COUNTY REPUBLICANS HELD PIE FEAST SATURDAY

CAUCUS NOMINATED CANDIDATES TO BE RECIPIENTS OF LOCAL APPOINTMENTS.

Distribution of federal pie in Guilford county was formally performed Saturday afternoon at a ball meeting of the county executive committee of the Republican party and the nominees of the caucus will be presented to the Harding administration as the local choice of the dominant party committeemen. The session consumed three hours and was attended by 38 of the 40 committeemen, together with delegations representing various aspirants.

J. Byan White was nominated for the Greensboro postoffice. O. R. York for the same position in High Point; Mrs. N. R. Wood to be postmistress at Gibsonville; J. G. Frazer at Guilford College; C. R. Bowman at Oak Ridge and J. W. Vaughn at Stokesdale. The Greensboro and High Point offices precipitated lively fights but the committee decisions, apparently formed even before the meeting was called, were not influenced to the slightest degree by voluminous discussions and flights of oratory expended in behalf of out-siders who presumed to offer their services for the good of the government.

R. C. Chandley, J. Byron White and J. H. Armfield were presented for the Greensboro office. Each candidate was highly endorsed by the nominators, and each was entitled to this choice slice according to their champion's opinion. Mr. Chandley was nominated by L. D. Mendenhall; B. C. Campbell presented Mr. White, while R. L. Blaylock placed before the assembly the name of J. H. Armfield. Mr. White received 22 votes. Mr. Chandley got 11, while the total for Mr. Armfield was 0.

Three names were suggested for the High Point assignment, they being D. R. Young, C. C. Robbins and A. A. Holton. The High Point discussion was bitterly contested, York and Robbins each having a following of ardent supporters. A. F. Estelman presented Mr. York. Mr. Robbins and Mr. Holton made their own presentations. The final vote of the committee was 34 for York and four for Robbins.

Before adjournment the committee adopted a resolution, offered by Charles D. Cobb, of McLeansville, requesting the county highway commission to change the Gibsonville road via of McLeansville. The resolution was as follows:

"That we pray to your honorable commission that the hard surface road between Greensboro and Gibsonville be built in the most direct line which is to the railroad crossing at South Buffalo creek and thence on the north side of the railroad and along with said railroad in the most direct line to Gibsonville.

"This is the most direct and the most economical route from the fact that it is the shortest route, that there will be no bridges with one exception, that the grading is less, that it is along the line of the railroad and in agreement with the policy of the federal government and will thus pass through a railroad village of McLeansville, it will eliminate dangerous railroad crossings and attendant accident."

RAID IN SUMNER YIELDS BIG STILL AND THREE MEN.

Frank Lethco, W. L. Walker and O. C. Alfred, all of Sumner township, were arrested and a blockade disarming plant of over 50 gallons capacity was confiscated as the result of a raid made early Tuesday morning in good old Sumner by Officers Brown, Caffey, Clark and Johnson. A large quantity of beer, together with several quarts of corn liquor were found and poured out by the officers.

The three men were caught early Tuesday morning at a point near the Greensboro-Randleman highway, about nine miles from this city. They offered no resistance and came to town with the officers. Following their arrival in Greensboro the men were carried before D. H. Collins, J. P., each of the defendants waiting a preliminary trial. Bonds were fixed at \$500 each.

MOTION HEARD IN TINSLEY CASE IN SUPERIOR COURT.

Judge T. B. Finley, presiding over Superior court, signed an order Saturday morning granting Mrs. Anne S. Tinsley an allowance of \$100 per month for expenses and decreed that her husband, C. J. Tinsley, should provide a reasonable amount for the subsistence of the plaintiff and her child pending the trial of the divorce suit which was docketed in the Superior court several weeks ago. The petition of the plaintiff for an allowance was presented by R. R. King and Dr. Dred Peacock, the defendant being represented by Judge W. P. Bynum, Judge R. C. Strudwick and S. S. Alderman. The arguments consumed most of Saturday morning's session.

The case of W. W. Neal vs. Southern Railway Company, begun Thursday morning, resulted in the plaintiff being awarded no damages. Mr. Neal asked \$1,000 as the result of his automobile being wrecked last year at the West Market street crossing in this city.

Florence C. Crutchfield, administratrix of Roscoe Crutchfield, recovered \$3,500 from the North Carolina Public Service Company as the result of the killing of her intestate by the defendant.

The hearing of motions was taken up Friday morning and no jury cases were heard during the day.

MEMORIAL SERVICE HELD FOR LATE JOHN N. STAPLES.

Beautiful tributes were paid to the memory of the late Col. John N. Staples by members of the Guilford county bar at the memorial service held Saturday afternoon at 3 o'clock for the purpose of paying respects to the departed member of the local bar. R. R. King acted as chairman of the meeting, O. C. Cox serving as secretary.

Judge W. P. Bynum, chairman of the resolutions committee, offered resolutions drafted by the committee, which were unanimously adopted. The committee was composed of Judge Bynum, O. L. Sapp and Thomas C. Hoyle.

Brief yet touching talks were made concerning the life and career of Col. Staples by various members of the bar. His genial disposition, his love for his fellow man and his malice toward none, his fine legal mind and his intellectual attainments were characteristics that were especially emphasized by his surviving associates. Col. G. Sam Bradshaw, R. R. King and Judge Bynum each made brief talks after the resolutions were formally presented.

JUDGE FERGUSON PRESIDING AT GUILFORD SUPERIOR COURT.

Judge Garland S. Ferguson, of Waynesville, opened the term of Superior court which convened this morning at 10 o'clock for the trial of criminal cases. Solicitor John C. Bower was on hand to prosecute for the state. Mr. Bower suffered a slight break down a few weeks ago and he spent two weeks in a Baltimore hospital. He appears to have made a complete recovery of health.

Over 100 cases are listed on the criminal docket for trial this week. About 20 defendants are in jail, the remainder being out on bond. The jail cases will be called first and the bond cases will be tried after the jail has been cleaned out.

Judge T. B. Finley was scheduled to have presided over the term this week but he secured Judge Ferguson to relieve him. The commission signed by Governor Morrison authorizing Judge Ferguson was received by the clerk of the Superior court Friday morning. Judge Ferguson writing Saturday that he would be here to-day.

Stafford-Cherry Engagement.

Announcement has been made by Mayor and Mrs. E. J. Stafford of the engagement and approaching marriage of their daughter, Mildred, to Robert Gregg Cherry, of Gastonia. The wedding will occur in June.

Miss Stafford is an accomplished and attractive member of the young social set of this city and has a wide acquaintance of admiring friends. Mr. Cherry is engaged in the practice of law at Gastonia and is mayor of that thriving city.

STATE HIGHWAY BOARD POSTS SELECTED ROUTES

OBJECTION TO THE PROPOSED ROUTES MUST BE FILED WITHIN 60 DAYS.

The state highway commission of North Carolina has posted in the lobby of the county court house a blue print indicating the routes tentatively selected by that body for the state highway passing through Guilford county. Unless formal objection is filed by the county governing board within 60 days, the routes as shown on the map will be permanently adopted and the state will take over the maintenance of such roads.

There are seven roads embraced in the system applying to Guilford county. They are: Greensboro-Reldsville; Greensboro-Julian and Liberty; Greensboro-Randleman-Asheboro; Greensboro-High Point; Greensboro-Winston-Salem; Greensboro-Gibsonville and the Reldsville, Stokesdale-Winston-Salem highway.

It appears from the map that the state board has changed from its original opinion as to the routing of the Greensboro-Gibsonville road. Chairman Henry Page had heretofore intimated a firm intention of changing this road via McLeansville, leaving the old route just before the Buffalo grade crossing and running to Gibsonville on the left hand side of the railway tracks. This would eliminate the dangerous crossing and it is also claimed that many steep grades would be avoided. The old road has long been established as the principal highway to Gibsonville, and it is believed that the change will be approved by a majority of people living in that section of the county who are interested in the route.

There has been considerable agitation concerning a proposed change of the Greensboro-Winston-Salem road relative to a change of route so that the road would cross the railway tracks east of Colfax, instead of west, as at present. There is no change in the present route as indicated on the highway map.

A GOOD HIGHWAY FROM THIS CITY TO SANFORD IS URGED.

The Greensboro Merchants' Association has started an enthusiastic movement favoring the development of a state highway of improved type leading from Greensboro to Sanford. The proposed route would go via Bonlee and would follow the tracks of the Atlantic and Yadkin Valley railroad.

Randolph and Chatham counties have indicated a willingness to cooperate with Greensboro and Guilford county citizens in pushing the cause to completion. The section which would be penetrated by the proposed road is a productive and wealthy farming country, interspersed with a number of promising towns, but there is no direct road that can be easily traversed leading in this direction. A strong plea will be made to the state highway commission to take over the project and develop a first class highway along this route.

SOUTHEASTERN EXPRESS CO. BEGAN BUSINESS MAY 1.

The Southeastern Express Company took charge of the express business on the lines of the Southern Railway Company, the Mobile and Ohio and the Chesapeake Steamship Company yesterday. The arrangements of transferring the service to a new company were completed without any interruption of the service. The personnel of the local office is practically unchanged.

J. R. Sowers will be assistant superintendent in the Greensboro office; J. R. Parks, Jr., agent; C. T. Mabry, assistant agent; B. Sheldon, route agent.

Funeral of Miss Hobbs.

Funeral services for Miss Margaret Hobbs, who died late Saturday night at her home in White Oak, were held yesterday afternoon at 4 o'clock. The service was conducted by Rev. J. M. Morgan, Rev. J. Z. Crutchfield and Rev. T. T. Clapp. Burial followed in Greene Hill cemetery.

CITY ELECTION TOMORROW AND CANDIDATES HUSTLE

FOURTEEN MEN ARE WORKING AND THERE ARE EVIDENCES OF MUCH POLITICS.

The fourteen candidates for the city council board, seven of whom will be selected in the general election to be held tomorrow, are busily engaged in presenting their cause to the voters and the interest in the election is increasing daily. While the salary attached to the office is slight, not enough to cause a big racket, one would think, yet the lure of victory seems to be forcing the entries on and they are displaying more enthusiasm than is usually evidenced in the municipal election. Wherever two or more men gather on Elm street the conversation for the past several days has eventually drifted to the municipal election. With seven men to choose, most every fellow has at least a few that suits his friend. For this reason practically all have a few candidates in common and that keeps down fever heat to a certain extent.

After the council has been elected, the principal task to be performed will be election of a city manager. Other men to be selected by the council will be a city tax collector, municipal judge, solicitor, chief of police and various other less important offices. Rumors are floating that pre-election slates have been prepared, various appointments having been tendered to certain individuals, provided the right candidate was elected. While the reward is not great and the honor small, the race is waxing speedy and the runners are displaying quite much pep.

GREENSBORO HIGHS WON SOUTH ATLANTIC CONTEST.

Greensboro high school boys won first place in the South Atlantic track meet held last week in Tuscaloosa, Ala., according to announcement received here Saturday from William York, coach of the local team. High school athletes numbering 174 and representing schools from four southern states participated in the event and the success of the local team is regarded as a signal victory. A loving cup was presented to the Greensboro team and medals to the individual winners of first place in the various entries.

The Greensboro boys who made the trip were as follows: Garland Daniel, high jump man and disc thrower; Theodore Koenig, 100, 220 and 440-yard runner; James Hendrix, broad jumper and relay runner; Andrew Bell, one-mile runner; William Clary and James Wilkins, relay runners, and Frank Clark, high hurdle runner.

MRS. S. J. SCOTT DIED EARLY THIS MORNING.

Mrs. Scott was a splendid woman and her passing will be lamented by a wide circle of friends. For the past several years she has assisted her husband, superintendent of the county home, and as matron of the institution she had labored with unflinching zeal to add cheer and comfort for the inmates of the home. The accident occurred when young Mr. Bouldin stepped from a car at the corner of Summit avenue and Percy street. He was conveyed to a local hospital and after an examination it was stated his skull was fractured at the base of the right side of the brain and that he had also sustained internal injuries.

Eye witnesses to the deplorable affair stated that Mr. Bouldin dropped a coin as he stepped from the machine and that he stooped to pick it up. P. J. PENSION RE-APPEARS AFTER BEING KIDNAPPED

IN SEMI-CONSCIOUS AND HALF STARVED CONDITION HE WAS FOUND YESTERDAY.

P. J. Pension, who disappeared late last Monday evening from the Piedmont dairy, near Glenwood, and for whom diligent search had been made for several days past, reappeared early Sunday morning in the yard of his father-in-law, I. F. Bennett, on the Battle Ground road. When discovered Mr. Pension appeared to be semi-conscious and half starved.

Mr. Pension seemed to gain control of his faculties later in the day and he explained his sudden disappearance. He told members of his family and Sheriff D. B. Stafford that he was picked up by four men while he passed through a woods near the Piedmont dairy; that he was placed in a Ford automobile and driven toward the Texas Oil Company plant. While in the car he was forced to drink a liquid that he later lost consciousness. He awoke in a barn, his hands and feet both tied, and he remained there without food or drink until Saturday night. He stated that the four men returned Saturday night, one of them making the statement, "They are raising so much hell about you guess we had better take you home." He was driven to the home of Mr. Bennett early Sunday and was thrown into a ditch by his kidnappers. He had just managed to crawl near the front porch when a brother-in-law, J. W. Bennett, came from the house and found him.

The strange case of Mr. Pension's disappearance has caused considerable interest throughout the county. When news of his safe arrival was spread yesterday there were hundreds of visitors at the Bennett home to extend good wishes to him and his family. Mr. Pension bears a splendid reputation and was not known to have had any enemies.

M. W. THOMAS SUFFERED A BROKEN LEG FROM FALL.

M. He was brought to this city and conveyed to a hospital, where he is reported to be in a serious condition.

Mrs. Crutchfield has many friends that will be interested to learn of her marriage. She was educated at Greensboro College and for the past two years has been with the Bradstreet Company in this city.

AMERICA SEEKS NO TRIBUTE FROM OTHER NATIONS.

Norfolk, Va., April 28.—Standing beneath the 14-inch guns of the super-dreadnought Pennsylvania, flagship of the Atlantic fleet, President Harding served notice to-day that the United States desires no territorial acquisition, seeks no tribute from other nations, but will protect unflinchingly that which is its own.

His remarks were addressed to the officers of the first line of defense in eastern waters, the eleven great war battleships and their supporting units, that earlier in the morning had passed up Hampton roads on the return from the spring manoeuvres at Guantanamo. The President, accompanied by Secretary of the Navy Denby, reviewed the homecoming squadron from his yacht, the Mayflower, anchored off the Thimble Shoals Light, in waters hallowed by American naval history and tradition.

The Atlantic fleet, joined by three vessels that had preceded the main group and the submarines that have been operating near east coast bases, numbered forty-seven warships, without mine layers and smaller craft. Besides the eleven battleships were eighteen destroyers and eighteen submarines, the entire armada taking an hour and five minutes to pass the presidential yacht.

Will Protect Its Own.

"You live and breathe the spirit of this republic," said the President. The United States does not want anything on earth that does not rightfully belong to us, no territories, no payment of tribute. But we do want that which is rightfully ours own, and by the eternal we have to have it!

"You of the navy are the first line of defense. I wish you might never be compelled to fire a gun in war, and I believe that if all the governments on earth were impelled by the same motives as our own is, this world would be at peace forever starting with to-day. But I would not want peace without honor. I would not want peace without the consciousness that America is doing right, and is protecting its citizenship in the most effective way.

"Officers of the navy, I bid you make ours the most efficient, conscientious and effective navy in the service of any country. I pledge you in return the conscience and the confidence of 110,000,000 people. I want to join with you in providing for our country a righteous, just and unflinching defense, and to that program, every patriotic American can unflinchingly subscribe."

The President's remarks came as the climax of a day filled with spectacular events. The Atlantic fleet had not passed in such a review since its last concentration in the North River in 1915.

MOB VIOLENCE RAMPANT IN PARTS OF GEORGIA.

Atlanta, Ga., April 28.—Mob violence against negroes in another Georgia county was brought to light to-day when a letter from the sheriff of a county in southwestern Georgia was made public in reply to one from Governor Dorsey asking verification of charges that three negroes had been lynched, one an old negro woman who was thrown into a creek and drowned.

Names were withheld at the capitol pending an investigation into the situation, which the sheriff said had been "very bad" but which he declared was improving as a result of efforts of himself and the sheriffs of three nearby counties whom he called to his aid.

"Mobs were riding every night, beating and killing negroes; according to an appeal the governor recently received from a negro who said he had fled from the county, after the old negro woman had been drowned. Her relatives were afraid, it was said, to remove her body from the creek for burial. The sheriff's letter, telling of steps he had taken and declaring that conditions had improved, said the trouble started on the killing of a constable by a negro.

"The negro that killed him just murdered him for no cause at all and the same negro the next day shot another man that was feeding some hogs on the river bank," said the sheriff. He declared the constable was a man who held the respect of his neighbors and that he had frequently served capably as a deputy sheriff.

GERMANY'S TERMS NOT SATISFACTORY TO ALLIES.

Paris, April 28.—"The German propositions are absolutely unacceptable and made under such conditions as to justify us in doubting Germany's good faith." Premier Briant declared to press correspondents here this evening. He added: "The presence of Americans in our councils would help immensely in the settlement of many questions."

"The German government is unable to rid itself of the reactionary element that dominates its policy. Well, we are going to help them get rid of that element and we are going to do it in the right manner."

Thanks U. S. For Its Attitude.

London, April 28.—It was announced by Reuters Limited today it had learned that France had instructed Ambassador Jusserand, in Washington, to thank the United States government "for its assurance that the United States would not deliver the German reparations note without the approval of the allies."

France added, says the news agency, that it could not approve the proposals or see in them a basis for probable settlement.

Lloyd George Declares Proposals Unsatisfactory.

London, April 28.—Mr. Lloyd George, the prime minister, speaking in the house of commons today on Germany's reparations proposals, said:

"I very much regret to say that they are thoroughly unsatisfactory, and I wish it had been possible for me to say that they alter the situation."

"They are being examined very carefully, with the other proposals at this moment by the financial experts of all the allies who are in London," continued Mr. Lloyd George. "Therefore, I would be very sorry to express a definite opinion, but I am afraid there is general unanimity as to the complete inadequacy of the proposals made by the German government."

The prime minister said that detailed plans for the occupation of the Westphalian coal fields were being examined by the conference of allied experts and that the reports of these experts would be laid before the inter-allied conference to be held Saturday.

Mr. Lloyd George added that he doubted a decision by the supreme council would be taken before Monday or Tuesday of next week.

Mr. Lloyd George declared that the British government was committed to action, so far as the Westphalian coal fields were concerned, if the German reparations proposals were unsatisfactory. He added:

"It is not for me to say whether another opportunity will be given Germany or not."

CONFIRMATION OF BLAIR IS HELD UP BY JOHNSON.

Washington, April 28.—In a spirit of revenge Senator Hiram Johnson, of California, has held up the confirmation of David H. Blair for commissioner of internal revenue. Mr. Johnson asked that nothing be done in this matter until he arrives here from New York tomorrow.

The reason assigned for this action was that Blair was one of the delegates pledged to Johnson for the presidency by the North Carolina primary but later "sold out" to Harding.

In writing from Chicago June 14,

last, a correspondent said:

"Mr. Johnson said that he would pay this respects to North Carolina and other states in which he won primaries, but from which he received no votes."

This is the first opportunity Mr. Johnson has had to carry out that threat. Mr. Blair is the one to feel his lash.

Mr. Blair will be confirmed but he may bear a tongue lashing from Roaring Hiram.

Morehead Took Lead.

Republican National Committee-man Morehead opposed the proposition to give Johnson a complimentary vote at Chicago. In this stand he was supported by Mr. Blair and others of the Tar Heel delegation. For this he must answer to the Californian.

It was stated today that Mr. Johnson will throw bricks at everyone of the North Carolinians who refused to vote for him at Chicago, if their names go to the senate. He can delay confirmation but not prevent them.

"Mr. Johnson said that he would Carolina delegation to the national convention was legally bound to him. He charged at the time that they sold out and he will repeat the charge in the senate when he discusses the Blair nominations."

It is contended by Johnson that he carried North Carolina by about 12,000 over General Wood. Under the state primary laws, he holds the delegation was compelled to vote for his nomination.

Fierce Rumpus at Chicago.

There was a fierce rumpus when the North Carolinians reached Chicago. They proposed a compromise whereby half of them would vote for Johnson and the remainder for Wood. The suggestion was indignantly rejected by Johnson.

Later, while en route to California, Johnson declared he would avail himself of every opportunity to get even with the North Carolina delegation and would keep on the job as long as he lived.

Johnson was leaving the city when the nomination of Blair came in. He did not request Borah, Norris, Kenyon or any of his closest friends to hold up action until his return. Instead he consulted the prohibition leaders, who were carefully investigating the availability of Blair, and asked them to await his arrival on the scene before taking action. The prohibition element has found Blair all right. He is perfectly acceptable to all of them, including Wayne B. Wheeler and the Anti-Saloon League.

ITALY IS BACKING UP THE UNITED STATES.

Washington, April 29.—Complete agreement with the position of the United States in regard to the island of Yap as expressed by Secretary Hughes in his notes to the four principal allied powers is expressed in a note delivered to the state department today by the Italian ambassador.

The Italian government said it was convinced that the United States was seeking no privilege in Yap not granted to other nations and it offered Italy's co-operation to restore equality to the world.

"Italy is also convinced that the United States intends to protect their interests in the island of Yap with full consideration for the interests of other nations," the note declared, adding that "Italy, therefore, has not hesitated to express herself in a way which completely agrees with the text of the American note of the fifth of April con-

cerning the equality of rights among mandatories in the exercise of their mandates."

No Exclusive Privilege.

The full text of the Italian note follows:

"Italy is fully convinced that the United States are not asking for any privilege in the island of Yap which is not equally granted to every other nation, including Japan. Italy is also convinced that the United States intend to protect their interests in the island of Yap with full consideration for the interest of other nations."

"Italy, therefore, has not hesitated to express herself in a way which completely agrees with the text of the American note of the fifth of April, inst., concerning the equality of rights among mandatories in the exercise of their mandates."

"Italy wishes and trusts that the just rights of everybody concerned be recognized always and everywhere, in the island of Yap as well as in every other place and circumstance, with perfect equality and justice."

Glad to Co-operate.

"Italy seconded the Anglo-French proposal which confided the study of the Yap question to the juridical committee and the conference of embassadors in Paris and she now expects that the conference will pronounce itself with equanimity in such a way as to eliminate every possibility of disagreement and to conciliate all conflicting interests."

"Italy is particularly glad whenever the moral policies of the two governments and the material interests of the two nations agree in such a way as to put Italy and the United States in a position to co-operate towards the attainment of the common end, which consists in the realization of an era of serene peace and prosperity for the civilized world."

Vegetables Raised and "Lifted."

A certain general had planted a vegetable garden to the rear of his quarters. He had tried several gardeners, with more or less success, when a former soldier, the owner of a profitable truck-garden near the post, offered his services. The general engaged him, and in due course the garden looked flourishing, but few vegetables found their way to the general's table. As the end of the season approached, the general began a quiet investigation and was immediately confronted with a resignation and request for a letter of recommendation. He was a kindly but very conscientious man, and the recommendation was as follows: "This man succeeded in getting more out of my garden than any other gardener I have ever employed."—The Argonaut, San Francisco.

HERE'S LOOKING FOR THAT DAY

J. Elwood Cox, speaking last week as a member of the state highway commission, predicted that ere the passing of 1922, North Carolina will have a hard surface highway leading from Johnson county in the east to Mecklenburg county, a continuous stretch of over 200 miles. While Mr. Cox may have been slightly influenced by optimism, he is primarily a conservative man, not given to idle ruminations, and his statement was received by people throughout this entire section of the state as most interesting and pleasing information. Over fifty miles of the proposed route have already been completed by the individual counties, leaving approximately three-fourths of the task yet to be accomplished.

Travel is a very important element of any person's finished education. There is no place that is better for North Carolinians to travel in than their own native state. It will be an auspicious day, indeed, when pa can crank his flivver, pile the old lady and the kids around him, and leaving Jessup town after sup up, journey at a leisurely pace and revel in the glorious scenery of the "Land of the Sky" before noon. Or, for a citizen of Kedsersville, overcome and fatigued with the strain of city life, to turn the wheels of his motor eastward, spin over an uninterrupted stretch of paved road and enjoy an afternoon dip in the surf at Wrightsville. The word "auspicious" is totally inadequate to appropriately term the dawning of such a day. In fact, there is no word within our grasp that would fit the occasion.

There can be no doubt, however, that such a day is approaching in North Carolina. It is approaching with more and more certainty and its arrival will be one of the great events in the glorious history of the Old North State.

REPUBLICAN PROMISES SLOW TO MATERIALIZE.

Promises of world-wide prosperity and the immediate cure of all earthly ills, made by the Republican party before its advent to power last fall, are materializing slowly. In fact, the only evidence that thought is being given by Republican leaders to such momentous matters is their extreme haste in filling every office with party faithfuls. Perhaps, when every Democrat, whether in civil service or by mere executive appointment, has been removed from office and his place filled by Republican pie-hunters, we may expect a beginning of national legislation looking toward relief from a situation which has failed to improve during the first six months of G. O. P. domination.

Congress is now in session but its activities appear to be limited to matters of personal interest or gain to the individuals composing that body. Press dispatches indicate that Hiram Johnson, the irreconcilable Hiram, is to launch a fight against the confirmation of David H. Blair, nominated by the President as commissioner of internal revenue. The Winston-Salem man was not a Johnson supporter at the Chicago convention, he appearing to have been an original Harding man. For that reason Senator Johnson will begin the wreaking of his wrath and the working of his vengeance on Mr. Blair. In the mean-

time, legislation will be held up and the interests of the country will be compelled to await a moment when affairs of such extreme importance have been adjudicated.

If the Republican party has a program of constructive legislation, if it has any plans for the benefit of the nation it is high time that the enactment of such legislation, and the execution of such plans was begun. Slicing pie and dividing the spoils may be of paramount interest to the old guard but it won't advance the interests of the country.

SENTENCED AN INNOCENT MAN.

Editor Patriot: Not an automobile thief, but an innocent man convicted and sentenced for five years. Being in position to understand the circumstances in this case while I feel that the jury at Wadesboro has presented justice as they saw it and nothing was left undone, they have sentenced an innocent man. Wishing to explain that it may be seen in a different light by Roy Osborn's friends as well as the general public. The date was November 21, 1920, Sunday. A Ford automobile, taken from Wadesboro, N. C., at 11:50 A. M., a distance of about 130 miles from Pleasant Garden, N. C., and on the same date at 1:30 P. M., this same Roy Osborn assisted me in changing a tire on my automobile at Pleasant Garden. I ask the public if a man can run 130 miles in an hour and 40 minutes with a Ford car? This is what would have been necessary if he is the man that stole the Ford. Prominent men of Pleasant Garden will bear me out in this statement. While I am not related to the accused, nor do I know anything about his character, I do know that he was at Pleasant Garden on this date at this time. Manhood, integrity and moral courage compels me to make this true statement.

THE FORDSON

Fordson

TRADE MARK

FARM TRACTOR

The Fordson saves from thirty to fifty per cent of the farmer's time. The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. Many farmers say it does the work of eight horses.

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration ON YOUR OWN FARM. Just phone us or drop us a card.

More Price Reductions by Harvester Company

Entire Line of Implements Now at LOWER PRICES

In view of the recent reduction in the price of steel, we now announce lower prices for our entire line of farm machines and implements not covered by reductions previously announced.

All lower prices take effect at once

The reduction in the price of steel comes after all the material for the machines and implements we will sell this year has been provided, and will therefore have no bearing on the manufacturing costs of such machines. However, it does enable the Company to buy materials at lower prices for future manufacture, and in accordance with our announced policy we now quote those prices, the Company taking the loss on machines already finished and materials on hand.

Full information regarding our lower prices on binders, mowers, and all other harvesting, haying and corn machines, tillage implements, tractors, engines, and all other I H C farm machines can be obtained from any International Dealer.

WITH OUR BUSY ADVERTISERS

—Tax listing time is upon us again, and it would be to your interest to read the page announcement of Auditor Willis Booth on the sixth page to-day.

—The big bargain basement at Meyer's store is filled to overflowing with new seasonable merchandise, marked at prices far below your expectations. An index of what you may expect in this bargain basement will be found in Meyer's new ad. on the third page to-day.

—A prominent wealthy business man of Greensboro has just made his will and appointed the Atlantic Bank and Trust Company his executor, to administer his estate after the call comes. We are not permitted to give his name, but his example would be a good one for you to follow. See ad. on the second page.

—One of the best and most completely equipped vulcanizing and retreading plants in North Carolina, is that of the Dixie Sales Company, down on South Davis street. Both Messrs. Snyder and Stormer are experienced men in their line and give the business their personal attention. See their card elsewhere in to-day's Patriot.

—Fly time—the dreaded season of the year—is with us again, and it behooves every householder to use every means possible to keep the "pesky flies" out of the house. The surest and cheapest way is to screen the doors and windows thoroughly. The Southside Hardware Company has screen doors, screen windows and screen wire—the kind that will keep the flies out. See President Grantham's screen announcement on the eighth page to-day.

—Ask any business man or capitalist and he will tell you that his first hundred dollars was the hardest to save. The second hundred came easier and so on, until the thousand mark was reached when, with proper investments, his fortune was assured. The Greensboro National Bank extends you a cordial invitation in its space on the eighth page to make the start now by opening a savings account with this "old reliable" banking institution.

—A home life spirit prevails in the offices of the American Exchange National Bank. President Vaughn and Cashier Boyles greet you with a cordiality and welcome that cannot fail to please and cheer every customer on entering this solid, staid banking institution, and every courtesy and accommodation consistent with the banking laws is shown you here—you are made to feel perfectly at home, and if conditions will permit you will not leave empty-handed. See new ad. on third page.

—If time is money then the Fordson tractor is a boon to the farmer, for it saves from thirty to fifty per cent of his time, and gives splendid results. It is claimed by some farmers that it will do the work of eight horses, which is going some. If you haven't bought your Fordson yet, give the McGlamery Auto Company your order at once. Let Mr. McGlamery give you a demonstration of what the Fordson can do. His fresh ad. will be found on the fourth page to-day.

A YOUNG WOMAN IS SENT TO PENITENTIARY.

Spartanburg, S. C., April 28.—Frances Schmartz, young white woman, was convicted by a jury in court of general sessions this morning on the charge of being accessory to the assault and robbery of her uncle, W. E. Acree, at Wellford last January, and was given a sentence of seven years imprisonment. W. F. Oates and T. M. Fisher, who late yesterday pleaded guilty as principals to the crime, were each given a seven-year sentence this morning by Judge W. P. Greene, who declared the crime to be one of the foulest that had come under his observation during a quarter of a century.

The jury in the Schmartz case was out 32 minutes. Immediately after the verdict was announced C. P. Sims, one of the woman's attorneys, made a motion for a new trial and the motion was promptly overruled and sentence pronounced.

J. G. Galbraith, attorney for Fisher and Oates, made a plea for mercy on the ground that the men had admitted the crime, expressed their sorrow and on the fact that they had borne good reputations prior to this time. Judge Greene said he felt profound sympathy for the parents of the young men and the young woman, but that he could not in justice to the public at large impose light sentences as he had been asked to do.

Oates and Fisher heard their sentences without displaying any emotions. The young woman was apparently unmoved when the verdict of guilty was announced, but seemed to be stunned when told that she must serve seven years in prison. She wept continuously until removed from the court room and carried back to her cell in the county jail.

Judge Greene, in passing sentence, stipulated that the men and the woman may serve their sentence either in the county jail, or on the county chain gang, or in the state penitentiary. Supervisor Vernon and Sheriff Miller will decide whether the parties are to be kept here or sent to the penitentiary.

The court room was crowded during the trial of the Schmartz woman this morning and yesterday afternoon.

The two men, whose homes are at Charlotte, N. C., in January last assaulted W. E. Acree, aged pump-keeper for the Southern Railway at

Wellford, this county, while he was at work in the pump house, and robbed him of \$850, which was afterward recovered. The Schmartz woman is a niece of Acree, and the state claimed that she told the men, one of whom was her paramour, of her aged relative's habit of carrying a large sum of money on his person and then planned the robbery.

GERMANY IS AHEAD OF
ALLIES TOWARDS NORMALCY

New York, April 28.—Germany, through the economy and sacrifices of her working people, has settled down to real production and is outstripping the United States and allied nations in the fight toward normalcy. Charles M. Schwab declared here today in an address before the Chamber of Commerce of the state of New York.

Mr. Schwab was the guest in the chamber at a reception given in recognition of his service to the country during the war.

"Germany to-day can put a ton of steel in England at a price \$20 a ton cheaper than England can make it," he said, "and is selling pneumatic tools in Detroit where formerly we shipped such machinery to Germany and sold it cheaper than she could make it."

"The difference is solely a matter of labor costs."

Must Restore Prosperity.

"It is estimated that 5,000,000 men are out of work in this country. It is, accordingly, of supreme importance to the workingmen as well as to the capitalist to restore our prosperity."

"Never before was the need for products so great, never before was such valuable producing machinery and facility available, never before was there so much that needed to be done."

"I have just returned from Europe, and I came with renewed admiration for the courage, the enterprise, the determination displayed in Italy, Belgium, France and England. Germany was ahead of all of them in production."

May Let Germany Win.

"Is it possible that after having won the war, we of the allied nations, having everything in our hands, will allow Germany to win the peace through the efforts of her labor?"

"Labor on the whole can be paid only what labor as a whole earns, and if some sections of labor exact more than their share of the current produce of the world, other sections are going to suffer. I understand that our railroads to-day pay to labor over sixty cents out of every dollar received. The labor costs of making a ton of steel to-day is 85 cents out of each dollar of total cost."

"Labor costs underlie our railroad difficulty. They are the cause of the excessive railroad rates. We formerly sold pig iron at a profit at about \$14 a ton. To-day the total freight rates involved in making a ton of pig iron are more than \$14."

Railroad Difficulties.

"But the railroads cannot give service even at present rates with their existing costs."

"Railroad costs must come down and it is in the interests of national prosperity that our government, acting through the railroad labor board and every other agency, shall reduce railroad wages and bring costs down to a living point."

"The same situation confronts our merchant marine. In operation and repairing ships, labor costs are hopelessly high. That this is true is shown by the millions of tons of shipping now lying idle, the great number of ship yards with no work to do, and the hundreds of thousands of idle shipping and ship-building workmen."

Must Go to Work.

"Insofar as our people in America are prepared to go to work at reasonable wages, insofar as we are prepared quickly to abandon the artificial extravagancies of the war, will we lay the foundations for a new prosperity such as we have never enjoyed before."

"This is the route through which not merely America but the peoples of our allies can find their way out, and triumph in peace as they did in war."

The chamber presented to Mr. Schwab a bronze tablet, at the top of which was inscribed words uttered by him, a character in Shakespeare's play Cymbeline. The inscription reads:

"There's a voucher stronger than ever law could make."

NAVY BILL PASSES IN
ITS ORIGINAL FORM.

Washington, April 28.—With every amendment relating to disarmament thrown out, the naval appropriation bill, carrying a total of \$396,000,000, was passed to-day by the house 212 to 15. There was not enough opposition to demand a record vote.

Immediately after the measure was made ready for the senate, the army appropriation bill, carrying \$331,000,000 past last session but vetoed, was taken up. The navy bill went through the house in the same form as originally passed, but there were indications of a fight on the army budget because of an increase in the enlisted force from 155,000 to 168,000.

Dear Mr. Norvell:—I am enclosing herewith orders for several car loads of Fertilizer to be shipped to some of my various tenants, which please get out at your earliest convenience.

I have been quoted much lower prices than yours by several companies, but I believe that this is a year that we cannot afford to take any chances on cheap Fertilizer, so I am putting my faith in Zell's, although my Fertilizer will cost me more money than I can buy elsewhere. I know what Zell's is and am afraid to take a chance for a few dollars difference in price.

SIX OF THE CHIEF I. W. W. INSTIGATORS ARE MISSING.

Chicago, April 29.—The real leaders in the group of I. W. W. convicted for anti-government war time conspiracies have jumped their bond and now are believed to be furthering revolutionary ideas. Federal officials said today after a final check up of the 47 men who were to report to the Leavenworth penitentiary following refusal of the United States Supreme court to review their cases.

Nine convicted men are at liberty, the others either having reached the penitentiary, or being on their way, it was said. Only one of the conspiracy chiefs is behind the bars, however, the others at Leavenworth being termed small fry, or men who "happened to get in the way of the government war-time dragnet."

Of the nine who are free, six are looked on as chief instigators of the anti-war activities. Three of these are believed to be holding "cabinet" positions in the Russian soviet government, and three are believed to be in this country. Two of the remaining three who have not surrendered are expected to give up within a few days. The other, not considered by the government to be of much importance, is looked on as "permanently missing."

One Leader in Jail.

Ralph Chaplin, editor of Solidarity, once the official I. W. W. organ, was said by federal officials to be the only "big gun" in the conspiracies who is now in Leavenworth.

"Big Bill" Haywood is authoritatively reported to be minister of propaganda for the Russian soviet government, with the task of spreading its doctrines through many countries. Officials virtually have lost hope that Haywood will return to this country.

Vladimir Lossieff, under a 20-year sentence, now is in Petrograd, according to information here. He has been appointed commissioner of immigration, and will have charge of the admission of all persons exiled from other countries for anti-government activities. He formerly was publisher of a Chicago Russian language paper.

Charles Rothfischer, another who drew a 20-year sentence, now is en route to Czechoslovakia, according to information received by federal officials, and will represent the soviet government in that country. He edited a Hungarian weekly, Bermunkas in Cleveland and Chicago before his arrest.

Actual Organizers Missing.

George Andreytchine, also under a 20-year sentence and exiled from a Balkan state through his anti-military activities, is missing, but is believed to be in this country. Fred Jakkola, of Duluth, and Leo Laukka also are missing.

These six—Haywood, Lossieff, Rothfischer, Andreytchine, Jakkola and Laukka—were the men who

actually organized I. W. W. anti-war activities, according to Charles F. Cylne, United States district attorney.

PRESIDENT HARDING IS RESEIGED BY JOB SEEKERS.

Washington, April 28.—North Carolina is not the only state President Harding is having trouble with over patronage. Little storms are breaking out all about, and the charge that personal rather than political influence is prevailing is general.

The President is besieged by job seekers. The pie counter brigade is making life a burden to him. In every state in the union rival factions are contending for the advantage.

Senator Penrose is sore at the White House because of his failure to tie down the internal revenue commissioner's place. His final stab at it was with Representative Slomp of Virginia; at the last moment Mr. Slomp refused the nomination, which was tendered him. Being a congressman and a mining magnate, the Virginian decided he could not afford to accept, and that riled the Pennsylvania leader who was already upset over the knockout that Wayne B. Wheeler gave John H. McDermont, whom he was supporting.

In Texas, North Carolina Georgia, Tennessee, Oklahoma and Ohio big rows over offices are on. In several states the negro question is complicating the situation and embarrassing the leaders here. The President and the attorney general are criticised for making personal appointments in Ohio, Texas and other states.

Woman Disappointed.

Miss Alice Robertson, the lone woman member of Congress, is one of those disappointed by the White House. President Harding failed her in her one request for patronage for a constituent. Recently when Miss Robertson called on the President he took a flower from a vase, plucked the thorns from it, and tendered it saying, "may your political career be without thorns," but he was first to put one in her way by ignoring her recommendation that L. G. Disney, her campaign manager, be appointed superintendent of the five civilized tribes. Mr. Daugherty, who is the chief of pie dispensers, had Mr. Harding name Victor Locke, of Antlers. Miss Robertson had protested against the selection of Locke on the grounds of morality, and when he failed to land that job he turned to the one he is to have.

THE CENTRAL HIGHWAY IS TO BE BUILT NOW.

Immediate construction of the central highway from Charlotte, through Cabarrus, Rowan, Davidson, Guilford, Alamance, Orange, Durham and Wake counties to the Johnston county line was ordered by the state highway commission at the second day of its session yesterday. Work will be rushed as soon as engineering plans are ready and will be far along toward completion before winter sets in.

Standard concrete construction, eighteen feet in width is specified in the order, and it is estimated that the construction of the section of the road called for in the order will require the expenditure of approximately \$1,500,000. Continuation of the highway through the counties in the second district is under discussion, and it is not unlikely that the road will be put through to New Bern within a year.

Several Links Built.

Several important links in the road have already been built. The road will run via Concord, Salisbury, Lexington, Thomasville, High Point, Greensboro, Burlington, Hillsboro, Durham, Raleigh, and out the Garner road to the Johnston line. The link between Durham and Raleigh will be built by way of Morris-

ville, connecting with the concrete road now extended as far as Cary. A spur road to Chapel Hill, now partially completed, will be rushed through.

Somewhat over 200 miles in length, the central highway will offer the longest continuous stretch of concrete road in the South when the proposed links are completed. Considerable mileage has already been built under the commission and under county direction. Mecklenburg, Cabarrus, Rowan, Guilford, Durham and Wake counties altogether have about 100 miles of concrete road in use at present.

Conference between the commission and the governor and council of state yesterday morning brought the two departments of the state administration into full accord and agreement, with the result that the commission now has the formal assurance of money as fast as the roads can be built. As the matter stood at the end of the conference, the commission is to proceed as rapidly as possible to build such roads in such places as its judgment prompts, and the governor and council of state will furnish the money.—Raleigh News and Observer, 28th.

SUPREME COURT JUDGE IS SUMMONED AS A JUROR.

Raleigh, April 28.—Justices of the Supreme court of North Carolina do not have to serve on juries, but a Wake county deputy sheriff didn't know it when he summoned Justice Platt D. Walker, formerly of Charlotte, to attend Judge G. W. Connor's court here.

The deputy was no more off than his superior. The former wouldn't exempt Justice Walker and neither would the latter. The jurist had to appeal to Judge Connor to save him. The name of Platt D. Walker was drawn from the Wake box this morning and the deputy forthwith hied himself to the Supreme court chambers. He walked right up to the long bench on which sat the five justices of the high court, clothed in their robes and becoming solemnity. He handed over the summons, "But I'm exempt from service," protested Judge Walker.

"I can't do anything about it; you'll have to tell the judge," returned the bewildered deputy. "No, I'll call the sheriff," countered the judge. Whereupon he left the bench to talk with Sheriff Bryant Harrison. The latter didn't know any more about the Supreme court than did his deputy. He didn't know any law that would allow him to excuse the Supreme court justice, so he, too, "passed the buck" to Judge Connor. Judge Walker then sent a nice little note down to the judge and went back to judging, and all the judges are now laughing at the sheriff and his deputy.

HOOVER PROPOSES A FOOD MARKETING BOARD.

Washington, April 29.—Creation of a national food marketing board under the chairmanship of the secretary of agriculture and with the existing bureau of markets as its executive arm was suggested today by Secretary Hoover as a means of relief to farmers and consumers.

In a letter to Senator Capper, of Kansas, the commerce secretary outlined as one of the functions of such a board "the formation of regulations or voluntary agreements with the produce exchanges in such manner as not to undermine the very necessary process of hedging, but at the same time to control that type of speculation which is able through powerful drives on the market to crush the weak holders of grain and force them upon the market."

This function, the secretary said, could be performed better through such a board than by direct fixed legislation.

Other services to be performed by the proposed board, Secretary Hoover said, would be the determination and publication of facts as to distribution and prices of vegetables and fruit and the development of warehouse practices with respect to grain and other less perishable agriculture produce.

Secretary Hoover emphasized the necessity of freight rate readjustments, declaring "that we are in a fair way to rewrite the whole commercial and industrial geography of the country in consequence of the present rate basis."

Statistics were presented to show that, taking 100 as the index basis for prices in 1913, farm crop prices now stood 109, building materials at 212, house furnishings at 273, clothing at 192, fuel and light at 207, and railroad rates at 166. He added that "certainly these levels must come into step or the agriculture industry and its standards of living will be undermined."

TO LIMIT SALARY OF ALL RAILWAY OFFICIALS.

Washington, April 28.—Salaries of railroad officials and directors would be limited to not more than \$15,000 under an amendment to the transportation act introduced in the house today by Representative Black, Democrat, Texas.

The amendment provides that "carriers shall not pay in salary, compensation or emolument to any officer, trustee or director more than \$15,000 in one year unless a higher salary is previously authorized by the interstate commerce commission."

The measure provides further that the interstate commerce commission shall authorize a higher salary after a thorough investigation and is convinced that the higher salary is reasonable and just compensation for services rendered.

Maxwell Passenger Cars!

THE MAXWELL IS STILL IN THE LEAD—AS USUAL.

The price at which the Maxwell is now offered makes it the MOST ATTRACTIVE CAR in its class on the market.

The many improvements which came with the appearance of the 1920 Maxwell set it out in bold relief as far ahead of anything that had been offered up to that time.

Its economy in up-keep and its unusual performance added to the now unusual low price makes it the ONE BEST BUY on the market for those desiring a four-cylinder car that gives you the most mileage on gasoline, oil and grease.

The Five Passenger Models in Touring Car is sold now at \$1,095, delivered in Greensboro.
