memory of the trying days of the '60s. He is survived by three sons and three daughters, who are: Messrs. John and Will Forbis, of Greensboro; Mrs. E. P. Huffines, Mrs. A. A. Shaw and Mrs. J. C. McLean, of the county, and Mr. Jesse Forbis, who resides at the old home place. He was a half brother of Mr. W. R. Fortis and Mrs. Martha J. Tate, of Greensboro, and of the late J. W. Forbis, who died last March while holding the office of clerk of the court of Guilford county.

### Mrs. Nancy Brown.

Mrs. Nancy Brown, one of Greensboro's oldest and best known women, died suddenly at her home on North Elm street Friday afternoon at 5:30 o'clock. She had been enjoying her usual good health and the unexpected summons came as a great shock to her relatives and friends. The funeral was held at West Market Street Methodist church Sunday afternoon at 3 o'clock, the services being conducted by Rev. Dr. C. W. Eyrd and Rev. Dr. Melton Clark. Interment was made in Greene Hill cemetery.

Mrs. Brown was 75 years old. She was born and reared in Oak Ridge township and was a daughter of the late John Frazier. She was married in 1855 to the late James Swift Brown and moved to Greensboro in 1870. Mr. Brown lost his life in a railroad accident soon after moving to Greensboro. Mrs. Brown was a woman of great strength of character and was held in affectionate regard by her friends. For many years she had been a faithful member of West Market Street Methodist church. She is survived by the following children: Mr. S. S. Brown, Mrs. S. L. Gilmer and Miss Lake Brown, of this city; Mr. Wisdom Brown, of Washington, D. C.; Mr. J. Council Brown, of Newbern, and Mrs. R. M. Albright, of Raleigh.

### J. K. Crawford.

Mr. John K. Crawford, who had been hopelessly ill for many months at the home of his son-in-law, Mr. Walter J. Williams, a few miles north of Summerfield, across the line in Rockingham county, died Friday afternoon at 5 o'clock. The funeral was held Saturday afternoon at Flat Rock Methodist Protestant church, the services being conducted by Rev. W. F. Kennett. Interment was made in the church burying ground, by the grave of the wife of the deceased, who died seven weeks ago.

Mr. Crawford was 75 years old and was a man of the highest integrity. He was a brave soldier of the Confederacy. He enlisted in Company B of the sixtieth North Carolina regiment and was wounded in the battle of Missionary Ridge. He is survived by two sons and a daughter—Mr. E. H. Crawford, who is employed on The Patriot; Mr. R. M. Crawford, of Stokesdale, and Mrs. Walter J. Williams, of Summerfield Route 1, and a sister, Mrs. Lizzie Cummins, of Rockingham county.

Mr. Henry Folsom died at St. Leo's hospital Saturday morning as the result of injuries sustained on the afternoon of the 13th inst., when he was thrown from an automobile on Spring Garden street extended. He was injured internally and it was realized from the first that his condition was serious. The body was carried to the former home of the deceased at Goldsboro for the funeral and interment. Mr. Folsom was about 40 years of age and is survived by his widow and two young children. He was employed as foreman in one of the local furniture factories.

Mr. James L. Andrews, a Confederate veteran and a highly respected citizen, died Friday morning at his home on Spring Garden street at the age of 79 years. He is survived by his widow and five children, all of whom were with him when the end came. The funeral was held at Forest Avenue Baptist church Sunday morning, after which the body was carried to Fayetteville for interment. Mr. Andrews was a native of Chatham county and had made his home in Greensboro for several years.

Thieves broke into Mr. J. T. Lambert's grocery store, on South Elm street, Monday night and stole goods to the value of about \$150. There is no clue as to the identity of the robbers.

## OFFICIAL HEADS CHOPPED.

### Three Republican Officials Severed From Uncle Sam's Payroll.

The United States marshals and district attorneys of the eastern and western districts of North Carolina having failed to respond to an invitation to resign their positions, President Wilson, upon the recommendation of Attorney General McReynolds, Saturday issued an order removing Marshal Logan, of the western district, and Marshal Dockery and District Attorney Sawell, of the eastern district, from office and appointing as their successors W. T. Dortch, of Goldsboro, marshal of the eastern district; ex-Lieutenant Governor Francis D. Winston, of Windsor, district attorney of the eastern district, and Charles A. Webb, of Asheville, marshal of the western district. Owing to the fact that a protest had been filed against the appointment of W. C. Hammer, of Asheville, as district attorney of the western district, District Attorney Holton is left undisturbed in the possession of his office for the time being.

The appointments doubtless would have been confirmed by the senate Monday but for the request of Senator Goff, of West Virginia, that the matter be postponed.

The duty of filling the vacancies thus created devolved upon the resident United States judges of the two districts, and in the eastern district Judge Connor yesterday named Messrs. Dortch and Winston as marshal and district attorney, respectively. Judge Loyd was requested by Senator O'neal to appoint Mr. Webb marshal in this district, but owing to the circumstances surrounding the case he did not feel constrained to do so. He named as temporary marshal Mr. J. M. Baley, chief clerk in the marshal's office in this city, a thoroughly capable and experienced man, who has been connected with the office for the past 17 years. He will serve until the appointment of Mr. Webb or some one else is confirmed. Mr. Baley served as marshal for about six months when Mr. J. M. Millikan resigned to become clerk of the United States court and until Marshal Logan was appointed.

Since the above was put in type the senate has confirmed the appointments of Messrs. Webb and Dortch.

### Were Married Nearly 55 Years Ago.

Squire J. F. R. Clapp, of the Brick church community, who was in the city Monday, believes that he and his wife are doubtless the oldest living married couple in Guilford county. It was on June 2, 1859, that James Franklin Rudy Clapp and Mary Ann Elizabeth Stewart assumed the vows of matrimony, and if they live until the second day of next June they will have rounded out 55 years of happy married life. Their wedding ceremony was performed by the late Rev. Dr. Eli W. Caruthers, one of the most noted preachers and scholars of the state and the successor of Rev. Dr. David Caldwell as pastor of Alamance Presbyterian church. Mr. and Mrs. Clapp celebrated their golden wedding in 1909 and are planning another anniversary celebration next June. Both of them are in excellent health and take an active interest in the life of their community.

Mr. and Mrs. Clapp would like to know if there is a couple in the county that has been married as long or longer than they have.

### Freight Rate Hearing Concluded.

The freight rate hearing which was held in this city last week before the interstate commerce commission was concluded Thursday afternoon. Three days were consumed in the examination of witnesses and the introduction of voluminous exhibits. The entire record will be a big one and it will take the commission some time to go into it. The impression prevails that a temporary order will be made by the commission permitting the rates to go into effect, and if upon examination of the record the commission is of the opinion that the rates are unfair to other points the temporary order will be revoked.

The representatives of the state and others who followed the hearing closely feel confident that the ultimate result will favor North Carolina and that the reduced rates agreed upon will be put into effect.

Entrance to the house was effected through a window and after gaining access to the room the thief locked the door in order that he might proceed unmolested. The theft was discovered when Mrs. May went to her room to retire for the night.

Patrolman Ed. Glenn, of the Greensboro police force, has received an appreciated Christmas present in the shape of a check for \$100 as a reward for arresting William Reid, colored, in this city some time ago. The negro was arrested after he had broken into Crawford & Rees' store, but he had previously robbed a jewelry store in Salisbury, and it was for this that the reward was paid. The negro was sentenced to the roads for 18 months.

Mr. J. L. Stanley, of Guilford College, was among Monday's callers at The Patriot office.

## A CO-OPERATIVE CREAMERY.

### Matter Discussed in Meeting of Guilford Farmers Saturday.

The meeting held in the court house Saturday to consider the proposition of establishing a co-operative creamery was attended by a number of representative farmers from various sections of the county. The question was discussed at length and a committee was appointed to make a thorough investigation of the matter and report at another meeting to be held in the near future.

Prof. Thomas R. Foust, county superintendent of schools, called the assemblage to order and stated the object of the meeting. Mr. John C. Kennett, of Pleasant Garden, was elected chairman of the meeting and Mr. J. G. Frazier, of Guilford College, secretary. Mr. E. H. Anderson, the county farm demonstrator, who has had experience in the creamery business, spoke briefly of the benefits that ought to accrue from the establishment of such an enterprise and introduced Mr. E. S. Millsaps, an agent of the United States agricultural department, who went into the subject at some length.

Mr. Millsaps spoke of the advantages of a creamery to a community, and as a concrete example referred to the Catawba county co-operative creamery, located at Hickory. He said that since the establishment of this creamery the number of cows in the territory had grown from about 300 to over 1,000 and that \$28,000 was made in the first year's work and that the last six months they had \$80,000 worth of business. He said that last Wednesday morning the creamery made 1,800 pounds of butter and that the quantity was increasing every day.

Eggs are also handled by this creamery along with the butter and milk. He stated that one car load of eggs was shipped to New York city from that place last week. Pork also is handled and they are fixing to handle poultry in the near future.

The dairy cow was mentioned by Mr. Millsaps as the machine through which the rough produce was obtained and that it went from them to the finest of human food. The cow also enables the farmer to enrich his land and raise better crops.

Mr. A. J. Busick, of Hillsdale, accompanied by his attractive young daughter and bright little son, called at The Patriot office while in the city on a shopping trip Monday.

### Guarding Against Croup.

The best safeguard against croup is a bottle of Foley's Honey and Tar Compound in the house. P. H. Ginn, Middleton, Ga., writes: "My children are very susceptible to croup, easily to catch cold. I give them Foley's Honey and Tar Compound and in every instance they get prompt relief and are soon cured. We keep it at home and prevent croup." Use it also for coughs, colds, hoarseness, tickling throat, bronchial and lagrippe coughs. It contains no opiates. Refuse substitutes. Conyers & Sykes.

### HE IS A PHILOSOPHER.

Greensboro Man Handed Out a Chunk of Real Wisdom.

Mr. R. C. Hood, one of Greensboro's live wires, was in Raleigh last week and had the good fortune to fall into the hands of Mr. Tom Bost, who does entertaining and edifying stunts on the News and Observer. Mr. Hood was in a talking humor and passed out some homely philosophy which the alert newspaper man gave to the public through the bright and original column he conducts on the editorial page of Raleigh's morning newspaper. The interview follows:

"I spent some of my best years elsewhere," he said yesterday morning, "but they weren't the best ones that I could have spent. I have made up my mind that nothing can take me away from North Carolina again. There are places where it is possible to make more money and to see more, but give me a place where I can know people and from a limited circle pick my friends. During my whole residence in Baltimore I cannot now say that I made any permanent friendships that I can remember, while in North Carolina, a place like Raleigh or Greensboro, one has friends without number."

"Take the metropolitan newspaper man's life. If the fellow makes good, he knows that in the circumscribed life of his own office there may not be a dozen who know who he is. It is the most submerged life in the world, this residence in a great city. Give me a place where folks know you from birth to death and mourn actually and earnestly when you are gone. Keep away from New York, from Philadelphia, Baltimore or even Washington and come to Greensboro or stay in Raleigh. It's the place for people who enjoy life. If those who flock to the great cities only knew what happiness they have had at home, the census reports of those cities would read differently."

Messrs. J. R. Fitts and O. W. Monroe, who have been engaged in the lumber business in Greensboro for a number of years under the firm name of Pitts & Monroe, have dissolved partnership. The business will be continued by Mr. Pitts.

### THE STATE FARMERS' UNION.

Important Matters Before the Annual Meeting in Shelby.

The annual meeting of the North Carolina State Farmers' Union, which was held in Shelby last week, was one of the best in the history of the organization. Reports submitted showed that the union is organized in 91 of the 100 counties of the state. The state treasury is in better condition by \$3,000 than a year ago, and the business enterprises of the union are doing more business and are on a better basis than ever before.

With the exception of members of the executive committee, the old officers were re-elected as follows: President, H. Q. Alexander; vice president, J. M. Templeton; state lecturer and secretary, E. C. Fairles. The executive committee consists of C. C. Wright, of Wilkes; W. B. Gibson, of Iredell, and W. H. Moore, of Pitt, re-elected, and Clarence Poe, of Raleigh, and S. H. Hobbs, of Sampson, now elected for the first time.

The union endorsed the proposition looking to the passage of a law allowing neighborhoods where most of the land is owned by one race to say by vote of the majority of the qualified voters that in future no land should be sold to a person of the opposite race, provided the action is approved by a reviewing judge or board of county commissioners as being necessary to their peace and safety. The preamble recites: "That the crowding of undesirable negroes in white communities makes social conditions intolerable for white women and families, lowers land values owned by white people and often drives white families to other sections." The resolution also declares that the immoral mixing of the races is the greatest menace to the supremacy of the white race and demands drastic legislation on this subject.

The attorney general of North Carolina was requested to prepare the necessary blanks and circular of instructions for having the clerks of the court put the Torrens system of registering land titles immediately into force when the law becomes effective January 1, and the clerks of the court are requested to appoint examiners of titles at once.

Another resolution asks the secretary of the treasury to extend the time of his crop loans until March 1.

The idea of having "civic service week" set apart by the governor next November was unanimously endorsed, as was also a movement for getting the heads of the various state institutions and departments together to devise plans for more effective cooperation.

The committee on tobacco marketing declared that the dry prizing and storage system formed the only practicable, helpful and economic method to be considered.

Addresses were made by National President Charles S. Barrett and F. M. Comer, of Virginia, in addition to the talks and reports by North Carolina members.

**To Reduce South's Strength in Republican Convention.**

The Republican national committee held a meeting in Washington last week and launched its campaign for a reunion of warring elements in the party by adopting a resolution which provides for a radical change in the basis of representation in national nominating conventions which would reduce the quota of Southern states from 33 to 16 per cent. of the convention's total. According to figures submitted, the new plan would reduce the total number of delegates from 1,093, as in 1912, to 993. Under it these states would lose delegates: Alabama, 9; Arkansas, 3; Florida, 4; Georgia, 10; Illinois, 2; Kentucky, 1; Louisiana, 7; Mississippi, 8; New York, 4; North Carolina, 3; Pennsylvania, 1; South Carolina, 7; Tennessee, 3; Texas, 15; Virginia, 9, and Hawaii, 4.

The Southern states would have 164 delegates in all.

### TO ENLARGE POSTAL SERVICE.

Burleson Declares For Purchase of Telegraph and Telephone Lines.

A sweeping declaration in favor of the principle of government ownership of telephone and telegraph lines and an assertion that the postal service now is self-supporting for the first time since 1883 are features of the annual report of Postmaster General Burleson.

Concerning the acquisition of telephone and telegraph lines Postmaster General Burleson says that the government has demonstrated its capacity to conduct public utilities, and from his present information he is inclined clearly to the taking over by the postoffice department of the telegraph lines and possibly also of the telephone lines. Discussing that, the postmaster general says:

"A study of the constitutional purposes of the postal establishment leads to the conviction that the postoffice department should have control over all means of the communication of intelligence. The first telegraph line in this country was maintained and operated as a part of the postal service and it is to be regretted that Congress saw fit to relinquish this facility to private enterprise. The monopolistic nature of the telegraph business makes it of vital importance to the people that it be conducted by unselfish interests and this can be accomplished only through government ownership.

"The act of July 21, 1866, providing for the government acquisition of the telegraph lines upon payment of an appraised valuation, and the act of 1902, directing the postmaster-general 'to report to Congress the probable cost of connecting a telegraph and telephone system with the postal service by some feasible plan,' are evidences of the policy of this government ultimately to acquire and operate these electrical means of communication as postal facilities, as is done by all the principal nations, the United States alone excepted.

"The successful operation of the parcel post has demonstrated the capacity of the government to conduct the public utilities which fall properly within the postal provision of the constitution.

"Every argument in favor of the government ownership of telegraph lines may be advanced with equal logic and force in favor of the government ownership of telephone lines. It has been completely decided that a telephone message and a telegram are the same within the meaning of the laws governing the telegraph service and, therefore, it is believed that the statute enabling the government to acquire upon the payment of an appraised valuation the telegraph lines of the country will enable the government to acquire the telephonic network of the country."

Eliza Pool, of Depew, Okla., writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. ### The Spirit of Christmas.

Henry Van Dyke.  
Are you willing to forget what you have done for other people, and to remember what other people have done for you; to ignore what the world owes you, and to think what you owe the world; to put your rights in the background, and your duties in the middle distance, and your chances to do a little more than your duty in the foreground; to see that your fellowmen are just as real as you are, and try to look behind their faces to their hearts, hungry for joy; to own that probably the only good reason for your existence is not what you are going to get out of life, but what you are going to give to life; to close your book of complaints against the management of the universe, and look around you for a place where you can sow a few seeds of happiness—are you willing to do these things even for a day? Then you can keep Christmas.

### Coughs That Prevent Sleep.

These coughs are wearing and if they "hang on," can run one down physically and lower the resistance to disease. Mr. Bob Ferguson, 319 Pine street, Green Bay, Wis., writes: "I was greatly troubled with a bad cough that kept me awake nights. Two small bottles of Foley's Honey and Tar Compound completely cured me." This medicine is equally good for croup, whooping cough, measles cough, and for the chronic coughs of elderly people. It is soothing and healing and stops tickling throat. Conyers & Sykes.

## THE FIRST CHRISTMAS.

(St. Luke II, 7-14.)

And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And by the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men.

The Patriot goes to its readers a day earlier than usual this week, the paper being printed ahead of time in order that the force may be able to enjoy Christmas day.

We extend the greetings of the season to every reader of The Patriot. May this be your merriest Christmas yet and may the new year bring you a full measure of happiness and prosperity.

Owing to the crowded condition of our columns, incident to getting out a smaller paper than usual in order to observe Christmas day, this week's installment of The Patriot's serial story is omitted and will appear in the next issue.

The Democratic administration has made good on the party's pledge to revise the tariff and enact a new currency law, the way is now open for Congress to take up the next big thing on the program—anti-trust legislation. This will be undertaken upon the reconvening of Congress early in January.

The administration currency reform bill, proposing a revision of the financial system of the United States and the creation of regional reserve banks to act as stabilizing elements in the banking and financial world, passed the senate Friday night by a vote of 54 to 34. The conference report was passed by the house Monday night and by the senate Tuesday afternoon, and then the measure was promptly signed by President Wilson and became a law of the land. Supporters of the bill do not claim perfection for the new currency law, but it is hailed as a great improvement on the system under which the country has been working along for many years.

**Bryan's Peace Treaty Signed.**  
Secretary Bryan and Chevalier Van Rappard, the Netherlands minister, have signed a treaty providing that any question between the United States and the Netherlands which cannot be settled by diplomacy shall be submitted for investigation to an international commission of five members. The period of investigation is fixed for one year, although it may be shortened. This is the first treaty between the United States and a European nation based upon Secretary Bryan's peace plan. Similar treaties have been negotiated with five Central American nations.

**Aged Man Burned to Death.**  
Robert E. Lee, caretaker for Joseph B. Sellers, of White Plains, N. Y., was burned to death Saturday night at the Sellers place in Alamance county, when the house in which he lived alone was destroyed by fire of unknown origin. Neighbors attracted to the scene attempted to rescue Mr. Lee, who was about 70 years old, by smashing in the windows to his bedroom, but the intense heat drove them back and the unfortunate man was cremated.

## New Schedule Effective Sunday.

The change in the schedule of the evening passenger train from Mt. Airy to Sanford, recently ordered by the corporation commission, will become effective Sunday. Under the new schedule the train will leave Mt. Airy at 3.40 P. M. and arrive in Greensboro at 6.55, making connection here with southbound train No. 43 and the evening train for Goldsboro and Raleigh. The train will leave Greensboro at 7.15 and arrive in Sanford at 9.45. It is believed that the train will render a much more satisfactory service under the new schedule.

## Will You Plow Your Ground This Winter

The best Farmers and Farm Instructors all advise deep winter plowing in this section for Spring crops. This has been tested by them and the facts have been proven. Also the best farmers are using the IMPERIAL PLOW, because it is a plow that plows deep and turns a clean furrow at the same time. That's a big item in good plowing. It's strong, superior construction, mechanically correct shape of moldboard, shear, and landslides, makes it light draft, easy on the man at the handles. The perpendicular landslide feature alone is worth the price of any plow but goes with all Imperial plows without extra cost.

This and other advantages puts the Imperial Plow in a class of its own THE BEST—with the Best Farmers in this section.

## MRS. EUNICE N. WORTH.

Devoted Friend Pays Tribute to a Beloved Woman.

It was said of a king that, having served his own generation in the will of God, he fell asleep. Though this was said of a king, it may be as truly said of a woman who has filled her place in the home, at the very base of human society. She is as truly a queen reigning in her own right as is the king who serves in the interests of his country. Without her service at the unit of government, there would be no stay or durability to any country. The beginning of all institutions are just here—in the home—and the affairs of state are not more intricate than are these. Here in embryo is a manufactory, a laboratory, and industrial training school, a hospital, a church itself, "the church that is in thy house."

At the risk of being thought common-place, it should be said that our sister was a model housekeeper. Thirty years ago having shared the hospitality of this household, I have had full opportunity of knowing. It is to be desired that young women every where should have the benefit of such an example of good, methodical housekeeping—this was a home of neatness, simplicity, order, without extravagance. The most was made of everything.

There were eight sons and daughters, and the very name boys and girls implies restraint, constraint, discipline; but with all this care there was time for neighborly kindnesses, by which I myself have been benefited many times. This was a home given to hospitality, as people far and near can testify. Of recent years the home has been gladdened by the troops of grandchildren who came and went in the summer time.

Our sister was loyal to her church and its tenets, and especially in the days of her strength did she enjoy the "mid-week meetings" of the church, in which at times her heart overflowed in thanksgiving and testimony. She has filled the allotted space of years—four score. The Psalms, describing the division of spoils in the victory in the day

of battle, says that she that tarries by the stuff shall share alike with the warrior. So in the division of honors this faithful woman will have her share. After service, rest. He giveth His beloved sleep. Having served her generation in the will of God, she is fallen asleep.

Mr. W. E. Cummings, of Guilford College, one of the county's oldest and most highly respected citizens, gave The Patriot the pleasure of a call Monday and renewed his subscription. Mr. Cummings will be 80 years old January 5 and has been a constant reader of The Patriot since he could read anything. His father before him was a subscriber to The Patriot and he has been taking the paper in his own name since he was quite a young man. Time has dealt kindly with Mr. Cummings and he carries his age remarkably well for one of his advanced years. He attributes his good health in part to the fact that he has never used tobacco or intoxicants and has led an active, outdoor life.

## Stole a Fine Horse.

Charles W. Bailiff, a young white man who formerly resided at White Oak, stole a fine thoroughbred Kentucky horse from the stable on Mr. W. H. Rees' farm, south of the city, last Thursday morning, and hitching the spirited animal to a buggy, drove to Winston-Salem, where he attempted to sell the outfit at a low price. A description of the stolen horse had been telephoned to all the towns in this section, and when he attempted to make the sale Bailiff was arrested by the Winston-Salem police officers. He was brought back to Greensboro and given a preliminary hearing before Justice of the Peace Minor, who held him for the action of the grand jury. Bailiff was committed to jail in default of a bond of \$500.

## Injured by Toy Pistol.

Mr. D. T. Welker, of eastern Guilford, who was in the city Saturday with a load of lumber, was painfully injured by a cartridge from a toy pistol that struck him in the right temple as he was driving near South Spring street. The cartridge narrowly missed his eye and made a right painful wound. Tom Evans, Allen Robinson and Curtis Britton, three young white boys who had been firing toy pistols in the neighborhood, were arrested and summoned to Municipal court Monday. Along with several other boys who had been guilty of violating a city ordinance by firing toy pistols, they were convicted, Judge Brown suspending judgment until January 1.

## Christmas Rush at Postoffice.

The Christmas rush at the Greensboro postoffice is the heaviest ever known here, both the incoming and outgoing mail being unusually heavy even for the holiday season. The facilities of the postoffice are strained to the utmost and every member of the force, together with such extra help as it has been possible to employ, is working overtime in an effort to handle the business. Postmaster Douglas has brought his automobile into requisition and is using the machine in delivering packages and other Christmas mail. The parcel post is responsible for a large part of the increased mail business.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging  
Conditions, Mrs. Bullock Gave  
Up in Despair. Husband  
Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

### Doctors Call Eugenic Law Absurd.

A dispatch from Milwaukee says the physicians of that city have gone on strike against the new eugenic marriage law, which goes into effect in the state on January 1. It provides for the medical examination of prospective brides and bridegrooms.

At the annual meeting of the Milwaukee Medical Society a resolution declaring the new law to be "absurd and impossible of carrying out under the conditions named" was adopted unanimously. An elaborate laboratory equipment, beyond the needs or demands of the average physician, was needed, the doctors declared.

## Look for the TRIANGLE

LOOK for this triangle before  
you buy any heater.

It is the trademark of the latest  
model of the Perfection Smoke-  
less Oil Heater.

It is the sign of the greatest im-  
provement ever made in oil heat-  
ing devices.

## PERFECTION SMOKELESS OIL HEATER

The Perfection Heater, as now made,  
gives more heat, holds more oil, is  
better made and works better than  
any other heater on the market.

It has a wide, shallow oil font, which  
allows the oil to pass readily up the  
wick and insures reliable, unchanging  
flame and heat, whether the font is full  
or nearly empty.

The Perfection is smokeless, because  
the patent locking flame-spreader  
prevents the wick being turned up  
high enough to smoke. It is easy to  
re-wick, because the carrier and wick  
are combined—just turn out the old  
and slip in the new.

Indicator tells how much oil is in the  
font. Filler plug is pushed in like a  
cork—no screw, no thread to wear.  
Attractive latticed window frame.

The Perfection Heater is finished in  
vitreous turquoise-blue enamel or  
plain steel drums; looks well, lasts  
well, easy to carry wherever wanted.

Dealers everywhere—or write  
for descriptive circular.

### GENERAL NEWS

Fifteen persons were killed while  
playing baseball during the 1913  
season, according to figures com-  
piled and published in Chicago.

The last of the Christmas mails  
for foreign lands left New York  
last Wednesday. All told, foreigners  
in New York City sent 4,689 money  
orders, aggregating \$7,775,000 to the  
folks at home. This is an increase  
of 68,000 orders and \$1,250,000 in  
money over last year.

The senate has passed the joint  
resolution already passed by the  
house granting to Mrs. Katherine  
Gaillard, widow of Colonel Gaillard,  
who recently died in a Baltimore  
hospital, \$14,000, this being one  
year's salary of Colonel Gaillard as  
a member of the Isthmian Canal  
Commission.

In giving his reason for declining  
the appointment as ambassador to  
France, William F. McCombs, chair-  
man of the Democratic national com-  
mittee, said: "The post entails the  
expenditure of about \$150,000 a year.  
It pays \$17,500. I could not afford  
to accept it. I am going back to  
the practice of law and I hope to  
make some money."

Senator Root, of New York, hav-  
ing been suggested as the next Re-  
publican candidate for president,  
took occasion to say in the senate  
that he had no presidential aspira-  
tions and would not accept the nom-  
ination if it were offered him. Be-  
fore this administration closes, the  
senator says, he will be 72 years  
old and he could not render the ser-  
vice if chosen president.

A bill to remove the limitation on  
the amount that may be accepted  
from depositors in the postal sav-  
ings banks has passed the house of  
Congress. The measure would per-  
mit unlimited deposits but \$1,000 is  
fixed as the maximum upon which in-  
terest would be paid. Under the pre-  
sent law the limit is \$100 in each cal-  
endar month, no account to exceed  
\$500, exclusive of accumulated inter-  
est.

The temperance folks and the  
peace advocates asked Secretary of  
the Navy Daniels to change the  
custom of christening battleships by  
breaking a bottle of water on the  
ship instead of a bottle of cham-  
pagne and releasing a white dove  
as a peace emblem. The secretary  
got out of it by saying he had nothing  
to do with it; that the whole  
christening business is in the hands  
of the contractors who build war-  
ships.

There is no peanut trust and the  
price of the peanut is largely de-  
termined by the size of the crops  
in the United States and Spain, ac-  
cording to investigators of the de-  
partment of justice who have con-  
cluded an inquiry into the subject.  
Charges made to Attorney General  
McReynolds that dealers in Virginia  
and North Carolina controlled the  
market and fixed prices have not  
been borne out, and a suit under  
the anti-trust act is not now con-  
templated.

### Not Beyond Help at 87.

Sleep-disturbing bladder weakness,  
stiffness in joints, weak, inactive kid-  
ney action and rheumatic pains, are  
all evidence of kidney trouble. Mrs.  
Mary A. Dean, 47 E. Walnut street,  
Taunton, Mass., writes: "I have pass-  
ed my 57th birthday, and thought I  
was beyond the reach of medicine,  
but Foley Kidney Pills have proved  
most beneficial in my case of kidney  
and bladder trouble. Elderly peo-  
ple will find Foley Kidney Pills  
both tonic and strength-giving, and  
may be sure they contain no harm-  
ful drugs. Conyers & Sykes."

### Raps the Calamity Howlers.

Hon. Chauncy Clark, speaker of the  
house of representatives, left his  
chair a few days ago and took the  
floor to challenge the patriotism of  
"calamity howling" Republicans. Mi-  
nority Leader Mann had made a  
speech picturing the country in the  
throes of business and industrial de-  
pression as a result of Democratic  
tariff legislation. As the "greatest  
calamity howlers in America," the  
speaker presented Senator Root, for-  
mer Speaker Cannon, Chairman Hil-  
es, of the Republican national com-  
mittee; former Governor Hadley, of  
Missouri, and Representative Mann.  
Vigorously defending the new tariff  
law, Mr. Clark declared that if there  
had been any hold-up in business  
it was simply because prudence was  
being exercised. He said the wish  
was father of the thought with the  
Republican leaders and suggested  
that it was strange no one else had  
seen signs of falling prices.

### The Man Who Neglects Himself.

When his condition points to kid-  
ney trouble takes an unwise risk.  
Backache, pain and soreness over  
the kidneys, nervous or dizzy spells,  
poor sleep, are all symptoms that  
will disappear with the regular use  
of Foley Kidney Pills. They put  
the kidneys and bladder in a clean,  
strong and healthy condition, lum-  
bago and rheumatic pains, stiff joints,  
irregular bladder action are all  
relieved promptly when Foley  
Kidney Pills are taken. Conyers &  
Sykes.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. ## THE OLIVER SULKY PLOW

Pleasant Garden, N. C., Oct. 11, 1913.

Southside Hardware Company,

Greensboro, N. C.

Gentlemen:—Referring to our conversation with regards to the Oliver No. 11 Sulky Plow, which I am using, and its advantages, I wish to say that same cannot be recommended too highly for any one who has as much as a three-horse farm. Any boy who can drive three horses can do work with this plow that no man can do with the regular walking plow, for the reason that it has the weight and will plow land that cannot be plowed with the regular walking plow. He can also finish up a land with all ease, and taking same as a whole, I am under the impression that you have one of the best, if not the best, plows on the market for the purpose for which it is intended.

I take pleasure in recommending it to all our farmers, and to any one who is not satisfied without same I will be glad to show them that it is a good thing. Wishing you success with this plow, I remain yours truly,

C. T. WEATHERLY.

This plow is guaranteed not only by us, but by the Oliver Chilled Plow Works. Let us show it to you.
