TOBACCO GROWERS WILL GATHER HERE SATURDAY

BIG CO-OPERATIVE RALLY OF FARMERS OF GUILFORD AND RANDOLPH COUNTIES

Tobacco growers of Guilford and Randolph counties will meet at the county courthouse here Saturday, beginning at 1 o'clock in the afternoon. Plans of the Co-operative Marketing association will be discussed, and those growers who have not joined the association will be given an opportunity to do so.

It is urged that every grower in the two counties who can possibly attend do so, not only members of the association but those who are not members. Every member is urged to bring a man with him who has not yet signed the association contract.

J. M. Galloway, director, third district, of the tri-state association will be present. He called the meeting. Field Organizer Swain also will be here and a great rally is in prospect. The growth of the movement will be described and the plans being made for perfecting a successful financing machine and contracts will be offered those who wish to become identified with the association. Over half the poundage of the two counties has been signed up, but the association wants more members, the more the stronger, and the better the chance to secure high prices for tobacco next marketing season.

E. B. Garrett, county agent, will attend the meeting, as will other leaders in the movement to form a strong association.

Mr. Swain, speaking Wednesday of the success of the movement, was asked by a representative of The Patriot as to the success of the Burley growers' sales in Kentucky.

"They have surprised the world," he said. Then he gave some information as to the success with which co-operative marketing is attended in Kentucky, where the crop is being sold.

The secretary of the association in Kentucky has just sent a check for \$5,600,000 to bankers who had the courage to advance money at the start. That check came from sales and it was sent in payment before the loan became due. The bankers advanced twice that amount and it is probable that the balance will be paid before it becomes due, also. In addition, so successful was the marketing and so good were the prices received that it was not necessary to take advantage of a \$10,000,000 loan for which arrangements had been made with the war finance corporation.

Kentucky burley growers have proved, in sales, that the co-operative marketing association is a great success. They have secured good prices and have had no trouble in selling their tobacco. They are the first to get into the market under the co-operative plan and the nation anxiously watched the result. The results have been far better than anticipated.

The meeting Saturday deserves the support of every grower in the two counties and the leaders urge that members and others come out.

DEPUTIES GET 60 GALLONS IN RAID

A raid made by Deputy Sheriffs Mike Caffey, Joe Phipps, and J. F. Brown to a point off the High Point road, about 12 miles from this city, Saturday night netted 60 gallons of whiskey, a mule, a one-horse wagon, 120 half-gallon fruit jars and 12 five-gallon tin cans. Three men who were putting the liquor from the cans into the jars made their escape.

They had carried the liquor to the place in the cans to put it into the fruit jars. The deputies waited until they heard the liquor being poured out, then rushed on: on the three men. Two of them took to their heels, the other jumped on the mule, but it was stubborn and refused to budge. The man slid down and out raced his pursuers.

MARRIED THIRTEEN TIMES FOR MONEY

Indianapolis, Ind., March 15.—Isaiah Moore's 14th marriage was to have taken place today, according to his own confession. He was arrested on a charge of bigamy and embezzlement. It is charged that he would marry the women and relieve them of their cash.

Had Tar Heel Bride.

Wilson, March 15.—Mrs. Besie Whitson, a young widow of this city, was married to George S. Shields here about seven months ago, according to the records in the office of the Wilson county register of deeds, where the marriage license was obtained. Shields is said to have carried his bride to Goldsboro, where he is alleged to have relieved her of a diamond ring, a small amount of money and deserted her. Mrs. Shields recently obtained a divorce on the grounds of desertion and was married in Washington, N. C., last Sunday.

STATE NEWS BRIEFS

Pou Convention Chairman.

Raleigh, March 15.—Edward W. Pou has been selected as temporary chairman of the Democratic convention to be held here on April 20, the chairman of the state executive committee, David Norwood, making the selection. Mr. Pou will deliver the keynote speech. He is representative in Congress from the four North Carolina districts.

To Try Ex-Bankers.

Raleigh, March 15.—R. G. Allen, former president of the defunct Central Bank and Trust company of Raleigh, J. H. Hightower, its president, and H. H. Massey, its cashier, were yesterday held for the next term of Wake county superior court, which will convene on April 10, to answer criminal charges growing out of their operation of the bank.

General Carr Better.

Durham, March 15.—Continued improvement was noted today in the condition of Gen. Julian S. Carr, commander-in-chief of the United Confederate Veterans, ill at his home with pleurisy. General Carr spent a very comfortable night and his general condition was said to be decidedly better this morning.

Cleared of Girl's Death.

High Point, March 15.—W. Francis Everhart, of Thomasville, was discharged when given a preliminary hearing here before Judge W. G. Brown, justice of the peace, yesterday. Young Everhart had been held on a warrant charging manslaughter following the death of Miss Lena Farrington, of this city, on the Winston-Salem road about three weeks ago. She was killed when a car in which she was riding, driven by Everhart, was wrecked.

Steps In Front Train.

Gastonia, Mar. 15.—William Redd, aged 35, of Columbus, Ga., was instantly killed here Saturday morning when he stepped in front of Southbound passenger train No. 15, just west of this city. With a companion, William Bateman, he was watching an approaching freight train, and did not see the passenger train. Bateman leaped from the track just in time to save himself.

Too Inquisitive.

Sanford, March 15.—James Wadsworth, a negro, who was found dead in a briar patch near here Sunday, was killed by three other negroes, distillers, according to a coroner's jury's verdict Tuesday. Wadsworth was trying to find a still said to be operated by the others.

Shelby Man Kills Self.

Shelby, March 15.—H. E. Kendall, of this city, a well-known business man, killed himself here this afternoon, shooting himself through the head. Mental depression is supposed to have been the cause for the suicide.

NEW POULTRY ASSOCIATION PLANS TO HOLD BIG SHOW

ENTHUSIASTIC MEN OF CITY AND COUNTY GET TOGETHER FOR SHOW.

The Central Carolina Poultry association was organized by about 100 enthusiastic breeders of poultry of Greensboro and Guilford county Tuesday night at a meeting held in the farmers' room at the courthouse.

Plans were started looking to a poultry show to be held here next winter, committees being named to go ahead with preliminary plans. It is intended to make the show one of the best in the state and, in time, one of the best in the three states of North and South Carolina and Virginia.

Officers elected are: President, W. M. Montgomery; vice-president, W. R. Taylor; secretary-treasurer, W. T. Corbin. The executive committee is made up of O. D. Boycott, chairman; W. R. Taylor, A. L. Stockton, B. H. Mitchell and J. M. Moser.

The meeting was marked by a determination, expressed by practically all those speaking before the organization work was reached, to make Greensboro and Guilford known as the home of the finest poultry in the south. Co-operation was pledged for the benefits of a live organization shown.

W. T. Corbin opened the meeting with a statement of its object. He declared that there are in this immediate section as fine chickens as many of them as anywhere and urged the advantage of an association and a poultry show. He made a motion that Mr. Montgomery be made chairman of the meeting, which was done, and then Mr. Corbin was made temporary secretary.

Mr. Montgomery called on several persons for some brief speeches. W. R. Taylor stated that he saw no reason why a successful association and a successful show can not be formed, the best in the three states. These included Mr. Taylor, Mr. Moser, Farm Agent, E. B. Garrett, Mr. Stockton, Mr. Mitchell and several others, all of whom were enthusiastic as to the benefits to be derived from the association. Mr. Montgomery also told of the good a show and an association would do and Mr. Corbin went into some detail as to staging a show.

It is believed that the association will go forward rapidly. Those who could not attend the meeting Tuesday night are urged to join the association.

COUNTY SELLS MILLION DOLLARS WORTH OF ROAD BONDS AT PREMIUM TO NATIONAL BANK OF CINCINNATI

The board of county commissioners sold one million dollars worth of county highway bonds Wednesday afternoon to the Third National Bank of Cincinnati, Ohio, at a premium of \$18,700. The bonds will bear five and one-fourth per cent interest. All things considered, that was the best bid.

There were eight offers made for the bonds, all except two of the eight concerns bidding asking for five and one-fourth per cent interest, those two offering to take the bonds at five and one-half per cent, paying big premiums.

The premium of \$18,700 received on the issue reduced the interest rate to 5.08 per cent, which the commissioners think makes the sale an extremely good one.

They think that in waiting to market the bonds, which were authorized at an election held in December, 1920, they have saved the county considerable money. A year ago, it is stated, the bonds could hardly have been sold at par, much less at a premium, and the interest rate would probably have been 6 per cent.

The bonds marketed are just half of the \$2,000,000 issue authorized by the voters of the county. They are known as series "B." They run for 30 years, first payments to be made five years from now and each year thereafter for 25 years, one-twentieth of the amount to be paid each year. It is expected that the money from the sale will be paid within 30 days. Considerable money has been borrowed for road construction work in anticipation of the sale. Road work, when the weather per-

AUTOMOBILE SHOW HERE PROVING GREAT SUCCESS

MANY EXHIBITS, VERY ATTRACTIVELY ARRANGED—SHOW LASTS THROUGH SATURDAY.

Featured by a large number of attractive exhibits and music of a high order, the automobile show began here at the two brick tobacco warehouses on Green street Tuesday afternoon. The attendance that afternoon was good and a big crowd attended the show Tuesday night. The manager, H. S. Baker, is greatly pleased at the success with which it is meeting.

It will continue through Saturday, that day to be given over to merriment and a general good time.

The two warehouses are full of attractive exhibits, the manufacturers and dealers in automobiles, trucks, tractors, tires, batteries are all the equipment and accessories business making very creditable showings. Some of the finest cars in the United States can be seen in the two buildings.

Yarborough's Royal Hussars band gives delightful concerts, accompanied by Miss May Cook, whistling phenomenon. Prince Ilma and his quartet are delighting the audiences. The members of the quartet, besides the prince, are Dora De Vera, Miss Vaeleand and H. Russo. Tal Henry's orchestra is one of the pleasing features of the show. Billy Willard, tenor, is giving great pleasure with his solos.

Wednesday was rainy, but in spite of that many people attended the show. The attractions are too many and varied not to attract large numbers of people.

Today was a big day. Races at the fair grounds have been arranged for Saturday, the final day. Tomorrow, "closure day" will be a great one, it is confidently expected. A big banquet for the dealers and their friends will be held at the O. Henry hotel Friday night.

Ranging through the spacious warehouses, gazing upon the beautiful products of the automobile maker's art, the conclusion is inescapable that the show is the biggest ever staged in this state. Visiting dealers declare that it is a great show, comparing well even with the Atlanta show. The exhibits are comprehensive and so assembled, in the beautifully decorated booths that they make a striking effect.

EFFORTS TO ALTER TREATY DEFEATED

Washington, March 14.—After another stormy debate, the senate late yesterday rejected by a division almost on party lines the first two of the proposed amendments to the four-power Pacific pact.

The first of the two amendments, offered by Senator Robinson, Democrat, Arkansas, provided that the four powers should refrain from aggression against non-signatory as well as signatory nations, and that all interested nations whether signatories to the treaty or not should be invited to any conference over a Pacific controversy.

The proposal was lost 30 to 35. Later a similar amendment in different form was presented by Senator Walsh, Democrat, Montana, and was voted down 27 to 50.

On both roll calls four Republicans, Borah, Johnson, of California, France and La Follette, voted in the affirmative while an equal number of Democrats, Pomerehne, Ramsdell, Underwood and Williams of Mississippi, joined the opposition.

NEWS OF THE NATION

Big Fire In Chicago.

Chicago, Mar. 11.—Investigation of the cause of the fire which destroyed a block of thickly-tenanted office buildings, caused a loss of more than \$1,000,000, resulted in the death of one man and rendered 20,000 others idle, was begun tonight by state city and insurance officials.

Coal Strike Seems Sure.

Washington, March 15.—Secretary of Labor Davis and John L. Lewis, president of the United Mine Workers, exchanged views yesterday on the threatening situation in the bituminous coal industry, and both were said after their conference to be of the opinion that a national strike in the union fields was inevitable.

Trying Arbuckle Again.

San Francisco, March 15.—Six jurors had been accepted tentatively at the close of today's session in the third manslaughter trial of Roscoe C. (Fatty) Arbuckle. Two of them were women. Only a half-day session of court was held on account of the funeral of a sister of one of the prospective jurors.

Bonus Bill Reported.

Washington, March 15.—A favorable report on long controverted soldiers' bonus bill was ordered yesterday by the house ways and means committee by a vote of 19 to 5. Chairman Fordney plans to submit his formal report late this week.

Man Shot In Raid.

Chattanooga, Tenn., March 15.—Charlie Borin and Mrs. Worth Borin are under arrest at Cleveland, Tenn., in connection with the killing of Sheriff I. L. Smith during a raid on a moonshine still near McDonald yesterday. Two other Borin boys made their escape.

Bold Daylight Robbery.

New York, March 14.—Operating on a street so crowded as to interfere with the actions of a detective less than 50 feet distant, a lone bandit in daylight yesterday held up Miss Rae Abel, a girl cashier, on Third avenue near 123d street, and escaped in a taxicab with a \$6,600 pay roll.

Gave Poison For Medicine.

Pittsburgh, March 15.—Given carbolic acid by her mother, who believed she was giving her daughter medicine, six-year-old Luella Mitchell, of No. 5258 Second avenue, died in the Municipal hospital at noon Tuesday, three hours after she had taken the poisonous potion.

Harding To Capital.

Palm Beach, Fla., March 15.—President and Mrs. Harding ended their "houseboat" cruise in Florida waters here Tuesday and started back north. The President today reached St. Augustine and, after a stop there of two days, will depart for Washington Friday.

CURB MARKET WILL BE OPENED HERE ON MAY 16TH

ARRANGEMENTS MADE TO START WITH AT LEAST 100 BUYERS.

The Greensboro curb market will open on Tuesday, May 16, the date being set by the agricultural committee of the Chamber of Commerce, which has been making arrangements to start the market, requested by the Guilford county Farm bureau and the Woman's club of this city.

The exact site of the market has not yet been selected, but that will be announced later.

An agreement has been made between the farmers and the women interested to this effect:

The farmers will have at least six wagons of produce at the curb market each day and the women will have at least 100 buyers each day. That, it is thought, will assure the success of the market, and it is expected to grow steadily. Of course, it is desirable that there be more than six wagons of produce and more than 100 buyers, but that is the minimum in each case.

No license will be required of any farmer who is selling vegetables and other things that he has produced himself. There is a city ordinance, however, forbidding a farmer to bring in produce raised by another and sell it unless he pays a special license, the cost of which is large. What a man raises himself, though, he has a right to sell without any license.

The Farm bureau, the Woman's club and the Chamber of Commerce have been working for some time on the curb market plan, believing that it will be a great benefit to both producers and consumers. The success of the market will lie to a great extent in the farmers themselves. If they bring in plenty of produce, good stuff, there is no reason, those who have been working for the plan think, why the market should not succeed. The Woman's club will see that plenty of buyers are on hand.

A special space will be marked off for market.

CHARGE CROOKEDNESS

Say American Cotton Exchange Got Southern-ers' Money.

New York, March 15.—Charges that the American Cotton exchange is a huge bucket shop where actual trading is rare and where the southern speculator is at the mercy of the New York broker, were made yesterday by former members of the exchange at a "John Doe" investigation conducted by the district attorney's office before Chief City Magistrate McAdoo.

Witnesses testified to numerous instances of "cross trading," fictitious orders, "dummy accounts," "scalping," secret manipulation of unrecorded transactions, sensational advertising designed to woo the accounts of small speculators in the south and undisguised bucketing of orders.

W. B. Wilson and J. H. Watson, members of the firm of Wilson and company, which was expelled from the exchange last February 28 on charges that they had warned their clients against further dealings with the institution, were principal witnesses for the prosecution.

"When there was cotton for sale in the ring, we made bona fide sales for our clients," Mr. Wilson testified. "But the southerner, who is an optimist about the cotton market, almost invariably bought. As a result, there seldom was any cotton for sale and brokers simply 'bucketed' the orders, taking a chance on covering themselves when cotton eventually was offered in the ring."

Fourth Man Paroled.

Winston-Salem, March 15.—Two paroles for prisoners serving terms on the Greensboro county road for violation of the prohibition laws were granted by Governor Morrison yesterday. The paroles went to James Beach, serving 18 months, who is suffering from a severe attack of rheumatism, and to Alex Berry, a six month prisoner, who developed lung trouble.

HOME DEMONSTRATION

The home demonstrator, Mrs. Ola S. Wells, was scheduled to attend an all-day meeting of the Woman's club at Brown Summit today. A millinery meeting was planned, hats and a dress form being made. The club meets at the home of Miss Lula Troxler. Brown Summit has a good club. Mrs. A. J. Summers is its president.

A letter addressed simply "O. S. W., Home Dem. Agent," with no city, country or state address, only those three initials and three words, reached Mrs. Wells in her office Wednesday. It was written by a little girl and reads as follows:

"Dear:
"I know where I can get my eggs and I know where I can get them, white Wyandottes, but I have not got them yet." Then followed the signature.

Mrs. Wells recently wrote the little girl, who wanted to join a poultry club, and signed a post-script to the letter "O. S. W." She says that the mail carrier and the postoffice people gave service on that letter. She was very glad to hear from the little girl and to know that she intends to get to work with a will on poultry.

Improving Home Grounds.
At this season of the year the home grounds should be beautified. This is "cleaning up" time and a little care expended now will show big results, almost immediately. The appearance of the farm house can be improved wonderfully and the results be of a lasting nature.

In planning the home and grounds natural treatment of both will be necessary to give a rural air to the place. Do not build with gables, porticos, etc., for they do not fit with the natural scenery. It is usually possible to carry out this naturalistic treatment as it ought to be on a comparatively large scale for the farm should spare plenty space for home grounds. If your place is crowded, commence now to reconstruct it with the idea in view of a roomy farm yard.

A farm house ought to be comparatively remote from the road. The distance will vary according to the slope of the land, height of the house. If the land slopes upward from the road the house should be more than three times the height back from the road.

Simple architecture is best; porches should be wide and not too high from the ground, if ground is level. Very high porches are wanted in the city for privacy.

The house should be the center of the picture. The trees, shrubs and flowers make the frame. Leave the lawn open. Shells down the front walk are in bad taste. Beds are not used now.

Select suitable tree, have the top pruned and all lateral roots cut with a spade. Let this tree stand all summer and then next winter or spring you can remove this tree with a nice ball of earth and matted roots and be sure of success. Your nearest nurseryman, though, can supply you large trees several times transplanted. Plant one or two trees, good ones, and give some thought to the location.

Connect the house with the ground by planting shrubs around the base or foundation. Screen by plants all out buildings inside yard if they can't be removed. Group the trees, planting specimens after considering unsightly objects you wish to screen. You may want a tree by your favorite window for shade. Do not plant in checker board fashion all over the lawn, cutting out the view from your front windows and otherwise getting the front yard in such shape that you will never have any grass to mow. Start thinning out your grove now before the trees get large. When large you will hate to part with them.

Use Native Shrubs.
Use native shrubs as much as possible. The most popular shrubs grown in the nursery are native, viz Red Buds, Dogwood, Button Bush, Sumac, Hawthorn, Indian Currant, Elder Rose Occasia, Wild Roses, Winterberry, Honeysuckle—add to these nursery grown, Spiraea especially Vanhouttei and Thunbergii; Weigela, Deutzias, Lilac and Philadelphus, Forsythias, Barberry, Altheas, Hydrangeas, Yucca and a few broad-leaved evergreens.

Fences are frequently a necessity, but it need not be a white-washed, picket fence; use a hedge on the outside of a wire fence. Planting is a better way than fencing and gives seclusion.

Upon no one thing does so much depend in making beautiful home grounds as upon a good lawn. It is the grass carpet of the home picture

and costs more than to get a good crop of alfalfa. A good lawn cannot be made except on rich soil. If soil is poor, treat with lime and manure and plant to cow peas the first season. The weed seed should be out of the manure by fall and you will also avoid crab grass. Apply 500 to 800 pounds of high grade fertilizer, sheep manure is good also bone meal. Level the ground and sow both ways using 100 pounds of grass seed to the acre, rake lightly and then roll.

Lawn Needs Attention.
Bermuda lawn can be made by cutting up in short lengths by running through a feed cutter, sowing broad cast and plowing lightly, then level and roll.

The most important after care is weeding and regular mowing. The onion patch and flower garden need no more weeding than the lawn. Reseed the bare spots each spring or fall.

BASEBALL

BASEBALL ENTHUSIASTS FORM A COUNTY LEAGUE

The Guilford County Baseball league was organized at a meeting held at South Buffalo high school Tuesday night, attended by representatives of Monticello, South Buffalo, Glenwood and Bessemer schools. It is probable that other teams in the county will join the league. The season will start Saturday, May 6. Games will be played every Saturday and on legal holidays until the middle of September. It is also probable that games will be arranged on other days.

Thursday night, April 4, a meeting will be held at the Glendale school, to arrange a schedule. The rules will be strict as to eligibility. It to be strictly amateur baseball. Any amateur who lives in the county will be eligible for any team but after he has played on one team he cannot be transferred to another.

E. H. McBane, of Greensboro, was elected president of the league, and C. C. Wimbish, also of this city, secretary and treasurer.

PLEASANT GARDEN TEAM BEATS GREENSBORO BOYS

The Pleasant Garden high school baseball team defeated Greensboro Tuesday afternoon at Pleasant Garden, 6 to 5, putting over the winning run in the last half of the ninth inning. Neece, Tucker and R. Kirkman, for Pleasant Garden, started at the bat, Neece getting a home run and a three-base hit, while Tucker and R. Kirkman swatted the ball for two base hits. R. Kirkman pitched a good game, letting Greensboro down with six hits. Green was the only man on the Greensboro team to hit the ball for more than one base, securing a two-bagger. It was a good game. Batteries: Pleasant Garden, R. Kirkman and Donnel; Greensboro, Oden, Lanier, Fordham and Lambeth.

MONTICELLO NINE BEATS BESSEMER TEAM EASILY

Monticello easily defeated Bessemer Tuesday afternoon at Monticello in the first baseball game of the season there, 11 to 1. Lambeth twirling for Monticello, fanned 12 Bessemer batters. Batteries: Monticello, Lambeth and Stanfield; Bessemer, Ellis and Loudermilk.

SOUTH BUFFALO SECOND TEAM BEATS GREENSBORO

The South Buffalo second baseball team defeated a team from the Greensboro high school Tuesday afternoon, 9 to 0. The entire South Buffalo team hit the ball hard. Batteries: South Buffalo, Scott and Sutton; Greensboro, Sanders and McMullen.

BREAKS ARM IN A FIGHT WITH DOG BUT CHOKES IT

Sol. F. Burke, who lives at 129 Battle avenue, suffered a broken arm when he kicked at a grange dog in his yard Saturday afternoon. Mr. Burke fell to the ground and the dog made for him, biting him on the arm. In spite of his broken arm, Mr. Burke took his good arm, his left, and choked the animal to death. Its head was sent to Raleigh to the state laboratory, to be examined as to rabies.

LENOIR COUNTY CANDIDATE BEGS JONES COUNTY VOTERS

Kinston, Mar. 15.—There are too many geographical lines in North Carolina local candidates for office have decided. Reports reached this city of the invasion of Jones county by an aspirant to honors at the hands of Lenoir county voters. This candidate canvassed in the vicinity of Haskins' chapel, a rural church, and "made good" until the free-holders of that precinct discovered that he was one of four seeking the sheriff's office in Lenoir. Then they explained to him that they were Jones countians and that he had wandered past the frontier of his own standing ground.

FARM DEMONSTRATION

It is generally necessary to practice careful spraying to grow bunch grapes satisfactorily in the south because of the diseases that attack the vines and fruit, according to a statement prepared by co-operative extension service of agriculture and home economics division of the state department of agriculture. The black rot disease is the most destructive of all the disease and insect enemies that limit the production of bunch grapes in the south. Losses from black rot of from 15 per cent to 50 per cent of the total crop are frequently experienced in unsprayed vineyards. A spraying calendar has been devised with the control of black rot as the primary object. It follows:

To control anthracnose, spray with commercial lime sulphur, one part of the lime sulphur to eight parts of water in order, when the buds swell. It need not be applied unless the disease has been destructive and its scale is not present.

For Black Rot.

For black rot, mildews and leaf eating insect spray when the second or third leaf shows with Bordeaux mixture and arsenate of lead (powder), one pound to 50 gallons of mixture, when the second or third leaf shows.

Use the same combination and spray just before the blossoms open, also, for the same diseases.

For black rot, mildews and various chewing insects spray with the Bordeaux mixture and arsenate of lead combination after the blossoms fall, 10 to 14 days later and finish 10 to 14 days later again.

One-fourth pint of nicotine sulphate should be added to every 50 gallons of the Bordeaux mixture—arsenate of lead combination if leaf hoppers become numerous.

Bordeaux Mixture.

For Bordeaux mixture use four pounds of copper sulphate (blue-stone), four pounds of fresh stone lime and 50 gallons of water.

To make Bordeaux mixture for use in an ordinary barrel sprayer, dissolve the bluestone in 25 gallons of water and, in a separate container, slake the stone lime, and dilute with water to 25 gallons. The two solutions then should be poured simultaneously through a strainer into the spray tank. Stock solutions are to be used, are desirable, since they save time. A stock solution of bluestone is made by dissolving it at the rate of 1 pound to 1 gallon of water. The bluestone should be suspended in a sack in the upper part of the barrel, or other container, so that it is just beneath the surface of the water. It will be dissolved if left for a few hours in cold water and more rapidly in hot water. A stock solution of lime may be made by slaking the lime in a little water and then diluting so that each gallon of water contains 1 pound of lime. Just before the stock solutions are used they should be stirred thoroughly. To make up 50 gallons of Bordeaux mixture from stock solutions it is only necessary, for 4 gallons of the stock solution of bluestone be poured into a suitable container, diluting each to 25 gallons, then pouring them simultaneously into the spray tank.

Recommendations.

Plow and cultivate vineyards early covering all matted clusters and leaves.

Give vineyard clean cultivation; do not allow weeds and grass to grow.

Keep vines and basal sprouts of

of the ground.

Make Bordeaux mixture carefully. Spray thoroughly, contrary to common belief, the spray should be applied before rather than after a rain.

The fourth, fifth and sixth sprays should be directed on the clusters and the tips of the shoots.

Use nozzles that give a misty spray. Use at least 100 pounds pressure in making applications.

SMALLPOX PATIENT MAKES HIS ESCAPE

Running away Tuesday night from a tool house at the city barn here, just off Greene street at Belmeade, where he had been confined on account of smallpox, Fred Rosell, a negro, is causing city and county authorities anxiety. He is just now a big menace to the people of the city and county, being in the scaling stage, when the disease is most easily given to another person.

Rosell was taken from a train arriving here from Raleigh on March 8, and placed in the tool house, where he was furnished with a cot, a stove, bedding and rations. Later another negro, Earl Thacker, who had had smallpox and was immune from the disease, volunteered to nurse him. Early last night the negro told his nurse that he was going to leave.

He climbed a high fence, making good his escape.

According to Thacker, Rosell said that he had a sentence to serve in Georgia.

Another case of smallpox in Greensboro here is causing the city authorities some concern. A child residing on Schenck street is ill with the disease. City Health Officer Dempsey urges the people to be vaccinated.

DISEASE-FREE POTATOES INCREASE YIELD A THIRD

Because 225 boys in Butler county, Pa., showed that the use of disease-free seed potatoes last year resulted in increasing the yield one-third, Butler county farmers ordered 10 carloads of disease-free seed potatoes for planting this year. The boys were enrolled in 11 potato clubs conducted in co-operation with the United States department of agriculture and the State College of Agriculture. Each boy purchased one bushel of disease-free potato seed brought from New York, which was planted beside home-grown seed for comparison and to demonstrate the value of disease-free seed. Field meetings were conducted in August to show diseases and differences in appearance under growing conditions.

In October the potatoes were dug and club demonstration meetings were held. It was found that the disease-free seed was responsible for about one-third of the increase in yield over home-grown seed, the other two-thirds being due to better cultural methods.

Sixty-five of the boys secured an increase of 39 per cent with disease-free seed, as compared with their fathers' home-grown seed. Each boy was given a bushel of disease-free seed.

WORKING ON PLANS FOR LIGHTNING PROTECTION

There are practical methods, practices, and appliances for protecting buildings against lightning, but because of unscrupulous agents who a score or more years ago succeeded in selling equipment that did not protect, all methods and equipment came into disrepute among farmers and others. In order to put the mark of official and scientific sanction on lightning-protection method, there was recently appointed, through the collaboration of the bureau of standards, the weather bureau, and the American Institute of Electrical Engineers, a committee to prepare a code. Progress has been made in the solution of this problem and many well-established principles have been made known to interested scientists and workers. It is hoped that the work of this committee will result in developing practical methods, practices, and appliances and make farm buildings and other structures safer.

WHEAT EXPORT KING

Led All Other Commodities In 1921—Corn Exports Large.

Washington, March 15.—Wheat was king of American agricultural exports in 1921.

An analysis of the 1921 exports of 32 of the principal agricultural products grown in the United States, made public today by the department of agriculture, shows that more wheat was exported during last year than in any preceding year in the history of the country and that for the first time the export value of wheat and wheat flour exceeded the value of cotton exports. Exports of corn in 1921, including corn meal converted into terms of corn, were larger than in any year since 1900. Since 1919 the United States has become an exporter of rice, the exports of 600,059,000 pounds of rice in 1921 being more than 23 times the average annual rice exports in the five-year period of 1910-1914.

The principal agricultural exports during 1921 and their declared value were:

Wheat and wheat flour \$551,000,000; cotton \$534,000,000; pork and pork products, including lard, \$246,000,000; leaf tobacco \$205,000,000; corn and corn meal \$97,000,000; sugar \$49,000,000; rye \$44,000,000; condensed and evaporated milk \$38,000,000; cotton seed oil \$24,000,000; rice \$21,000,000 and barley \$21,000,000.

SEVEN MOTHERS GOING TO COLLEGE WITH DAUGHTERS

Lincoln, Neb., Mar. 15.—Seven Nebraska mothers, carrying from four to ten credit hours, have become the schoolmates of their daughters at the University of Nebraska. In the case of two of the mothers it is the realization of a girlhood ambition to attend college. The others are enrolled for individual purposes, one to learn American ideals, another to study modern student life and still another to theorize.

Fish Up Boy's Body.

Greenville, S. C., March 15.—Caught by a fish hook as it floated on the surface of the Saluda river, 200 yards from where it went down, the body of 14-year-old Johnny Yonce, who was drowned on December 26, near Piedmont, was recovered Tuesday by M. C. Hall, who was fishing in the river. It is believed that the body was held at the bottom of the river by a sand-bed and was only released by the recent high waters.

This week sees nearly all tobacco beds burnt and sowed. The usual crop will be planted.

Prof. A. B. Cummings was a visitor to Winston-Salem Saturday.

The O. R. I. baseball team is putting fine practice. Prof. E. P. Holt, coach, hopes to put out a strong team. Candidates for the various positions are numerous.

The address of Doctor Perisho in the auditorium last Friday night was most interesting. The leading thought was "Preparation for Citizenship through Education."

Dr. Perisho was no stranger to this community thirty years ago, when he was "Governor Perisho" of New Garden school, now Guilford college. He was a great favorite of the boys of both schools. Professor Whitaker in introducing him, said that he could pay him no higher compliment than to say that in those old days when athletic rivalry ran high the Oak Ridge boys were willing for "Governor Perisho" to umpire ball games, and that he always got away with it without criticism. Professor Whitaker recalled the fact that Dr. Perisho umpired the great game in 1891 between the schools at Guilford College. The game lasted for fifteen innings, was called on account of darkness, score 5 to 5. The battery for Guilford College was Lucien Smith, pitcher and Arthur Lyon, catcher. For Oak Ridge, George Stephens, pitcher, Bob Stafford, catcher. Professor Whitaker played second base. The two batteries tied in the 15th inning. Stephens was named as a member of the University of North Carolina and was offered a place with the Nationals, and Stafford and Smith played professional ball games with the Southern league.

MOREHEAD

Much sickness is reported in this section.

Mrs. Holt is quite ill.

Mr. and Mrs. Joe Temple and two

little daughters spent Sunday afternoon with Mrs. Goins.

Born to Mr. and Mrs. A. V. Kirkman a daughter.

PLEASANT GARDEN METHODIST CHURCH

REMODELED CHURCH TYPIFIES OVER
ONE HUNDRED YEARS OF PROGRESS

Methodists of Pleasant Garden, Starting in Rude Log Cabin, Have Grown Steadily--History of the Church and List of Some of Its Pastors.

The photograph above of Pleasant Garden Methodist Episcopal Church, South, gives some idea of the modern building, remodeled last autumn, a much better idea than can be expressed in type. The Patriot publishes the picture of the edifice in order that people of the other sections of the county may see what the Pleasant Garden congregation has accomplished in the way of a modern, well equipped house of worship.

In addition to the main auditorium, its seating capacity increased by the addition of wings running in each direction from the pulpit and a balcony overlooking the auditorium, the building contains 13 Sunday school rooms and three rooms in the basement, to be used as dining room, kitchenette, etc. The building is well lighted, well furnished and reflects the progressive spirit of the Pleasant Garden congregation.

Over 100 Years Old.

The church dates far back. The first church was a log structure, standing near where is now the William Ross plot in the cemetery. This church, was built about the year 1800. Two members of the first congregation were Henry Hendrix and his wife, Mary Hendrix, and an orphan girl who lived with them was the first person to be buried in the cemetery, it is stated.

The second church built, the log building having been outgrown by the congregation, was located nearer the site of the present edifice. Where it stood is now the new part of the cemetery. It was a frame building. George Hendrix, son of Henry and Mary Hendrix, was one of the building committee. His wife was also a member of the congregation. This building served until a considerable time after the War Between the Sections.

The third church, which is the brick building remodeled last summer, was dedicated on the second Sunday in November, 1891. The building committee was composed of Madison Tucker, William Tucker and Horace Wolfe. Rev. M. J. Hunt was pastor.

Marks Of Progress.

When the frame building succeeded the log structure members of the congregation were elated at the progress made, as they had a right to be, of course. When the brick church was erected the members of the church, in like manner, were pleased greatly at the church they had. It was, at that time, a splendid church filling the needs of the congregation well, and a great step from the frame building. Now that the church has been remodeled it is well to consider how far, in a material way, at least, the Methodists of Pleasant Garden have moved since those early pioneer pioneers men and women, fearing God and desiring to worship him, cut and hewed their logs and dedicated their church to God.

The building committee which remodeled the church, made it a comfortable, commodious well equipped structure it is, composed of C. F. Weatherly, W. B. Hunt, C. F. Neely, W. Vickers, Charles W. Kirkman, and H. L. Coble.

It is planned to enlarge the church grounds in the near future. A list of pastors who have served the church is of interest. The church is far back as 1879 as to the pastors have been secured. Following is the list:

R. L. Groom, 1879; J. B. Carpen-

ter, 1880-1881; R. M. Hoyle, 1882; John Tillett, 1883-1884; P. L. Groom, 1885; W. W. McFarlane, 1886; M. C. Fields, 1887-1888; M. J. Hunt, 1889-1890; T. W. S. Barker, 1891; J. B. Tabor, 1892-1893; S. F. Barker, 1894; 1895; 1896; 1897; R. F. Bryant, 1898-1899; E. J. Poe, 1900-1901; T. B. Johnson, 1902-1903; J. T. Stover, 1904-1905; E. J. Kigore, 1906-1907; R. A. Taylor, 1908-1909; J. A. Sharp, 1910-1911-1912; P. L. Ferrell, 1913-1914; C. F. Sherrill, 1915-1916 1917-1918; and A. G. Lottin, who is now serving his fourth year.

Oldest Members.

The oldest members of the congregation now are "Aunt" Titia Ross, aged 86; "Uncle" James Wesley Weatherly, 87 and "Aunt" Sophronia King, 77.

The weathered tombstones in the cemetery, many of them plain black stones, with the inscriptions all but undecipherable because of the ravages of time, give a good idea of the age of the church. Some of these inscriptions read:

Jane Ward, wife of M. Ward, died August 3, 1835.

Robert Gilbreath, died January 22, 1832, aged 84, and his wife, Elizabeth Gilbreath, died February 27, 1831, aged 73.

Samuel Wiley, born 1741, died September 23, 1823.

Edward Mills, born February 1, 1741, died June 5, 1817.

Frederick Fentress, born July 8, 1791; died September 9, 1874, and Mariah Fentress, born April 13, 1815, died May 12, 1862. (They were husband and wife.)

Timothy Jude, died February 16, 1856, aged 74 years, and Elizabeth Jude, died May 31, 1837. (The two were husband and wife.)

John A. Weatherly, died March 14, 1844, aged 39 years, and Jane Weatherly, died December 27, 1837, aged 92 years. (They were husband and wife, and as the inscriptions show she outlived her husband 53 years.)

John Hardin, born December 17, 1805, died June 16, 1850, and Elizabeth A. Hardin, born February 16, 1811, died December 20, 1891. (They were husband and wife and, as shown, the wife outlived her husband 41 years.)

Levin Ross, born October 3, 1776; died March 18, 1844, and Elizabeth Ross, wife of Levin Ross, born 1786, died 1819.

It was not many years after John Wesley visited the United States, establishing the Methodist church, that the Pleasant Garden church was formed. Men who had seen Wesley and had helped in the establishment of Methodism in America were still living when the logs of the first Pleasant Garden church were laid. Since that time Methodism has made wonderful progress, covering a continent and spreading its representatives into foreign lands, and the Pleasant Garden church, has, too, made great progress. The growth of the two has been similar.

NEW CORN PEST MAKES
WAY OVER MEXICAN LINE

A comparatively new corn insect that promises to become a serious pest has made its appearance in southern Texas and New Mexico, according to reports to the bureau of entomology of the United States department of agriculture. It is a boring caterpillar closely related to the larger corn-stalk borer of the South Atlantic states, and has been identified by the bureau as *diatraea lineolata* walker.

At least two generations occur annually in the Big Bend region of Texas and the full-grown caterpillars of the second generation hibernate in the corn stubble underground. During February many fields were found in this region in which 25 per cent of the corn stubble contained hibernating caterpillars. According to representatives of the bureau who have investigated the situation the distribution is very imperfectly known, but the pest is believed to inhabit most of southern New Mexico, particularly the Pecos River valley, and is numerous in southwestern Texas.

Apparently, it is said, this pest is moving northward from Mexico, where it was abundant and very injurious last season. This species has been known to be present in southern New Mexico since 1913, and was studied in a preliminary way there by a representative of the bureau in the early spring of 1914.

VALUABLE LANDS FOR SALE

Pursuant to a decree of the Superior Court of Guilford County, made in the case of W. S. Moore, et al vs. Ollie M. Moore, et al., the undersigned commissioner will sell by public auction at the east door of the Guilford County court-house, in Greensboro, at 12:00 o'clock noon or soon thereafter on

APRIL 10TH, 1922.

an undivided one-third interest in the following described real estate: TRACT: 1.—Adjoining the lands of Davis and others and bounded as follows:

Beginning at a stake on the Brown Summit Road, which point is south 88 degrees east 800 feet from the S. W. corner on said Brown Summit Road of what is known as the Gorrell or Ogburn land, and running thence N. 3 deg. 45 min. E. 1875 ft. to a stake in the middle of the branch or Squirrel Creek; thence with the various courses of said branch in an eastern direction to a stake on the east bank of said branch or creek in Davis line; thence with Davis line south 5 deg. west 134 ft. to a stone, Davis corner; thence N. 86 deg. 15 min. W. 648 ft. to a stake; thence along Pitchford's line S. 3 deg. 45 min. W. 1013 ft. to a stone on the road; thence with said road N. 86 deg. 45 min. W. 1355 ft. to a post oak tree; thence S. 83 deg. 30 min. W. 406 ft. to a stake opposite the house; thence continuing with said road north 75 deg. 30 min. W. 400 ft. to a stake; thence N. 86 deg. 20 min. W. 100 ft. to the point of beginning, containing 112.38 acres, more or less, and being Lot No. 2 in the subdivision of the Gorrell or Ogburn land, as shown by plot on file in the office of the Register of Deeds of Guilford County.

TRACT No. 2.—Adjoining the lands of W. S. Moore and Jake Summers, and bounded as follows:

Beginning at an iron stake in the center of Public Road known as Brown Summit Road, and running thence N. 3 deg. 45 min. E. 1883 ft. to center of Squirrel Creek; thence Westwardly with said creek 701 ft. to center of Greensboro Gethsemane Road; thence southwardly with center of said road 1562 ft. to an iron stake; thence in an eastern direction 350 ft. to an iron stake; thence in a southerly direction 426 ft. to an iron stake in center of Brown Summit Road; thence running eastwardly with said road 800 ft. to the point of beginning, containing 40.08 acres, more or less, and being known as Lot No. 1 of the Gorrell lands, subdivided by T. B. Ogburn and recorded in the office of the Register of Deeds for Guilford County in Plat Book 4, Page 45.

These lands are located in Monrovia Township, Guilford County, North Carolina. On tract No. 1 there is a good six-roomed dwelling-house, feed barn, corn crib and stable, and a good tobacco barn. Both tracts are well adapted to the growing of grain and tobacco, and also to the raising of stock. The purchase will get the part of the tract desired by the purchaser. TERMS OF SALE: One cash, one-third in six months, and one-third in twelve months, deferred payments to bear interest from date of sale until paid, and to be retained as security.

This March 6, 1922.

TALK NO. 6.

When you are enjoying prosperity you have a lot of friends, don't you? Many a man comes along, slaps you on the back and says, "Well, old fellow, I'm mighty glad to see you." But how many of those folks would show similar pleasure if you were suffering from hard luck? In other words, how many friends who are real friends in need have you? Well, folks, I know one institution which will prove a real "Friend in Need." In fact, the greater you need the better friend will this organization be to you. Suppose you are having automobile trouble. You want real help then, a real friend in need. Well, if you will get in touch with the Greensboro Motor Car Company you will find that friend in need. No matter what your trouble may be---whether it's accessories or repairs or something else you are needing---you will always find this institution ready to render 100 per cent service. I can conscientiously recommend them 365 1-4 days every year. Others may fail but this concern will prove a "Friend in Need." Just try it and you'll agree with me!

FROM BEING SENTENCED**CONVICTED, SHE BEGS MERCY
OF COURT—MANY CASES
ARE TRIED.

Rapid progress has been made this week on the docket of Superior court, many cases being tried.

Cora Smoak, a white woman, whose husband is on the roads of another county, and who has three small children dependent upon her, convicted Wednesday of having whiskey for the purpose of sale, threw herself on the mercy of the court, and Judge B. F. Long, presiding, suspended sentence, releasing her under bond in order that she might care for her children. She must appear at the two next terms of criminal court, in June and December, and show good behavior.

J. R. Childress, who was convicted with the woman, received a sentence of eight months on the county roads. The trial of Alvin Norman, charged with an assault on Irene Palmer, an 11-year-old girl, both residents of High Point, was begun Wednesday afternoon. It will take some time to try the case. Norman's arrest some time ago followed the action of a band of men who seized him on the streets of High Point, took him to a lonely spot in the country, and flogged him. The assault charge is based on alleged intimate relations between him and the girl.

D. L. Canaster was convicted of embezzlement, but has not yet been sentenced.

Rufus Mayes, Henry Gilley and Courtland Hayes, boys who submitted on a charge of larceny, were released in the custody of their parents and Mrs. Blanche Carr Sterne, county superintendent of public welfare. They must show good behavior.

It took a jury less than 15 minutes late Monday afternoon to declare that Will Simpson, a negro, tried on a charge of assaulting and robbing R. R. Motley, a grocer of this city, is guilty and Judge Long sentenced the negro to 10 years at hard labor in the penitentiary. The negro was also fined \$500.

Mr. Motley went on the stand and identified the negro as his assailant, stating that the black came in his store on the corner of Lee street and Silver Run avenue, on the night of December 27, purchased a few articles and while the merchant's back was turned struck him on the head several terrible blows with a 12-inch iron bolt, on which were two big nuts. The negro hit him several times before he became unconscious, the merchant said.

Simpson had no lawyer. He was sworn as a witness and denied that he assaulted Mr. Motley. He said that he was elsewhere at the time of the assault and robbery.

Paul Slack and Claude Rice, two white youths aged 17, were sentenced to serve one year on the roads, following their pleas of guilt on a charge of highway robbery. Judge Long said that five years was not too much, but on account of the youth of defendants he cut off four years from the sentence of each. They were charged with robbing C. W. Christian of six dollars.

Roy Gray, declared guilty on four charges, two of breaking and entering, two of larceny, was given three years on the roads in one case while judgment was suspended in the other three on the condition that he behave himself for five years.

Will Brown got eight months on the roads after pleading guilty to a charge of embezzlement.

Ed Scales, also known as John Stokes, pleaded guilty to a charge of larceny. He was sentenced to 12 months in the county jail and with the consent of the county commissioners will be hired out to Lee Waugh. Judgment is suspended on

payment of \$10 and the costs. He must show good behavior.

John Williams, pleading guilty to breaking and entering, was sentenced to 18 months on the roads.

The case against N. R. Donnell, charged with slander, was not prosecuted.

Judgment was suspended in the case of Oscar Glenn, 16 years old, a negro, charged with larceny. He was placed in the custody of Watson Law, negro probation officer. He must appear twice a year at court for 18 months and show good behavior.

Wednesday Lee Miller and Ed DeBerry, negroes, convicted of breaking and entering, were sentenced. Miller was given 54 months on the county roads and DeBerry 66.

Henry Brown and Charlie Smith, both negroes, received 24 and 12 months, respectively, on the roads for attempt to enter and rob.

George Shelly and D. Chavis, negroes, convicted of the theft of eight dresses from a store at Gibsonville, were each given road sentences of 42 months.

J. E. Lovell was sentenced to serve six months on the roads after conviction on a charge of having whiskey for sale.

F. E. Brown got 12 months for receiving and 10 months more for retelling whiskey.

Six months for retelling and 24 months more for receiving whiskey were given R. M. Wheeler, the latter part of the sentence being suspended.

J. H. Johnson, W. F. Allen and J. E. Wagoner were fined \$50 each for failing to appear as witnesses before the grand jury. Tom Auten and Manuel Panagiotou were fined \$10 each for failing to appear as witnesses.
