THE GERMANS REACH RIGHT BANK MARNE

HAVE ADVANCED TWENTY-SIX
MILES IN FOUR DAYS—SITU-
ATION ANXIOUS.

London, May 31.—The Germans in the Champagne offensive in France have now reached the right bank of the river Marne on a ten-mile front, according to a statement given to the Associated Press today by the British general staff.

The statement says that the Germans have not yet entered Chateau Thierry but that they are attacking heavily there and to the northward. The announcement which is said to express opinion of the general staff continues:

"The situation around Rheims is not quite clear but it is not at all likely that it seems clear it must fall very soon."

"Yesterday the French were driven back to a line from Noyon to Soissons."

Situation Anxious One.

"A new development is the German attempt to extend their attack to the east of Rheims where they were reported to be attacking last night but no further details have yet been received."

"The situation is a very anxious one not only because the Germans have made such rapid progress—an advance of 26 miles in four days—but also because they still have such large reserves available to be thrown into the battle at any point."

"Our transport of reserves has worked very well and there is reason to hope that the Germans will not make any further progress, although the situation must remain anxious as long as they have plenty of reserves. The immediate future depends on what course the enemy takes. The crown prince has used up virtually all his own reserves, and some from the army groups to the eastward, but the great bulk of the German reserves are to the north. It remains to be seen whether the enemy will use them to develop his success toward Paris or pursue his original intention in striking toward Amiens with a view to cutting the allied armies in two."

Germans Bring Up Effectives.

"The attack during the past week has not been so serious as other attacks at other points in the allied line because we have more room for maneuver and can better afford to fall back. Another thing that must always be considered is that the Germans are rapidly using up their supplies. Thus far they have employed probably 45 divisions in the present attack."

"The question has been much discussed in the past few days whether the German attack was a surprise to the allies. It cannot be called a complete surprise because of the fact that enemy concentrations in the Chateau area were known, but until a day or two before the battle we had no indication that an attack on such a scale was intended. The Germans deserve full credit for maintaining secrecy of their plans. The main masses of men were brought up to the actual front lines only on the night before the attack, which was preceded by only two hours of bombardment for the purpose of cutting the wire entanglements. The Germans are not making the same use of artillery as heretofore. They are using trench mortars in large numbers for wire cutting."

Is It Enemy's Main Attack?

"Is this the enemy's main attack? He probably did not know when he initiated it whether it would prove to be a subsidiary or leading operation."

"It must be remembered that the enemy has three great geographical objectives as means toward his great objective of destroying the Franco-British armies—the channel ports, separation of the allied armies by attack through Amiens and an attack on Paris."

"In the present operations he is doing all possible to develop his initial success by attacks both on the center and on the flanks of the salient. He has achieved considerable success in the center but on the flanks the French are holding well on the heights west of Soissons and the British are similarly fighting hard on the heights around Rheims. No review of the past week would be complete without mention of the

P. M. FRYAR COMMITS SUICIDE NEAR HIS HOME IN COUNTY.

Peter M. Fryar, a well known and well-to-do farmer of the eastern section of the county, shot and killed himself early Saturday morning near his home in the eastern part of the county. His body was found about sunrise Saturday near a tobacco barn and a half a mile from his home. It is supposed that he shot himself about 1.30 o'clock Friday night, for a neighbor heard a shot about that hour.

Coroner Stansbury went out and examined the body but did not think an inquest was necessary. It was apparent that Mr. Fryar had sat down against a tree, put the butt of his gun against the ground and the muzzle against his forehead and forced the trigger. Only one barrel was fired but there was evidence that both had been snapped. The right side of his head was blown off.

After the coroner and his party had gone to the home, Mr. Stansbury found three letters written by the deceased. Two of these were to a sister of the deceased and one to John E. Sockwell, of Greensboro. In these he discussed business affairs, and in one of the two to his sister he told them where his body would be found. His body had been found by a neighbor before the letter was discovered. He did not usually write letters, and his sister recalled that he had only a few days before written two or three letters but supposed that he had mailed them, and she did not suspect the purpose for which they were written.

Mr. Fryar was born November 2, 1862, in the county, and was unmarried. He and a brother and sister lived on a 400-acre farm between McLeansville and Gibsonville. The sister is Miss Mollie Fryar and the surviving brothers are R. R. Fryar, J. H. Fryar and A. E. Fryar. The deceased had been in bad health for some time and this had worried him considerably. His brother and sister had observed that he was worried over his health but did not think his condition serious enough to cause the rash act which ended his life.

The funeral was held at Peace Lutheran church Sunday afternoon by Revs. H. W. Jeffcoat and T. S. Brown, and was largely attended. Interment was in the church burying ground. The pall-bearers were J. W. Payne, I. M. Thomas, I. R. Cobb, J. D. Sockwell, M. W. Zimmerman and J. W. Loman.

LOOKING AFTER THE SAFETY OF THE CHILDREN.

Paris, May 30.—The bombardment of Paris by the German long range gun, which was interrupted early in the day, was resumed at sunset.

The removal of children from Paris was begun this morning when one thousand children from the Montmartre district of the city were placed on board a special train bound for a vacation colony in the department of Allier, in Central France. This is the first action taken under a plan for removing Paris children from the possibility of harm from a long range gun shell striking a school filled with pupils, as a church where worship was in progress was struck on Good Friday.

Reidsville Merchant Fined.

Reidsville, May 31.—Mr. R. M. Gillie, a well-known merchant of Reidsville, acting on the authority of County Food Administrator Robert Hairston, closed his store for one day—Wednesday—and contributed \$100 to the Red Cross fund for violating the food administration laws. While it is stated that Mr. Gillie's violation was unintentional, the food administration is determined that the merchants shall "toe the mark," and those who are ignorant of the rules had better familiarize themselves with them.

fine exploit of the American troops in the capture of Cantigny. It was an extremely well conducted operation and in view of the fact that the troops were untired, it is notable that they not only captured their objective but held it. It is always much more difficult to consolidate and retain a position than to capture it and the performance of the Americans shows the very high standard as well as their training, bravery and fighting qualities."

THE FRENCH SMASH MANY GERMAN ATTACKS

THEY HURL THE ENEMY BACK
WITH BAYONET—BITTER
FIGHTING GOING ON.

Paris, June 2.—French troops last night smashed repeated German attacks of the greatest violence in the sector north of the river Aisne, between the Oise river and Soissons, the French war office announced today.

Mont de Choisy, after being attacked four times by forces of the German crown prince, was finally stormed only to be lost again to the invaders at the point of the bayonet.

On the front between Soissons and Chateau Thierry the Germans occupied Longpont, Corey, Faverolles and Troesnes, but later were driven out of these places by energetic French counter attacks.

On the Rheims-Dormans front, bitter fighting is taking place and the Germans have crossed the high road east of Ville-En-Tardenois.

British Raid German Trenches.

London, June 2.—British troops last night successfully raided German trenches southeast of Arras, southeast of Lens and north of Bethune, the British war office announced today. This morning the German artillery became more pronounced at various sectors along the front in Flanders and Belgium.

The text of the statement reads: "London troops carried out a successful raid last night southeast of Arras and captured 27 prisoners and a machine gun. A successful raid was carried out by us also southeast of Lens and north of Bethune. We captured a few prisoners in each case."

"Hostile artillery developed considerable activity early this morning in the Villers-Bretonneux sector and it also has been active along our front between Albert and Arras and in the Ypres sector."

"The total number of prisoners taken by us in the recent fighting in the Aveluy wood was 72."

French Hold Portion Chateau Thierry.

With the French Armies in France, June 2.—Fighting their way along the river Marne the Germans have reached a point to the west of Chateau Thierry. French troops hold the western portion of the city.

On the eastern side of the Champagne salient the Germans have succeeded in crossing the Rheims-Dormans road south of Olisy-Violaine and Ville-En-Tardenois.

Huns Claim Capture American Franco Depot.

Berlin, via London, June 2.—German headquarters reports the capture of the heights east of Moulin-Sous-Touvent and the lines west of Nouvron (Soissons) sector. Violent counter attacks by the French around Verneuil and on both banks of the Aisne are also mentioned in the official statement, which claims the capture of a "Franco-American depot of enormous extent."

Only Artillery Activity.

London, June 2.—Field Marshal Haig reports as follows on the operations in France:

"Except for artillery activity on both sides in the different sectors, there is nothing to report from the British front."

Quiet on American Sector.

Washington, June 2.—"There is nothing to report from the sectors occupied by our troops," says General Pershing's communique for Sunday issued for tonight by the war department.

AMERICANS HOLD THEIR GROUND.

Washington June 1.—After several repulses, the Germans apparently have abandoned, temporarily at least, their efforts to retake the ground captured by the Americans at Cantigny. General Pershing's communique for today, issued tonight at the war department, said the day was quiet at all points occupied by the American troops. The shooting down of another hostile airplane is reported.

THE GERMAN AIRMEN BOMB ANOTHER HOSPITAL

AMERICAN DOCTOR WAS ADMIN-
ISTERING TO BRITISH OFFI-
CER WHEN KILLED.

With the British Army in France, May 31.—Early Thursday morning German airmen bombed another hospital—this time a Canadian institution—and exacted a considerable toll of casualties. Among those killed by the explosion or flames was an American medical officer who was administering an anaesthetic to a British officer in the operating room when that part of the hospital was demolished. The raid occurred at 12.30 o'clock in the morning.

The hospital attacked was a large one. It had been in existence since the early days of the war and was marked by huge Red Cross signs. The German airmen, working partly by the light of the moon, dropped four bombs near the hospital and then not apparently able to see exactly where they were hitting, lighted a brilliant flare which was left to illuminate the surroundings.

Deliberate Fiendishness.

As the place was lighted up by this flare, they released another bomb or two which dropped squarely on a large wing of the hospital. In this wing there were three floors, on the bottom one of which was the operating room. On the story above were the office and patients' room and above them were members of the hospital personnel. Part of the wing was demolished by the terrific explosion and many unfortunate persons were killed and wounded when the building collapsed and buried them.

Strange to say, those who were on the top floor had better luck than those below them and several escaped because they fell on top of the debris.

All Buried Under Debris.

The surgeons were just about to operate on an aviation officer and the American medical officer was standing by with the anaesthetic when the crash came. All those in the room were buried under an avalanche of brick and woodwork. The demolished wing caught fire and burned fiercely with many victims still pinned in the wreckage.

Nothing More Awful.

Nothing more awful has occurred in the annals of the hospital service since the war began. Every available person in the neighborhood was called on to assist in the rescue work and two fire brigades were called in. With the assistance of ladders and other fire apparatus the hospital proper was rapidly emptied of patients and personnel. It was a desperate situation. A roaring furnace represented what was left of the big wing.

Scores of persons worked frantically at the flaming mass of twisted timbers in their attempts to reach those entombed and many unconscious forms were carried out by heroic men who risked their lives to reach them. Excellent work on the part of the firemen finally resulted in the fire being extinguished, but there were still many victims, including more than one sister, buried in the ruins. There was no hope that they were alive.

Battle May Continue For Weeks.

Washington, June 1.—American troops have become a vital factor in the great battle in France and may hold the balance between defeat and victory, General Bridges, head of a special British military mission to the United States, said here tonight, in discussing the renewal of the German drive. The objectives now before the Germans, the general said, appear to be threefold: The capture of Paris, the division of the main allied armies by an advance through Amiens and the capture of the channel ports.

American Artillery Hits Ammunition Dump.

With the American Army in France, May 31.—The American heavy artillery today obtained direct hits on a big ammunition dump of the enemy east of St. Mihiel which blew up with a terrific explosion, the burst of flame and pillar of white smoke shooting many hundreds of yards in the air.

CROWDER CALLS 9,000 FOR LIMITED SERVICE.

Washington, June 1.—Two hundred thousand men of draft age, who, because of minor physical defects, have been held by examining surgeons over the country for limited military service, are to be employed in producing or handling equipment for the army. Provost Marshal Crowder announced that the army staff corps will utilize the services of these registrants and thus release fighting men for the front line.

General Crowder today issued the first call under the new plan. Orders went forth to governors of states for upwards of 9,000 men for service in spruce production for airplanes. The men will be allowed to volunteer until June 6. After that date a report will be made to the provost marshal general and if there are not sufficient volunteers, allotments will be made to the various states to be filled by voluntary induction.

Some 10,000 men of the army are engaged in getting out spruce timber in the northwest and the signal corps constantly is increasing this number. Consequently, the sending of the new men to this field will constitute no new policy and it is understood that it has no relation to complaints that Industrial Workers of the World there have retarded the output of spruce.

Some 24 trades or classes, including railroad, telephone and construction men, office workers and laborers, are desired for the spruce division. When this division has been filled, men will be called to fill other staff services of the army until the 200,000 total has been exhausted. No indication was given as to when the other calls will be made.

In a statement announcing the new plan, General Crowder said the solution of the question of what to do with these men had been "one of the great problems of the draft." Some of the men, it was explained, have a thumb, or toe or eye missing, but almost everyone of them is engaged in active business and thus were held to be of some use in the military establishment. After months of study it was decided to call them into branches of the army engaged in producing equipment for the fighting men.

GREEK TROOPS CAPTURE GERMANS AND BULGARIANS.

London, May 31.—More than 1,500 German and Bulgarian prisoners, among them 33 officers, and a large quantity of war materials have been captured by Greek troops on the Macedonian front, according to an official communication received from Saloniki tonight.

The statement says: "Greek troops, supported by French artillery, have captured the strong enemy positions of Sarka di Legen on the Struma front on a width of 12 kilometres and to a depth of two kilometres. More than 1,500 Bulgarian and German prisoners were taken, including 33 officers. A large quantity of material also was captured."

GRAVES OF AMERICANS IN BRITAIN DECORATED.

London, May 30.—The graves of American soldiers and sailors who met death at sea, in the air or from natural causes, which are now scattered over England, Scotland, Ireland and Wales, were decorated today by representatives of the American Red Cross and the Y. M. C. A. These organizations announced that not one grave, however remote, had been overlooked.

Memorial day exercises also were held, being attended by large numbers of Americans. At the largest rest camp in England, for instance, the Rev. Joseph M. Gray, of Kansas City, addressed the soldiers.

Officer Killed by Negro.

Bluesfield, W. Va., May 31.—Harry E. Cook, justice of the peace, was shot and killed by Cleveland Boyd, a negro, at Matoak, W. Va., this afternoon, according to dispatches reaching here. The officer went to a cabin at the Modoc Company mines where the shooting occurred, to arrest the negro on a charge of vagrancy. Cook was one of the best known officers in this section and lynching is feared if the posse scouring the mountains with bloodhounds capture Boyd.

TWELVE BILLION TO SUPPORT THE ARMY

BIGGEST ARMY APPROPRIATION
IN HISTORY PASSES THE
HOUSE.

Washington, May 31.—The largest annual army appropriation bill in history, carrying \$12,041,682,000 and authorizing the president to call into military service all men who can be trained and equipped, was passed late today by the house and sent to the senate.

The house broke its record for speed on an army bill by taking the final vote after three days of debate.

The measure is framed to provide for an army of three million men during the coming year, in accordance with the government's revised program for rushing soldiers to France. Some of its items are \$6,115,135,000 for the quartermaster corps; \$3,396,000,000 for ordnance; \$1,028,000,000 for the engineers; \$990,250,812 for aviation, and \$267,000,000 for the medical corps.

A provision prohibiting the use of stop-watches or other speeding up devices in plants where money provided in the bill is spent was adopted by a vote of 63 to 52. The house also adopted an amendment by Representative Anthony, of Kansas, forbidding "cost plus" contracts except in emergency.

During the debate Representative Longworth, of Ohio, and others condemned what they called over optimistic statements concerning the number of American soldiers sent over seas and the amount of arms and equipment provided for them. Mr. Longworth referred particularly to a statement by Senator Lewis, of Illinois, at Chicago, that there now are a million American soldiers in Europe.

Representative Caldwell, of New York, predicted that the million mark will be reached by July 4.

THE TRANSPORT LINCOLN SUNK BY SUBMARINE.

Washington, May 31.—Admiral Sims reported today the torpedoing and sinking of the transport President Lincoln returning to the United States from Europe at 10 A. M. today. No details were given and no casualties mentioned. The vessel sank within an hour after she was struck. Her position was not disclosed in the brief dispatch announcing her destruction.

The navy department made this official announcement:

"The navy department has received a dispatch from Vice Admiral Sims stating that the United States steamship President Lincoln was torpedoed at 10.40 o'clock this morning and sank an hour later. The vessel was returning from Europe. No further particulars have been received."

Navy officials waited anxiously tonight for further details but as the attack occurred by daylight and the ship remained afloat for an hour they felt certain the casualties list would be small and probably limited to a few men killed or injured by the explosion.

The President Lincoln was a big former passenger liner of the Hamburg-American line. She was one of the German ships taken over by the United States at the declaration of war.

"JOIN MARINES OR LEAVE" SAID PATRIOTIC WIFE.

Lancaster, Pa., May 31.—"Either join the marines or leave home!" This was the ultimatum issued to Frank A. Laudenberger, a silk weaver, of Marietta, Pa., by his patriotic wife.

When Laudenberger appeared before Sergeant Jim Gander, of the local recruiting station recently, he was told that he would have to obtain his wife's consent before he could be accepted.

"Consent?" he asked, laughingly. "Why, she told me that any man who called himself a man would be fighting for his country and that I would have to enlist in the marines or leave home. Guess that's enough consent, isn't it?"

Laudenberger was accepted immediately and his spartan wife was on hand at the depot to see that he surely got on his way to help make the world "safe for democracy."

THE FARMERS ARE DOING THEIR SHARE

You men who plow, plant and reap are supplying the fuel for our fighters; it is your part in the war and next to the actual fighting, it's the most important.

We're trying to do our part, too, by serving you in the best way we know how, and by selling the kind of clothes you want and need; clothes that wear a long time and always look well.

You can be certain of all-wool quality; substantial tailoring; when you come here. They're Hart Schaffner & Marx Clothes, made in the spirit of economy. We guarantee you satisfaction.

When you're out in the field you want good, substantial work clothes—we have those, too—overalls, work shirts, underwear, socks—the kind of goods that stand hard service and give you good value.

LIMITED SERVICE MEN WANTED FOR AVIATION BRANCH.

Another call for "limited service" men in class one was received here last week by the local boards. The qualifications were specified in the bulletin, but nothing was said to indicate how many were wanted. The boards are instructed to leave the places open to volunteers until June 7. Thereafter the force of conscription will be employed.

The boards are expected to handle many such calls as these in the near future, for there is a well-defined tendency at Washington to summon the men not quite fitted for the unlimited service into the ranks where clerical and other similar duties are being done by able-bodied citizens. Furthermore, many limited service men are to be employed in manual work where the exercise and general regimen will tend to improve their condition, while their employment will release for service in the trenches their more nearly physically sound brothers.

The bulletin is as follows: "The military aeronautics branch is in need of certain skilled men. Men qualified for special or limited military service only will be accepted under this call. Men qualified for general military service are not desired for this service."

"Repeated requests have been received at this office for an opportunity for limited service men to enter the service. These men will be engaged in spruce production work for aeroplanes, which is interesting and healthful work and if properly presented should appeal strongly to qualified registrants. The following types of men are desired:

"Locomotive engineers, firemen, railroad grade foremen, railroad track foremen, wooden bridge carpenters, locomotive repairmen, telephone linemen, surveyors or railroad instrument men, telegraphers, draftsmen, pile driver foremen, stationary engineers for donkey engines, steam shovel operators, carpenters, steam fitters, electricians, auto mechanics, auto drivers, cooks, clerks, railroad brakemen, railroad conductors and a large number of laborers."

"Please give the widest publicity to this matter, using the nation's want column method which was recently so successful, and urge technically qualified registrants to present themselves to their local boards for listing. If a sufficient number of volunteers are not secured involuntary inductions will be used. On June 7 wire this office the number of qualified volunteers listed in each of the above occupations which we may expect from your state. Upon receipt of this information we will make definite allotments and advise complete mobilization details. "Local boards must thoroughly understand that these registrants are not to be inducted until orders are received as to allotments and that only white limited service men are to be considered."

PERSONAL MENTION.

L. S. Howerton, of Gibsonville, was in the city Friday on business. Marvin McMichael has gone to Fort McPherson, Ga., to go into training.

Senator A. M. Scales spoke to the David Caldwell class at Buffalo church yesterday.

Mr. J. F. Gossett, of southern Guilford, was a welcome caller at the Patriot office Friday.

Archie Shelton and John Woltz left today for Norfolk to join the naval reserve. They have already passed the examination.

Lieut. H. Frank Starr has arrived in France. He was formerly assistant medical director of the Southern Life and Trust Company.

Ralph E. Wolfe, son of J. H. Wolfe, of this city, left Thursday for Norfolk, Va., where he will stand examination for entrance into the navy.

Sergt. Paul H. Kime has arrived safe overseas, according to information received here. He is a graduate of the State College and was formerly at Camp Sevier.

Mrs. Emma Rogers, formerly of this county, but for the last 25 years of Saskatchewan, Canada, has returned to her home after visiting relatives at Rudd and in this city.

Two Soldiers and a Child.

This is sent by a newspaper correspondent at the battlefield: I hear an extraordinary story of two British signallers who found a little French child lost and deserted. They took the little one with them into a barn at night for safety and it slept between them. In the course of the night a bomb from an enemy aeroplane hit the barn and killed both men, the little child being found unharmed, sleeping peacefully between them in the morning.

Saturday, June 15, 1918, at 12 o'clock noon, a certain tract or parcel of land in the county of Guilford, state of North Carolina, in Morehead township, adjoining the lands of J. W. Kerr, Windsor, Sloan, and others, and more particularly described as follows: Beginning at a stone on Whittington street, and running thence south 11 poles to a stone; thence east 6 poles to a stone; thence north 11 poles to a stone on said street; thence west along said street to the beginning. Terms of sale—Cash. This May 14, 1918. R. A. GILMER and C. S. GILMER, Trustees of Alamance church, Mortgagees.

"Put Me Down for 100 of These Cultivators"

said a Nebraska implement dealer after putting a new leverless cultivator "through its paces." He had just demonstrated the machine to five leading farmers, every one of whom ordered one or more of the cultivators for spring. The cultivator we are talking about is

B. F. Avery & Sons Leverless

The radical improvement that distinguishes the Avery from other leverless cultivators is that it combines in one machine the leverless feature with a pivot pole and lateral shifting arch.

The seat bar pivots horizontally as well as vertically, so the vertical movement of the gangs is controlled by the vertical movement of the seat and the horizontal movement of the gangs by the horizontal shifting of the seat.

The operator's weight balances the gangs in such a way that one gang can be

raised absolutely independently of the other. When you want to clear one gang of trash, you simply release the foot pressure on that gang and it rises automatically without in the least disturbing the other gang.

On a side hill the operator's weight causes the seat bar to angle down hill. This gives the wheels and gangs a corresponding angle up hill, thus overcoming the tendency to work away from the row.

We can't describe on paper the wonderfully easy action of this cultivator, so come in and see for yourself.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they are eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disgusting pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

AMERICA PRAYS FOR SUCCESS OF A JUST CAUSE.

Washington, May 30.—The American people today paid homage to the memory of the nation's defenders who have fallen in battle and prayed for the success of those who are fighting overseas.

Added solemnity was given this memorial day by the great battle raging on the fields of France, where American soldiers are standing with the allied troops abreast the charging German armies. For the ultimate victory of these Americans and the thousands who are to follow them, President Wilson, in response to a resolution by Congress, had asked the people to make of memorial day a day of fasting and supplication.

The president and Mrs. Wilson attended services this morning at the Central Presbyterian church and in the afternoon went to Arlington national cemetery, where annual memorial exercises were held by the Grand Army of the Republic. The presidential party was escorted through the grounds to the speaker's stand by a troop of cavalry and a company of engineers. Secretary Baker occupied a seat on the stand.

Senator Curtis, of Kansas, delivered the memorial day oration, and Rev. Mr. Couden, the blind chaplain of the house of representatives, recited Lincoln's Gettysburg address.

Commencement Exercises of Ramseur Graded School.

The closing exercises of this well known school took place May 24-25. The attendance was large and attentive. On the evening of the 24th the pupils of Miss Elizabeth Smith's music class gave a very enjoyable recital to a packed house, showing much careful training upon the part of the teacher and splendid work by the students.

On Friday at 11 A. M. the declamation contest was participated in by six young men. The medal was awarded to Jesse Craven. The literary address was then delivered by Dr. L. A. Williams, of the University. The address was thoughtful, timely and brimming over with patriotism. The reciters medal was won by Miss Sarah Steed. The music medal was awarded to Miss Fleta Tate.

On Saturday night, "The Thread of Destiny," a four act comedy drama was presented to a full house. Five young ladies completed the 11th grade and were given diplomas. Miss Mary Tate received a diploma in music. The next session of this popular and well known school will open September 16 with Prof. A. W. Lynch in charge.

The Double Crop.

"We should make our land tote double this year," says Tom Broom. And in this connection he recommends velvet and soy beans—especially the latter. Soy beans and corn can be grown successfully on the same row and it is claimed by some that the beans actually help to increase the yield of corn. The process of planting this "double" crop is simple. Run the corn in with a planter. Then run the planter over the same row with soy beans, which should be planted shallow like cotton. Then your land is ready to "tote double." The soy bean is destined to become more and more popular as we learn more of its value.—Marshall Home.

Women and Children Trampled to Death.

Geneva, May 31.—Eighteen women and children were trampled to death and a number of persons were injured in a panic which followed an aerial raid alarm sounded at midday in Mannheim yesterday according to a dispatch received here. The streets were crowded when the alarm was given and a wild rush for shelter ensued.

It developed later that the warning signals were caused by the sighting of a squadron of German aviators returning to their base near Mannheim.

Will Never Run Away.

When you behold the torrent rushing over at Niagara it seems as if the great Lakes would be drained dry in a week, but that torrent has been roaring over the precipice for thousands of years and the Great Lakes are always full. The flood of American money falling over war's declivity will not drain America's wealth. Our reservoirs are being constantly refilled by untiring streams of which our energy and patriotism are the inexhaustible sources.—Houston Post.

Germans Capture War Material.

Berlin, via London, May 31.—More than 45,000 prisoners and far in excess of 400 guns and thousands of machine guns have been taken by the Germans, according to the German official communication issued today.

LONDON PAPER PRAISES AMERICAN FIGHTERS.

London, May 31.—Commenting on the capture of Cantigny by the Americans, the Evening News says:

"Bravo! The young Americans! Nothing in today's battle narrative from the front is more exhilarating than the account of their fight at Cantigny. It was clean-cut from beginning to end, like one of their countrymen's short stories, and the short story of Cantigny is going to expand into a full length novel which will write the doom of the kaiser and kaiserism."

"We expected it. We have seen those young Americans in London and merely to glance at them was to know that they are conquerors and brothers in that great Anglo-Saxon-Latin complicity which will bring down the diabolical Prussian idol, with its poisons and calculated infamies, to enthroned chivalrous humanity again."

"They do not swagger and they have no war illusions. They have done their first job with swift precision, characteristic of the United States, and Cantigny will one day be repeated a thousand fold. On that day the kaiser's crown will go to the allied museum."

Various Liberty Bond Issues.

There are at present issued and outstanding four issues of liberty bonds. They are as follows:

1. The original bonds of the first liberty loan; these bear 3 1-2 per cent interest and mature June 15, 1947, but are redeemable at the government's option on or after June 15, 1923. They have a conversion privilege.

2. The original bonds of the second liberty loan; they bear 4 per cent interest and mature November 15, 1942, but are redeemable at the government's option on or before November 15, 1927. They have a conversion privilege.

3. Bonds of the second issue which have been obtained by the conversion of bonds of the first issue into bonds of the second; they bear 4 per cent interest and mature June 15, 1947, but are redeemable on or after June 15, 1932. They have a conversion privilege.

4. The original bonds of the third liberty loan; they bear 4 1-4 per cent interest and mature September 15, 1928, and are not redeemable until maturity. They have no conversion privilege.

The other two issues which will soon be outstanding will be 4 1-4 per cent bonds obtained by the conversion of bonds of the first issue, and 4 1-4 per cent bonds obtained by conversion of bonds of the second issue, into bonds of the third liberty loan. They will have no conversion privilege.

A Truce at Least.

Taft and Roosevelt are reported to have buried the hatchet during a recent meeting at a Chicago hotel, and agreed to let bygones be bygones. How delightful to see brethren dwell in unity; but knowing both men as we do, it seems too much to hope that they will ever work cordially in harness together again. New causes for differences will arise even should the old ones be smothered over.—Norfolk Virginian-Pilot.

Sensible Advice.

"I would advise you Christian women," Bishop Atkins, of the Methodist church, is quoted as saying in his commencement sermon at Elon College, "to let women's rights and politics alone."

MORTGAGE SALE.

As trustee to the powers vested in me, I will sell at public auction, to wit: at 12 o'clock noon, on or soon thereafter, at the county of Guilford, state of North Carolina, in Guin township, more particularly described as follows:

Beginning at a stake on the east corner of lot 179 feet north of Correll street, running thence east a stake, thence north parallel with High street 50 feet to a stake; thence west parallel with Correll street 165 feet to a stake; thence south with High street 50 feet to the beginning, being lot No. 7 in block 4, plan of Dean property of Southeast Greensboro, and being the same land conveyed to Ellen

Tucker by Southern Loan and Trust Company, mortgagee, as per deed recorded in book 120, page 379, the said Carolina Berry, grantor herein, being the only heir of the said Ellen Tucker. This May 14, 1918. HENRY COBB, Mortgagee.

ADMINISTRATOR'S NOTICE.

Having qualified as administrator of the estate of A. J. Lambeth, deceased, late of Guilford county, N. FOLEY KIDNEY PILLS
FOR BACKACHE, KIDNEY AND BLADDER

MONDAY, JUNE 3, 1918.

Mrs. Finley J. Shepard is one of eleven women volunteers daily handling the mail for soldiers at the Brooklyn Y. M. C. A.

Five thousand sticks of shaving soap went in one shipment from this country to the Y. M. C. A. in France for the American soldiers.

American sailors last year deposited close to a million dollars in the branch bank maintained at the Brooklyn navy Y. M. C. A. building.

The federal farm loan board announces that it will resume, after the close of the liberty loan campaign, the sale of farm loan bonds for account of the federal land banks.

It is announced in the Bohemian press that experiments made with "paper cloth" have proved so successful that Hungarian state railways are to furnish their employees with summer clothing of this fabric.

The supreme job of the Y. M. C. A. overseas is to create and preserve the morale of the troops. It is doing this so effectively that France and Italy have asked that the work be extended to reach all their soldiers.

Advice from Shanghai states that the subscriptions to the third liberty loan there amount to over \$600,000, and a report from the American embassy in Mexico City states the subscriptions there are more than \$350,000.

Miss Frances Gulick, of South Casco, Maine, who is a Y. M. C. A. canteen worker near Toul, France, was so keen about her work that when her mother visited her, the young woman forgot to ask about the folks back home for a full day.

Failure to back the government in the war savings stamp campaign is failure to be a true American. The American who does not help America to the limit of his means and ability automatically helps Germany to the limit of his means and ability.

In its regulations governing the price of wool, the war industries board allows dealers to make a charge of three per cent of the selling price if the wool is not graded, and three and one-half per cent if graded. This commission is to cover all storage, cartage and insurance.

Elon College should be added to the list of colleges that are 100 per cent efficient in war savings. This college was one of the first in the state to win this distinction, and did so as the result of a thrift campaign held in the college February 27. Since that time every student and every member of the faculty of this institution has been buying thrift and war savings stamps. Furthermore, they have adopted every war creed that eliminated expense and saved to help win the war.

Recent contracts by the war department authorize the manufacture of 3,500,000 pairs of metallic-fastened field shoes for overseas use. The average price was about \$7.75 a pair. Contracts have also been awarded for the manufacture of 2,000,000 pairs of field welt shoes for United States and overseas service, the average price being \$6.50.

Col. F. H. Fries has just been informed by telegraph from Washington that North Carolina's sale of war savings stamps for the month of April places her only twelve states from the top as to per capita sales for the same month. Her per capita sale was 71 cents. All together now to make the Old North State go up several notches more this month.

FIRST ENGLISH VERSION OF BIBLE BRINGS \$3,600.

New York, May 27.—A copy of the first English version of the Bible, printed in Antwerp in 1535, brought \$3,600 at the sale of Part II of the library of late Mark P. Robinson, of Honolulu, in the Anderson galleries.

George D. Smith, the buyer, got also a copy of the London Chronicle, describing the manners, customs and laws of London, printed in Antwerp in 1503, for \$200; a set of first editions of the Dantes sisters for \$350, a copy of verses entitled "Address to So Shide of Thomson" in the autobiography of Robert Burns for \$860, and a Burns autograph letter for \$520. G. Wells paid \$350 for Mme. de Pompadour's copy of Bayle's historical dictionary, bound by Padeloup, and the Rosenbach Company got for \$475 a collection of 139 autograph letters and notes by Mark Twain, covering the period from 1886 to 1894.

Villa Joins With Prohibitionists.

Juarez, Mexico, May 27.—Francisco Villa is the newest recruit to the cause of prohibition, passengers arriving here recently from Chihuahua City say. Villa, who is roaming over the Chihuahuan plains and mountains, gave orders that no more sotol, tequila or mecal should be manufactured in the stills which are scattered through the mountain districts. He gave the dealers until day 1 to dispose of their stock and told them not to sell any more after that date. The penalty was fixed at death for the matter, his wife, family, horses, dogs, goats and chickens, according to Villa's crude manifesto.

Farmers Adopt Wage Scale.

Topeka, May 27.—A minimum wage of 30 cents and a maximum wage of 50 cents an hour for harvest lands in Kansas this year were endorsed at a meeting of farmers from sixteen northeastern Kansas counties held here recently. This endorsement will be presented at a state farm labor meeting to be called later which, it is expected will decide on the wage scale to be used throughout the state.

The June Woman's Home Companion.

In the June Woman's Home Companion is given the amazing result of the Dime Drive for "binding the wounds of a soldier"—thirty thousand dimes, which kept the mailing department snowed under for days. This issue also contains Margaret Deland's second article on the life in France today, and the first part of Alexino Hayland's charming and amusing story, "Oh, Annie!" The second installment is to appear next month. Then there is the conclusion of "The Man from the Air," by Frederick Orin Bartlett, and short stories by Elsie Singmaster, Maria Thompson Davies, Evelyn Gill Caber and E. E. Strong. William A. Page tells about "The Movie Struck Girl," Thomas L. Masson has an interesting article on "What is Your Scale of Living?" and Mrs. Anna Steese Richardson writes about her visit to our sailor boys near Cape May.

There are other good departments and a splendid picture section containing an interesting full page on "Cold Pack Canning," by Alice Bradley. The fashion department offers many good and helpful suggestions. In view of the latest request of the food administration every housewife will want to read "A Week Without Wheat." There is a timely garden article, and the children are not forgotten, as they have their own circle to cut out.

The Italian on the Job.

First off to the Hotel Pennsylvania in New York, who, after a long time, brought in four German prisoners and was willing to attempt the capture of 10 more.—Buffalo Commercial.

MORE TROOPS WENT OVER IN MAY THAN EVER BEFORE.

Easton, Pa., May 30.—In a speech here tonight accepting a jeweled sword presented to him by the people of Easton, his birthplace, Gen. Peyton C. March, chief of staff of the United States armies, declared more American troops were taken to France in May than were there when he left in February. No figures were given. Other accomplishments of the war department were described. The sword was presented by Easton "in token of its esteem for America's distinguished soldier." The presentation was made by Major Nevin.

—Some of the best business property in the thriving city of Burlington will be sold at public auction on Tuesday, June 18, at 10:30 o'clock in the morning, by W. S. Coulter, trustee, who gives a good description of the property in the advertising columns of The Patriot today. If you have money to invest take a look at these business houses before the day of sale.

—These hot days call for comfort footwear, and to supply this demand Thacker & Brockmann have stocked up on tennis and low cut shoes for men, women, girls and boys. Besides being more comfortable for summer wear they are much cheaper than leather shoes, and give about as good service. Before making a selection drop in this store and take a look at them. See ad. on the eighth page.

—The Southside Hardware Company has just received a large shipment of barbed wire and woven wire fencing. Wire is scarce now and hard to get at any price, but Mr. Grantham picked up a bargain in this lot and proposes to give his customers the benefit of the saving. —The equipment of your farm is incomplete without a Kelly-Duplex combination cutter and grinding mill. It grinds alfalfa, corn, fodder, clover, hay, peavine hay, and in fact almost any kind of forage, and makes it palatable for the stock. It is fully guaranteed and will pay for itself the first year. Mr. F. G. Baldwin is distributor for the state, and the M. C. Newell Company are the local agents in Greensboro. See ad. on the eighth page, and on your next visit to the city drop in at Newell's and learn more of this mill.

—An old fashioned, straightforward, honest-to-goodness sale of home sites and farms within two miles of Greensboro on the Guilford College road, will take place on Monday, June 17, beginning at 10:30 o'clock in the morning. Mr. J. P. Scales, who is managing the sale, says that there will absolutely be no by-bidding, secret understandings or camouflage connected with it. There will be no fire works or brass band, but simply an old fashioned auction sale, where you can buy property on its merit. In a pace announcement elsewhere he tells all about the coming of this big event.

—We told you last week to look out for the announcement of the big June sale of white goods at Brown-Belks. Well, it is on now, and you will save money by making early selections. Many articles in this sale are being sold below what they can be bought for at the factory today. Mr. Brown has assembled a feast of bargains for his customers in every department of the store, a partial list of which will be found in his enlarged space on the fourth page of today's Patriot. It will pay you to take a day off and attend this sale this week. The money you would save would more than offset the time lost in coming to town.

AMERICA HAS MILLION TROOPS ON FOREIGN SOIL.

Chicago, May 30.—Senator James Hamilton Lewis said in a speech here today that the United States now has 1,000,000 soldiers in foreign lands and that by December 1 it will be numerically equal to that of England.

He said that 700,000,000 pounds of explosives are in process of manufacture. The ordnance department has spent, he said, \$776,000,000 for projectiles, and 75,000,000 projectiles are on their way to General Pershing. One thousand rifles are being manufactured daily and 3,500,000 rounds of small arm munition has been contracted for. Last month, he said, we produced 275,000,000 rounds. He placed the machine guns contracted for at 350,000 and added that 1,000,000 have been delivered. By July 1, he added, we shall be producing 18,000 a month.

The American navy, the speaker said, had climbed from fourth to second position among the world's fleets. We have 150 warships in European waters and 50 others of a war character. There are 400,000 men in the navy and by October 1 there will be half a million, he added.

Porto Rican Tobacco Crop.

San Juan, Porto Rico, May 27.—One estimate of the present tobacco crop places this year's production at 33,000,000 pounds, the largest Porto Rico ever produced, and an increase of approximately 5,000,000 pounds over last year. Growers themselves agreed not to plant a second crop which if it had developed would have made a large surplus of stock in the island.

Germans Eat Camel Meat.

Amsterdam, May 27.—Several hundred pounds of camel meat have been enjoyed recently by patrons of restaurants in Zwickau, Germany. Four camels were sold to the butchers by the local menagerie, which had to sacrifice them owing to the fodder shortage. They yielded from 350 to 400 pounds of meat apiece.

NOTICE OF RE-SALE.

Under and by virtue of an order of the Superior court of Guilford county, made in the special proceeding entitled J. E. Kiffin et al. vs. Florence Cox et al., the undersigned commissioner will on

Saturday, June 12, 1918, at 12 o'clock M., at the court house in Greensboro, N. C., offer for sale to the highest bidder for cash, the following land in Friends township, Guilford county, N. C., and bounded as follows:

2. Beginning at a stone, thence north 1-4 degrees east 33 poles and 13 links to a stone in Robert Hodgins' line; thence south 1-2 degrees north 33 poles and 2 links to a stone; thence north 1-4 degree east 7 poles to a stone; thence west 3 degrees north 64 poles to a stone in the Greensboro road; thence south 10-1-2 degrees west 57 poles and 5 links to a stone on the west side of said Greensboro road; thence east 133 poles to the beginning, containing 49-3-4 acres more or less.

3. Beginning at a stone on the west side of the Greensboro and Asheboro road; thence south 5-1-2 degrees west 28 poles to a stone; J. L. Hodgins' corner; thence east 3-4 degrees west 47 poles and 10 links to a stone; thence south 27 poles and 7 links to a stone; thence east 26 poles and 10 links to a stone; thence south 29 degrees west 44 poles to a post oak, Frank Gossett's corner; thence east 1-4 degree north 33 poles to a stone Gossett's and Hodgins' line; thence 1-4 degree east 104 poles to a stone; thence west 1-2 degrees north 173 poles to the beginning, containing 62 acres more or less. Said three tracts being the tract of land formerly owned by T. E. Kirkman as per deed recorded in the office of recorder of deeds of Guilford county, book 161, page 122. This May 25, 1918.

CLIFFORD FRAZIER, Commissioner.

NOTICE.

In the District Court of the United States for the Western District of North Carolina:

In the matter of Robert Brockett, Bankrupt.

In Bankruptcy.

To the Hon. James E. Boyd, Judge of the District Court of the United States for the Western District of North Carolina:

Robert Brockett, of High Point, in the county of Guilford and state of North Carolina, and of said District, respectfully represents:

That on the 12th day of April, 1918, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all of his property and rights of property, and has fully complied with all the requirements of said acts and of the order of the court appointing him bankrupt.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts except such debts as are excepted by law from such discharge.

Dated this May 14, 1918.
ROBERT BROCKETT, Bankrupt.
Order of Notice on Petition of Discharge.

Why Tolerate a Hot Kitchen?

Use a New Perfection Oil Cook Stove. It will do your cooking perfectly, give you a cool kitchen—and free you from the dirt, work and discomfort, from coal, wood, ashes and smut. The long blue chimney gets every atom of heat out of the kerosene and concentrates it directly on the cooking utensil or oven.

The New Perfection lights like gas and can be instantly and accurately regulated for any cooking need. It bakes, broils, roasts, boils or toasts to perfection—with no smoke, smell or dirt. And it keeps the kitchen cool.

Made in 1-2-3-4 burner sizes, with or without cabinet top and oven.

NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT.

North Carolina, Guilford County, In the Superior Court.

J. A. Tate Company Plaintiff, vs. S. A. Birch and W. C. L. Lumber Company, Defendants.

The defendants above named will take notice that an action has been commenced against them by the above named plaintiff in the Superior court for Guilford county, returnable as hereinafter set forth, for the recovery of \$600.00 for damages sustained by said plaintiff on account of the breach of two certain contracts made by defendants with plaintiff, whereunder defendants agreed to furnish plaintiff with a certain grade and which they failed to do. Said defendants are further notified that a warrant of attachment has been issued in said action against their property, returnable before the judge holding the Superior court for the county of Guilford, at the county court house in Greensboro, N. C., at a term of said court beginning on the 12th day of August, 1918; and the said defendants are further notified that they are required to be and appear at the aforesaid time and place, when and where said warrant of attachment is returnable, and then and there answer on demand to the complaint, or the relief demanded will be granted.

This May 28, 1918. 43-49.

NOTICE BY PUBLICATION.

North Carolina, Guilford County, In the Superior Court.

Claude Mayse, Plaintiff, vs. Nina Mayse, Defendant.

It appearing from the affidavit of Claude Mayse, the plaintiff named therein, that Nina Mayse, defendant therein, is not to be found in Guilford county, and cannot after due diligence be found in the state, and it further appearing that Claude Mayse, plaintiff therein, has a cause of action against Nina Mayse, the defendant therein, for absolute divorce from the bonds of matrimony; it is therefore ordered that notice of this action be published once a week for four weeks in The Greensboro Patriot, a newspaper published in the county of Guilford, setting forth the title of the action, the names of the parties, together with a brief recital of the subject matter of the same, and requiring the defendant to appear at the next term of the Superior court of Guilford county to be held on the 12th day of August, 1918, at the court house in said county, and answer or demur to the complaint of the plaintiff, or the relief therein demanded will be granted.

This May 21, 1918. 43-49.

The Nation's Needs Come First

Any patriotic American would gladly stand aside and give his place—anywhere—to an officer on government duty.

The placing of the Bell telephone system at the disposal of the government, as was done when war broke out, involved the same patriotic obligation.

During the months of military preparedness, the War and Navy Departments had the service of the most comprehensive and efficient telephone system in the world. And it must be kept so. In the face of the unprecedented demand from private sources, every government need must and will be met.

The government comes first, but we are doing everything that science can suggest and that money can accomplish to maintain our general service at the usual standard of efficiency. A loyal organization is working continuously to meet the increased demands and your patient co-operation will prove helpful and inspiring.

Telephone users can help by avoiding useless conversation and by encouraging their employees and associates to use the telephone only when necessary during the busy hours of the day, and to make their conversations brief.

With this patriotic attitude of the public toward us we can serve the government first and render a service that will meet the requirements of the commercial and social world.

HANCOCK'S SULPHUR COMPOUND

For pimples, black-heads, freckles, blotches and tan, as well as for more serious face, scalp and body eruptions, hives, eczema, etc., use this scientific compound of sulphur. As a lotion, it soothes and heals; taken internally, a few drops in a glass of water—it gets at the root of the trouble and purifies the blood.

Physicians agree that sulphur is one of the most effective blood purifiers known. Remember, a good complexion isn't skin deep—it's health deep.

Be sure to ask for HANCOCK'S SULPHUR COMPOUND. It has been used with satisfactory results for over 25 years.

FOOD SAVING BY THE HONOR SYSTEM

FOOD ADMINISTRATION OUT- LINES PRACTICAL PLAN FOR VOLUNTARY RATIONING.

Raleigh, June 1.—The conservation division of the food administration at Washington, which has at its command the leading dieticians of the country, has outlined a practical, easy and systematic plan for voluntary rationing by consumers who desire to render their country and humanity the patriotic service of substituting non-exportable products for wheat sugar and other products that must be shipped to our allies. The suggested plan follows:

Save Wheat.

Those who are able to do so should abstain entirely from the use of wheat until the next harvest. Those depending on baker's bread should use only small necessary quantities of victory bread. Every one and three-fourth pounds of bread manufactured by bakers under the regulations of the food administration is equal to one pound of wheat flour. Graham and whole wheat flours save only 25 per cent of wheat flour. They contain 75 per cent of wheat flour. No one should use more than one and a half pounds per week of wheat in any form, including the wheat flour in victory bread, crackers, pastry, macaroni, breakfast and other foods.

This rationing requires a more restricted use of wheat than that asked for by the observance of wheatless days and meals.

Sugar.

Use as little as possible, never more than three-fourth of a pound. Your grocer will inform you how you can buy enough sugar for canning and preserving this season.

Meats.

As we are entering the sparse marketing season, it is necessary to economize to the utmost in the consumption of all meats and poultry, substituting milk, eggs and fish.

Milk And Its Products.

Milk should be used liberally as a food, not merely as a beverage. Milk and cheese in their various forms replace meat. Use butter freely.

The rapid expansion in dairy production since last summer now makes possible freer use than was formerly recommended.

All foods must be economically used. Save transportation—use local supplies. Make your war garden supply your table.

IF YOU HAVE POOR LAND GROW VELVET BEANS

This is the advice of B. W. Gaither, of the North Carolina extension, who says:

Grow velvet beans! On the deep, sandy soils and the poor clay and very poor loam soils the velvet bean should be grown to turn under. They grow on poor lands and when plowed under will rebuild the soil. The Sunred Day Speckled, Chinese and Angola are the varieties that give best results in North Carolina. For mature beans the crop should be planted by May 15, or very soon thereafter. The velvet beans may be planted in corn especially so if the corn is to be hogged down. Lay off the corn rows six feet wide. At the second working of the corn plant the beans in the middles.

Every farmer who has hogs and cattle to carry through the winter would do well to grow some velvet beans and a field of rye for winter grazing, and thereby save much hay and grain. This is good practice wherever the velvet beans can be grown, whether the land is poor or fertile. On soils that need humus, badly, it is better to plant velvet beans late than not at all. Beans planted as late as June 10 should produce an abundance of material to plow under.

Practical Co-Operation.

"What do you call this club?" asked Tom Broom, at Union school house, in Lanes Creek township, last Saturday night. "The Co-operative Thrift Club," responded the president. They organized themselves in early spring and named the infant as above stated. Each member pays one dollar annual dues, all of which goes into the bank as a checking fund to the credit of the secretary and business agent. They handled several cars of acid phosphate and cotton seed meal this spring, and they have recently brought a purebred Guernsey sire into the community. The spirit of organization and co-operation is getting a good hold when farmers come together and establish an organization under their own initiative, as these have done in Lanes Creek township.—Marshville Home.

CHANGE OF BENEFICIARY OF SOLDIER INSURANCE.

The bureau of war risk insurance of the treasury has issued the following regulations:

1. Every change of beneficiary shall be made in writing and shall be signed by the insured and be witnessed by at least one person. No change of beneficiary shall be valid unless and until it is recorded in the bureau of war risk insurance. A change of beneficiary shall, wherever practicable, be made upon blanks prescribed by the bureau.

2. A change of beneficiary may be made by last will and testament. Payments of installments of insurance shall be made to the beneficiary last of record in the bureau until the bureau receives notice of such change. In the absence of any beneficiary of record, payments shall be made according to the laws of intestacy, until the bureau receives notice that a beneficiary was designated by last will and testament.

LITTLE STORIES ABOUT THE RED CROSS.

These stories tell better than any figures how the money was spent:

I am a little French girl from Rheims. My father gave his life for France and liberty. My mother and I lived in a cellar two years under bombardment until she was killed by a shell. I am only 6. The Red Cross is taking care of me and thousands like me.

I am an American prisoner in Bavaria where I have been for two months. Because of the Red Cross work through Switzerland real food, soap and other necessities are sent to me. Continue to help the Red Cross and I will continue to be helped while I remain a prisoner.

I am an old French woman with two grandchildren. For three fearful years we have been behind the German lines. The Hindenburg retreat left us back under the blessed tri-color. Our village is gone. Our field is spoiled. The good men of the Red Cross have fixed up a home and a school for the boys and have found a new field for me to cultivate. Such help is saving France for a better day.

I am a soldier of France, blinded in the battle of Verdun. The wonderful Red Cross women are teaching me to see with my fingers and to work. I have yet much to learn, but with their help I will still be of some use to France and to my family.

I am an American boy in public school. My father died when I was little and my two big brothers supported mother and me. Then one brother was drafted and now the other brother is sick and won't be well enough to work for a long time. But the Red Cross home service will see us through and I shall stay in school.

I am a French soldier, detached from my company, and on short leave from the trenches. Covered with mud, broken in spirit, my family lost, my home a ruin. I would have had no heart to "carry on" had not the Red Cross given me new life and courage. Good food, warm beds, a chance to rest, wash off the dirt, and take a new grip on life—that's what the Red Cross canteens, scattered through France, are giving to your weary fighters.

AMERICANS INFLECT HEAVY LOSSES ON FOE.

Washington, May 31.—A successful American raid today in the Woivre sector, in which the enemy's advanced positions were destroyed and losses inflicted in killed, wounded and prisoners, is reported in General Pershing's evening communique. The dispatch follows:

"In the course of a raid executed this morning by our troops in the Woivre, our technical detachments destroyed the enemy's advanced positions. At the same time our raiding party inflicted losses in killed, wounded and prisoners."

In Lorraine artillery fighting has diminished.

"Early in the day our aviators shot down a hostile machine."

GERMAN PEOPLE WARNED NOT TO EXPECT TOO MUCH.

Zurich, May 31.—Newspapers in southern Germany publish the following note from German headquarters:

"The population should not expect our troops to advance at the same rate as on the first day. The resistance of the enemy is becoming desperate and violent counter attacks are to be expected. The transport of artillery and munitions also is meeting with difficulty."

Speaking of losses, the note adds that to estimate them correctly the people should not forget the gravity or importance of the struggle.

HERE'S YOUR CHANCE

To Start That Little Country Home You've Been Dreaming About.

**A Beautiful Bit of Ground, Enough to
Raise Chickens and Things.**

**Just Two Miles Out of Town, and on Terms
as Easy as Falling off a Log!**

Of course you want your home site out in the direction the town is going. And you want it on The White Man's Road. Did you know that absolutely everybody living out on the Guilford College Road is white? And you want it to be pretty, and keeping steady company with a lot of other pretty home sites.

Very well, we've got just what you want. And we've got it just where you want it. And we are going to give you a chance to buy it in the way you have been wanting to buy it. We are going to have

An Old Fashion Sale.

That is to say, a straight, frank, open-and-above-board sale and there will absolutely be no by-bidding or secret understandings or camouflage. We won't have to add the cost of fancy auctioneering to the cost of your land. We are not going to have any fireworks at your expense. We are simply going to employ a straightforward man to sell those beautiful home sites in a perfectly frank, straightforward way. That's all there is to it.

Here Are the Plain Facts.

The Farm known as the Holden place, two miles from town, on the Guilford College Road—West Market Street Extension—will be sub-divided into seventy-five Tracts from one to fifty acres. The Terms will be Easy—Real Easy.

Twenty-five head of Registered Holstein and Jersey Cattle will also be sold.

It Will be Worth Taking a Day Off

Just to see another plain old fashion, open-and-above-board sale in these parts. Come early—and don't bother about something to eat. We'll attend to that just as a matter of ordinary hospitality.

The Place is the Holden Farm, Guilford College Road. The Day is Monday, June 17th. The Hour is 10.30 A. M.

LOCAL NEWS IN BRIEF FORM

MATTERS OF INTEREST TO THE READERS OF THE PATRIOT FAR AND NEAR.

Have a Picnic.

The fourth grade of the Lindsay street school, Miss Ruby Pulliam, teacher, enjoyed a most delightful picnic Friday at Hardie's pond, near Brown Summit.

Death of a Child.

William E. Jobe, the one-year-old son of Mr. and Mrs. W. S. Jobe, died at the home of its parents Thursday night. The burial took place at Alliance church Friday afternoon at 5 o'clock.

Mitchell-Robeson.

Miss Janey Mitchell was married to Garland F. Robeson, of Newport News, Va., Saturday afternoon at 4 o'clock at the home of the bride's father, E. Mitchell, on Church street. They will make their home in Newport News.

Elliot-Carroll.

The engagement of Miss Eleanor Elliot, of this city, to Prof. D. D. Carroll, of Columbia University, New York, is announced. Professor Carroll is an alumnus of Guilford College and for a while was a member of the faculty.

E. O. Wyrick's Death.

Edward O. Wyrick died at his home on 12th street, White Oak, Thursday afternoon, following an illness of five weeks. The funeral was held Friday at 2.30 o'clock at the chapel by Rev. A. C. Gilbert. He is survived by his wife, seven children, mother, two brothers and two sisters.

Death of Infant.

Essie Helen, the eight-month-old daughter of Mr. and Mrs. James G. Jones, died at the home of her parents, No. 7 Fairview avenue, Friday morning at 5.30. Funeral services will be held at the home Saturday afternoon at 5 o'clock. Interment following in the church cemetery.

Death of Mrs. Temples.

Mrs. Bettie Elizabeth Temples died at her home about four miles north of the city Thursday afternoon at 6 o'clock at the age of 57 years. She is survived by her husband and one daughter, Mrs. W. H. Comble. Funeral services were held Friday afternoon at 3 o'clock from the Methodist church, conducted by Rev. J. E. Wooley. Interment was in the church cemetery.

Federal Court Begins.

The June term of United States District court for the trial of criminal cases began today, and Judge Boyd has a calendar of 110 cases for this term. He has recovered entirely from his recent indisposition, and feels equal to the big docket ahead of him. There are several cases under the sabotage and espionage acts. "Moonshining" is the charge in the majority of cases.

Certain Days For Freight.

Freight Agent Pamplin announces that freight in less than carload lots will be received for shipment from Greensboro only on Mondays, Wednesdays and Fridays of each and every week until further announcement. This is done in order to conserve the time of the force of the Southern Railway here, which has been depleted by the draft and calls for men in other lines of work.

Oak Ridge Doing Its Share.

Despite the fact that seven of the 10 members of the faculty of Oak Ridge Institute have gone into service, or are about to enlist, the institute is making plans to open next fall. The men who have heard the call of war are L. R. Johnson, H. A. Evans, C. S. Aitiz, D. L. Nance, E. F. Mayberry, J. W. Carter, who will leave in about 30 days, and Z. L. Whitaker, the son of the president, who will enlist in the navy within a week or two.

Gilmer Wins in Primary.

Dr. C. S. Gilmer won easily over Dr. W. T. Whitsett in Saturday's primary for the four year term on the county board of education and will be the Democratic candidate for that place. In the precincts reporting the vote is 749 to 186, while it is estimated that 200 votes were cast in the precincts not reported, and that the final vote will be about 975 for Gilmer and 235 for Whitsett. In South Jefferson, Clay, Fentress, North Monroe, Sumner and possibly other precincts Dr. Whitsett did not receive a vote. High Point township gave Whitsett a majority of 18 votes, while Greensboro and suburbs went for Gilmer by a vote of nearly 10 to 1. The full vote will be published Thursday.

May Get New Institution.

The State Home and Industrial school for Girls and Women, authorized by the last general assembly, may be located near Greensboro. It is the desire of the board of managers to have it located near the center of the state. Fifty acres or more of land is required for the state. The board has announced that they are ready to receive offers from towns and cities of the Piedmont section.

Sergt. Stamey in Europe.

Dr. E. L. Stamey has received a card from his son, Sergt. Enoch L. Stamey, stating that he had arrived safely at a foreign port. Sergeant Stamey is a member of company D, 60th brigade, 30th division, 115th machine gun battalion of the old national guard. He is with a branch of the American expeditionary forces but it is not known whether his landing was on French or English soil.

The Vote For Constables.

There were four contests for the Democratic nomination for constable in Saturday's primary. In Washington township R. C. Apple won over H. A. Busick, the present constable, by a vote of 31 to 26. In Gilmer J. S. Phipps beat J. Andy Wyrick by a vote of 231 to 92; in Morehead H. S. Patterson won over A. M. Edmondson by a vote of 163 to 26, while in High Point J. E. Wagoner bested George J. James 162 to 49.

Must Be Assured Harvest.

William Jennefer, Ph. D., special examiner of the employment bureau of the U. S. labor department at Washington, is in Greensboro looking into farm labor conditions with a view to formulating plans for mutual work on the part of farmer and farm hands, for the increase of farm products in the state. The work of the department of agriculture and the labor department along these lines is meeting with the approval of the country.

G. C. W. Commencement.

The 70th annual commencement of Greensboro College for Women began Saturday evening with the expression recital. The baccalaureate sermon was preached Sunday morning by Rev. T. A. Smoot, of Richmond, Va., and at 3.30 P. M. the annual address to the Y. W. C. A. was delivered by Rev. L. B. Thompson, of Statesville. Tuesday will be commencement day and Dr. Dred Peacock, of High Point, will make the literary address.

Nitrate of Soda For Plant Beds.

The farm bureau is having many enquiries relative to nitrate of soda for use on tobacco plants. The county agent wishes to advise that there is no possibility of getting soda for this purpose, but that Ammonium Sulphate can be had at the Carolina Warehouse Company. Ammonium Sulphate is quite as efficient for plants for transplanting as nitrate of soda. It contains twenty-five per cent of ammonia and therefore wants to be used at the rate of three-fourths as much as one would use nitrate of soda.

G. C. W. Commencement.

Rev. T. A. Smoot, D. D., of Richmond, Va., for sometime a member of the faculty of Greensboro College for Women, was the preacher of the baccalaureate sermon of this institution yesterday. The service took place at 10.30 o'clock in the college chapel and was largely attended. Special music was sung by the college chorus club under the direction of Mr. B. S. Bates. Last evening Rev. Lov D. Thompson, of Statesville, delivered the annual address before members of the Y. W. C. A. of the college.

A. & T. College Graduates.

The graduating exercises of the Agricultural and Technical College were held Thursday afternoon, with J. C. Dancy, former collector of customs, at Wilmington, as the principal speaker. The exercises were of a practical nature, and instead of the graduation orations there were two practical demonstrations, one in making a floral design, by William Small, of Southern Pines, and the other a demonstration of window glazing by L. P. Miller, of Roanoke, Va. An address on "Loyalty" was made by J. M. Reeves, of Atlanta, Ga. President Dudley made a short and encouraging address to the students. The degree of bachelor of science in agriculture was conferred upon S. A. Haley, now in a training camp; H. V. McCormick, also with the colors; William Small, of Southern Pines; J. G. Stedman, of Bear Creek. The degree of bachelor of science in mechanic arts was conferred on C. J. Dorman, with the colors; E. M. Rodrick, Maxton; J. M. Reeves, of Atlanta, Ga.; B. W. Whitney, now in service, and J. H. Whitney, also with the colors.

Graduates in Medicine.

Friends and relatives have received invitations to the graduation of Miss Annie V. Scott, of this county from the Woman's Medical College, of Pennsylvania, on June 5. Miss Scott will be remembered as a member of the class of 1914 of the State Normal College. Her friends will be glad to know that Miss Scott was president of her medical class during junior and senior years and also president of the College Young Woman's Christian Association during the past year.

Diplomas to 56 Seniors.

Graduating exercises of the Greensboro high school were held Friday evening in the Municipal theater. The class this year was graduated without a single failure, being fifty-six in number. The program included two addresses by Charles Gold, Jr., and Miss Lucy Clapp, the principal speech was by Dean M. H. Stacy, of the University of North Carolina, and music by the Glee Club. Professor Stacy's address was heard with interest and was a worthy and entertaining effort. The class day exercises were held Thursday night.

Arrested in Virginia.

Commissioner of Public Safety Phipps left yesterday for Norfolk, going via Richmond, and his object is to bring back here for trial J. B. Godfrey, a white man who will be charged with the larceny of an automobile. It is said that Godfrey made the bill of sale for a stolen automobile here to A. H. Sears, a white man who is held in the Guilford county jail on a larceny charge. Godfrey was arrested here once on a similar charge but he gave bond and failed to return. He was arrested in Norfolk at the request of Greensboro. The police got requisition from Raleigh and Mr. Phipps goes by Richmond to get the signature of the governor of Virginia.

BANKRUPT SALE OF SEVEN OF THE BEST BUSINESS LOTS IN BURLINGTON.—TWO MAGNIFICENT BUILDINGS ON SEPARATE LOTS.—FIVE EXCELLENT VACANT BUSINESS LOTS.

These seven valuable business lots in the very heart of the city of Burlington, North Carolina, on its principal streets, will be sold at public auction, on the premises by the undersigned trustee, on

Tuesday, June 18, 1918, at 10.30 o'clock A. M.

No better business locations in Burlington. Both of the buildings and two of the vacant lots front on new asphalt pavements.

The building on Main street, formerly occupied by the department store of Jos. A. Haley and Bro. Company, the bankrupt, has two street entrances on paved streets, is a splendid two story brick building and has 10,517 sq. ft. of the space.

The building on Front street is a new and modern three story brick building 88x96 ft. with 15 foot alleyway in rear. This building is equipped with steam heat, electric lights, water and sewerage. Basement under whole building. Four modern glass front store rooms on first floor, 51 good offices and residence apartments on second and third floors.

Rental value at present rates \$463.00 per month.

Two of the vacant lots are each 61 ft. by 23 ft. 8 ins.; one is 61 ft. by 32 ft. 8 ins.; one 27 ft. 8 ins. by 74 ft. 3 ins.; one 28 ft. by 74 ft. 3 ins.

Before the subdivision by the trustee the appraisers valued the entire property at \$85,000. You have an opportunity to buy the lot you want at your own price subject only to confirmation by the court. There will not likely be another such chance to buy business property in Burlington within the next fifty years.

The property itself and plans showing it may be seen and further information in regard to it may be had by calling on the undersigned trustee.

Terms on all sales, one-third cash, one-third six months, one-third twelve months, deferred payments bearing 6 per cent interest.

Remember the date and be on hand.

W. S. COULTER, Trustee.
