VOL. 98. NO. 5

ESTABLISHED 1821.

THE DRY AMENDMENT LACKS BUT ONE STATE

THE RATIFICATION WILL BE COMPLETED WITHIN THE NEXT FEW DAYS.

Washington, Jan. 15.—Legislatures of 45 states, one less than the required three-fourths have ratified the prohibition constitutional amendment. Several state assemblies now are in session and are expected to take action tomorrow with a probable race between Nebraska, Missouri and Minnesota as to which will be the 36th on the list.

Ratification was completed to-day by the legislatures of five states—Idaho, Colorado, Oregon, New Hampshire and Utah—making a total of 42 in two days. Of the 35 states that have taken action, 14 have certified their action to the federal state department. They are Virginia, Kentucky, North Dakota, South Carolina, Maryland, South Dakota, Texas, Montana, Delaware, Massachusetts, Arizona, Georgia, Louisiana and Michigan.

The amendment, under its provisions, becomes effective one year from the date of its final ratification. Additional legislation by Congress is necessary to make it operative and ground work for this already has been laid. This legislation will prescribe penalties for violation of the amendment and determine how and by what agencies the law shall be enforced.

If ratification is completed this month, many officials here believe the country will become permanently "dry" next July 1, the date on which the special war time prohibition recently enacted by Congress goes into effect. This law prevents the manufacture and sale of intoxicants for beverage purposes and remains in force until the demobilization of the nation's war armies is completed.

Court action to prevent the amendment becoming operative already has been started in California, where an order temporarily restraining Governor Stephens from signing ratification of the amendment has been obtained. It has been intimated that similar action may be taken in other states in which, it is stated, state laws require that federal constitutional amendments must be submitted to a referendum.

The prohibition amendment resolution passed by Congress provides that ratification by the legislatures of the several states are provided by the constitution.

The resolution follows:

"Resolved by the senate and house of representatives of the United States of America in Congress assembled (two-thirds of each house concurring therein, that the following amendment to the constitution, be, and hereby is, proposed to the states, to become valid as a part of the constitution when ratified by the legislatures of the several states as provided by the constitution.

"Article. "Section 1. After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

"Section 2. The Congress and the several states shall have concurrent power to enforce this article by appropriate legislation.

"Section 3. This article shall be unoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several states, as provided in the constitution, within seven years from the date of the submission thereof to the states by Congress."

The resolution was passed by the senate 68 to 20, August 1, 1917.

Jan. 14.—Seven states today completed ratification of the prohibition constitutional amendment and brought the number taken action to thirty. The number now required for ratification is thirty-six.

California, Illinois, Indiana, Kansas, North Carolina and Nebraska were the states joining the amendment.

On the Nebraska senate

and the lah house voted for ratification.

The California legislature completed ratification last night of the proposed federal prohibition amendment when the assembly adopted a resolution already approved by the senate. The vote was 48 to 28.

In this state, however, attorneys for the Grape Growers' Protective League filed suit for an injunction to restrain the governor from certifying the ratification. In support of the suit it was argued that all acts of the California legislature must be submitted to a referendum.

Nebraska to Make 31.

Lincoln, Neb., Jan. 14.—A joint resolution providing for ratification of the national prohibition amendment was passed by the senate of the Nebraska legislature to-day. The house is expected to consider the measure within a few days.

Salem, Ore., Jan. 14.—The Oregon house of representatives ratified the dry amendment this afternoon. The senate probably will take action tomorrow.

GENERAL MANNING URGES THAT CHARGES BE PROBED.

Washington, Jan. 13.—A congressional committee may be asked to investigate the serious charges made against medical army officers in charge of Camp Polk, at Raleigh, by Attorney General Manning.

Mr. Manning feels keenly on this subject. One of his sons died of illness in France. In response to a letter from Mr. Simmons, embodying the complaints of Mr. Manning, Surgeon General Ireland sent to Senator Simmons the report of Maj. William E. Harrington, camp surgeon at Camp Polk, in which he denied there had been neglect of sick soldiers. All of these facts have been published in the state. In a letter to Senator Simmons to-day, Mr. Manning added:

"My first letter to you was based upon complaint made to me and facts stated to me by some of the most highly respected ladies of Raleigh, who nursed wherever the sick soldiers were. The complaints which these ladies made were the result of their own observation, were facts that fell under their own eyes, and the only question open was whether these ladies told the truth. Knowing their high character and their loyalty and devotion to these strangers I am very frank to say that I would believe their statements in preference to those made by Major Harrington."

The charges were that sick soldiers had been neglected, poorly fed, and moved when they should have been kept quiet.

AGREE ON TERMS FOR A RENEWAL OF ARMISTICE.

Paris, Jan. 13.—An official communication issued after the supreme war council adjourned to-day says:

"The meeting reached an agreement as to the terms on which the armistice is to be renewed on January 17. This included naval clauses, financial clauses, conditions of supply and provisions for the restitution of material and machinery stolen from France and Belgium by the Germans.

"The meeting also continued its discussion of procedure. It was agreed to hold the next meeting of the supreme war council on Wednesday at 10.30, and that the first full session of the peace conference will take place on Saturday, January 18, at 2.30 P. M. at the foreign office."

Nine Children in Four Years.

Sycamore, Ga., Jan. 14.—Quadruplets born to Mrs. Mark Dukes, wife of a farmer living near here, on January 9, make a total of nine children born to the couple in the last four years. It was learned here to-day. All four of the babies are alive and healthy. Mrs. Dukes gave birth to triplets in 1915 and to twins in 1917.

Money Needed For Expenses.

Washington, Jan. 13.—Congress was asked to-day by Secretary Daniels to appropriate \$270,400,000 to meet a deficit in the navy's expenses for the current fiscal year. The request included \$137,400,000 for pay to sailors; \$22,805,000 for provisions; \$14,390,000 for freight and \$18,000,000 for repairs to vessels.

THE FAMINE MEASURE PASSED BY THE HOUSE

PARTY LINES EFFACED AND \$100,000,000 APPROPRIATION PASSED BY 270 TO 73.

Washington, Jan. 13.—Appropriation of \$100,000,000 for famine relief in Europe outside of Germany was approved tonight by the house, which passed the administration measure after its enactment had been argued anew to-day by President Wilson as the only effective means of combating the westward spread of Bolshevism. The bill now goes to the senate.

Party lines were effaced in the house debate and vote, and despite energetic demands by opponents of the bill for more specific information regarding the proposed expenditure and criticism of the President, Herbert C. Hoover and Vance McCormick, chairman of the war trade board, a special rule reported by the rules committee was adopted and afterward the bill was passed, 240 to 73.

The only amendment accepted was one by Representative Sherley in charge of the measure, which permits use of part of the fund for relief in countries contiguous to Europe.

This would make it possible to aid sufferers in the near east.

Wilson Was Urgent.

President Wilson's urgent appeal that the appropriation be authorized to aid the consummation of peace was sent to Senator Martin and Representative Sherley, chairmen of the congressional appropriation committees, and was read on the floor of the house by Mr. Sherley.

It was supplemented by a report to the state department from Henry D. White, Republican member of the American peace delegation. Both messages said the problem of supplying food to the distressed peoples recently liberated from the rule of the central powers was one of paramount importance in obtaining a return to normal conditions.

"Food relief is now the key to the whole European situation and to the solution of peace," Mr. Wilson said. "Bolshevism is steadily spreading westward. It cannot be stopped by force, but it can be stopped by food."

Must Stop Tide of Anarchism.

The President added that unless the "tide of anarchism" is stemmed, it may not be possible to find definite governments with which to conclude peace.

Mr. Sherley informed the house on inter-allied council composed of two representatives each from Great Britain, France, Italy and the United States will supervise the food distribution but this statement did not satisfy opponents of the bill.

Representative Gillett, of Massachusetts, Republican, said the policy proposed might cost a billion dollars, and Representative Gordon, of Ohio, Democrat, asserted that no information was given that the fund was needed to promote peace.

References to Food Administrator Hoover caused Representative Wood, of Indiana, Republican, to declare Mr. Hoover "the most expensive luxury ever fastened on this country."

Can Now Get Sugar From North.

Washington, Jan. 14.—Senator Simmons has taken up with the food administration on the question of embargoes on shipments of sugar from northern points to points in North Carolina. He has been advised by the food administration that all restrictions on shipments of sugar from northern points to points in North Carolina will be removed January 20. Any jobber desiring to order sugar now from northern markets is permitted to do so but actual shipments will not be made until on or after the 20th of January.

Marriage at Randleman.

Randleman, Jan. 14.—A wedding which will be of interest throughout the state was that which occurred at this place January 3, when Miss Ellen Beatrice Wright became the bride of Clarence B. Parsons. The impressive ring ceremony was performed by Rev. G. H. Christenberry, of western North Carolina, in the presence of the immediate friends of the young couple. The marriage took place at the temporary home of the pastor.

GUILFORD SUPERIOR COURT CONVENED MONDAY

ELEVEN DIVORCES GRANTED—OTHER BUSINESS DISPOSED OF—SENTENCES PASSED.

In Guilford Superior court Monday the chief business to come up for consideration was the matter of divorces. Eleven plaintiffs, seven men and four women, appeared and brought charges against their helpmate and asked that marital relationship be severed.

The calendar for Monday was disposed of early in the afternoon and adjournment was taken until Tuesday.

One of the cases set for Monday and continued was that of Juanita W. Shaw vs. city of Greensboro.

Divorces were granted as follows:

W. H. Coble from Fleta Coble. Thomas Whitfield from Lula Whitfield.

Pauline Burchiel from Robert L. S. Burchiel.

Willie M. Davis from James B. Davis.

P. L. Beck from Mary Beck.

Dora Lineberry from John Lineberry.

Earle Goolsby from Sophia Goolsby.

C. M. Letcho from Cora Letcho.

John Katchulas, alias John Callis, from Bertha Katchulas.

Nancy Holly from T. D. Holley.

P. W. Arnett from Flora L. Arnett.

In the latter case the plaintiff alleged that his wife was crazy, had been crazy for a period preceding their marriage and that the union, therefore, was void. In another case 10 years' separation was given as the cause for the proceedings.

During Monday afternoon the case of the heirs of Moses Stafford vs. Clerk of Court M. W. Cant was taken up and disposed of. Mr. Cant was holding a sum of money, about \$1,450, to be paid to the heirs and the action was to secure the names of the heirs to whom the money should be paid. A similar case was that of Emily Russell vs. Junior Order United American Mechanics. A sum of money was being held pending a decision as to whom it should be paid, several claiming the sum.

The attention of Superior court was focussed throughout the entire day Tuesday on the trial of a civil suit in which the plaintiff, Edw. W. Reynolds, is attempting to recover from the Southern Railway Company \$25,000 damages for injuries allegedly received when he fell into a cinder pit at Danville, Va., on February 14, 1917. Testimony of all the plaintiff's witnesses was heard and a good many of the defendant's witnesses were also examined when darkness interrupted the court.

Attorneys for the plaintiff are W. P. Bynum and R. C. Strudwick. John N. Wilson and C. C. Frazier represent the railroad company.

Yesterday afternoon the jury in the case of E. W. Reynolds vs. Southern Railway returned a verdict in the sum of \$1,500.

CAMP GREENE IS FAST BEING DISMANTLED.

Charlotte, Jan. 14.—Camp Greene is being dismantled and men there demobilized rapidly, following official orders from the war department received last week, to dismantle and abandon the camp within six weeks. Swarms of prospective buyers from all parts of the South and East are here consulting with the camp authorities relative to buying the material and equipment on hand there which must be sold at once. Most of them, according to army officers, want to buy "a million dollars worth of stuff for 50 cents."

About 6,800 men are at present stationed at Camp Greene. At one time as many as 45,000 men were there, and during the last few months the average population has been 15,000 men, a large part of whom were negroes.

Another Record Breaker.

On one and one-fourth acres of land Mr. John L. Suit last season raised 1,900 pounds of tobacco. There were 5,455 hills and it brought \$660. It cost only \$25 to fertilize the tobacco. This is a remarkable yield considering the fact that the hot spell of weather scalded the lower leaves.—Oxford Public Ledger.

ANOTHER RAILROAD WRECK KILLS NINE, HURTS MANY.

Philadelphia, Pa., Jan. 13.—Nine persons were killed and more than a score injured tonight when the Scranton flyer on the Philadelphia and Reading Railway crashed into the rear of a Doylestown local train while the latter was standing near Fort Washington station, fifteen miles north of here.

The rear car of the local was demolished. When the engine of the express struck it the seats and roof of the coach, an old wooden type, were thrown into a heap, burying all the passengers in it. The engine plowed through the coach until it reached the last seat. Seven passengers who were killed outright were mangled almost beyond recognition. Two others died while they were being rushed to hospitals.

The Doylestown local left Philadelphia at 5.30 P. M. and picked up scores of munition workers along the line. As it approached Fort Washington station the engineer it was said observed a derailed freight engine and halted his train. A few minutes later the Scranton flyer from Philadelphia dashed around the curve at this point and crashed into the standing local.

The roof of the wrecked coach virtually covered the engine of the express train. When the wreckage was partly cleared the bodies of the dead and injured were found jammed between the coach wheels.

The track for some distance was searched and Ralph Huff, 35 of North Wales, was found on the engine of the express train where he had been thrown by the collision. Huff received severe burns.

As soon as the news of the wreck reached Philadelphia first aid parties consisting of physicians and nurses from local hospitals were on their way to the scene in automobiles. Most of the injured were hurt severely and a few are not expected to live. Nearly all are suffering from fractured or crushed limbs, severe bruises, concussions and loss of blood.

All the seriously injured live in or near Philadelphia.

AMERICANS TAKE ACTIVE PART IN NEW TERMS.

Paris, Jan. 14.—The four American armistice representatives left to-day for Treves, where Marshal Foch is presenting the new terms to the German commission. The party consisted of Admiral William Benson, chief of operations of the United States navy; Norman H. Davis, representing the United States treasury; Chairman Hurley, of the American shipping board, and Louis P. Sheldon, who will represent American Food Administrator Hoover. A report presented to the council having charge of carrying out the naval terms of the armistice, stated, according to the morning newspapers, that the inter-allied commission which visited Kiel and Wilhelmshaven discovered submarines under construction in slips, which the enemy thought would be overlooked.

According to the report the discovery at Kiel and Wilhelmshaven led to the finding of other vessels and consequently the new terms of the armistice will require the surrender of all submarines already built and the destruction of those on the way.

SECRETARY GLASS IS SURE FIFTH LOAN WILL GO OVER.

New York, Jan. 14.—"When the appeal is made to the judgment and to the sentiment of the American people the fifth, and I trust the last, liberty loan will go over the top as the four preceding liberty loans have done," Carter Glass, secretary of the treasury, told members of the New York State Bankers' Association tonight in his first public address since taking office.

Mr. Glass expressed his belief in the patriotism of the American people and denied that it would be necessary to float the fifth liberty loan on a purely commercial basis.

Henry Ford's Contest.

Washington, Jan. 14.—Taking up Henry Ford's contest of the election of Truman H. Newberry, Republican, to the senate from Michigan, the senate elections committee to-day decided to invite both parties to appear personally or by counsel Friday.

WHAT THE GENERAL ASSEMBLY IS DOING.

BRIEF SUMMARY OF THE PAST THREE DAYS' WORK AT RALEIGH.

Raleigh, Jan. 13.—Representative Darden, of Halifax, sprung a resolution this afternoon in the house providing for adjournment of the legislature until the third Wednesday in April on account of the prevalence of influenza. He wanted immediate consideration, but sharp opposition developed and the resolution went to the committee on health.

Representative Mull, of Cleveland, insisted there was nowhere to run to get away from the "flu;" that it was everywhere. Besides he didn't want the legislature to run from it. He wanted some of the courage of the battlefields reflected here. Some may be stricken and a few have to make the supreme sacrifice, "but let us stay here where duty is, and we will feel better," said he.

Representative McCain was inclined to favor the recess but preferred at this time to have the resolution referred to the health committee. This was done.

The new rules adopted were adjusted to give the speaker the power to exclude the general public from the legislative hall at any time if the health precautions make this desirable.

Committees Named.

Both Speaker Brummitt and President Gardner, of the senate, announced long lists of committees to-day.

Governor Bickett asked both houses for the immediate appropriation of \$75,000 for rebuilding the burned dormitories at Caswell Training School.

Speaker Brummitt is sick at home owing to his having taken the anti-flu toxin.

The senate passed the house resolution memorializing the peace conference at Paris to make war forever impossible in the peace terms.

Senator Gray, of Forsyth, introduced a bill today to estimate the expense and establish a budget system for the state. It was referred to the committee on finance.

Senator DeLaney introduced a bill to co-ordinate the inspection of oil and gas.

Senate Session.

The senate was convened at noon by President Gardner, prayer by Rev. Milton Barber, of the Episcopal church.

New bills in the senate included: Stevens—Amend the law as to the sale of mortgaged property under section 629 revision. Judiciary committee.

Wright, of Johnston—Amend the law so that husband or wife may testify in criminal proceedings against either. Judiciary committee.

Wright, of Rowan—Prescribe a limit within which wills may be probated. Judiciary committee.

Warren—Amend the statewide road law. Committee on roads.

House Session.

In the house—new bills were: Butt—Authorize special tax for Beaufort.

Gettys—Authorize special tax in Rutherford county.

Bowman—Regulate sale and distribution of mair in North Carolina.

McCain—Authorize issue of state bonds to mature April 19, 1919.

Bryant—Amend revision as to secret assault.

Both houses adjourned to noon Tuesday.

The house committee on liquor traffic, Mintz, chairman, voted this evening to report favorably the joint resolution from the senate to ratify the federal prohibition amendment to the constitution.

Raleigh, Jan. 14.—The senate was called to order at noon by Lieut. Gov. O. Max Gardner, the invocation being made by Rev. Dr. Weston Bruner, pastor of the Baptist Tabernacle, after which a recess was taken to attend the joint session in the hall of the house of representatives to canvass the vote for state officers in the last election. Senator Warren offered a joint resolution in memory of the late Edward Kidder Graham, president of the University of North Carolina, which was adopted unanimously.

Senator Price asked that his joint resolution providing for appoint-

New Bills Yesterday.

Bills introduced yesterday were: H. B. 58: McNeil—To amend chapter 159, public laws of 1917, authorizing relatives and friends of dead to keep graves in good condition.

H. B. 64: Jackson—To amend section 4, chapter 80, public laws, 1917, relative to sheriffs and tax collectors.

H. B. 67: Bryant—To amend section 1567, revision of 1905, relating to alimony.

The house adjourned to meet at 11 o'clock tomorrow.

New Rules.

Raleigh, Jan. 15.—The senate spent the morning thrashing out rules to govern this session and rounded out a schedule of them patterned largely after those of the last session. New features exclude from the lobbies all persons except legislators and state officers, not even the president of the senate having the power to invite visitors into the lobbies, this being to safeguard the health of the legislators in these epidemic times.

Another new feature is rule 55, which prevents introduction of any bill, the principal features of which have already been tabled or otherwise defeated, except by consent of two-thirds of the senate, except that a bill may be considered that would apply a principle to a county where a similar measure has been defeated as a statewide bill.

Shepperd introduced a bill to provide a quarter million dollar state agriculture building for the board of agriculture to be erected with funds saved from department receipts.

The House Session.

Speaker Brummitt convened the house at 11 o'clock. The prayer was said by Rev. Mr. McFarland, of the Methodist church.

Representative Matheson, of Iredell, who has been sick at home since the legislature met, reported presence for the first time and a leave of absence for him to apply from January 8 to date was granted.

A petition, largely signed, was presented by Saunders, of Pasquotank, asking the privilege of using pike nets in Pasquotank river. New bills were introduced as follows:

Shepperd—Amend the law as to the taking of oaths by the corporation commission.

Shepperd—Provide for the erection of a suitable building for the state department of agriculture, by authorizing the expenditure of \$250,000 receipts of the department, when available for the purpose.

Gold—Repeal an act of 1905 as to making conveyances where the wife is incapacitated permanently.

Wilson—Amend the prohibition act and provide better enforcement in Buncombe county.

Spence—Validate probates and regulate cases of defective instruments.

The Senate.

The senate convened at noon with President Gardner in the chair. The oath of office was administered to Senator Haymore, of Surry, who has been detained at home by sickness until this time. New bills were introduced as follows:

Sisk—Revisal relating to the pay of jurors.

Connor—Control dogs and help the sheep industry.

Long, of Montgomery—Authorize the State University and State Normal College to give free tuition to inmates of orphan asylums.

Wright—Amend the revisal so as to prevent lapses in revives and legacies.

Cross—Provide for fees in the Gates county register's office.

Burns—Amend the law as to marriage of minors and require all men to present certificates of health in applying for marriage licenses.

The senate took up the report of the committee on rules and adopted rules by sections 1 to 55. It was voted to require a two-thirds majority to take a bill from the table.

The senate passed the bills to amend the law as to the use of assumed names in partnerships, to amend section 629 of the revisal and to amend the Washington county road law.

The senate carried over to tomorrow the bill to empower judges to accept as the verdict the finding of 10 jurors in civil causes and a bill to amend the statewide road law. The senate recessed to 11 o'clock Thursday.

Mrs. Fisher Sells Pretty Home.
On Tuesday the pretty home of Mrs. R. J. Fisher, 1014 Summit avenue, was bought by T. B. Ogburn for a consideration said to have been \$15,000. The deed has not yet been filed for registration. The home of Mr. Ogburn, 243 North Edgeworth street, was sold only a few days ago to J. R. Caffey. Mrs. Fisher is now residing in Philadelphia with her daughter, Miss Maude Fisher, who is a nurse in the Episcopal hospital of that city, and it is not thought that she will make a new purchase here at this time.

Collision of Automobiles.
What narrowly escaped being a serious accident occurred on Spring Garden street extension Tuesday afternoon, when an Oldsmobile, in which Edwin Sparger and J. W. Patterson were going west, and a Ford, occupied by Rev. E. E. Lowdermilk and wife, of Concord, coming east, collided. The accident occurred almost opposite the West End M. P. church. Mr. Lowdermilk was on the left side of the road and had glanced at the church in passing. When Mr. Sparger saw no effort was made by the approaching car to turn to the right, he went to the left and about that time Mr. Lowdermilk turned to the right. The Oldsmobile was dished into a telegraph pole and was badly torn up. The Ford struck the other car and Mrs. Lowdermilk was thrown out. Luckily she was not badly hurt, and the others escaped injury.

Is Visiting His Mother.

Lieut. Oscar F. McNairy, of the 70th engineers, who has been stationed at Fort Benjamin Harrison, Indianapolis, Ind., has received an honorable discharge from the service and is here for a visit with his mother, Mrs. J. W. McNairy, Arlington street. He will probably locate in Portsmouth, Va., where he is expected to take up his work as civil engineer, which he dropped when he enlisted in the service.

Death of Young Girl.

Miss Nellie Florence, the 15 year old daughter of Mr. and Mrs. Joseph Sergeant, of Pearson street, died Tuesday morning, following an illness of a few days. Besides her parents, one brother and one sister survive. The funeral was held from Westminster Presbyterian church Wednesday afternoon at 3 o'clock, the services were conducted by her pastor, Rev. C. E. Hodgkin. Interment was in Greene Hill cemetery.

Go to Church Sunday.

The regular services of the Buffalo and Midway Presbyterian churches will be observed Sunday at the usual hours. Sunday school at Buffalo at 10 A. M. and preaching at 11 by the pastor, Rev. E. Frank Lee. His subject will be "The Unwasting Meal and the Unfailing Oil." Christian Endeavor will meet at 6.30 P. M. Sunday school at Midway at 2.30 P. M. The public is cordially invited to all these services.

Former Baptist Pastor Here.

Rev. Dr. Henry W. Battle, former pastor of the First Baptist church, who is now residing in Charlottesville, Va., is here on a visit. Dr. Battle was pastor of the local church when the convention last met in this city and has many friends throughout the state, both in and outside the denomination. He was called out on the floor of the convention Wednesday night and mention was made of the fact that he built the present handsome church in which the convention was assembled.

Mrs. Frances Steele Dead.

R. E. Steele Tuesday afternoon received a message informing him of the death of his mother, Mrs. Frances Steele, which occurred that afternoon at 4.30 o'clock at the home in East Bend, Yadkin county. She was 80 years of age and had been in declining health for three years. Her husband died about three years ago. Eight children survive. Mr. Steele left Wednesday morning to attend the funeral which was held from the East Bend Baptist church, of which she was a lifelong member, Wednesday afternoon.

Car Stolen at Burlington.

Dr. and Mrs. W. H. Braddey went to Burlington by auto Saturday afternoon to spend Sunday. Dr. Braddey placing his car in a local garage after arrival. When he went to get his machine for the return trip Sunday, it was not there. A thorough search was made and the car was finally located in a field near Haw River, some five miles below Burlington. The engine was somewhat worse for wear as a result of hard driving and the machine sustained other damages. There is no clue as to who stole it from the garage. It was sufficiently repaired Monday to permit Dr. and Mrs. Braddey to return home that evening.

"Go to Church Sunday."

Interest is increasing here in the establishment of "Go to Church Sunday" this week, and the following committee of the Greensboro Ministerial Association is actively working to increase the attendance next week: Rev. C. E. Hodgkin, Rev. E. L. Bain, Rev. C. W. Bates, Rev. Raleigh White and Rev. A. L. Plyler. Announcement relative to the plan are being made in many of the leading business offices, while cards are placed in the windows of a large number of stores. The ministers request that the plan shall be made known to all employees this week, so that they may make arrangements in advance to attend church next Sunday. A unique announcement will be made in all Greensboro pulpits at that time.

President of Baptist Convention.

Dr. B. W. Spillman, who was Tuesday elected as state president, is one of the best known ministers in the Southern Baptist Convention. He was the first Sunday school secretary in the state, and was the first field secretary for the Baptists. He is now connected with the Sunday school board of the Southern Baptist Convention, also field secretary to the educational board of the same body, and is secretary of the Southern Baptist Assembly at Ridgecrest, and secretary of the lesson committee of the Southern Baptist Convention. It is predicted that Dr. Spill-

man will so direct the work of the denomination in the state that great progress will result, and especially it is expected that the Sunday school work will rapidly assume enlarged proportions under his administration.

PERSONAL MENTION.

Dr. J. Y. Joyner, of Raleigh, is among the delegates at the Baptist convention.

Ex-Sheriff S. W. Andrews, of Orange county, is a delegate from the Chapel Hill Baptist church.

County Farm Demonstrator Walker and Mrs. Walker, of Reidsville, were here on a visit to friends Monday.

Editor of Charity and Children, Archibald Johnson, is among the leading men at the Baptist convention.

Dr. Luther Little, pastor of the First Baptist church of Charlotte, delivered one of the greatest speeches of the convention on Wednesday night.

Dr. and Mrs. Millard Fox, of Guilford College, have heard that their son, Thomas J. Fox, has arrived in Newport News, and will soon be home.

George L. Stansbury, manager of Huntley-Stockton-Hill Company, left Monday afternoon for Grand Rapids, Mich., to attend the annual furniture exposition.

Allen McKnight left Monday for Chapel Hill, where he will attend school during the spring term, following completion of his duties as assistant military instructor at Oak Ridge Institute.

Her many friends will rejoice to learn that the health of Mrs. Josie A. McAdoo, who is spending the winter with her son, William D. McAdoo, in St. Petersburg, Fla., is greatly improved and that she is rapidly regaining her strength.

Point out a Bank which enjoys a steady growth year after year and you have an institution that renders a service of genuine benefit to the public.

Progressive, wide-awake firms and individuals like to patronize an active and accommodating financial institution; in fact, a Bank that does not satisfy will not receive a constantly increasing amount of business.

Measured by the standard of growth, the American Exchange National Bank stands forth as one of the most successful financial institutions of the country.

We live up to a policy of placing the best interests of depositors ahead of every other consideration, and as a result this Bank enjoys a substantial gain in deposits year after year.

In serving our customers we see to it that not only is every routine detail attended to with accuracy and promptness, but also that the individual requirements of each depositor are carefully studied and service rendered accordingly.

NO MATTER WHAT YOUR OCCUPATION

may be, you will find it to your advantage to make the American Exchange National Bank your "partner" and let us help you in handling all your financial affairs.

You will always find us ready and capable to serve you in any way in keeping with sound banking. We invite small as well as large checking accounts, and pay 4 per cent interest, compounded quarterly, on Deposits in our Savings Department.

**PROHIBITION GOES MARCHING ON.**

On Tuesday seven states in the United States adopted the prohibition amendment to the constitution of this government.

They were the states of Arkansas, California, Illinois, Indiana, Kansas, Alabama and last but not least the grand old state of North Carolina.

The total ratification to the present time is thirty states, and only six more states are needed to make the prohibition act the law of the land.

Prohibition has been marching on and John Barley Corn will have to take to the woods into other lands if he is to legally exist.

No public question has been of more far reaching results than the prohibition legislative movement. The pioneers for temperance for years thought that the only way to ever obtain prohibition was to establish a Prohibition party—and they were honest in the matter, for in those early days no man of influence in either of the old political parties would dare touch the question of temperance.

The old order of things has been reversed, and now no real leader of any political party will dare to oppose prohibition laws. This is a glad day for some of the older men and women who have labored for the cause of temperance in season and out of season.

In the house of the legislature, the opposition to the prohibition amendment was led by Harry Stubbs, of Martin, who has been opposed to all prohibition legislation for twenty years or more that he has been in the legislature. He secured a following of nine votes besides his own in the house against the measure on Tuesday.

Ninety-three votes for the measure and ten against it. We read of the wise virgins and the foolish ones—we class the ten men who voted against the measure, among those who are not wise.

Since the above lines were written five more states have ratified the amendment—Iowa, Colorado, Oregon, New Hampshire and Utah. Only one more state needed to make the amendment the law of the land.

POOR MEN AND PUBLIC OFFICE.

Since Mr. McAdoo and Mr. Gregory, of the Wilson cabinet, have resigned, some discussion has been going the rounds of the press as to salaries of public men—and especially the men who are at the heads of the departments, or cabinet officers.

Twelve thousand dollars is the salary of the cabinet officers—and we have had two resignations. The excuse offered is that they could not live on the salaries.

We ought to have in this democratic form of government, of ours—many things that we do not have, and one of these is it ought to be possible for a man of ability and

capable of serving the public, to do so without having to have an abundance of this world's goods.

The tendency is in both the states and the nation that a poor man can not be honored with public office.

In North Carolina a man can not run for a state office unless he has a considerable amount of money. There are one hundred counties and various and sundry primary regulations that make it necessary for any man who has an ambition to serve his state, even if he wants to make any sort of a run for one of these offices, to spend one or two years of the salary to make any show at all. The poor man has a very poor show at public office in this day and generation.

BACK TO THE PEOPLE WITH EDUCATION.

Some weeks ago The Patriot advised the new state superintendent of education to take the people into partnership in the educational work of this state. It seems that there is need of this kind of movement throughout our country as our readers will see from the following lines:

"Charles B. Stillman, president of the American Federation of Teachers, said it was a blessed thing for the nation that democratic institutions had sufficient vitality and ability to survive the public school. Dr. Charles R. Mann, professor of education in the Massachusetts Institute of Technology, declared the system of education in America is fundamentally wrong, with a false base and an equally insecure superstructure.

"The fact that democracy has survived our schools shows that it has tremendous vitality," said Professor Stillman. "We have developed an autocratic system that has Prussianized the schools of the country."

These words were spoken in Washington where was held an educational conference on rural public schools.

PRESIDENT WILSON TO TOUR STATES?

Word has been sent out that President Wilson may possibly make a tour of the states upon his return to the United States.

One thing is sure that if the President does decide to do so every town in the United States will want the President to stop and tell something of the peace conference.

We are glad Wilson is giving Europe a sample of American democracy. It has been a great eye opener to those countries and will do much good for the governments of those ancient lands.

American citizens will give the President such a reception on this tour, if taken, as has not been accorded to any President of the United States in all of its splendid history.

We hope the tour will be made. It will do the cause of democracy good at home and abroad. We use the word democracy in no partisan sense—but in the sense of the government of the people by the people and for the people.

BAPTIST STATE CONVENTION.

Greensboro has been honored this week with representative men from all parts of North Carolina from among the great Baptist hosts.

Greensboro has given a royal welcome to these visitors and has been delighted to have them assemble here in their annual state convention.

This great denomination has done great work along the lines of educational and church work. During all the years past the denomination has been forward looking in making its plans for larger and better things.

Their latest and most remarkable effort is the one now on to raise a million dollars for their educational institutions—and it will be raised.

We congratulate them upon their splendid record and wish for them continued success in the great work they are doing.

A STATE AGRICULTURAL BUILDING.

We want to most heartily endorse Governor Bickett's recommendation to the legislature to provide a permanent building for the work of the de-

partment of state agriculture.

The present building is nothing short of a disgrace to the state of North Carolina. It has stood as a monument long enough to antediluvian days.

By all means let the present legislature provide a new home for the growing and useful work of the department of agriculture, so that citizens of the state when they go to Raleigh will not have to come away with a feeling of humiliation that the work of agriculture is ignored by the law makers of the state.

A RED LETTER DAY FOR EQUAL SUFFRAGE.

North Carolina suffragists added to their prestige materially by the successful manner in which they arranged for their annual workers' conference. The Bryan speaking was quite the biggest event of the sort Raleigh has had since the influenza came along last fall and smashed enterprise as far as large assemblies were concerned.

Mr. Bryan's visit to the state in the interest of equal suffrage emphasizes the cause in the most striking way that the growth of the movement in this state has known. His two magnificent speeches, the first in the general assembly and the other one last night in the city auditorium, the latter devoted specifically to equal suffrage, and presenting arguments of sledge-hammer force, were calculated to bring considerable strength to the cause, but the Bryan influence will reach and move thousands of North Carolinians who were far beyond the range of his voice and who may read the newspaper reports of his speeches only perfunctorily or not at all. The fact that Mr. Bryan came to North Carolina to speak for suffrage and not what he said will be the consideration with the greatest number of people affected one way or another by yesterday's big occasion. The people trust Bryan and where he leads they are ready to follow.

That is why yesterday was a red-letter day for suffrage in North Carolina. It heralded in particularly emphatic fashion the fact that Bryan the Commoner, the popular idol with the average man everywhere, is strong for woman suffrage. "Votes for women" will be hereafter a matter taken more seriously in this state than has been the case hitherto. The movement gets a big new impetus as a result of Mr. Bryan's coming. The Equal Suffrage League

is to be congratulated on its achievement and the state officers of the league fought to return a vote of thanks to the local committee for its diligent efforts in behalf of the occasion.—News and Observer.

DR. MCNAIRY.

This tribute to Dr. C. Banks McNairy found in the Kinston Free Press appears to be the sentiment of all who have observed the tremendously important and difficult work that Dr. McNairy is doing:

"No friend of the institution will be inclined to doubt the wisdom of the board of trustees of the Caswell Training School in persuading Dr. McNairy to withdraw his resignation and continue to guide the school over its stony path.

"The past year has been exceedingly stormy and there have been many harassing incidents that try the souls of men who care and who are conscientiously endeavoring to do their full duty by a big job. But then C. Banks McNairy is not of the type called quitters. He is made of the rugged stuff that has characterized the Tar Heel citizen for generations. His resignation was offered in the interest of the school to the extent that the directors would feel free to place the work in other hands if by so doing its interests would be enhanced.

"The directors didn't think that a change at this stage of the game was wise. Those who are familiar with the progress that the school has made, despite the many obstacles that have come its way, do not think so either.

"Dr. McNairy, the Free Press feels entirely safe in saying, can count on the heartiest support of the people of this section in overcoming the disabilities under which he is now laboring."

Dr. McNairy is the man for the place to which circumstances and his own training and predilections have called him. No one can blame him for being discouraged by the train of unhappy events which has marked the recent history of his institution. At the same time it is equally true that no one can lay the blame for those events upon him. He, according to all witnesses, has done and is doing everything that can be done to promote the welfare of the Caswell school. The legislature should give him all possible support for the work that he is doing is a necessary part of the state's activities ministering as it does to unfortunates that are perhaps more pitiable than any other.—News and Observer.

UNITED STATES COURT SUSTAINS REED "BONE DRY" LAW APPLYING TO STATES.

Washington, Jan. 13.—Statutes of "dry" states permitting persons to import or personally bring in limited amounts of intoxicants for their own use were in effect nullified by the so-called Reed "bone dry" amendment enacted by Congress, the Supreme Court held to-day in an opinion reversing the Federal court for the Southern district of West Virginia.

Justice McFrylands, in a dissenting opinion in which Justice Clarke concurred, held that the Reed amendment was not an interstate commerce regulatory measure, but a direct meddling with state affairs and as such purely beyond the power of the federal government.

The case came up on an appeal of the government from the lower court decision dismissing proceedings brought against Dan Hill for carrying a quart of liquor into West Virginia for his personal use as permitted by the state law. The trial court held that such transportation did not come within the meaning of the Reed amendment which it held was intended to apply only to actual shipments of liquor. The Supreme court remanded the case for retrial.

GERMAN HELMETS AS LIBERTY BOND PRIZES.

Washington, Jan. 14.—Eighty thousand German helmets captured by General Pershing's troops, some new, taken from store houses behind the enemy lines, and some battered relics of the battle field have been ordered by Frank R. Wilson, director of Liberty loan publicity, for distribution in the fifth Liberty loan campaign. The helmets will be allotted to federal reserve district headquarters on the basis of their respective subscription quotas, and will be used as prizes for campaign achievements under rules to be formulated by the district managers.

Some Heavy Weight Hogs.

Norfolk, Jan. 14.—Warren county is not short on large hogs this winter, as the weights given below will indicate.

Messrs. E. A. Tudor and Henry Spain killed one hog each that netted over two pounds each.

Mr. S. V. Spain, a prosperous farmer living near this town killed five hogs that weighed 375, 360, 345, 350 and 360, making a total of 1,790 pounds, an average of 348 pounds.

Mr. C. C. Clary, of Elams, this county, reports the following weights of four hogs as follows: 361, 340, 341 and 318, a total of 1,360 pounds, an average of 340 pounds.

The farmers of Warren county are better prepared to live at home and hunt at the same place this year than ever in the history of the county.

Navy Will Man 'Em.

Washington, Jan. 14.—Secretary Daniels said to-day the navy would man German ships which may be allotted to the United States for bringing home the American army should the allied council decide upon that course. He pointed out, however, that if this was done the navy could not demobilize its own personnel.

INTERESTING LETTER FROM SOMEWHERE IN FRANCE.

December 9, 1918.

Dear Wife:

I will write you a few lines tonight as I have a nice place to stay at night. We have electric lights in our house and two pianos and you know we have a nice time.

We had preaching here yesterday morning, and in the afternoon the French people came and had a dance. They danced from two o'clock until six, and then some soldiers came and made music and sang for about one hour, and then the French started up their dancing again and danced until 9.30. I guess they would dance all night if we had not stopped them so we could get to sleep.

Some of the boys said that they were going to give a show here tonight but there hasn't anyone come to make music yet. Well Effie I will try and finish my letter tonight, December 11, as my ink gave out the other night and I could not finish it.

The French people had another dance last night. They danced until 9 o'clock and we stopped them so we could go to sleep. I wish you could see them when they are dancing. I bet you would have to laugh at them for they sure do look funny, some of them have wood shoes and you know they sure can dance with that kind of shoe.

Well if it does not rain too hard we are going to a show tonight at the ——. We sure do have lots of rain over here, but it does not rain as hard as it does over there. It is not as cold over here as it is over there. The ground has been frozen a little but not very much. As it is time for the show I will finish when I get back.

December 12—well I will try and finish my letter tonight as I did not get back in time last night.

Believe me we are having a good time now since I got in this company. If you will get one of the old papers and read it you will see what this company has done.

Say how are C. A. W. and his girl getting along these times. I guess they are married by now, are they not?

I will stop for this time, hoping to hear from you or see you real soon. I remain as ever your husband.

All the stock offered is clean, new and of the best styles and makes, and is being offered at about present prevailing factory prices. If you need shoes for any member of the family it will pay you to attend this sale early. See their announcement in another part of to-day's Patriot.

—Results are what we all want when we buy a piece of machinery, and if you will use an Imperial disc harrow in preparing your ground this spring you sure will get results when harvesting time comes around next fall. When you buy an Imperial you are sure of getting a harrow second to none on the market. It has many good points in its favor, and Messrs. Beall and Aiken, of the Beall Hardware and Implement Company, will take pleasure in explaining them to you if you will call at their store on your next visit to town. They also handle many other good farming implements that have been proven by actual test equal to the best. See their new ad. on the fifth page of The Patriot to-day.

—The annual statement of the American Exchange National Bank will be found in another part of The Patriot, and is a good one, too. President Vaughn, Cashier Boyles and the other officers and directors are to be congratulated on the steady and rapid growth of this solid banking institution. These gentlemen live up to a policy of placing the best interests of their depositors ahead of every other consideration, and as a result the American Exchange National Bank enjoys a very substantial gain in deposits year by year. They invite small as well as large checking accounts, and will pay you four per cent interest, compounded quarterly on your deposits in the savings department. Read this statement and open an account at once.

—Mr. F. S. Royster, president of the F. S. Royster Guano Company, whose advertisement appears in this issue, is a man who has spent his life in the development of the fertilizer business, and is as much interested in the human side of it now when he used to drive around from farm to farm and sell his output himself. He is always glad to hear, personally, from old customers who have used his goods, with accounts of the results they have obtained, and to old or new customers will be glad to give the benefit of his many years experience or the advice of the technical experts in his employ. If you feel like writing him, just drop a line to F. S. Royster, Norfolk, Va., and he will be glad to hear from you. See his announcement elsewhere to-day.

Aged Lady Fatally Burned.

Winston-Salem, Jan. 14.—Mrs. H. H. Riddle, an aged lady, who resided here for a number of years, was perhaps fatally burned at her country home near Germantown about 10 o'clock this morning. A newspaper lying on the hearth of the fireplace, ignited and from this Mrs. Riddle's dress caught and was soon in flames. Her face, body and limbs are horribly burned, and there is practically no hope for Mrs. Riddle's recovery. She has been practically an invalid for several years.

Miss Ila Clapp, of near Whitsett, and Mr. Paul Ingle, of Alamance, were happily married on Sunday last, at 4.30 P. M., at the home of Rev. Klinger, the officiating minister. We extend to them our heartiest congratulations in their journey through life.

River and Harbor Bill Passed.

Washington, Jan. 13.—The house to-day passed 228 to 91, the annual river and harbor bill carrying \$26,900,000. An effort by Representative Fear, of Wisconsin, to send the bill back to committee with instructions that only \$12,000,000 be carried for continuing existing improvements, was defeated.

AMERICAN EXCHANGE BANK STOCKHOLDERS MEETING

**SPLENDID RECORD LAST YEAR
—INCREASED DEPOSITS OF
\$340,000.**

The annual meeting of the stockholders of the American Exchange National Bank was held Tuesday afternoon and the reports made by the officers for the year just ended were most encouraging and highly satisfactory to the stockholders. During the year the net profits amounted to \$69,000, of which \$32,000 was paid in dividends, \$20,000 added to the surplus and the remainder to the undivided profits account. The reports showed that the deposits of the institution are now \$3,788,622.65, an increase of about \$340,000 over the previous year. In 1914 the deposits were \$1,542,122.34 and the growth has been steady since that time.

In his report, President Vaughn, in speaking of the progress made by the institution during the year, referred to the fact that the increase in volume of business was accompanied by an increase in service to the people of Greensboro and to the nation. The service to the government consisted in part in the sale to individuals of more than \$2,000,000 in liberty bonds and the taking for the government of more than \$2,000,000 worth of certificates of indebtedness. More than \$60,000 worth of war stamps have been sold by the institution. This does not take into account the work involved in handling this business for the government, at the expense of the bank.

Regarding the new bank home, it was reported that steady progress is now being made and that the contractor promised to turn it over for occupancy the first of August. This will be one of the most modern banking homes in the South and will be a nine-story building. The equipment will provide every convenience and comfort for the patrons of the bank.

The old directors were elected as follows: W. C. Boren, E. P. Wharton, A. W. McAlister, E. E. Bain, A. M. Scales, J. W. Long, J. C. Watkins, R. G. Vaughn, W. S. Clary, J. J. Stone, F. C. Boyles, E. J. Sturford, E. Sternberger, Rev. S. M. Rankin, J. A. Hoskins, J. W. Jones and D. R. Huffines.

The officers are: R. G. Vaughn, president; F. C. Boyles, cashier; P. H. Nicholson and R. J. Smith, assistant cashiers; W. P. Hutton, cashier bank of South Greensboro. All were re-elected excepting Mr. Smith, who for 15 years has been head bookkeeper in the bank and who was promoted to the position of assistant cashier.

The employees of the bank are as follows: I. F. Peebles, J. M. Maser and D. M. Stafford, tellers; R. L. Clark, manager savings department; W. L. Glancy, J. N. Copeland, Tom O. Turner, Miss Georgia Clapp and Miss Lucy Fry, individual bookkeepers; Miss Lillie Wilson, Miss Addie Robinson, Miss Ruth Robinson, transit and mail clerks; Miss Annie Woltz, assistant general bookkeeper; Miss Nettie Hill, stenographer; Stamey Florida, collector; Miss Lellie Hooks, file clerk. South Greensboro branch—D. P. Siler, teller; Mrs. E. L. Sides, Miss Edna Gilliland and T. J. Hockett, bookkeepers.

MR. HEWITT NEW PRESIDENT OF ROTARIANS.

At the annual meeting of the Rotary Club, Tuesday evening, the activities of the organization during the past year were summarized by President Paul Schenck. Statistical reports were presented, A. Wayland Cooke made a report for the historical committee, and the election of directors for 1919 was announced by the tellers. The new board consists of the following: Paul W. Schenck, J. W. Cone, W. A. Hewitt, J. E. Latham, C. C. Hudson, A. M. Scales and Julian Price.

A beautiful gold watch was presented by the club to President Schenck. The usual musical features of a club meeting were complemented by several violin numbers by Mr. Williams.

Following the club session the new board of directors met and elected Mr. Hewitt as president and Mr. Latham as vice president. The election of other officers was deferred.

GREENSBORO NATIONAL BANK ELECTED OFFICERS.

The annual meeting of the stockholders of the Greensboro National Bank has been held and new officers for 1919 were elected. A large majority of the stock was represented, some of the women stockholders being in attendance.

The report of President Wharton was submitted, this showing that the bank is in fine condition and has enjoyed a highly satisfactory business during the year. The deposits have increased during the year by several hundred thousand dollars, while the net profits amounted to 20 per cent. The prospects for a steady growth during this year was predicted by Mr. Wharton. The stockholders were greatly pleased with the report and practically all spoke in highly complimentary terms of the management of the institution and of the faithful and efficient work of both officers and employees and a vote of thanks was tendered them.

With the exception of R. M. Rees who recently disposed of his stock and was therefore ineligible, all the retiring directors were unanimously re-elected. The board is now constituted as composed of C. D. Benbow, Neil Ellington, R. R. King, C. M. Vanstoy, L. McCulloch, E. P. Wharton, David White, C. G. Wright.

Immediately after the adjournment of the stockholders meeting, the directors met and organized by taking the oath of office, as prescribed in the government regulations, and the following officers were re-elected: E. P. Wharton, president; Neil Ellington, vice president—chairman of the board; A. H. Alderman, cashier; Waldo Porter, assistant cashier.

The following clerks were re-appointed: Miss Alice Stokes, teller; W. J. Halliday, Jr., general ledger bookkeeper; J. J. Anderson, head individual bookkeeper; Gordon West and Frank Pritchett, bookkeepers; Miss Sallye Eldridge, transit clerk, and Miss Henrietta Beall, collector.

The employees of this bank have formed a habit of meeting together socially at supper occasionally, with some of the officers, and planning for the interest of the bank, as well as enjoying a social hour; and they all feel an owner's interest in the institution.

TRYING TO SOLVE THE ERRING YOUTH PROBLEM.

A plan for handling the erring youth of the city is proposed by Commissioner Foushee, who could take those brought before the court to the city farm and give them a course in crop growing. The environments of the farm would be such that the boys taken out would not feel to an appreciable degree the restraint imposed and at the same time they would be free from temptations and pitfalls. In short they would be given every opportunity to make good and the course given would be most helpful in their development into strong men.

Mr. Foushee is convinced that there is merit to the plan, the hardest problem being to secure a suitable person to superintend the work and manage the boys sent out. He informally discussed the proposition with Mayor Stafford and Commissioner Phipps Monday afternoon. It is probable that the matter will be given further serious consideration and if the scheme can be worked to the satisfaction of the commissioners it may be tried out.

GREENSBORO LOAN AND TRUST CO. ELECT OFFICERS.

The past year was a most successful one for the Greensboro Loan and Trust Company, the stockholders of which organization held the annual meeting yesterday morning. The reports of the officers showed the net profits for the year amounted to slightly more than 18 per cent. The usual dividends were paid during the year and the remainder of the earnings were added to the surplus and profits account.

The stockholders were greatly pleased with the reports regarding the past year, the gain in deposits being \$200,000. The deposits at the end of the year were slightly above \$2,500,000. The officials expressed confidence that the coming year would be even better.

The stockholders re-elected the following directors for the year: J. W. Fry, J. S. Cox, J. Elwood Cox, High Point; George S. Sergeant, R. R. King, M. F. Douglas, A. B. Kimball, J. G. Williams, Red Springs; C. L. Howard, R. M. Rees, R. D. Douglas, S. L. Trogdon, J. A. Odell, W. E. Allen.

The directors elected the following officers: President, J. W. Fry; vice president, J. S. Cox; secretary, and treasurer, W. E. Allen; assistant treasurer, W. M. Ridenhour.

MISSIONARY SOCIETY MEMORIAL SERVICE.

As a memorial to four beloved members who passed away during the year recently ended services of unusual solemnity were held at 3.30 o'clock Monday afternoon at a meeting of the Woman's Missionary Society of the West Market Street Methodist church. Eulogies were read by Mrs. Lucy H. Robertson, president emerita of the Greensboro College for Women on Mrs. J. A. Odell and Mrs. J. R. Pearce, charter members of the society, and Mrs. John K. Wheeler, Mrs. Ellen Makepeace Curtis, Mrs. Julia Thomy and Mrs. M. W. Sterne. Mrs. J. S. Michaux sang beautiful selections during the services.

Throughout her statement on the lives of the missing members, Mrs. Robertson refers happily to the reward that has come to them. "We would not come in gloom in despair," she said, "for we have the blessed assurance that though their bodies have returned to earth in accordance with divine purpose, their bright spirits now rest with God who gave them."

TERRACING DEMONSTRATION AT COUNTY FARM.

Many persons attended an exhibition of farm terracing given Monday afternoon on the farm of the county home by S. R. Bivens, Guilford county farm demonstrator, assisted by Farm Demonstrator Walker of Rockingham county, and Prof. A. L. Teachey, of Pleasant Garden. The most recent methods of farm terracing were introduced.

The young men of Pleasant Garden showed a great deal of efficiency in handling the machine. The greater part of the farm was covered in the demonstration, and it was explained just why each step was necessary as well as the manner in which it should be done. Mr. Bivens considers the exhibition very successful, and expressed the belief that the farmers profited through their interest and attention to details.

Thursday afternoon Mr. Bivens met with him H. M. Lynde, state drainage expert, who gave a demonstration on the farm of ex-Sheriff Henders, near Summerfield. The farmers throughout Guilford and adjoining counties were invited to attend these demonstrations.

FIVE INJURED IN WRECK OF
STREET CAR AND TRUCK.

Five persons were injured and a motor truck of the Southern Railway was damaged badly at 5 o'clock Wednesday evening when the truck collided with a street car at the Summit avenue crossing. Failure of the watchman to lower the gates as the motor truck approached was given by several as the cause of the accident.

The street car, No. 51, was operated by R. A. Thompson, while the truck was driven by J. F. Murphy, of Brown Summit, section foreman. Neither saw the other until it was too late to slacken speed, and simultaneously each put forward extra effort in order to pass the point of intersection between the tracks before the other had reached the crossing. The street car was exactly half way across the railroad track when the collision occurred, the truck striking the car exactly in the center, bending the connecting rods between the brakes, but damaging the street car only slightly. No one in the car was injured.

An instant before the two clashed, several of the 14 workmen on the truck jumped in time to prevent accident. W. Thomas Osborne, of 800 Broad avenue, student foreman, had both bones broken in his left leg, and suffered other painful injuries. Four negroes were also injured, although not so seriously. Tom Shaw had a hole knocked in his head; Lindsay Leath had a gash cut in his jaw; Charles Anderson suffered a sprained ankle and Andrew Mobley was badly scratched on the face and also was bruised on the hip bone.

The watchman, G. W. Longwell, of 905 Haywood street, stated that he did not see either of the cars as they approached and that he was not aware of their presence until he had heard the noise created by the force of impact. Although stationed in the tower at the time, he continued, he was taking a drink of water and his attention was detracted from the crossing. The gates were not lowered.

The Southern Railway crossing on Summit avenue is considered especially by motorists as the most dangerous in this vicinity. The proximity of buildings to the crossing and the high banks on the sides of the track conceal the train until it is quite close. Unless warning is sounded by the gate bells, it is almost impossible to stop in time to prevent

accident, and only last week a narrow escape was experienced by an automobile at this point.

MEET IN RALEIGH TO
DISCUSS FREIGHT RATES.

Garland Daniel, secretary of the Chamber of Commerce, and Claude Kiser, of the traffic bureau, left Wednesday morning for Raleigh, where they will attend a conference of Chamber of Commerce secretaries to discuss the alleged discrimination in freight rates between North Carolina and Virginia cities. It is charged by commercial interests of North Carolina that the discrimination is decidedly against cities in this state and that the disadvantages are playing havoc with the state's trade.

The Chambers of Commerce have been working for some time on a plan whereby the discrimination may be ended, and it is hoped by those pushing the project that the combined action of all the chambers may create sufficient force to put a stop to the alleged menace.

It was thought at one time that relief might be obtained through a bill introduced into Congress by Senator Poindexter, who would prevent a difference in "long" and "short haul" rates. This bill was "shelved" during the period of the war, however, as matters of this kind were put entirely in the hands of the director general of railroads. Now that the war has ended, North Carolina business men look to an early passage of the measure, and it is their intention to push the matter to a successful conclusion.

CHEMISTRY OF LIFE

A New Treatment of Disease with the identical elements found in the human body. All diseases that are curable can be successfully treated by these inorganic elements—Fer. Phos., Kali. Mur., Kali. Phos. etc.—prepared by special process of trituration and is pleasant to take. These are the vital elements and when a deficiency occurs disease invariably results. The treatment consists in simply supplying the deficient elements. Influenza and other infections, organic disturbances such as nervous and digestive disorders all respond to this system of treatment. Put up in boxes of five grain tablets in different combinations of elements indicated by the symptoms, 85c a box postpaid. We especially recommend our combination of phosphates for new life and vigor.
