### LATEST NEWS.

BY TELEGRAPH.

#### The Fever Record.

Jacksonville, Fla., October 8.—Up to noon, no deaths reported; but some twenty cases. T. M. Smith, a native of Tiffin, Ohio, is lying dangerously ill. The distress in the suburbs and in the country surrounding is said to be very great. The committee here is looking into the matter.

#### He Will Vote for Cleveland.

Washington, D. C., October 8.—Ex-Secretary Hugh McCulloch, who held the Treasury portfolio, a while under Presidents Lincoln, Johnson and Arthur, authorizes the statement that if he is able to get to the polls in Montgomery county, Md., where he resides, on the 6th of November, he will vote for Cleveland. Faith in the soundness of President Cleveland's tariff reform policy influences the Ex-Secretary in this determination.

#### Remains Laid to Rest.

Jacksonville, Fla., October 8.—The funeral of Edward Martin, the late editor of the Times Union, this noon, was very impressive and sad. The employees of the paper and members of the Jacksonville Press club assembled at the office and marched to the undertaker's, where the remains were. One last look was allowed before he was finally covered from human gaze. A number accompanied the remains to the grave.

#### Bright and Beautiful Day.

Cincinnati, Ohio, October 8.—A Post special from Jacksonville, Florida, says: "Monday opens bright and beautiful overhead, but gloomy in the hearts of the sorrowing ones here. Yesterday's new cases were slight but grim death's list of nine victims causes much grief. One peculiar case of sickness was mentioned yesterday, that of Mrs. McCormick. Her husband was the one who, it is said brought the first case here, and who was carried from the Grand Union Hotel to the Sand Hill. Mrs. McCormick, accompanied her husband and nursed him and never caught the fever until yesterday.

#### An Escape from Prison.

Auburn, N. Y., October 8.—William Lahey, aged 31, escaped from Auburn prison this morning by digging through four feet of solid masonry, composing the roof of his cell, and then sawing through the roof proper. The escape is one of the most laborious and difficult ever accomplished in the Auburn prison, and it is presumed, has required months of work. With a knife made into a saw he cut through the prison roof and descended to the wall by a rope of braided twine, which he attached to the copying of the prison by means of a pair of pinchers stolen from one of the shops, which he converted into a hook. Lahey is a Buffalo man, and had only a year and nine months of a five year's sentence for burglary to serve.

#### Disastrous Floods.

San Francisco, Cal., October 8.—From advices by the steamer Belgic, which arrived yesterday, the following is gleaned: "Disastrous floods have befallen the province of Moukden, about 350 miles northeast of Pekin, bringing immediate death to hundreds of natives, utter annihilation to many homes, destruction to crops and a prospect of a general famine for the coming winter."

The steamer Baltic, which arrived from Hong Kong and Yokohama, brings the news of the sweeping away of the whole of the new embankment of the Yellow River at Chang Chau. The building of the embankment was begun last autumn, and carried on at the cost of over \$9,000,000. Of the 8,000 feet of the river wall that had been built, not one inch remains. Water is flowing through the immense gap into Honan. From 800 to 1,000 laborers who were on the bank, were swept away and drowned.

#### Yellow Fever at Elm Bluff.

Montgomery, Ala., October 8.—Special to the Dispatch from Furman, Wilcox Company, Alabama, say: Mrs. Jackson Allison died near Bluff Landing, on the Alabama river, in Dallas county, Saturday night, of yellow fever. Doctors Allison of Carlowville, and Keiser, of Richmond, were the attending physicians. It is very hard to get information from there, but reports brought direct by the freight wagons from here state that Mrs. Allison has been in Florida, and returned home on the boat lately.—Later reports from Elm Bluff Land confirm the report that Mrs. Allison died with yellow fever. Doctor Keyser, one of the attending physicians, is quarantined against his family. The country around, including Richmond and Carlowville, is much excited over the death. Montgomery has quarantined against Elm Bluff.

#### Fowle at Fayetteville.

Fayetteville, Oct. 8.—Fully two thousand people were present to greet Messrs. Fowle and Davidson here to day. Such enthusiasm has not been manifested before in this campaign. Fowle opened with a fine tribute to North Carolinians and his noble physique and honest, kindly eye at once attracted the crowd and made them proud of this distinguished North Carolinian. He then took up the tariff and it is agreed by all that his exposition of the subject was the most lucid and convincing of any yet heard here. His illustrations were simple and telling and enforced every proposition with great effect. He said that he did not indulge in personal abuse, nor did he say behind one's back what he would not say to his face, and yet he could not refrain from telling how utterly lost and confounded Doekery was when he read to him the resolutions of the Farmers' State Alliance in regard to the tariff, and told him that if he was a true and steadfast Alliance man, and loved its principles, he must vote for Fowle for Governor. His appeal for the continuance of the present system of county government was a grand triumph of oratory, and stirred the people as they have not been stirred before this year. Fowle made a great impression here today and made, too, many votes, for it is known that at least a dozen Knights of Labor have today decided to vote for him. Some of the farmers who were luke-warm before were thoroughly aroused and are now solid.

Col. Davidson followed in a thirty minute speech of much power and won friends on every side.—Both speakers are in excellent condition.

Waddell and Sanderlin will be here tomorrow night.

### STATE NEWS.

**THE SPECIAL TAX BOND CASE.**—At Washington today the Supreme Court of the United States will announce whether or not it will call for hearing on Thursday the special tax bond case. This is a very important case involving many millions of dollars and is familiar to all our readers. If the court decides to take up the case Mr. R. H. Battle and other counsel from this State will go to Washington to argue the case.—Raleigh News and Observer.

**A CHANGE OF APPOINTMENTS.**—Beginning with Burgaw, October 18th, Maj. S. M. Finger will fulfill Col. Theo. F. Davidson's appointments with Judge Fowle to the end of the list, Col. Davidson returning home to his duties as Attorney General. Col. Davidson leaves the field after having done some very manly work in the campaign, and his services have been of inestimable value to the Democratic party. He is one of the strongest and most effective speakers in the campaign. In turning over his appointments to Maj. Finger, however, they could not be left in better hands.—Raleigh News and Observer.

**OPEN TO RICHMOND.**—Commencing Sunday, October 14, the Richmond and Danville Railroad will put on passenger trains from Raleigh to Richmond, via Durham, Oxford and Keyesville, leaving Raleigh at 7:30 p. m., and arriving at Richmond at 5:15 a. m.; returning,

leave Richmond at 2:30 a. m., and arrive at Raleigh at 10:25 a. m.—Trains will carry Pullman palace cars both ways. Freight by this line leaving Richmond at 4:30 p. m., arrive at Raleigh at 7 a. m., and will be ready for delivery between 8 and 9 o'clock. The road will materially shorten the line between Raleigh and Richmond, and will afford many advantages.—Raleigh News and Observer.

#### A CARD.

Having other business that will largely occupy my attention and probably call me away from the city at intervals during the next year, I have arranged with Mr. A. B. Frey, of Millersburg, Ohio, to take charge of my jewelry store. Although recently from Ohio, Mr. Frey is a Virginian and a gentleman whom I am proud to introduce to my customers. He has a thorough knowledge of the jewelry trade. If you want a new watch, or the time piece you have needs repairing, call and make his acquaintance.

The ladies especially will find him courteous and attentive. He will sell them new goods or repair their broken jewelry at the lowest prices possible for fine quality and superior workmanship. The science of optics is one of Mr. Frey's specialties. A careful study and long experience have made him one of the best practical opticians in the country. If you require an expert to fit you with a pair of spectacles or eye-glasses, don't fail to call and see him, and no matter what the defect of vision may be, if it is possible to receive assistance from the use of glasses, he will supply you with just what is best suited to your eyes. Engraving is another specialty, and in fact for anything you ordinarily require at a jewelry store you cannot go wrong if you call. Very Respectfully,  
JNO. J. THORNTON.  
Greensboro, Sept. 11, 1888.

"TWO SOULS WITH BUT A SINGLE THOUGHT."

"I want to see the day come when placing my right hand on the head of a little white child, and my left hand on the head of a little colored child, I can pass them into Sunday School together."—*Oliver H. Dockery, Republican candidate for Governor of N. C.*

"Down with the White Man's party." "That the right of suffrage rests on no mere circumstance of race, color, sex or nationality."—*7th plank of the National Prohibition platform and slogan of the organ of the Prohibition party in North Carolina.*

White or black—it matters not—where do you stand?

Public Speaking.

Hon. W. M. Robbins will address the citizens of Guilford county on the political issues of the day, tariff, &c., at High Point, on the 20th day of October, 1888, at 12 o'clock, m. All are invited to attend.

SLAVE TO THE QUININE HABIT. A tall, fine looking woman dressed in the latest fashion, entered an uptown drug store the other evening, and, approaching the counter, leaned wearily against it. The clerk, who was waiting on another customer, reached to a shelf, and taking down a little box shook three pills into a bit of paper. He passed them to the fashionable lady and gave her a glass of mineral water. After putting the pills in her mouth the lady drank the water, and with a sigh relief hurried from the shop. Not a word passed between either customer or clerk, and no money was paid for pills.

"Well, that beats me," exclaimed a visitor.

"It is rather singular," said the clerk, smiling, "but such things happen here every day. The customer is well known in the social world. She has got the quinine habit, which will kill her in the end. There is too much of this quinine business going on, but we have to keep up with the times—

That lady exhausted herself in social and charitable visits, and then began to take a five grain pill of quinine to brace up on. She did it by the advice of a friend. From five grains every evening she advanced to fifteen, and soon she will want twenty. She likes to feel cheerful and look well when she goes out with her husband, and, having become a slave to quinine, she takes it as a stimulant, but her husband is ignorant of the habit—

She pays us \$1.50 per week, and we keep the pills here for her. It is far worse than drinking alcoholic liquor, and we frequently advise our quinine patients to brace up on whiskey or brandy, and let quinine alone."—*N. Y. Telegram.*

SANTA ANNA'S DAUGHTER AND GENERAL SHIELDS.—Genl Santa Anna was in command of the Mexicans at Cerro Gordo. He was utterly defeated and compelled to retreat, with heavy losses in prisoners, material, killed and wounded. Shields was dangerously wounded in the fight, and of course was left behind at Jalapa. When he became convalescent he was informed that a lady living opposite the house where he had been very kind and attentive, and had been of much help to his attendants. As soon as he was allowed to walk out he went to thank her, when he learned to his surprise that she was the daughter of Santa Anna. In the course of the conversation that followed, he remarked: "But did you know who it was that you were ministering to all this time?" "Not at first," she replied; "I discovered after a time that you were General Shields, who I had heard was killed." "Perhaps, had you known at the first that I was one who had a large share in defeating your father, you would not have relieved me." She drew herself up with the air of an old Castilian. "Sir," she said, "had you with your own hand killed my father in fair fight—in fair fight—I would have done for you in your extremity just as much as I now have." And she looked it as well as spoke it.

SAVED BY AN ACE OF HEARTS.—Did you ever hear of a man's life being saved by a pack of cards? Well, here is an incident that is vouched for by many who saw the occurrence.

One of the best known and popular drummers who comes here, and he comes often, was one of a merry party who were engaged one night in a friendly game of "draw," which drummers sometimes play.

After concluding the game our friend placed the cards in the left hand pocket of his coat, which brought them directly over his heart. Soon thereafter one of the party, while carelessly handling a pistol, discharged it, and now comes the strangest part of the story.

The bullet struck the drummer in the left breast, going through his clothing and also through every card in the deck except one, this one being the bottom card, or the last one of the deck. This card, strange to say, was the ace of hearts, and the character in its very centre was indented by the bullet.

—*Americus Republican.*

A STORY OF "LARRY" JEROME.—One of the best stories told of the late "Larry" Jerome is that when traveling in Florida not very long ago he stayed at a hotel, the proprietor of which asked him, when he was about to depart, to sign his name in a book not quite like an ordinary hotel register, but one used, after the fashion of an old English custom, for the purpose of obtaining the names of distinguished guests. When Mr. Jerome was about to place his signature with the others, he saw that the writer just before him had inscribed the comment, "I came here for change and rest and got it." Quick I thought the witty clubman penned beneath it, "I also came here for change and rest, but the waiters got the change and the landlord got the rest."

WELL DRESSED BERLIN WOMEN.—We have been a little surprised at the number of well dressed people, or rather at the few badly dressed people, seen on the streets. I never saw so many neatly attired girls, and I don't think that the women of any large city on the globe are so uniformly pretty. One coming from America naturally expects to find the women of Germany very large, bony or fleshy. If you come here with that idea in your head you will be disappointed, for the Prussian women are petite, as a rule, below the average stature, well formed and quick in their movements. The men, however, are large, muscular and somewhat gross in appearance.

### Local News.

**CAMPAIGN PAPER.**—The "Democrat," a lively paper for the campaign, is being issued by Messrs. Brown & Co. at High Point.

**JOINT CANVASS.**—Arrangements have been made for a joint canvass between Messrs. Dobson and Strayhorn, Democratic and Republican electors of this Congressional District.

**PRAYER MEETING.**—Young men's prayer meeting at Westminster church to-night at 7:30 o'clock. All the young men of the town are cordially invited to attend.

**ON OUR SIDE.**—Capt. Ball had hardly one-third of a house on Saturday night at High Point. Whew! how it did rain—to much cold water for even the most enthusiastic Republican. Last night Hon. R. B. Glenn spoke at the same place, and there was hardly standing room in the packed hall. The Lord's on our side Capt. Ball; come over with us. Mr. Glenn's speech was received with delight, and has done much good.

**GREAT CONVENIENCE IN FREIGHTING.**—The Richmond & Danville R. R. Co. are adding to the freight equipment of their rolling stock a number of cars which are designed for use in the transportation of freight where quick time is a desideratum. These cars have the valuable Janney coupler and air-brake connections, which combine to make the whole train solid. They are intended to run on a fast schedule of 25 or 30 miles an hour, and will offer to shippers unusual facilities for the transportation of merchandise.

**AN ERROR.**—In giving the form of oath for registration yesterday, we stated that this was an entirely new registration, that being the impression in our mind. This was an error, as no new registration has been ordered. Only those coming of age and other NEW voters are required to register. The statement appeared only in the Daily edition, and we take the first opportunity of correcting the mistake.

We got the idea that, under section 2,675 of the law relating to the matter, the county commissioners had made an order for a new registration, which is not the case.

**EVANGELISTIC WORK.**—At Mr. Pearson's last meeting in Winston there were one hundred and fifty-three conversions, among whom were about twenty-five young ladies of Salem Female College. How much is implied in this sim-

ple announcement—to pious people how much cause for rejoicing and congratulation! Consecration to the cause of vital goldness in the heyday of youth, in the exultant gladness of young womanhood; dedication of body, mind and soul to the service of the Creator when the days are full of the earth's brightness, when the world thrills the pulses with its wooing, and charms the ear with its melody, and gladdens the eye with its wonders! Of the ungodly as we are, we know of naught with which God has blessed the world more beautiful than the crown of piety upon the brow of a pure woman.

**EDUCATION CLUB.**—Last Saturday the Education Club of North Carolina convened in this city, called to order by President J. F. Crowell, of Trinity College. Prof. E. P. Moses, of Raleigh, was selected as chairman and Prof. W. A. Blair, of Winston, was appointed secretary. An interesting discussion was held, looking to the adoption of uniform requirements for admission to college, and the meeting was characterized by other proceedings of importance to the interests of education. The executive committee for the ensuing year consists of Prof. Crowell, Moses and Blair. The next meeting of the club will be held in Raleigh during the Christmas holidays.

**NATIONAL TEMPERANCE UNION.**—We have been requested to call attention to the fact that the National Woman's Christian Temperance Union hold its fifteenth annual meeting Oct. 19-23, inclusive, in the Metropolitan Opera House, New York City. Mrs. Mary I. Burt and Gen. Clinton B. Fisk will welcome the convention, in behalf of which the response will be delivered by Mrs. Mary A. Livermore. William Blaikie will lecture on physical culture, and the "Ecclesiastical Emancipation of Women," will form the subject of a discourse by Bishop Fullows, of Chicago. Mrs. Elizabeth Thompson, the philanthropist, will present to the convention a "Woman's Flag," emblematic of international good-will, of peace and purity. There will be 400 delegates, and Mrs. Sallie F. Chapin, of South Carolina, will head a large delegation from every Southern State.

**FRATRICIDE IN ALAMANCE.**—News was received here last night that on Saturday evening last in Alamance county, a young white man named Rippey shot and instantly killed his father. Three weeks ago a relative died and left young Rippey considerable property, and he had been on a spree ever since. Saturday he went to his father's house and turned his horse into his father's corn field. His father expostulated. The son became violently angry and cried out: "Wait until I come back and I will fix you." In a little while young Rippey returned with a shotgun, which he pointed at his father. The father was not frightened, and said: "You can't scare me in that way," and in an instant he fell dead, shot through the heart. His son had fired both barrels, aiming directly at his breast. The murderer rode to town and gave himself up to the sheriff, holding out his hands in readiness for the handcuffs.

**PROGRESSIVE JOURNALISM.**—Wide-awake newspaper men these days offer many attractive inducements to the public in order to swell their subscription list. A chromo, a square meal, a motto, "God bless our home," a free pass to the side show, and other pocket treasures are among the "bonanzas" offered by the enterprising managers of the press. But our neighbor, the Durham Plant, has scored one against all competitors, and "takes in the washing" of its

patrons every week. Can any newspaper reader resist the following tempting offer in yesterday's Plant?

On next Tuesday evening the Plant will send by express to New York, a parcel containing gentlemen's collars and cuffs to be laundered and returned. Any gentleman, a patron of the Plant, who so desires, may participate in the benefits of this shipment and thereby have their collars and cuffs handsomely laundered in New York and returned to Durham. The Plant having had very satisfactory experience with the New York parties, guarantees entire satisfaction in every respect. Charge for collars 1½ cents each; for cuffs 3 cents per pair.

**CONDITION OF THE TOBACCO CROP.**—The damage by the recent frost to the tobacco crop is the chief topic for discussion throughout the country. Some extracts, then, from the report made to the State Weather Bureau regarding "the weed" will doubtless be read with interest by our readers throughout the district and State. They came from different sources than the reports to the Department of Agriculture:

Durham county, much damage done to outstanding tobacco by the severe frosts. Alamance county, not half crop cut, injury serious. Orange county, four or five frosts have damaged crop badly. Granville, crop badly damaged; reports continue to pour in that the cures are the worst ever seen. Chatham, crop very materially injured. Forsyth, most of crop gathered before frost, but some damage done. Warren, two third of crop cut and curing badly; very little damage by frost. Henderson county, little injury to tobacco. Swain county, one-fourth of crop ruined, remainder housed; all tobacco not housed was destroyed. Catawba, all outstanding tobacco destroyed. Caldwell, heavy frosts and light snow on the Blue Ridge October 1st cut down much tobacco. Surry, most of the tobacco housed, all not in killed by frosts. Rowan, two thirds of crop housed and the other third badly injured.

In Guilford the growing tobacco was damaged fully one third, though a large per cent was in the barns.

### Personal.

Col. Fred Stith, of Thomasville, was in the city this morning.

Mr. J. H. Mills, of Thomasville, made a brief visit to our city this morning.

Mr. Steele, proprietor of the High Point Enterprise, was in the city this morning.

The Steele Creek Band, numbering fifteen men, passed through the city this morning on their way to Durham.

Mr. Brazil Durham, of Rocky Point, Pender county, passed through the city this morning on his way to Salisbury.

Miss Kyle, of Gaston, Ala., who has been spending several weeks with Mrs. McAdoo-King, left for her home this morning.

### Farmers' Meeting.

A special meeting of the Farmers' Association of Guilford county will be held in Benbow Hall, Greensboro, on the second Saturday in October, at 2 o'clock, p. m.

THOS. E. COOK,  
Ch'm'n Ex. Com.

### Public Speaking.

There will be a Barbecue and free dinner at McLeansville on Thursday, October 18th, and one at Summerfield on Friday, October 19th, and one at Col. Dave Cable's on Saturday, October 20th, at which times and places the following gentlemen will address the people on the tariff and other political issues: Hon. Z. B. Vance, Hon. Wm. Mack Robbins, C. B. Watson, Esq., Gov. Scales, Col. John N. Staples and other distinguished speakers. The Greensboro Cornet Band will be present at each of the above named places. The public generally are invited.

### Our New System.

We find we are getting too old, and our business too much scattered, to longer continue the credit system, and have adopted a new plan this season. Each girl will have a cash check pad slip that must be sent to the cashier (employed for that purpose), and they will have no books on which to charge.

Thankful for past patronage, with regrets for the necessity of change, we hope to merit a continuance. Those who have not paid up please do so at once.

W. S. MOORE.

Our opening on Saturday next.

The sweet gum, as gathered from a tree of the same name, growing along the banks of the Southern States, contains a stimulating expectorant principle that loosens the lungs, promotes the early morning cough, and stimulates the blood to throw off the mucus in the throat and chest. When combined with the healing mucilage principle in the mullein plant of the old world, presents in TAYLOR'S SWEET GUM REMEDY OF SWEET GUM AND MULLEN the most powerful remedy for Coughs, Croup, Whooping Cough, and Consumption, and so painful, any child is pleased to take it.
