## HENRY MARTIN PLEADS GUILTY TO MANSLAUGHTER

GOOD PROGRESS IS MADE IN  
CRIMINAL TERM OF SUPER-  
IOR COURT.

Henry Martin, negro, charged with murder, plead guilty of manslaughter in Superior court yesterday and the plea was accepted on behalf of the state by Solicitor John C. Bower. Martin was accused of having killed Joe King, also colored, the affair having occurred in December. Sentence has not yet been passed and the defendant was remanded to jail.

John Pearce, white, of High Point, charged with abandonment, plead guilty of forcible trespass. He informed the court that he had paid \$440 to his wife for her support. Judgment was suspended upon payment of the costs.

Ed Parker, negro, was convicted of a charge of larceny and receiving. After his attorney, Judge W. P. Bynum, had concluded a plea for mercy before passing of sentence, Receiving permission from Judge Parker decided to plea for himself. Finley, he approached the court, bent on both knees and devoutly declared, "Fo Gawd Boss Judge, have mercy. If ise done wrong I'm sho sorry, and please do have mercy, Boss Judge." Moved by the defendant's apparent penitence, Judge Finley struck off three months and reduced the sentence from 12 to nine months on the county roads.

Will Loflin, Gaby Allen and Gapes Cohn, all negroes, were convicted yesterday on the charge of breaking and entering. Sentence not pronounced.

Causey Knight, 17 year old white boy, plead guilty to a charge of larceny. He was required to pay the cost and give bond in the sum of \$200 to show good behavior at each January term of court for the period of two years.

Late yesterday afternoon trial was begun of Grover Henley, white, who is charged with the theft of an automobile belonging to Mr. Whitesell. Testimony for the state had just been concluded when court took recess for the night.

The case of Clifton Miller and C. H. Hohn, charged with larceny and receiving, was continued.

Harry Hall, who was found guilty Monday of operating an automobile while under the influence of whiskey, was fined \$100 and the cost of the action. He was also sentenced to serve six months on the county roads for reckless driving. However, this sentence was suspended upon the payment of the cost of the action. Any misbehavior on his part the sheriff may issue a capias, causing him to serve the sentence.

J. H. Weant, charged with abandonment, submitted prayer for judgment, which was continued until the June term of court, upon the payment of the cost of the case.

Nettie Jackson, charged with prostitution, prayed for judgment, continued 12 months. She was, however, sentenced to serve 12 months in jail for immoral vagrancy. The commissioners were given permission to find her a good home and hire her out.

The case against William Walker for retailing was not pressed.

W. C. Rankin, Nathan Donald and F. C. Bunting were tried on a charge of manufacturing whiskey. Rankin and Donald were found not guilty by the jury, after seven hours of debate. Bunting entered a plea of guilty. Judge Finley has not sentenced him yet.

Will Ruffin was given six months on the Guilford roads when he pleaded guilty to a charge of larceny.

The case against West Kivett for operating a distillery was continued. Grace Roach was sentenced to 18 months in jail upon her plea of guilty to the theft of a set of furs and a hat in Gibsonville. The commissioners were granted permission to hire her out in a good home.

Nelson Belk was found guilty to a charge of having whiskey in his possession for sale. Judgment has not been passed.

Paul Nance, charged with assaulting his step father, B. W. Ward, at Guilford College, was called but failed to answer. Judgment nisi scilicet. The case against Ward charging him with an assault upon Nance was continued, awaiting developments in the Nance case.

## R. M. MIDDLETON TO BE CASHIER OF NEW BANK.

R. M. Middleton, formerly connected with the Greensboro Loan and Trust Company, but during the past two years having been actively associated in the automobile firm of Sutton-Middleton Company, has accepted the position of cashier tendered him by the Farmers and Mechanics Bank, the most recent financial institution to be organized in this city. The bank will open for business about March 1. J. P. Sanders is president of the bank and the directors include a number of leading business men of Greensboro.

Mr. Middleton is well experienced in the banking business. While a mere boy he began his services at the Greensboro Loan and Trust Company and during his connection with that bank for 20 years he gradually rose to positions of higher responsibility. While retaining his interest in the automobile concern, that business will be conducted by C. R. Sutton, its president.

## POMONA MILL MEN BOUND OVER TO SUPERIOR COURT.

Following a hearing before D. H. Collins Monday afternoon, D. Sutcliffe, superintendent of Pomona cotton mills; L. H. Thomas, night superintendent, and J. W. Foster, gate keeper, were bound over to the Superior court on charges of assaulting Sherman Wheatley, a 14 year old white boy. All of the defendants were released on bonds of \$200 each.

Young Wheatley remained firm in the story as related by him a few days ago. He stated that after being refused work in one section of the mill that he went to another department. While enroute to that department he was accosted by the gate keeper who ordered him to leave. This he declined to do and continued on his way. Shortly afterwards, he stated, Sutcliffe and Thomas appeared, and without provocation, he claimed, the two men threw him to the floor, beat him with their fists, struck him with a stick, and stepped on him with their feet.

Young Wheatley showed signs of rough treatment and physicians state that he will probably lose the sight of one eye.

Mr. Sutcliffe did not take the stand but Foster and Thomas testified in their own behalf. They denied the charges of Wheatley, although Thomas stated that he saw Superintendent Sutcliffe whip the boy after Wheatley had applied abusive language to Sutcliffe.

## MRS. NANCY WASHAM DEAD AFTER A LONG ILLNESS.

Mrs. Nancy Washam, widow of Alfred Washam, died Wednesday morning at the home of her daughter, Mrs. W. E. Wray, on North Greene street. Mrs. Washam had been a patient suffered for about three years and during the past two months she had been confined to her bed.

The body was conveyed to Huntersville, the old family home, where funeral services will be conducted tomorrow.

Mrs. Washam is survived by three daughters, Mrs. Wray, Mrs. T. C. White, of Charlotte, Miss Lyla Washam, of Danville, Va. A number of brothers and sisters also survive.

## PENALTY FOR DELINQUENT TAXES NOT TO BE IMPOSED.

Announcement has been made by Sheriff D. B. Stafford that a ruling has been received from the tax authorities at Raleigh setting aside former directions to collect a penalty of 1 per cent on all taxes paid after February 1. Warning had been sent out that the penalty of 1 per cent would be added each month. No time limit has been placed on the payment of taxes.

Developments in the Nance case. Fannie Willett and Mrs. Stamey Glenn charged with prostitution, had their cases continued.

The grand jury returned a true bill against Hiram Johnson, negro, charging him with the murder of Jack Jeter. Johnson is out on bond. Clifford Frazier, referee in bankruptcy.

## SHERIFF DAVE STAFFORD IS UP AGAINST IT

UNKNOWN ADMIRER CALLS ON  
HIM TO BECOME ARCHITECT,  
PUBLISHER, DECORATOR.

Numerous and manifold, while not infrequently amusing, are the demands made upon the county officers, demands that are clearly beyond the generally recognized duties of such officials. Sometimes the appeals are to smooth over the ruffled waters of domestic upheavals; oft times to help the fellow that has become stranded on the reefs of misfortune, but the latest to come to light is one in which Dave Stafford, high sheriff of Guilford county, is urged to become architect, publisher and house decorator.

Be it remembered that Guilford's sheriff is an accommodating gentleman. A number of protested checks in his cash drawer bear strong evidence to that fact. The sheriff is rather up against it, however, and he is now sorely puzzled as to whether he will be able to entirely comply with the requests made in a letter mailed by a person from Atlantic City, N. J.

The letter in question is quoted as follows:

Mr. High Sheriff:  
Pleas draw me the plans of house of 12 rooms 3 stories high or 22 rooms and 3 stories high. I rather think you had better draw both it is stone house I am going to have built. I have two more I want you to draw later. The White People is going to give me money to have it built. You don't care if I have it built do you.

I also think you ought to have a thousand Law Books made inside of this year and one geography made for I don't have the authority. I think there should be about 41 or 42 grammars made and one arithmetic. I am not one that has children. I am the older child the second one has 5 children.

Yours very truly,

P. S.—I am at Philadelphia at my sister house this week. You know what size the rooms should be. I leave that for you to decide and judging from the month I am writing you know about how much money he gave me to build the house or rather to have it built. I want bath on both floors and in the basement and station tubs, 3 bay windows in dining room and heavy door. Panel doors and hall if you think that will be nice, cupper in the dining room and communicators in the walls. I want big dining room I like electric lights and I want steam heat. I want chandelier in my parlor.

Yours very truly,

## FUNERAL OF CAPT. ELLINGTON CONDUCTED TUESDAY.

Funeral services for Capt. Neil Ellington, whose death occurred suddenly Sunday morning, were conducted Tuesday morning at 11 o'clock. The service was held at the late home, 505 West Market street, and was conducted by Dr. Charles F. Myers, pastor of the First Presbyterian church. A large number of sorrowing friends gathered to pay a last tribute to Captain Ellington.

The deacons and elders of the First Presbyterian church served as honorary pall-bearers, while the active pall-bearers were C. H. Ireland, J. R. Thomas, C. C. Stroud, J. B. Stroud, R. R. King, R. G. Vaughn, A. M. Scales and E. P. Wharton. Interment was made in Greene Hill cemetery.

## H. Susman Adjudged Bankrupt.

H. Susman, a Leaksville merchant, was adjudged a bankrupt in United States Federal court yesterday. Marshal C. T. Roane was directed by Judge Boyd to take charge of the stock of goods in Mr. Susman's store at Leaksville. The petition for bankruptcy was voluntarily filed by Mr. Susman.

The assets are listed at \$4,924.41, while liabilities are placed at \$9,619.05. The case was referred to Clifford Frazier, referee in bankruptcy.

## JEFFERSON STANDARD WINS IN THE SUPERIOR COURT

JUDGE FINLEY DECREES THAT  
BARKER AND SOCKWELL  
HAVE NO CLAIMS.

Denying the claims of W. T. Sockwell and John Barker as outlined in a complaint filed in the Superior court against the Jefferson Standard Life Insurance Company and Guilford county, wherein the plaintiffs sought to require the defendants to keep open an alleyway 17 feet wide and extending between the western edge of the old court house site and the building now occupied by Mr. Sockwell, Judge Finley decreed yesterday that the Life Insurance Company, as purchaser from the county, is entitled to erect a building covering the entire lot.

The suit was filed in Guilford Superior court about a month ago and grew out of the action of the insurance company in building a fence along West Market street so as to block entrance to the row of law offices located immediately west of the old court house. The company is planning to erect a large office building as soon as its title to the property is entirely cleared and the fence was put up to force the adjacent property owners to test their rights. The barrier was torn down after the court action was begun.

The judgment signed yesterday by Judge Finley leaves no room for further doubt, excepting as to whether it will be affirmed by the Supreme court. In the opinion of Judge Finley, "The plaintiffs have no right, title, claim, easement or estate of any kind or nature in or to the aforesaid track of land or any part thereof either on account of their ownership of adjoining land or otherwise. That the Jefferson Standard Life Insurance Company has the right to erect a building or buildings completely covering the tract of land hereinbefore described."

The plaintiffs were represented by W. P. Bynum, R. C. Strudwick and W. M. Hendren, of Winston-Salem, while the defendants were represented by John N. Wilson, for the county, and Brooks, Hines & Kelly for the insurance company.

Notice of appeal to the Supreme court was given by counsel for the plaintiffs and final adjudication of the matter will be further deferred.

## GRAHAM'S WAREHOUSE WILL BE CONVERTED INTO GARAGE

Graham's warehouse, located on North Greene street, has been leased to the North State Motor Company, and after March 1 it is expected that the automobile company will occupy the large structure as its future home. It is announced that the local tobacco market will close about February 25 and the lease of the building will not interfere with the tobacco sales during the remainder of the season.

Following upon the announcement of Mr. Graham's retirement from the tobacco warehouse business, it was learned that a movement will be launched in the near future for the construction of two new warehouses in this city. The agricultural bureau of the Chamber of Commerce is keenly interested in the maintenance of a tobacco market in this city and it is learned that the members of the committee will soon begin working for new warehouses, as well as tobacco storage buildings for the buyers.

With the Graham warehouse closed there will remain but a single warehouse in Greensboro, that being the Farmers' warehouse.

## Ford Still Gaining on Newberry.

Washington, Jan. 31.—Henry Ford's net gain over Senator Newberry in the recount of the 1918 senatorial election in Michigan tonight had passed the 3,000 mark. The Detroit manufacturer, however, would have to gain nearly 4,500 votes in the 157 precincts yet to be counted by the senate privilege and elections subcommittee to overhaul the senator.

The world may have been made safe for democracy, but she should continue to avoid going out unprotected in the dark.—New York American.

## GREENSBORO FIGHTING PRO- POSED TELEPHONE INCREASE.

Mayor E. J. Stafford and City Attorney Charles A. Hines left yesterday for Raleigh to be in attendance at the hearing before the corporation commission of North Carolina on the petition of the Southern Bell Telephone Company seeking increased rates in a large number of cities in this state. Other towns, where increase of rate is proposed, will have representatives at Raleigh to oppose and fight the petition of the telephone company.

E. T. Canaler, of Charlotte, is leading counsel for those opposing the rate increase, while the petitioner is represented by an able array of lawyers. The increase as requested would add a charge of about fifty cents monthly to every telephone. Subscribers to the service declare that unless a decided improvement is made that a decrease in price should be made for the present service rendered, rather than boosting the price.

The hearing began yesterday morning before the corporation commission and will probably continue for several days.

## WILL FIGHT TO LIMIT THE ARMY TO 150,000.

Washington, Feb. 1.—Taking up the \$328,000,000 army appropriation bill the house in the first flurry of debate to-day showed it was ready to fight any attempt to put the enlisted personnel above 150,000 men provided for in the measure.

Chairman Anthony of the appropriations subcommittee in charge of the bill, declared that in reducing the amount provided for the army's maintenance it had responded to public demand and effort now was being made to put an end "to the waste and extravagance that has characterized the military establishment for the last few years."

In the hour's time allotted him for explaining provisions of the bill, the chairman was interrupted by a volley of questions. The questions—and they were thick and fast from both sides of the chamber—indicated strong support for an army of 150,000 men and approximately 14,000 commissioned officers.

Mr. Anthony insisted this number would be sufficient for all requirements, that the national guard would become an invaluable adjunct if given the wholehearted support and sympathy of the war department, and that there would be no difficulty in bringing down the present total by July 1, the end of the fiscal year.

"After March 4, I can guarantee that the army will be reduced," said Mr. Anthony.

## WILSON TO CALL SPECIAL SESSION OF THE SENATE.

Washington, Feb. 1.—President Wilson is expected to issue soon or request of President-Elect Harding a call for a special session of the new senate for March 4 to act on Mr. Harding's nominations of cabinet and other important officers. Such a special session is customary at the change of each administration and usually lasts only a few days.

Mr. Harding's request that the President call the new senate together was contained in a telegram to Senator Lodge, of Massachusetts the Republican leader, and was transmitted to the White House today by Senator Underwood, of Alabama, the Democratic leader, acting at the behest of Senator Lodge.

President-elect Harding will issue after his inauguration a call for a special session of the full Congress for early spring, but he desires to have the more important of his official appointments confirmed before that time so that the administration machinery can be permanently established with the least possible delay.

Alton Sineath, Jr., Died Yesterday. Alton, Jr., the infant son of Mr. and Mrs. Alton Sineath, died yesterday afternoon at the home of the parents on South Ashe street. Pneumonia was responsible for the death.

The funeral was conducted from the Sineath residence this afternoon and burial followed in Greene Hill cemetery.

## LAW ENFORCEMENT LEAGUE IN CONVENTION HERE

PROHIBITION COMMISSIONER J.  
F. KRAMER DELIVERED ADDRESS  
LAST NIGHT.

The Law Enforcement Convention was called to order yesterday morning by Dr. W. L. Poteat, president of Wake Forest College, who presided over the session. The meeting is being held at the First Baptist church and will continue throughout to-day.

Rev. J. Clyde Turner, pastor of the First Baptist church, delivered the address of welcome to convention delegates. Dr. Turner declared that there is too much crime abroad and he stated "the time is ripe when the law must not be used in a mild manner." Dr. Turner was followed by Judge N. L. Eure, who denounced in emphatic terms the prevalence of crime during the post war period. Judge Eure attributed the liquor traffic as one of the principal causes for present day crime.

Dr. Poteat delivered an address in which he pointed out the evils of whiskey traffic. "We must educate our children to despise and eliminate whiskey," he said, and he pointed out the fact that while some may have passed beyond hope of salvation that the coming generation can be saved from the curse.

The session of last night, which convened at 7.30 o'clock, was featured by an address by Federal Prohibition Commissioner John F. Kramer, of Washington, D. C. Mr. Kramer was presented by A. M. Scales, who presided over the meeting last night.

The prohibition commissioner insisted that liquor traffic is one of the greatest, if not the greatest enemy mankind has. While the traffic is still secretly conducted in certain sections of the country, a great improvement has already been wrought, according to Mr. Kramer, and greater improvement is to be expected in the future.

## METHODIST PROTESTANTS WILL UNDERTAKE COLLEGE.

Plans are now being matured by the committee appointed by the Methodist Protestant church to engineer and direct a campaign which has as its object the securing of funds for the establishment of a college for this denomination. Headquarters are located in this city and Rev. R. M. Andrews is chairman of the committee. Rev. L. W. Gerringer, of Asheboro, is secretary, and Rev. J. E. Pritchard, of Henderson, is treasurer.

Educational rallies will be held in every section of the state where Methodist Protestant churches are located and the actual campaign will be waged probably in April.

## LOCAL TOBACCO MARKET WILL CLOSE FEBRUARY 25.

The Greensboro tobacco market will be closed February 25, according to announcement made by the warehousemen this week, and the houses will be closed during the remainder of this season. In view of the fact that only a few more weeks remain for marketing the weed on the warehouse floors of this city, coupled with the increase in price offered during the past several days, it is expected that the market will experience a revival during the remaining weeks of this season.

Yesterday and Tuesday good sales were held, following upon the small offerings that resulted from the inclement weather of last week. A number of piles of tobacco sold for more than 50 cents.

## School Girl Terribly Burned.

Durham, Feb. 1.—Elizabeth Collier, daughter of Dr. N. L. Collier, of this city, was seriously if not fatally burned this morning when her clothes caught fire from a gas stove in a local drug store where she was waiting for a friend preparatory to attending school at the Durham high school. Men in the store extinguished the flames, but not until she had been terribly burned about the body.

There will be more cabinet disappointments than appointments.—Syracuse Herald.

## DURING NORMAL TIMES

It is possible for a Bank to pursue an individual policy. Conditions existing now, however, require broad vision and the partial submergence of individual interests to the general good.

The policy of this Bank is determined on the broadest grounds of general financial welfare.

The development of this policy for the good of all must be measured by the support we receive.

Every dollar deposited with us becomes a credit and its usefulness in the community is thus multiplied. As there is apparently better foundation now for prosperity than has existed since the outbreak of the war, we ask your co-operation in building upon it for yourselves and for your community.

## NUMBER OF IMPORTANT BILLS BEFORE THE LEGISLATURE.

Raleigh, Jan. 31.—Maguire's road bill in the house, Bowie's horizontal reduction of 25 per cent in revaluation appraisals, Woltz's scheme to run county superintendents' offices on \$5,000 annually, his eight per cent interest law, Hall's compensation act in the house and Dewar's in the senate, Senator Joseph Taylor's bill requiring candidates for the Supreme court bench to specify in their announcement which vacancy they would fill if there are two or more, and Senator Sams' bill to remove Superior and Supreme court judges from the primary scramble, took up the bottled session of the general assembly tonight.

The measure of Representative Woltz comes nearest of all high finance yet offered. He would hold the superintendent, clerk, supervisors, stenographers, assistants and other expenses to \$5,000. Such extravagance is sure to provoke violent opposition and his bill will doubtless be rejected as having come from an old university man who worked with teachers and saw how opulent they grow on their salaries. Unless Mr. Woltz provides that the teachers shall be paid from this fund and school houses built from the residue, there is danger to his bill.

### Eight Per Cent Interest Bill.

The eight per cent interest bill merely provides that where there is an agreement between borrower and lender there shall be no liability for usury when the six per cent law is evaded.

The Maguire bill was ordered printed. Its most popular feature is the provision for \$1,000,000 expenditure in each county, save in those units that do not require so much. In such event the remainder goes back to other counties.

The Hall and Dewar compensation act is Ohio's law. Representative Bowie served notice that he would oppose all such bills presented and he felt sure that he could convince most men that the measure is wrong.

The introducers of this bill will bring Thomas Duffie, recommended by Governor Jimmie Cox as the best man in Ohio, here to discuss the question with members of the general assembly, with labor union men and others interested in the act.

Former Governor Bickett was greatly interested in this measure and Insurance Commissioner Wade is strongly for it. One such bill has been introduced.

### Remove Judge From Popular Race.

Senator Taylor's bill is presented to settle such embarrassing issues as were raised last year when Justice George H. Brown retired from the bench and Justice Hoke's term expired. There were many candidates who offered for the Brown vacancy, but there was no way to give Justice Hoke the nomination without going into the primary. Under the Taylor bill a candidate would be compelled to state his ambitions.

Senator Sams offered a bill somewhat akin to that presented at the special session by Senator Burns, of Carthage. It is designed to take all judges from the popular race.

## HARDING PROVES HIMSELF AN EXCELLENT FISHERMAN.

Miami, Fla., Feb. 1.—President-elect Harding returned to Miami from the Coccoloba fishing grounds this afternoon with a sun-blistered face and a formidable catch of barracuda, amberjacks and sail fish to show for his outing among the Florida Keys.

In the two days the President-elect landed a score of fish, a far bigger string than any other member of his party. His largest was a six-foot sail fish which gave him a battle of more than an hour before it was brought to the gaff.

The yacht Shadow, on which the party made the trip, ran into Miami in time to permit Mr. Harding to play a game of golf late in the afternoon at the Miami Beach links. He was a guest this evening at farewell dinner given by former Governor Winfield T. Durbin, of Indiana, and he spent the night in a Miami Beach cottage turned over to the party by Carl G. Fisher, proprietor of several Miami Beach hotels.

The President-elect's return trip to St. Augustine will begin tomorrow morning. He probably will go as far as Fort Lauderdale by motor, and after a game of golf there will board the house boat Victoria, which is due to reach St. Augustine next Monday. He expects to make short stops at Palm Beach and Ormond.

Bonus means anus on us.—Greenville, S. C., Piedmont.

## NOTICE OF RE-SALE OF VALUABLE FARM LAND.

Under and by virtue of an order of the Superior court of Guilford county, made in the special proceeding entitled, "In the matter of Ann Eliza Farrington and others, ex parte," ordering and directing a re-sale of the land hereinafter described, for the reason that an up-set bid of Four Thousand, Eight Hundred and Five (\$4,805.00) Dollars, an increase of \$200.00 over and above the price bid at the former sale, has been made and offered for said land, the undersigned commissioner will offer for sale to the highest bidder at public auction on

Monday, February 7, 1921,

at 12 o'clock, noon, at the court house door in Greensboro, North Carolina four certain adjoining tracts of land situate in Guilford county, and state of North Carolina, in Deep River township, and more particularly described as follows:

First Tract: Beginning at a block thence west 40 rods to a post oak; thence south 76 poles to a stone thence northeast 42 poles to a stone thence east 22 poles to a stone; thence south 32 poles to a stone; thence 60 poles to the beginning, containing 1.1 acres more or less.

Second Tract: Beginning at a stone on Husey's line, running north 7 poles to a persimmon in a drain Husey's corner; thence north 2 degrees east 60 poles to a stone, Morgan and Clark's corner; thence south 9 degrees west 64 poles to a stone thence north 30 degrees west 23 poles to a stone, Pegg's corner; thence nearly west about 26 poles to a stone; thence nearly south about 30 3-4 poles; thence nearly east about 33 poles to the beginning, supposed to contain 34 acres more or less.

Third Tract: Beginning at a stone thence south 19 degrees east 75 poles to a stake; thence south 66 degrees west 19 poles to a stone; thence south 20 degrees west 10 poles to a gum; thence south 60 degrees west 8 poles to a stone; thence north 55 degrees east 17 poles to a stone; thence north 3 degrees west 12 poles to a white oak; thence north 20 degrees east 23 poles to a stone; thence east 24 poles to the beginning, containing 22 acres and 4 poles.

## DISSOLUTION NOTICE.

State of North Carolina,

Department of State.

To All To Whom These Presents May Come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders deposited in my office, that the Medical Service Association, incorporated, a corporation of this state, whose principal office is situated in the city of Greensboro, county of Guilford, state of North Carolina (C. Lee Hayes being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 17th day of January, 1921, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have here to set my hand and affixed my official seal at Raleigh, this 17th day of January, 1921.

J. BRYAN GRIMES,

Secretary of State.

## NOTICE BY PUBLICATION.

### TARIFF BILL HAS HARD SLEDDING IN THE SENATE

SIMMONS SHOWS THAT COUNTRY WILL BE TAXED \$300,000,000 ON WHEAT.

Washington, Feb. 1.—With Senator McCumber, Republican, North Dakota, as its only consistent defender in debate, the Fordney emergency tariff bill went through another series of hard knocks in the senate to-day, opponents of the measure accepting every opportunity to attack it.

Whether the bill will be side-tracked or consideration continued under the limitation of debate will be decided tomorrow when the Penrose resolution for cloture comes to a vote. The most ardent supporters of cloture and of the bill admitted tonight that defeat of the resolution to limit future speeches on the bill was inevitable. They conceded that opponents of cloture would control from eight to ten votes more than would be necessary to defeat the resolution.

#### Loaded With Amendments.

Prospects of cloture, however, caused a deluge of amendments especially after Vice President Marshall had ruled that all amendments must be submitted and read before the vote on cloture, set for 1 o'clock. Every senator wanted changes in the bill, therefore, began loading it down and demanding that they be read.

Then, there was the declaration of Senator Townsend, Republican, Michigan, that he proposed to call up the postoffice appropriation bill for consideration immediately after the cloture vote. He criticized the senate for wasting time when important legislation was pending and challenged opponents of the Fordney measure to continue filibustering against "legitimate legislation and take the consequences."

Mr. Townsend's statement precipitated a heated debate in which half a score of senators participated. It was the first day in which the bill actually was to the fore in all discussion and its enemies picked flaws in every item. Although Senator Thomas, Democrat, Colorado, delivered a lengthy speech against it, the full force of the attack developed afterward and continued until the senate recessed.

Senator Harrison, Democrat, Mississippi, entered the fray and answered the Townsend challenge with the accusation that the Republican leadership was attempting "to gag and hamstring the minority" and throw the burdens of the bill on the people without a "full and free discussion." He said the Republicans, with the exception of Mr. McCumber, had not spoken a word in behalf of the bill and that the North Dakota senator had discussed only the wheat rates.

#### Simmons Gives Figures.

Senate statisticians also got into the discussion. Senators Simmons, of North Carolina, and Walsh, of Massachusetts, both Democrats, producing figures to show the effect of the bill on the living costs if it became a law.

Senator Simmons presented figures to show that the nation would be "taxed" something like \$300,000,000 by the rate of 40 cents a bushel on wheat in the ten months period. He said nobody could estimate what it would cost the entire nation on all of the eighteen items protected by the original measure but made the guess that it would be higher than \$1,000,000,000.

### SALARY BILL REPORTED FAVORABLY BY COMMITTEE.

Raleigh, Feb. 2.—The Long bill for increases of salaries to heads of state departments and judges was yesterday reported favorably by a unanimous vote at a joint meeting of the house and senate committees on salaries and fees.

The bill, which was reported without amendments, provides that the commissioner of insurance, commissioner of agriculture, commissioner of labor and printing and members of the corporation commission shall each receive a salary of \$4,500 a year; that justices of the Supreme court shall receive a salary of \$6,000 each and that judges of the Superior court shall receive a salary of \$5,000 each. The present law in regard to the compensation of judges of the Superior court is amended by substituting a flat allowance of \$1,250 a year in lieu of the present allowance of actual expenses, not to exceed \$1,500 a year.

All of the heads of departments except the commissioner of labor and printing, who now receive a salary of \$3,000 a year, are given an increase of \$1,000 each. The committee decided to follow the same course in regard to the commissioner of labor and printing that was adopted by the general assembly in attaching an amendment to the bill fixing salaries of constitutional officers which placed the auditor on a parity with other officers.

There was some evidence that there is a diversity of opinion among Superior court judges in regard to the allowance for expenses, but the bulk of opinions submitted from that source favored the flat allowance.

The committee deferred action of the bill of the Superior Court Clerks' Association for uniform fees, and requested Senator Byrd, sponsor of the bill, to ask that copies of the bill be printed.

### MONEY RAISING TURKEYS.

It is authentically reported to the Record that during the past season Mrs. Parnell, who lives in the Central community, raised a flock of seventy-five turkeys which she shipped and sold for the splendid sum of \$234.15 during the recent holiday season. It is possible for every lady fowl raiser in the county to raise a flock of turkeys. There is a big demand for this particular bird everywhere in November and December.—Kingstree, S. C. Record.

### KEEPS TRACK OF THE FRACTIONS OF CENTS.

Washington, Jan. 31.—Completion of the first count since 1913 of cash and securities in the treasury has revealed that the vaults of the government hold a grand total of \$13,883,819,826.36 2-3, of which, \$97,410,293.02 is in cash.

More than \$10,000,000,000 of the bonds and other securities held in trust by the treasury which totalled \$12,308,849,043.34 2-3, Acting Treasurer Allen announced, consist of evidences of the indebtedness of the allied nations. The presence of the two-thirds of a cent in the figures was explained by treasury officials as due to a bond of the state of Tennessee for \$1,666.66 2-3 held by the treasury for the secretary of the interior as a part of a number of Indian trust bonds purchased for the benefit of Indians from the proceeds of the sale of government lands to them.

The last count of the treasury's cash in securities in 1913 showed a grand total of \$1,426,422,051.48 2-3 of which the total cash was \$199,231,911.90. Sale of 100,000,000 standard silver dollars to the British government during the war to relieve the silver famine in India, officials said, explained the major part of the difference in cash.

Count of the treasury's cash and securities was necessitated by the resignation of Treasurer John Burke and a receipt for the more than \$13,000,000,000 will be sent him by Mr. Allen.

### Less Live Stock Than Last Year.

Washington, Jan. 31.—Livestock on farms and ranches January 1 were valued at \$6,235,569,000, compared with \$8,507,145,000 in 1920, the department of agriculture announced to-day.

### NOTICE OF TRUSTEE'S SALE.

Default having been made in payment of the indebtedness secured by certain deed of trust to me as trustee for The Greensboro Life and Insurance Company by L. J. Brandt and wife, Jessie W. Brandt, on the 1st day of April, 1911, and recorded in book 218, at page 628, etc., in the office of the register of deeds of Guilford county, I will under and by virtue of the power of sale vested in me by said deed of trust, and at the request of the cestui que trust, and for the purpose of discharging the debt secured by said deed of trust, proceed to sell to the highest bidder, for cash, at the court house door in Greensboro, North Carolina, at 12 o'clock M. on

**Saturday, February 19, 1921,** the following tracts or parcels of land, situate in the county of Guilford, and state of North Carolina, in the city of Greensboro, and more particularly described as follows:

**First Tract:** Beginning at a stone on the west side of North Spring street, which marks the corner of what was formerly known as the Garrett place, now owned by the Rev. Dr. Grissom, and the corner of the property purchased by the late Mrs. Belle Schenck from the late Mrs. Belle Schenck, thence 150 feet west along said Grissom's line to a piece of railroad iron set firmly in the ground at the southeast corner of L. J. Brandt's lot (formerly owned by J. Simpson Schenck and J. S. Ferguson); thence 150 feet east parallel with said Grissom's line to a stake on the west side of North Spring street; thence 323 feet south along North Spring street to the southeast corner of L. J. Brandt's lot; thence 323 feet north parallel with North Spring street to the southwest corner of L. J. Brandt's lot (formerly owned by J. Simpson Schenck and J. S. Ferguson); thence 150 feet east parallel with said Grissom's line to a stake on the west side of North Spring street; thence 323 feet south along North Spring street to the southeast corner of L. J. Brandt's lot; thence 323 feet north parallel with North Spring street to the southwest corner of L. J. Brandt's lot.

The above tract of land was conveyed to L. J. Brandt by Salie W. Schenck by deed dated March 5, 1906 and recorded in book No. 174, at page 116, etc., in the office of the register of deeds of Guilford county.

**Second Tract:** Beginning at a stake in a westerly line with Edgeworth street, the northeast corner of the land conveyed to J. W. Scott & Co.; thence with Scott's line north 88 degrees 48 minutes west 238 75 feet to a stake on Spring street; thence with Spring street south 3 degrees 57 minutes west 76 feet to a stake in line of land belonging to G. B. Bailey; thence with Bailey's line 88 degrees 48 minutes east 238 75 feet to the westerly line of Edgeworth street; thence with Edgeworth street north 88 degrees 48 minutes west 238 75 feet to the point of beginning. Being a part of the land conveyed to S. W. Schenck by D. Schenck; grant of said Schenck is right to run and maintain line of sewerage through said land.

The above tract of land was conveyed to L. J. Brandt by W. G. Paley and wife on November 1, 1907 and recorded in book 134, at page 122, etc., in the office of the register of deeds of Guilford county.

**Third Tract:** Beginning at a point in westerly line of Edgeworth street, the southeast corner of the land of J. D. Price's land; thence with Edgeworth street south 3 degrees 57 minutes west 13 feet to a stake; thence with said stake north 88 degrees 48 minutes west 238 75 feet to a stake in easterly line of Spring street; thence north 3 degrees 57 minutes east to the point of beginning. Being a part of the land conveyed to S. W. Schenck by D. Schenck; grant of said Schenck is right to run and maintain line of sewerage through said land, and to enter to repair and clean up the same, from any one dwelling on the east of the lot joining Edgeworth street.

The above tract of land was conveyed to L. J. Brandt by H. T. Ham and Lucy C. Ham on April 24, 1902 and recorded in book 140, at page 137, etc., in the office of the register of deeds of Guilford county.

**Fourth Tract:** Beginning at the northeast intersection of South Ashe and West B. B. streets and running north with said South Ashe street 74 1-2 feet to a stake; thence east with said East B. B. street 104 1-2 feet to the northern line of West B. B. street; thence with West B. B. street about 104 1-2 feet to the beginning corner, with grass and gravel corner certain alleyway ways as are reserved in deed made by J. A. and Lucy Cunningham, 1898, 1899, and 1900, and such lost to such rights of ingress and egress as may be claimed by any person as are recorded in the aforesaid deed of J. A. and Lucy Cunningham to Beattie Armfield.

That is what everyone says who comes to our store and hears the pure musical tone of Edison's Amberola Phonograph, after listening to shrill "talking machines" and the metallic sound of ordinary phonographs.

That is what you will say when this revelation of pure melody greets your ears. No wonder Edison's Amberola has proved its marked superiority over ordinary phonographs in great public tests.

## EDISON'S NEW DIAMOND AMBEROLA

is the world's greatest phonograph value—the "master product of Edison's master mind." Just consider its genuine Diamond Point Reproducer, which forever does away with the bother and expense of changing needles!

And Amberol Records are just as far superior to ordinary records. They are practically indestructible, and give years of enjoyment after ordinary records have broken and been thrown away.

When you consider that you can own Edison's Amberola on practically your own terms you must realize you owe it to yourself and your family to come to our store without delay and let us play the world's best music for you on this wonderful phonograph. Don't delay your visit—come today, tomorrow, as soon as possible—we will expect you. Bring all the family and your friends, too—they will all be welcome.

It's good to have money and the things that money can buy; but it's good, too, to check up once in a while and make sure you haven't lost the things that money can't buy.—George Horace Lorimer.

But the commission overlooked a most worthy case when it failed to crown as king of the heroes, Secretary Gilliam Grissom, who promised last fall to deliver North Carolina to the Republican party.

The weather man might just as well hang out his bad weather sign and let it remain hung out. The ground hog, came, he saw, and he vanished. The late Col. According to the Reece doctrine, forty days of bad weather are in store for this section. The ground hog ventured out on February 2 while the sun was shining, saw his shadow and returned for another nap.

Those who have been entertaining fond hopes of a mild winter might disillusion themselves and prepare for the worst—for the ground hog has issued his official decree.

## ONE GROVER CLEVELAND TOO MANY.

While this country should be congratulated upon the riddance of one who has brought shame to the fair name of Grover Cleveland, it is with a sense of regret that we learn of the failure of a recent attempt, bold and daring, to say the least, of kidnapping from Germany one Grover Cleveland Bergdoll, wealthy Philadelphia draft evader. During the war this young gentleman showed a decided disinclination to assume his responsibility of American citizenship and he succeeded in dodging the draft by keeping in seclusion for over two years.

While this particular namesake of the popular president does not promise to add one whit of glory to the illustrious name he bears, there are innumerable other Grover Cleverlands throughout the country that are endeavoring to measure up to the high expectations of fond and ambitious parents. They should redouble their efforts and strive with unanimous accord to wipe off the stain that has been shed by this person, who proved himself unworthy of bearing the name of Grover Cleveland.

## A GOOD TIME TO BEGIN.

Income and excess profits taxes collected by the United States government during December declined by more than \$246,000,000 as compared with December, 1919, while for the first half of the present fiscal year there was a reduction of \$410,000,000 under the harvest for the corresponding period of the previous year. It should be remembered that these collections are for the profits made during 1919, when things were rolling along merrily, and are not attributable to the declines that have set in since last fall.

In view of this material shrinking of the government revenue, it seems that Congress should begin to practice the strictest economy. With the recent decline and accompanying business depression, prospects are not encouraging for an increase of revenue from this source during the present year. As a matter of fact, unless business does some tallumping the collections during the past December will look tremendous compared to the small sum that will be divided with Uncle Sam next December.

For this reason, if no other, the United States should consider the curtailment of tremendous armament appropriations. It is a good time for this government to join with Great Britain, Japan and France and declare a solemn oath to refrain from pouring millions and billions into the construction of additional battleships. So long as one builds, the others must build, and the vicious circle must continue as a drain and a burden upon every individual citizen of all these nations.

The world is groping, perhaps blindly, but nevertheless with sincerity toward that ideal as expressed many years ago by Tennyson, "Till the war-drum throbbed no longer, and the battle flags were furled, in the Parliament of man, the Federation of the World."

A foothold, or merely a foundation upon which to begin, will mean an ultimate victory for the cause. It seems that the present is an excellent moment for the United States to join with the other civilized nations of the globe in making a beginning.

## NEIGHBORHOOD NEWS

### PROVIDENCE.

Yes, we have had the deepest snow that has fallen in quite a while. It stopped our school, our mail carrier for one day, and all work except feeding and getting in wood. But the sun shined so warm and pleasant we called it a beautiful snow.

The health in this community is fairly good at this writing.

Miss Nettie Cox, of Pleasant Garden, visited relatives here last week.

Some of our farmers are cutting and hauling dogwood to the railroad station when the weather will admit.

Mr. and Mrs. Carl Hockett are receiving congratulations over the arrival of a little son, Thomas Elwood.

We were very sorry to hear of the family disturbance in the home of James Dobson last Sunday morning which resulted in the son shooting his father in the head. We think it time such lawlessness should be ended. It is a shame in any neighborhood.

The farmers are now indignant over the revaluation act as they are receiving their tax receipts now.

### EUGENE DEBS BITTERLY ATTACKS PRESIDENT WILSON.

Atlanta, Feb. 1.—Eugene V. Debs, socialist leader now serving a ten-year sentence in the federal prison here for violation of the espionage law, was not "surprised or disappointed" over the President's refusal to commute his sentence, according to a statement he issued here to-day through his counsel, Sampel W. Castleton, of Atlanta.

"It was my own only fear," the statement said, "that I might be indebted for my liberty to Woodrow Wilson. My record, good or bad, is at least consistent and that is the only way it could, have been smirched."

The statement refers to the President as the most pitiful figure in history. "No man in public life in American history," it said, "ever retired so thoroughly discredited, so scathingly rebuked, so overwhelmingly impeached and repudiated as Woodrow Wilson. Shortly after the November election his private secretary made a pitiful plea for him, saying that all he craved was the love of the people. This plea was stamped by the American people with the one word 'denied,' the one word he wrote on the back of the recommendation for my pardon."

After stating that Debs was "never in better physical condition in my life than I am at this hour," the statement continues:

"Mr. Palmer called attention to the fact that I shall be eligible to parole August 11, 1922. In answer to this I have to say that I shall not apply for parole, nor accept it. I shall serve my term to the last day or leave here with an unconditional pardon. I came for my convictions and I shall not betray them for any paltry consideration such as a parole. I may be in prison, but unlike the man who keeps me here, I am not an exile from my own country. When I leave this prison I shall go unrepentant."

"Senator Capper showed the other day out of four billions annual expenditures for this country that 97 per cent is spent on war, the results of war and preparation for war and that 3 per cent is spent on

education and constructive work. That's where Wilson stands. I stand for construction instead of destruction and devastation."

### AUNT SARAH WYCKOFF DIES AFTER 42 YEARS IN PRISON.

Forty-two years ago there was a hanging in Alexander county. One Bob McCorkle, negro, swung out into eternity for the murder of Wesley Wyckoff, white, Sarah Wyckoff, the wife of Wesley Wyckoff and the mother of his children, came to the state prison to serve a life sentence for conspiring with the negro to kill her husband. Yesterday her sentence was ended. She is dead.

And Sarah Wyckoff had never committed murder, had never known anything about the killing of her husband. Circumstantial evidence had tied the knot around the negro's neck, and shut her up in prison. Thirty-nine years after the negro had been hung, and the woman had become No. 1304 in prison, a man confessed to the murder—and died.

### Confession Clears Her.

Hanging over the edge of eternity, torn with the fear of death, the red stain on his soul overcame his thirty-nine years of repression, and he confessed that he had contrived the murder of Wyckoff, had cunningly planned the circumstances to lead to the negro and to the woman. It was a long ways to Raleigh from the back hills of Alexander and there were left none who cared whether Sarah Wyckoff knew or not.

The little children that she had left in the home back in the hills of Alexander had grown up, had married, had had children of their own, had forgotten their mother locked in prison, had died. There was none left who had ever known her, of her own blood. A daughter-in-law, widowed, heard the confession, and in time wrote. But forty years had blotted out memory from the mind of the twisted old woman. She didn't care.

### Five Governors Pardon Her.

Five governors had pardoned Sarah Wyckoff, but the catatonic that sent her to prison had torn up by the roots every tie that bound her to the world outside the grim gates of the prison. She had nowhere to go, none to welcome her anywhere, and in prison they were good to her, and kind. Shut away in a little cell, twisted and bent with rheumatism, bedridden, kindly things found her, and she was content.

To-day the twisted, shriveled little body will go back to the hills of Alexander to be laid by hands that she never knew beside the bones of her husband for whose death she had suffered so grievously. In the delirium that came to haunt the last days of her servitude, he came back to her, she talked with him, and they were young together again. It was then that she wanted to go back to Alexander. Other times, he was a blurred dream.

Warden Busbee was good to the little old lady. High on the top floor of the woman's building in the prison, looking out over a pleasant garden, he had made her a place to live. A room to herself, with heat and lights and a bath. All of material comfort that he could bring was brought. And there was Nancy Curley, an old woman of the hills who had murdered her grandchild, to watch over her. They lived together very happily. Raleigh observes, Tuesday.

## WITH OUR BUSY ADVERTISERS

—The snow is about gone, but the cold weather is still with us. There are several months yet that you will need heavy winter wear. Johnson, Hinkle & Co. have reduced prices to zero on all winter suits, overcoats, underwear, shoes, etc. At these prices it would pay you to buy for next winter if you are already supplied for present needs. See their fresh notices in the bargain column.

—If any of your neighbors wear size 10 or 11 shoes tell them Thacker & Brockmann are overstocked with these sizes in all kinds of footwear, work shoes, army shoes, fine dress shoes and rubber boots and are selling them at greatly reduced prices. You very likely know that this popular firm is now located on Davis street, opposite the city market. Read their new ad. on page eight.

—It is said that John D. Rockefeller takes chiropractic adjustments and gets a great deal of benefit from them. Dr. C. H. Credeman, Ph. C., Chiropractic, has fitted up most elaborate and convenient offices at the corner of South Davis and East Market streets, where he has installed one of the best X-Ray machines made. Dr. Credeman was formerly a member of the faculty of the Palmer School of Chiropractic. Read his card elsewhere and give him a call.

—Planting time will soon be here, and anticipating your needs Messrs. Mitchell & Patton have secured a large stock of all varieties of field and garden seeds, and can supply your needs on short notice. In addition to seeds, these gentlemen will also carry in stock this season full lines of feeds and fertilizers, as well as poultry supplies and Pratt's poultry and stock remedies. Before buying give them a call at 209 East Sycamore street and see what they have to offer you. Their ad. will be found elsewhere.

—It pays to raise pure bred stock of any kind. The day of scrubs has passed, never to return. Every farmer should raise some hogs, and if he is wise he will have only the pure bred kind. Our young friend, Harry Grimsley, manager of his father's plantation, the Beaumont, eleven miles east of Greensboro, has some of the finest pure bred Duroc breeding sows and boars for sale at very reasonable prices. His stock comes from the best breeds in the country and is guaranteed to give satisfaction. Get in communication with Mr. Grimsley at once and place your order for as many as you will need before they are all sold. His Duroc card will be found elsewhere in to-day's Patriot.

—Henry Ford had a thorough understanding of the needs of the farmer when he conceived and built the Fordson tractor. His early life on the farm gave him a deep insight into the daily life of the farmer, and his mechanical genius saw the type of tractor needed, hence the birth of the Fordson. It is so simple that a school boy can operate it. It is low in first cost, and inexpensive in upkeep, while Fordson parts and Fordson service can always be promptly secured from the McGlamery Auto Company, down on Ashe street and Walker avenue. Mr. W. H. McGlamery, the genial, clever and accommodating owner of the McGlamery Auto Co., has placed a large number of Fordsons on Guilford farms and would be delighted to have your early order. See his Fordson announcement on another page to-day.

### TAKES SNUFF BY FORCE; NOW IN THE HOSPITAL.

Statesville, Feb. 1.—Alice Wilson, a negro woman from Catawba county, is in a local hospital suffering with serious gunshot wounds inflicted by a little eight year old negro girl, Lillie May Flemming.

The shooting occurred in a negro house on East Front street this afternoon. It appears that the Wilson woman was visiting in the house where the little girl lived. She asked the girl for her mother's box of snuff, and when she was refused, she took it by force. The girl in a fit of anger pulled down a double barrel shotgun and emptied the contents of a barrel at close range into the woman's left shoulder. It is probable that the arm will be lost but no fatal results are expected.

# GERMANY'S EXILED RULER GETS MORE THAN \$9,000,000.

Paris, Jan. 31.—While France and England are bickering over what reparations Germany must pay, and whether Germany can pay or not, the German government has been paying reparations by the millions to William Hohenzollern and his kith and kin.

Already Germany has paid to the exiled kaiser at least \$9,140,000 of which there is official record. The total may greatly exceed this amount, for it is generally accepted that more millions have been smuggled across the Holland border to the Hohenzollern coffers.

The criticism in France is echoed in the mutterings from the underfed, underpaid, tax-burdened toilers of Germany.

## Payments Made.

The legal committee of the Prussian assembly recently demanded of the Prussian finance minister that he give an accounting of the sums paid Hohenzollern since he fled to Holland. These sums were reported by him as follows:

January, 1919, \$7,500,000; August, 1919, \$725,000; October, 1919, \$415,000.

Since then about \$500,000 more has been paid to him as proceeds from land in Wilhelmstrasse, Berlin.

On top of this came the revelations brought about by a red-hot speech by former Chancellor Herman Mueller, who charged that several banking firms had smuggled about \$5,000,000 out of the country.

He said among the recipients were ex-Crown Princess Cecile, Prince Eitel Friedrich and August Wilhelm, and the suicide, Prince Joachim.

The finance minister said that cases against the banking firms were pending. The courts cleared the Hohenzollerns of the chancellor's charges.

## William's Fortune.

Figures from Doorn show William Hohenzollern is paying tax to Holland on an income of \$650,000 a year, which would indicate that he admits having a fortune of \$13,000,000.

Recently the ex-Crown Prince Frederick William expressed it as his "dearest wish" that he should retain the castle of Bauberg, the marble palace at Potsdam and the feudal territory of Cels, an estate of about 25,000 acres, valued at \$1,500,000.

Herr Heilmann, socialist deputy, pointed out to the assembly that by the terms of the trust deed the land was to be held "by the crown prince of the time," but he argued as there was now no crown prince, it reverted to the commonwealth.

The ex-crown prince is paying to Holland tax on an income of \$17,200 a year, which indicates he acknowledges property worth about \$350,000.

## Duke Asks \$5,000,000.

The duke of Brunswick, who married the ex-kaiser's only daughter and who was the first to flee from Germany, recently demanded of the republican government of Brunswick that it give him back his large forests, coal and iron mines and other properties, or \$5,000,000.

cash. Failing this, he said he would sue.

The government replied that this property belonged to the sovereign and not to the individual. As there was no sovereign any more, the property belonged to the state.

## HORSES AND MULES ARE SMOTHERED TO DEATH.

Raleigh, Jan. 31.—Thirty-three horses and mules, property of the United States government, were removed from box cars here to-day, having smothered to death between Norfolk and Raleigh, while they were en route from Camp Lee to Camp Jackson, at Columbia, S. C.

According to railroad officials, the dead animals were in a shipment of 188 horses and mules loaded in closed box cars by direction of a captain in the quartermaster corps, U. S. A., who is said to have expressed the desire that the animals be kept warm. The shipment left Petersburg Saturday night in charge of Private H. Adams, accompanied by another soldier and two civilians. Examination of the cars en route, it is said, revealed the fact that the animals were suffering. An attempt to unload the cars at Norlina was made but the shipment was continued to Raleigh with car doors partly open, when it was found that there were no facilities for unloading at Norlina.

## ELECTRIC SHOCK CAUSES TEAMS TO RUN AWAY.

Danville, Va., Jan. 31.—A succession of runaway accidents on the concrete bridge spanning Dan river led to the discovery this evening that a power wire running from a cotton mill had become short-circuited, and the wet bridge was charged with electricity. The shock was not sufficient to affect men who went on the bridge after four double teams belonging to farmers' and harnessed to tobacco wagons had plunged away after touching the identical spot. One woman was slightly injured. The bridge was wet with melting snow, and the steel hoofs of the horses made a good connection. The danger was quickly eliminated when determined.

## SON OF WEALTHY FATHER KIDNAPPED BUT ESCAPES.

Tacoma, Wash., Feb. 1.—Arthur Rust, 29, son of W. R. Rust, wealthy Tacoma resident, was kidnapped here to-day by a bandit and forced, at the point of a revolver, to write a note to his father for \$25,000 ransom, according to reports to the police.

Rust later was found bound in a garage near the city and was released. He said he had accepted a stranger's invitation of an automobile ride to work to-day and immediately was driven to the garage where he was tied with a rope and a heavy blanket thrown over his head.

While his captor was away, the boy said, he chewed a hole in the blanket and attracted the attention of a negro, who called the police.

Japan faces a shortage of money—its own yellow peril.—Chicago Daily News.

## HARDING MUST PAY INCOME TAX ON SALARY.

Washington, Feb. 1.—Warren G. Harding as President of the United States will receive something like \$18,000 less compensation from the government annually than Woodrow Wilson has received.

The treasury will pay Mr. Harding the same amount that it pays Mr. Wilson—\$75,000 annually—but internal revenue bureau officials say that Mr. Harding must return nearly one-fourth of this in income tax.

President Wilson was exempted from the income tax under a Supreme court ruling because he came into office before the enactment of the 1918 revenue laws under which taxes were sought to be imposed on the salaries of the President and of federal judges.

## NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT.

North Carolina, Guilford County. In the Superior Court.

A. H. Thaeler, Plaintiff, vs. The William H. Sweet Co., Inc., Defendant.

The defendant above named will take notice that summons in the above entitled action was issued against said defendant on the 26th day of January, 1921, by M. W. Gant, clerk of the Superior court of Guilford county, which summons was returnable before said clerk at his office in Greensboro in said county on the 28th day of February, 1921.

The defendant will also take notice that a warrant of attachment was issued by said clerk on the 28th day of January, 1921, against the property of said defendant, which warrant is returnable before the said clerk at the time and place above named for the return of the summons, when and where the defendant is required to appear and answer or demur to the complaint, or the relief demanded therein will be granted.

TRADE MARK

# FARM TRACTOR

When Henry Ford set about building the Fordson Tractor, he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. And for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a school boy can operate it. It is low in first cost. It is lowest in operating cost, and Fordson parts and Fordson service are always to be had promptly from the local dealer. The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant and it will lighten your work.

Don't delay ordering your Fordson Tractor. The demand is greater than the supply.

## Heart-Breaking Smiles

There are thousands of kinds of smiles, but it would be mighty hard to picture even in the mind's eye smiles more poignantly tragic than those here seen. Two years of life have held little save misery for these Vienna youngsters, yet, even though the result is painful, their smile. They are victims of rickets, the offspring of near-starvation, and that countless others in stricken Europe may not have to share their fate eight American relief organizations, under the name of the European Relief Council, are making a joint appeal for the conscience of America to complete relief work which this winter faces its crisis. These agencies are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

## POULTRY

### PLAN TO INCREASE POULTRY

Department of Agriculture Recommends Careful Selection of Breeding Stock.

The campaign that has been inaugurated by the United States Department of Agriculture to stimulate and increase poultry production along more efficient lines is divided into the following phases:

Careful selection of breeding stock to reproduce a larger percentage of good types of profitable producers.

Early hatching, so as to produce fall and winter layers.

To confine mother hens to brood coops for at least two weeks after the chicks are hatched.

To provide free range for both growing stock and layers in so far as possible to stimulate growth and production and conserve food consumption.

To preserve eggs for winter use.

The production of infertile eggs as soon as the breeding season is over.

Disposing of surplus cockerels as broilers to conserve grain.

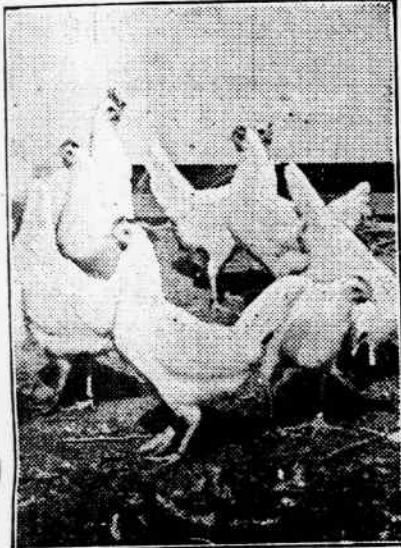

To discourage the marketing of all profitable hens of the general purpose class until the end of their second year, and of the Mediterranean or egg class until the end of their third laying year.

To encourage the careful selection of all hens in order to eliminate the unprofitable producers.

To discourage the marketing of all profitable pullets as broilers and of all well-matured pullets for meat.

To encourage the caponizing of cockerels only when free range can be provided and a special nearby market afforded.

To encourage back-yard poultry keeping, especially among city and suburban dwellers, thereby utilizing

Leghorns Are Well Adapted for Production of Eggs.

table scraps for the production of fowls and eggs for home consumption.

To encourage turkey, duck and geese raising when circumstances are favorable.

### TO KEEP HENS COMFORTABLE

House Must Be Kept Dry, Well Ventilated and Sufficient Space for Scratching.

The poultry house is both the home of the hen and the factory where winter eggs are produced, and unless it provides suitable living and working conditions the hen cannot be expected to lay well. The chief requirement is that the house must keep the birds comfortable. To be comfortable the house must be dry, well ventilated, well lighted and have sufficient floor space to provide exercise by scratching. Dryness is insured by having a good roof, keeping the floor of the house higher than the surrounding ground, and by providing good ventilation. Ventilation must supply plenty of fresh air without drafts. This is secured in the poultry house by having the south side relatively open and the other three sides absolutely tight. The importance of light in the poultry house has not been properly emphasized in the past.

### FERTILE EGGS FOR HATCHING

Maximum Fertility Not Likely to Be Obtained Before Two Weeks After Mating Fowls.

Matings should be made at least two weeks before beginning to save the eggs for hatching. If less time is allowed, the maximum fertility is not likely to be obtained. It is often desirable to mate even further ahead than two weeks so that a few eggs can be incubated for five or six days to see whether they are fertile. If these eggs are not fertile, there is still time to change the male bird and thus be sure of fertile eggs for the earlier hatches.

### FRESH AIR VERY IMPORTANT

Not Advisable to Close All Windows at First Approach of Cold Weather in Fall.

Don't close all the windows in the henhouse at the first approach of cold weather, but leave some of them open. If the wind blows in, put a piece of burlap over the open space to keep out the wind, but let in air.

## COTTON EXPORT MOVE LAUNCHED

ANNUAL SESSION OF AMERICAN COTTON ASSOCIATION GOES ON RECORD ENDORSING EXPORT CORPORATION.

Raleigh.—Delegates to the Second Annual Convention of the American Cotton Association held in Raleigh January 13th went on record as unanimously supporting a co-operative marketing association and the newly organized Cotton Export Company. L. S. Tomlinson, who has been at the head of the State Association during the past year, was re-elected President.

Over a thousand delegates were in attendance at the meeting which was addressed by Richard I. Manning, former Governor of South Carolina, Aaron Sapiro, Attorney for the California Fruit Exchange, and Hollins Randolph, Attorney for the Federal Reserve Board, sixth district.

Governor Manning dwelt at length on the advantages that the Export Corporation would offer Southern farmers and Southern people generally. When the American Products Export and Import Corporation was organized about two months ago, Governor Manning was chosen its President. Joseph Walker of Columbia, S. C., formerly of the cotton firm of Hollowell & Walker, is General Manager for the corporation. The Corporation plans to stabilize the domestic cotton market by shipping the South's surplus staple to Europe. One shipment has already been made and others will follow very shortly.

Of considerable interest to the convention was an address by Mr. Sapiro, who has had extensive experience in marketing problems. He sketched the work accomplished in California and urged the State of North Carolina to be one of the leaders in the co-operative movement. Mr. Hollins Randolph explained the difference between the American Products Export and Import Corporation and the bankers export corporation, formed under the Edge Act. The Edge Corporation is limited primarily to discounting and cannot deal in commodities, whereas the organization headed by Governor Manning is actually buying and selling cotton and the other chief products of the South.

A State-wide campaign in the interest of the Export Corporation has been launched, and meetings will be held in practically every cotton growing county in North Carolina. Mr. L. S. Tomlinson, President of the State Association, has already arranged a number of meetings which he will address. Wednesday, he will speak in Albemarle; Thursday, January 20th, in Troy; Friday, January 21st, in Shelby; and Saturday, January 22nd, in Rutherford. Mr. O. C. Maner of the Export Corporation will also speak at the Shelby and Rutherford meetings and Mr. H. L. C. Stevens, also a representative of the Export Company, will address the Albemarle and Troy gatherings.

Realizing that the European countries are not absorbing anywhere near the amount of cotton they used to in pre-war days, cotton men of the South have for months past been looking around for a way to remedy conditions. Indications are that the American Products Export & Import Corporation will solve the question. To enable Europe to secure the cotton it needs, proper credit facilities must be afforded and the Export Company with its \$1,000,000 capitalization will be able to extend such credits. Stock of the American Products Export & Import Corporation is being offered at \$10 per share and subscriptions are being received in cash or in cotton or Liberty Bonds at the market price. The company's North Carolina office is located in the State Agricultural Building at Raleigh.

Endorsements of the Cotton Export Corporation have been received from many sources. Governor W. P. G. Harding of the Federal Reserve Board and Governor M. B. Wellborn of the Federal Reserve Bank of Atlanta have come out in support of the program. Former Secretary of the Treasury, W. G. McAdoo, has endorsed the movement enthusiastically. Among the North Carolina organizations that are actively supporting the campaign are: American Cotton Association, Raleigh Clearing House, North Carolina A. & E. College, Extension Department; North Carolina Association of Life Underwriters; North Carolina Press Association; Interstate Tobacco Growers' Association; North Carolina Association of Hosiery Manufacturers; Charlotte Chamber of Commerce; Rocky Mount Chamber of Commerce, and many banks and prominent individuals.

The American Cotton Association at its meeting in Raleigh faced squarely the fact that the total cotton exports of the South had fallen off 73% since the pre-war period. In the past the Southern States have looked to foreign capital to finance their exports. Appreciating that this is no longer possible, the cotton men of this State and of the South generally are banding together to secure the total success of the Co-operative Marketing Idea and the Cotton Export Corporation.

## NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have Health Centers in All Parts of United States.

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people. A new and unique health institution has come into being as the result of several months' study by the Red Cross Health Service Department at National Headquarters.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country, and that the sign—"American Red Cross Health Center"—will become as familiar to the people everywhere as are now the signs of the telegraph companies.

### Busy Long Before War.

The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work and its department of Town and County Nursing. During the war and following the armistice thousands of American Red Cross officials have been fighting disease in the war-stricken countries. At the same time tens of thousands of local Red Cross officials have been engaged at home fighting disease, notably during the influenza epidemics.

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste. So long as there are a half a million people dying yearly in this country from preventable causes, and as more than one-third of the American children and young people are victims of physical defects, the Red Cross recognizes the urgent need for continued Red Cross health service at home.

### How Organization Works.

The Red Cross Health Center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like brooms and soap. Therefore, it establishes itself in a storeroom in the principal business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract customers.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about when to consult a physician and why to shun the quack and his nostrums.

### Teaching Disease Prevention.

The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease. This is done in many interesting and attractive ways—first of all, by the distribution of popular health literature and through health lectures illustrated with lantern slides or with health motion picture films. Then special exhibits are given, one after the other, on various health subjects. Practical demonstrations are made; also health playlets by children to interest and instruct themselves and their elders. Classes are organized in personal hygiene, home care of the sick, first aid and in food selection and preparation. Health clubs, both for younger and older people, are formed; also Little Mothers' Leagues. Nutrition and growth clinics are conducted for children.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross Health Center is its health education service which teaches well people how to keep well.

## FRENCH PRAISE FOR OUR RED CROSS WORK

Lauding the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the heartfelt gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs. Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed and are now carrying out among our little war sufferers."

"The bonds of friendship between France and America is cemented with mutual admiration, respect and gratitude."

## GOOD ROADS ASSOCIATION TO OPEN OFFICE HERE.

Birmingham, Ala., Jan. 31.—J. A. Rountree, director general of the United States Good Roads Association also director general of the Bankhead National Highway Association, left Birmingham to-day for Greensboro, where he will arrive on February 2, to open headquarters, to promote and arrange the details of the ninth annual convention of the United States Good Roads Association, which meets in Greensboro, N. C., April 18 to 23.

Director General Rountree will open headquarters with a large force of assistants and will remain in Greensboro for the next 90 days promoting these three great conventions. He will have the active assistance of Governor Charles H. Brough, president of the United States Good Roads Association and Hon. Benahan Cameron, president of the Bankhead National Highway Association in promoting the meeting of these conventions. Governor Brough expects to spend 30 days prior to the convention delivering addresses in the various states extending invitations to the various governors to attend the meeting and participate in the same.

Director General Rountree, with a committee of prominent citizens from North Carolina, will accompany him and assist in extending invitations. Mr. Rountree reports that already invitations have been accepted from some of the most distinguished speakers and good roads leaders in the country, to be present. Manufacturers and dealers of good roads machinery and material have already applied for floor space in the United States good roads show. It is expected that at least 25,000 will be in attendance at this convention during "good roads week."

## A MAMMOTH PORKER WEIGHED 1,148 POUNDS.

Clinton, Jan. 31.—Again Sampson challenges the state to beat its big hog. Mr. Charles R. Beaman is the champion. Year after year, for several years, he has killed a monster porker, but that of this year probably beats his best record, as well as set one for the whole state. The monster porker, killed this week, netted 1,148 pounds, and this did not include the liver and other loose parts, as is the case in weighing some big hogs. Several others weighing over 700 have been killed in the county, the next largest being an 846 pounder, which belonged to Mr. Alvin Ryall. Mr. L. T. Alderman reports the slaughter of a 720 pounder by his brother, Mr. D. B. Alderman. Sampson has plenty of hog and hominy to supply the county needs.

## PLANNING NEW LEGISLATION TO ENFORCE PROHIBITION.

Washington, Jan. 31.—Prohibition leaders in Congress are hoping to tighten up the Volstead law.

They are planning new legislation to provide a flat jail sentence for the first offense of selling liquor, without giving the courts the optional right of imposing a fine. Other changes being discussed among the prohibition leaders relate to the search and seizure clause, so as to reach the home brew and to make more sweeping the present law under which a person buying liquor may be punished equally with the person selling it.

Confiscation of every drop of liquor held by citizens, regardless as to when or how it was acquired, is also being urged. This would legalize seizure of all stocks held in private cellar, or a safety deposit vault. Objection to that, however, has been made by some dry leaders on the ground that little such liquor finds its way into channels of bootleg trade and that it won't be long before all such liquor will be used up.

Unless a pending bill, which would permit federal commissioners to try minor liquor cases, is passed, a proposed amendment to the law would take care of this. Federal court dockets are now badly congested with Volstead violations and government officials have reported a change of procedure necessary.

The big fight for amendment will start with the opening of the new session in April, according to dry leaders. They say they have enough votes in the house to put through any added restrictions they might desire, but that there is not enough time left.

Meanwhile, Chairman Volstead, of the house judiciary committee, on whose shoulders will fall the bulk of revising and tightening up, is awaiting word from prohibition enforcement officers as to suggestions for making the law bullet-proof. He wants the advice of the men charged with responsibility of breaking up the out-law traffic.

## HAPPY MEETING OF BROTHERS AFTER FIFTY-FIVE YEARS

Atlanta, Ga., Feb. 1.—Albert Evans, who ran away from his home in Crawford county, Ga., 55 years ago at the tender age of seven, was enjoying a reunion here to-day with his younger brother, Simpson Evans, the first member of his family he had seen since 1866.

"You can bet I won't lose track of my folks any more," said the 61 year old prodigal who has grown into a prosperous farmer of Orangeburg, S. C. Both brothers are married and have families, the Georgia Evans residing in South Atlanta.

"I got sort of dissatisfied" with things at home and lit out when I was between 7 and 8 years old," said Albert in describing his experiences. "I didn't have any money but I just got on the trains and told the conductors that I wanted to ride with him. Finally I got to Charleston, S. C., and pretty soon I went to work for a farmer in Orangeburg county. When I got older I got a farm of my own and stayed right there in Orangeburg county."

Perhaps Mr. Wilson is being mentioned for the 1920 Nobel peace prize because he has finally quit trying to run things in Europe.—Detroit Free Press.

## LOS ANGELES WOMAN SAFE; KIDNAPERS GO TO JAIL.

Los Angeles, Cal., Jan. 31.—Mrs. Gladys Witherell, for whom search had continued nearly a week, was at home tonight after rescue to-day from a sheep herder's cabin in the foothills, and "Jack" Carr and Floyd L. Carr, cousins, are in custody on a charge of kidnapping.

The cousins tonight confessed to kidnapping Mrs. Witherell, who is the wife of O. S. Witherell, investment company president, and pleaded guilty to the charges in the Superior court to-day. Sentence was deferred until next Wednesday morning.

The cousins came here three months ago. "Jack" Carr said, and had taken most of that time preparing for "revenge" on the father-in-law of Mrs. Witherell, because he had once "blocked a deal" whereby Floyd Carr could have gotten a fishing yacht, according to the police.

"We sure treated her all right," the police said "Jack" Carr told them. "We even bought her a powder puff, candy and the daily papers."

Mrs. Witherell bore up well until after she was re-united with her children. Then she suffered a nervous collapse.

Through her husband she gave out a brief story of her abduction. It follows:

"I was getting dinner last Tuesday night—Mother Witherell was coming over—when he, the man I learned later was Floyd Carr, came to the door, saying some one was calling for me—a woman hurt in an accident on the boulevard."

"I had never seen him before, but I thought my husband's mother had been hurt, so I went with him."

"We got into a machine down the street. Another man, who I found out afterward was Arthur Carr, was at the wheel. I rode in the back seat with the one who came to the house."

"We turned on to the boulevard. I was wondering how soon we would get to the scene of the accident."

"They did not say much, and suddenly I knew something was wrong. I tried to jump out but one of them grabbed me. I felt a wet rag around my face. I smelled the odor of chloroform."

"I struggled as long as I could. Then I knew nothing."

"I came to just before we reached the cabin where they kept me."

"They told me they were after money. I realized I must wait my chance to escape. The next day they let me write to my husband, just to say I was all right. They told me afterward they sent my letter with theirs, demanding \$20,000 to let me go."

"No, they did not hurt me. When they took me out of the house for fresh air they blindfolded me. Floyd Carr was with me most of the time. They brought me the papers. I did some of the cooking. I was wild to do anything besides wait, wait, wait. I could not sleep. I was so worried about the baby—he had not been well—and my husband and all my family."

## WILSON REFUSES TO PARDON EUGENE DEBS.

Washington, Jan. 31.—Recommendation by the department of justice that the 10-year sentence of Eugene V. Debs, long a prominent Socialist leader and now serving his sentence at Atlanta, Ga., for violation of the war-time espionage laws be commuted effective February 12, next, Lincoln's birthday, was rejected to-day by President Wilson, and commutation refused.

The decision of the President came as no surprise because of his previous refusals to intervene in the case on the ground that Debs had sought to handicap the government through opposition to the selective service act during the war, and that the granting of clemency in this case might induce similar tactics on the part of others in the event of another war.

The case was reviewed by a special board now taking up all convictions under the espionage act, and their findings were endorsed by Attorney General Palmer. The findings are understood to have pointed out that Debs would be eligible for parole on August 11, 1923, and that his sentence, in case of good behavior, would expire on December 28, 1925. The recommendation is understood to have suggested that Debs had been adequately punished by his confinement since June 15, 1919.

There is some satisfaction in contemplating that we have got the best of avaricious landlords; and that as long as we remain here there is no one mean enough to raise our rent.—Sing Sing Bulletin.
