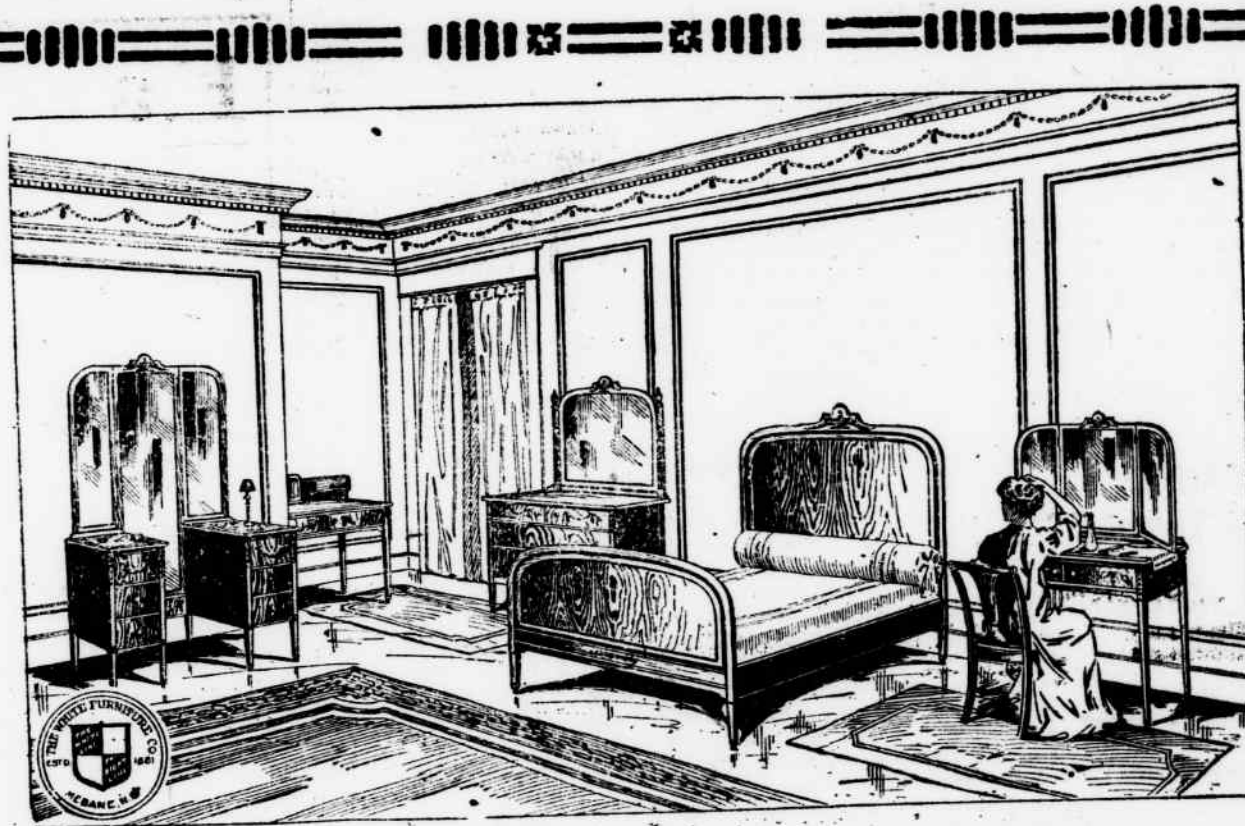

### MORTGAGE SALE.

Know all, by the virtue of the power conferred in a certain mortgage deed executed by Geo. W. Hightower, Ruth and Walter Bethel, trustees of the African Methodist Episcopal Zion Church in America of Guilford county and state of North Carolina to W. H. Lunsford on the 17th day of April, 1919, and assigned by W. H. Lunsford to R. J. Loman on the 13th day of September, 1919, and assigned by R. J. Loman to E. F. King on the 17th day of September, 1919.

Said mortgage deed being recorded in the register of deeds office of Guilford county in book No. 322, page No. 338, default having been made in the payment of money thereby secured, the undersigned will on

Saturday, September 11, 1920, at 12 o'clock noon, or soon thereafter, at the new court house door in the city of Greensboro, offer for sale the said real estate lying and being in Morehead township on Warren and South streets and more particularly described as follows:

Beginning at a stake in the west margin of Warren street 154.7 feet north of the northwest intersection of Warren and South streets, and running thence nearly north along the west margin of Warren street 69.2 feet to a stake, southeast corner of lot No. 10; thence north 84 degrees 35 minutes west 165 feet to a stake; thence in a west 165 feet to a stake; thence in a southerly direction 69.2 feet to a stake, the northwest corner of lot No. 7; thence south 84 degrees 35 minutes east along the northern line of lot No. 7, 165 feet to the point of beginning, the same being lots Nos. 8 and 9 in the subdivision of the Hanrahan Campbell land.  
This August 5, 1920.  
W. H. LUNSFORD,  
Mortgagee.  
R. J. LOMAN,  
Assignee.  
E. F. KING,  
Assignee.

## The Beauty and Comfort of Your Bed Room

We are displaying now a truly wonderful assortment of BED ROOM FURNITURE; an assortment in which Oak and Mahogany Finishes predominate, but in a variety of designs, plain and period, wholly charming. There is a tone of quality throughout this display that is consistent with our merchandising standards; such quality as will prove a constant joy to the owner throughout the years of service that it guarantees.

### And With This Quality We Combine Attractive Prices.

Our present stocks were purchased at a price fully 30 per cent under the market, and the large volume in which we purchased gave us further large discounts. Such savings are going to our patrons—and you can best appreciate how much they mean to you after seeing the line.

### FULL SUITS AND ODD BED ROOM PIECES.

Pay us a visit to-day, or at your earliest convenience, and let your eyes and judgment confirm our statement that you cannot find better stuff at better prices anywhere.

## PRESERVE FRUIT AND VEGETABLES

Successful Drying Plants Prove of Great Value in Various Parts of Country.

### PLANS FOR ERECTING PLANT

Number of Farmers Can Club Together and Build Device at Comparatively Small Expense—Save Women Much Work.

Fruit and vegetables wait for no man when they reach their prime and this time is usually just when the farmer's wife is busiest and the days are hottest. Nowadays, help is very difficult to obtain in the country, yet the family's supply of fruit and vegetables for winter must be saved when they are in season. In many neighborhoods the community drier for preserving surplus fruits and vegetables has proved a godsend to the women living near it.

The time to build a drying plant is in the spring before the rush of summer's work sets in. If a number of farmers club together to erect such a drier the expense to each family is small. Where only a few families wish to use a co-operative plant a small but satisfactory drier may be

season. Wet weather has no effect on this type of drier.

The house is 6 by 12 feet. The uprights in front are 6 feet 8 inches. The uprights in back are 6 feet 2 inches to give roof 6 inches fall for watershed. Doors are fastened to 2 by 4-inch uprights in front. Doors are 2 feet 8 inches by 6 feet 8 inches. The furnace is 15 by 15 inches by 4 feet, covered with two sheets (24-gauge) black sheet iron 2 inches apart—air space to prevent fire. The radiation is secured by ordinary stovepipe attached to furnace.

The house is heated after the plan of a tobacco barn—a small furnace of rock or brick is built at one end and a stovepipe carries the radiation to the opposite end of the house and back, with an elevation of 2 feet above the furnace. This stovepipe may extend outside of the house a sufficient space to escape the eaves and an elbow and three or four joints may act as a chimney; or, if a chimney is preferred, it may be built at a cost of \$4 or \$5 additional.

#### Plan of Trays.

There are three lattice partitions in the house, making four sections 32 inches wide for drying trays; 12 inches above the sill place across a piece 2 by 4 inches on which the center uprights 2 by 4 inches and the back upright 2 by 4 inches rest. (Put upright pieces 2-inch way.) The tray bearers, 1 by 3-inch strips, are fastened to the uprights. The space between the tray bearers is filled with 2-inch strips to act as guides for the trays and to force the draft to circulate between the trays. If these spaces are left open it will act as a

## DR. JOYNER RETURNS TO THE OLD HOMESTEAD

WHERE HE CAN COMMUNE WITH NATURE AMID FORESTS AND BROAD FIELDS.

La Grange, Aug. 26.—People in North Carolina appropriately have respect for the man cloaked with the official robe and without detracting from this loyalty, they are not forgetful of the faithfulness and devotion of a public servant after his retirement and in this connection, from the mountains to the sea for many moons, Dr. J. Y. Joyner, for so long a time state superintendent of public instruction, will be remembered with a fervent appreciation.

To ride over the plantation of Mr. Joyner now and see his well appointed arrangements for lawn, for flowers, barnyard and orchard—his provisions for recreation in all seasons, to stand on his porch and look out over the distant fields of corn and cotton and tobacco and note the symmetrical arrangement in every direction of his curing barns, neat tenant houses, and know that all this modern farm arrangement had sprung up for the most part since his retirement from educational work—you would know the truth, that the best part of his life had been devoted as it was, at an industrial sacrifice.

#### Back Home Once More.

As the writer made such suggestions to the ex-superintendent, he with an expression of satisfaction replied, "I wanted to see our state pull anchor and get out of the bottom position in education and with the coming of the six months school term, a great hope had been possessed and I came back home," and then another smile came to him which was not inspired by pecuniary considerations, as he pointed to the spot where the old Noah Rouse, father of Mrs. Joyner, house stood, before it was burned by the yankees—"We wanted to build exactly on the spot but these sassafras trees have grown so we decided to veer a little to the west and not cut the trees, and even though a little ragged with age, we can look upon them and feel that we are spending our evening in the same environments as those who lived and loved us long ago.

As is well known, Mr. Joyner is a native of Lenoir county and he and his wife both are members of well known families of Institute township, the township named for the pre-war institute which was one of the state's famed places of learning in ye olden days, and it is right back to the scenes of his boyhood days, the groups of his wooing and wedding that this state-famed educator has gone to spend his later days after his remarkable career with a most vital duty in the state. He is by no means retired from service for he is the central power, the directing instrument of his great plantation, and his best tenants seek his advice often. He showed the writer great fields which he had made from the forest in the past few days, beautiful with most promising crops. He combines his energy with modern equipment and he explained the secret of putting into tillable shape the rough lands in this time of labor shortage by pointing to his modern farm tractor, one of the caterpillar type. "The tractor is the thing which helps me reclaim the woodland for corn and cotton," he said, as he brushed off some dirt which had lodged on the little giant crawler, then he showed the various implements which were drawn through the field by this horse of metal.

#### The Farm His Pride.

Mr. Joyner loves to tell of and show you about his farm; he appears to have a delight in taking one among his tenants and introducing you and conversing with first this one and that one, in driving his car over his farm and the neighboring roads and relating reminiscence of other days, but there is no subject he appears dwelling on at any length better than of his days as superintendent of public instruction. "I met so many people over the state whom I learned to love and while my duties as I saw them often brought me to a sharp difference of opinion with some on educational matters and created some disappointment in my decisions, I have relegated these little bumps of discord to my closet of forgetfulness and spread before me the delightful association with state officers, county school officials, college faculties and the hundreds of teachers and co-workers from the little log school house of isolated sections to the modern buildings of the progressive towns."

Mr. Joyner refused to entertain arguments or suggestions about the fact that he made more money last year in his farming operations than he received from a half dozen years of public service. "The association I had, the duties I tried to do, give me a compensation well worth the time I wasted if you want to put it

that way," replied the man who is still interested in those who have charge of our educational work.

## NORTH CAROLINA IS KEEPING NEAR THE TOP.

Washington, Aug. 26.—Charles W. Gold, of Greensboro, treasurer of the Jefferson Standard Life Insurance Company, who was in Washington to-day en route from New York and Philadelphia, to Greensboro, declared that North Carolina is fourth in agricultural products of all the states in the union, seventh in the payment of taxes to the federal government, lowest in the percentage of foreign population, highest in birth rate and lowest in death rate of any state in the union.

"The Jefferson," Mr. Gold said, "will write over \$20,000,000 insurance in North Carolina this year, which is more than any other company has written in the state. I have been to Baltimore, Philadelphia, New York and Boston to look over the kind of buildings which big northern insurance companies have built, in order that I may gain a correct perspective as to the building which my company will erect in Greensboro."

"Incidentally the Jefferson is going to erect a 15 story building in Greensboro on the old court house square and the contract is to be let within a very short time."

## THE WOMEN NOW HAVE EQUAL POLITICAL RIGHTS.

Washington, Aug. 26.—Without pomp or ceremony, Secretary Colby to-day signed the proclamation declaring the woman suffrage amendment "to all intents and purposes a part of the constitution of the United States."

The secretary's signature was affixed to the proclamation at his home at 8 o'clock this morning, a few hours after he had received from Governor Roberts, of Tennessee, the certificate that final favorable action on the amendment had been taken by the legislature of that state completing the required 36.

"The seal of the United States has been duly affixed to the certificate and the suffrage amendment is now the 19th amendment to the constitution," Secretary Colby announced on reaching his office two hours after he had placed his signature to the proclamation.

Mr. Colby was awakened at 3.45 o'clock this morning by Charles L. Cook, a state department employee, who notified him that the Tennessee certification had arrived. The secretary then called F. K. Nielson, department solicitor, to examine the Tennessee papers, also instructing the solicitor to bring the proclamation to the secretary's home at 8 o'clock for official action.

## HAMMER RESIGNS AS DISTRICT ATTORNEY.

Washington, Aug. 29.—W. C. Hammer, of Asheville, district attorney for the western district of North Carolina, to-day tendered his resignation to Attorney General Palmer to take effect as soon as his successor can be named, according to information received tonight.

Up to the present time Senator Overman has not made a recommendation for Hammer's successor, although it was stated by high officials of the department of justice that the junior senator had been in communication with the attorney general and had discussed several men whose names have been mentioned in the state in connection with Hammer's job. Among them W. C. Newlands, of Lenoir; Stonewall Jackson Durham, of Gastonia, and Congressman Clyde Hoey, of Shelby.

#### Fine Barn of Tobacco Burned.

Yanceyville, Aug. 7.—A large barn of tobacco on the farm of Mrs. Livingston Brown, near Yanceyville, was burned Monday afternoon. The fire occurred about 5 o'clock in the afternoon when the last fire was made.

The barn was filled with very fine tobacco and was quite a loss. The fire was thought to have been caused by a defective flue busting.

Friends worked faithfully to save the barn and shelters but the fire had made too much headway.

#### Call on Roberts to Resign.

Murfreesboro, Tenn., Aug. 29.—Citizens of Rutherford county in mass meeting here Saturday in protest against ratification of the woman suffrage amendment adopted resolutions which, after expressing the belief that the suffrage issue had permanently divided the Democratic party in Tennessee under the present party leaders, called upon Governor Roberts to resign.

## "Didn't Rest Well"

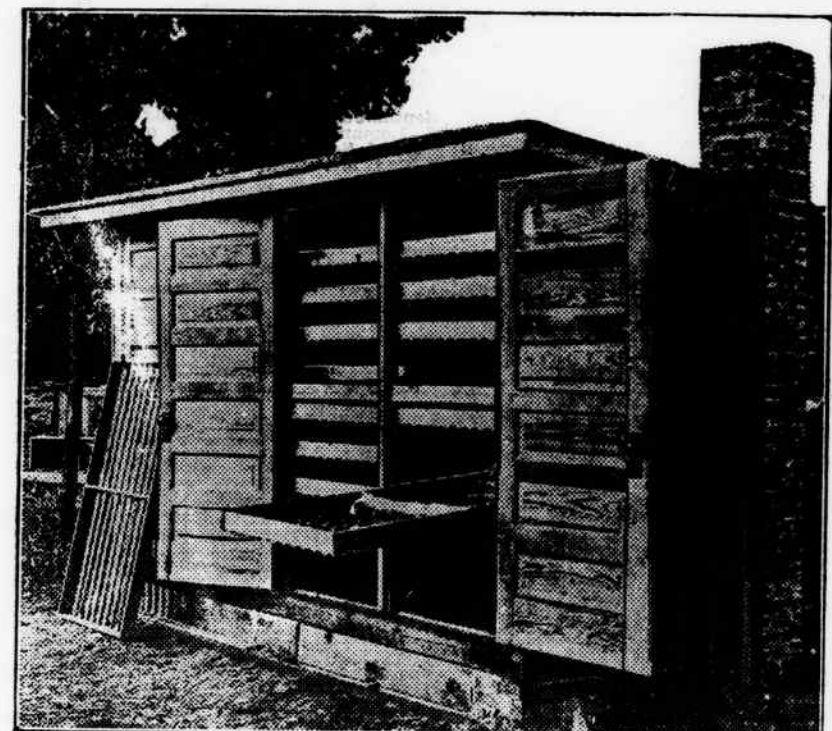

Prominent Georgia Lady Suffered from Faint Spells and Sleeplessness—Relieved by Ziron.

PEOPLE who get to feeling weak every now and then, and who do not seem to get the proper refreshment from rest, sleep and recreation, need a tonic to help their blood revitalize and build up their system.

For this, you will find Ziron Iron Tonic very valuable, as the testimony of thousands already has proved. Mrs. J. W. Dysart, lady of a prominent Georgia family residing near Cartersville, says:

"I didn't feel like myself."

"I didn't rest well some nights. I would be just as tired when I got up in the morning as when I went to bed. I would get weak, and have kind of fainty spells—at times hardly able to do my housework. I heard of Ziron, and felt maybe a tonic would help me. I thought it would at least strengthen me. I believe Ziron has done me good. I feel better. I am glad to recommend it as a good tonic. Try Ziron. Our money-back guarantee protects you. At your drugstore."

Several Farmers Might Co-operate in Erecting Drier of This Type.

built by the following directions, which are recommended by the United States department of agriculture:

#### Use Thermos Principle.

The thermos or fireless cooker principle is used in this drier; that is, a space of 3 or 4 inches is allowed between the walls of the house, to be filled with sawdust. This holds the heat and relieves the necessity of a constant watch over the fire. The furnace should be placed at the opposite end from the door and a stovepipe run from furnace end to the door end and back with sufficient elevation to cause good draft. A drier of this size and type should, with good management, dry from 4 to 6 bushels a day, and should pay for itself in one

flue and carry off the heat. The sides of the trays are of 3/4 by 3-inch lumber, making the tray 3 inches deep. The bottom of the tray is made of lattice strips 3/4 by 1 1/4 inches, with 1-inch space between the strips running lengthwise. The trays have a center partition to support the bottom laths and cheesecloth is used to cover the laths. There are 8 inches from the top of one tray to the top of the next. The trays move on the bearers like a bureau drawer.

## REMOVE STAINS FROM WOOL

Generally More Difficult Than Treating Cotton or Linen—Avoid Use of Chemicals.

In general it is more difficult to remove stains from wool and silk than from cotton or linen. In removing stains from materials made from two or more kinds of fibers, such as silk and cotton mixtures, the possible effects of the stain removers upon all of the fibers should be considered says United States department of agriculture. No chemical should be used which would injure the most delicate of the fibers present.

Paper shelled almonds have usually larger kernels.

White fur can be cleaned by brushing with cornmeal.

Handsome curtains can be made only of good material.

Old quilts can be washed and saved for lining new ones.

Orange will peel easily if allowed to stand in hot water for five minutes.

Soak handkerchiefs in a pail of salt and water before putting them into the ordinary wash water.

Get rid of tufted and cushioned furniture as soon as possible. Dust is the greatest friend of disease, and much dust lingers in upholstered furniture.

If you have oversalted the soup throw in a few slices of raw potatoes. This will absorb the excess salt. Remove the potatoes before serving the soup.

## TOUGH MEAT CAN BE MADE QUITE TENDER

Long Cooking at a Low Temperature Is Necessary.

Many Ways of Preparing in Water Without Allowing It to Reach Boiling Point—Possibilities of Double Boiler.

Tough pieces of meat are as nutritious as the more tender cuts and can be made quite as appetizing, but they require long cooking at a low temperature. There are many ways of cooking meat in water without allowing it to reach the boiling point, culinary experts in the United States department of agriculture affirm. With the ordinary kitchen range this is accomplished by searing the meat until brown, to develop the flavor, then cooking on the cooler part of the stove rather than on the hottest part, directly over the fire.

Experience with a gas stove, particularly if it has a small burner known as a "simmerer" usually enables the cook to maintain temperatures which will make it tender without hardening the fibers. The possibilities of the double boiler for this purpose seem to have been neglected. Its contents can easily be kept up to a temperature of 200 degrees Fahrenheit and nothing will burn.

Another method is by means of the fireless cooker. In this a high temperature can be maintained for a long time without the application of fresh heat. Still another method is by means of a closely covered baking dish. Earthenware dishes of this kind suitable for serving foods as well as for cooking are known as casseroles.

The Dutch oven or cast iron pot with a heavy close-fitting top is an excellent utensil for the long cooking of meats.

## President and Mrs. Wilson Revert to the Victoria

President and Mrs. Wilson rather surprised Washington the other day when they appeared in an old-fashioned Victoria drawn by horses.

## WATERS IN WESTERN PART OF STATE STILL RISING.

Asheville, Aug. 27.—Rivers throughout western North Carolina are rising tonight as the result of the most terrific deluge of rain, which is being experienced in this month, the wettest August in the history of the weather bureau. The French Broad river at 2 o'clock this afternoon was rising at the rate of one-tenth of a foot an hour, and tonight is going up even faster. Fears were entertained that the rain stopped soon Asheville and Marshall would experience, in a small measure, the disastrous flood of 1916.

Over eight inches of rain had fallen today in Marion, and the last report received from there was to the effect that it was still pouring. Rains of nearly four inches were reported at Newton, while practically all points in McDowell county experienced heavy rains. The Catawba river is higher than at any time since the memorable summer of 1916. Rains of eight inches are tonight falling in many families, and are making all the mountain streams, which the river itself than the tributaries.

In Asheville, which to-day had its worst third straight day of rain, the precipitation has not been heavy. The river however is feeling the effects of the storms up the Swannanoa and Ivy. At Black Mountain and throughout two inches of rain had fallen since daylight while it was reported here that a whole settlement in the North Fork has been hemmed in because of the rains.

## FLOODS IN WILKES DO MUCH DAMAGE TO CROPS.

North Wilkesboro, Aug. 27.—The flood in the Yadkin river, which this morning caused citizens here to believe that the entire corn crop in the bottoms, where three-fourths of the Wilkes crop is grown, was a total loss, is receding tonight, and the rain has ceased with prospect of fair weather. The flood was about 12 feet above low water. Railroad connections have been maintained, although it was predicted to-day that trains might be held up by the flood at low places. The damage has been considerable but cannot be estimated.

## The Yadkin river this morning

was 10 feet above low water at this point and the river was still rising. Flood water was over the crops in the lowlands near the town, and people living in houses nearest the river were moving out this morning. These houses in the 1916 flood were under water.

The river is much higher to-day than it was on the first day of the big flood four years ago. Travel between Wilkesboro and this place was cut off this morning after a night of continuous rain, and this morning there is no indication of clearing off.

## Schedule Changes Southern Railway.

Effective Sunday, August 22, 1920, Southern Railway announces that the following changes in passenger train schedules will be made:

Train No. 15 which now leaves Raleigh 6 A. M. will be changed to leave Raleigh 7 A. M., arrive in Greensboro 10:20 A. M. instead of 9:20 A. M., as at present.

Train No. 16 which now leaves Greensboro 7 A. M. will be changed to leave Greensboro 2:50 P. M., arrive Raleigh 6:10 P. M. instead of 10:20 P. M., as at present.

Train No. 139 will also be adjusted to leave Raleigh at 4:05 P. M. instead of 4:15 P. M., as at present.

It is thought that these schedule changes will greatly improve the service between Greensboro and Raleigh and work out to better advantage for the patrons of the Southern Railway.

## R. H. GRAHAM, D. P. A., Charlotte, N. C.

## AIRPLANE MAIL SERVICE TO CUBA THIS FALL.

Washington, Aug. 29.—Airplane mail service between the United States and Cuba will be inaugurated this fall, Postmaster General Burleson said to-day in announcing the award of the first contract for the dispatch of foreign mail by seaplane. The contract, made between the government and the Florida West Indies Airways Company, calls for daily transportation of mail between Key West and Havana for one year from October 15.

"Train No. 86, leaving New York at 9:15 A. M., with the night's accumulation of mail and arriving at Key West at 10:50 A. M. the following day," said the postmaster general's announcement, "is the mail train connection for the seaplane bound for Havana. This will result in the placing of American mail in the Havana postoffice in time for delivery, at least in the business district, the same afternoon, and thus enable a reply dispatched by the returning seaplane which leaves Havana at 5 P. M. and connects with the 9 P. M. northbound mail at Key West."

First class mail weighing four pounds, six ounces, or less will be handled, the rate to be six cents an ounce.

## Crane County Contains Only 37 People.

Washington, Aug. 26.—Crane county, Texas, supplants its neighbor, Cochrane county, as the least populous county in the United States so far as the 1920 census has yet shown. Figures announced tonight give Crane county a total of 37 inhabitants, or 30 less than Cochrane, having sustained a decrease of approximately 88 per cent from its population of 331 in 1910.

## BOY KILLS LITTLE BROTHER IN YADKIN COUNTY.

Winston-Salem, Aug. 27.—Thursday afternoon a family named Whitaker, living on Robert Cummins' farm, four miles east of Jonesville, Yadkin county, were in the field at work and sent two small sons, aged two and seven years, to the house to secure something. Their failure to return caused the father to go in search of the boys. Upon his arrival at the home he found the two year old boy lying in the yard dead, the elder son having gotten hold of the father's gun and shot the smaller brother through the head, killing him instantly.

Whether it was an accident or deliberate on the part of the older boy, is not known.

## EXPRESS COMPANY ASKS FOR FURTHER INCREASE.

Washington, Aug. 27.—Testimony in support of its application for an additional increase of 15 per cent in express rates to cover increased wages was presented by representatives of the American Railway Express Company, to-day to examiners of the Interstate Commerce Commission. The hearing developed virtually no opposition on the part of shippers.

The examiners stated at the conclusion of the hearing that the case would be submitted without delay to the commission, which will expedite its consideration, although no decision is expected before September 1, when the increase of 12 1-2 per cent already allowed the express company will become effective.

## JUDGE ALLEN WANTS GRAHAM LYNCHING PROBED.

Burlington, Aug. 26.—Judge Oliver H. Allen, of Kinston, who is presiding over Alamance county Superior court, called the grand jury to the box at the session of court this morning and addressed them for 30 minutes on the subject of the lynching of the negro who confessed to the crime of assaulting the six year

old daughter of Lee Rudd, near Elon College, yesterday morning. The judge instructed the grand jury to hold a conference during the present session of court and endeavor to determine the parties responsible for the lynching of the criminal, John Jeffress, which occurred two miles southwest of Graham yesterday about 4 o'clock.

## High Temperature.

## NOTICE OF SALE OF LAND.

Pursuant to the power vested in the undersigned by virtue of a certain mortgage deed executed by R. A. Cain to W. C. Ashworth, said instrument bearing date of October 31, 1917, and having been executed and delivered for the purpose of securing a note in the sum of One Hundred Dollars with interest at the rate of six per cent until paid, executed and delivered by the said R. A. Cain to W. C. Ashworth, and whereas payment of the said note, both principal and interest, having been demanded by the mortgagee and default having been made by the said R. A. Cain, the undersigned mortgagee will sell at the court house door (eastern entrance) at noon on

Saturday, October 2, 1920, for cash to the highest bidder a certain tract or parcel of land lying in Morehead township, Guilford county, and more particularly described as follows:

Beginning at a stone in the center of Freeman's mill road running thence in a westerly direction about 120 feet to a stake on the east side of Glenwood avenue extension; thence in a southwesterly direction along the east side of Glenwood avenue extension 235 feet to the center of the Freeman mill road; thence in a northwesterly direction 265 feet to a stake, the beginning.

Said mortgage being recorded in the office of the register of deeds of Guilford county, book No. 348, page 60. This August 19, 1920.

W. C. ASHWORTH, Mortgagee.

## NOTICE.

This is to give notice that the undersigned will make application to the Governor of North Carolina for a conditional pardon for Henry Rankin, who was convicted at the April term of Guilford county Superior court, 1920, of the killing of Pete Bent and is now serving a term of the county roads of Guilford county.

This August 20, 1920.

(Signed) ALEX. MCCONNELL.

## NOTICE BY PUBLICATION.

North Carolina, Guilford County, in the Superior Court Before the Clerk, Jennie Lemons, Adm. of Rufus Lemons, and Jennie Lemmons individually.

Joe Galtier, Harris J. Helton, Icie Helton and Louise Helton Heath.

The defendants, Harris J. Helton, Icie Helton and Louise Helton Heath, above named will take notice that an action entitled as above has been commenced in the Superior court of Guilford county before the clerk to sell real estate belonging to the estate of Rufus Lemons, deceased, for the purpose of creating assets to pay debts of the deceased and the payment to said Jennie Lemons, Adm. of Rufus Lemons, of said sale of the cash value of her dower interest in said lands; and the said defendants will further take notice that they are required to appear before the clerk of the Superior court for the county of Guilford at his office in Greensboro on the 21st day of September, 1920, and answer or demur to the petition of the plaintiffs, or the plaintiffs will apply to the court for the relief demanded in said petition.

This August 16, 1920. 69-75

M. W. GANT, C. S. C.

## NOTICE OF COMMISSIONER'S SALE.

North Carolina, Guilford County, in the Superior Court.

Mrs. Lucy J. Weatherly.

Mary R. Frazier, R. Dudley Weatherly, Jessie Weatherly Lunde and her husband, David A. Lunde, and Greensboro Loan and Trust Co., Guardian of William John Weatherly, Jr., and Mary Alice Weatherly, minors.

Pursuant to an order of the Superior court of Guilford county to him directed, the undersigned commissioner will, on

Monday, September 13, 1920, at 12 o'clock noon, or as soon thereafter as may be, at the court house door in the city of Greensboro, expose to sale at public auction the following described real estate, to-wit:

1. Beginning at the southwest corner of Keogh street and Fisher avenue and running west with Fisher avenue 148 feet to Bingham's corner; thence southwesterly with Bingham's line and lot No. 59 (Worth and Whaley's plat) 77 feet; thence eastwardly 147 feet to Keogh street; thence north with Keogh street 78 feet to the point of beginning.

2. Beginning at a point on Keogh street, same being 78 feet from the corner of Fisher avenue and Keogh street, running thence west 148 feet; thence southwesterly 48 feet; thence eastwardly 147 feet to Keogh street; thence on Keogh street north 76 feet to the point of beginning.

Terms of Sale: One-third cash, one-third in six months and one-third in twelve months; title to be retained until deferred payments are made in full; deferred payments to bear interest at the rate of six per cent (6 per cent) per annum.

This August 14, 1920.

O. C. COX, Commissioner.

# THE FORDSON

## Fordson

TRADE MARK

### Power Farming Brings the Greatest Profit.

The farmers of America are appreciating more fully each day the increased profits that come from Power Farming. The army of Fordson owners now number over 100,000, and is constantly growing in size.

Fordson farming is profitable because it is practical, because the implements are designed for the work which they must do. Whether it is plowing with an Oliver mouldboard or a disc plow, discing the stubble and the plowed field with the Roderrick-Lean Automatic Disc Harrow, or seeding with the Amsco Drill—these specially built tools serve best the needs of Fordson Farmers.

**Leaves For Mt. Airy.**  
Rev. Victor L. Marsh, of Meads-ville, Va., who has been visiting friends and relatives in southern Guilford, left to-day for Mt. Airy, where he will spend several days before returning home.

**Death of Little Ryan Child.**  
After an illness of about a week, Ida Virginia, the 18-months-old daughter of Mr. and Mrs. C. H. Ryan, died at the home of its parents on Haywood street Thursday afternoon at 5:45 o'clock.  
Funeral services were held at the home Friday afternoon at 3 o'clock, and interment followed in Greene Hill cemetery.

**Death of Mrs. Katharine Evans.**  
Mrs. Katharine Evans died early Friday morning at the home of her daughter, Mrs. A. W. Berrier, of No. 12, 17th street, White Oak. Mrs. Evans was 67 years old and had been ill only a few days. Her death was due to apoplexy.  
Surviving are one daughter, Mrs. Berrier; two brothers, J. W. Evans, of Russell, Kans.; Lee Evans, of Lexington; and one sister, Mrs. Sallie Leonard, of Welcome, N. C.  
Funeral services were conducted Saturday afternoon by Rev. J. H. Lanning from the home of Mrs. Berrier. Interment was made in Greene Hill cemetery.

**Tatum-Bencini Marriage.**  
On Thursday evening at 9:30 o'clock, Mrs. Robah Bencini, of High Point, and B. B. Tatum, of Greensboro, were quietly married at the home of the latter's sister, Mrs. W. C. Robinson, on Schenck street. Dr. E. L. Bain, pastor of West Market Street Methodist church, performed the ceremony, using the impressive ring ceremony of the church. Only a few immediate relatives witnessed the ceremony.

Mr. and Mrs. Tatum left on a late train for a trip to northern cities and upon their return will make their home in this city on Schenck street.

**Mr. and Mrs. McLean Visiting Parents.**

Mr. and Mrs. Ernest C. McLean, of New York city, are spending their vacation in the county visiting their parents. Mr. McLean is a son of W. H. McLean, of Whitsett, while his wife, who was formerly Miss Edna Wharton, is a daughter of Mr. and Mrs. W. L. Wharton, of near McLeansville.

Mr. McLean has been connected with P. Lorillard Company, New York, since his graduation at the University of North Carolina in 1911. Mr. McLean has made good in New York and likes the city but he takes advantage of the opportunity each year to pay a visit to his native heath.

**Chamber of Commerce Will Investigate Stock Sales.**

A committee has been appointed by President J. B. Oettinger, of the Chamber of Commerce, for the purpose of investigating all stock selling schemes being conducted in this city. Reports have been circulated to the effect that a number of fake propositions were being actively

waged and the committee was appointed with a view to securing accurate information.

Information obtained by the members of the committee will be available at the offices of the Chamber of Commerce and wise investors will make inquiry before plunking down their cash or signing the dotted line of stock subscription blanks.

**Hospital Unit No. 65 Postpone Reunion.**

Announcement comes from Fayetteville that the reunion of veterans of base hospital unit No. 65, A. E. F., has been postponed, and the date will be announced later. The reunion was to have been held at Fayetteville September 2 to 4, but inability to secure quarters for the several hundred men who will attend in given as the reason for the postponement. More than likely the place of meeting will be changed from Fayetteville to some other city where ample accommodations can be had. This organization is composed mostly of North Carolina men from this part of the state. It rendered conspicuous service overseas in the world war. D. S. Hollenga, of Fayetteville, is president of the veterans' Association, and O. J. Allison, of Winston-Salem, is secretary.

**FARMERS NOT PLANNING TO BURN UP TOBACCO.**

Rocky Mount, Aug. 26.—While Kentucky tobacco raisers are giving serious consideration to the question of curtailing the acreage of the crop for business reasons, there is absolutely no truth to the reports that farmers in that state are planning to burn their tobacco and take other similar drastic measures on account of low prices, according to Mr. W. E. Fenner, prominent local tobaccoist and warehouseman, who has just returned to the city from a trip to the Georgia markets and points in Kentucky.

Commenting on the Georgia crop, Mr. Fenner, who maintains warehouses at Tifton and Ashburn in that state, declares that the crop is much shorter than expected and that it is highly probable that the crop of the entire state will not total over ten million pounds. While adverse weather conditions and a late crop, coupled with the car scarcity, retarded the speedy marketing of the crop, the local warehouseman is of the opinion that all the weed will be marketed there before September 7, when the eastern Carolina markets will open, and that the buying companies will have plenty of time to transfer their representatives to this section.

Mr. Fenner was in Kentucky several weeks ago before he went to Georgia on business matters in connection with the operation of his warehouses there and at that time he found that the Kentucky crop was in poor condition because of the adverse weather. Since his visit, however, the Kentucky planters have had most favorable weather and that, according to all reports, the crop is in much better condition in that state. He discredits the rumors that Kentucky farmers are planning to burn their tobacco rather than accept low prices, but declares that serious consideration is being given curtailment of the crop as a means of bettering marketing conditions and eventually boosting the prices.

**Germany Ruins Confiscated Property.**

London, Aug. 27.—Munitions and hydro-airplanes valued at nearly \$2,000,000, which recently were confiscated by the entente commission in the Pilsche work on the Sprea river were destroyed Thursday by the 3,000 employees of the plant, many of whom are Communists, says a Berlin dispatch to the London Times.

The Reichswehr was summoned out but proved powerless to act. The government is sending representatives to the scene.

**BUSINESS TIED UP IN BROOKLYN BY CAR STRIKE.**

New York, Aug. 29.—Brooklyn awoke this morning to find its transportation facilities completely tied up by an unexpected strike of approximately 8,000 employees of the Brooklyn Rapid Transit system.

The strike has been pending several days and at a meeting late last night the car men voted to defer action on the strike for one week. Three hours later another meeting was held and the men voted to go on strike at 5 A. M.

Tonight all lines virtually were paralyzed. No surface cars were running and only a meagre number of trains were crawling over the elevated and subway lines.

Coney Island had a crowd of about 100,000 persons, despite the difficulty they had in getting there. They went in motor buses, moving vans, wagons and vehicles of every description. The buses charged a 25 to 30 cent fare to Coney Island but charged from \$1 to \$3 for the return trip.

Temporary municipal bus routes in all sections and steamboat service to Coney Island were being put in operation by the city tonight.

The strikers are members of the Amalgamated Association of Street and Electric Railway Employees of America. Recently they presented demands to Lindley M. Garrison, receiver of the B. R. T., asking for a wage increase of 25 per cent and up, an eight-hour day and a closed shop. Receiver Garrison refused to grant the demands and referred the men to Federal Judge Julian M. Mayer, legal custodian of the company. Judge Mayer sustained Receiver Garrison's refusal and would not confer with the Amalgamated's committee, saying their demands were radical and excessive. The Amalgamated appealed to Mayor Hylan, who attempted to arrange a conference between Judge Mayer, the Amalgamated's committee, and B. R. T. officials. The conference never came about and the strike to-day resulted.

**HENDERSON, OF MADISON, CONFESES TO MURDER.**

Asheville, Aug. 29.—Surrounded by two sheriffs in his cell in the Buncombe county jail, where he was brought for safe keeping, Frank Henderson, of Madison county, broke down under the constant torment of his conscience and confessed to the murder of his wife in the little village of Runion on the night of August 24, according to Sheriff Mitchell, of this county, and Sheriff Bailey, of Madison county, who visited him late this afternoon. In his statement Henderson exonerated Susie Sams from any blame for the death of his wife.

Sheriff Mitchell stated that the Madison county sheriff made no effort to put Henderson through the third degree, but that when he was asked to tell all he knew of the case he broke down and confessed, stating that the murder followed the alleged infidelity of his wife.

**Negro Farmer Brutally Murdered.**

Farmville, Aug. 27.—No more brutal murder than that of Sammie Barnes, a colored farmer of near Fountain has been recorded in this district for many years. The crime occurred while Barnes was asleep at his tobacco barn Saturday night. Three negroes, Sam Dixon, Anderson Moore and Dave Scarborough were arrested for the killing.

It seems that there were no eye witnesses, but circumstantial evidence points towards Scarborough as the perpetrator of the crime.

**Neff Continues to Lead Bailey.**

Dallas, Texas, Aug. 29.—Pat M. Neff, of Waco, continued to gain on Joseph Bailey, former senator from Texas, in the race for gubernatorial nomination, according to returns tabulated to-day by the Texas election bureau from Saturday's Democratic run-off primary. With 401,672 votes accounted for, the election bureau announced these figures: Neff, 237,165; Bailey, 164,508.

**WE SELL TRUNKS**

If your boy or girl is going off to school this fall we can supply the trunk, also shoes, rubbers, underwear, hosiery and many other things they may need. Our fall stock of shoes, rubbers and underwear is almost complete, and we are closing out what is left of summer footwear at greatly reduced prices. We have some great bargains left in Oxfords for both women and men.

**Thacker & Brockmann**

**E. CARL DUNCAN DIED AT BEAUFORT SUNDAY.**

Beaufort, Aug. 29.—Edward Carlton Duncan, former Republican national committeeman from North Carolina, banker and former member of the North Carolina legislature, died at 1 o'clock this morning after an illness of some months from cancer of the stomach. Funeral services will be held Monday afternoon in this city where he was born 58 years ago.

Mr. Duncan is survived by a widow and three children.

A few months ago Mr. Duncan was operated upon in a Baltimore hospital and improved sufficiently to attend the Republican national convention at Chicago as a delegate. Returning to this city after the convention Mr. Duncan's condition became worse.

Mr. Duncan had been prominent in national and North Carolina politics for many years. He had served as collector of the port of Beaufort, member of the legislature 1895 to 1908, member of the Republican state executive committee and member for North Carolina of the Republican national committee for two terms. He was succeeded on the national committee by John M. Morehead, after one of the most spectacular contests in North Carolina Republican politics.

For three years he was one of the receivers of the Seaboard Air Line railroad and later established a bank at Raleigh, becoming its president.
