## VERDICT REVERSED

Judge Long Signs Judgment Favoring L. H. Martin in Superior Court.

On Friday Judge B. F. Long, of Statesville, presiding over Guilford Superior court, signed a judgment reversing the jury's decision in the case of John Winder against L. H. Martin, Inc.

The plaintiff undertook to have the defendant ejected from a filling station at the corner of North Elm and East Gaston streets on the ground of alleged breach of contract. Under the reversal by Judge Long the defendant is entitled to judgment. The judge stated in court that "on admitted facts in the evidence the plaintiff by his action or that of his authorized agents in accepting rent from the defendant in November and December, 1921, and January, 1922, waived the breach of contract found by the jury."

J. C. Wright on Friday was awarded \$766.23 in his suit against John S. Michaux, administrator. The plaintiff was suing for the recovery of damages for personal services rendered Jacob Eury before the death of the latter.

Court adjourned Friday, following sessions of two weeks. Civil cases will be tried at the next term of Guilford Superior court, beginning Monday, February 13.

S. M. Brown was successful in his suit against Joseph Hodgkin for possession of an automobile and \$200 damages, the jury returning a verdict in favor of the plaintiff about 3 o'clock Thursday evening.

The plaintiff alleged that the car was stolen from him and was in the possession of the defendant, also that the machine had been damaged since it was stolen. On the other hand, the defendant contended that he bought the car from Percy Newman, now serving a 10-year prison sentence for theft of automobiles; that the purchase was lawfully made, and that the machine was not the property of the plaintiff.

Damages in the sum of \$490 were awarded by the jury to Ed Mason in his suit against the Southern Real Estate company as a result of a collision between his automobile and a car driven by T. D. Sharp, an official of that company.

## GROUNDHOG'S TRIP NATURALLY SHORT.

If the old and stoutly defended tradition is to be accepted, 40 more days of real winter may be confidently anticipated in these parts. The tradition, of course, has to do with the groundhog, which, according to the ancient legend, poses as a weather prophet on the second day of the second month.

For at noon Thursday the sun shone brightly, revealing the groundhog's shadow and chasing the little animal (continuing the legend) back to winter quarters, there to await the coming of spring 40 days later. No eye-witnesses to his flight have been found and probably there wasn't left enough snow to track him, but the groundhog school of weather forecasters stick by their rhetorical guns and pour hot shots at all skeptics who express doubt as to that theory.

## ABORTION TRIAL ENDS SUDDENLY AT BEAUFORT.

Beaufort, Feb. 2.—The case against Dr. L. Sharp, charged with criminal abortion and practicing medicine without license, ended suddenly about noon today. Counsel for the state had finished their evidence and then counsel for the defense asked for a non-suit. Judge Cranmer refused to quash the indictments, then after a conference between the judge and attorneys Wheatly and Abernethy for the defense and Solicitor Davis and Attorney Hamilton for the state it was agreed that a verdict of not guilty be entered as to the abortion and a nolo contendere be entered as to the charge of practicing medicine without license.

It was further agreed, that Dr. Sharp would not practice medicine in the state and would leave the state within a reasonable length of time. He gave a bond of \$500 to carry out this agreement.

## STATE NEWS BRIEFS

**To Build Tokaway Dam.**  
Asheville, Feb. 2.—Between March 1 and April 1, the erection of a great dam, of masonry and concrete, will be begun at Lake Tokaway. The dam will replace the one washed away in the big flood of 1916. It will be 200 feet long, 55 feet high, 50 thick at the base, 10 feet thick at the top and will cost around \$150,000. It is thought that the new dam will resist any flood.

**Plan Tuberculosis Hospital.**  
Henderson, Feb. 2.—Dr. Bomar A. Olds, county health officer, is planning for a campaign in the early spring to raise funds with which to build a county tuberculosis hospital near this city for the treatment of victims of the great white plague in this county. The movement already has the endorsement of the Vance County Medical society, as well as a number of other organizations and individuals in the city and county.

**Gets Respite While Praying.**  
Raleigh, Feb. 3.—While Wright Rouse, seventy-year-old one-armed negro convicted of the murder of William Whitley in Greene county, was praying in his cell at the state prison yesterday morning and the usual crowd of spectators had gathered to witness his electrocution, word flashed from the governor's office to Warden S. J. Busbee to stay the execution for ten days. The governor will investigate the case further.

**Would Erect Armory.**  
Durham, Feb. 2.—Rather than face more than a 100 per cent increase in rent on the armory room located on the third floor of the Farthing building, Capt. Marion B. Fowler and other officers of the Durham Machine Gun company, have announced that they will appeal to city aldermen to take immediate steps toward the erection of combination armory and city hall.

**Viewed Theater Ruins.**  
Lenoir, Feb. 2.—W. L. Alexander, of Blowing Rock, returned home Tuesday from Washington, D. C., after spending 40 hours en route. Mr. Alexander says that he viewed the ruins of the Knickerbocker theater which collapsed Saturday night, killing nearly 100 persons and wounding more than 100 others. Ordinarily this is a 10-hour trip.

**Reorganize High Schools.**  
Raleigh, Feb. 3.—Complete reorganization of the present system of high school administration, with a sharp reduction in the number of supervisors and the overhead cost of operation, and increased numbers of pupils to the individual teacher was agreed upon at a conference here yesterday between State Superintendent E. C. Brooks, and the superintendents of city schools.

**Youth Is Bound Over.**  
Raleigh, Feb. 3.—Durdard H. Johnson, young Raleigh boy who is under indictment in the United States court for stealing a pouch of United States mail containing nearly half a million dollars, was Wednesday bound over to the same court on a charge of illegal possession of whiskey by United States Commissioner W. P. Batchelor.

**Horses Prove Useful.**  
Henderson, Feb. 2.—"Old Dobbin" came again into his own, if for only a few days, as a result of the heavy snow of last week. For three or four days practicing physicians of both city and county were forced to abandon their comfortable automobiles and take to horseback or to buggies in visiting their patients.

**Says She Shot Farmer.**  
Raleigh, Feb. 2.—Louise Price, vigorously asserting that she shot M. F. Ellington, a Wake county farmer, because he tried forcibly to enter her house here, was found guilty of assault with a deadly weapon at police court trial here Wednesday and given a sentence of a year on the county roads. She appealed to Superior court and was put under \$200 bond.

## HILLSBORO MAN IS CRUSHED UNDER TRAIN HERE TODAY

Johnson H. Broyal's Head Completely Severed from His Body, Being Found About Fifty Feet Distant, One Leg Cut Off and He is Horribly Mangled—Had Attempted Suicide Previously, It Is Said

Johnson H. Broyal, aged 52, who maintained a residence in Hillsboro but who for several months had been employed as steam engineer at the White Oak Cotton mills, just north of Greensboro, was instantly killed early this morning when he was run over by a Southern railway train near the underpass a short distance from the Central Carolina fair grounds, three miles west of this city.

Mr. Broyal's head was completely severed from his body and was found about fifty feet from where his body lay when discovered about 7 o'clock this morning. His right leg also was entirely cut off, while the left leg was practically severed. Both arms were broken and his head was terribly mangled, as were his legs.

Identification except by those who knew Mr. Broyal intimately would have been impossible. His neck was pulled out and formed a part of the body, which was found on the side of the railway track, over the crossties, a ghastly hole in his head affording mutely tragic evidence of the completeness and dispatch with which all that was mortal of Johnson H. Broyal was snuffed out. In numerous places on the body were horribly indescribable evidences of mutilation, a large part of the body being bathed in blood.

Mr. Broyal had been suffering from nervous troubles of aggravated nature and the theory of suicide was advanced by a number of observers today. His son, F. W. Broyal, stated that it was evidently either a case of suicide or temporary insanity. The extreme nervousness of the

Hillsboro man had occasioned his family grave concern.

It was stated that Mr. Broyal recently had made several attempts to commit suicide. Last night he was taken to Telfair sanitarium in Glenwood for treatment. His son, F. W. Broyal, went there with him in order to give him constant attention. The son and father last night slept in the same room.

Yesterday Mr. Broyal ate a hearty dinner and again at supper last night he had an excellent appetite. About 5 o'clock this morning he was asked by his son how he felt and he replied that he was "all right." Shortly afterward young Broyal, who had lost much sleep, dozed, and when he awoke shortly before 7 o'clock his father had disappeared from the room.

The body was identified by F. W. Broyal at the railway tracks. It is thought that the train which ran over the Hillsboro man was probably 137, which leaves Greensboro at 6.25 a. m. This fast passenger train runs from New York to Atlanta. A heavy fog was reported early this morning and it is thought that Mr. Broyal, wandering along the tracks, may have failed to see the locomotive in time to jump from its swift path.

The body was removed to the undertaking establishment of Hinton, Teague and Amole and there prepared for burial. Funeral arrangements have not yet been made.

Mr. Broyal is survived by his wife, who lives at Hillsboro; two sons, F. W. Broyal, of White Oak, and Gordon Broyal, of Hillsboro, and two brothers, A. W. Broyal, of Carpenter, and Holland Broyal, of Swepsonville.

## OFFICERS INDICTED.

Reidsville Officers Charged With Murder of Lester Stone.

Danville, Feb. 2.—Word was received yesterday from Wentworth, N. C., where Rockingham county Superior court has been in session, telling of the indictment of three officers of Reidsville who took a part in the effort to stop Lester Stone, of Schoolfield, who was shot and killed while trying to escape from the officers while carrying a load of liquor. The three officers who are indicted for murder are D. L. Turpin, Roy Norman and Deputy Sheriff James Mobley, all of Reidsville. The men have been released under bond and their cases will come up at the next term of the Superior court, the term at which the indictments were returned having adjourned.

The shooting took place on the night of January 7 when five officers of Reidsville, headed by Chief of Police Charles Jackson sought to prevent Stone getting away with the liquor. It is said that the officers divided into two groups and that Stone after succeeding in passing the first two officers, sought to race by the other group. Accounts of the tragedy at the time were that Chief Jackson fired one shot at the tires of the speeding car, this being also for the purpose of warning the second group of officers, who say that shots began to come at them from the car. They responded in like kind and a few yards further on Stone's car left the road and turned over. He was found to have a bullet through the back of the head.

Toulon, France, Feb. 2.—A plague of red ants has invaded certain districts in the department of the Var, and the inhabitants have been obliged to isolate their beds by surrounding them with paraffine.

## MORE BUILDING.

Extension of Library at State College Will Cost \$100,000.

Contracts for enlargement of the library at the North Carolina College for Women, work which will cost about \$100,000, will be awarded at a meeting of the board of visitors of the college in this city on February 28, it was indicated Saturday at a session of the board.

The visitors were pleased with the progress of construction work now being done at the college. The three new dormitories, each with capacity for 130 students, will be ready for occupancy next fall, also the west wing of the McIver building, it is expected. There are now approximately 30 college buildings, valued at \$2,500,000.

The meeting on Saturday was attended by President J. I. Foust and the following members of the board of visitors: E. C. Brooks, Raleigh state superintendent of public instruction; J. L. Nelson, Lenoir; C. H. Mebane, Newton; J. D. Murphy, Asheville; A. J. Connor, Rich Square; Joe Rosenthal, Goldsboro; E. E. Britton, Raleigh, and Mrs. J. A. Brown, Chadbourne.

## HUSBAND AND WIFE ARE BURIED AT SAME TIME.

Weldon, Feb. 2.—The remains of Mrs. Blanche Clanton Ponton, who died at the state hospital in Raleigh Sunday night were brought to Weldon for interment. Her husband, Edward Ponton, who has been in bad health for several months, died at the home of his sister in Weldon on Monday night. The bodies were both taken to the Episcopal church and the double funeral service was conducted by Rev. Chas. Westerman today. The burial was at the family burying ground in the county.

## NEWS OF THE NATION

**Lynching in Mississippi.**  
Jackson, Miss., Feb. 2.—Lynching of a negro east of Crystal Springs was revealed at daylight today when the body of Will Thrasher was found suspended from a tree east of there. A note, printed in pencil, was tacked to the tree, and read that the negro had been identified as the one who attempted to attack a white school teacher at Fairplay yesterday at noon. Authorities are investigating the lynching.

**Declare Act Unconstitutional.**  
Trenton, N. J., Feb. 2.—The Van Ness state prohibition act today was declared unconstitutional by the court of errors and appeals. The decision reversed a previous ruling of the state supreme court.

**Reduction of 20 Per Cent.**  
Boston, Feb. 2.—A reduction of 20 per cent in the wages of cotton mill operatives was announced in several northern New England cotton mill centers today. With the cuts imposed a week ago in Rhode Island and Connecticut and readjustment forecast in other centers it was indicated that virtually the entire cotton manufacturing industry of New England, except the city of Lawrence, would soon be on lower wage levels.

**Movie Man Found Dead.**  
Los Angeles, Feb. 2.—William D. Laylor, director in California for one of the largest film companies operating here and nationally known in the motion picture industry was found dead at his home here today under circumstances that the police said indicated murder. He had been shot through the heart.

**Due to Bad Engineering.**  
Washington, Feb. 2.—Bad engineering, coupled with cheap faulty construction, was held responsible for the collapse of the roof of the Knickerbocker theater and the resultant loss of nearly a hundred lives, by Senator Capper, of Kansas, in a statement issued here after an investigation of the ruins of the ill-fated structure.

**Verdict Set Aside.**  
Brunswick, Ga., Feb. 2.—Judge Graham in the Glynn Superior court, late today set aside a jury's verdict of guilty against L. Carter, Jessup banker, returned this morning with a recommendation of six years in prison after W. H. Tyson, president, and H. C. Dickerson, cashier respectively, of the Odum Banking company, entered a formal plea of guilty.

**Victim of Theater Tragedy.**  
Washington, Feb. 2.—Edward H. Shaungnessy, of Chicago, second assistant postmaster general, died here early today at Walter Reed hospital from injuries received in the Knickerbocker theater disaster Saturday night.

**Strange Disease Among Hogs.**  
Williamsburg, Va., Feb. 3.—A disease which has not yet been diagnosed has attacked numerous herds of hogs near here and in some instances is wiping out whole droves. Farmers describe the malady as one which acts quickly, appearing to cut off the breath of animals affected. Experts of the department of agriculture are working to find cause of the epidemic.

**Dismissed For Hazing.**  
Starkville, Miss., Feb. 3.—Charged with violation of the rule against hazing, eighteen members of the sophomore class of Mississippi A. and M. college have been dismissed from the institution, according to an announcement made by Dr. D. C. Hull, president of the college.

**South Buffalo Wins.**  
In a clean and very interesting basketball game Friday afternoon South Buffalo high school triumphed over the Summerfield highs by the score of 23 to 15. T. Fessmire and W. Fessmire performed stellar work for South Buffalo, while Gamble and Fiddle starred for Summerfield. The two teams will play in Summerfield on February 17.

## VERDICT OF \$12,500.

That Amount Granted J. H. Smith in His Suit Against Road.

Damages in the sum of \$12,500 were awarded to J. H. Smith, of Donville, in his suit against the Danville and Western railway in Federal court here Friday. The plaintiff was suing for \$50,000 for injuries sustained through the alleged negligence of the company. He was employed as a brakeman.

Smith's injuries were sustained when he was knocked from the roof of a box car and hurled to the ground by wires of the Western Union Telegraph company at Spray. The wires, it appeared, had been knocked across the track by a falling smokestack of the Nantuxet mill. The plaintiff charged that the accident resulted from failure of the railroad company to keep its tracks clear.

Non-suit was ordered in the case of Crilly W. Williams, of Winston-Salem, against the Southern railway for \$50,000. The plaintiff failed to appear in court to push his suit. According to the complaint which had been filed, Williams was injured by a freight train at the Dairy street crossing in this city on March 11, 1919.

## TWENTY-FIVE DEAD IN MINE EXPLOSION.

Gates, Pa., Feb. 2.—Twenty-five miners are known to have been killed in the explosion at the Gates mine of the H. C. Frick Coal and Coke company here early today, it was reported by coal company officials tonight, and there is a possibility that the number of dead may reach 26. Thirty men were working in the section where the explosion occurred, four of whom escaped. The name of the miner unaccounted for is not known.

Sixteen of the dead were taken to a mortuary at Masontown tonight. Six bodies remained at the bottom of the shaft awaiting the discovery of the three or four which remained buried under debris. Efforts were being pushed under the direction of Pittsburgh officials of the coal company to obtain these bodies tonight.

The cause of the explosion, which occurred a mile and a half back in the workings of the plant, has not been determined, as all work has been bent toward rescue and recovering bodies of the miners. From the appearance of the bodies when found it was indicated that death had been caused by asphyxiation. In many cases the bodies were covered by slate and coal falls.

## DR. LONG TALKS OF CANCER AT MEETING OF PHYSICIANS.

An address by Dr. J. W. Long, of this city, on cancer featured the Thursday afternoon meeting of the Guilford County Medical society. The lecture was illustrated by interesting stereopticon slides and motion pictures.

Of the 90,000 deaths from cancer each year in the United States, many are attributable to false modesty, according to Dr. Long. He declared false modesty often caused women to "conceal the disease in its early and curable stages and when finally they are forced to seek attention the poison has become systemic and incurable." Dr. Long said, "Cancer is always curable in its early stages when it is purely a local ill. After a time the poison of the growth creeps through the lymph ducts and glands of the body and infects the entire system. Then it is incurable and always results in death."

More active interest on the part of mothers in the children's clinic of the District Nurse and Relief committee will be the prime object of a special campaign by that committee, it was announced at the meeting of the medical organization.

**Arrest Man and Woman.**  
On Saturday afternoon Cora Smoak and J. S. Childers were arrested by Deputy Sheriff Joe Phipps, Mike Caffey and Floyd Brown when the officers say they found about two gallons of whiskey at the home on the Greensboro-High Point road, several miles from this city. The man and woman were placed in jail here.

**PUBLIC HEALTH**  
By Wm. M. Jones, M. D.

Some few years ago we were laboring under the mistaken idea, that as a nation we were physically almost perfect and that we had surpassed even ancient Greece, in physical culture and feats of endurance. For we had sent our young men out in competition with the men of the world and in the majority of incidences, our boys came home bringing the laurel leaves of victory.

It has been said "That a haughty spirit goeth before a fall," and this idea of perfection in physical manhood, when put to the test, was found to be only a bubble. For when we entered the world war and the selective service law became effective and began to operate, we were surprised at the large number of our young men who were found to be physically unfit to defend their country at the time they were sorely needed. This made us realize to some extent our real physical condition, for while the rejections for the army were large, it was at once realized that the physical conditions did not represent the population as a whole, but were those of our best age. So the life insurance companies and other organizations have compiled figures that do give us a real idea of how many and what percent are really defective. For after examining more than 1,000,000 men and women above the age of 15 years, it was found that 25 per thousand were sick and that 18 per thousand were actually disabled to work, leaving seven per thousand who were really so sick that they should be in bed, or certainly not attempting to make a living. So what is going to be the natural result of these seven per thousand? What happens to a piece of machinery when you endeavor to use it with some parts of its mechanism gone wrong or otherwise become defective?

Now let us apply these figures near home and see what they give us. Suppose we say that in round numbers we have a population of 80,000 in Guilford county and simply for the sake of getting definite figures we say that only 40,000 are above the age of 15 years, we then find that each day in the year we have 280 men and women above 15 years of age who are not able to give a day's work endeavoring to do so. Of course they are going to break down in a short time and be where they cannot work, for some this will only be temporary, but for others it will be permanent.

Let's see how many are so disabled that they are not able to work and by using the same figures 720 who are disabled so they cannot work and many are in bed and require the services of some one else to look after and care for them. Now, let's reduce this loss to actual dollars and cents and see where we are losing each day. Let us say that only \$2 per day and see where we are losing each, then we readily see we have a loss of \$1,440 per day or \$525,600 per year.

The general estimate placed upon such loss would be more than half as much again or an annual loss to Guilford county of \$864,000. You must ever bear in mind that this loss does not take into consideration that loss which occurs from sickness and death of all those who are below 15 years of age, nor does it include what is paid out for the cure of the sick, in the way of nurses, hospitals, doctors and drug accounts. Now, are not these figures absolutely astounding? They are so large that many will doubt the truth of them. However, we have yet other means by which we may verify their accuracy. It is estimated that not quite 10 per cent of all sick go to hospitals, but to be safe and conservative, let's put it at 10 per cent. Of course every one knows that there are more than 72 persons in the hospitals of Guilford county each day in the year. So you readily see that these figures are underestimating our loss and not over estimating it. Can this loss, or any part of it be stopped? For an answer I refer you to one of the largest life insurance companies. You must remember that this company is a large corporation which demands cold facts and is not swayed or governed by sympathy or philanthropy. They made the effort, keeping an accurate account of what money was spent and at the end of a definite length of time balanced their accounts and found that their investment had paid more than 200 per cent. I. e., that they had saved that much in death claims, over and above what they had been paying and over what they had estimated to pay. So you see it

does pay and pay well.

In the establishment of a free clinic for diagnosis, by the Guilford Medical society it is hoped to do something of the kind that the insurance companies have done. Many people are in the very beginning of some serious chronic trouble which may be remedied if found early, when delay means an untimely death. How does this benefit the physicians, will be asked? A simple reply might be that what ever helps the majority, benefits all. First physicians feel that the clinics will help them to become better diagnosticians, that it will enable them to get the patients early, when something can be done for them and at a time when the patient can pay. It is not expected that these conditions will be eradicated, but that they may be postponed and a few more years be added to human life. Every one must at last succumb but all want to stay here as long and as comfortably as possible.

What may we expect from an early diagnosis of some of the common diseases that cause a high percent of adult deaths. Cancer causes 4.4 per cent of all deaths, regardless of age or cause and we know that when found early and removed many years of comfortable and active life may be had, and further that some forms are actually curable. Heart diseases cause almost twice as many deaths as cancers, 8.5 per cent.

Diseases of the kidneys cause 5.4 per cent of deaths, many lives could be prolonged for years by simply knowing and eating the proper foods. All of these diseases have been on a gradual increase for the last 20 years. Tuberculosis on the other hand, has on account of the knowledge and efforts which have been put forth, decreased 25 per cent in registration area of United States. We know it is not possible with our present knowledge to reduce all of these diseases, as tuberculosis, typhoid fever and some others have been reduced, but we do know that many years of life may be had from the correct handling of these cases.

## Building for the Future

The first and most important step towards independence and comfort in later life is to start early on the accumulation of a surplus fund.

And the best way in which to build up such a fund is to open a Savings Account in the American Exchange National Bank and add a regular amount to it each time you come to town.

Four per cent interest paid.

### RECENT DEATHS

#### Julius Hall.

Julius Hall, aged five months, died Thursday at the residence of his parents, Mr. and Mrs. Charles H. Hall, 59 Maple street. He had been ill several days. The funeral was held at the home Friday afternoon, interment following in Greene Hill cemetery.

#### Mrs. Mary Hawkins.

Suffering from what was apparently a stroke of paralysis, the second one within a period of about two years, Mrs. Mary Hawkins died at 3 o'clock Wednesday afternoon at her residence, seven miles north of Greensboro. Mrs. Hawkins, who only a few minutes before her death seemed to be in excellent health, was stricken suddenly. She is survived by her husband, J. L. Hawkins; nine children, Mrs. M. G. Walker, Mrs. E. D. Hobbs, of Greensboro; John Hawkins, of Port Worth, Texas; James, Janie, Bernard, Grace, Robert and Annie, all of whom resided with their parents; a brother, Henry Anderson, of Seattle, Wash.; five sisters, Mrs. W. O. Donnett, of Brown Summit; Mrs. Jake Summers, of Summerfield; Mrs. Alex Bondwell and Mrs. Robert Scott, of Mebane; and Mrs. George Anthony, of Burlington.

The funeral was held at 3 o'clock Friday afternoon at Buffalo Presbyterian church by the pastor, Rev. E. Frank Lee, assisted by Rev. A. G. Canada, pastor of Summerfield Methodist church, and the remains were laid to rest in Buffalo cemetery. The obsequies were attended by a large number of sorrowing friends and relatives, while the floral tributes were numerous and very pretty.

#### Mrs. Mabel Patton.

Mrs. Mabel Patton, aged 24, died at 2 o'clock yesterday afternoon at her home, 404 Morehead avenue, following an illness of one week. She had resided in Greensboro 18 months, having come to this city from High Point. She is survived by her husband, D. H. Patton, who is with the Southern railway here; her mother, Mrs. J. M. Simeson; a sister, Mrs. R. L. Dean; a half-brother, J. M. Simeson, and an infant son.

A home in this city a short service was held at 12.30 this afternoon by Rev. R. Murphy Williams, pastor of the Presbyterian Church of the Covenant. Then at 3 o'clock this afternoon the funeral was held at the home of Mrs. Patton's mother in High Point. Rev. James A. Clarke, pastor of the First Baptist church of that city, officiating, assisted by Rev. J. M. Hilliard. Burial was in Oakwood cemetery.

#### Mrs. Elizabeth Ann Wilson.

Following an illness of several weeks Mrs. Elizabeth Ann Wilson, aged 7, died at 11 o'clock Saturday morning at her home, 10 miles south of this city. Surviving are her husband, E. N. Wilson; a son, John Wilson, and a daughter, Mrs. Corda Berry, who reside at the Wilson home place; also a sister, Mrs. Mary Ellen Clapp, of Alamance county.

The funeral service was held at 2 o'clock yesterday afternoon at Coble's church and the body was laid to rest in the cemetery at that place.

#### Mrs. Emma E. Hardin.

Mrs. Emma Eugenia Hardin, who resided near Climax, died at 8 o'clock Saturday night in a local

hospital, where for two weeks she had been a patient. She was 44 years of age and is survived by her husband, C. C. Hardin; an infant son; two sisters, Mrs. H. B. Murray and Mrs. W. D. Reitzel, of Alamance county, and four brothers, J. L. J. T., Ben and T. Z. Brothers. Mrs. Hardin was a devoted member of Macedonia church and was interested in a number of helpful community enterprises.

The funeral was held at 11 o'clock this morning at Pleasant Union church and the remains were interred in the church cemetery.

#### Mrs. J. F. Miles.

Mrs. J. F. Miles, aged 48, died Friday morning at a local hospital, following a short illness. She resided at 1214 North Elm street. Mrs. Miles is survived by her husband; a son, J. L. Miles; a brother, J. H. Miles, of Jamestown; three sisters, Mrs. W. H. Miles and Mrs. Mary Snyder, of Proximity, and Mrs. H. B. Jackson, of Brown Summit, and her father, E. D. Miles, of Revolution.

After a brief service at the home at 1.30 Friday afternoon the remains were taken to Summerfield where the funeral was held in the Baptist church at 3 o'clock. Rev. B. G. Whitley and Rev. W. H. Strickland officiating. Interment followed in the church cemetery.

#### J. H. Taylor.

J. H. Taylor died Thursday at his home on Julian street extension. Death was attributed to pneumonia. He was 61 years old and is survived by his wife and two small children, also a sister, Mrs. Nancy Brown, of High Point. The funeral service was conducted at 4 o'clock Friday afternoon in the parlor of Poole & Blue undertaking establishment on North Elm street by Rev. R. Murphy Williams, pastor of the Presbyterian Church of the Covenant.

### EDWARD S. LINDSAY DIES IN MONTANA.

Edward S. Lindsay, formerly a citizen of Greensboro, died suddenly in the waiting room of the Butte Electric Railway company in Butte, Mont., on January 22, according to information received here. Mr. Lindsay was actively identified with the Butte Electric Railway company and following his death Jesse R. Wharton, also a former Greensboro resident and a brother of E. P. Wharton, of this city, paid high tribute to the departed. Mr. Wharton is manager of that company.

Mr. Lindsay, who was 48 years of age, was a native of Greensboro. He moved to Butte 24 years ago and for a score of years he had been connected with the street car company there. He is survived by his wife, three sons and a daughter, and two brothers, Harper and Ernest Lindsay, of Butte. He was a son of Dr. Ernest Lindsay, who once served as a director of a bank in Greensboro. Edward S. Lindsay was a grandson of J. Harper Lindsay, long a prominent citizen of this city, and a cousin of Miss Lizzie Lindsay and Glem G. Wright, of Greensboro.

#### Lamp Explosion Fatal.

Statesville, Feb. 2.—Gertrude Morrison, negro, wife of James Morrison, a deformed bootblack, better known as "Jake," died yesterday at Long's Sanatorium. While attempting to blow out the light before retiring at her home, the lamp exploded, setting fire to her clothes. Death resulted from the burns.

### CAROLINA WEDDINGS

#### THE PATH.

There are no beaten paths to Glory's height,  
There are no rules to compass greatness known:  
Each for himself must cleave a path alone,  
And press his own way forward in the fight.  
Smooth is the way to ease and calm delight,  
And soft the road sloth chooseth for her own;  
But he who craves the flower of life full-blown  
Must struggle up in all his armor bright!  
What though the burden bear him sorely down  
And crush to death the mountain of his pride,  
Oh, then, with strong heart let him still abide;  
For rugged is the roadway to renown,  
Nor may he hope to gain the envied crown  
Till he hath thrust the looming rocks aside.

#### Ward-Jones.

Miss Mamie Ward and Claude Jones were united in marriage Wednesday evening by Rev. N. L. Harrison at the parsonage of West End Methodist Protestant church. The ceremony was witnessed by a few intimate friends of the happy couple. After the wedding Mr. and Mrs. Jones left on a bridal trip for Richmond and Norfolk. They will reside near Jamestown, where Mr. Jones is engaged in agricultural pursuits. The bride is the charming and accomplished daughter of Mrs. C. L. Ward, of Greensboro.

### SUNDAY SCHOOL INSTITUTE AT GRACE CHURCH CLOSES

On Friday night the three-day institute of the Guilford County Sunday school association closed at Grace Methodist Protestant church in this city. It was generally agreed that the sessions were productive of excellent results. At the institute 32 Sunday schools were represented, while the attendance totaled approximately 300, including 23 pastors and many Sunday school superintendents. The principal speakers were Dr. William A. Brown of Chicago, and D. W. Sims and Mrs. Flora Davis, of Raleigh.

## MR. MELLON'S VIEWS.

It is generally understood that Secretary Mellon has never been enthusiastic in regard to any of the propositions for paying a bonus to the world war veterans. Some months ago he informed Congress that the treasury was not in condition to take care of an adjusted compensation plan. Now, after word has gone out from the White House, and from Republican senators who play such a large part in framing so-called Harding policies, that some method of providing the bonus must be devised, the secretary of the treasury comes forward with recommendation of the imposition of a number of nuisance taxes as the best method.

Does Mr. Mellon simply wish to kill all bonus plans? Although it may readily be granted that the Republicans are earnestly desirous of making a bid for the soldier vote by providing for a bonus, it appears unlikely that they will be willing to adopt the secretary's recommendations. The imposition of those taxes on bank checks, cigarettes, etc., and the ordering of higher postage rates would serve as painful reminders to millions of voters. The Republican majority will probably decline to take the risk of antagonizing so many voters. Some other plan will be sought.

It is difficult to escape the suspicion that in recommending those nuisance taxes Mr. Mellon is hoping that his recommendations—and all other plans for payment of a bonus—will be rejected. Certainly his position in regard to the alleged debt is sound; it would be manifestly impractical to undertake to pay the bonus from the highly uncertain proceeds of payments on that debt.

The Republicans seem determined to court the soldier vote by providing in some way for bonus payments notwithstanding the fact that until recently they seemed equally determined not to provide such compensation. The abrupt change of attitude upon the part of the political organization in control of the national government discloses growing apprehensiveness of the Republicans as to the possible outcome of the next general elections.

Perhaps a general sales tax will finally prove the solution of the problem of finding the revenue with which to provide a bonus for former service men.

## A JUDICIAL APPOINTMENT.

Without intending any disparagement of Senator Kenyon's ability, it may be plausibly argued that in appointing the Iowa to a federal judgeship President Harding was not unmindful of the political considerations involved. It was generally agreed that William M. Kenyon was the leader of the agricultural bloc in Congress. The bloc has been giving the President some uneasy moments of late, seriously threatening the efforts of the regular Republican organization to dictate national policies. It was the bloc which practically forced the adoption of a plan whereby the agricultural interests are assured regular representation on the federal reserve board. The calling of the recent agricultural conference in Washington evidenced the administration's recognition of the bloc. President Harding hoped to induce many members of the bloc to work through the Republican party instead of working as an independent unit.

Then just as Senator Kenyon was being acclaimed the leader of that agrarian organization and insistent mentioned as a probable opponent of Mr. Harding for the presidential nomination in 1924, the chief, executive in effect asked the Iowa man to forget politics and transfer his energies to the judicial system. Mr. Kenyon, who evidently has no great love of politics, has accepted the appointment, and President Harding beaves a sigh of vast relief.

Doubtless the bloc will find another leader. President Harding has retarded the progress of the movement which Mr. Kenyon headed, but he has not destroyed it. With

another leader the bloc may give the national administration more trouble than was occasioned under the leadership of the Iowa senator.

## IT'S A FINE OPPORTUNITY.

Yet a short time remains for receipt of contributions to the Woodrow Wilson foundation fund. In this movement emphasis is placed upon the idea that contributions are to be made largely upon the initiative of the contributor; it is essentially an opportunity for spontaneous expression of one's interest in former President Wilson and the ideals of world peace which he exemplified. The money is to be used in the promotion of world peace.

Posterity alone can properly appraise the work performed by Woodrow Wilson in the interest of peace, but the great value of that work is being recognized more and more clearly with the passing of each day. His vision was far greater than that of other statesmen of his time, the ennobling influence of his activities in international affairs will be increasingly felt in the future. And this foundation movement gives the people of Guilford, together with those of thousands of other counties in the United States, a splendid opportunity to help carry forward at least some of the projects in the peace program of his conception. Contributions, large or small, should be forwarded without delay to A. M. Scales, Greensboro, chairman of the Woodrow Wilson foundation organization in Guilford county.

## KENTUCKY GOES AHEAD.

Notwithstanding numerous prophecies of failure, the beginning of operations in Kentucky under the new co-operative tobacco marketing plan was characterized by successful results. Newspaper reports tell of satisfied farmers. Advances received on the basis of prices favored by the marketing association reached such proportions as to convince the growers that the new plan is a material improvement over the old system. If, indeed, the old way of selling tobacco could be called a system.

Day after day there is multiplication of evidence that the North Carolina growers who agreed to sell their tobacco through the co-operative association have acted wisely. Adoption of this plan will probably prove one of the most constructive undertakings witnessed in the interest of North Carolina farmers for many years.

CIGARETTES OFFERING  
KEY TO MYSTERY.

Los Angeles, Feb. 3.—A half dozen cigarette stubs offered today the key to a mystery which for twenty-four hours has been deeper than any developed in his work by William Desmond Taylor, noted motion picture director, slain Wednesday night at his home here. These half smoked remains found near the back door of his luxuriously appointed residence according to investigators, give mute evidence that some man, apparently waited nervously there on the evening of the murder.

They link with statements by Mrs. Douglas Macklean, wife of a motion picture actor, that on the evening of the murder she heard a shot fired, and looking from the window of her home, which overlooks that of Taylor, she saw a man, stranger to her, emerge from the front door of Taylor's home, look back and through and apparently speak, close the door and depart.

The movements of this stranger coincide with the visits of Mabel Normand, motion picture actress to Taylor's home on the evening of the murder. Taylor escorted Normand to her motor car and talked a few minutes with her there. The front door of his home was open.

Investigators suggest that the stranger who had been nervously smoking cigarettes while waiting for an opportunity to get at Taylor, apparently entered the apartment while the door was open and Taylor was out talking to Miss Normand.

## Auditors Find Shortage.

Asheville, Feb. 2.—Auditors have found that Clarence P. Gaston, tax collector in Buncombe for four years, previous to the last election, left books showing an indebtedness to the county of \$51,053.69 and arrangements to make complete settlement are under way by Mr. Gaston.

## FUNDS FOR BONUS.

Secretary Mellon Proposes  
Tax on Autos, Checks,  
Cigarettes, Etc.

Washington, Feb. 2.—Funds to finance a soldiers' bonus must be raised by means of internal taxes, as it would be impracticable to depend upon proceeds from the refunded foreign debt for this purpose, Secretary Mellon declared today before the house ways and means committee.

Reiterating his objections to the enactment of bonus legislation at this time, the treasury secretary said that in levying taxes Congress would have to tap mostly new sources, as the levies now in effect were abnormally high for peace times. He opposed a general sales tax, re-enactment of the excess profits tax, or an increase in any existing taxes except possibly those on cigarettes, tobacco and documents.

New sources of revenue suggested by the secretary included three cent first class postage, to raise \$70,000,000; an increase in second class postage rates to produce \$30,000,000; a two cent tax on bank checks to yield \$30,000,000 and a license tax of 50 cents per horsepower on automobiles, to produce \$100,000,000. Mr. Mellon estimated that increased documentary stamp taxes would produce \$40,000,000 and that an additional \$20,000,000 could be had from an increase of 50 cents per 1,000 on cigarettes and two cents a pound on tobacco.

Figuring that the bonus would cost \$425,000,000 a year for the first two years, the secretary said Congress could pick out other sources of taxes where the burden would fall with the least hardship in order to make up the deficit of \$125,000,000 as between the yield from the specific suggestions he had made and the cost of the bonus. In this connection, he called attention that there had been suggested consumption taxes on tea, coffee, sugar and other articles but he did not approve such taxes.

EXPECTANT MOTHER  
Prepared for Baby's Coming

DO YOU know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul, of Ocilla, Ga., tell you. She is one of thousands who have demonstrated this fact:

"As I am a young mother of one baby, I am writing for free booklet to 'expectant mothers.' I used only two bottles of Mother's Friend before I was confined and had a quick and easy time through labor. I can recommend Mother's Friend to all expectant mothers. I will never go through pregnancy without it."

You, too, can have this booklet for expectant mothers by sending coupon below.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

MOTHER'S  
FRIEND  
Used by Expectant Mothers  
for Three Generations

It goes into the features of maternity and gives, in a plain, interesting manner, information about what the mother needs in clothing before baby is born; what clothing will be necessary for the baby; an interesting table as to the probable date of delivery; simple but necessary and helpful rules of hygiene to follow, and much other worth-while information. This little booklet also tells about Mother's Friend and the wonderful good it is doing for expectant mothers.

## AT ATLANTIC BANK.

On Thursday C. W. Cloninger, former member of the state board of bank examiners, began his work as trust officer and assistant cashier of the Atlantic Bank and Trust company. Prior to his connection with the state board Mr. Cloninger for eight years was actively identified with a bank at Hickory and he is recognized as a successful banker. His coming to the Atlantic bank marks material broadening of the scope of that institution's activities.

## INCOME TAX FORMS

## ARE NOW AVAILABLE.

Forms 1040 for reporting individual return of income for the taxable year 1921 of more than \$5,000 are available at the office of collector of internal revenue at Raleigh, and the following branch offices: Washington, Wilmington, Winston-Salem, Asheville, Charlotte, Rocky Mount, Greensboro, Durham, Reidsville and Statesville.

The form contains six pages, two of which are devoted to the return, two to a duplicate of the return to be retained by the taxpayer, and two to instructions. The form will be sent to persons who filed similar returns last year, but failure to receive a form does not relieve the taxpayer of his obligation to file on time, on or before March 15, 1922, if the return is made on calendar year basis.

Forms 1040-A for reporting income of \$5,000 or less also are available at the above offices.

## MUSIC FESTIVAL IDEA

## FAVORED BY KIWANIANS

The Greensboro Kiwanians at their meeting Thursday endorsed the idea of a music festival to be held here on May 5 and 6. Already a tentative contract has been made with the Philadelphia Symphony orchestra and other leading artists. J. W. Simpson announced it was agreed that special details in connection with the festival would be handled by a committee composed of J. W. Simpson, George L. Stansbury and Frank C. Boyle.

## FROM A SUBSCRIBER

Editor The Patriot:

Dear Sir: Inclosed please find check for \$1.50 amount you sent me due you on subscription. I appreciate your paper very much, am always glad to get it. You give all the local news as well as others. I am 73 years old, and was born and raised two and half miles south of Greensboro, and as long back as I can remember, I cannot remember the time when The Greensboro Patriot was not in my father's house, so you know it is a welcome visitor to me.

Your very truly,

## CROP FIGURES.

## This State Now Ranks First in Production of Sweet Potatoes.

Raleigh, Feb. 3.—North Carolina has come back into its own with first rank in the value of sweet potato crop and the peanut crop according to the figures of the co-operative crop reporting service. This adds to the already attained first rank in soy beans and tobacco.

The value of North Carolina's 1921 sweet potato crop was \$9,900,000 which ranks the state first in the value of this crop. While Georgia stands first in the production with 12,400,000 bushels, Alabama is second in both production and value, with North Carolina's ten million bushel crop ranking third in quantity produced. Georgia potatoes sold at 63 cents, Alabama's at 73, while North Carolina's brought 97 cents or 9 cents higher per bushel than the average price for the whole country. The sweet potato crop, although less than grown in 1920, is gaining in popularity as evidenced by the interest and increase in curing houses.

The state's rank of 20th in the five million dollar value of Irish potatoes, and 23rd in the four million bushel production, is an improvement since 1920 when the state was 24th and 27th respectively. Maine held first place in production with 37,000,000 bushels. New York although second in bushels produced, holds first rank with \$36,709,000 and Maine second with \$31,579,000 in value. The value of North Carolina potatoes averaged \$1.43, while the average for all states was \$1.11 per bushel.

About a decade ago, North Carolina was the primary peanut state, but later fell behind. Last year Georgia and Alabama alone produced more. North Carolina nuts being of the Virginia type, are utilized for street and store trade, while the Georgia and Alabama crops, principally of the Spanish variety, are utilized more for oil. The prices are, consequently, 2.8 cents higher in North Carolina than in the other two states. The value of the state's crop is seven million dollars compared with six for Virginia and five million dollars for Alabama's crop. North Carolina's production of 129,576,000 pounds was third. The nation's production of 816,465,000 pounds, at an average of 4 cents, was worth \$32,000,000.

## Odd Fellow Demonstration.

Washington, N. C., Feb. 3.—The Odd Fellows of the second district, which embraces the counties of Beaufort, Hyde, Pitt, Martin, Tyrrell and Washington, are making elaborate preparations for the district degree demonstration to be held here Friday, February 10, under the direction of S. B. Currin, district supervisor.

## Pastor Accepts Call.

Lenoir, Feb. 2.—Dr. W. L. Tyree, noted Baptist preacher of the south, has accepted the call to the Lenoir First Baptist church. Dr. Tyree is now living in Hickory. He will move to Lenoir within the next week or two, and will assume pastorate on February 19.

## Fined \$500 Here.

In Municipal court Saturday a fine of \$500 was imposed against L. V. Hudson, who was convicted of transporting whiskey. The defendant's automobile was ordered confiscated as provided by law in such cases.

## EVENTS 80 YEARS AGO

It is the purpose of this paper to publish at frequent intervals comparatively brief references to events chronicled in The Greensborough (as it was then) Patriot of eighty years ago. In this enterprise valuable assistance is rendered by members of the staff of the Greensboro Public Library.

(February 8, 1942.)

All was not roses (Four Roses or other varieties) with the manufacturers of ardent spirits in '42, for The Patriot, quoting the Danville (Penn.) Democrat, told the world the seemingly amazing fact that "during the last three months four or five distilleries have stopped operations in the country, on account of the decreased demand for whiskey in the market which may be attributed to the great progress of the temperance reform." Mr. Volstead's predecessors, it was disclosed, were significantly active.

The expense of state governments was then a vital question. It was announced that the expenses of the state government of Ohio had been less in proportion to the population than any other state in the union except North Carolina, "and as low as that, and to the white population much lower."

Continuing, it was stated that the expenses of the state of Ohio "to each soul" were 11 cents; Massachusetts, 60 cents; New York, 37 cents; Virginia, 47 cents; and Kentucky, 33 cents. Those were "the civil expenses, independent of the public works."

That financial matters engaged a large measure of public attention was further evidenced by the following plaint:

"Speed the day, say we, when the people shall utterly refuse the ragged small change afloat in our community! We are cursed with a circulation of South Carolina 50 cent bills, which are illegal, ragged, and to cap the climax, half of them are counterfeit. The factory money (this reference evidently was to the specie issued by Henry Humphreys at his Mt. Hecla Cotton Mills in Greensboro) will soon go out of circulation; and now if our business men would promptly refuse these South Carolina shillings, we would soon draw into circulation the hard change at present stowed away in drawers and tills, or tied up in old stocking feet all over the country."

Twenty couples had been divorced at the most recent session of the Alabama legislature, action which moved the editor to express the conviction that "the marriage yoke must bear heavily upon the necks of the Alabamians. . . . The dominant party were not willing to divorce bank and state, but being very desirous of divorcing something, they turned their attention to separating those whom the 'silken tie' bound too close for comfort."

In 1737, according to an article in that issue of The Patriot, there were only 37 ploughs in all Massachusetts, and the use of those agricultural implements was not familiar to all the planters. From the annals of Salem it appears, in that year, it was agreed by the town to grant Richard Hutchinson 29 acres of land in addition to his share on condition that he set up ploughing.

It was confidently stated that Louis D. Henry would accept the nomination to run as Locofoco candidate for governor of North Carolina. "Mighty fine man! Pity he's a Federalist!" exclaimed the editor. Greensboro evidently occupied an enviable position in the furniture industry in the early forties. Note the following paragraph:

"There is no use going to the north for furniture when it can be had in Greensboro made in any style to suit a purchaser, from a plain table up to the most splendidly wrought mahogany side board or wardrobe. Call on the workmen before you send to the north."

The marriage of Mr. Saunders Flack to Miss Susan Webb was chronicled, the ceremony having been performed on Friday, January 28, in Guilford county by Rev. John Hinds. Then appeared this rhapsodic note:

How strong is the love that glows in the breast  
Of a female both timid and fair,  
She flies from her friends to her lover's embrace,  
And seeks his protection and care.

## MISTRIAL RESULTS.

## Ten Jurors Would Convict Arbuckle, Two Would Acquit Him.

San Francisco, Cal., Feb. 3.—The jury in the second trial of a manslaughter charge against Roscoe C. Arbuckle decided at the conclusion of a 44-hour session that it could not agree and was discharged today, with the final ballot standing ten for conviction and two for acquittal.

Arbuckle was accused of having caused the death of Miss Virginia Rappe, of Los Angeles, a motion-picture actress, who was taken ill at a drinking party in Arbuckle's suite here at the Hotel St. Francis on Labor Day, 1921, and died four days later as the result of a ruptured bladder.

The case was placed on the calendar for next Monday to be set for its third trial. Both prosecution and defense announced that they would favor such trial. So sure was the defense of its position in the second trial that it submitted its case without final argument. This had an effect opposite from the one intended, according to Nate Friedman, one of the jurors, in a formal statement.

"We thought that when the defense declined to argue it had thrown up its hands," he said. "The first ten ballots stood nine to three for conviction, and thereafter until the fourteenth and final ballot, it was ten to two."

Arbuckle appeared to be somewhat downcast by the disagreement. Members of his family were so visibly perturbed that it was some moments before they greeted him or his attorneys after the result was known.

When the jurors returned to court today they looked haggard and worn and the lone woman juror, Mrs. Mary H. Somers, was visibly nervous. A crowded court room heard the result.

"In spite of my own personal conviction, it was my intention to be guided by the opinion of a majority of the jury," District Attorney Brady said. "Had the majority of the jury been in favor of an acquittal I would have asked for a dismissal. As the jury stood ten for conviction to two for acquittal, it is manifestly my duty to try the case again."

## BULLOCK'S BODY FOUND IN HOME IN ROBESON

Lumberton, Feb. 3.—One of the most brutal and cold-blooded murders ever committed in Robeson county took place last night when R. Walter Bullock was shot to death and robbed. Mr. Bullock operated a gasoline filling station on the highway, three miles west of Lumberton, and lived alone there. The fatal shot was fired through a window of the building in which the deceased lived and entered the back of his head near the right ear.

The murdered man was 37 years old and unmarried. The load of No. 4 broke a pane out of the window through which it was fired. It is thought the murder was committed about 11.30. The lifeless body of Bullock was found by two men who stopped there to get some gasoline about midnight. The pockets of the dead man were turned inside out and all the contents taken. There is no clue as to who committed the dastardly crime.

## WALTER MURPHY TALKS TO WOMEN AT COLLEGE.

The greatest responsibility of woman is in the home, Walter Murphy, of Salisbury, member of the state house of representatives, declared in an address at the North Carolina College for Women Friday night. Short talks were made by other special guests, Mrs. Rosenthal, of Goldsboro; Senator Nelson, of Lenoir; Representative Clem G. Wright, of Greensboro. Messrs. Murphy, Nelson and Wright were leaders in the movement which happily culminated in the establishment of the state college for women here. The college women obviously enjoyed the addresses.

## Chamber Directors Meet.

Secretary C. W. Roberts' plan for a "Know North Carolina Week" next spring received the indorsement of the directors of the Greensboro Chamber of Commerce at their meeting Friday night. President E. B. Jeffress reelected to some of the past accomplishments and proposed undertakings of the chamber. C. H. Ireland, W. A. Hewitt and others spoke interestingly of various matters.

## NOTICE TO STOCKHOLDERS OF AMERICAN EXCHANGE NATIONAL BANK.

The stockholders of the American Exchange National Bank will take notice that at a meeting of the Directors of said bank, held on January 10th, 1922, the following resolution was unanimously adopted:

"RESOLVED, by the Boards of Directors of the Greensboro National Bank and of the American Exchange National Bank, both being national banking associations organized under the national banking act, with their places of business and offices in Greensboro, North Carolina, meeting in separate session, that the two banks be consolidated into one national banking association under the charter of the American Exchange National Bank, upon the following terms and conditions, to-wit:

FIRST: That the said American Exchange National Bank issue fifteen hundred (1500) additional shares of the capital stock thereof of the par value of One Hundred Dollars (\$100.00) per share, making the total capital stock of the said American Exchange National Bank \$750,000.00, or seventy-five hundred (7500) shares of the par value of \$100.00 each, and the officers of said bank are hereby authorized and empowered to issue said stock.

SECOND: That the said American Exchange National Bank issue to the stockholders of the Greensboro National Bank capital stock of the American Exchange National Bank at the price of \$140.00 per share in exchange for the stock of the Greensboro National Bank at the price of \$210.00 per share, making such adjustments as to old shares as may be necessary, and thereafter cancelling the stock of the Greensboro National Bank.

THIRD: That the stockholders of the Greensboro National Bank and of the American Exchange National Bank are hereby called to meet in special sessions, at their respective banking houses, on Wednesday, the 15th day of February, 1922, at three o'clock P. M., to consider the ratification and confirmation of this said resolution and of the consolidation proposed therein, and that the call for said meetings, containing a copy of this resolution, shall be published for four consecutive weeks in The Greensboro Patriot, a newspaper published in the City of Greensboro, Guilford county, North Carolina, and that notice of said meetings, giving the time, place and object of said meetings, and containing a copy of this resolution, be sent to each shareholder of record of both banking institutions, by registered mail at least ten (10) days prior to the date of said meetings."

And the said stockholders will further take notice that in pursuance of said resolution a meeting of all the stockholders of said bank is hereby called to be held at the banking house of the American Exchange National Bank in the City of Greensboro, North Carolina, on Wednesday, February 15th, 1922, at three o'clock P. M., to consider and take action upon the foregoing resolution and the consolidation proposed thereby, upon the terms and conditions proposed therein, and either ratify and confirm the said resolution and the consolidation proposed thereby upon the terms and conditions proposed therein, or reject the same as to them may seem best, the said stockholders being notified that an affirmative vote of at least two-thirds of its capital stock outstanding is required to ratify and confirm the said resolution and the consolidation, as aforesaid.

And the said stockholders further notified that if the said resolution and consolidation are ratified and confirmed that the further purpose of said meeting will be to amend the by-laws of the association as to the number of Directors; to elect such additional directors as may be deemed best, and to transact such other business as may lawfully come before the stockholders meeting.

# ANYTHING THAT AFFECTS The Automotive Industry IN A DETRIMENTAL WAY IS A STEP BACKWARD.

**T**HE Automobile, more than any other one thing, has contributed to the swift advances civilization has made in the past decade.

It has brought the country and the city into such close contact that to-day the country and the city, in districts where there are good roads, are as one.

The man who lives ten miles from town on a hard surface road is really centrally located. Rain or shine, he is but twenty minutes to half an hour from the heart of things, and with his truck can and does make half a dozen trips to town in a day.

Yesterday ten miles out and ten miles back took the better part of a day and the man who lived that far never realized on the advantages of the city so close to him.

Property values have been so materially increased by the advent of the automobile that the out-of-town man of yesterday would never recognize them. Property it was hard to sell on the basis of acreage is to-day being sold at building lot prices and it is no longer a question of how far out the home is, but simply the question of how good the road is which leads to the city.

**T**HE Automobile is no longer a luxury, nor even a necessity—it has become a real HABIT OF LIFE just as breathing, eating and sleeping is the habit of life. And this year, with automobile prices at unusually conservative levels, more people will ride in automobiles of their own than ever rode before in the history of the country.

The Greensboro Automobile Show is going to bring clearly home to you the fact that **YOU CANNOT AFFORD TO BE WITHOUT AN AUTOMOBILE** and a good one, suited to your needs, at that.

You will see all the new 1922 models on display, all the commercial vehicles, the tractors and the trucks which make farm life far more pleasant and liveable than it used to be.

You will find entertainment of the best sort. The latest New York sensation in Bands, a famous Accordion Artist, a singer of renown and other things to attract and hold you spellbound.

You will find decorations to please your eye, courtesy and attention to warm the cockles of your heart.

**DENIES RAILROADS WERE  
RUINED BY GOVERNMENT.**

Washington, Feb. 2.—The charge of certain railroad executives that the government "ruined" the roads is groundless, William G. McAdoo, former secretary of the treasury and wartime director general of railroads, told the senate interstate commerce committee today in con-  
cluding his testimony in its inquiry into the transportation situation.

"The indisputable fact is that the government saved them," he declared, adding that government opera-  
tion gave the public improved service and saved millions of dollars in transportation costs.

Summarizing his testimony, Mr. McAdoo asserted that he had shown that "the appalling transportation crisis" at the time federal control was inaugurated "forced as a vital military and economic necessity," the taking over of the railroads; that "federal control . . . alone could save the situation and did save it," and that "congestion was broken, railroad lines were co-ordinated and operated as an effective national machine, and the required amount of transportation to meet military needs . . . was supplied."

**DEFENDANT AT RALEIGH  
HAS NERVOUS COLLAPSE.**

Raleigh, Feb. 2.—The case against Norfleet Stronach, charged with manslaughter as a result of the death of Harry Pool who was killed on Hillsboro street on the night of January 24 while riding in Stronach's automobile, was continued in police court here Wednesday. Stronach, who maintains that Pool was driving at the time of the accident, has been in a state of nervous collapse since the occurrence and it was stated in court yesterday that it may be a week or ten days before he will be able to stand trial.

**No Checkers on Sunday.**

Boston, Feb. 3.—Checkers and chess may not be played in Massachusetts on Sunday without breaking the law. The house of representatives today accepted an adverse report on a bill to make those games legal.

## CAPT. THOS. W. SLOCUMB AND MRS. SLOCUMB DIE.

Goldsboro, Feb. 3.—Capt. Thomas W. Slocumb, aged 80, a prominent Goldsboro citizen, well known over the state, died at his residence at noon today after an illness of several months duration, and at 4 p. m. this afternoon his wife also died after an extended illness. Mrs. Slocumb was formerly Miss Mary Davis, half sister of Col. A. C. Davis. They leave seven children, A. P., of Baltimore; Thomas W., of New York; John C. Slocumb, of Wilmington; Mrs. Hattie S. Gray, of Raleigh; Mrs. D. R. Kornegay, of Florida; Misses Mary and Rebecca Slocumb, of this city. The funeral will be held from St. Paul M. E. church tomorrow afternoon.

## DESTRUCTIVE FIRE IN CHARLOTTE REPORTED

Charlotte, Feb. 2.—Damage by fire of Wednesday night which practically destroyed the building occupied by Garibaldi and Bruns, jewelers and damaged adjacent buildings is placed at \$100,000, \$5,000 of that being loss of Garibaldi and Bruns. Fire endangered three banks, two of which moved papers and money out. Fire at the Selwyn hotel at one o'clock last night, which did considerable damage, threatened the whole building and caused panic with loss of several thousand dollars.

## ACQUITTED OF MURDER OF NEW YORK CLUBMAN.

Asheville, Feb. 2.—Tried for the murder of Blaize L. Hartsell, rich New York clubman, who disappeared while on a walking trip through the mountains of western North Carolina, "Bill" Rainwater was acquitted by a Mitchell county jury yesterday.

A woman, Mrs. Owen, jailor at Johnson City, Tenn., was the chief witness of the prosecution, which made a hard fight to have Rainwater sent to the death chair. Her testimony was that Rainwater had told her he had killed Hartsell and would go to the chair.

"But I won't go by myself," it was testified Rainwater added. He has the reputation of being one of the most dangerous men that the mountains of western North Carolina have produced.

The defense maintained that Rainwater was merely joking when he made the statement to Mrs. Owen.

Hartsell, whose disappearance led a detective to make a 1,500 mile trip through the wilds of the Blue Ridge mountain, was sought a long time by his relatives and friends, his body being finally found hidden in a cave in Mitchell county, a little over a month ago.

Rainwater stands another chance of sitting in the death chair. He is held without bail on a charge of murdering another man, J. Shipley.

## ASSOCIATION IS FORMED BY WHOLESALE MEN HERE.

Organization of the wholesale dealers of Greensboro for the exchange of credit information and mutual protection in various ways was effected at a meeting at the Guilford cafeteria Wednesday night.

At that meeting 27 wholesalers were present. It was agreed that a full-time secretary would be employed.

The following officers and directors were elected: J. W. Patterson, president; P. A. Hayes, first vice-president; W. A. Watson, second vice-president; J. E. Murray, temporary secretary; C. P. Carmichael, A. G. Ellington, W. B. Davis, W. M. Granson, C. W. Graham, W. L. Calum, H. L. Ballance and J. Clifton Morris, directors.

## MOUNT AIRY PEOPLE SEEK ELECTRIC LINE.

Mount Airy, Feb. 2.—A delegation of citizens representing the Kiwanis club will go to Hillsville, Va., February 4 to attend a conference of citizens of Carroll county, Va., regarding building an electric car line from Jackson Ferry or Sylva, Va., to Mount Airy. This step grew out of a mass meeting of citizens of Carroll county held recently at Hillsville when one of the largest and most representative bodies of citizens met to discuss this project and appointed a committee to confer with citizens from this place.

## New Lumber Concern.

With a capitalization of \$150,000 a new wholesale lumber concern, the Clement, Herrington and Clement Lumber company, has been organized here. The company maintains offices in the Southern Life and Trust building. The partners in this concern are W. L. Clement, E. A. Herrington and M. T. Clement, all experienced lumbermen.

## TAXPAYERS ADVISED TO REQUEST CONFERENCES.

To save themselves time and trouble, and, in many cases, unnecessary expenditures, taxpayers having business with the income tax unit of the bureau of internal revenue at Washington and desiring conference with officials in connection therewith, are advised to ask for such conference in advance.

A number of taxpayers and their representatives appear at the income tax unit without appointment, and ask immediate hearings. Frequently the conference cannot be held at once for the reason that the papers and information relating to the said case must be assembled or the proper official may be otherwise engaged. The result is a delay of a day or two, and added cost to the taxpayer in the way of hotel bills, etc.

Requests for conference should be addressed to the commissioner of internal revenue, Washington, D. C., together with a statement of all the facts in connection with the cases, and the purpose for which it is desired. The taxpayer will be informed by letter or telegram of the date appointed for the conference.

## GIRL WHO TRIED TO END HER LIFE GIVEN HEARING.

Helen Mayes, the girl who undertook to take her own life Monday night in the city jail by swallowing poison, will be given an opportunity to help work out her reformation at Samaritans.

In Municipal court Thursday the girl was tried on a technical charge of immoral vagrancy. She was convicted and placed in the custody of Mrs. Blanche Carr Sterne, county superintendent of public welfare, who was authorized to make arrangements for admission of the defendant into the state institution at Samaritans.
