JUDGE BYNUM ENDORSED FOR U. S. COURT JUDGE

GUILFORD COUNTY BAR WILL URGE THAT HE SUCCEED JUDGE PRITCHARD.

Judge W. P. Bynum was highly endorsed and his appointment as judge of the United States Circuit court (fourth district) to succeed the late Judge Jeter C. Pritchard was enthusiastically recommended at a meeting of the Guilford County Bar Association yesterday afternoon.

The meeting was called by R. R. King, chairman of the bar association, but Mr. King had to leave the city before the hour set for the meeting. G. S. Bradshaw was selected chairman of the assembly. A letter written by Judge James E. Boyd and addressed to President Harding, was read by Col. F. P. Hobgood, Jr. Judge Boyd urged the appointment of Judge Bynum and endorsed his qualifications without reserve.

A committee composed of D. H. Parsons, of High Point, Clifford Frazier and S. J. Stern, together with Col. Bradshaw as ex officio member, was appointed by the chairman for the purpose of drafting resolutions expressing the sentiment of the Guilford county bar. The resolutions, when presented, were unanimously adopted, as follows:

"Whereas, a vacancy occasioned by the death of the late Hon. Jeter C. Pritchard now exists on the bench of the Circuit court of the United States (fourth circuit), and whereas, the members of the bar of Guilford county, N. C., desire to suggest and urge the appointment of Hon. William P. Bynum for this vacancy.

"Resolved, that the members of the bar of Guilford county, N. C., in regular meeting assembled, recognizing the pre-eminent fitness of Hon. William P. Bynum, do hereby heartily and unanimously endorse and recommend him for this position.

"Resolved, further, that a committee of nine members of this bar, consisting of R. R. King, John A. Harringer, G. S. Bradshaw, R. C. Strudwick, John N. Wilson, A. L. Brooks, A. M. Scales, Westcott Robertson and F. P. Hobgood, be and is hereby appointed to take such steps as said committee may deem proper and advisable in furtherance of the object of this meeting."

The fourth district is composed of Maryland, West Virginia, Virginia, North Carolina and South Carolina. It is understood that other prominent names from various states have been suggested as a successor to Judge Pritchard but the local attorneys in speaking of Judge Bynum yesterday declared that there was no man better qualified for the high position within the five states from which the appointment will most likely be made.

Judge Bynum was formerly solicitor of this district and was for a short term judge of the Superior court. He was president of the North Carolina Bar Association for the year 1919-1920, and he has also served in important positions in the American Bar Association. At the election of last year he was the Republican candidate for chief justice of the North Carolina Supreme court.

FINIX PROPERTY ON WEST MARKET BROUGHT \$69,680.

The auction sale of three lots fronting on West Market street and one on the street running east of the court house was held Tuesday morning at 11 o'clock, the four lots bringing a total of \$69,680. The property was owned by M. H. Pinck, the sale being conducted by Perry brothers.

The corner lot, with a frontage of 27 feet and a depth of 50 feet, was purchased at \$1,000 per foot by Dr. W. J. Meadows. The adjoining lot, 20 feet on West Market street, was sold to John A. Smith, of High Point, at \$650 per foot. The third lot on West Market, adjoining the Daily Record building, with a frontage of 24 feet was bought by R. L. Thomas, of Charlottesville, Va., at the price of \$815. The rear lot, fronting toward the court house 20 feet and with a depth of 65 feet, was knocked off to P. H. Beeson at \$600 per 12 inches.

VALUABLE SITES SECURED BY WAREHOUSE COMMITTEE

EAST MARKET STREET PROPERTY WILL BE USED FOR TOBACCO WAREHOUSES.

The warehouse committee of the Greensboro Chamber of Commerce has negotiated two deals for the securing of valuable East Market street property to be used in the development of adequate facilities for a live tobacco market in this city, according to announcement made by the chairman of the committee Tuesday morning. J. E. Latham Company grants to the committee on option on the brick warehouse building, located at the corner of East Market, Forbis and Sycamore streets, while an option was also secured for the old Swaim property, located on Lyndon, near East Market street. The Latham property is now occupied by Thos. C. Hunt, Inc., and is used as a garage for the Packard automobile sales company.

The Latham property was formerly a tobacco warehouse but has not been used for such purposes during the past several years. It will be ready for use with the opening of the approaching season. It is understood that the consideration for this property was \$40,000. Mr. Latham agreeing to take \$10,000 of this amount in the stock of the warehouse corporation to be formed at a later date. The price is generally regarded as a most reasonable one, the lot alone being regarded as worth the sum asked for the entire proposition by Mr. Latham.

The plans of the committee include the construction of a big warehouse on the Swaim property, which is well located for such an enterprise. It is only a short distance from the Latham property and convenient to railroad side tracks.

In the event that the building and lot occupied by the Thos. C. Hunt Company is actually taken over by the warehouse committee, Mr. Latham has announced that he will build a large and modern garage building on East Market street for the use of the Hunt company. That concern has a long lease on the old warehouse building and in order to secure possession of the property it will be necessary to provide new quarters for it. This building, it was announced would entail an expense of between \$50,000 and \$60,000.

Another proposed development on East Market street was announced this week, the Guilford Motor Car Company intimating the intention of building a large garage on its property in the near future. Plans are already complete for the erection of a modern garage building for this company, which has the agency for the Franklin automobile. This company owns property at the corner of Market and Forbis streets.

MRS. CARRIE M. FRIES FILES DAMAGE CLAIM FOR \$25,000.

Mrs. Carrie M. Fries filed formal notice Monday afternoon with the city commissioners of claims against the city of Greensboro and the North Carolina Public Service Company for damages in the sum of \$25,000 on account of personal injuries alleged to have been sustained as the result of negligence on the part of the city and the Public Service Company. The notice stated that Mrs. Fries fell in a ditch on North Elm street in front of the new American Exchange Bank building, causing her to break several bones in her foot, resulting in mental and physical pain and suffering. The accident occurred December 8, 1920.

The ditch was alleged to have been made by the Public Service Company for the purpose of laying new gas pipes and Mrs. Fries fell while stepping off of a street car.

Firemen Select Officers.

At the meeting of the members of the Greensboro fire department, held Monday night at the Hook and Ladder Company hall, matters of routine business and election of officers were the principal business. Officers selected were: F. N. Taylor, chief; George R. Shaw, assistant chief; E. L. Clarke, treasurer; H. C. Guthrie, secretary.

SCHOOL EQUALIZATION BILL TO BE VOTED ON SATURDAY

ADVOCATES OF MEASURE CONFIDENT OF ITS HEARTY ENDORSEMENT.

The citizens of Guilford county will cast their ballots Saturday to determine as to whether the special bill of the 1921 legislature authorizing an equalization of the Guilford county public school tax shall be adopted. The measure has been heartily endorsed by the county school committeemen, as well as friends of education and progress in all parts of the county, and advocates of the bill predict a sweeping majority in favor of the amendment.

The law, if made operative in this county by the citizens, would automatically eliminate special school taxes heretofore voted by various sections of the county. Section 4 of the act of the general assembly specifically provides: "That if a majority of the qualified electors favor the additional school tax then it shall operate to repeal all local school taxes heretofore voted by local tax districts and special charter districts. A large number of such districts have been created and special taxes levied for school purposes in the county. The adoption of the new system would eliminate such special districts and assess a uniform rate in all parts of the county to maintain the schools and provide for better buildings.

The amendment to the present law would approve the collection of a tax of 10 cents on the one hundred dollars valuation for school buildings, together with 15 cents on the one hundred dollars valuation for maintenance purposes. The state tax on property for school purposes has been entirely done away with this year and in the event the proposed bill is ratified by the voters, special school district assessments will also be eliminated. The supervision of the county schools will not be changed by the bill, the local school committees to function as heretofore. The measure would merely undertake to improve on the method of collection of funds for the schools and endeavor to operate all of the county schools on a uniform basis.

It is estimated that the total amount derived from the collection of a tax of 25 cents on the \$100 valuation from the county would provide modern school buildings for every section within a very few years. Moreover, that it would permit the securing of first class teachers in all of the county schools. A uniform salary for teachers would apply to all of the county schools, thereby giving each school a chance to secure well-trained and capable teachers.

EAST MARKET PROPERTY SOLD WELL YESTERDAY.

The sale of a portion of the J. E. Latham Company real estate on East Market street was well attended yesterday morning and the prices were regarded as being good. The lots offered at public auction consisted of 160 feet of vacant property on East Market street, between Davie and Forbis streets. The total sale amounted to \$53,130.

Lots were bought by the following persons: C. W. Edwards 20 feet at \$498.50 per foot. Mrs. D. E. Thomas 20 feet at \$430 per foot. L. H. Edgerton 60 feet, part at \$226.50 and part at \$305. Schlosser Brothers 20 feet at \$290.56 per foot and L. M. Ham 40 feet at \$323 per foot.

The sale was conducted by the American Realty and Auction Company, the Thomas brothers serving most efficiently in the role of auctioneers.

COUNTY NEGRO SCHOOL COMMENCEMENT SATURDAY.

The negro schools of Guilford county will hold their commencement exercises in the court house Saturday morning at 11.30 o'clock, music and recitations by representatives of the various schools are on the program, while the principal speakers will be County Superintendent Thomas R. Foust, Dr. S. G. Atkins, of Winston-Salem, and Prof. G. E. Davis, of Charlotte.

CONE MILLS CUT WAGES TWENTY PER CENT

REDUCTION EFFECTIVE TO-DAY—WILL DECREASE FULL TIME BONUS.

Announcement was made yesterday by J. E. Hardin, general manager of the Cone mills, that a wage reduction of twenty per cent. would become effective to-day. The decrease will apply to the 3,700 employees working in the White Oak, Revolution, Proximity mills and the Proximity Print Works.

Depression of business conditions is given as the reason for the cut in wages. For some time, according to the announcement, the officials have realized that a cut was imperative unless the textile business experienced a material improvement, and the improvement has failed to arrive. The four plants will continue to operate on full time, six days a week, and no reduction is contemplated in the schedule of operations. The employees have been receiving a bonus of 75 cents on every dollar of the wage scale, provided that they worked full time each week. The bonus has been decreased 35 cents, making the remaining bonus 40 cents on the wage dollar when full time is made. For part time the reduced bonus will be 20 cents on the dollar.

Wage reductions in the textile business have been nationwide during the past six months and the local mills have deferred cutting the wage scale much longer than most of the cotton mills. Several months ago the Cone mills reduced wages 25 per cent, but at the same time reduced prices in the company stores in a similar manner.

HIGHWAY COMMISSION MET MONDAY AFTERNOON.

The Guilford county highway commission held a business meeting Monday afternoon for the purpose of arranging financial matters relative to the borrowing of funds to begin county road work and to start the completion of the remainder of the state central highway in this county.

The county will advance funds to the state for the work on the state highway, this money to be repaid with interest when bonds are sold by the state. About 10 miles between Greensboro and Gibsonville remain unpaved, while a distance of four miles between High Point and Winston-Salem is unfinished. With the completion of this 14 miles the towns of Graham, Burlington, Gibsonville, Greensboro and High Point will be interlinked with a continuous asphalt road. Forsyth county is planning to complete her part to the Guilford line four miles from High Point, which will connect the county seats of Alamance, Guilford and Forsyth.

NICHOLAS ROOSEVELT VISITS WAR COMRADES IN GUILFORD.

Capt. Nicholas Roosevelt, of the 81st division, a son of the late Theodore Roosevelt, spent Tuesday in this county on a visit to his former comrades in the 322 infantry. Gordon Hunter, of this city, and P. E. Gordon, who resides about eight miles north of the city, both served under Captain Roosevelt during the world war. Accompanied by Mr. Hunter, Captain Roosevelt spent a large portion of the day at the home of Mr. Gordon in the country, they being dinner guests at the Gordon home.

Young Roosevelt is spending his vacation by visiting his former war comrades.

J. CLYDE CHEEK DEAD; FUNERAL TOMORROW.

J. Clyde Cheek died yesterday afternoon at Asheville where he had gone several weeks ago in the interest of his health. Mr. Cheek was 40 years of age and had been in ill health during the past several years. He was born in Hillsboro but had made his home in Greensboro during the past 15 years.

The body arrived in the city this afternoon and was conveyed to a local funeral home. The funeral will be conducted Friday afternoon.

Mr. Cheek is survived by his wife, who was before marriage Miss Clara Emanuel, of Asheville.

ARRANGEMENTS COMPLETE FOR ROAD CONVENTION

TOWN WILL BE IN GALA ATTIRE—INTERESTING PROGRAM—FOR BIG MEETING.

Greensboro is donning gala attire for the gathering of good roads delegates expected to arrive in the city early next week. Business houses along Elm street are being decorated in red, white and blue bunting and the old thoroughfare has taken on a holiday spirit.

An elaborate program has been completed for the entertainment of the thousands of visitors from all parts of the United States that will partake of the city's hospitality during the convention week. Thirty-six committees have been at work completing the innumerable details relative to arrangements for the big convention. The question of housing the delegates has been a matter of serious proportions but with the volunteering of over 1,000 rooms in private homes it is thought that this difficulty has been overcome.

The United States Good Roads Association and the Bankhead National Highway Association will hold a joint convention, the meeting to be opened in this city on April 19 and continue until the 23. State officials of high rank, together with many notables of national reputation, will be present for the occasion, and it is expected that it will be one of the most important conventions that ever Greensboro has entertained in many years.

Next Thursday afternoon the visitors will be driven over the city in decorated automobiles. The parade will also go to High Point and conclude at the fair grounds, where a genuine barbecue will be served. Two loving cups will be given by the Greensboro Automotive Association for the best decorated cars in the parade.

Wednesday evening a reception and ball will be given complimentary to the visitors. This affair will be given at the O. Henry hotel and will be a social feature of the week.

Harry J. Lewis is the official decorator for the occasion. His work during the past two days along Elm street has made a marked effect and before he has completed the task the appearance of the street will be a wonderful transformation.

BISHOP DARLINGTON BEGINS METHODIST REVIVAL MEETING

Bishop U. V. W. Darlington arrived in the city Tuesday afternoon and last night he was greeted by a full audience for his introductory sermon beginning a series of services at West Market Street Methodist church.

Prior to the arrival of Bishop Darlington, Rev. Luther B. Bridges, of Gainesville, Ga., conducted the services and he has made a forceful impression upon his numerous hearers. Rev. Mr. Bridges is a singing evangelist, and in the midst of his sermons he often sings a solo.

The services will continue throughout this and next week.

Caught Still in Center Grove.

Deputy Sheriff Boatman Clark made a little trip to Center Grove township Tuesday afternoon and returned with a blockade liquor making outfit. The still was of 50 gallons capacity and was made of copper. About 150 gallons of beer were poured out by the officer. The plant was not in operation when discovered, and no one was near at hand to claim ownership or protest against its being confiscated.

Grady Wilson Tried For Disorderly Conduct.

Grady Wilson, young white man, was convicted before Justice D. H. Collins yesterday morning on a charge of disorderly conduct and judgment was suspended on the payment of costs. The disturbance resulting in Wilson's arrest occurred at Mt. Pleasant school house Saturday night.

Preaching at Peace Lutheran Church Sunday.

Rev. E. A. Shenk, pastor of the First Lutheran church, of this city, will preach at Peace Lutheran church, four miles east of McLeansville, Sunday afternoon at 3 o'clock. The public is invited to attend.

THE PRESIDENT'S FIRST MESSAGE TO CONGRESS

OPPOSES PRESENT LEAGUE OF NATIONS AND WANTS PEACE BY RESOLUTION.

Washington, April 12.—Final rejection of the Versailles league of nations by the American government was proclaimed to the world to-day by President Harding in a solemn pronouncement of the foreign policies of his administration. Speaking before the new Congress, assembled to write a program of political and economic reconstruction, the President declared acceptance of the league would be nothing short of a betrayal of the mandate of the November elections. Instead, he asked for a congressional declaration of peace and for ratification of those sections of the Versailles treaty which protect specifically American rights and interests in the war settlement.

"In the existing league of nations, world governing with its superpowers, this republic will have no part," he said. "It is only fair to say to the world in general, and to our associates in war in particular, that the league covenant can have no sanction by us."

The declaration was answered by a tremendous demonstration in which Republican senators and representatives led while most of their Democratic colleagues sat silent and unmoving. After weighing the words of the chief executive, the senatorial group of treaty irreconcilables tonight was claiming a complete victory, predicting that even the parts of the treaty endorsed by Mr. Harding never would receive senate approval.

Tariff and Tax Revision.

In his recommendation for domestic legislation, the President gave greatest attention to tariff and tax revision and to the railway situation, though he endorsed a list of lesser measures which congressional leaders declared might prolong the special session until the snow flies. He also took occasion in his address of nearly an hour to declare his faith in maintaining merchant marine and in the principle of armament reduction without asking for legislation on either subject.

An emergency tariff to correct serious disorders in American industry was placed at the head of the President's requests, and within an hour after he finished speaking, the house ways and means committee agreed to report tomorrow the emergency measure passed at the last session and vetoed by President Wilson. For the permanent tariff bill that is to be framed later, Mr. Harding made no specific suggestions except that it follow the principle of protection.

Similarly, the President refrained from detailed recommendations on taxation, contenting himself with a general discussion of the situation with an added reminder that his party pledged itself in the last campaign to repeal the excess profits tax. He also recalled the campaign promise to organize a separate government department of public welfare, but made no recommendation whether a cabinet official should be placed at its head.

Asks Railroad Investigation.

Declaring that rates and operating expenses of the railroads must be lowered, Mr. Harding asked that Congress investigate the whole transportation problem. He recommended co-ordination of all governmental agencies dealing with former service men, strengthening of the federal laws affecting highway construction and maintenance, enactment of budget legislation and a congressional inquiry into lynching and race relations in general.

HARDWARE DEALERS MEET HERE MAY 10-15.

Hardware dealers of North and South Carolina will convene in Greensboro on May 10 when the 17th annual convention of the Hardware Association of the Carolinas will be held in this city. The convention will continue through May 13. A large number of delegates are expected to be present for the meeting and an interesting program has been arranged.

W. K. Holt, of Burlington, is president of the association.

CENTER.

The cold wave struck us rather hard.

Miss Carrie Hockett has returned from her school work at Archdale. The school at Sumner will be about one more month.

Miss Ruth Hockett, of the Western Union force, is spending a few days with homefolks here.

The fruit up to this cold spell was considered alright, but this cold spell may cause it to blight and drop.

Our pastor, Mrs. Hackney, is spending a few days with her daughter near Liberty. Her place was filled by O. L. Cox Sunday, who preached a good sermon, whose plea was for a clean life.

We regret to state that Mr. B. T. Marley is still indisposed. He is much missed at church and Sunday school.

A popular slogan is, have you marked your Ford yet? Several are making private marks on their cars so that in case the car is stolen policemen can be posted and they can detect the car on sight without arousing any suspicion. For instance, Mr. A goes over his car and makes a scratch here and there of a very small nature and makes a record of every one. Nuff said.

PLEASANT UNION.

The health of the community is very good at this writing.

Spring has suddenly changed to winter for the past few days.

We fear the fruit will all be killed yet.

The farmers are very busy plowing and getting ready to plant corn.

Mr. and Mrs. W. O. Causey spent Saturday night and Sunday with Mrs. Causey's parents, Mr. and Mrs. E. Brothers.

Miss Sadie Butler spent Saturday night with Miss Grace Coley.

Miss Wake Brothers was a welcome visitor at Mr. Thomas Neese's Sunday.

Miss Nellie Staley spent Saturday night and Sunday at Mr. Arthur Staley's.

Mr. Thomas Neese visited at Mr. J. H. Neese's Sunday evening.

Mr. John Layton visited at Mr. G. W. Staley's Sunday.

Miss Donnie Shaw visited at Mr. Eb. Brothers' Monday.

EXCLUSIVE AGENTS FOR HOOD TIRES.

MUST BE NATIONAL UNITY ON ALL RAILROADS.

Chicago, March 31.—Applying the conditions in other industries which lead to national agreements in the railroad industry, W. Jett Lauck, consulting economist for the railway unions, to-day presented voluminous argument in favor of national agreements on railroads. Mr. Lauck presented his testimony before the railroad labor board as part of the evidence in support of the unions' contention that the national agreements should be continued.

"Organization of employees as well as organization of unions has become nation wide because the industries themselves have become nation wide," Mr. Lauck said in presenting an exhibit on the movement toward national agreements.

Mr. Lauck declared that when both employers and employees were organized into bodies of national scope, the way to industrial peace was through national agreements.

"In no industry is it more important than in transportation that a sound basis for national unity be laid," Mr. Lauck declared. "That

the individual railroads should be consolidated into co-ordinated systems is clearly recognized in the transportation act by its provisions for combinations, the permission to pool purchases and the establishment of a national labor board."

Statistics and data covering the origin and operation of national agreements in the stove industry, glass bottle industry, pottery, clothing manufacturing and coal mining industries, and in typographical and electrical workers' unions were presented by Mr. Lauck. He traced the development of labor organizations from a local to a national scale and quoted labor historians as stating that no change in industrial technique had ever had so simultaneous an effect upon all industries as had the sudden extensions of markets due to the railroad consolidations of the fifties.

National agreement in other industries, he said, tended to show that industrial peace was attained by national agreement; that establishment of uniformity was socially important; that unions do observe their contracts; that national agreements must cover working condi-

tions; that trade agreements are not consistent with the open shop and that such trade agreements tended to humanize the industrial situation.

Mule Drill.

An Irish drill-sergeant was instructing some recruits in the mysteries of marching movements, and found great difficulty in getting a countryman of his to halt when the command was given. After explaining and illustrating several times, he approached the recruit, sized him up silently for a couple of minutes, and then demanded his name.

"Casey, sir," was the reply.

"Well, Casey, did ye ever drive a mule?"

"Yis, sor."

"What did ye say when you wanted him to stop?"

"Whoa."

The sergeant turned away and immediately put his squad in motion. After they had advanced a dozen yards or so he bawled out at the top of his lungs! "Squad, halt! Whoa, Casey!"—The Argonaut, San Francisco.

THE LATE J. F. JORDAN PROPERTY ON EDGEWORTH AND SPRING STREETS.

This property has been consigned to this Company by the owner, Mr. M. W. Gant, and will be sold on the above date at your price.

This is considered the best property that has ever been offered for sale at auction in the City of Greensboro, lying close in and in what is considered the best residential section in this city. This property has a frontage of 219 feet on North Edgeworth street, which makes three beautiful lots. It also has the same frontage on North Spring street, which will make four desirable residence lots. The residence has ten rooms with all modern conveniences, two bath rooms, laundry, steam heat, and an ideal sleeping porch. There is no better residence to be had in the city, located as it is in one of the most beautiful groves in the entire county. It will be well worth any one's time and consideration to look this property over before buying. Don't fail to attend this sale, as Greensboro is one of the best cities in the South, and property is enhancing in value by leaps and bounds, and it will only be a short time until it will double in value for the lucky one buying one or more of THESE BEAUTIFUL LOTS.

THE EQUALIZATION BILL.

We are informed that the impression is held by some citizens of the county that in the event the school equalization bill is ratified on Saturday by the voters, that the special district school taxes will continue to apply. We are glad to be able to furnish positive information on the subject and to correct the false impression.

Adoption of the proposed measure will do away with all special district school taxes in the county, this feature being incorporated in the bill as passed by the general assembly, and the section is quoted verbatim in the news columns of this issue.

In some sections of the county the citizens have, upon their own initiative, agreed to pay a higher rate of tax in order that their children might have better school advantages. In order to make such provision they were required to specify by definite boundaries the section to which such additional tax would apply, the rate of the tax and the proposition had to be approved by a majority of the voters of such community. In this way the special school districts originated and with the passing of years they have increased. The consequent result is quite natural and the remedy, as proposed by those in charge of the supervision of the rural public schools, is the elimination of special districts and the adoption of uniform taxes with uniform school facilities for the entire county.

The measure would give every section of the county comfortable school buildings, within reasonable walking distance of pupils, and manned by capable teachers. It would in no way interfere with the present operation of the schools, as the general school law would still govern and the local school committeemen would continue to control as heretofore.

The adoption of the measure will mark a forward step in the history of public education in Guilford county. It deserves and should receive the full support of every citizen interested in the cause of education, progress or the advancement of mankind.

AN AUSPICIOUS BEGINNING.

During the opening day of Congress on Monday there were over 1,000 bills introduced providing for the distribution of captured German guns and other war relics. Upon the opening day, it seems, the principal item on the mind of each member was to get a souvenir for the home town.

Cussing out the legislative bodies, the state assemblies or the national house of representatives, is a general and perhaps a pernicious habit. It is a priceless privilege of representative government, however, and few there be that can refrain from the practice of exercising the opportunity as occasion offers.

It does seem, however, with matters of such tremendous importance, matters of such significance demanding immediate consideration as to have justified the convening of a special session, that the hoppers of legislation should not have been flooded with a record breaking avalanche of minor bills that have as their purpose naught but self glory for the introducer.

Solution of the very serious federal tax problems, consideration of

the terms and treaty of peace with Germany, tariff revision, adequate provision for the wounded and cripples that captured those German guns, together with a score of urgent matters are requiring and demanding the immediate attention of Congress. The whole nation, the entire world, is waiting and watching with bated breath. The Republican party has promised relief to the people, and the people will not be content until an honest endeavor has been made toward bringing about some sort of relief from the present stringency of business and finance.

In the face of these needs Congress enters upon its stupendous tasks by proceeding to divide the spoils. Each member wants a cannon or a gun or a "dud," something to show the folks at home that he is "on the job." And the legislative channels are jammed with the excess traffic.

Who wouldn't cuss!

GETTING DOWN TO BUSINESS.

Development of the present week indicate that the committee appointed by the local Chamber of Commerce to take charge of the tobacco warehouse situation in Greensboro is going after the proposition with a vim and determination.

The committee is composed of men who are convinced of the seriousness of their task. They are men that do not lay down because a job appears difficult, but rather renew their efforts until success is attained. Negotiations begun this week give promise of two more warehouses for the marketing of tobacco during the approaching season, and such promises are encouraging.

Greensboro occupies a most enviable geographical position for the development of a tobacco market that would rival any in this section of the state. With the completion of the present good road plans, offering improved highways from every section of the county and connecting with the surrounding counties, Greensboro will be the place—provided a market is created where the producer may be assured that top notch prices can be secured.

The Chamber of Commerce committee can not do the job single-handed. It must receive the co-operation of the business men of Greensboro and the farmers of the county that are interested in the development of a first class and convenient market. All good citizens may wish for the success of the achievement, but it will require more than good wishes to put the proposition across.

HAYWOOD AND 79 OTHERS MUST SERVE TERMS.

Washington, April 11.—William D. Haywood and 79 other Industrial Workers of the World who were convicted before Federal Judge Landis at Chicago in 1918 of attempting to obstruct the government's prosecution of the war, must return to federal prison as a result of the refusal to-day of the Supreme court to review their conviction.

Haywood, a former secretary of the I. W. W., and 14 others were sentenced to 20 years each and fined sums ranging from \$20,000 to \$35,000. They, and others, were sent to the federal penitentiary at Leavenworth, Kan., but subsequently were released on bail bonds aggregating \$500,000 pending the outcome of their appeals.

The trial resulted from an extensive raid on the offices and homes of members of the I. W. W. conducted by the department of justice, September 5, 1917. A total of 166 men were brought into court on charges of violating the selective service and espionage acts, and 97 of them were convicted. Some of these served their sentences. In appealing to the Supreme court from decisions of the circuit court of appeals sustaining their convictions, the men argued that the principal evidence used against them at their trials were illegally obtained in that it was seized by federal agents during the raid without search warrants or other court order.

The buyers' strike might be called a sort of counter-revolution.—Chicago American Lumberman.

EITHER BRITT OR BYNUM AS PRITCHARD'S SUCCESSOR.

Asheville, April 11.—Friends here of James J. Britt, former congressman and former third assistant postmaster general in the Roosevelt administration, are going to back him for the position as judge of the United States Circuit Court of Appeals to succeed Judge Pritchard. There will also be another contender for the position, it is understood, Judge W. P. Bynum being presented by strong friends in Greensboro and Washington.

It is understood here that Judge Pritchard has expressed the wish on many occasions that should he die he wanted Mr. Britt appointed in his place. Mr. Britt is well qualified for the place, it is believed by his friends, and Asheville people regardless of politics would be pleased to see the former congressman land the place.

MINISTER KILLED BY A LARGE BOWLING.

Waynesville, April 11.—As the result of a large boulder, under which they were camping, crashing to the earth, Rev. Mr. Campbell, of Crosby, Tenn., was fatally injured and a relative by the name of Thomas, had a foot badly crushed. The two men were camping on Indian Creek and had retired for the night. Rev. Mr. Campbell was asleep and Mr. Thomas heard the boulder as it started to fall and was able to get out of the way in time to save his life. The rock was said to weigh about 2,000 pounds.

THE FORDSON

Fordson

TRADE MARK

-: SERVICE :-

There are many angles to Real Service!
To truly serve, a product must fill a Real Human Need!
It must be offered to the public at a price within the means of those to be most benefited.
Then it must be backed up by the maker and his agent, the dealer, so that it will always DO the work for which it was made.
Ford products have always measured up to these tests of service, and the Fordson Tractor is no exception to this rule.
In these days when products of the field command prices somewhat less than in the past there is nothing more important to the farmer than that he raise his crops more economically. In making it possible for him to do so the Fordson fills a Real Need.

Selling at a price so little above the cost of manufacture, because Mr. Ford's plants are organized on the most efficient basis, the Fordson is offered to the farmer at a price well within his means. It is capable of earning many, many times its own cost.

It is almost an axiom that Ford-made products always work. They are built right at the factory and they are kept right by thousands of Ford trained mechanics. Your Fordson Tractor can be repaired when necessary at almost every country cross-roads. Time is precious to the farmer at certain seasons. He can always be sure his Fordson will be ready to work. SERVICE! LET THE FORDSON PROVE IT TO YOU.

"Imperial" Disc Harrows!

We have the Model that is Best Suited to
Piedmont Section Farmers.

Seed Bed Preparation

This is important to your crop. Nature cannot and will not do its work unless man does his part. A Good Seed Bed means a quick, strong, vigorous growth of Plants.

The time to prepare a seed bed is BEFORE planting. It can't be done afterwards. THE IMPERIAL DISC HARROW does the work. It has no equal in construction. Is the lightest draft. The Harrow for you to buy. Come in, look it over—an inspection is convincing.

SELLERS SPDCIAL CABINET TUES-
DAY ONLY \$49.00.

On Tuesday the Merchants of Greensboro are determined to sell One Million Dollars, and this firm has taken Five Thousand as our share of this amount. We realize that to sell Five Thousand retail in one day is no small undertaking, but for this day we are going to forget costs, and show the public just what kind of a store we have.

WE HAVE THE GOODS TO MAKE A \$5,000.00 DAY, AND WE HAVE THE PRICE THAT WILL CERTAINLY PUT IT OVER.

A few of the hundreds of values which we are putting on for this day only which are quoted below will show that an opportunity for buying Furniture, such as we are offering, does not come often.

Remember, these prices are for Tuesday only, and under no condition will they hold longer than Tuesday evening at 6 o'clock, for to continue them would mean ruination to us, or any other firm. If you are not ready for the goods to be delivered, make your selections and pay twenty per cent of the bill, and we will hold them two weeks for you.

TAR HEEL OPINION OF THE PRESIDENT'S MESSAGE.

Washington, April 12.—Greeted with acclaim by the Republicans, boosted as a wonderful utterance by Republican papers, the first message of President Harding to the 67th Congress assembled now in extra session, evoked no praise from the North Carolina members of Congress, all Democrats. Coming direct from the reading of the message by the President in person, the North Carolinians were asked for an expression of their views, and these they gave briefly. That the message as to international affairs is a vague and nebulous affair is the consensus of opinion, that President Harding is still apparently in the dark as to the final attitude he is going to take is the view taken. That he seems to have the idea that America should be heir to all the accomplishments of the Versailles pact without our taking on the responsibilities is the opinion that is given.

Here is briefly what the North Carolina members have to say of the message:

Senator Overman: "The message of President Harding was full of platitudes. As to the league of nations nobody even now knows exactly what he will do."

Senator Simmons: "I was very much disappointed in what he had to say of the league of nations. I had expected him to present some concrete plan for our consideration, some plan for our part in stabilizing world affairs and bringing about peace in co-operation with our allies. Instead we have some platitudes about his willingness to co-operate without outlining any definite plan. The substance of all he had to say on this subject was that he will 'scrap' the league and have nothing to do with it. The balance of the message was interesting along lines expected. Some things suggested were very good and I presume that some of the legislation he intimates he favors will be passed with the co-operation of both parties while some will meet vigorous opposition."

Representative Claude Kitchin: "About as good as could be expected from a Republican. That is all I care to say."

Representative Brinson: "If anybody can tell exactly what the President means in his discussion of the league of nations I would like to know it. He was vague. So far as the present league he would appear to hold it as dead, and would not have us ratify. And then he suggests the very things that are in the league in some sort of an agreement. Other parts of his message had in it good Republican doctrine on the tariff of protection, against the excess profit tax and presumably for a tax on cross sales, a tax on the average citizen while going easy on the rich, and the profiteers, by cutting out the excess profits tax."

Representative Hallett S. Ward: "What he had to say as to the league of nations I can't for the life of me get at clearly. He objects to the present league with Article X, which is the part that gives strength to the league, but then does not want it even with that article out. He belabors any ideas he may have with a multiplicity of words. He wants a league of some sort with no force to it. Then as to what he says as to the racial question, his proposition for an inter-racial commission of five whites and five negroes. It seems to me that he is after getting the applause of some of the wealthy negroes more than anything else by his statement as to that matter."

Representative Charles M. Stedman: "I do not think that any one can understand exactly what the President means concerning his position on the league of nations. His ideas as to that seem all confused."

Representative Homer L. Lyon: "I will have to read the message over to get ideas exactly as to what he means in certain matters. It was a very pretty speech, but mighty little said, a beautiful talk, without saying much. I can't tell his position on the league, for it is still wiggly and wobble. It is not a message that one can find much in except a reiteration of Republican policies."

Representative William C. Hammer: "I think it is the most platitudinous message ever given. He would cut off expenses to the rich and put the burden on the poor. It is an anomalous and paradoxical message. He advocates reducing expenses and then offers a program that will increase them. As to the league of nations he appears all mixed up. It is about as good as was to be expected. He speaks of the high cost of living being affected by government expenses but he does not tell us how to cut down expenses."

Representative A. L. Bulwinkle: "The message was just in line with the promises of Candidate Harding in his address during the campaign. There was nothing definite in the program which he offered for the peace of nations or for the association of nations."

Representative Zebulon Weaver: "It was a bundle of absurd propositions as I view them. I was very much disappointed with the position that he took as to the peace of the world."

REPUBLICANS DRIVEN OUT OF COMMITTEE ROOM?

The Republicans, who do not like to be bossed, are speaking out against the hog combine meeting of pie distributors who met in Greensboro last week. Mr. H. W. Jewell, of Salisbury, is the last Republican to speak his mind. Writing to the Salisbury Evening Post, Mr. Jewell says:

"The meeting opened with Republicans from all parts of the state and Senator Butler and Hon. I. M. Meekins addressed the meeting very gently and appealed to the committee for peace and union for the Republican party and offered their following to the Republican organization. It seemed to meet the approval of the Republicans. Mr. John Motley Morehead fired up and said, 'all Republicans were going to hell.' Mr. Whitener followed by saying the Republicans were not going to hell, and from my opinion the acts of the committee has barred the Republican party in North Carolina for all time to come, as we, the Republicans of North Carolina, have stood for freedom and free speech. Remember how President Wilson was criticized for prohibiting free speech in war time. Now our Republican committee prohibits the free speech of every Republican in North Carolina who was asking for office. By this act I say it is not only the duty of office-seekers to go to Washington but it is the duty of every voting Republican in the state of North Carolina to go

and stand for his liberty. Have we, true Americans, forgotten the bloody battle of our forefathers at Kings Mountain, that their sons might have liberty and speech and equal rights to all and special privileges to none? Now, was not the Republicans of North Carolina driven out of the committee room at Greensboro and the door locked, and watchmen placed at the door? May God forbid slavery of any race or color. I feel it is now time for every voting Republican in North Carolina to show up, or hush up. I again say that if we, the Republicans of Rowan county and state, of North Carolina, have fallen so low that the Honorable Democrat chair must be filled by foreigners such places as T. H. Vanderford, a high-class Christian Democrat, I say carry out President Taft's plan, let Honorable Democrats remain in their chair, if the Christians and Republicans don't contest such appointments I have cast my last dollar in any Protestant order in North Carolina, as we denied the faith, and worse than infidels, so says the Bible. We know that the old Republican party was killed by placing the colored population in office in the state of North Carolina. Now we have preached the Republican's funeral by Russians of Poland by putting them in office over true-Americans. We have spent millions of dollars in North Carolina in churches in honor of Christ and if we North Carolinians pass this up, I move that we close our church doors and give our Protestant assessments to the public schools of North Carolina, that our children may be taught better than we were. I myself am on easy street and have my own office and no boss. 'God is my Shepherd and I shall not want,' and may we Republicans again meet in Washington."

DOROTHY WILL HAVE NO TROUBLE IN CASHING CHECK.

Trenton, N. J., March 31.—Dorothy Miller, sixteen years old, who offered to marry any man who met her requirements and would give \$1,000 for an operation on her mother, was over-joyed tonight when she was informed that a well-to-do man in St. Paul had announced he was mailing her a \$1,000 certified check, and that the girl would not have to marry him to cash it. The man did not reveal his identity. "If this is true," said the girl's mother to the reporter, "I believe I won't need any operation, but will die of happiness."

Now that prohibition has been such a success it should be given a fair trial.—New York American.

NOTICE OF SCHOOL ELECTION.

The General Assembly of North Carolina having ratified on the twenty-first day of February, 1921, "An act to equalize school advantages in Guilford county, North Carolina," and the County Board of Education in accordance with Section 1 of said act having written a request for an election to be held, it is ordered that the election be held on Saturday, April 16, 1921, to ascertain the will of the people whether all special school taxes in Guilford county outside of the city of Greensboro and the township of High Point be repealed and that an additional tax of not exceeding ten cents on the one hundred dollar valuation of property for building purposes and not exceeding fifteen cents for school maintenance be annually levied and collected in all of Guilford county with the exception of the city of Greensboro and the township of High Point. That a said election those who favor equalizing school advantages in Guilford county by abolishing all local taxes and substituting in their stead a county wide tax shall vote a ballot on which shall be written or printed the words "Additional school tax," and those who oppose the same shall be written or printed the words "Against additional school tax."

A new registration is hereby ordered and the election will be held at the established voting places in all the townships except Morehead and Glimmer. In Glimmer township the voting precincts will be the established precincts of Proximity, Revolution and White Oak, and the remainder of Glimmer township outside the city of Greensboro is divided into two voting precincts as follows: The remaining part of said township north of the school district boundary of the Bessemer school building; that part of South Buffalo school building; All of Morehead township outside of the city of Greensboro north of West Market Street Extension will vote at Melver school building; all south of West Market Street Extension outside the city of Greensboro will vote at Pomonas school building.

The registration books will open Friday, March 11, and close at sundown Saturday, April 2. The following are appointed registrars:

Type of Hart-Parr 30 motor same as twenty years ago

The motor is the heart of a tractor. It is the source of power, and you buy a tractor for power only.

The motor that was used in Old Hart-Parr No. 1, built in 1901, was fundamentally the same type of motor that is used in the Hart-Parr 30 of today. It is built in the Hart-Parr factory and had they found a type that was better for tractor power they would build it.

For a long time Hart-Parr Company have had out a questionnaire asking for arguments for the two-cylinder and four-cylinder type of motor in a tractor. To date it stands as follows:

ADVANTAGES OF HART-PARR 30 TWO CYLINDER TWIN MOTOR.

1. Less engine experience needed to operate.
2. Handles kerosene better.
3. More accessible.
4. Lower cost per horse power.
5. Half the ignition trouble.
6. Half the valve trouble.
7. Only two main bearings. Cannot get out of line and break crank shaft.
8. Few bearings, and these may be oiled by mechanical oiler.
9. Less gearing because of lower engine speed and less reduction.
10. Best type of bearing may be used because of less reduction to wheels.
11. Less power lost in transmission.
12. Less jacket walls on cylinder, hence more uniform cooling.
13. Easier to cool with radiator.
14. Sturdier, more rugged parts.
15. Slower speed, hence life.
16. Less wearing parts.
17. Heavy duty engines have always been one or two cylinders.
18. With cranks at 180 degrees, they may be very well balanced.
19. Similar to stationary engine.
20. Better belt power.

Many of the old Hart-Parr tractors that have been in service for twenty years are still going strong. The great reason for this is the quality of the parts and the way they are made.

MAKE A LIST OF FOUR-CYLINDER ADVANTAGES IN COMPARISON.

Can you doubt the evidence that is shown in this comparison and by the superior performance of the Hart-Parr 30 on the farms of thousands of owners? Let us show you the tractor or send you literature. Buy now—You may not be able to get one on short notice.
