Divorce suits have engaged a large measure of attention in Guilford Superior court this week. The court convened at 10 o'clock Monday morning for a term of one week for the disposition of civil cases. Thirty-two divorces have been granted and two divorce suits were continued until a later term.

Following is a list of the divorces granted:

Corrie Ball vs. Robert Ball.
Nellie Johnson vs. Ellis Johnson.

Walter Bryant vs. Lena Bryant.
Andrew Corbett vs. Bertha Corbett.
Minnie Dick vs. Richard Dick.

S. G. McGill vs. Eva McGill.
The divorce cases continued were Patches Watkins vs. Bertha Watkins. Gertrude Carson vs. Jess Carson. George Rush was unsuccessful in his suit for a divorce from his wife, Rita Rush.

M. J. Wrenn, trading as the Union Brokerage Company, of High Point, is entitled to recover \$161.75 from the Southern Railway as a result of damage done a shipment of furniture according to the verdict of the jury.

Conflicting claims of Lillie and Bertha Robbins as to which should handle the estate of the late Ernest Robbins were heard by the court and it was finally decided that Bertha possessed that right instead of Lillie. Ernest Robbins had married Bertha in South Carolina in 1909, the evidence showed, the marriage taking place before it was necessary to secure marriage licenses in that state. In 1912 Ernest married Lillie in this state, according to the evidence. The jury agreed that Bertha was the lawful widow of Ernest Robbins, who was killed in the employ of a local fertilizer plant, and that Lillie was not entitled to administer the estate.

Eight non-suits were ordered by Judge Ray yesterday, the list following: D. F. Gossett and Roxie Covert vs. Eunice L. Newman; J. R. Davis vs. Western Union Telephone Company; E. W. Emerson and J. W. Harvey vs. D. C. Suggs; Clyde Paine vs. Debie Burton; James Craddock vs. Abe Womack and A. Womack Stone Company; J. H. Hendrix and V. C. Gilmer vs. J. S. Newman; Laura Kirkman vs. Hill Vester Company.

Yesterday afternoon a verdict was returned for the defendant in the case of W. E. Miller against the Melton-Rhodes Company. The plaintiff asked for \$3,300 damages for the loss of his fingers while employed at the cabinet factory of the defendant company in Greensboro one month ago. The jury decided that while the injury was partly due to negligence of the Melton-Rhodes Company, the plaintiff was guilty of contributory negligence and therefore not entitled to recover.

LOCAL TOBACCO MARKET TO OPEN SEPTEMBER 21ST

WILL BE VERY BEST SEASON IN HISTORY OF GREENSBORO, OBSERVERS SAY.

Plans are being completed for opening of the Greensboro tobacco market on Tuesday, September 21. That date will signalize the opening of the very best season in the history of the market, according to local observers, who point to the fact that maximum co-operation prevails between warehousemen, business and professional men, while the farmers also are keenly interested in the plans for the new season.

In this connection it is worthy of note that splendid facilities for handling an immense volume of the weed have been provided here. An unusually strong corps of buyers will be found at the Farmers' warehouse, under the management of M. L. Kendall, and at Graham's warehouse, which is managed by Tom Graham. Mr. Kendall and Mr. Graham are warehousemen of long experience, they have large modern houses and are splendidly fitted to give the farmers service of the very best type, which is equivalent to saying that they expect to get the highest prices for the growers of tobacco.

Within recent months the Imperial Tobacco Company, Limited, of Great Britain and Ireland, purchased a large tract of land in Greensboro which is being developed into a great enterprise for the redrying and storage of tobacco. The decision of officials of this great company to locate in Greensboro is expected to play a significant part in bringing allied industries to this city. In fact, gratifying progress is being made in the program of the Chamber of Commerce, Merchants' Association and other progressive interests to make Greensboro one of the chief tobacco markets in the South.

In this issue of The Patriot leading representatives of the Chamber of Commerce, the Merchants' Association and the Guilford County Farm Bureau are calling attention to the splendid advantages offered the farmers of this section by the local tobacco market. It is pointed out that 10,000,000 pounds of tobacco will be grown in Guilford county this year. That amount of tobacco sold through the warehouses of Greensboro would represent approximately \$5,000,000, it is suggested. It will be to the best interest of the farmers of Guilford to market their crop in Greensboro, it is pointed out; building up of the local market will be reflected in increased profit for the growers, local observers state.

The idea of co-operation has never before been so strongly developed as it is being developed now in the making of preparations for the new season; in fact, this is a condition which promises to be of incalculable value in making the seasons a record-breaker. On every side business men and professional men are working hand in hand with the tobaccoists in the project of making Greensboro the chief tobacco market in North Carolina. Confidence is expressed that this undertaking will be carried forward to fruition in reasonably early future.

Charged With Entering Home.
In Municipal court yesterday morning probable cause was found in the case against a negro named Jerry Oliver, who was charged with entering the home of W. L. Oden, on Blandwood avenue, Sunday afternoon while the Oden family were absent. The defendant entered a plea of not guilty. However, Mr. Oden testified that upon his return to the home following an automobile ride, he found the negro leaning against the house. When asked as to his business, the negro told Mr. Oden that he was looking for a man named Jones. Subsequently Oliver was arrested.

Rev. Sam Small to Speak in Greensboro Next Month.
Rev. Sam Small, well known evangelist and lecturer, will deliver an address in Greensboro on October 5, according to announcement made here yesterday. Rev. Mr. Small will appear as a representative of the National Reform Association. Detailed plans have not been perfected for this event and the noted speaker's subject has not been announced.

COUNTY TAX RATES ARE VERY SHARPLY REDUCED

TOTAL FIXED BY COMMISSIONERS AT 57 CENTS—TO OBSERVE "ROAD DAY."

Material downward revision of the tax rates was ordered by the county commissioners Monday afternoon. The tax rate on property was reduced by more two-thirds, and poll tax was decreased from \$2 to \$1.56. The following rates were fixed by the commissioners: State schools, 13 cents; general county, 5 cents; roads and bridges, 17 cents; court house bonds, 3 cents; county schools, 15 cents; county school expense and building fund, 2 cents; High Point township bonds, 2 cents; total, 57 cents.

The 1919 rates were as follows: State schools, 32 cents; general county, 19 cents; roads and bridges, 50 cents; court house bonds, 10 cents; county schools, 35 cents; state and pensions, 15 2-3; total, \$1.61 2-3.

Such large decreases in the tax rates were made possible by the revaluation act, designed to put all taxable property on the books at its true value in money, so nearly as possible.

Taxes will not be levied for the special school districts until the value of property in the districts can be computed. Under the provisions of the revaluation act the total levy cannot be more than 10 per cent greater than that for 1919. It is thought that the commissioners will be able to fix the rates in the special school districts at the next meeting on September 21.

Prior to adjournment Tuesday afternoon the commissioners decided that next Tuesday will be observed as "road day." On that day they will visit various roads in the county upon which improvements have been requested with a view to reaching definite conclusions as to whether the improvements are to be made.

City officials appeared before the board and requested that the strip of land in front of the court house, between West Market street sidewalk and the street, a strip about six feet wide, which was originally designed for a grass plot, be turned over to the city for parking space for automobiles. They also desired use of a similar strip in the rear of the court house, on West Sycamore street. Final action on these requests was deferred until the next meeting of the board.

The report of Dr. W. M. Jones, county health officer, disclosed the fact that all communicable diseases were sharply decreased in August of this year as compared with August, 1919, with the exception of typhoid fever, which increased three cases. The report showed 15 cases of typhoid in the county, eight of which were in Gilmer township, two in Morehead, two in High Point, two in Bruce and one in Jamestown. The only other communicable disease reported were two cases of whooping cough and one case of measles.

It was agreed that the pay of jurors would be increased from \$2 per diem to \$3, and it was ordered that the increase apply to the jurors serving at the term of Superior court now being held here.

Although there was no formal discussion of the proposed special election to determine whether \$2,000,000 worth of bonds for road building in Guilford county would be issued, it was indicated that such an election probably will not be called before early in the new year.

New Pipe Organ Installed.
At the Asheboro Street Friends church a new pipe organ has just been installed and will be heard by the congregation for the first time next Sunday morning. A simple dedicatory service will be held at 11 o'clock Sunday morning, and in the evening a sacred musical program will be rendered. Numbers on the new organ will be included.

Mrs. J. B. Gunter Dies.
Mrs. J. B. Gunter, of Sanford, died at the home of her son, Charles W. Gunter, in Gastonia, at noon Tuesday. Death was attributed to an attack of influenza and complications. Mrs. Gunter, who was the mother of 50 years of age, was the wife of H. B. Gunter, of this city, and the daughter of Mrs. Eliza Crawford, of Greensboro.

MRS. ALFRED O. CORBIN

Mrs. Alfred O. Corbin of Ocamock, Va., is a real helpmeet for her husband. She has returned to New York after a business tour in Holland for her husband, a member of the Wall Street firm of Leach & Co. When they were married, each liked Mrs. Corbin's old Virginia name so well that they decided to assume that, instead of the husband's name.

NEW YEAR IS STARTED AT GREENSBORO COLLEGE

WITH A LARGE ATTENDANCE OPENING EXERCISES CONDUCTED ON WEDNESDAY.

The new year opened at Greensboro College yesterday morning with a large number of both old and new students present, together with many visitors. Students continue to arrive and President S. B. Turrintine expects the college to be taxed to the limit of its capacity to accommodate the large student body. In fact, special provision is being made for rooms for some of the students outside the dormitories because of the great enrollment.

Dr. Turrintine conducted the chapel exercises, assisted by Rev. E. L. Bain, D. D., pastor of West Market Street Methodist church, who is also the college chaplain; Rev. J. H. Barnhardt, presiding elder of the Greensboro district, and Prof. F. S. Aldredge, headmaster of Trinity Park school, Durham.

Registration activities now are engaging a large measure of attention. Regular college recitations will begin at 8:30 Friday morning. Special examinations are scheduled for Saturday. The annual Y. W. C. A. reception will be a pleasing event of Saturday evening. Sunday afternoon at 5:30 vesper services will be held, and Monday evening the Students' Association will give a reception for the new students.

Mrs. W. Y. Beville is Dead.
Mrs. W. Y. Beville, aged 53, died at 5:15 Monday afternoon at her home near Summerfield. Death followed a long illness of cancer of the stomach. Surviving are the husband, two children, Mrs. I. C. Shelly, of Greensboro, and Mrs. Coke Bowman, of this county; a brother, J. H. Baker, of Summerfield, and three sisters, Mrs. Fannie Robertson and Mrs. Daniel Jessup, of this county, and Mrs. Sallie Richland, of Orange county. Funeral services were held at 4 o'clock Tuesday afternoon at Pleasant Ridge church, near Springfield, interment following in the church cemetery.

Funeral of Mrs. Rosa S. Dick.
Funeral services were held at 4 o'clock Tuesday over the remains of Mrs. Rosa S. Dick, wife of G. A. Dick, whose death occurred Sunday evening at the home of her daughter, Mrs. Thomas Crabtree, on Isabel street. Rev. Charles F. Myers, D. D., pastor of the First Presbyterian church, had charge of the obsequies at the Crabtree home. The remains were interred in Greene Hill cemetery.

FARMER-LABOR BANK TO BE ORGANIZED HERE

NEW INSTITUTION TO BE ESTABLISHED SHORTLY, ACCORDING TO R. W. H. STONE.

Plans are being developed for the organization of a Farmer-Labor bank in Greensboro, R. W. H. Stone, president of the North Carolina Farmers' Union, announces. It is expected that the new bank will be doing business not later than January 1, 1921. Mr. Stone and J. P. Saunders, both of Greensboro, will confer with others interested in the project here next Monday.

According to Mr. Stone, the bank will be operated primarily for the benefit of the farmers and working men generally. He points out that farm loans constitute splendid security, and the new institution will be prepared to back the farmers and other working men in their financial enterprises. As an instance of how this help might be extended, the president of the North Carolina Farmers' Union refers to the possible necessity of delaying marketing of a substantial part of the tobacco crop; farmers feeling compelled to hold their tobacco might reasonably expect to secure financial assistance, he states.

However, Mr. Stone insists that the bank will be run upon strict business principles. It will not be a charitable institution. He expresses confidence that the enterprise will prove successful. The men behind the plan have the money needed, it is pointed out, and are ready to support their idea with cash.

FURTHER OPPOSITION TO SUNDAY GOLF EXPRESSED.
Further opposition to Sunday golf was expressed at a meeting of the Greensboro Ministerial Association Tuesday morning. The principal address was delivered by Charles H. Ireland, a prominent layman, who declared that Sunday golf would be most detrimental to the morals of the community.

"If permitted," said Mr. Ireland, "it will not be long until Sunday baseball, Sunday motion pictures, Sunday tennis and Sunday pool rooms will be allowed. Then the morale of this Christian community, city and county, will be broken and our good name defamed. The man who plays golf on Sunday, deliberately desecrating God's day, is damned, and rightly so."

With a view to learning the opinion of the different church leaders a meeting of pastors and officials of all the Greensboro churches will be held at the Y. M. C. A. Sunday afternoon at 3 o'clock. It is expected that definite plans will then be formulated in regard to the question, which was raised when it was recently proposed to amend the charter of the Greensboro Country Club so as to permit the playing of golf on Sunday.

GUILFORD TOBACCO FARMERS TO MEET HERE SATURDAY.
In order to ascertain the consensus of opinion of the farmers of the county in regard to tobacco prices, Secretary J. A. Groome, of the Guilford County Farm Bureau, has issued a call for a meeting of the bureau and of other tobacco farmers to be held in the assembly room in the county court house at 2 o'clock Saturday. Reports of low prices offered for tobacco in the east are largely responsible for the decision to have a conference of Guilford farmers. It is thought that concerted action of some sort will probably be agreed upon.

J. Q. HUNNICUTT HIT BY CAR AND RIBS ARE BROKEN.
J. Q. Hunnicutt, of this city, was painfully injured Tuesday morning when he was struck by an automobile, reported to have been driven by Ed Ramsey, on Spring Garden street, near Fields' store. Mr. Hunnicutt was crossing from one side of the street to the other, intending to board a street car, it is stated, when he was knocked down by the automobile. Three ribs were broken and Mr. Hunnicutt was taken to his home on West Lee street, where medical aid was obtained. It is not thought that his injuries are of especially serious nature.

ALBERT BULLYBOY SHOT AND NICHOLSON JAILED

PRISONER DENIES KNOWLEDGE OF SHOOTING WHICH OCCURRED ON CHAPMAN STREET.

Albert Bullyboy, a painter, who lives at 203 Chapman street, was shot early Monday morning by a man who Bullyboy says was Claude N. Nicholson. The latter is in the county jail charged with an assault with a deadly weapon with intent to kill and inflicting serious and permanent injury.

Officers state that Bullyboy told them that Nicholson, who is his neighbor, living at 209 Chapman street, fired four times, only one shot, however, taking effect. The bullet went through the groin and into the left leg, examination disclosed. Bullyboy states that he fired twice at Nicholson, but without hitting the latter.

According to officers, Bullyboy says that he forbade Nicholson to come to his house, that he left his home and when he returned early Monday morning—about 2 o'clock—he met Nicholson at the door, whereupon the firing began. Bullyboy's wounds are not now considered especially serious. He is at his home.

Declaring that he knew nothing of the shooting, Nicholson maintains that the wrong man has been arrested. Mrs. Bullyboy stated that it was Nicholson with whom her husband engaged in the shooting.

The hearing will be held when Bullyboy is able to attend.

TWO LADIES OF GUILFORD ARE NOW NOTARIES PUBLIC.

During the past week two ladies of this county have received commissions from the office of Governor Bickett appointing each of them a notary public, these ladies being Miss Sadie Stern, of this city, and Mrs. Eva Thorpe, of Guilford College. Mrs. Thorpe is employed in the office of register of deeds, while Miss Stern is in the office of the Real Estate and Trust Company. Both ladies have taken the oath of office and have been qualified.

Several years ago a commission as notary public was issued to a woman of this state but the Supreme court ruled that women were not entitled to hold a state office and that the appointment was null and void. In view of the fact that suffrage has been extended to women, it is now believed that the court will ratify the appointments and permit the ladies to hold such offices.

C. V. with a minimum of inconvenience. The reunion will be held in Houston, Texas, October 5, 6 and 7. All who desire to attend the gathering of Confederate veterans may make reservations at once by notifying R. H. Graham, division passenger agent of the Southern Railway, who is stationed in Charlotte.

M.; leave Greensboro, 7:40 P. M.; leave Salisbury, 9:30 P. M.; leave Charlotte, 9:15 P. M.; arrive Atlanta, 7:45 A. M. Monday; arrive New Orleans, 5 A. M. Tuesday; leave New Orleans, 7 P. M. Tuesday; arrive Houston, 6 P. M. Tuesday.

Downward Revision of Municipal Tax Rate.

Mayor E. J. Stafford yesterday estimated that the city tax rate in Greensboro, for municipal purposes only, this year will be 48 cents on the \$100 of taxable property, as compared with \$1.75 in 1919. Exact figures as to the value of city property under the new valuation have not yet been received here, but it is thought that the total will be about \$60,000,000, as compared with approximately \$15,000,000 last year.

4 PER CENT INTEREST PAID ON SAVINGS

EVIDENCE TO SUSTAIN THE CHARGES MADE BY COX

PERSONAL REPRESENTATIVE OF NOMINEE CAUSES STORMY SESSION.

Chicago, Sept. 7.—Edmund H. Moore, as personal representative of Governor Cox, to-day presented to the senate committee investigating campaign expenditures part of the documents and information upon which the Democratic presidential candidate based his charges of a Republican plan to raise a campaign fund of \$15,000,000. The testimony was not finished, but its presentation caused a stormy session of the committee.

Senatorial traditions as to courtesy were strained to the breaking point on several occasions as Republicans and Democratic members wrangled over the value of the evidence and at one stage just before adjournment Mr. Moore started to leave the stand, exclaiming that Senator Spencer, Republican, of Missouri, had intimidated him by questioning the authority of a circular letter which he had offered as furnishing a lead to further information.

Spencer and Moore Clash. "No man, even though he be a United States senator, can make such a charge as that against me," said Mr. Moore.

Senator Spencer's disclaimer of such a charge brought his Democratic colleague, Senator Reed, to his feet with a protest against "bullying." He said the entire incident was "disgraceful" and announced that he proposed to see that the witness was treated like a gentleman.

The exchange was the climax of several similar occurrences and not even Chairman Kenyon's plaint that he "could not keep peace in Missouri," served to settle the atmosphere.

Reed Doesn't Want Peace. "I don't want peace; I am preparing for war," pronounced Senator Reed.

Considerable of Mr. Moore's late testimony consisted of information gleaned from telegrams received from Democratic state chairmen in western states. He told Senator Kenyon he had sent for some of this information and that other parts of it had been volunteered.

"Don't you expect to give us other leads besides telegrams from Democratic state chairmen?" asked Senator Kenyon.

Mr. Moore said the messages were intended merely to suggest avenues of inquiry and he said the "paid employees of the Republican national committee" ought to be able to furnish the committee with the facts.

Get Men on Stand.

"The object is to get those men on the stand here and if they lie, prosecute them," declared Mr. Moore. "You must expect to keep the attorney general busy," suggested Senator Kenyon.

"Of course, if perjury is committed before this committee, the guilty should be punished."

Senator Kenyon continued that in newspaper interviews Mr. Moore had criticized the work of the committee, and added:

"Governor Cox wired Senator Reed that he would produce the evidence and leads to support his charges. But through you he sends none of this evidence and you start a line of evidence which it would take us a year to run down."

Bulletins All "Bull."

"Senator," replied Mr. Moore, "Governor Cox had the official bulletins of the Republican committee showing that certain quotas existed and that widespread plans were being carried out to collect them. Yet the Republican witnesses get on the stand here and tell us these bulletins were only 'bull.' Then he had a copy of what he had every reason to believe was a true quota list. The day before the list was published the Republicans said there were only four copies of it in existence. Now, they testify that the list never existed. It is the same way with 'form 101,' and we believe we have got to get this evidence, if the committee really wants it."

High Point, Sept. 6.—A tobacco barn belonging to Eugene Marsh, located a few miles south of High Point, was burned to the ground about 9 o'clock last night. The highly inflammable tobacco caused a blaze which lighted up the country for miles around and which could be easily seen from this city. The tobacco in the barn was the property of Lynn Marsh and was valued at \$500, and the barn was recently built at a cost of \$250 making a total loss of \$750, none of which was covered by insurance. The origin of the fire is not known.

FARMER AND LABORER

HAVE SAME INTERESTS

TIMELY DISCUSSED BY GOV. COX
AT THE MINNEAPOLIS STATE FAIR.

Minnesota State Fair Grounds, Sept. 6.—Labor and agriculture were timely subjects discussed here to-day by Governor Cox of Ohio, and he declared that interests of both would be served by success of the league of nations.

Measures to increase farm production acreage and labor supply were advocated by the Democratic presidential nominee, and he declared again for collective bargaining by labor. He also pledged himself specifically to increase salaries for postal employees.

Interests of labor and agriculture, Governor Cox declared to his fair ground audience, are intertwined and interdependent.

Referring to the league of nations with a statement that it was not a political question except when turned to partisan uses, Governor Cox said: "Millions of men, women and children in devastated regions of Europe are literally starving to death when America has the ability and resources to provide for them all. But this provision can be made only when reconstruction of the world has been undertaken under definite plan. Although our soldiers achieved a victory in the great war and by their contribution brought the war to a close, we still do not have peace. Until that peace is accomplished, little headway can be made."

"Not only is the civilization of the world at stake, but the material welfare of our own country is vitally affected by waste and extravagance that must continue until the ratification of the treaty of peace and the other countries of the world know definitely where we stand."

Labor Vitally Interested.

Turning to the labor question, Governor Cox continued:

"Labor is vitally interested in the plan of readjustment which will be

adopted. There are those who think the answer to present difficulties lies in the adoption of plans of the past; that progress has gone too far. I am not of that class. I think that the solution is in the dawn of a new day when the human soul and the human body shall count for more than the sordid dollar.

"So long as men work for hire, there will be differences of opinion between those who labor and those who employ labor. Industrial disputes cannot be avoided, but industrial disputes can be prevented from menacing the welfare of the nation when both parties to the dispute can be made to understand that government is fair and that neither one nor the other may gain an advantage. Public opinion rules in America, and public opinion will always settle industrial conflicts if the game be played in the open.

"Labor day came to be one of the mile posts on the road of progress. But for progressivism Labor day could not have been. Reactionists would not recognize it. The reactionists are in various groups. They consist primarily of the holders of privilege, privilege conferred by laws. They strive not only to retain existing privileges, but to secure additional ones. 'Special interest' is only another term for privileges. The privileged few are assisted by those who through deliberate misconduct or miseducation permit the elimination of the majority rule. Special privileges are aided by the extreme radicals who propose things that are either unworkable or advanced ahead of their time. By misguided advocacy of inappropriate things, they deceive many earnest citizens who desert from progressivism.

"Labor should have the right to organize and through representatives of their own choosing negotiate collective bargaining. This right never has been denied capital. Care must be exercised that government at no time be made oppressive in maintaining the laws of the land. I have said that public opinion will settle industrial disputes and to this end believe the government should

provide for proper investigation in all cases, with provision for the filing of the facts without prejudice, so that the public may have full information. The right to free speech and free press and the right of orderly assembly, guaranteed by the constitution, must never be infringed.

Melting Pot Neglected.
"Too long have we urged the down-trodden of other lands to come to us as laborers without giving a thought to their proper absorption in the melting pot. Once on our shores they have been forgotten until by our own neglect they have become a serious menace through lack of education and understanding of our ideals. Americanization must be seriously undertaken by the government, with insistence upon full co-operation by the employers of this labor."

Urging adequate remuneration for government employees, Governor Cox said that if elected he would sign a bill granting the "long suffering and loyal postal employees the relief they tion aid, agricultural extension and appropriate and adequate wages."

Discussing agricultural problems, Governor Cox reiterated many suggestions made in his speech of acceptance, including federal reclamation aid, agricultural extension and home building.

"In working out the problems of American farm life," he said, "the extension of transportation systems, the building of good roads and the creation of modern school facilities in the country, which bring the boy and girl on the farm the opportunities that are offered the boy and girl of the city go hand in hand."

"It is now possible also to bring even the most remote rural district the entertainment facilities to be found in the more populated centers. Farm work should no longer be drudgery. Labor saving machinery long since reduced the period of toil in the fields. It is now possible to apply the same method to make more enjoyable the existence of the farmers' wives."

The governor also reiterated his advocacy of federal regulation of cold storage, declaring that it would "break the circle of profiteering."

Camel Tanks Up on Lemonade.

Indianapolis, Ind., Sept. 7.—Fifty Indianapolis police officers on special duty at the Indiana state fair were called upon early to-day to quell a camel which apparently had not had its drink during the last eight days. It wandered from its own show grounds to a soft drink booth and drank ten gallons of red lemonade before the police officers and the camel trainer could get it back into "the Garden of Allah."

THE FORDSON

THE FARMER'S POWER PLANT

YOU ARE A MANUFACTURER

A producer of Tobacco, Wheat, Corn and other Products of the Soil is as much a manufacturer as the maker of Shoes, Clothing, Desks and Automobile Tires. The same economic rules which govern the one effect the other.

Gasoline, kerosene and electricity have displaced animal power and human labor as much as possible for industrial manufacture. The farmer now realizes his only profitable course lies in the same direction.

The Tractor is the Farmer's Power Plant. By plowing deeper with it than he can by horses or mules he increases his crop. By getting his seed into the soil quicker and in proper season he increases the yield. He can farm more land with the same effort.

Labor is expensive and scarce on the farm to-day as it is for the manufacturer of shoes. The shoe manufacturer calls more and more on machinery to effect it. The farmer must do the same if he is to make any money.

THE FORDSON TRACTOR IS INDEED "THE FARMER'S POWER PLANT." ASK YOUR NEIGHBORS WHO OWN FORDSONS TO TELL YOU WHAT IT HAS DONE FOR THEM.

THURSDAY, SEPTEMBER 9, 1920.

Strike fever is contagious, too.

Strikers are always considerate of strikers.

Villa can hardly be classed as a "dirt farmer."

Women's styles change almost as often as their minds.

A heavy punch is to take the pinch out of poverty.

The car shortage is shortening the patience of business men.

Some folks actually get warm when they consider coal prices.

Striking coal miners evidently want to strike gold instead of coal.

And still many folks are wrestling with the wrestling problem.

Lloyd George doubtless believes that there's a crisis for every occasion.

The front porch campaign of Senator Harding may yet become a side-show.

Harding is a little politician, but he is mighty attentive to "big business."

Almost a week has elapsed since a new revolution was reported in Mexico.

The ultimate consumer family would also like to see a bumper coal crop.

There's a lot of difference between reckless driving and wreckless driving.

The support of the farmers would help to bring about a landslide for Governor Cox.

Now some politicians may change the slogan from "votes for women," to "votes from women."

With cool weather approaching, many a poor fellow soon will possess "vested interests."

Some persons seem to think that by window shopping they can keep the wolf from the door.

It will probably be a cool November for Harding—that is, the second day of that fateful month.

In the Republican party the golden rule means the standard by which Republican campaign funds are measured.

Some fellows never are found in a brown study except when they are getting a bitter lesson in the school of experience.

According to back porch gossip among newly enfranchised women, Senator Harding is about to be driven from the front porch.

FURTHER DISCLOSURES AS TO CAMPAIGN FUNDS.

Testifying before the senatorial committee investigating campaign expenditures Edmund H. Moore, of Youngstown, Ohio, personal representative of Governor Cox, Tuesday presented impressive evidence tending to substantiate the governor's charge that the Republicans are raising a huge campaign fund in an effort to "buy the Presidency."

Notwithstanding the efforts of Senator Kenyon, one of the Republican members of the investigating committee, to prevent the evidence of Mr. Moore from appearing as corroborative of the charge which Governor Cox made, the witness pointed to numerous instances of large financial undertaking by the Republicans. His testimony certainly was not vague; on the other hand, he presented names and figures in a manner calculated to give the Republicans many sleepless nights during the next two months.

Furthermore, Mr. Moore furnished a long list of names of men whose evidence he said would present further confirmation of the accusations made by the Democratic Presidential nominee. He flatly declared that "if the committee wants to, it can get the men here who will prove the falsity or truth of Governor Cox's charges in 48 hours." He told Senator Kenyon that the committee was "not seeking the best evidence."

Now that Governor Cox has exposed efforts of Republican campaigners to bring heavy pressure to bear upon the people of the country by the expenditure of tremendous sums of money, it may be expected that leaders of the Republican party will try very earnestly to conceal from the people the size of their campaign fund.

However, if the investigating committee will examine the men suggested by Mr. Moore as witnesses, other revelations of a character calculated to displease Republican politicians may be obtained.

In the meantime many voters must be awakening to realization of the fact that the Republican party is still significantly intimate with the "big interests." It is quite possible that a number of men who have been classed as Republicans will later be disposed to thank Governor Cox for calling attention to such conditions. The average voter has a distinct aversion to suggestions that he support candidates who may later be called upon to discharge sinister obligations incurred as a result of special financial aid rendered by certain individuals and corporations.

The Democratic candidate for the Presidency is richly earning the confidence of voters throughout the country. In the expose of ambitious Republican financial schemes he is rendering a distinct public service; it is reasonable to assume that such service will be fittingly recognized by the electorate.

PRODUCING GAS NOW FROM FIELD STRAW.

Persons who are apprehensive as to gas shortage will doubtless find a measure of encouragement in reports from Washington concerning experiments in the production of gas from field straw. Gas which possesses explosive qualities sufficient to drive an automobile, and which may also be used for illumination, is being produced at the Arlington, Va., experimental farm of the department of agriculture from the destructive distillation of ordinary field straw. Experts of the department of agriculture announce that "the possibilities of straw gas are not yet fully determined." In the meantime the tests are being continued with various straws and it is planned to devise a model plant for the distillation of the gas.

If a suitable unit can be constructed so that the farmers' initial cost will be small, experts say, it is probable that the straw gas will have a certain economic value in sections of the country where the raw material is now regarded as waste and is burned or left to rot in the fields.

While straw gas manufacture is yet in the experimental stage, it is

evident that a substantial degree of progress is being made. It is quite within the range of possibility that a highly valuable new source of gas for transportation and lighting needs will thus be developed. Like many other experiments it may be found in this case that years of effort will be necessary in order that the full measure of success be attained. If the project proves entirely successful finally, relief of very appreciable nature will be afforded to users of gas in this country.

Certainly there is every reason to continue the experimental work.

Slashing the slush fund may yet become popular.

MEETING HELD HERE BY TENNIS ASSOCIATION.

At a meeting of the North Carolina Tennis Association at the Country Club last night Greensboro was selected as the place for the next annual tennis tournament, and Labor day was agreed upon as the date upon which the annual tournaments would begin. N. H. Irvin, of Greensboro, was elected president of the association, succeeding Dr. P. H. Winston, of Chapel Hill. Vice presidents elected were J. Mills Newton, of Thomasville; Miss Winifred Sundean, of Greensboro; T. C. Cox, of Asheville; Lenoir Chambers, of Chapel Hill; Dr. J. E. Hobgood, of Thomasville, and Dr. N. I. White, of Durham. C. M. Waynick and Herman Cone, both of this city, were re-elected secretary and treasurer, respectively.

The second annual tournament of the association is now in progress here.

SEVERAL PEOPLE HURT IN RICHMOND AUTO WRECK.

Richmond, Va., Sept. 6.—A smash-up in which two racing cars figured, marred the automobile races which featured the annual Labor Day celebration in Richmond today.

Blinded by a cloud of dust raised by a car just ahead of him, piloted by Harry Cooper, Jimmy Fox smashed into Cooper's car, the impact causing Fox's car to turn turtle several times, pinning Fox and his mechanic underneath. H. F. Alexander crashed into Fox's car, badly damaging both machines. Alexander's car also turned turtle, Alexander sustaining cuts and bruises about the face. Max Gouldner, his mechanic, sustained a broken arm and other injuries.

Local Real Estate Men Perfect Organization.

At a luncheon at the Country Club Tuesday afternoon local real estate dealers perfected a permanent organization to be known as the Real Estate Board of Greensboro. Organization activities included adoption of a constitution and by-laws and the election of officers and an executive committee. The following officers were chosen: Charles L. Weill, president; David White, vice president; A. K. Moore, secretary and treasurer, while L. M. Ham and J. A. Matheson constitute the executive committee.

The organization proposes to "support all measures calculated to improve Greensboro and the character of its streets and buildings."

WHOLESALE GROCERS TO TEST SUGAR CONTRACTS.

Macon, Sept. 6.—Georgia wholesale grocers plan to institute test cases in the courts to determine whether contracts for sugar alleged to have been signed under misapprehensions, are legally binding. This was made known to-day when R. B. Small, president of the Georgia Wholesale Grocers' Association, issued a call for a meeting of the association in Macon September 9 to discuss the situation.

The members have been instructed to bring all contracts and correspondence had with the refiners.

The wholesalers claim they contracted for sugar at 20 to 28 cents a pound and it is now retailing at from 15 to 17 cents. They claim the refiners, at the time the contracts were made, represented to them there was a sugar shortage, which they allege was false.

NEIGHBORHOOD NEWS

CENTER.

A good turnip shower is being awaited. The fodder seems a bit late this year.

Mr. and Mrs. Howard Trogon have returned from an extended bridal trip north. They went in an automobile the entire trip, visiting several places in northern states and some in Canada. They were accompanied by Miss Tela Hodgins, sister of the bride, and a Miss Landreth, a cousin.

Miss Ruth Hockett, of Greensboro, visited her parents, Mr. and Mrs. W. W. Hockett, Sunday.

One of the best revivals in the history of the church came to a close last Friday night at Providence Friends church. There were about 16 converts the last night.

We are glad to welcome our pastor back after an absence of one year. Our church seemed badly crippled during her absence.

Those of us who attended the camp meeting at Bethlehem the fourth Sunday in August were much pleased with the excellent service and good order on Sunday. We hear they had a great meeting.

Several from here will enter Pleasant Garden school the 15th. Miss Carrie Hockett will wield the torch over the primary department at Archdale graded school.

Miss Elah Hockett has gone to Reidsford to take charge of a school there.

Mr. and Mrs. E. B. Gamble and Mrs. N. C. Coltrane have returned from a three weeks visit to relatives in Kansas. They report a splendid time.

The inside work of remodeling the church here is about complete. Mr. E. L. Osborne, with some local help, did the work.

PROVIDENCE.

BICKETT REFUSES CLEMENCY TO THREE MURDERERS.

Raleigh, Sept. 7.—Governor Bickett inverted his thumbs three times to-day and Ed Alexander, murderer of Jim Rayle, and Ralph and Sinclair Conner, slayer of Deputy Sheriff Lloyd Cloninger, must die within two weeks.

Alexander is white, and the Conner brothers are black. Alexander will die in the electric chair September 20. The white man will have his Black Friday and the black men their Blue Monday. The white man put up a unsuccessful plea of insanity but the jury had to decide that issue, too, and it did not pretend to be a lot of alienists. Alexander, a one-armed young fellow, shot Rayle with apparently no provocation, save an accidental injury of no consequence, which Rayle caused by pushing the prisoner against the rail in a poolroom.

The negroes killed Deputy Cloninger in August, 1919, four months earlier than Alexander murdered Rayle. The colored prisoners were terrifying the community near a church and disturbing the worship of the people. The sheriff in quieting them was killed. There were a few mitigating circumstances, but all three Fredell men had bad cases at court.

Governor Bickett confesses his agony in sending the men to the chair. "Every human impulse impels and almost drives me to save the life of each of these citizens," he says to-day, "but after an agonizing study of all three of the cases I cannot find the record on any ground that would justify me in setting aside the verdict of the juries and the judgment of the courts."

THREE TOURISTS KILLED IN CAVE OF WINDS.

Niagara Falls, N. Y., Sept. 7.—Two women and a man were crushed to death and two men were injured this afternoon when a slide of shale forced out a bridge leading to one of the stairways in the cave of winds, near Niagara Falls. A hundred or more tourists who were in the cave at the time had narrow escapes, many being bruised and cut by the falling rock. The dead are A. Hartman and his wife, Louise Hartman, of Brooklyn, and Clara M. Faust, of Pittsburgh.

To recover the bodies of the dead it was necessary to take a rowboat from the Maid of the Mist steamer, which had been run up as near as possible to the falls and cave. It was a hazardous venture, but the rowboat crew finally brought the bodies out of the pool and regained the steamer.

The accident is the first of the kind that has occurred in the cave since the first stairway was built in 1883. There have been slides before, but only in the winter or early spring.

TROUBLE BETWEEN UNION
AND NON-UNION MEN.

Birmingham, Ala., Sept. 6.—Sam Lynn, non-union miner, was shot to death, P. H. Tryanwick, union miner, was wounded in the arm, and several others suffered slight injuries in a clash growing out of the coal strike at Gintown, Jefferson county, last night.

The disturbance occurred at the mines of the Sloss-Sheffield Steel and Iron Company. J. R. Allison, union miner, is in jail charged with the murder of Lynn, and Henry M. Brewer, non-union worker, is held on a charge of assault with intent to murder.

Argument over recognition of the union preceded the shooting. Brewer's arrest was made by Deputy Sheriff J. E. Jones shortly after the shooting.

According to statements of officers and witnesses to Solicitor Tate today, Brewer, an employ of the Gintown mines, accompanied by Lynn, went to Gintown a short time before the shooting and began cursing and abusing union miners gathered in the town. The union miners resented the language used, according to the statements to the solicitor, and in a fight that followed Brewer is said to have whipped out a pistol and fired, shooting Traywick, one of the union miners. Meanwhile, Allison had begun firing, killing Lynn, the non-union man who had accompanied Brewer. Following the shooting, Brewer fled, but was arrested within an hour.

The death of Lynn is the second fatality to occur since labor trouble started in the Alabama coal fields. Al Hicks, union miner, the first victim, was shot in a brawl at Carbon Hill several weeks ago.

FIRST WOMAN MAGISTRATE
APPOINTED IN UNION COUNTY.

Monroe, Sept. 3.—Union county claims the distinction of having the first woman magistrate in North Carolina. Mrs. Julian Griffin having been commissioned by Clerk of the Court R. W. Lemmond. Mrs. Griffin has already qualified and has equal jurisdiction with the other magistrates of Monroe township. When the oath of office was administered the Bible was opened at random and Mrs. Griffin kissed it. She was much delighted to find that she had touched with her lips the second verse of the twenty-ninth chapter of Second Chronicles, which reads, "And he did that which was right in the sight of the Lord according to all that David, his father, had done." Mrs. Griffin was for several years deputy sheriff, looking after the office work of the sheriff's office.

BANKS WILL LEND AID
IN FINANCING TOBACCO.

Washington, Sept. 7.—The banks of eastern North Carolina are united in the effort to keep the prices of tobacco at a fair level during the coming season. They realize that there is only one way to accomplish this and that is for the farmers to deposit their warehouse checks, instead of drawing out all of their money. More money has been loaned to finance the tobacco crop this year than ever before. After the opening of the season the warehouse men are going to need the money to protect their customers on their daily sales. The independent buyers will also have to borrow money. If they are unable to do so, the demand for tobacco is going to be less active and prices are certain to be less, knowing this to be a fact, all farmers are urged to deposit their warehouse checks, instead of taking the money out and concealing it in some secret place.

JACK JOHNSON HAVING
EASY TIME IN LOCKUP.

Chicago, Sept. 7.—The United States district attorney's office today began investigation of reports in the Chicago Journal that Jack Johnson, former pugilist, now a prisoner in the Geneva, Kane county, jail, is permitted to take long walks, go automobile riding and stages a daily training bout to which the sheriff issues tickets.

The Journal account states that a reporter sent to see Johnson found he had gone out riding with a number of women and that after waiting until nearly midnight the reporter left before Johnson's return.

Johnson, who surrendered on the California border after eight years self-imposed exile, is awaiting arraignment in connection with his flight after being sentenced to a year and a day in Leavenworth for violation of the Mann act.

Gets Fortune For His Politeness.

Petersburg, Va., Sept. 7.—W. B. Davis, of Hopewell, has received a letter from a law firm in San Diego, Calif., requesting him to report there to claim \$250,000 left him by a lady whom he assisted two years ago when she fell on the street.

PRESIDENT PROCLAIMS
FIRE PREVENTION DAY.

Washington, Sept. 7.—President Wilson, in a proclamation today, urged state governors to set apart Saturday, October 9, as fire prevention day and to request a general observance by the public.

The need for bringing "before the people the serious and unhappy effects of the present unnecessary fire waste and the need of their individual and collective effort in conserving the natural and created resources of America" was said by the President in his proclamation to be especially urgent for the following reasons:

"The destruction by fire in the United States involves an annual loss of life of 15,000 men, women and children and over \$250,000,000 in buildings, foodstuffs and other created resources.

"The need of the civilized world for American products to replace the ravages of the great war is especially great at this time.

"The present serious shortage of homes and business structures makes the daily destruction of buildings by fire an especially serious matter.

"A large percentage of the fires causing the annual American fire waste may be easily prevented by increased care and vigilance on the part of citizens."

BUNCOMBE HAS WOMAN
DEPUTY CLERK OF COURT.

Asheville, Sept. 7.—Miss Ethel S. Rickman, for 12 years employed as a clerk in the office of the Superior court clerk, was today sworn in as deputy clerk of the court. She is the first woman to be appointed to this office under the new suffrage laws. In North Carolina, it is believed.

Miss Rickman will have power to probate deeds and wills, sign summons, and do all other work that a deputy clerk of the Superior court can do in this state. John H. Cathey, clerk of the court, swore Miss Rickman in this morning.

Miss S. K. Davidson, the first woman notary public appointed by Governor Bickett under the new suffrage laws, was also sworn in today by Clerk Cathey. Mrs. Martin was also sworn in as a notary public, making Asheville the first city in the state to have three women officers.

GENUINE MEXICAN PEST
FOUND ON ROBESON FARMS.

Lumberton, Sept. 17.—The Mexican boll weevil has at last reached the cotton fields of Robeson county. Well grown weevils, the kind that are capable of producing as many as twelve and a half million other weevils during a cotton-growing season, are numerous in some sections of the county.

On the farm of A. H. McLeod, two miles north of Lumberton, the weevil and a new type of boll worm have together destroyed practically all the late cotton crop. Some of the weevils have been brought to Lumberton and people who are well acquainted with the original Mexican weevil, say that those exhibited here are the same as those that became so famous as to have a monument erected in their honor in Alabama.

The weevils, which are on exhibition at the office of O. O. Dukes, county farm demonstrator, are attracting much attention and the appearance of Mr. Weevil is the talk of the day hereabouts. It is not thought the crop in Robeson will be seriously affected by the pest this year. The farms of Robeson are capable of feeding the weevils well and in large numbers.

SINGS "COME TO MY ARMS
AND KISS ME" IN COURT.

New York, Sept. 7.—The prima donna of an uptown burlesque show sang "Come to My Arms and Kiss Me" to Magistrate Simms in the Harlem court today.

Whereupon he, without hesitation, fined 19-year-old Charles Soicher \$3 for climbing over theater footlights to answer the same call of the same singer last Monday.

Soicher, charged with disorderly conduct following an "explosion of emotion" when he mounted the stage from his first row seat after the song had been "sung to him," declared he could not resist the appeal.

Magistrate Simms decided that first-hand information was best and decreed that "Come to My Arms and Kiss Me" be rendered in court.

Amendment Certified to Col. Grimes.

Raleigh, Sept. 7.—Secretary of State Bainbridge Colby has certified to Col. J. Bryan Grimes, secretary of state of North Carolina, the ratification by the required three-fourths of the states of the Union and has declared that the amendment "has become valid, to all intents and purposes, as a part of the constitution of the United States."

OBREGON TO BE NEXT
PRESIDENT OF MEXICO.

Mexico City, Sept. 7.—General Alvaro Obregon, a candidate of the Liberal Constitutional party, won a decisive victory in the elections held throughout the republic yesterday for the purpose of choosing a president of the Mexican republic, according to scattering unofficial advices. His opponent was Alfredo Robles Dominguez, who was nominated by the National Republican

party. The vote is reported to have been extremely light and no reports of disorders have been received.

There have been reports that changes in the cabinet were imminent but Miguel Alessio Robles, private secretary to Provisional President De la Huerta declared last night that some of the present cabinet members had offered to resign and that the provisional president was not thinking of making any changes.

"Ziron Did Us Both Good," Writes Mr. Gentry, of Norene, Tenn.

It is a well-known medical fact, that iron is a necessary constituent of the blood, and that blood lacking iron is the cause of many troubles that only iron will cure.

Ziron, a scientific compound of iron with other valuable ingredients, is the remedy to take when your blood needs more iron, and your system requires a tonic. Ziron is mild and harmless, does not stain the teeth, and is good for children as well as adults.

Mr. P. G. Gentry, of Norene, Tenn.,

writes: "Ziron Iron Tonic has made great in my family. I have used it to a very great advantage to myself and my 14-year-old boy. It did us both good. I think it is a good medicine for what it is recommended."

If you are pale, weak, tired, feel down and out, take Ziron. It will put iron into your blood, and should help build you up. Get a bottle from your druggist today and give ZIRON a fair trial. Sold by him under a money-back guarantee. Ask him about it. He will tell you.

BRYAN WORKING TO UPHOLD VOLSTEAD ACT

PLEDGING CANDIDATES TO CONGRESS TO STAND BY PROHIBITION.

Washington, Sept. 7.—William Jennings Bryan came to Washington yesterday and every newspaper man and politician, both Democratic and Republican, went to the Hotel LaFayette to ask him if he were going to take the stump for Cox. Not since Governor Cox was here in July has there been such a jam of politicians in a Washington hotel to talk to a man who said after the San Francisco convention that his "heart was in the grave." And the Commoner is still as silent as the grave on the question that everyone was eager to have him answer. Republicans smiled but Democrats consoled themselves that while Bryan is not working for the ticket he will not say anything to hurt it. He will not rock the boat that he will remain in.

But Mr. Bryan is not an idle man. In fact he is working as hard in this campaign as if he were a candidate himself. He is engaged in the task of pledging candidates for the senate and Congress, irrespective of politics, to uphold the Volstead act. The champion of the "drys" is leading a fight against a nation-wide movement of the "wets" to repeal the Volstead act and the 18th amendment to the constitution. He pointed out that the battle for prohibition is being fought over and must again be won or all will be lost.

Movement Makes Headway.
In more than a dozen states; among them New York, Connecticut, New Jersey, Delaware, Maryland, Virginia and West Virginia a newly organized movement called the Association Against the Prohibition Amendment is enlisting members by the thousands. The movement is using the endless chain method and its slogan is to drive every dry out of Congress. It is reported to have made great headway in Maryland, New Jersey and West Virginia. In Maryland alone it reports the enrollment of members at the rate of 12,000 per month. It has opened offices in the Munsey building in Washington and is using the mails by the endless chain plan to get in touch with persons in sympathy with its aims which are first to repeal the Volstead law.

Mr. Bryan in his failure to get a plank in the Democratic platform at San Francisco upholding the Volstead act after the Republicans had dodged prohibition at Chicago, knew that the enemies of prohibition would revive the battle and if they were not met in this campaign they would yet defeat the cause that he has labored so long to carry to final success.

That he indicated was why he had come to Washington at this stage of the campaign to make a general survey of the situation. He said he was intent upon securing a Congress irrespective of party and strong enough to override the veto of a president who might oppose the effort to sustain the Volstead act. Mr. Bryan said he would go further. He would endeavor to elect a Congress that would impeach any president, Democratic or Republican, who would violate his oath in his failure to enforce prohibition.

Still Good Democrat.

Mr. Bryan clearly indicated that he was as good a Democrat as ever but that prohibition had a higher claim on him than party and that when a Democratic candidate for Congress was "wet" and the Republican "dry" his opposition to the Democrat would be inexorable. He would neither give nor ask any

quarter from such a Democrat.

It is understood that the Democratic executive committee has not and will not ask Mr. Bryan to take the stump for Governor Cox. Chairman White has been saying that Bryan could be depended on to do the right thing at the right time. Senator Pat Harrison, who has charge of the speakers' campaign for the Democrats and who was in Washington to-day did not call on Mr. Bryan. Republicans are disposed to try to make some capital out of the fact that Democrats are not disturbed.

RALEIGH AND WINSTON TIED FOR FIRST PLACE.

Although the Piedmont league season was scheduled to end with yesterday afternoon's game, the close of play yesterday found Winston-Salem and Raleigh tied for first place. The tie will be played off in a three-game series to be staged this afternoon, Friday afternoon and Saturday afternoon. The first game will be played in Raleigh, the second in Winston-Salem and the place of the third will be decided later. Of course if one of the clubs should win the first two games, a third would be unnecessary.

The post-season series between Greensboro, which won the first half, and the winner of the second half will be played next week and will consist of seven games, the winner of course securing the Piedmont league pennant for 1920.

The standing of the clubs is as follows:

	Won.	Lost.	Pct.
Winston-Salem	35	27	.565
Raleigh	35	27	.565
High Point	30	28	.517
Greensboro	29	31	.483
Durham	29	32	.475
Danville	23	36	.390
