

DAILY PATRIOT.

GREENSBORO, N. C.:
FRIDAY, AUG. 3, 1888.

EDITORIAL BRIEFS.

And now all Charlotte lacks of having a public building is the President's signature.

There is blood on the face of the political moon in this Fifth Congressional district on the Republican side.

Hon. C. W. McClammy, of North Carolina, has been invited to deliver an address at Alexandria, Va., next week on the occasion of a grand Democratic rally.

On the protest of the management of the Western North Carolina railroad the assessors have reduced the tax valuation of the road from \$7,500 to \$5,000 per mile.

"How the Father of his Country would stare if he could see the size of his family nowadays." And how he would blush when he came to count the malignants in it.

"Some Ohio tramps set fire to a nitroglycerine factory last Sunday under the impression that it was a saw mill." But they will never set fire to anything else.

"The latest places the maximum price paid for colored delegates to the Chicago Convention at \$400." Chicago was a better market for the man and brother than Rhode Island.

"The living Anarchists cannot do better than exhaust their means and energies in rearing monuments to their dead comrades." Yes, and the law cannot do better than provide dead Anarchists to rear monuments to.

"A new scheme of fakirs on the beach at summer resorts is to have a blowing machine." That is consoling to Republican orators—seeing that after November most of them will be out of regular jobs.

A Delaware paper quotes this from one of John Sherman's speeches: "Nothing is worse than sectionalism within a nation." Correct, John. Therefore the nation has determined to get rid of the sectional party.

"The Emperor William kissed the Czar three times upon leaving St. Petersburg." But the dose was not so bad after all, seeing that he afterwards kissed the Czar's wife, who is a beautiful woman. Who wouldn't be an Emperor William?

Some wild "vacant" is exciting farmers in New Hanover county. Cattle are being missed and half devoured, the remains found afterwards. It is supposed to be one of a lot of panthers which escaped from a circus menagerie in Wilmington three years ago.

"The pipe line from the oil regions, just completed, will give Chicago a supply of ten thousand barrels of fuel-oil daily. Natural gas will be conducted here in a similar manner." Then the cow that kicked over the lamp may prepare to hide her diminished head.

Col. Morehead, the Democratic nominee, has started his canvass in this district for Congress. He made a speech last week at Wentworth during Court, at Reidsville, Friday night, at Walnut Cove Saturday. We learn that he had small crowds and his speeches were remarkably dry.—Winston Republican.

We like a liar, in his place though, but the editor of the Re

publican fills the bill a little too well, as we have evidence sufficient to know that Col. Morehead's crowds were large and his speeches enthusiastic.

TEMPERANCE AGAINST THIRD PARTY.

EDITOR PATRIOT:—The subject of temperance is one that has arrested the attention of church and society for several years, and today there is organized a Woman's Christian Temperance Union that, in a faithful and commendable manner, is making wonderful progress in the education of the people to sobriety and Christianity. I hold that woman, in the purity and chastity of her life, is a fitting type of the elevated, moral ends she would attain, and is the proper instrument, in a proper channel, to accomplish such work—hence, so far, I extend to our true and noble women a hearty "god speed" and helping hand.

Realizing the incalculable benefits of sobriety to all men, morally, socially and intellectually, I condemn as untimely and injurious to this good and growing cause, the efforts of certain men to frame upon this beginning a political party, that can do no more than gratify the personal vanity of some, who are simply satisfied to parade themselves before a respectable public as a candidate for a high office, and others, who are chronic fault finders in their respective political parties, seek this method of venting their spleen.

There are many men in both parties who advocate temperance reform and are willing to do all they can in the right direction to further its success; they believe it a question good and strong enough to stand alone and win its ends, and it is this class of men who are driven off and made to stand aloof by the political hucksters who would build upon this cause stepping stones for their own elevation.

Let us urge our political and temperance causes separately and distinctly. I believe men from both parties will unite on reasonable temperance measures when presented alone. It is a fundamental principle of our government, as true and fixed as it is old, that "the majority rules," and I favor submitting every license issued to a vote of the people, by passing an act in the Legislature "requiring every applicant for license to present a petition which shall be signed by two thirds of the voters of the township wherein he desires to sell," and said petition to be published in the County paper one month before license shall be issued. This method would put the question fairly and fully before the people every time a license is applied for. It is all that can be reasonably asked, and all that can be legitimately granted.

WAYLAND

STATE NEWS.

TOOK LEG BAIL.—There were a number of young lawyers who made their first appearance before a jury at the late term of Catawba court. One of them says he was very successful. He had seven or eight clients, and all of them are now in jail but one, and that one would have been but, anticipating the fate of the young lawyer's other clients, he took leg bail and is now beyond reach.

Alamance Fair Association met in this place on Friday last and transacted much important business. By-laws to govern the Association were made and adopted. The time for holding the county fair was named, which will be the 10th, 11th, and 12 days of October. A committee to work up premium list was appointed.—Burlington News.

We learn that as soon as the Durham & Oxford Railroad is completed and in running order, the managers will put on a fast train to run from Raleigh via Durham, Oxford, Clarksville to Richmond. It is expected that the road will be finished by the middle of August.—Durham Recorder.

A \$4,000 LICK.—A bill passed Congress last Thursday allowing the late Lieut. John F. Stewart, a pension and pay which will amount to about \$4,000. Mrs. Stewart is the mother of Messrs. M. I. and J. C. Stewart, of this city.—Winston Sentinel.

LATEST NEWS.

BY TELEGRAPH.

(Special to the Patriot.)

Jonesboro, N. C., Aug. 3.—"My son Oliver" and Tom Devereux speak here today. The town is alive with negroes—white people are scarce as hen's teeth. Two colored brass bands are making music. The whole thing presents truly a "dark appearance." The color line is being drawn down here, and "don't you forget it."

DEMOCRAT.

Badly Used Up.

New York, August 2.—At 8.57 this morning the fight between Havelin, of Boston, and Murphy, of England, was declared a draw. The men had fought forty nine rounds and were fighting for three and one half hours. At the end both were entirely used up and unable to go on. The fight took place at Plain Point, up the Hudson.

Fire at Henderson, N. C.

Henderson, N. C., Aug. 1.—A fire here last evening about seven o'clock destroyed the prize houses of DeBrie & Walker, Perry Bros. and L. H. Cooper. The residences of J. R. Young and E. G. Barnes were damaged. The loss is between \$25,000 and \$30,000, covered by insurance. The buildings were first-class and will be rebuilt at once.

Murdered by a Nihilist.

Vienna, Aug. 2.—On the death of General Drenstein, military governor of the Kieff district in Russia, it was announced that his death was due to apoplexy. The Wiener Allgemeine Zeitung now says it has learned that Drenstein was murdered by a Nihilist.

Railroad Accidents.

Somerset, Ky., August 2.—The freight train on the Cincinnati and Southern Railroad Tuesday night broke a truck of the second car from the engine and all the cars tumbled down an 150 feet embankment and were completely wrecked. The conductor and two tramps were killed.

Charleston, W. Va., Aug. 2.—A collision occurred last evening at 6 o'clock on the Chesapeake and Ohio road at Olive Hill, Ky., caused by a shifting engine running into a freight train. Both engines were badly wrecked. Engineer Henry Frontal; brakeman Jack Doyle, of Staunton, Va.; and fireman George Sammons were killed and three others reported injured, one perhaps fatally. The mishap resulted in delaying the east-bound trains two hours. This is the third wreck on the Lexington division since Saturday last.

Rather Die than Live.

Pittsburg, Pa., August 2.—At 5 o'clock this morning Charles DeKnight of this city, a Pullman car conductor, running on the Pennsylvania railroad, and Miss May Patton of Johnstown, Pa., registered as husband and wife at the Metropolitan hotel, and were assigned to rooms. At 9 o'clock two pistol shots were heard in their room and a moment later two other shots were heard. The door to the room was forced open and DeKnight was lying upon the floor unconscious and gasping for breath, with two bullet holes in his head. He was immediately removed to the city hospital, but he died a few moments after his arrival. Miss Patton, partially disrobed, was lying dead upon the bed with two frightful wounds in her head. In one hand she grasped the weapon. In the other she held a small toilet glass by the aid of which she had directed her aim upon herself. A private letter written by Miss Patton, addressed to James Taggart, Huntingdon, county, Pa., was opened by the officers. In the letter she stated that she was tired of life; that she would have told him all about this man, but she was afraid. She bid Taggart good bye and signed the letter "May."

DENOUNCING BROWER.

The Winston Union Republican,

a republican organ from head to foot, denounces Brower editorially this week for voting with the Democrats on the Mills bill. Continuing it says:

"Hon. John M. Brower, nominated and elected to the House of representatives by the Republicans of the 5th District, disregarding the positive declaration of the convention, has arrayed himself with the Democrats and has voted for the passage of the Mills bill.

"With Mr. Brower's motives we have nothing to do; nor can we predict what effect his course may have upon the election. We believe he will gain but few if any Democratic votes, and we are assured he will lose Republican support. Mr. Brower cannot expect Republicans to abandon principle for the sake of electing him. He cannot suppose that editors and speakers and THE PEOPLE will disregard consistency and abandon party policy and upturn their party platform simply for his personal aggrandizement. With all the power the administration could exert, the Mills bill could hardly be passed, and at this juncture Mr. Brower deserted from his comrades and joined the forces of the enemy. Does such a course betoken a far-seeing man, worthy to be elected to Congress and to have in charge the dearest interests of the people?"

To add fire to the fury the Republican continues:

"The people do not want short-sighted men, who either do not understand grand principles or have

so little self respect as to vote against their party in its emergency, for the furtherance of their own petty ambitions. By his action he has embarrassed the Republican campaign in North Carolina. We have no wish to disguise our displeasure and disappointment, and it would be foolish to try to uphold Mr. Brower's action and to reconcile it with the policy of the Republican party.

"If he were a man capable of seeing in what a shape his vote has left him, and how it has obstructed his party in the district, if not the State, he would surely resign into the hands of the District Committee the nomination unanimously tendered him by the convention, so that a better choice could be made.

"Referring to the language of the resolution, Mr. Brower is neither 'consistent' nor 'patriotic.'"

While the Republican has the manhood to uphold its principles, the North State lies in ambush and says sic him, Goslen.

The Prohibition Party and Woman Suffrage.

We are informed that it is denied that the Prohibition party is in favor of female suffrage. We dare say some of the adherents of that party would be very glad to be rid of it on account of its unpopularity. But they cannot get rid of it by denying that it is in their national platform. In order that the matter may be set at rest we publish it. The seventh plank of the platform is as follows:

"That the right of suffrage rests on no mere circumstances of race, color, sex or nationality, and that where, from any cause, it has been withheld from citizens who are of suitable age and mentally and morally qualified for the exercise of an intelligent ballot, it should be stored by the people to the Legislatures of the several States on such educational basis as they may deem wise."

Let this plank be carefully pondered. Every man who encourages the third party movements encourages from the nature of the case female suffrage.

The dodge about the absence of this plank from the State platform will not hold water. The party organization is claimed to be complete and therefore embraces all of every State.

For instance, Capt. T. L. Vail is a Presidential elector of the party for the district embracing Mecklenburg county.—Charlotte Chronicle.

NIGHTINGALES IN RUSSIA.

That man must be very sleepy who complains of being kept awake by nightingales. These birds inhabit the thickets around my hotel. About 11 o'clock the first night of our arrival one of them awoke me from a sound sleep. A window stood ajar and music flooded the chamber. The singer was a soloist. Not a sound of any kind interrupted his performance. Even the crickets stopped to listen. Somebody hasten to the trouble to jot down every note and trill of the nightingale's song. It may be reproduced, I believe, on the upper octaves of the piano; but it can never be made to sound as ravishing as the "wood notes wild" of that bird in those bushes. Perhaps imagination has something to do with the effect. Memory quickly recalls fugitive scraps of poetry about nightingales, and one listens to them the more greedily. Suddenly the music, which was so enchanting, woke echoes far and near. Other nightingales, as if accepting a challenge, responded to the soloist. It was too much of a good thing. The sweet sound ran together and became confused. What had been perfect as an air was discord as a chorus. In the midst of it the chief singer ceased. A few minutes later and all was quiet.—Round About to Moscow.

LOW TARIFF IN THE SOUTH.

It has not yet struck the average citizen that the reasonably low tariff will act in favor of the South. The North can compete with the world so long as her products are given a virtual preemption of the market, but the South is situated under more favorable auspices than Pennsylvania, for instance, and can make pig iron at lower prices. The climate and the location and the richness of her mineral sections contribute to give the mineral belt from the New River to Birmingham such superior advantages that under a reduced tariff Southern iron could be made at a fair profit, but very much cheaper than in the North. The spirit of the times seems to lead to a great transfer of capital from the North to the South, and while many people hold that protection is what the South needs, the view we present to point the correct path for promoting the transfer.

Besides these considerations, the South, as a great section of the Union, can point to the record to show that she is safe from strikes, and the capital may locate itself

within her borders without the fear of dynamite. The very few labor disturbances in the South have been only small local strikes, conducted in a peaceful manner, and settled fairly to the satisfaction of both sides.

The part that politics has in all this is one of the great motives of the Democracy to hold the fort in the present canvass. The sections are reconciled, and when the North sees the advantages in the South that we have cited, the era will begin that will reward even the present generation for the sufferings of the civil war.—Richmond Times.

SHE GOT THERE.

"John" she said, as she toyed with one of his coat buttons, "this is a leap year, isn't it?"

"Yes, Mamie," he answered as he looked fondly down on the golden head that was pillowed on his manly bosom.

"This is the year the proposing is done by the young ladies?"

"Yes."

"I hope you don't expect me to propose to you?"

"Why Mamie, dear, I never gave the matter a thought—I er—to tell the truth, I've only known you for—that is to say—"

"I am glad you didn't expect me to propose. I am not that kind, I hope. No, John, dearest, I could not be immodest. I am going to let you do the proposing yourself in the old fashioned way. The old fashioned way is good enough for me."

And the gentle maiden gave her lover a beaming smile and the youth rejoiced that he had found such a treasure of modesty.

The Acme Manufacturing Company,
MANUFACTURERS OF
Fertilizers, Pine Fibre,
AND
Pine Fibre Matting,
Wilmington, N. C.

The reputation of our Fertilizers, the ACME and GEM, is now established, and the results of three years use in the hands of the best farmers of this and other States fully attest their value as a high grade manure.

The MATTING, made from the leaves of our native pine, is conceded to be equal to any wool carpet for comfort and durability, and the demand for it is daily increasing. It has virtues not found in any other fabric.

The FIBRE or wool is extensively used for upholstery purposes, and as a filling for mattresses is almost equal to hair, being light, elastic, and proof against insects.

FRIDAY, AUG. 3, 1888.

Local News.

REVENUE COLLECTIONS.—Internal revenue collections in this district for the month of July were \$74,514.91.

STORE-KEEPER.—The Secretary of the Treasury has appointed D. J. Hill, at Germantown, a store-keeper for this district.

SPEAKING AT DANBURY.—Col. Jas. T. Morehead and J. H. Dobson, Cleveland elector for this district, will speak at Danbury next Monday.

TO-MORROW.—The Third party prohibitionists in this county will hold a convention in this city to-morrow for the purpose of nominating candidates for the Legislature and county offices.

OFF FOR MT. AIRY.—The colored excursion pulled out this morning with four coaches well filled, all in perfect glee. Prof. Steele was conspicuous by his absence.

RECREATING.—Capt. Murphy, the clever conductor on the C. F. & Y. V. R. R. between this place and Mt. Airy, has been granted a ten days furlough and is recreating at Piedmont Springs.

ONE-FOURTH HIGHER.—Among other things done by the Plaid Manufacturers' Association in session here the other day was to raise the price of their manufactured goods a quarter of a cent on the yard.

A GOOD WORKING FORCE.—Already one hundred and sixty-five hands are at work on the Wilmington extension of the C. F. & Y. V. R. R. at Fayetteville, with equally as many more near Wilmington.

SIX THOUSAND SQUARE FEET OF ORE.—During the last few weeks a surface of six thousand square feet of iron ore has been made bare at the Danbury iron mines, and the beauty of it is, the ore is pronounced of excellent quality.

PITTS-REMFY.—In High Point last night, Aug. 2nd, '88, Dr. H. Clay Pitts led to the hymeneal altar Miss Alice Remfy. The ceremony was performed in the Episcopal Church of that place by Rector A. H. Stubbs, of this city, attended by a large concourse of friends and spectators.

SPEAKING AT GERMANTON.—Col. Jas. T. Morehead will address the citizens of Germantown to-morrow on his way to Stokes Court. The Colonel is leaving no stone unturned, and proposes to bury Brower so deep next November that the Surry county shyster will no more be heard of.

WATERMELONS.—The like of watermelons that have passed through this city for Northern markets within the past ten days has never before been known. No less than thirty-seven trains loaded with melons have passed here since the 22nd of July, and they continue to come and go.

RETURNING FIRES.—Mr. Hiram Brighton, residing near Charlotte, was startled a night or two since by two rocks crashing against his door. He opened the door to ascertain the cause, and was greeted with two pistol-shots. He got a gun and fired from the door, and another volley of shots was returned.

LARGE SHIPMENTS.—The Winston Daily comes to us to-day with the following: There were shipped from the depot here on yesterday, 143,875 pounds of freight, over 70 tons. This is no small business when you consider the principal of it was manufactured and leaf tobacco.

MONTHLY MEETING.—The Board of County Commissioners meet here next Monday in their regular monthly session.

COL. WADDELL.—Col. A. M. Waddell, Democratic candidate for Presidential elector at large, will address the people of this county, in this city, on Wednesday, August 15th.

FRIENDS' YEARLY MEETING.—The Yearly Meeting of the Friends of North Carolina will convene at High Point this year on Wednesday before the second Sunday in August. Friends will meet there at the time above mentioned from every State in the Union, besides others from England.

PRESIDING ELDER CUNNINGGIM ON THE THIRD PARTY.—The Germantown Times reports Presiding Elder Cunningham as saying that "he thinks the Third party is the most impudent organization on top of the earth." Mr. Cunningham has the proud knowledge of knowing that there are thousands who think as he does.

EIGHTY-FIVE FEET ABOVE THE GROUND.—The Cleveland and Fowle flag raised at Summerfield the other day by the Young Men's Democratic Club, of that place, is 95 feet long, and triumphantly waves 85 feet above the level of the ground. On one side it bears the name of Cleveland representing the National ticket and on the other is Fowle, representing the State ticket.

FIRST NEW TOBACCO.—From the Winston Republican we learn that the first tobacco of the 1888 crop was sold at Piedmont Warehouse, August 1st. It was primings and grown by P. E. Loggens and M. W. Moser, living near Lewisville, Forsyth county. There was a total of some 360 lbs. which brought from \$1.00 to \$7.75 per cwt. Messrs. E. M. Griffin and M. A. Walker were the purchasers.

RE-ELECTED.—At the Baptist Orphanage annual meeting at Thomasville the other day 3,000 people were present. Dr. J. H. Mills was re-elected Superintendent and also the entire old board of officers were re-elected. The association elected a board of nine trustees for the orphanage property, which now consists of a number of neat buildings and large grounds. There are at present 92 children in the orphanage and everything shows the most excellent management.

DIME SOCIABLE.—We are requested to give notice that the ladies of North End Club will give a "Dime Sociable" to-night at Mr. A. Hagan's residence on Church street, the proceeds of which will be devoted to the city hospital. Prof. W. A. Blair has kindly consented to deliver one of his rare selections, and a rich treat is in store for all who may attend, as the Professor never fails to charm his audience, while a glimpse at the fair maidens of the City of Flowers will repay you ten fold. Moreover, the object in view is a laudable one, well worthy our encouragement.

IN HOT PURSUIT.—We learn from the Danville Register of to-day that Jed Pritchett, the negro who outraged the little daughter of Mr. Pollok more than a month ago, was seen in Milton, N. C., day before yesterday and being recognized, a crowd soon assembled to capture him. He fled into Person county and is still being pursued. Three men got close enough to him yesterday to hail him, but he ran like a deer and succeeded in reaching the woods in which he hid.

We hope the good citizens everywhere will unite in their efforts to capture the villain, and deal out to him that sort of justice the nature of his brutal crime deserves.

A COLLEGE FOR MILL POINT.—At a meeting of citizens of Mill Point, Alamance county, recently, \$2,400 was raised toward securing a location for a college of the Christian (O'Kellyite) denomination at that place.

TEACHERS' INSTITUTE.—Was opened this morning with singing, reading and prayer. The work for the day then began; short talks by Profs., W. A. & Jno. J. Blair, on the improved methods of teaching, which were highly appreciated by the audience; among the lectures were several humorous selections, and laugh after laugh sounded through the building. Mr. W. H. Wills of this city was introduced, and he lectured for about 20 minutes on the History of England, which was admired by all who heard it. A recess of 5 minutes was taken.

After this Dr. J. Henry Smith, of Greensboro, ascended the platform to deliver his lecture on "Little Things." We will not attempt to describe the eloquence in which the doctor acquitted himself; we will only say that the pleased attention in which the audience listened to the address speaks for itself. The Normal opens again Monday morning at 9 o'clock. All invited.

TO THE PUBLIC.

On Saturday night, when the Buchanan and McDonald block was destroyed by fire, I had one of Ferrell & Co.'s Herring Safes in my office, on second floor. It fell to centre of main floor and was subject to the hottest part of the fire. Upon having it opened I found all valuable papers, books and monies preserved, and in as good condition as when I put them in.

I cheerfully recommend Herring Safe to the public.

Respectfully,
THOMAS BAILEY.

The undersigned is agent for the above Safes, and solicits orders which will be promptly filled, with satisfaction guaranteed.
