Rheumatic Blood is Whole Story

Wonderful Specific for Sciatica, Lumbago, and a Cure for Dreaded Arterial Rheumatism.

There is a host of pills, powders, tablets and what not for rheumatism, but all lack the first essential to being a real medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be cured by attacking the entire blood supply with a naturally assimilative antirheumatic. True, the pains may be eased with opiates or the acids may be neutralized with the alkalis, but these are only temporary measures and do not even remove the cause. There is but one standard remedy, and it reflects the thought of the day. It is the product of the great Swift Laboratory in Chicago, and is sold in all drug stores under the name of S. S. S. at \$1.00 a bottle.

It has been advocated by many for rheumatism, and yet S. S. S. is the only one that without the punishment of starvation. Hot springs and other remedies are often recommended, but they do all that is expected of these and weaken the system. It is endorsed by the closest students of medicine that rheumatism is caused by an acid condition of the blood, and aggravated by the remedies used for relief. In other cases it is the result of nerve depression. In still others it is the effect of a poisonous blood condition, having been caused by mercury, iodides, arsenic or other poisonous mineral drugs. The cures of all these types of rheumatism by the use of S. S. S. is a remarkable fact to the natural efficacy of this remarkable remedy, just as specific and just as well ordered as the most scientific and most palatable and most effective food. Do not fail to get a bottle of S. S. S. today. You will be cured at the results. If your case is of such a nature that you cannot consult a great specialist, write to The Swift Specific Co., 215 East 12th St., Atlanta, Ga.

Sale of Valuable Land

According to a decree of the Supreme Court of Guilford county, N. C., in the case of Charles M. Coble and others, ex parte, the undersigned will, on

MONDAY, JUNE 2, 1913,

at 10 o'clock A. M., or soon thereafter, offer for sale to the last and highest bidder, by public auction, a part of the court house door in Greensboro, Guilford county, N. C., containing lands belonging to Dr. Wm. A. Coble at the time of his death, and now owned by his heirs.

The land is located on the water of Stinking Quarter Creek, in Guilford township, county and state of North Carolina, and adjoins the lands of Dr. A. Coble, J. M. Coble, Fox & others, and Johnnie and Donnie Coble and others, and contains approximately 252 acres.

The land will be sold in two parts. The dividing line runs north and south and is evidenced by a stone drain running southwardly from the big road which runs in front of the home place, and is approximately four hundred yards in the easterly direction from the residence. It is supposed that this drain divides the farm in substantially two equal parts. It will be sold by the acre, first in two parts, as above stated, and then offered as a whole. The manner in which the greatest sum can be realized will be reported to the court for the action.

Terms—The purchaser, or purchasers, will be required to pay half cash and the balance of the purchase money in six months, with interest on deferred payment or payments at the rate of 6 per cent. per annum, and title or titles retained.

April 26, 1913.

DEMOCRATS GETTING READY.

National Committee Already Organized For Next Campaign.

Washington, May 16.—The campaign for Democratic supremacy at the polls in 1914 and 1916 was opened here today when the executive campaign committee of the Democratic national committee organized and discussed preliminary plans. The committee agreed upon permanent headquarters in Washington, the organization of an educational campaign and harmonious co-operation with the Democratic congressional committee with a continuous militant party organization from now until after the next presidential election at least. Representative A. Mitchell Palmer, Pennsylvania, caucus chairman of the house and recognized as the president's spokesman in that body, was made chairman and Rolla Wells, of St. Louis, treasurer of the Democratic national committee, treasurer. At the permanent headquarters Thomas J. Pence, of North Carolina, the former correspondent, who conducted the Wilson press campaign, will be in charge as manager of publicity.

With him already is Col. John I. Martin, of Missouri, sergeant-at-arms of the last and other national conventions of the Democracy. Plans agreed upon today contemplate the sending of Democratic Washington letters to approximately 10,000 weekly newspapers and 2,000 daily papers that have no special correspondents at the national capital. All this will require a large fund and the committee decided to appeal to the sales for contributions.

The situation generally and the need for immediate organized campaign work were discussed at two sessions of the committee. The committee members accompanied by Mr. Pence called at the White House and explained the plans to President Wilson, who voiced his hearty approval.

The committee will confer with Representative Lloyd, of Missouri, chairman, and Representative Page, of North Carolina, secretary, the retiring officers of the Democratic congressional committee, who were directed at a recent meeting to consult with the national committee, the president and Democratic senators regarding the president's proposal that the numerical strength of senators on the congressional committee be increased.

It is probable that the congressional committee will be asked to name three representatives and two senators to serve on a joint executive campaign committee for conducting the political battles during the next four years. The party leaders contemplate sending out speakers under the auspices of the joint committee.

SOLVING LABOR PROBLEM.

New Bern's New Mayor Making It Hot For Vagrants.

A New Bern special to the Raleigh News and Observer says: A. H. Bangert, the newly-elected mayor of New Bern, has already begun a much-needed reform by rounding up all the vagrants in the city and giving them an opportunity of securing work within a few hours or going to the county roads. During the past few years there has been an innumerable number of colored vagrants in New Bern and they have caused much trouble in many ways. Last week local manufacturers could hardly hire sufficient help to run their plants. This ultimatum of the mayor has won the favor of every citizen of New Bern.

How It's Made.

The L. & M. Semi-Mixed Real Paint is a pure paint. One thousand pounds of pure white lead, zinc and linseed oil are put together in an immense mixer; then large mills grind it, and machines fill it into cans ready for market. But the user adds three quarts more linseed oil to each gallon to make 1 3/4 gallons of Real Pure Paint for \$1.40 per gallon. It is the very highest quality paint.

High Point Officials.

Mayor Tatg and the new board of aldermen, of High Point, were sworn in and held their first meeting under the new administration last week. W. R. Edmonds was unanimously re-elected as judge of the municipal court for a term of two years. Mr. Edmonds was appointed six months ago to fill the unexpired term of his predecessor who resigned to go to the legislature. The election of chief of police and the various other city officers was postponed one week on account of other urgent business.

BRYAN'S PEACE THEORIES.

London Critics Want to be Shown Practical Results.

London, May 17.—The Daily Mail in an editorial under the caption "A Rather Ambitious Idealist," sarcastically criticizes the plan of William Jennings Bryan, the American secretary of state, for settling international disputes, which he expounded at the peace banquet in New York. The Daily Mail cites American criticisms of the head of the state department and suggests that before taking the peace of the world under his charge "this highly inexperienced diplomat might see whether he cannot keep the United States out of the series of quarrels and misunderstandings into which that country seems to be drifting."

The Daily Mail instances, among other things, the Panama canal dispute with Great Britain as to the right of America to allow coastwise steamers to pass through the great waterway free of canal tolls, which it denounces as a "flagrant violation of the Hay-Pauncefote treaty." The paper expresses the hope that President Wilson will prevail upon the senate to put this matter right, although a good many difficulties, it admits, will have to be surmounted before a solution will be reached.

The editorial refers also to the new Underwood tariff bill and to the various protests that it is infringing on the "most favored nation" treaties, and finally to the California legislation which is supposed to be directed against the Japanese. Referring to the latter the Daily Mail says:

"This puts the pacifist secretary of state in a very awkward situation indeed. He has been discussing this matter at some length and Japan's proposal that the question should be referred to The Hague tribunal is obviously one which a secretary who is enthusiastic for international arbitration should accept with effusion."

But, says the Daily Mail, Mr. Bryan can hardly do this until he has coerced or cajoled California to agree to accept the decision of President Wilson. It concludes by saying: "With so many hard nuts to crack it seems to be unnecessary for this eminent idealist to dissipate his energies in preparing for the millennium."

Best Medicine For Colds.

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for every one in the family to use. It is a home doctor. Price 50 cents and \$1. Guaranteed by Fariss-Klutznick Drug Company. adv

ARIZONA FALLS IN LINE.

Follows California in Signing Alien Land Bill.

Phoenix, Ariz., May 16.—Governor Hunt signed today Arizona's new alien bill. It prohibits any alien, whether of Caucasian or Mongolian descent, from owning land in Arizona if he has not declared his intention of becoming a citizen.

The law bars not only Asiatics, who cannot become citizens, but also many wealthy Mexicans who live on the American side of the line but who have maintained their allegiance to Mexico. A vigorous fight was made to have the bill apply only to aliens ineligible to citizenship that Mexican holders of property in Arizona would not be affected. There are few Japanese holding property in the state but many Chinese hold titles and these, like the non-citizens among the Mexicans, will be required to dispose of their real estate within five years.

The law exempts only mining claims held by aliens or real property necessary to the proper working of mines.

Representative Japanese conferred with the governor in an effort to induce him to veto the bill but he declined on the ground that such a law was necessary in the interests of the white race. The governor added that the law was made to apply to all aliens in compliance with the wishes of the national administration, as expressed to the California legislature.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. NOTICE

The United States of America. In the District Court of the United States for the Western District of North Carolina.

In the matter of Alexander A. Clark, Bankrupt.

In Bankruptcy. To the Honorable James E. Boyd, Judge of the District Court of the United States for the Western District of North Carolina:

Alexander A. Clark, of Graham, in the county of Alamance, and state of North Carolina, in said district, respectfully represents: That on the 1st day of July, 1912, he was duly adjudged a bankrupt under the Acts of Congress relating to Bankruptcy; that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said acts, and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such discharge.

Dated this May 12, 1913.

ALEXANDER A. CLARK, Bankrupt.

Order of Notice For Discharge.

It is ordered by the court that a hearing be had upon the same on the 26th day of May, 1913, before G. S. Ferguson, Jr., Special Master, at Greensboro, N. C., in the said district at 2 o'clock in the afternoon, and that notice thereof be published in The Greensboro Patriot, a newspaper published in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court that the clerk shall send by mail to all known creditors copies of the said petition and this order addressed to them at their places of residence as stated.

This May 12, 1913.

Matters of Interest Reported by Our Corps of Correspondents.

JAMESTOWN.

The sixth annual commencement of the Jamestown public high school, which was held last week closing Wednesday, May 14, was by far the most successful occasion of the year, and closed the most satisfactory year's work in the history of the school. Beginning with the second Sunday afternoon, May 11, and ending with the high school play on Wednesday night, there was not a moment's lull in the spirit of the occasion and there was nothing that could mar the pleasure of the school.

The first class was really the first graduating class since the school was made higher two years ago. One of the most interesting features of the commencement exercises was the delivery of the addresses and essays by members of the class. Following are the names of the graduates with the subjects of their essays:

Evelyn Briggs—Luther Burbank.
 Stacie Willard—Shakespeare's Greatest Heroine—Portia.
 Percy Groome—Improvement of Country Life.
 Sallie McGhee—Edison as a World Benefactor.
 Bertha Ozmert—The Jews in America.

Mollie Jackson—Domestic Science in the Public Schools.

A prize consisting of an excellent collection of Van Dyke's works was awarded for the best essay. This was won by Stacie Willard.

The leading feature of the entire commencement was the address of Mr. Clarence Poe, the able and distinguished editor of the Progressive Farmer. His coming had been heralded over the entire section of this county, and the hundreds who came to hear him were entertained and instructed in an unusual manner. The central thought of Mr. Poe's address was universal education. He made a special plea for the education of all the people, and also for the kind of education that the people need. No doubt his address will prove a real boon for better things in Guilford county.

For every exercise of the entire commencement the crowds of people who came were too large to be accommodated. It was never possible to get them all into the auditorium. The climax was reached Wednesday night when the high school students gave their play. From the sale of tickets for this play \$122 was realized. This was more money than had ever been received from a play here. It was really one of the very best plays ever put on at Jamestown.

There were 27 young people from this section of the county who received the certificate for the completion of the seven grades of work in the school. Their names are as follows: From the Colfax school, Hetty Atkins, Wade Atkins, Raymond May, Willie Glabons, Ruth Morgan, Effie Shack, Sandy Ridge school, Edna Flay, Edna, Elsie Rayle, Lucie Rayle, Elmer Smith, Denver school, George school, Archie Johnson, Clarence Johnson, Zeh Groome, Elmfield school, Florry Robbins, Edna Rogers, Deep River school, Edna Rogers, Edna Jones, Hall school, Edna Hall, Concord school, Edna Hall, James own school, Edna Hall, Clyde Jackson, Edna Hall, Charles Holton, Edna Hall, Frank Richardson, Edna Hall.

Mr. Walter McCuiston, father of Policeman W. T. McCuiston, is seriously ill at Hickory Grove.

WHITSETT.

The commencement just closing marks the twenty-fifth anniversary of the school under its present management. One hundred and fifty former graduates of the school returned to join in this celebration, and hundreds of visitors have come from various parts of the state. At every exercise the chapel has been crowded and all day Monday it was impossible for many to find even standing room for the exercises.

The prizes were awarded as follows: In the Athenian society the declamation medal to R. C. Short, of Henderson, and the improvement prize, a large dictionary to Elbert Maxwell, of Resaca. In the Dialectic society the declamation to W. L. Stone, of Thomasville, and the improvement prize to E. D. Currie, of Old Hundred. J. W. Hodges, of Pitt county, was awarded the senior orator's prize for his oration on Stonewall Jackson, and Ollie Phillippe, of Whitsett, the medal in elocution.

Hon. J. Bryan Grimes, secretary of state, who delivered the literary address spoke on "North Carolina, Her Past, Her Present, Her Future." His address made a profound impression and was complimented an all sides. Rev. W. E. Abernethy, who preached the annual sermon, chose for his subject, "Christ, the World's Central Figure." His eloquence has seldom been heard here on any former occasion, and he carried a magnificent audience with him for every syllable of his great sermon.

The special exercises celebrating the twenty-fifth anniversary were of unusual interest. Dr. Julius I. Foust, president of the State Normal and Industrial College, was the first speaker. In addition to bringing greetings and good wishes he reviewed the history of the school, and told of the work of Whitsett for the state during the past, and bespoke a more glorious future. His speech was greatly enjoyed. Charles H. Ireland, of Greensboro, well known as one of North Carolina's leading business men and church workers, was next on the program and for thirty minutes delighted the audience with a remarkably fine and eloquent address. Prof. Thomas R. Foust, superintendent of schools of Guilford county, spoke for twenty minutes in a very happy vein in conclusion of this part of the program.

Ideal weather conditions brought together an unusual crowd this year to hear the program, and on Monday it was estimated that fully 2,000 people were on the grounds coming from all sections of Guilford, and from all nearby points. The student body this year numbered around two hundred and fifty students from various counties, and in the bookkeeping course there were ten graduates with a number in the shorthand course also. In the literary department there were thirty-two graduates. This has been one of the best years in the school's life, and preparations will be under way in a few days to make a number of new improvements with a view to an even larger school the coming year. A number of students will spend the vacation here in reading and study. The new catalogue will be issued in a short while, being now in the hands of the printer.

Mr. Walter McCuiston, father of Policeman W. T. McCuiston, is seriously ill at Hickory Grove.

ELON COLLEGE.

Word has just reached the college that the Francis Asbury Palmer Board, of which Dr. Martyn Summerbell is president, and Dr. Frank S. Child, secretary, has granted \$1,500 to the college for current expenses this spring. This same board last fall voted the college \$2,000.

The president is also glad to announce that the late Dr. J. J. Summerbell, Dayton, O., left a bequest of \$1,500 to the college to be used in its own discretion to the best advantage of the college. It has been decided to create out of this bequest the J. J. Summerbell fund, the income of which shall be used as the board of trustees shall from time to time direct.

One of the great questions which the board of trustees will be called upon to decide this June will be provision for a building for the young ladies' hall, the organization which provides board and living expenses to young women at cost. It is hoped that a nice building will be provided for this purpose on the southwest corner of the campus.

Lawn Party and Play at Monticello.

On the afternoon and evening of May 31 Monticello high school will open its doors for the first big gathering since commencement. The ball game will begin at 4 o'clock. Ice cream on the lawn before and after the game. Come early; get your cream and stay for the play in the auditorium at 8 o'clock. "The Deacon" will entertain both old and young, so don't fail to come and be sure to bring the children. "Pete" and "Billie" will make you forget for at least two hours that you ever set any tobacco. Admission to the play, 15 and 25 cents.

Mrs. T. F. Faucette and children are visiting Mrs. Kernodle this week.

Quite a party of Monticello young people attended the revival in Greensboro Sunday evening.

Messrs. Leslie and Auburn Lambeth spent Sunday in Reidsville.

Mr. Lonnie Dorsett is visiting Mrs. J. F. Doggett.

Miss Emma Poland, of Durham, is visiting her sister, Mrs. S. T. Lill, this week.

Miss Kathleen Small returned Sunday from a visit to relatives at Spencer.

Our smallpox scare is a thing of the past; not even a scar left to tell the tale. Most of us wish we could say the same of our vaccination.

VANDALIA.

The Woman's Betterment Association of South Buffalo will have an ice cream supper the fifth of June on Mr. Walter Williams' lawn at the end of Ashboro street car line. The public invited.

Messrs. D. W. Ramsour is visiting relatives at Whitsett and attending the commencement.

Miss Tince Anthony, who has been spending some time in Florida, is visiting her mother.

Rev. Johnson and family, of Tabernacle, visited Mr. J. A. Kirkman last Sunday.

Mrs. J. C. Hann's son again after being sick all winter.

Several from here attended the lecture at the Center Brick warehouse last Sunday by Mr. Biedewolf on Boozing.

Mr. and Mrs. M. Witty entertained the primary Sunday school class of Moriah last Saturday at their home. The children reported having a joyful time.

Miss Minnie Causey, of Pleasant Garden, has returned home after spending some time at her uncle's.

FLAT ROCK.

We had showers of blessings Friday night. Tens of thousands of tobacco plants were planted Saturday.

The wheat crop of northwestern Guilford is the most promising we have witnessed in years.

Quite a number of the Flat Rock people attended the Oak Ridge commencement today.

We hope our Sunday school will increase in number of pupils, and we hope some of our scholars will volunteer and increase the teachers' faculty.

Entertainment at Gibsonville.

The McLeansville high school will present "Oak Farm" a comedy drama in three acts in the auditorium of the Gibsonville high school next Saturday evening, May 24, at 8 o'clock. A small admission fee of 20 cents will be charged for adults, and children under 10 years will be charged only 10 cents.

Temperance Meeting.

All who are interested in putting a stop to the manufacture and sale of whiskey and other intoxicating drinks in Summer township are requested to meet at the Summer school house on Saturday, May 24, at 2 P. M.

CURE FOR TUBERCULOSIS.

Doctors Not Yet Satisfied That Friedmann Has It.

The first authentic and public report of the federal government's investigation of the Friedmann tuberculosis vaccine, made public recently, declares the results of the public health service observations so far do "not justify that confidence in the remedy which has been inspired by widespread publicity."

The National Association for the Study and Prevention of Tuberculosis, before which the report was presented, immediately and unanimously adopted resolutions declaring its belief that "no specific cure for tuberculosis has been discovered that deserves the confidence of the medical profession and the public" and declaring it to be the duty of the public to continue "all the present well-tried agencies."

Although couched in the diplomatic terms of a government scientific document, the report on the Friedmann "cure" expresses the disappointment of the public health service at the condition imposed by Friedmann; and says his declaration to furnish complete information concerning his vaccine was not "satisfactory from a scientific standpoint. The public health service, however, the report says, accepted his conditions because of the great importance to thousands of sufferers and the hope that a cure might be found.

The report was made by Dr. John Anderson, director of the hygienic laboratory, and Dr. A. M. Stimson, another public health service officer, who were designated by Surgeon General Blue to make laboratory tests of the Friedmann vaccine and observe the 90-odd tuberculosis patients inoculated in New York.

The investigators pointed out that while Dr. Friedmann in his preliminary correspondence, offered to lay full and impartial information before this government, he declined to do so after coming here. Observations by the public health service will be continued, however, and the investigators expressed the opinion that the patients already inoculated must look forward to a long period of treatment.

This Interests Every Woman.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aches, joint, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. Conyers & Sykes, adv.

THE MODERN WOMAN.

Conclusive Evidence That a Woman is as Young as She Feels.

Delmont, Pa., May 17.—As a result of some good-natured bantering over the speed of their motor cars and their ability as drivers, Mrs. George Wallace, 43, and Mrs. Harry Leonard, 27, today raced 20 miles to Greensboro, the stakes being the expenses of a shopping tour in the latter town.

The start was made at 8.30 A. M. and 53 minutes later the elder woman drove her car into Greensboro. Two minutes later Mrs. Leonard arrived. Mrs. Wallace had never once slackened speed, and according to Mr. and Mrs. William Elrose, her passengers, she took the curves and corners with the daring of an Oldfield.

Mrs. Leonard, although beaten, said that she had not driven at full speed through fear of colliding with one of the many wagons which she encountered. She paid the bet.

Los Angeles, May 17.—Although eighty-six years of age, Mrs. Mary Scroggs has just successfully completed a round-the-world trip, which required five months of almost constant traveling. She was not sick a day, never missed a meal, and today, her first at home, she said she did not feel the need of rest.

"We started on Friday, December 13," said Mrs. Scroggs, "but hoodoo never bothered me."

Mrs. Scroggs' son, Dr. Gustavus Scroggs, a prominent physician of his city accompanied his mother on the trip.

Mrs. Scroggs said she had but one regret. She lost a day at the international date line when she went to bed on December 22 and woke up next morning to find it was December 24.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Feeling a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." Conyers & Sykes, adv.

PRESBYTERIANS IN ATLANTA.

Most Notable Gathering Ever Held by Divisions of This Church.

Atlanta, Ga., May 16.—For the first time in the history of Presbyterianism, the four grand divisions of the church, the Northern, the Southern, the United and the Associate Reformed, joined late this afternoon in a union communion service. Participating were more than 3,000 communicants, including delegates and commissioners to the Pan-Presbyterian Pentecost and laymen from every section of the United States.

An interesting feature of the day was the adoption by the Northern assembly of a resolution presented by the committee on Christian life and work, bearing directly upon the "divorce evil" and making recommendations for the enactment of uniform legislation on marriage and divorce. This resolution recommends that the ministers and church courts of the Northern assembly institute a campaign of education with the object of impressing upon the people the sacredness of marriage and the evils of divorce, and to arouse in the public mind a realization of the need of reform. Ministers are urged to study the laws touching these matters in the several states, looking toward the introduction of improved marriage and divorce laws.

NEWS OF THE OLD NORTH STATE

A Survey of What is Transpiring in the Commonwealth.

While riding on the rear of the tender of one of the Norfolk Southern Railway Company's yard engines at New Bern Monday, Mr. T. S. Manning, yard conductor on the local yards, was thrown from the steps and caught under the heavy locomotive. The body was dragged for a considerable distance and was mangled almost beyond recognition.

At an enthusiastic meeting of the citizens held at Siler City this week, it was unanimously decided to hold a big Fourth of July celebration. Isaac London, editor of the Siler City Crit, was elected manager and June Wrenn, secretary and treasurer. About \$100 was subscribed in a few minutes by the public spirited citizens toward defraying expenses for the occasion.

While standing under a tree for shelter from a rain storm, two children of Mr. William Harrison, a farmer living five miles from Kinston, were struck by lightning. The children, 14 year old boy, and girl age 15, had been sent to drive a flock of young turkeys to shelter. The boy, striking the tree, ran down its trunk and killed the boy, only slightly injuring the girl.

At the third annual session of the North Carolina Cotton Seed Crushers Association held last week at Old Point, Va., the following officers were elected: President, F. N. Bridgers, of Wilson; vice president, E. V. Zo Bell, of Tarboro; treasurer, F. C. Dunn, of Kingston, and secretary, H. A. White, of Greenville. The association adopted resolutions urging, in congress to retain soja beans and camelhair press cloth on the free list in the pending Democratic tariff bill.

FLAGLER DEAD.

Starting as a Poor Boy Dies Possessed of Millions.

West Palm Beach, Fla., May 20.—Henry M. Flagler, aged 83, the noted capitalist and railroad magnate, died at his winter home here this morning. He was born at Canandaigua, N. Y., in 1830. Little is known of his early life except that he was clerk in a country grocery in Orleans county, Mich., while yet in his teens. Later he removed to Saginaw, Mich., where he engaged in the manufacture of salt.

Becoming interested in the possibilities of the petroleum industry, he removed to Cleveland, Ohio, where he organized the company of Rockefeller, Andrews and Flagler, engaging in the refining of oil. The Standard Oil Company was the outgrowth of this venture and Mr. Flagler has remained actively connected with the management of the great corporation since its inception.

In 1885 Mr. Flagler paid his first visit to Florida and became impressed with the business possibilities presented there by the railroad field in connection with the development of winter resorts.

Entering actively into the work of turning Florida into one vast winter resort, Mr. Flagler built the Florida East Coast railroad, and later erected the Ponce de Leon and Alcazar hotels, at a cost of \$3,000,000.

His greatest achievement, however, was the extension of his railroad from Miami to Key West. For many years his plan was ridiculed as impracticable and was called "Flagler's folly." The opening of this 'overseas' line is listed as one of the engineering triumphs of the age.

St. John's Day at Oxford.

Since June 24, 1855, when the first celebration of St. John's day was held on the grounds now occupied by the Oxford orphanage, it has been the custom for the Masonic fraternity to hold a celebration on or about that date, and Grand Master F. M. Winchester has set the date this year for Tuesday, June 24. The Grand Lodge of Masons will be called in special communication, and orators of the day will soon be announced. The railroad will give reduced rates and there is every reason to believe that this celebration will be attended by large crowds, as special preparations are being made to accommodate them.

New School Buildings.

A recent report made by Prof. N. W. Walker, of the department of secondary education in the State University, cites the fact that 30 new high school buildings have been erected in North Carolina during the past year, costing any where from \$5,000 to \$25,000. This shows the greatest increase in school buildings in the same length of time in the history of the state, and is only one of the many encouraging indications of the general educational awakening throughout the length and breadth of North Carolina.

Mail Carrier Killed by Lightning.

Monday afternoon, in the extreme western part of Surry county, Garret Low, a 14-year-old star route carrier between Dobson and Low Gap, together with the mule he was riding, was instantly killed by lightning while in a few miles of his home. The boy was a son of J. W. Low and is said to have been a splendid young fellow.

Altogether too early to talk about the next United States senator from this state. Much is liable to happen before the tree even blooms.
