Don't no ir, Gibls.—It is very common at the present day for young ladies to accept presents from gentlemen not related to them, or likely to become so—in fact mere acquaintances. With no partiality for old contours merely because for old customs merely because they are old customs, we confess to an admiration for that feminine delicacy which shrinks from accepting favors from chance ac quaintances of the day or hour. That all young men have not the true feelings of gentlemen, our young ladies need not be told; nor, that those most lavish with their presents are oftenous little able to siford it as they are able to refrain from boasting that these presents

have been secepted, when among their young male acquaintances.
