of her age and is survived by her  
husband and daughter. The funeral  
and interment took place at Center  
church, near Hillsdale, yesterday af-  
ternoon.

The special session of the State  
Council of the Jr. O. U. A. M. will  
convene in this city this afternoon at  
2:30 o'clock and will probably con-  
tinue for a day or longer. The meet-  
ing will be presided over by State  
Councillor Reynolds, of Winston-Sa-  
lem, and will be attended by 300 or  
more representatives from the subor-  
dinate councils, the majority of whom  
have arrived in the city. Several of-  
ficers of the National Council are here  
to attend the meeting.

## MEETING OF COMMISSIONERS.

Superior Court Jurors Drawn—Road  
Petitions Granted.

The October meeting of the board  
of county commissioners was held  
Monday and yesterday. The greater  
part of the first day's session was  
consumed in passing on accounts and  
transacting other routine business.

The board inspected the new con-  
crete bridge which is being built  
across South Buffalo. The work is  
progressing satisfactorily and will be  
completed in a short while.

The board yesterday granted a pe-  
tition for the erection of a telephone  
line in Gilmer, Morehead and Center  
Grove townships, along Church street  
extended, and the Gethsemane road.

The following jurors were drawn  
for the civil term of Guilford Superi-  
or court to convene the fourth  
Monday in October:

First week—Robert A. Thomas,  
Alex. Phillip, Henry Friddle, W. H.  
Chilcutt, T. S. Boone, E. M. Schoff-  
ner, L. A. Jessup, H. B. Tatum, H.  
Sternberger, C. F. Coe, John J. Field,  
T. L. Johnson, C. A. Bray, C. W. Jen-  
nings, J. W. Nicholson, J. A. Davis,  
W. H. Bunch, C. C. Cummins, Albert  
Farrington, J. R. Rumbley, H. T. Bole  
Jack, R. V. Anderson, John E. Hay-  
worth, Moses L. Willard.

Second week—Jas. A. Hall, D. M.  
Davidson, R. D. White, W. B. Wy-  
rick, J. W. Payne, Murphry W. Jones,  
G. W. Wyrick, E. P. Wharton, A. F.  
Brooks, J. R. Hardin, J. R. McCulloch,  
R. O. Weatherly, J. C. Olive, E. H.  
Merrimon, W. B. Merrimon, C. F.  
Toomes, William Land, R. J. Fred-  
erick, G. S. Foster, A. B. Crews, A.  
L. Charles, L. Lindsay Davis, Ed. J.  
Welch, Junius A. Gray.

Yesterday was spent in the consid-  
eration of road matters. The board  
granted the petition heretofore filed  
asking for a public road in Gilmer  
township, beginning at a point on  
the Hillsboro road at Sharpe's store  
and running across the lands of the  
A. & M. College.

The petition filed at a previous  
meeting asking for the opening of a  
public road to lead from the road at  
J. C. Kennett's, in Fentress town-  
ship, to the Greensboro and Julian  
road was granted.

The request for a road leading from  
the Methodist church at Pleasant Gar-  
den to the Randleman road was re-  
jected.

The board granted the petition re-  
questing the opening of a road in  
Summer township to lead from the  
Greensboro and Asheboro road to the  
Greensboro and Center road.

The petition for a new road in  
Morehead township to lead from the  
Freeman's mill road to the road lead-  
ing by the South Atlantic Lumber  
Company's plant, near the Southern  
Railway, was granted.

A petition was filed asking for the  
opening of a road in Center Grove  
township leading from McCuiston's  
bridge to the road leading from Sum-  
merfield to Reidsville.

A petition was received protesting  
against the opening of the proposed  
road from Ryan's cross roads to Hod-  
gins' store.

The commissioners ordered that  
several roads in the county be worked  
at once.

The county physician was instructed  
to disinfect the court room prior to  
each term of Superior court, as  
provided by law.

## CIRCUS DAY THEFTS.

Several Greensboro Homes Entered  
and Robbed of Valuables.

The appearance of the circus in  
Greensboro Thursday was signaled by  
the robbery of several residences,  
the thefts being committed while the  
occupants of the houses were either  
witnessing the street parade or wit-  
nessing the performance in the after-  
noon. All of the burglaries appear  
to have been committed by profes-  
sionals, the houses in most cases hav-  
ing been entered by means of skele-  
ton keys.

Judge James E. Boyd, who resides  
on the corner of West Washington  
and South Ashe streets, appears to  
have been the heaviest loser, the  
thieves taking from his home \$18 in  
cash and about \$300 worth of jew-  
elry. The adjoining residence of Mrs.  
Annie G. Farriss was entered and  
robbed of \$54 in money. A little  
farther down West Washington street  
the burglars entered the residence of  
Mr. Garland Daniel and relieved the  
wardrobe of a new suit of clothes  
Mr. Daniel had intended to wear at  
the fair next week. They also took  
with them a ten-dollar bill which Mr.  
Daniel had been so careless as to  
leave behind when he carried his fam-  
ily up street to witness the circus  
parade. The thieves also went into  
the home of Mr. J. O. Shoffner, on  
Gorrell street, and took \$35 belong-  
ing to Miss Shoffner, a saleslady at  
S. L. Gilmer & Co.'s store.

The robbers left no trace behind  
them, and it is the opinion of the  
police and others that the thefts were  
committed by a gang of professionals  
that is following the circus through  
the country.

## FEDERAL COURT IN SESSION.

Several Blockading Cases Disposed  
Of—Battle Trial Next Week.

The October term of the United  
States District court convened in the  
government building here Monday  
morning. Mr. Oscar F. Pearce, a  
prosperous Greensboro merchant, was  
made foreman of the grand jury.

The first case taken up on the  
criminal docket was an indictment  
against E. R. Burch, a rural mail car-  
rier in Caswell county, who was  
charged with appropriating to his  
own use money entrusted to him by  
the patrons of his route to purchase  
money orders and other postal sup-  
plies. The defendant entered a plea  
of guilty, and after an eloquent plea  
by his counsel, Mr. A. L. Brooks,  
prayer for judgment was continued  
until the next term of court, the con-  
tinuance being granted on the repre-  
sentation that the defendant's family  
is in a helpless condition and that to  
imprison him at this time would work  
great hardship and suffering upon his  
wife and children.

Sam Hodges was convicted of il-  
licit distilling, judgment being sus-  
pended.

E. R. Hunter and W. G. Lane, of  
Forsyth county, were convicted of  
having counterfeited money in their  
possession and were fined \$10 each  
and sentenced to the penitentiary for  
two years. H. C. Nifong, who was  
indicted in the same case, was ac-  
quitted.

E. C. Capps, of Mt. Airy, was  
charged with filing false vouchers  
while postmaster of Mt. Airy. He  
was convicted of extortion and sen-  
tenced to one day's imprisonment and  
fined \$500.

S. M. Caviness, of Randolph coun-  
ty, was fined \$50 and costs and sen-  
tenced to a day's imprisonment for  
illicit distilling.

J. S. Griffith, of Surry county, was  
fined \$100 and sentenced to one  
month's imprisonment for defrauding  
the government out of brandy tax.

Lester Davis, of Davidson county,  
was fined \$200 and sentenced to pri-  
son for three months for blockading.

The civil docket will be called to-  
morrow, when the damage suit in-  
stituted against Marshal Millikan by  
the widow of John Brame, a block-  
ader, who was killed while resisting  
arrest in this city, will be taken up.  
The plaintiff, who is suing for \$25,-  
000 damages, is represented by ex-  
Judge R. C. Strudwick. District At-  
torney Holton, ex-Judge S. B. Adams  
and ex-Judge W. P. Bynum, Jr., ap-  
pear for Mr. Millikan.

The case against Mr. Lee H. Bat-  
tle, who is indicted in connection  
with the failure of the City National  
Bank, of which he was formerly cash-  
ier, has been set for next Tuesday.

Mr. Battle will be represented by ex-  
Judge S. B. Adams, ex-Judge R. C.  
Strudwick, Maj. Charles M. Stedman,  
Mr. A. W. Cooke and Capt. E. P.  
Hobgood, Jr. No special counsel has  
been assigned to assist District At-  
torney Holton and Assistant District  
Attorney Coble in the prosecution.

## LAYMEN WILL MEET HERE.

First State Convention to be Held  
in Greensboro in January.

The first annual convention of rep-  
resentatives of the inter-denomina-  
tional laymen's movement in North  
Carolina will be held in Greensboro  
January 14-16, 1910. This decision  
was reached Monday night at a meet-  
ing in this city between Mr. C. H.  
Cratt, of New York, secretary of the  
executive committee of the Interna-  
tional Laymen's Movement, and a  
number of ministers and laymen in-  
terested in the work. Lay members  
of all white churches in North Caro-  
line will be invited, and it is believed  
the convention will be one of the  
most largely attended religious meet-  
ings ever held in the state.

Mr. Charles H. Ireland, one of the  
most active men in the laymen's  
movement in the state, presided over  
the meeting and made a short talk  
on the growth of the work and the  
importance of Greensboro working to  
secure the first state convention. Mr.  
R. G. Vaughn was secretary of the  
meeting.

Mr. Pratt explained that originally  
it had been planned to hold two con-  
ventions in North Carolina, but later  
it was decided to hold only one meet-  
ing. After considering the matter  
fully, the general committee came to  
the conclusion that Greensboro was  
the logical meeting place. Mr. Pratt  
explained that, in order to secure the  
convention, it would be necessary for  
Greensboro to raise at least \$1,500,  
this money to be used in arousing  
interest in the convention and defray-  
ing necessary expenses.

The ministers and laymen present  
were impressed with Mr. Pratt's  
statement and decided unanimously  
to accept the terms of his proposi-  
tion. A committee of the following  
gentlemen was named to devise ways  
and means of raising the necessary  
funds: A. W. McAllister, J. B. Har-  
rison, T. A. Hunter, Joseph J. Stone  
and H. J. Thurman. The ministers  
of the city are to serve as advisory  
members of the committee.

## READY FOR THE FAIR.

Full Exhibitions in All Departments—  
Many Special Attractions.

Everything is in readiness for the  
tenth annual fair of the Central Caro-  
lina Fair Association to be held in  
this city next Tuesday, Wednesday,  
Thursday and Friday, and unless all  
successful of all the fairs held in  
Greensboro. The management has  
been very successful in securing full  
exhibits in all departments, while the  
special attractions will be more num-  
erous and better than ever before.

Secretary Daniel and his assistants  
have been busy for some time ar-  
ranging for exhibits and contracting  
for the special attractions. The  
grounds and buildings have been im-  
proved and renovated, a number of  
laborers having been employed for a  
week or more in cleaning off the  
grounds, improving the race track,  
applying the whitewash brush to  
buildings and fences and making all  
necessary repairs.

The exhibits in the farm, garden,  
poultry, dairy, live stock and other  
departments are expected to be un-  
usually full this year, while the de-  
partment devoted to domestic arts  
will be especially attractive.

Of course the racing will be a fea-  
ture of special interest, and those  
who go to the fair expecting to wit-  
ness fine and exciting trials of speed  
will not be disappointed. The string  
of race horses traveling this circuit  
this year is said to be the best that  
ever visited this section of the coun-  
try. The liberal purses offered by  
the Central Carolina Fair Associa-  
tion will attract the best horses ob-  
tainable.

The management has excelled itself  
in providing free attractions. These  
will be seen in front of the grand  
stand every day and will consist of  
high-grade performances. Pain's bat-  
tle in the clouds, a superb fireworks  
attraction, will be given at night.  
This is said to be much better than  
the fireworks display given last year.

The music will be furnished by  
Sousa's Montana cowboy band, which  
has the reputation of being one of  
the best musical organizations on the  
road.

The Central Carolina Fair Associa-  
tion has come to be recognized as a  
fixed institution, and the entertain-  
ment and instruction it provides for  
the public each year is evidence that  
it is fulfilling its mission well. The  
success of past years has encouraged  
the management to spend more  
money this year than ever before for  
premiums, prizes, free attractions, etc.

## Death of Mr. R. E. Hepler.

Mr. Robert E. Hepler, who had  
been engaged in the grocery business  
in this city for several years, died  
at his home on South Ashe street  
Sunday morning, following a prolonged  
illness of tuberculosis. The fun-  
eral is to be held from the residence  
this afternoon at 2 o'clock. Rev.  
Shuford Peeler and Rev. W. R. Cox  
will conduct the service and interment  
will be made in Greene Hill ceme-  
tery. Mr. Hepler was a member of  
the Red Men and will be buried with  
the honors of that order.

Mr. Hepler was 31 years of age,  
and in addition to his widow, is sur-  
vived by his parents who reside in  
Davidson county, and several broth-  
ers and sisters.

## G. F. C. Endowment Fund Complete.

The friends of Greensboro Female  
College will learn with pleasure that  
success has at last crowned the ef-  
forts to secure for the college an  
endowment fund of \$100,000. Two  
years ago Mr. Andrew Carnegie of-  
fered to make a donation of \$25,000  
when the friends of the college should  
raise \$75,000, and this condition hav-  
ing been complied with, a check for  
Mr. Carnegie's share of the fund has  
been received by the secretary and  
treasurer of the college. Aside from  
Mr. Carnegie, Mr. E. N. Duke is the  
largest single contributor to the fund,  
he having made a donation of \$10,-  
000.

## Important Real Estate Deal.

An important real estate deal was  
consummated Saturday, when the  
Southern Real Estate Company pur-  
chased from ex-Judge R. M. Douglas  
the property known as Douglas  
heights, in the southeastern section  
of the city. The property embraces  
about 100 residence lots and is with-  
in two blocks of the Asheboro Street  
graded school. It fronts on Douglas,  
Martin and Julian streets. It is the  
purpose of the company to improve  
the property materially, after which  
it will be placed on the market.  
These lots are among the best resi-  
dence property obtainable in Green-  
sboro.

## An Invitation.

To our country friends visiting the  
Central Carolina fair: We ask you  
while in the city to make our store  
your headquarters. We have all the  
conveniences to offer you and will  
appreciate it if you will avail your-  
self of them.

Sincerely yours,  
CRAWFORD & REES.

## Fertilizers.

Fresh supply of standard brands  
wheat fertilizer. For sale at our  
store house on Bellemade street, back  
of Farmers' warehouse, at as low  
prices as you'll find anywhere. You  
will find Mr. D. T. Scott at the fer-  
tilizer house to serve you.

Yours for business,  
O. J. DENNY & CO.

## Creating a Reserve

Is not difficult once you start  
to save money systematically.  
But if you ever expect to be  
independent financially through  
your own efforts you must  
make a start.

Money saved and put away  
safely will protect you from  
misfortune and prepare you to  
take advantage of opportunities  
that will surely come to you.

Funding the capital of your  
working years insures your fu-  
ture. But choose the right  
place to put your capital, or  
the hard-earned savings of a  
lifetime may be swept away in  
a day.

The American Exchange  
Bank is one of the city's  
foremost financial institutions  
and pays 4 per cent. compound  
interest on saving deposits.

We have just issued, and  
will send to anyone asking for  
it, a handsome booklet entitled,  
"Some Ways to Save Money."  
It gives helpful advice on fi-  
nancial matters and tells how  
you can save money.

### CITY BUSINESS AFFAIRS.

**Aldermen Consider Several Matters  
at an Adjourned Meeting.**

The board of aldermen met in ad-  
journed session Thursday night,  
when several important matters in  
connection with the city government  
were considered.

Chairman Stone, of the fire com-  
mission, asked that the commission  
be authorized to secure an assistant  
engineer for the fire department. The  
request was granted upon motion of  
Alderman Clendenin. It is under-  
stood that Mr. J. T. Cox will be ap-  
pointed and he is to devote his entire  
time to the work.

Mr. Garland Daniel asked that the  
ordinance prohibiting the placing of  
signs or banners on poles in the city  
be amended so as to allow the fair  
association to advertise. After con-  
siderable discussion the ordinance  
was repealed.

The matter of reinsuring the city's  
property was brought up and referred  
to a committee to be appointed later  
by the mayor.

Inspector Milton called attention  
to the fact that new billboards are  
being erected in different parts of the  
city. He also reported that the large  
bill board on East Washington street,  
between South Elm and South Davie,  
was in a bad condition. Upon inves-  
tigation it was found that Mr. Milton  
has the power to condemn it and  
force the owner to remove it.

Alderman King, for the street com-  
mission, reported that it would cost  
\$4,000 to finish the Martin street via-  
duct and that the city was not finan-  
cially able to do the work now. No  
action was taken.

The board adopted the recommenda-  
tions of the sanitary committee that  
the city employ a city physician to  
look after the garbage system, the  
health of the city and milk and meat  
inspection. The trash part of the  
garbage ordinance is effective Novem-  
ber 1 and an appropriation of \$550  
was made for the purchase of equip-  
ment.

Alderman King offered an ordi-  
nance requiring that all telephone,  
telegraph and electric light poles in  
the city be painted according to spec-  
ifications to be furnished by the street  
commission. The second and final  
reading of this ordinance will take  
place at the next meeting.

Chief of Police Neely called at-  
tention to the fact that two addition-  
al officers are needed on the police  
force, but the matter was referred to  
the police committee for a report at  
the next regular meeting.

Alderman King offered a resolu-  
tion, which was adopted, whereby a  
committee will be appointed by the  
mayor for the purpose of investigat-  
ing the cost of installing as soon as  
the city's present contract with the  
North Carolina Public Service Com-  
pany expires, a power plant to be  
owned and operated by the city. An  
appropriation of \$500 was made to  
this committee to use in making the  
investigations. Later Mayor Stafford  
named the following as members of  
the committee: Messrs. John L.  
King, B. H. Merrimon and C. W.  
Petty.

#### A MONTH'S PROGRESS.

**What Greensboro and Guilford Ac-  
complished During September.**

In retiring from the position of sec-  
retary of the Greensboro Chamber of  
Commerce, Mr. J. S. Kuykendall sub-  
mitted an interesting report of the  
business activity of the city of  
Greensboro and the county of Guil-  
ford for the month of September. The  
figures show that Greensboro and  
Guilford are moving forward steadily.

During the month of September 100  
deeds were recorded in the register of  
deeds' office, with a consideration of  
\$115,470. Fifty-three vacant lots were  
transferred, with a consideration of  
\$25,479, an average value each of  
\$213.90; ten residences changed hands  
with a consideration of \$21,600, an  
average value each of \$2,160; twenty-  
eight farms changed hands embrac-  
ing 1,884 acres, the consideration of  
same being \$31,506, an average value  
of \$11.04 per acre; twenty-one pieces  
of property were transferred at High  
Point with a consideration of \$7,925;  
one piece of business property  
changed hands for a consideration of  
\$29,220.

Fourteen building permits were  
granted and six new firms engaged in  
business in the city during the month.

#### Mr. Edward Hilton's Death.

Mr. Edward Hilton, who had been  
suffering from a serious form of heart  
trouble for several months, died last  
Wednesday at the home of his pa-  
rents, Dr. and Mrs. J. J. Hilton, on  
West Lee street. He was 24 years  
old and was held in high esteem by  
a large number of friends. In addi-  
tion to his parents, he is survived by  
one brother, Mr. Charles Hilton, of  
Winston-Salem, and two sisters,  
Misses Florence and Minnie Hilton.

The funeral was held from the  
home Thursday, the service being  
conducted by Rev. Shuford Peeler  
under the auspices of Greensboro  
Council No. 13, Jr. O. U. A. M., of  
which the deceased was a member.  
The remains were carried to the fu-  
neral home of the family at Stokesdale  
for interment. A special car was  
provided for the funeral party, com-  
prising relatives and friends, and a  
number of members of the Jr. O. U.  
A. M. The burial service was con-  
ducted by Rev. Shuford Peeler and  
Rev. W. F. Kennett.

### CHANGES IN OFFICIAL LIFE.

**Millikan Succeeds Trogon as Federal  
Court Clerk—Baley is Marshal.**

The formal transfer of the offices  
of clerk of the United States Circuit  
and District courts at this place from  
Mr. Samuel L. Trogon to Mr. James  
M. Millikan took place Friday. The  
oaths of the two offices were admin-  
istered to Mr. Millikan in open court  
by United States Commissioner Wolfe  
in the presence of several court at-  
taches and a number of friends of  
the incoming official.

Mr. Millikan entered upon his new  
duties immediately, his first act be-  
ing the appointment of Miss Hattie  
Causay as deputy clerk. Miss Causay  
has held this position under Mr. Trogon  
for several years, and the an-  
nouncement that she is to be retained  
will be welcome news to all who have  
dealt with the Federal courts here.  
There is no more faithful and com-  
petent court officer in the western  
district than Miss Causay.

Judge Boyd named Mr. J. M. Baley  
to act as marshal until a successor to  
Mr. Millikan shall be appointed. Mr.  
Baley has been chief clerk in the mar-  
shal's office for the past three years  
and is well fitted for the work of the  
higher position to which he has been  
appointed. Mr. Baley reappointed  
the deputies who served under Mr.  
Millikan as follows: Office deputies  
—Messrs. R. L. Blaylock and T. W.  
Vincent and Miss Nettle Myrick;  
field deputies—J. W. McElroy, Ashe-  
ville; R. S. Ramsey, Marshall; T. B.  
Shope, Bryson City; F. W. Young,  
Bakersville; S. K. Harkrader, Char-  
lotte; G. A. Carroll, Winston-Salem,  
and D. S. Reynolds, of Wilkesboro.

Mr. Millikan was the host at a de-  
lightful banquet at the Guilford hotel  
Thursday night, his guests being his  
deputies and Judge Boyd, United  
States Commissioner Wolfe and Miss  
Hattie Causay, deputy clerk of the  
courts. A pleasant and unexpected  
incident of the evening was the pre-  
sentation to Mr. Millikan of a very  
handsome gold watch and chain as a  
token of the affection and esteem in  
which he is held by the deputy mar-  
shals. The formal presentation was  
made by Mr. R. L. Blaylock, who  
spoke feelingly of the regret the de-  
puties felt in severing official rela-  
tions with their popular chief.

Judge Boyd paid a high tribute to  
the deputy marshals of this district  
by saying that no better or truer men  
were in the service of the govern-  
ment anywhere. He expressed the  
court's appreciation of the service of  
the deputies and said he could not  
hope for more faithful or efficient  
men than those who have served un-  
der Marshal Millikan.

#### Death of Miss Rosa Long.

Miss Rosa Ann Long died last Wed-  
nesday at the home of her father,  
Mr. C. A. Long, on Lithia street, after  
a protracted illness. The funeral  
was held Friday afternoon from  
Spring Garden Street Methodist  
church, of which the deceased was a  
devoted member, the service being  
conducted by Rev. N. R. Richardson.  
Interment was made in Greene Hill  
cemetery.

The death of Miss Long is deeply  
lamented by a large number of rela-  
tives and friends. Besides her father,  
she is survived by the following  
brothers and sisters: Mr. S. T. Long,  
Mrs. J. R. Torian, Misses Lillie,  
Mary, Carrie and Bertha Long, of  
this city; Mr. I. J. Long, of Durham,  
and Mrs. J. A. Paschal, of Guilford  
College.

#### Both Boys Saved.

Louis Boon, a leading merchant of  
Norway, Mich., writes: "Three bot-  
tles of Foley's Honey and Tar abso-  
lutely cured my boy of a severe  
cough, and a neighbor's boy, who was  
so ill with a cold that the doctors  
gave him up, was cured by taking Fo-  
ley's Honey and Tar." Nothing else  
is as safe and certain in results.

# EVERYONE NEEDS S.S.S. IN THE SPRING

This is just a short talk which we hope will be of interest and help  
to you in selecting the tonic and blood purifier that will be of the great-  
est value to you this Spring.

That this is the most trying of all seasons on the health is a fact  
well known to us all. It is the time of year when our constitutions are  
required to stand the greatest strain, and unless properly cared for the  
foundation is often laid for physical disorders or disease later on. The  
great majority of persons are fast coming to realize the importance of  
preventing disease. Health is our most valued possession, and its  
preservation is a matter which vitally concerns every one.

Most persons, even those who are ordinarily strong and robust,  
feel the necessity of a tonic and blood purifier at this season. Some  
have no particular ailment, but are weak, debilitated and run-down.  
The Winter life, with its decreased amount of out-door exercise, and  
the fact that the cold weather has kept the pores of the skin closed,  
prevented the usual necessary amount of refuse and waste matter from  
being carried out of the system. These impurities entering the circula-  
tion have weakened and thinned the blood, and this vital fluid is  
therefore lacking in the nourishing properties necessary to sustain  
and preserve systemic health, when warm, active Spring life begins.

The general bodily weakness, tired, worn-out feeling, fickle ap-  
petite, poor digestion, etc., show how weak and anemic the blood has  
become. Frequently skin diseases, pimples, eruptions, boils, etc., break  
out on the skin, and this is evidence of the impurity of the circulation.

S. S. S. is the medicine needed to correct this condition, and is the  
only one on which you can rely to supply the system with the best tonic  
effects, and at the same time thoroughly purify the blood. The use of  
S. S. S. at this time may save you from a long spell of sickness, and it  
will certainly prepare you for the strain of the long, hot Summer.

Many people have put off using  
a tonic until the system became  
so weakened it could not resist  
disease, and have paid for the  
neglect with a spell of fever,  
malaria, or some other trouble.  
S. S. S. is Nature's ideal tonic  
and blood purifier, made en-  
tirely of the pure extracts of  
healing, strengthening, health-  
giving roots and herbs. It tones  
up the stomach and digestion,  
rids one of that tired, worn-out feeling, improves the appetite and diges-  
tion, and in every way contributes to the strengthening and building  
up of the entire system. S. S. S. is recognized everywhere as the  
greatest of all blood purifiers, and this combined with its unequalled  
tonic properties, make it a medicine needed by every one in the Spring.

S. S. S. is for sale at all drug stores.

### BARNUM AND BAILEY COMING.

Greatest Show on Earth to Visit Greensboro Monday, Oct. 25.

Final arrangements have just been completed for the visit to Greensboro Monday, Oct. 25, of the Barnum and Bailey Greatest Show on Earth. Added glory attaches to this circus this season because of the wonderful impression it has made since its opening early in April.

One of the reasons of the added interest is an absolutely new equipment throughout and the most expensive it has ever had. Then the performance has been increased in strength, a great company of European performers new to America has been engaged, and better still, the street parade is again given at the customary time in the forenoon and on a scale more elaborate than ever.

For several generations the Barnum and Bailey circus has expressed to the minds of all the superlative degree of everything that pertains to the amusement business. It has moved steadily onward and upward year by year and no other circus has ever advanced to within sight of it. Though an American institution, it is of the world and of all times. It is known and has been enjoyed by millions in every land on earth, crowned heads, royalty, potentates, the middle classes and the peasantry, and its magnitude and brilliancy have never ceased to be a source of wonder.

The organization of this year numbers 1,500 people, 700 horses and thousands of other animals. The canvas covers fourteen acres of ground and the main tent seats 15,000 people. To haul the vast equipment from town to town requires five long trains of double-length cars that cover nearly two miles of track.

The circus performance is introduced by a new and more than usually brilliant spectacle, the various acts that follow are given in three rings, on two stages, in the dome of the tent, and on the immense hippodrome track, and for a climax the program ends with the sensational act of Desperado, who leaps from the dome of the tent, landing on his chest on a chute three feet above the ground. A second later and the man is standing on his feet bowing to the audience. As a thriller nothing has ever approached this act.

For a second thriller there is the act of Jupiter, a magnificent horse, which, ridden by a beautiful girl, goes up in a balloon and descends amid a shower of fireworks. The big circus is full of thrills, and in every respect it is the greatest circus organization in the world's history.

### Postoffice Receipts Increase.

The report of the business of the Greensboro postoffice for the past quarter shows a gratifying increase in the receipts. The receipts for the three months ending September 30 aggregated \$18,033.08, being an increase of \$1,223.33 for the corresponding quarter last year. But the greatest increase is shown during the last two months. The receipts for August, 1933, were \$5,424.54, while for September they amounted to \$7,316.83, an increase of more than thirty-four per cent. In other words, taking the postoffice receipts as showing the amount of business done in the city, the volume of business has increased more than one-third during the past thirty days.

### Increase in Whiskey Prescriptions.

For the past two or three months there has been a steady increase in the sale of whiskey on prescription in Greensboro, the increase for September being especially noticeable. During the past month 71 physicians wrote prescriptions for a little more than 100 gallons as against 88 gallons in August and 75 gallons in July. A colored physician headed the list in September, writing 75 whiskey and 11 beer prescriptions. A white physician came second, writing 60 prescriptions for whiskey and one prescription for beer. It is said that the physicians having the largest practices do not write the greatest number of prescriptions.

## POLITICS IN THE FIFTH.

## Democrats Believe District Will be Redeemed Next Year.

In the course of an interesting political story in Monday's Charlotte Observer, Mr. H. E. C. Bryant, a staff correspondent of that paper, has the following to say of the situation in the Fifth Congressional district:

"A battle royal will take place in the Fifth, where Governor Kitchin held sway for a decade or more; the Democrats believe that Representative Morehead won on a fluke, and is representing a Democratic district. They feel sure that the Republicans will be snowed under next time. The cold war, ever ready at the White House for Mr. Morehead, is increasing this feeling. In the past the Fifth has been constant to its favorites, and once a fellow gets in he is apt to stay until something unusual happens; Mr. Kitchin was sent to Washington time after time until he cried 'enough.' He redeemed the district from the fusionists. The man who does as well will have smooth sailing for years to come; those who would go to Congress know this. Therefore, many would enter early to avoid the rush.

"If Guilford has a candidate, which does not seem likely, his name will be Burringer—John A. Burringer—and in the event that he avows his candidacy, some other citizen of the county may come forward and offer his services. Guilford like Mecklenburg, Wake, Forsyth and other counties with large cities has factions.

"Durham will not, it is said, offer a man. Victor S. Bryant's name has been mentioned frequently in connection with the nomination but Durham Democrats have had their share of big party plums. Mr. Bryant would be a dangerous man for the Republicans. He and Governor Kitchin have been and are now good political friends. He began his practice of law in Person. As a student at the university he made valuable acquaintances in Orange. In three or four campaigns he canvassed in Rockingham. He is not running.

"Granville will be represented in the convention by B. S. Royster, a popular aspirant. The friends of J. A. Long, of Person, are urging him to run; he is a business man.

"Dr. George A. Mebane, of Spray, seems to be in the lead at this stage of the contest. It is claimed that Rockingham and Alamance counties will stand as one county for him. He was born and married in Alamance and conducts a manufacturing enterprise in Rockingham. He was a delegate to the Denver Democratic convention, and is one of the few mill men in the state that remained loyal under the Bryan domination of the party.

"There is some talk of the Republicans nominating B. Frank Mebane, to succeed Mr. Morehead, who has declared that he will not stand for re-nomination. If this should be done, and the Democrats were to put up the doctor, the Fifth would present an unusual spectacle—brother against brother.

"The gamblers of the district say

that Dr. Mebane is a sure thing for the nomination, as they see it now, but the situation may change at any time. Prospective delegates are already being pledged. The man with the ability to round up the greatest number of delegates earliest in the game will be hard to defeat in the final stretch.

"Forsyth will have two or more candidates. Judge E. B. Jones is considered as good as in the fight. Mr. J. C. Buxton and Mayor O. B. Eaton are contemplating entering.

"Governor Kitchin has repeatedly declared that he would not be a candidate. He said as much to me this week.

"Mr. Cyrus B. Watson will not enter the race, but, if his health continues to improve, he would not decline the nomination. If the delegates were left free to act at the convention Mr. Watson would be the winner. At present he looks well and is active and strong. If he gains as he is now doing he will soon be himself again."

## EARLY IS NOW DESTITUTE.

Has Become an Object of Charity in New York City.

New York, Oct. 3.—John Early, with the stigma of "leper" attached to him, has become an object of charity and is practically ostracised from the Salvation Army, with which he has been associated since coming to New York.

The charity being extended to Early and his family is being conducted anonymously. A "Mrs. Mary R. P." has sent two checks to a Brooklyn paper to be used for the support of the Early family. One was for \$25 and the other for \$10.

Early is still practically destitute, as he has been unable to get work, for no one will employ him, because of the stigma placed upon him by the Washington health authorities.

Mr. Early and his wife were formerly officers of the Salvation Army, but the army has done practically nothing for him since he was quarantined a year ago. He applied to the officers of the Salvation Army when he was in dire need a few weeks ago and he was given no encouragement whatever nor any promise of employment.

The only income of his family since his pension was cut off has been earned by his faithful wife, a frail little woman, who has done odd jobs for the neighbors.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babes. No opium, no chloroform—absolutely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by Greensboro Drug Co.

## FOUGHT BLOODY DUEL.

Result of Dispute Over Settlement of Estate.

Moultrie, Ga., Oct. 2.—At the old homestead of the late Nathan Flowers in the lower part of the county, Bert Williams is dead, Wright Flowers is dying and it is believed William Flowers is fatally hurt as the result of a terrific six-handed battle with rifles and pistols.

Sheriff Boyd and a big posse of deputies is on the track of John Hart and his two sons who are charged with the shooting and who are at large, fully armed. It is alleged they took Williams and the Flowers brothers by surprise and that because of this all the casualties in the battle were one-sided, the Harts, father and sons, ranging against the three men who were shot.

The trouble occurred over a dispute about the division of the estate of Nathan Flowers. He died, leaving no children and since his death John Hart, who married a niece, has been living on the home place with Mrs. Flowers. The Flowers boys are nephews while Williams married a niece. Since Nathan Flowers' death there has been a wrangle over the estate, it is alleged, and trouble has been feared.

It is stated that the six men met at the homestead and the quarrel was renewed, the shooting ending the dispute.

It is alleged that the Harts were better armed than their opponents in the fight and some of the bullets were fired while the defending party was in flight, since it is said that two of them received fatal wounds in the back.

Brother May Fill Johnson's Place.

Minneapolis, Minn., Oct. 3.—Is Fred W. Johnson, of New Ulm, younger brother of the late Governor John A. Johnson, to be political heir of the late governor? If Fred W. Johnson will consent, he may be launched on a political career by the leading Democrats of Minnesota, his destination the governor's office, which was occupied for five years by his illustrious older brother.

Fred W. Johnson is thirty-eight years old. He was born in St. Peter, Minn., and the resemblance between the two brothers is striking. He looks now just as John A. Johnson looked ten years ago.

There was a close bond of affection between the brothers, and it is said Fred W. Johnson had more to do with his brother's political career than is generally known.

She Was Pleasantly Surprised.

Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them." Howard Gardner.

## THE WALLACE CLOTHING COMPANY.

Whether on business or pleasure seeking we swing our doors wide open to you, and tender you a royal greeting. Come in and get acquainted. The public eye is focused on this store because it holds the leadership in up-to-date methods of modern merchandising. Every merchant visiting the Central Carolina Fair is invited to pay us a special visit. You have not seen all the fair if you fail to see this big store. A cordial invitation to all.

Here's a rain-coat that's truly King of them all; rainproof when you need it—stylish all the time.

The Watershed, made by the Washington Company, of fabrics that have been specially selected for the purpose—that have been waterproofed in the maker's own plant—every step of the process carefully watched from start to finish—its superiority is assured from the beginning.

Some fabrics are not adapted to the waterproofing process. No manufacturer can judge so well what cloth is suitable for raincoats as they who handle the whole operation from beginning to end.

The Washington Company is the only manufacturer that waterproofs its own garments. That's one reason why they are so good—why we recommend them.

No other merchant can offer you such positive assurance of merit in raincoats as we—nor so much in quality and worth at so reasonable a price.

We'll gladly prove it.

## WHEN MOTHER'S GONE.

Of all the sad scenes that enter our heart,  
The saddest of all is with mother to part.  
While suffering is o'er, sickness and pain,  
Her voice is not heard, her face is not seen.

Though gone to the home that is happy and fair  
And we have the privilege of meeting her there,  
It makes us feel sad when left all alone,  
For home is not home when mother is gone.

We miss her in morning, cheerful and bright,  
We miss her at noon, when everything's right,  
We miss her at evening, the close of the day,  
For home is not home when mother's away.

Our Savior has gone a place to prepare,  
And mother is gone His glory to share;  
That grace that sustained while here upon earth  
Is the same that was given her in the new birth.

She has gone to enjoy the rest that remains  
And our great loss is her great gain;  
We will cherish her words and follow her ways  
And join her in heaven at the end of our days.

We miss her so much, but she is happy above,  
With all the redeemed in a Savior's love;  
Let us live as she did one day with another  
And when our work's done we will join our mother.

## WETS CARRY ROANOKE.

Majority for Licensed Saloon 69 Out of a Total of 3,219.

Roanoke, Va., Sept. 30.—Roanoke today in a local option election voted by a majority of 69 to retain the licensed saloon. The wets carried three out of four wards and got a majority in all the precincts but two. The total vote cast was 3,219, of which the wets got 1,644, and the dries 1,575. At a local option election December 30 of last year the total vote was 2,184 and the dries got a majority of 86. The election was thrown out by Judge Staples after a contest by the wets.

Today Walter J. Camper, an election judge in Kimball ward, was arrested on a warrant charging him with irregularities. It was alleged that Camper did not deposit a ballot in the ballot box after it was given into his hands. He stoutly denied the charge but was carried to jail and later released on \$500 bail.

The campaign conducted by the dries was very live, including many public speaking, free use of the newspapers, a big torchlight procession. On the other hand the wets conducted a gum shoe campaign. The Virginia Brewing Company issued a letter which was mailed to the voters asking that the saloon be retained, claiming that should the city go dry it would mean the confiscation of their large plant.

## Wets Win Another Victory.

Roanoke, Va., Sept. 30.—A local option election in the Rocky Mount district of Franklin county today resulted in a victory for the wets by a majority of three. There is but one saloon in this district. It is located at Rocky Mount and pays a license tax of \$4,000. The campaign was hotly contested.

## No Criticism Made.

Washington, Sept. 30.—No criticism is made by Secretary of War Dickinson in the action of General Grant in taking part in a temperance and law enforcement parade in Chicago in his uniform as a major general of the United States army. As to such movements Secretary Dickinson says each soldier and officer has a right to determine for himself.

C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. ## WHERE ROADS ARE NEEDED.

Dr. McCracken Writes an Open Letter to the Highway Commission.

To the Highway Commissioners and Others of Guilford County—I have traveled about over this part of the county a good deal; heard the people talk and know very well their sentiments and how they feel about the fact that we have been too badly slighted. The parts of Friendship township for several miles north, west and south of the two villages, Friendship and Guilford College, contain many good farms and well-to-do people who are heavy taxpayers and who have to pay so much more than many others where good macadam roads have been made. Remember that we only have in Friendship township a part of one mile of macadam road, and it extends east from Guilford College postoffice and is not acceptable as a macadam road, as it is about the worst which has been built in the county.

Guilford College and Guilford station are only six miles from the county court house and only about five miles from the city limits of Greensboro. Hundreds and hundreds of substantial citizens and farmers have to travel from and by these little towns, through the mud toward Greensboro and other places. Plenty of rock can be had as conveniently as in several places where good macadam roads have been built.

The voters of these parts have had confidence and have been slow to say anything, but stubborn facts stare them in the face. Now we are sure that we deserve six or eight miles more macadam road in these parts before the bond issue money gives out, but we believe if you will build about three or three and a half miles, it will appease these people. You are making preparations to macadamize the promised mile from the Williams Edwards cross roads west. Now we especially want it macadamized from the west end of said promised mile to Guilford College station and thence from the station north along the avenue which has been graded by the college postoffice and church to about one-half mile north of the college. This will only be about two and a quarter miles more than has already been promised. You ought to have been here during the rainy weather last winter and learned how deep the red mud gets and how great the travel is over these roads.

Do this as soon as possible and do it right and get the good will of many people.

Respectfully,  
JESSE F. McCracken, M. D.  
Guilford College, Oct. 5.

## Eight Meet Death in Mine.

Roslyn, Wash., Oct. 3.—At least eight men were killed and three perhaps fatally injured in a gas explosion in coal mine No. 4 of the Northwestern Improvement Company here today.

When the explosion occurred, a column of fire was thrown hundreds of feet into the air, igniting the shaft plant and adjoining buildings. Under the intense heat the shaft crumbled and fell. Cinders were blown in all directions, several buildings in parts of the mining town taking fire. The citizens were unable to extinguish the fires and the Roslyn fire department was called out.

## Found Dead in Street.

North Wilkesboro, Sept. 30.—Pleasures of fair week have been marred by the death of W. G. McNeill, a prosperous merchant and farmer of the Reddies river section of the county. His body was found on the street about 3 o'clock this morning near the Bluemont Hotel. Indications point strongly to foul play and the town and county officials are leaving no stone unturned to secure all facts in connection with his death. The body is being held, awaiting the coroner, who is expected to arrive this afternoon.

Cook says he did it. Peary says he did it, but the chances are neither one did it unless he took Hollister's Rocky Mountain Tea. It is the most searching and finding remedy—there is no doubt after taking—as sure as you take it you get results. Do it tonight. Howard Gardner.

### Neighborhood News.

Matters of Interest Reported by Our Corps of Correspondents.

#### GUILFORD COLLEGE ITEMS.

Miss Sophia Fry, of England, reached the college Saturday. Miss Fry is a sister of Mr. Fry, a member of the English Parliament, and visited America seven years ago in company with the distinguished Quaker preacher, Miss Harriet Green. Miss Green died in the midst of her work in North Carolina, and was buried at Guilford College. Subsequently a fund was started in her memory which now amounts to \$12,000, and the income supports in part the Biblical department. Miss Fry will spend a month in North Carolina.

Mr. T. Gilbert Pearson visited Professor Hodgkin on the 1st and both of the gentlemen seemed to be pleased that the first of October had come.

Miss Craig gave a highly entertaining music recital Saturday night.

The new library building is completed, and the furniture will be put in the coming week.

The work on King hall is progressing this fine weather, and it is hoped the class rooms may be ready to occupy by Thanksgiving.

President Hobbs will start to Philadelphia Thursday of this week. President T. Newlin, of Whittier College, Cal., is expected Tuesday night on his way to attend an educational meeting in Philadelphia Friday.

Miss Rachel Farlow, who completed a course in domestic science and art in Drexel Institute last May, is now in charge of the department of domestic science at New Garden hall.

Professor and Mrs. White attended the W. C. T. U. convention held in Salisbury.

Rev. Melton Clarke, of Greensboro, will address the Y. M. C. A. Thursday night on mission study.

Rev. Albert Peele, of the Friends' Meeting at New Garden, has been engaged in evangelistic work in Alamance county for some weeks.

The graded school at this place opened last Monday morning, with a full attendance. Prof. Joseph H. Peele is principal and Misses Donnell and Roberson have charge of the intermediate and primary grades, respectively. The interior of the house has been very much improved recently by a fresh coat of plaster and paint.

The W. C. T. U. of this place was represented in the state convention held in Salisbury last week by Misses Velma R. Mills, Gertrude Smith, Roxie D. White, Mary E. W. White and Miss Ida E. Mills, who report a very pleasant and interesting time.

New Garden monthly meeting has appointed a public gathering of all its members on Sunday, October 10, at 1:30 P. M. A clear and comprehensive view of all the work of the monthly meeting will be given. Interesting facts are to be presented. It is hoped that all members who can will be present. Basket dinner in the meeting house at 12:30.

We are glad to note that Miss Annie Davis, who underwent an operation at St. Leo's hospital recently, is recovering nicely. She was able to leave the hospital a week ago.

Mr. Tom Fox returned last week from a trip to Philadelphia and Washington, D. C.

Miss Gertrude Wilson, who teaches at Asheboro, visited the college the latter part of last week.

Miss Georgia Holt, of Greensboro, spent Friday evening with friends at the college.

Members of the Y. W. C. A. had a picnic at the Battle Ground last Saturday.

Mrs. Lola S. Moore, whose condition was reported more favorable the first of last week, suffered some relapse later in the week, and her condition is now considered very critical. Her father and sister are with her.

**Money Comes in Bunches**

A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, no ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. A wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c by all druggists.

No, we are not giving them away, but selling good buggies cheaper than any body in Greensboro. That's why we keep busy selling buggies.

#### ELON COLLEGE ITEMS.

President Moffitt has actively resumed the campaign for the \$50,000 endowment fund for the college. Last week he visited a number of the college's best friends in Alamance and received much encouragement.

The local church held its business session last week and elected Rev. J. O. Atkinson, D. D., pastor to succeed himself, with Rev. J. W. Wellons as co-pastor. Delegates were elected to the annual conference to be held at Belew's Creek, Forsyth county. These delegates were D. W. Brown and W. A. Harper, with alternates W. P. Lawrence and J. T. Cobb.

The Sunday school is taking on new life. There are twelve regular classes in addition to a teachers' training class with twenty members. Prof. W. A. Harper is teacher of the citizens class.

One of the most interesting and instructive lectures at Elon for some time was given by a native of this state who spent about 15 years in Cuba, being there during the late war. His lectures are free and all who have an opportunity should hear him.

Quite a large number of young men are entering college about the first of October, mostly from the farm.

Mr. J. P. Huffman, formerly of Guilford, has opened a hotel here.

Dr. D. A. Long, of Graham, is giving a series of lectures on the Holy Land. They are worth hearing.

Rev. J. O. Cox, of Norfolk, comes to Elon this week to become business manager of the Christian Sun, which is edited by Dr. J. O. Atkinson.

Prof. W. A. Harper, state president of the Christian Endeavor Society, gave a good practical lecture on the work last Sunday. Prof. Harper is doing a great work among the young people of our state.

The young men's boarding department of the college, under the management of J. S. Truitt and brothers, is very successful this year. They have more applicants than they can accommodate.

Rev. R. P. Crumpler stopped over a few days on his way to Summerfield, where he is to become principal of the Bethany graded school.

Miss Mary Lou Cummings and Miss Laura Sharp, of Rockingham county, stopped over a few days with the Misses Cox last week.

#### HINTON ITEMS.

Miss Mamie Jobe spent Saturday night with Miss Christine Causey.

Miss Jennie Gorrell, who is attending school at the State Normal, spent Saturday and Sunday with her parents.

Mr. Vick Shaw, from Greensboro, visited his parents Sunday.

Mr. Roy Shaw spent a few days with his brother the first of the week.

Quite a large crowd attended services at Alamance Sunday. The collection amounted to \$17.37.

Prof. and Mrs. R. M. Gladstone and sons visited at Mr. O. M. Fogleman's Sunday.

Messrs. C. G. Huffines and John Michael visited in our neighborhood quite recently.

#### MT. PLEASANT ITEMS.

The farmers are busy preparing to sow wheat.

We were glad to have with us Sunday Mr. Neil Dick.

Miss Josie Hubbard, of Greensboro, spent Sunday with relatives here.

Miss Fannie Atkins visited Miss Lizzie Lohman Sunday.

"Possum hunting is all the go now."

Miss Charlie Mabel Starr and Miss Myrtle Welker spent Wednesday at Mr. Sam Holt's and Mr. J. P. Starr's.

The painting on the church at this place will begin this week.

The protracted meeting will begin at the new M. E. church at Whitesett the fourth Sunday in this month.

Mr. James Hubbard, from Greensboro, spent Saturday night with his parents.

Mr. S. B. Clarida and Jacob Clapp made a flying trip to Greensboro Saturday.

Mr. Jacob Clapp and wife spent Sunday at Mr. John Boone's.

Mr. Perry Whitlington and family, attended preaching here Sunday.

Mr. Dolph Stewart went to Burlington Friday with a load of tobacco.

#### Mr. Ericson's Old Home.

Go see it, it's a beauty. It stands out among all its neighbors, because the coloring is so bright and clear. Mr. Ericson painted with L. & M. Paint and says it cost 1-3 less than ever before. He bought only 12 gallons of L. & M. Paint and 9 gallons of Linseed Oil to mix with it. This made 21 gallons of pure paint, and cost only \$1.20 per gallon. It's as handsome as the finest in town. The L. & M. is sold by Gibsonville Store Company, Gibsonville.

A woman's hat was recently made from the skins of eight large rattlesnakes.

#### JAMESTOWN ITEMS.

At a recent meeting of the stockholders of the Oakdale cotton mill it was unanimously decided to double the present capacity. Work will be begun at once. This is prima-facie evidence that the Oakdale mill is in a prosperous condition and that the panic is now a thing of the past. A number of cottages will be erected at once to accommodate the increased population necessitated by the enlargement of the factory.

Rev. J. A. Bowles has been holding revival services at Oakdale for the past week. The meeting has been attended with much success.

At a meeting of the Woman's Betterment Association September 28 Mrs. A. M. Bundy was elected president; Frances Smith, vice president; Birdie Willard, secretary, and Mrs. W. G. Ragdale, treasurer. It was decided that the association should offer attendance prizes to students of all grades making perfect attendance records during the present scholastic year. It was further decided to purchase at once twenty-five or thirty song books to be used in the school. In order to raise funds to meet the expenses of the association, a lawn party was agreed upon to be given on Friday evening, October 8, provide the weather permits. In case it is too cold for a lawn party, the affair will be transferred to the school house auditorium.

Prof. Thomas R. Foust, county superintendent, paid the school his first official call recently.

A called meeting of the athletic association of the high school it was decided to give a box party on Saturday evening, October 16, in the school auditorium, the proceeds of the event to be expended for athletic supplies. The boys will also give a minstrel some time in December.

Johnson Brothers' shoe factory is building new quarters on the hill just south of the railway station. The building is to be of brick in place of the old frame structure heretofore occupied by this concern.

Beer drinkers and others who suffer with Bright's Disease, Diabetes, Back Ache, or any Kidney or Bladder Trouble can be cured if they will take Bloodline Blood and Kidney Tablets. 50c a box, mailed by the Bloodline Co., Inc., Boston, Mass. Helms Drug Store.

#### STOKESDALE ITEMS.

Mr. W. H. Simpson and family have measles. They are getting on nicely.

Mr. Eli Thomas continues very low. Rev. W. F. Kennett is conducting a meeting at Gideon's Grove this week. Rev. Mr. Lowdermilk is assisting him.

The public school opened Monday with an enrollment of 55. A number are staying at home on account of measles.

We regret to report the death of Mr. Edward Hilton, who died in Greensboro last Wednesday, and whose remains were brought here for burial Thursday. He was a member of the J. O. U. A. M. of Greensboro. The bereaved family have the sympathy of a host of friends in this vicinity.

Mr. John Brookbank, who had been in bad health for some time, died Friday, aged 61. His remains were interred at the Christian church Sunday. He leaves a wife and several children. He was a highly esteemed citizen and will be missed.

Mrs. and Miss Hanner, who have been visiting Rev. and Mrs. W. F. Kennett, returned Saturday.

Mr. Percy Morgan returned to his work in Indiana Monday, after spending several days at home.

Mr. James Browning and Miss Nella Medearis were married Sunday at the home of her sister, Mrs. C. A. Boon. Rev. W. F. Kennett officiated.

A number of the young people are getting up a play entitled "Ten Nights in a Bar Room," which they hope to give some time soon.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Howard Gardner.

What will you take for that Cough you have Bill? I don't want it, but I had it I would take Bloodline Cough Checker, a 25c bottle will cure you. Helms Drug Store.

#### A REGENERATED COTTON FARM.

During the past four or five years the department of agriculture at Washington has issued bulletins giving account of some of the best managed farms of different types to be found in the country with the idea that such practical object lessons would be beneficial to other farmers not meeting with so large a measure of success. The plan has seemed to be a decided success, and much interest has been manifested in the published bulletins. The latest to be put out by the department is farmers' bulletin No. 364, which gives an account of a profitable cotton farm in South Carolina. Seven years ago, when the present owner took possession of this piece of land, it was a played out, rundown proposition, a type of scores to be found in the cotton belt, producing but five to eight bushels of cotton or 300 pounds of seed cotton per acre. The methods adopted for its regeneration were a deep and thorough cultivation of the soil, the use of barnyard manure and some commercial fertilizers, the rotation of crops and the exercise of industry and good judgment on the part of the owner. The farm contains 132 acres, only half of which is devoted to crops. The first year the new methods were tried one and one-half bales of cotton and thirty-seven bushels of corn were produced per acre. At present the owner gets a yield of two and one-quarter bales of cotton, eighty-five bushels of corn and eighty bushels of oats per acre. He keeps twenty-four head of native cattle, mainly for the manure, though they give him a small profit besides. From a discouraging and bankrupt proposition this farm has been brought to the point where it yields a large income and a handsome profit. The bulletin, which may be had by writing one's representative or senator or to the department at Washington, should be in the hands of every cotton state farmer who is not making the most of his agricultural opportunities. It will give him light.

#### TIME TO WAKE UP.

It is becoming more apparent every day to those who have a thought for the future welfare of our varied and extensive horticultural interests that congress should take up at an early date serious consideration of laws which will secure a stringent and thorough inspection of fruits and all kinds of nursery stock brought into the country or shipped from state to state. Measures of this kind have been before congress at previous sessions, but somehow the nurseryman has seemed to have a bigger pull than the enormous and growing interests of the country. It's time this thing was turned about and the large class who suffer from the shipment of diseased nursery stock were given a hearing. These people have representatives at Washington; but, as in a good many other instances, it is the "other fellow," the special interest chap, whose claims are first considered. To show the need of the enactment of a law of the character referred to, there may be cited from many instances the importation last year on pear and apple seedlings from France of numerous nests of the brown tailed moth, the worst insect pest known, and the scattering of it all over the country. Much the same thing took place in the case of the European scale, resembling the San Jose scale, which was likewise scattered broadcast. These are cases in which an ounce of prevention is worth a pound of cure and costs but an infinitesimal part as much. A number of states have stringent inspection regulations, but these only effect a partial relief. Such laws should be made nation wide.

#### OPENINGS FOR HUSTLERS.

Opportunities for securing cheap land that has real value are about gone. Henceforth the energies of those who do not go to Canada or elsewhere will have to be devoted to a better handling of lands already under cultivation or the restoration of those which have been reduced to bankruptcy through long continued soil robbery. While there would be discouragements at the start, it would seem that along this line there are many good openings in eastern and southern states for any man who has the grit and intelligence necessary to succeed in a pioneer proposition. The regeneration mentioned can be effected through a more thorough cultivation of the soil, the use of natural and commercial fertilizers, the adoption of a crop rotation which should include one of the legumes—clover, alfalfa, field peas or beans—and a change from the selling of the raw products of the farm to marketing the finished products in the shape of beef, mutton, pork, poultry, dairy products, etc. Many a farm in the sections mentioned is being made over by the adoption of these methods, and hundreds of others may be if the right man gets hold of them.

Two or three small pieces of blue vitriol will kill the bacterial life that is responsible for the bad smells in the soft water cistern.

The presence of some forms of vegetable life in the soil seems to be a poison to others. For instance, cockle-burs in a piece of soil have been found to be very detrimental to a growth of red clover.

It is better for a fellow's satisfaction and peace of mind if he doesn't inquire too closely just how much his prairie chickens or partridges cost him in time and money the first day of the open season.

The largest apple of which there is authentic record was a specimen of the Wolf river variety exhibited at the national apple show at Spokane last December, which measured seventeen and one-half inches in circumference. It need not be added that it was just as poor in quality as it was large.

The safest as well as most effective method for the disposal of the carcasses of animals that have died of disease is to burn them completely. This may take a bit more time, but it will keep dogs or other scavengers from uncovering and scattering the remains about as a fruitful source of contagion.

According to a London paper, the grouse moors of Scotland yield a revenue in rentals of from \$1,000 to \$2,500 annually. The practice of letting the moors seems to have started in 1905, when \$25 was received for one near Pitlochry, but for twenty or more years after this the revenues amounted to little or nothing.

Recent inspection of a great many fields of tilled crops—corn, potatoes, etc.—seems to indicate without exception that the poorest crops are to be found on the fields which have been given least cultivation and bear the largest and rankest crop of weeds. There's a vital connection here that a good many tillers of the soil ought to be waking up to.

A farsighted landlord we once knew used to hurry up the fall plowing by offering his tenant a premium of so much per acre for all of the plow land that was turned under before the 1st of September. Under this plan the tenant was forehanded, while a whole lot of weeds were kept from seeding and fouling the land for the following year. The plan is one that many another owner might follow with profit.

While an overfeeding of immature corn may not be the direct cause of hog cholera or swine plague, as it is commonly known, it undoubtedly does cause a disordered condition of the system, which makes it easy for disease of any kind to get a hold. Corn is likely to be cheaper and hence more generously fed than last year, and naturally the danger from the source mentioned will be correspondingly increased.

The annual meeting of the National Horticultural society will be held at Council Bluffs, Ia., Nov. 13 to 20. Forty-two states, Canada and Mexico will exhibit their varied horticultural products. Prizes aggregating \$35,000 will be awarded in a great many different classes. It is the aim of the directors of the association to make the congress instructive and entertaining to the greatest degree possible. Any desiring to enter vegetables, nuts, fruits or flowers should address the superintendent, F. L. Reed, Council Bluffs, Ia.

Some private and co-operative creameries in Illinois and other dairy states are following a plan which does much to encourage patrons to increase the size of their dairy herds. The plan consists in helping the patron to select good cows and in lending him money with which to buy other cows. One-half of the amount of his subsequent milk checks is withheld until the cows bought are paid for. This plan not only gives the farmer of small means a lift, but is a direct benefit to the creamery whose volume of business is thereby increased. Within reasonable limits this plan would seem to be most excellent.

Fifty-one millions of dollars is given as the extent of the damage to chestnut trees in portions of New York, New Jersey and Connecticut, near New York city, from a bark disease which has been found to be of fungous origin. In Forest park, Brooklyn, alone 16,000 trees have succumbed to the pest. The department of agriculture has made a study of the disease and suggests as means of prevention that all nursery stock shipped be inspected and that all affected trees be cut down and completely burned in the shape of fuel and brush. It is thought that this disease came from Japan in shipments of nursery stock, though the fact has not been fully established.

Radical measures sometimes have to be adopted to stamp out diseases among farm animals. During the recent outbreak of the foot and mouth disease in some of the eastern states the plague was discovered in a herd of 126 cattle near Lasalle, N. Y. As soon as the government inspectors were notified they had a trench dug 10 feet wide, 8 feet deep and 175 feet long. The herd was driven close to the edge of this pit and shot, the bodies toppling over into it or being pushed in and later covered with several feet of earth. Measures of this kind impose a heavy loss on the owner of infected herds but only in such way can a spread of plague be prevented.

The chief drawback with the best bred men that one can get is that they are likely to possess brains and energy enough so that just as soon as possible they like to go into business on their own hook.

While it is not an infallible sign, it is usually the case that the fewest weeds are found on the farms which are best and most profitably managed, as the strength of soil consumed in producing them cannot be utilized by growing crops.

If the young pigs are weak boned and break down on the way to market or before, it is pretty good evidence that the ration given them has not had enough bone forming material in it. This is just as necessary as the fat and flesh forming elements and may be provided by feeding the pigs wood or cob charcoal and ashes during the growing period.

The temper and disposition of the cow are largely determined by the care she receives as a heifer. This is brought to mind by a fine little Jersey heifer we know of that was bothered by some thoughtless little girls. She has sharp horns and now makes for any girl of the same size who happens to come near her. A bad habit has been formed, and the horns will have to come off.

Argentina exports more beef to the United Kingdom than does the United States, and no small part of her ability to do this lies in the 9,000,000 acres of alfalfa which at present furnish much of the forage for her beef cattle. It takes from one to two acres of the legume to carry a mature steer through the year. The best steers raised are sold for export and fetch the grower about \$50 per head.

For two or three years past sheepmen of the southwest have sustained some loss from what is styled by the Mexicans "pingue," an ailment resulting from the eating of the rubber plant or weed. While little systematic study has been given the disease, a ranger on the Carson national forest reserve in New Mexico has tried drenches of hot water and salt with very good success, the drenches being given every hour until the animals showed improvement. Speedy relief followed the application of the remedy, which, to say the least, is cheap and harmless.

It is frequently stated by those opposed to the tuberculin test as a means of ridding dairy herds of tuberculosis that if the tuberculin is injected into the system of an animal not affected it will contract the disease as a consequence. This misconception seems to overlook the fact that the culture which is used in making the test is thoroughly and completely sterilized before it is used, making a contraction of the disease in this manner by a healthy animal an impossibility. Moreover, the extensive use of the tuberculin in testing hundreds of dairy herds gives practical proof that dairy animals do not contract the disease in the manner suggested.

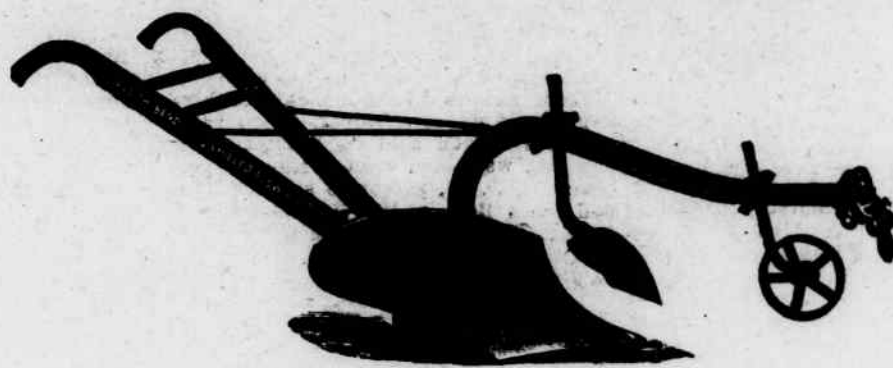

The farmers' wives in a section of the small grain belt this year are on a strike in the matter of furnishing sumptuous spreads for from fifteen to twenty thrashing hands and declare that hereafter thrashing crews that come to their places will have to bring along their own mess tent and cook. It's a wonder this strike hasn't come sooner, as in good conscience the average farmer's wife has enough to do in the line of routine duties without being swamped with cooking for thrashers. A feature that has made a bad matter worse in the past is the fact that there has been a bit of rivalry between the housewives of some localities to bear the reputation of preparing the most elaborate fare.

Not all real estate agents are liars, but enough are so given to exaggerating that it is a pretty good idea for the land seeker before tying up his hard earned money in a proposition to inspect very thoroughly the piece he contemplates buying. This should include digging down several feet with a spade to ascertain exactly what the subsoil is, whether soil at all or only gravel and stone, and whether the water comes too near to the surface. This procedure may be deemed "fussy" by some, but it is likely to save a good deal of fruitless "fussing" later on. If the land in question were a gift such minute examination of what lies beneath the surface would doubtless be in poor taste, but not so if it is received in exchange for good hard money.

The Wisconsin and Minnesota experiment stations, in co-operation with the department of agriculture, are this season conducting a series of experiments in the northern parts of the states with a view to finding out what are the cheapest as well as the most effective methods of removing the stumpage from cut over lands, many of which at present, owing to the difficulty of getting rid of the stumps, are not being readily taken up by settlers for agricultural purposes. Statistics will also be collected from farms at present engaged in clearing land, and the gist of the findings and the results of new experiments will be later embodied in a bulletin. This clearing of the land after it has been lumbered is an expensive as well as a mighty piece of job, and if methods can be discovered by which it can be done any easier the efforts of those investigators will be well worth while.

DR. COOK DECLINES OFFER.

Will Not Submit Polar Observations to American Scientific Commission.

New York, Oct. 1.—Dr. Cook's refusal to submit his observations, notes and other data at once to a competent American scientific commission is all that stands in the way of compliance with the suggestion of the National Geographical Society today that such a step should precede official recognition of Cook or Peary.

Commander Peary has formally signified his willingness to comply with this condition, but Dr. Cook, in a letter to Archer Huntington, president of the American Geographical Society, has declared that he will continue in his determination to lay all his records and instruments before the University of Copenhagen.

According to the announcement made here tonight, Prof. Ira Remsen, president of Johns Hopkins university, was asked several days ago by Henry F. Osborn, president of the American Museum of Natural History, and by Mr. Huntington, to appoint a committee of astronomers, geographers and zoologists to whom the records of Peary and Cook should be submitted.

Mr. Osborn took steps to obtain the consent of Peary and Cook. He received the following dispatch from General Thomas H. Hubbard, on behalf of Commander Peary:

"Peary willing and desirous to submit all his records and data to national academy committee or other scientists impartially selected."

Dr. Cook at first fell in with the suggestion which was put before him by Mr. Huntington. Later he reconsidered the matter and sent the following to Mr. Huntington:

"In pondering over the question which you were kind enough to present to me at your visit yesterday, it appears to be an injustice to the Danes to consent to the appointment of another board of examiners after I had definitely agreed to submit my material first to the university of Copenhagen. I therefore ask your indulgence for a few months, and allowing the Danish investigation the record will be sent to all the geographical societies of the world, after which it becomes public property. I appreciate the good offices of the American Geographical Society, the friendly attitude of its president and its members and will promise that they will have an early opportunity to go over the entire data of my Polar conquest."

New York Honors Peary.

New York, Oct. 1.—New York city and state today gave Commander Robert E. Peary a welcome home such as few returning heroes can hope to receive. From the bridge of his Arctic ship Roosevelt, Commander Peary, with his wife by his side, was the most prominent feature of the 60-mile Hudson-Fulton naval parade from New York to Newburg.

SUFFERS FROM QUEER MANIA.

Negro Said to Have Confessed to Crimes of Other.

Durham, Oct. 2.—Charged with the murder of Engineer Holt, whom he previously, when a witness in the celebrated Barbee case, admitted he had killed, and indicted for burglary, Solomon Shepard, a negro, was arraigned before a justice and held in \$10,000 for burglary and without bail on the murder charge.

Shepard, though having confessed to killing Holt and robbing Dr. Peary's house, both capital offenses in this state, was not allowed to go upon the stand. The defense interposed a plea of insanity and announced it would ask the Supreme court to release Shepard under habeas corpus proceedings. His mother testified that the boy always sought to suffer vicariously and has a mania to take upon himself misdeeds of others.

Shepard's cellmate has been identified as the burglar of the Peary house and Shepard's confession is explained that way by the defense.

Mistrial in Dispensary Bribe Case.

Columbia, S. C., Oct. 1.—Judge R. W. Memminger today dismissed the jury in the case of John Black, accused of accepting bribes while a member of the old state dispensary board of directors, and ordered a new trial. The ground for this action was that the jurors had seen a copy of a local paper which contained an account of the first day of the trial, and a number of extracts from other papers condemning the action of the jury in the case of James S. Farnum, who last week was acquitted of the charge of bribing members of the dispensary board.

The action of the judge was wholly unexpected, and resulted from the chance discovery that the jurors had seen the newspaper. Judge Memminger held J. D. Perry, one of the jurors, and C. M. Dorn, an employee of Perry, in contempt, but temporarily suspended action on their case. The other jurors were allowed to go pending the judge's decision in the case.

Bryans Celebrate Wedding Anniversary.

Lincoln, Neb., Oct. 1.—Mr. and Mrs. W. J. Bryan observed their twenty-fifth wedding anniversary today at Fairview, the house being decorated with flags and flowers and filled with messages and presents from all parts of the world.

Their three children and two grandchildren were at home and the former aided in receiving the long line of neighbors who called.

Mr. Bryan dropped all business for the day and devoted himself to his family and the visitors.

PASTOR TURNS FARETAKER.

Pulpit Not Place to Lead Honest Life, Says New Trolleyman.

Lawrence, Kan., Oct. 2.—"I don't believe a minister of the Gospel can lead an honest life," was the startling statement made today by Rev. D. H. Carrick, who has just resigned from the pastorate of the North Lawrence Christian church. Carrick has given up his former ambition to spend his days teaching the religion of Christ to humanity, and has accepted a position with the Lawrence Street Railway Company as a conductor.

"The public never sees behind the screen of the pastor's home," said Carrick, "or it might realize the trials, the griefs, the pains which the pastor and his wife are forced to bear. A minister's wife cannot even make a pretense of dressing ordinary well or the people will think they are paying the pastor too much, or that he ought to save part of his salary and give it to the missions. He cannot put on a pair of patent leather shoes without every single person who has contributed the smallest mite toward his salary looking at them as if to say 'I helped pay for those shoes, there's where our money goes.'"

"No, sir, I don't believe a minister can live a really honest life. If he preaches the truth he will be condemning the lives of most of his congregation and offending them. Instead of preaching their convictions, the ministers of the gospel avoid anything that might tread upon personal grounds, for fear of offense. He passes over this and that lives a lie every day of his life in order not to offend the influential members of his congregation."

"Thank God, I am earning an honest living now, and nobody can criticize me."

Charged With Murdering His Wife.

Spartanburg, S. C., Sept. 30.—The discovery early today of the mutilated body of Mrs. Martha Foster, covered beneath a mound of brush and pine needles in a strip of woods north of Beaumont mill village, near this city, has revealed a revolting murder and left the police authorities at sea. The coroner's jury rendered a verdict tonight to the effect that the woman came to her death by being beaten in the head with some blunt instrument and recommended that Doc Foster, her husband, be held until the circumstances surrounding the case are further developed. He is in jail.

Foster at one time was a successful farmer. He is 60 years of age. When arrested today he was seated in his room reading the Bible and expressed little surprise when told that his wife had been murdered. He was taken to where the body lay in the woods, and after viewing it in an indifferent fashion, said: "Yes, that's her."

Forsyth Farmer Suicides.

Winston-Salem, Oct. 1.—Mr. A. C. Wharton, known as the best farmer in Forsyth county and a man of wealth and culture, ended his life shortly after noon today by shooting himself through the head. His body was found tonight at his home near Clemmons, 12 miles west of here. He had left his home and ended his life in a thick piece of pines and cedars.

Mr. Wharton had suffered intensely for several years from asthma and rheumatism and since returning from Hot Springs, several weeks ago, was afflicted with melancholia. With rare exceptions he had not left his bed in several weeks. He graduated from Davidson College with honors and served in the civil war under Chief Justice Walter Clark, with whom he was quite friendly all his life.

Mr. Wharton was 63 years old. He is survived by a wife and five children.

Good Roads Convention.

The Southern Appalachian good roads convention met in Asheville yesterday and will remain in session through two days. The address of welcome on behalf of North Carolina was delivered by Governor Kitchin and the response was by Governor Brown, of Georgia.

The convention is held under the auspices of the following associations: East Tennessee Good Roads Association, South Carolina Good Roads Association, North Carolina Good Roads Association, Virginia Highway Commission, Georgia Geological Survey, North Carolina Geological and Economic Survey, Asheville and Buncombe County Good Roads Association, and Roanoke and Yadkin Good Roads Association.

General Grant a Prohibitionist.

Chicago, Oct. 3.—Gen. Frederick D. Grant declared today he was not only a "total abstainer" and a prohibitionist, but it was his desire that the whole world adopt the theories and practice of prohibition. He said:

"I have favored the cause of prohibition all my life. Not that I have always been a total abstainer, for I have not been, although I am one now, but I have consistently believed that the liquor traffic was a source of evil. As my belief was strengthened by my own observations I decided that the cause demanded more than passive acknowledgment of the truth. So I am an out-and-out prohibitionist."

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop's Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by C. Scott & Co.

PLANTERS' WAREHOUSE

Greensboro, N. C.

I am pleased to announce that this house had its opening sale Tuesday, September 21st, under the most encouraging circumstances. There was considerable tobacco on the floor and prices on all grades ruled strong. Our customers were all highly pleased and went home talking for the Planters' Warehouse.

The Greensboro buyers have orders for unlimited quantities of tobacco and are anxious for the weed. You can rest assured of the fact that, if you sell with the Planters' this year, you will surely receive the highest market prices, and if you will try us with a load we confidently believe you will be convinced of this fact.

I take very great pleasure in announcing that, on and after October 1, I will have associated with me as auctioneer and one of the proprietors Mr. Frank Stanley, a lifelong warehouseman, who knows the business as thoroughly as any man in the state and is furthermore one of the best, if not the best, auctioneers in the business.

You can make no mistake in patronizing the Planters'.

Hoping to have you with us soon, and assuring you of our best service, I am,

Very truly yours,

CHAS. G. BURTON

President Will Urge Ship Subsidy Law.

In an address at the Seattle exposition Thursday President Taft stated that he would urge in his coming message to Congress the enactment of a ship subsidy law.

Mr. Taft declared that the country was ready to make such experiment, and that something must be done to build up an American merchant marine. In discussing the subject the president declared that if a war should come at this time, the United States would not have enough vessels to carry coal to its fleets. And it would be doubtful under the neutrality laws, he added, if the United States would be able to buy foreign vessels in the emergency.

Must go! Low prices on buggies and carriages at our store.

## BRIEF ITEMS OF GENERAL NEWS.

### A Week's Events of More or Less Interest to the Public.

Wilbur Wright made a 20-mile flight in his aeroplane in New York Monday. He was in the air for 33 minutes and 33 seconds.

The Democrats have nominated Justice William J. Gaynor, of the New York state Supreme court, for mayor of New York city.

Fifty near beer dealers and their employees have been arrested in Shreveport, La., charged with violating the prohibition law.

W. W. McGuire, a well known farmer, is in jail in Columbus, Ga., charged with killing a negro he caught in his watermelon patch.

Miss Jane Ryan, a young woman 25 years old, of Rockport, W. Va., was burned to death when her apron caught fire while she was making apple butter in her yard.

The eighteenth annual convention of the Association of the Military Surgeons of the United States is in session in Washington this week. Noted surgeons are present from 15 countries.

Albert Pulitzer, a brother of Joseph Pulitzer, publisher of the New York World, committed suicide in Vienna Sunday. He had been in bad health for several years and went to Europe in the hope of securing relief.

A Washington dispatch announces that Assistant Secretary of the Treasury Reynolds will retire from his office November 1 to become a member of the tariff board, which was created by the last session of Congress.

Mrs. Ada Smith-Lang is the first woman in Maryland to become a candidate for the legislature. She was nominated by the Socialist convention in Baltimore, and her husband, Frank N. H. Lang, is a candidate on the same ticket for judge of the Supreme bench.

Government employees engaged on an irrigation project in the Cheyenne reservation, just across the state line in Montana and settlers in that region are greatly alarmed over the warlike attitude of the Indians. There is a general exodus of white people from the reservation.

Henry Samuels, who was mixed up with the South Carolina dispensary bribery cases, has resigned as mayor of Chester, S. C., as the result of facts brought out in a recent trial in Columbia. His resignation was presented to a mass meeting of the citizens of Chester.

Mexico faces a corn famine which will require the lifting of the import duty on that cereal. The recent frost, which worked damage to the crop estimated at millions of dollars, is the culminating blow of a series of disasters to the farmers of the republic. Ninety per cent. of the vegetable crop has also been destroyed.

Prof. J. D. Harris, who was tried at Warrenton, Va., last week for the killing of W. A. Thompson, associate editor of the Warrenton Virginian, was found guilty of manslaughter and sentenced to the penitentiary for four years. He has been released from custody under a bond of \$30,000 pending an appeal to the Supreme court.

The Supreme court of Georgia has handed down a decision in which it is held that it is not a violation of the penal code in that state to solicit orders for whiskey through the medium of circulars and newspapers advertisements circulating through the mails. The decision reverses the Circuit Court of Appeals, which held such solicitation to be a violation of the law.

The Hudson-Fulton celebration, after a week of pomp and pageantry in New York, has moved up the Hudson and for another week the cities lying to the north will vie with each other in doing honor to the memory of Hudson and Fulton. The Half Moon and the Clermont, with the naval escort, will continue their voyage northward, stopping at Kingston, Catskill, Hudson, Albany and Troy, where elaborate local celebrations have been planned.

### Ex-Governor McSweeney Dead.

Former Governor Miles B. McSweeney, of South Carolina, who had been under treatment at Mount Hope retreat, in Baltimore, Md., since July 18 last, died at that institution last Wednesday. For the past week it had been known that the former governor was critically ill and his wife went to Baltimore to be with him. She was present at the time of his death, as also was his son, Eugene B. McSweeney. The body was carried to the family home at Hampton, S. C., for the funeral and interment.

Former Governor McSweeney was a native of Charleston, S. C., where he was born April 18, 1855. He rose from a newsboy to be governor of the state, and held many political offices in South Carolina.

### Negroes Shot by Whitecaps.

Jackson, Miss., Oct. 2.—Two negroes were shot to death by a mob of whitecappers near Sarah, Miss., according to a report received by Governor Noel. The victims of the mob were proprietors of a logging camp, and their white business rivals objected to their presence in the community. The negroes were warned that they were not wanted.

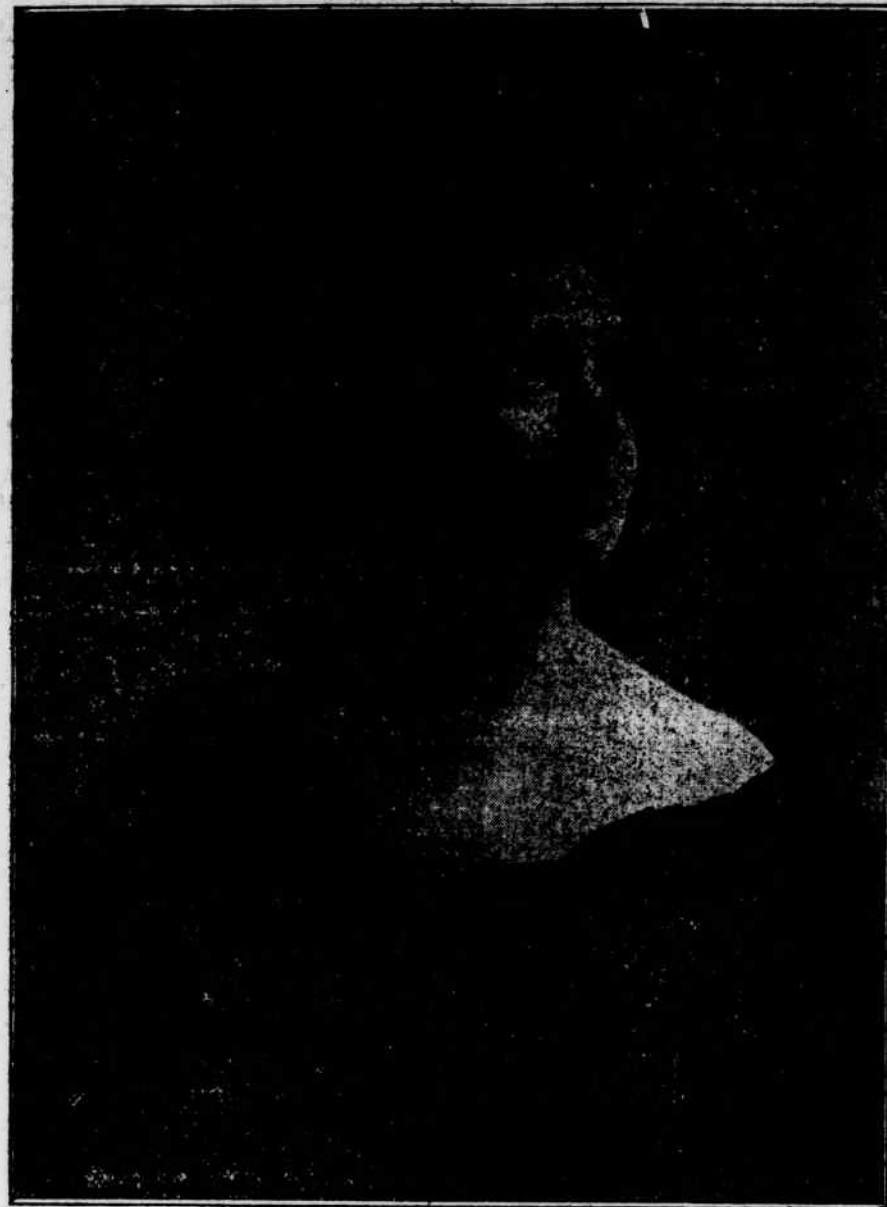

In spite of this warning, the two negroes, Ollie Davis and Charles Dukes, with Joseph Osborne, opened a camp. A party of whitecappers rode up to the camp, and without warning fired a volley into the tents occupied by the negroes. Davis was instantly killed and Dukes died a short time afterward. Governor Noel has offered a reward for the capture of the assassins.

### Frightful Fate Averted.

## 'Possums are Ripe.

Tyre Glenn, cashier, and C. A.  
Bray, president, of the Home Savings  
Bank, say that 'possums are ripe.  
As evidence of that fact they left the  
city about 5 P. M. on last Friday and  
drove down to Prof. C. D. Cobb's, at  
McLeansville. After an elegant sup-  
per, they went out with some of the  
neighbors, including Messrs. Paisley  
and Oscar Hines, for an old-fashion-  
ed 'possum hunt. About eight o'clock  
their dog treed and they gathered in  
a fine 'possum. They continued the  
hunt until an early hour in the morn-  
ing, when they had bagged four 'pos-  
sums.Yesterday afternoon, they took an-  
other spin down to the home of Mr.  
S. W. Cobb, about four miles east of  
McLeansville, where they were again  
feasted on a very bounteous supper.  
Then, together with Mr. Cobb and his  
sons, and C. D. Cobb, they took to  
the woods for another 'possum hunt,  
but only bagged one 'possum before  
it began to rain. They got soaking  
wet, and came home at an early hour  
this morning.These gentlemen seem to have as  
vivid recollections of the menus at  
both places as they have of the 'pos-  
sum hunt, so they evidently enjoyed  
it very much.

drix, W. H. Stone, Jr., and others.  
On a vote the members present unani-  
mously favored a \$75,000 bond issue  
for schools. Messrs. R. C. Hood, J.  
M. Hendrix and R. W. Harrison were  
appointed a committee to look over  
the state of city property with the  
purpose of sustaining the contention  
that the \$75,000 bond issue will come  
within the debt limit.Messrs. W. B. McGregor, E. S.  
Wills and J. M. Hendrix agreed to  
go to Durham in company with  
Messrs. W. H. Stone Jr. and R. C.  
Hood to inspect the schools of that  
city. A number of others promised  
to go if possible.By this action the merchants gave  
renewed evidence of their interest in  
the educational affairs of the city and  
showed that they are heartily in sym-  
pathy with the movement to give  
Greensboro better school facilities.The matter of giving support and  
encouragement to the Greensboro to-  
bacco market was discussed at  
length, and while no definite action  
was taken, the sentiment of the meet-  
ing seemed to be in favor of giving  
all the encouragement possible to the  
tobacco market. The committee hereto-  
fore appointed in connection with  
this subject was continued.There was considerable discussion  
of the proposition looking to the bet-  
ter lighting of Elm street and the  
city generally at night. Mr. R. C.  
Hood stated, in connec- 'n with cer-  
tain steps taken by the board of al-  
dermen looking to possible municipal  
ownership of the lighting plant, that  
experience had shown that municipal  
ownership of lighting plants was not  
a success.It was stated that the North Caro-  
lina Public Service Company had  
made a proposition for the lighting  
of the city, putting in new and mod-  
ern lamps.A motion prevailed that the secre-  
tary write a letter to the water and  
light commission, the board of al-  
dermen, and the light committee of the  
board of aldermen requesting that a  
plan of some kind for better lighting  
of the city be adopted as soon as  
possible. It was stated that the  
board of aldermen had promised to  
provide more lights for Elm street  
in the main business section.A few real bargains in second

TOWNSEND BUGGY CO.Best 25c and 50c lamps at Hagan's  
china store.It's easy enough to sell  
the first pair of shoes  
but we can't build up the  
biggest shoe business in  
this town unless you will  
come back for the second  
and third and so on.  
That's why we take such  
very great care to secure  
only the best and most  
reliable makes. We in-  
tend to sell nothing but  
good shoes—but of course  
in the thousands of pairs  
we pass over the counter once in a  
while a pair will prove bad. If you  
happen to get that pair don't get  
mad and never come near us again,  
but come in and let's talk it over.  
We'll make you satisfied and we'll  
do it so promptly and gladly that you  
will feel like coming to this store  
ever after when you want to buy  
shoes, and advise all your friends and  
neighbors to do likewise.**Teacher & Brockmann**

**FARM LANDS**

Safe Investments

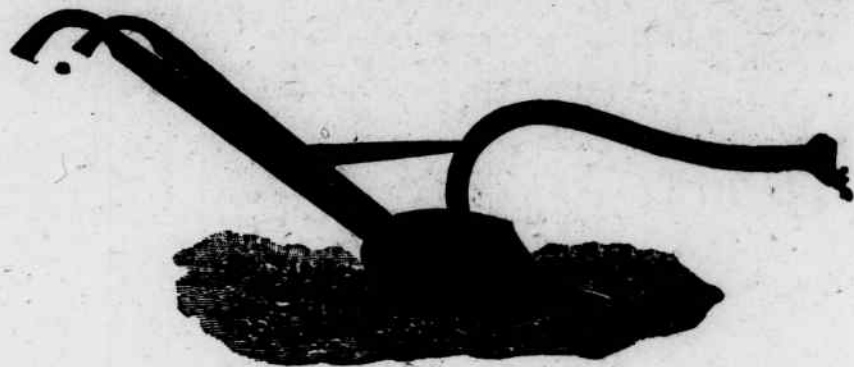

We believe that farm lands in  
Guilford county will continue to in-  
crease in value, and hence are the  
safest investment one can make.Believing the above, we began  
more than a year ago buying every  
farm that was offered to us at a  
price we believed to be under value.  
We still have several thousand dol-  
lars to spend the same way. But  
to keep buying, we must sell. What  
we want is a reasonable profit on our  
investment.Having bought several very desir-  
able places 2 miles to 15 miles from  
Greensboro VERY CHEAP FOR  
CASH we can and will save every  
land buyer money, whether he wants  
one acre or a thousand. It is to  
his interest to see us.**Brown Real Estate Company**
