MANY CASES DISPOSED OF IN THE SUPERIOR COURT

CHARLIE MAYES, WHO STABBED STATIONMASTER, CONVICTED—SENTENCES PASSED.

During the first half of the week excellent progress was made in Superior court where a one-week term for the trial of criminal cases is being held with Judge T. B. Finley, of North Wilkesboro, presiding, and Solicitor J. C. Bower, of Lexington, directing the prosecution.

Charlie Mayes, the negro automobile driver who stabbed Stationmaster D. H. Blair at the local passenger station about a month ago, and who was indicted for an assault with a deadly weapon with intent to kill, was convicted of an assault with a deadly weapon. The negro had cut the stationmaster with a knife when the latter ordered him off the station platform. A road sentence of 18 months was imposed.

When J. R. Moorefield, defendant in three cases, was called he failed to appear and a capias was issued for him. Moorefield was arrested several weeks ago when local officers found a considerable quantity of whiskey in his automobile. The officers do not know where the defendant is.

William Miller was sentenced to four years on the county roads for the theft of an automobile. Arthur McThomas, also charged with the larceny of a car, was given a similar sentence.

J. C. Graves, who pleaded guilty to the charge of seducing a female, drew a suspended road sentence of four months.

For operating a distillery, Beattie Farrington received a road sentence of six months. However, upon being admitted to a hospital for treatment Farrington will be discharged from jail. The defendant, an ex-soldier, is reported to be suffering from shell shock and gas.

C. C. Coggins, self-confessed forger, was required to make good a check of \$225 and pay the costs of the cases. It appeared "to the court that the defendant committed the offense while intoxicated, and it is doubtful if there is criminal intent."

Cleve Cook, negro, was convicted of abduction. Evidence was presented to show that he accompanied a negro woman to Durham several weeks ago. The woman was returned to her husband. Cook drew a sentence of two years on the county roads.

Eighteen months on the roads was the sentence received by Charlie Holt, who was convicted of larceny of a watch and some money.

Found guilty of highway robbery, John Wagstaff and Ernest Smith were ordered to serve on the county roads, the former for two years and the latter for 18 months.

Earia Cummings, found guilty of the larceny of a bag of corn, was sentenced to six months in jail, but the sentence was suspended, contingent upon good behavior.

Annie Meredith admitted her guilt upon charges of an assault and carrying a concealed weapon. In each case eight months in jail was prescribed, capias to be issued at the expiration of 30 days.

Following his conviction upon the charge of breaking and entering, Roy Miller was given a road sentence of 18 months.

Walter Royall, who pleaded guilty to the charge of assault, was fined \$50 plus the costs.

Jack Bryant was found guilty of an assault with a deadly weapon, but he has not yet been sentenced.

Oscar Mitchell admitted that he had operated an automobile while intoxicated and also confessed to transporting and selling liquor.

W. P. Dalton was found not guilty of retailing whiskey.

Yesterday Roy Miller, a negro, who was convicted of breaking into a store at High Point, was sentenced to 18 months on the roads.

Charles Nelson admitted that he had given a worthless check. He was fined \$25 and the costs.

Otis Holden, charged with prostitution, was found not guilty.

A nol pros with leave was taken in the case against Worth Davis for an attempted breaking and entering.

W. R. McKenzy, charged with having whiskey for sale, pleaded guilty. Prayer for judgment was continued to the May term of court. Bond of \$500 was required and the

With the entry of the new organization into the financial firmament Greensboro has four building and loan associations. The Southside Building and Loan Association will begin business under very auspicious circumstances, according to those interested in the project, and a large measure of success is being predicted.

LUTHER M. ROBERTS DEAD FOLLOWING BRIEF ILLNESS.

Luther Martin Roberts, aged 40 years, died Tuesday afternoon at his home, 106 East Lee street. Death followed an illness of two weeks and was attributed to heart trouble. Mr. Roberts is survived by his father, F. N. Roberts, of Huntington, W. Va., also four brothers and two sisters. The funeral was held at 3 o'clock yesterday afternoon in the chapel of the Hanes Funeral Home, Rev. J. H. Barnhardt, D. D., pastor of West Market Street Methodist church, officiating. The remains were interred in Greene Hill cemetery.

defendant was assessed with the costs.

Lee Isley, a negro, charged with having carnal knowledge of a negro girl under 14 years of age, is being tried.

The report of the grand jury, signed by the foreman, J. W. Landreth, and submitted Tuesday, is brief. The jury had visited the county home and "found it in fairly good condition." Because the convict camp is infected with a case of smallpox, it was not inspected. The county offices and the jail in the court house had been visited by the jury, and "so far as we are able to judge, everything is in fine condition."

BIG HOME ECONOMICS CONFERENCE IN THE CITY

ANNUAL CONVENTION OF STATE BODY WILL BE HELD HERE NEXT SATURDAY.

Representatives from various sections of the state will attend the annual convention of the Home Economics Association of North Carolina in this city Saturday, March 19. The sessions will be held at the North Carolina College for Women, an unusually interesting program being in prospect.

The first meeting will begin at 10:45 Saturday morning. Another session will be held Saturday afternoon, beginning at 3 o'clock. At both of these meetings addresses will be delivered by Dr. Frank Alvah Parsons, president of the New York School of Fine and Applied Arts. Dr. Parsons also will speak to the students of the college tomorrow evening at 8:30.

Mrs. Jane McKimmon, of Raleigh, head of the home demonstration work of the agricultural department in North Carolina, will preside and it is expected that she will make a talk. Miss Blanche Shaffer, director of the college department of household economics, is chairman of the committee on arrangements for the convention. A number of interesting and compelling features are planned.

SOLICITOR APPEALS FROM CITY COURT DECISION.

In Superior court yesterday City Solicitor A. C. Davis appeared before Judge T. B. Finley and argued in support of an appeal from a decision of Judge C. A. Jones, of Municipal court. The appeal was not sustained by the higher court.

According to Solicitor Davis James Nowlan was convicted in Municipal court on February 25, the charge being assault with a deadly weapon. The defendant was fined \$50. Nowlan's mother paid \$25 of the fine and was allowed certain time in which to pay the remainder; the remainder of the fine was not paid and the defendant was haled into court on March 14; that Judge Jones then ordered that Nowlan be assigned to the city streets for four months, ordering that the judgment of February 25 be stricken out and "all fines paid are hereby ordered refunded."

Judge Finley ruled that the judgment of February 25 was not final because of the unpaid half of the fine; he held that the court had the defendant in hand all the time. If the entire fine had been paid, Judge Finley said, the judgment of February 25 would have been final and the appeal sustained.

GREENSBORO PRODUCTS TO BE FEATURED HERE SOON.

Much attention will be paid to Greensboro products during the week beginning April 18, when the conventions of the United States Good Roads Association and the Bankhead National Highway Association will be held in this city, in accordance with plans discussed at a meeting of the mercantile bureau of the Chamber of Commerce yesterday. Under this plan commodities produced here will be conspicuously displayed during the week of the convention. Other matters which engaged the attention of the conferees included problems of retail merchants and advertising censorship.

Gulford Highs Win.

By the score of 9 to 1, the Gulford high school baseball team defeated the Bessemer high school aggregation at Cone park Tuesday afternoon. Bessemer threatened to score in almost every inning, but was allowed to do so only once. Fourteen men were struck out by G. Ferrell, of Gulford, while the opposing pitcher, Ellis, fanned 11.

Forney-Smith Marriage.

Miss Marion A. Forney, daughter of Mr. and Mrs. E. J. Forney, of this city, and Fenner S. Smith, of Blittmore, were married yesterday at the home of Rev. W. F. Powell, in Asheville. Miss Forney was visiting friends in Asheville when she and her fiancé decided to marry yesterday instead of waiting until April as they had planned.

WHEELS OF JUSTICE WILL MOVE QUICKLY

NEGRO TAKES CAR, IS JAILED, TRIED AND SENTENCED IN FEW HOURS.

The wheels of the mill of justice are said to "grind slow but they grind exceeding fine," but sometimes they grind with remarkable swiftness, an illuminating instance being afforded here this week in the apprehension, conviction and punishment of Will Carter, a negro.

Monday evening Deputy Sheriff Floyd Brown left his automobile parked in front of the court house. Returning, about fifteen minutes later, he discovered that the machine had disappeared. Tuesday morning Deputy Sheriff C. C. Shepherd, of Gibsonville, saw a negro driving an automobile; the circumstances aroused his suspicion and he arrested the negro. Subsequently the car was identified as that of Deputy Sheriff Brown. A true bill was returned against Carter at 11 o'clock Tuesday. The negro was convicted in Superior court yesterday afternoon and sentenced by Judge Finley to serve four years on the county roads.

J. R. Parker, a white man, was found guilty Monday of stealing a mule from Swift & Co., a wagon from Motesinger Brothers, a set of harness from George Putnum, and a small quantity of corn with which to feed the newly acquired beast. The assembling system appeared to be very effective, but the judge's prescription was three years of enforced service on the county roads.

In Superior court Monday, J. J. Harris, a negro, was convicted of manufacturing whiskey and receiving more than one quart of liquor within 15 days. The defendant declared that he had simply crushed some apples to produce some cider, that in order to improve the flavor of the cider he decided to "condense" it. His activities on the highways of the county will be condensed—within a period of four months, the sentence of the court provides.

Another interesting case Monday was that of a negro named Ernest Lee Johnson, who was charged with breaking into a pressing club and carrying away a number of suits of clothes. Johnson conducted his own defense, was convicted and sentenced to serve three years in the penitentiary.

MISS MARGARET LEMONS IS VICTIM OF DISEASE.

Miss Margaret Lemons, aged 30, died Sunday at the District Nurse Committee home on Glenwood avenue, following an illness of more than a year. She was a tubercular sufferer.

The funeral services were conducted Monday afternoon at the chapel of Hanes Funeral Home by Rev. J. H. Barnhardt, D. D., pastor of West Market Street Methodist church. Miss Lemons was a devoted member of the First Christian church, the pastor of which was not in the city Monday. Hymns were sung by a quartet from the First Christian church. A large number of friends witnessed the obsequies. The remains were interred in the New Providence cemetery at Graham.

WILL INVITE PRESIDENT TO COME TO GREENSBORO.

An invitation will be extended to President Harding to attend the big convention of the United States Good Roads Association and the Bankhead National Highway Association in Greensboro next month, according to an announcement made here this week. Congressman Charles M. Stedman, who is now resting here between sessions of Congress, will co-operate with officials of the associations in their efforts to induce the President of the United States to come to Greensboro and address the convention. The dates of the convention are April 18-23.

Trinity Highs Victorious.

The fellows composing the Trinity high school baseball team yesterday afternoon won their third game of the season, defeating Liberty-Piedmont Institute, 9 to 3.

FARMERS ARE URGED TO REDUCE ACREAGE

NORTH CAROLINA BANKERS ADVISE CURTAILMENT OF COTTON AND TOBACCO CROPS.

In session at the O. Henry hotel Tuesday night the executive committee of the North Carolina Bankers' Association adopted a resolution urgently requesting the cotton and tobacco farmers of the state to reduce the acreage on these crops this year not less than 50 per cent.

The situation was discussed at length and it was agreed that there is little prospect of high prices for cotton and tobacco next fall. At the same time it was felt that material acreage reduction would have a helpful and stimulating effect upon prices for those commodities.

President W. A. Hunt, of Henderson, of the North Carolina Bankers' Association, presided, while representatives from many towns were present. Plans for the annual convention of the state association of bankers, to be held in Greensboro on May 24, 25 and 26, were interestingly discussed.

The members of the committee were guests of the Greensboro Clearing House Association at supper which was served at the O. Henry at 8 o'clock.

TRIED FOR SELLING WHISKEY TO OFFICER.

In Municipal court Tuesday, Sallie Nowlin, a negro woman, was convicted of selling whiskey to Policeman W. F. Gleason. Mr. Gleason, who is a plainclothes officer, testified that the defendant had sold him liquor. A sentence of six months in the county jail, with provision that she might be hired out by the commissioners, was imposed whereupon the defendant gave notice of appeal to Superior court. In default of \$200 bond, she was placed in jail to await trial. In Superior court yesterday Sallie Nowlin pleaded guilty and was sentenced to the county jail for six months, to be hired out by the commissioners.

GULFORD HOTEL COMPANY PURCHASES HENNESSEE CAFE.

Tuesday the Guilford Hotel Company purchased the Hennessee cafe from C. C. Shoffner. In connection with announcement of the purchase of this property it was made known that the hotel company will convert the place into a cafeteria. The cafe equipment and lease on the building pass into the hands of the Guilford organization and the Hennessee cafe will go out of business. The place will be known as Guilford Cafeteria No. 2. The building will be extensively remodeled. The cost of the lease and equipment was about \$12,000. J. P. Scales is head of the company.

OFFICERS GET STILL IN SUMNER TOWNSHIP.

Special Prohibition Officers J. H. Johnson and R. L. White and Deputy Sheriff Joe Phipps located a blockade still of 80-gallon capacity in Sumner township Tuesday. The plant, which was within a few hundred yards of Sumner school, was in operation when found by the officers. However, the operator, aided and abetted by a ferocious bull dog which gave the alarm as the raiders arrived, made his escape. The illicit distillery was dismantled and brought to the city, while the officers poured out 5,000 gallons of beer and a small quantity of whiskey.

Percy Newman Arraigned.

Yesterday afternoon Percy Newman was arraigned before Justice D. H. Collins, charged with the larceny of an automobile from S. M. Boone, of Summerfield. The magistrate deferred his decision. Having failed to furnish the required \$10,000 bond, Newman is being held in the county jail.

Pleasant Garden Defeats Buffalo.

The Buffalo second nine Tuesday afternoon vanquished the second team of Pleasant Garden, 7 to 4. The game was played on the Pleasant Garden grounds. The pitching of Clark for Buffalo was a noteworthy feature.

MUSIC CLUBS OF STATE HOLD CONVENTION HERE

MRS. CALDWELL, OF THIS CITY, WINNER IN STATE VOICE CONTEST.

The fifth annual session of the North Carolina Federation of Music Clubs held in this city Monday and Tuesday was featured by a state contest, which was open to all professional musicians who are natives of this state. One of the winners in this contest was a Greensboro lady, Mrs. Helen Forester Caldwell, who triumphed in voice.

Those contesting in the voice department was Miss Katharine Johnson, Miss Eugenia Patterson, Mrs. Caldwell, the winner, all of Greensboro; Miss Karen E. Poole, Nashville, and Miss Nanna Johnson, Winston-Salem. In the piano contest Mrs. Bess Ogburn Whitaker, of Oak Ridge, was the winner, contesting with Miss Louise Burton, of Nashville. Miss Emily Rose Knox, of Raleigh, won in violin, the other contestants being Miss Ruby Johnson, Statesville; Arthur S. Talmadge, Fayetteville.

Reports of very encouraging nature were submitted at the business meeting of the federation Tuesday morning, one of the most interesting being that of Mrs. J. Norman Wills, of this city, president of the state organization. Addresses were delivered by Mrs. W. J. Ferrell, of the faculty of Meredith College, Raleigh; Paul J. Weaver, of the department of music, University of North Carolina, and Mrs. Frank A. Seiberling, of Akron, Ohio, president of the National Federation of Music Clubs. Luncheons, banquets and other delightful social events were pleasing features of the two-day convention. There were many musical selections of attractive character.

Next year the convention will be held in Gastonia.

RAISING FUNDS TO FINANCE CONVENTION.

A fund of \$5,000 is being raised here to finance the entertainment plans being developed in connection with the convention of the United States Good Roads Association and the Bankhead National Highway Association to be held in Greensboro April 18-23. Already much money has been subscribed for this purpose. Reduced passenger fares have been granted by the railroads for this convention and several thousand visitors are expected.

HOSPITAL COMMITTEE WILL DISCUSS PLANS.

The proposed \$250,000 community hospital will be discussed at a banquet at the O. Henry hotel next Tuesday evening at 7 o'clock, by representatives from the churches, Chamber of Commerce, Rotary club, Kiwanis clubs and numerous fraternal and civic organizations. It is expected that 100 or more persons will be present and that definite plans for consummation of the hospital project will be agreed upon.

MRS. AGNES M. LEAK IS SUING PULLMAN COMPANY.

In the office of the clerk of the Superior court Monday Mrs. Agnes McIntyre Leak, through her attorneys, started a suit against the Pullman Company for the recovery of alleged damages in the sum of \$3,000. The plaintiff alleges that she made Pullman reservations by wire but that when she went to get the tickets the Pullman agents refused to let her have them. She and her children had to ride in a day coach for many miles, it is alleged.

His wife survives, with three children, Mrs. Viola Wofford and John D. Raker, Jr., of Lexington, and Moses Raker, of this city, a brother, Frank Raker, of Lexington, and two sisters, Mrs. G. W. Will Your Fortune Live After You?

Experience is the best teacher, but sometimes people without business training pay all too dearly for a course in this school. Using the collected and combined experience of successful men is the safe and economical way.

It is not strange then that thinking people are more and more selecting trust companies to manage their estates.

This company is especially organized and equipped for this work. Its resources, business judgment, trained organization and continuous existence assure protection of property left in its care.

BARRETT STIRS UP STORM IN WASHINGTON CIRCLES.

Washington, March 15.—Charles S. Barrett, head of the Farmers' Union, has stirred up a big storm here by charging that Washington is full of lobbyists who are running races to see who can get the most. In a statement issued yesterday he named many of the larger ones, among them the packers.

The charge of Mr. Barrett will be taken up in the senate when Congress meets in April.

"The statements made by Mr. Barrett reflect upon members of Congress, and should be probed to the bottom," said Senator Overman, who conducted the investigation of the "insidious lobby" routed by President Wilson eight years ago.

"Barrett boldly asserts that a representative of the packers boasted to friends that he had the 'rules committee' (of the house) sewed up." That declaration should not be ignored by Congress. The people back home, especially the farmers for whom Mr. Barrett is spokesman, should not be allowed to accept that statement as true if it is unfounded. The way to get at the truth is to call Mr. Barrett to the stand, put him under oath, and let him recite the facts on which he based his accusation. Then summon the spokesman for the packers.

"When the senate reconvenes I shall introduce a resolution asking for an investigation of the Barrett announcement. I believe that a number of Republicans will join me in the request for an inquiry. I have no desire to bar any one with a just cause before Congress but we should know the names of the lobbyists and those of their employers."

Senator Overman referred to the facts brought out by the old Mulhall investigation, and declared that it served to rid the capitol of a bad lot of lobbyists for years.

"There is but one way to prevent improper and corrupt lobbying," said Mr. Overman, "and that is to prohibit it by law, and to regulate the employment of legislative counsel and agents."

"I would write into the law a provision to the effect that any person or association of persons who shall attempt by corrupt or by improper method to influence any member of Congress to vote for or against any bill pending, or by any improper or corrupt method to promote or defeat legislation, shall be guilty of a crime, and upon conviction be punished by a fine of not less than \$1,000 nor more than \$5,000."

"I would require every agent of any interest that wishes to appear before congressional committees to oppose or advocate legislation, to register. In that way we would know just who is here, who they represent, and what they desire. I think we should go further and have these agents make a report to the secretary of the senate and the clerk of the house of all expenses incurred to promote their cause before Congress. In this way we could keep a check on those who are employed to promote or fight pending measures."

Mr. Overman has filed away the Barrett statements, carrying the names of many organizations and individuals here or represented here, and will insist on a clean-up on it. He said to-day that it is dangerous to let such charges go unanswered. The people in the states are entitled to the facts.

"We should turn on the light, and Mr. Barrett has provided a working basis for a very interesting investigation," he said.

GERMANY PROTESTS TO LEAGUE OF NATIONS.

Berlin, March 15.—In a protest to the league of nations on the infliction of penalties, the German government claims that the only provisions in the treaty affecting this question are paragraph 18 of appendix two to part eight and the concluding sections of articles 429 and articles 430. These, it is declared, do not admit of any fresh occupations of German soil beyond the territory west of the Rhine and the bridgeheads.

The German government further contends that there has been no infringement or partitions of obligations justifying the infliction of the economic sanctions, and argues that the levy against German goods is in contradiction to the renunciations by the British, Italian and Belgian governments of paragraph 18 of the appendix to the treaty.

The league of nations is requested to initiate mediation proceedings and to see that the forcible measures the allies have undertaken be immediately stopped.

MESSANGER TELLS OF WHOLESALE STEALING.

Macon, Ga., March 15.—Telling calmly how he stole hundreds of dollars worth of goods, including bicycles, lawn mowers, suits of clothes, shirts, ladies' hose and dresses, R. C. Brinson, of Millen, former express messenger, who pleaded guilty Monday to the charge of stealing from the American Railway Express Company, was the leading witness for the government to-day in the trial of the 54 men charged with conspiracy to steal \$1,000,000 worth of merchandise from the express company while it was under government control.

Brinson, who was the last witness of the day, related how the stealing began when the wages of the express messengers were cut during the latter part of 1917; how the goods were disposed of through certain agents along the road; and how he and other messengers received orders for articles wanted.

Brinson said the express messengers formulated the combine to steal when the express company took away bonuses and dispensed with the checking system when the volume of business became too big to handle with books.

W. A. Benson, of Chattanooga, assistant to the vice president of the American Railway Express Company, in charge of accounts, testified that the American Railway Express Company has already been reimbursed from the United States treasury to the amount of \$19,700,000 to cover the loss incurred by the company during the six months' guaranty period extending from March 1, 1920, to September 1, 1920. The loss and damage claims for that period will exceed \$12,000,000, according to Mr. Benson.

EXTRA SESSION OF CONGRESS TO CONVENE APRIL 11.

Washington, March 14.—April 11 was selected to-day as the date for the special session of the 67th Congress, the first to be held under President Harding's administration. The announcement was received with general satisfaction by senate leaders most of whom said they preferred that date to April 4 because of the additional week it gave them to arrange plans for the coming session.

Senator Lodge, of Massachusetts, the Republican leader, notified the senate of the President's decision late to-day after he and Senator Underwood, of Alabama, minority leader, had returned from the White House. They had gone to the President with a message from the senate that it stood ready to adjourn sine die unless there was need for it to remain in session to receive executive messages or act upon additional appointments to government offices.

The President, however, requested the senate to meet at 11 o'clock tomorrow when he said he expected to submit names of nominees for "important offices" vacated by the resignation of Democratic appointees.

It was said tonight that sine die adjournment probably would be taken late tomorrow.

Poles and Russians Sign Peace Treaty.

Riga, March 15.—Official announcement was made to-day by the Russo-Polish peace conference that the peace treaty between the two countries will be signed Friday evening at a public meeting of the conference.

TWO NEGROES CHAINED TOGETHER AND DROWNED.

Covington, Ga., March 15.—The bodies of two grown negroes, chained together around the neck and weighted down with a 150-pound stone, were found in the Yellow river at Allen's bridge, 12 miles south of here, this morning.

A coroner's jury investigating the case this afternoon, held that the negroes were chained together while alive and were thrown from the bridge while alive, and that the double drowning is murder.

The Yellow river is a tributary of the Ocmulgee river, and water backs up from the Jackson dam so that normally there is about 10 feet of water at Allen's bridge. It is below normal now.

A small white boy named Cash, who was playing on the bridge this morning, discovered the foot of a human body on the surface of the stream. He summoned aid. Farmers then pulled out the two bodies.

Doctors declared that the bodies must have been in the water 10 days.

Sheriff B. L. Johnson, of this (Newton) county, says that no negroes are missing from this county and there has been no race trouble here.

A month ago, the sheriff stated, he learned of some race trouble in Jasper county, adjoining Newton, but whether these negroes belong there has not been determined. Hundreds of people who were here this afternoon to view the bodies, were unable to identify either of the negroes.

Sheriff Johnson says that a trace chain was used to fasten the two negroes together at the neck. Apparently they had been placed back to back.

TRAGIC DEATH OF A FIVE-YEAR-OLD BOY.

Greenville, March 14.—George, the little five-year-old son of Mr. and Mrs. Schromburger, met an accidental death Saturday afternoon. They have rooms at the Princeton hotel and missing the little fellow about 3 o'clock, Mrs. Schromburger went out to see where he was. Going down the street only a short distance she discovered the little boy under a tobacco truck, in a shed. Circumstances lead to the belief that playing around the shed he caused a truck piled with tobacco to topple over, crushing the life out of him. She screamed and help rushing to her saw the boy under the truck. He was gotten out at once but life was gone and all efforts of the doctor and others to restore it failed. The end of the truck fell on his chest near the shoulders and he must have lived for some minutes.

PRAYED FOR HIS AUTO TO BE RETURNED TO HIM.

Danville, Va., March 15.—No issue was made of the Supreme court ruling in the case of A. D. Scott, of Graham, N. C., who, with C. W. Bradshaw and J. T. Hensley were arrested near Martinsville some weeks ago with an automobile containing 65 gallons of liquor. A petition was presented to the court yesterday praying for the return of the handsome car but Judge Edmund Waddill ruled that it was not the proper time to bring up the issue but to wait until Scott is put on trial and then object to the evidence.

Scott was indicted by the grand jury this afternoon. He pleaded guilty and was fined \$500 by Judge Waddill. He was also given back the automobile seized by the government after it had been found to contain the liquor.

The grand jury this afternoon indicted C. M. Campbell and Jerry Metz, federal revenue officers of Roanoke, charging them with converting government property to their own use and with the sale of spirits. The officers are said to have sold the liquor they seized in the raids. All the cases were removed to Roanoke and bond of \$5,000 required. Campbell is a son of Judge Lawrence Campbell, of Amherst. The revenue officers reiterate their view that they have been "framed" by boot-leggers.

CYCLONE CAUSES GREAT DAMAGE IN ITS WAKE.

Durham, March 14.—Damage estimated at between \$8,000 and \$10,000 was done in Cedar Fork and Leesville townships, of Wake county, Saturday evening at about 6 o'clock by a cyclonic wind which swept through that section at a tremendous rate of speed. Only one house, then unoccupied, was destroyed, but tobacco barns, feed barns, smoke houses and other outbuildings were swept away and strewn over the countryside for miles, according to the story of an eye witness related to-day. No stock loss was reported and but one person was slightly injured, as far as could be determined late this afternoon. The injured person was one of the sons of Mrs. Fannie Sorrell, of Leesville township. It was reported that one of the Sorrell boys had been blown 400 yards by the tornado and set down again without serious injury.

E. M. Adams, of Cedar Fork township, whose home is located on the Hillsboro road between Raleigh and Durham in what is known as the Mount Hermon church neighborhood, stood at the window of his dwelling and saw the storm sweep down upon his property. He stated that the blast came almost without warning. The day was cloudy and some wind was stirring, when he noticed off to the southwest a cloud apparently of dust or smoke, about the size of a three or four-story building, approaching along a path about a hundred feet in width. In the distance the storm did not appear to be moving at any great rate of speed, he said. When the blow did arrive it swooped down in a fraction of a second. Mr. Adams saw the unoccupied house on his tenant farm picked bodily from its foundation and hurled through the air for a hundred yards before it touched the ground and flattened out into splinters.

Some parts of the house were carried two miles away. The wind passed in less time than a minute and was followed by a tremendous downpour of rain.

In addition to his tenant house, which was a four-room, one-story cottage, Mr. Adams lost his tobacco and feed barns, cow and horse stalls, chicken house and other outbuildings on the tenant farm, and his feed barn, smoke house, garage and all outbuildings on his own place with the exception of two tobacco barns and a pack house. The pack house was carried out of its foundations, but not badly damaged.

A cow belonging to Adams lost one horn in the wind, but was otherwise unhurt. The stem of the chimney on the Adams house was blown down but the house otherwise undamaged. The garage was blown from over his machine, but the automobile was undamaged.

Sid Moring's house, in the same neighborhood, was half unroofed. His tobacco barn was unroofed, his smoke house torn to pieces and meat scattered over the fields.

Charles Estis suffered the loss of all outbuildings around a house occupied by a tenant. The house was not damaged. His own tobacco barn was also unroofed and a feed barn torn down.

Passing into Leesville township, the storm destroyed all the outbuildings around the home of Mrs. Fannie Sorrell, and tore away the front porch of the dwelling. One of the Sorrell boys was picked up by the

wind and set down practically unhurt 400 yards away.

The outbuildings around the home of Dr. Sorrell were torn down but the house was not damaged.

W. C. Adams had two tobacco barns unroofed.

Other damage before the storm reached the Cedar Fork section and after it passed is thought probable but no accurate reports are available.

Gives Miss Booth a Horse.

CAN YOU BEAT THIS?

Roxboro, N. C., December 8, 1920.

Mr. C. E. NORVELL, Local Manager,
The American Agricultural Chemical Company,
Greensboro, N. C.

Dear Mr. Norvell: You may be interested to know what results I obtained this year from the use of your Fertilizer under my corn.

I have realized for many years that Zell's Fertilizer had no equal for tobacco. I tried it this year under 12 acres of corn, and shucked out in a husking machine 1407 bushels measured corn. This is an average of 117 1-4 bushels of corn per acre.

Have you got any record that beats this in North Carolina?

Signed

Yours truly,

G. E. HARRIS.

TWO MEN SUFFER FROM TAR AND FEATHERS.

Salina, Kans., March 14.—C. O. Parsons, a Non-Partisan league worker, who with J. O. Stevic, was arrested in Barton county Saturday night following an anti-league demonstration, was confined to his bed to-day. The heads of both men were matted with tar, and they exhibited bruises and discolored faces. According to a statement Parsons suffered three broken ribs and probable internal injuries.

J. Ralph Burton, former United States senator from Kansas, who with his wife, was escorted from Barton county in an automobile Saturday afternoon, said to-day he had been badly treated and was preparing a statement on the affair.

"We underwent horrible treatment," Stevic declared to-day. "Parsons and I had left Ellinwood and went to Chase when the mob overtook us. They took us to Great Bend and we were turned over to another mob. We were then taken to a lonely place. Two men were chained to each of our arms holding them up, while we were fearfully beaten by others. Then a circle of automobiles ringed about us and pots appeared. We were stripped of the waist and tar applied. Half blind, we staggered away, hearing another mob was after us. We sought shelter in a straw stack, but at 3 o'clock in the morning we went back to Great Bend to learn the news. We walked 20 miles on the railroad and came to a farm house. The farmer said that he doubted if we were human beings, but he took us in and two leaguers brought us to Salina."

Burton said the mob offered to show his wife to go to Great Bend but she refused to leave her husband, whereupon they were escorted to their car to St. John, Kansas.

WILL WILSON'S CIVIL SERVICE ORDER BY RETAINED?

Washington, March 14.—In an effort to settle the dispute among Republicans as to whether the administration should return to the old spoils system of handing out post-office jobs or retain the civil service plan of ex-President Wilson, Chairman Foss, of the Republican congressional committee, has submitted a questionnaire to his colleagues.

He points out that there are 301 Republican members of the house and asks each of them to express his preference either for retaining the civil service plan as it is, revising it or rejecting it.

Many leaders hope the present order will stand, but also hope no change will be made. The most familiar comment is a quotation of the old saw, "Every change makes one ingrate and one head."

If the Wilson order is retained, the first, second and third class examinations will be held to determine their successors when the time comes.

To End Tariff Legislation.

Washington, March 14.—Anti-tariff legislation to protect American industries from European competition will be rushed through the special session of Congress under a decision reached at a conference to-day of Republican members of the senate finance and the house ways and means committee with Secretary of the Treasury Mellon.

HARDING APPOINTS DEMOCRAT COMPTROLLER OF CURRENCY.

Washington, March 14.—President Harding sent to the senate to-day the nomination of his personal friends, D. R. Crissinger, of Marion, O., to be comptroller of the currency. Mr. Crissinger was a Democrat, but supported Mr. Harding in the last campaign, heading the Marion organization that welcomed the front porch delegations. Secretary Mellon to-day expressed satisfaction with the appointment.

Mr. Crissinger was a Democratic candidate for Congress in 1904. He is an attorney, president of the National City Bank and Trust Company, of Marion; director in the Marion Steamshovel Company, the Marion Packing Company and the Marion County Telephone Company. He owns many farms and is interested in stock raising.

Thomas, of this city, are candidates for the place and one of them will be selected, it is believed.

It is understood here that John J. Parker, of Monroe, will be selected by the committee to take Frank Linney's place, as Linney is expected to be given a political job by President Harding.

"Big Bill" Edwards, collector of internal revenue, and his staff admitted tonight that they were wearied accepting money.

Depressions in business and increasing unemployment played their part in making up tax returns for 1920. Officials said that many persons who had incomes in five figures a year ago reported earnings during 1920 of only \$5,000 or less. Incomes of many "big" corporations also shrunk during the last year.

Perfect Governor Control of the Hart-Parr 30

The Hart-Parr 30 Tractor has made a spectacular success in the South. Its abundant power has surprised the farmers in sections where difficult plowing conditions have "stumped" many tractors. Hart-Parrs are doing good work on irrigation pumps and on plantation saw mills. The Hart-Parr 30 has plowed across the levees in flooded rice fields where it was once thought a tractor would never work. Now comes the report of the good work done by the Hart-Parr 30 in cutting rice over the uneven fields typical of the rice country. They give credit to the wonderful governor control of the Hart-Parr 30, but it is also due to the Kerosene Shunt.

The Kerosene Shunt

This is an exclusive Hart-Parr feature that automatically regulates the fuel mixture and its temperature. It enables the Hart-Parr 30 to drop from full load to no load, and to pick up from no load to full load instantly without throttling, without misfiring and without delicate adjustment of the carburetor.

One secret of its abundant power is also in this Kerosene Shunt. Write for Catalogue today, or call and see us and learn all about it.
