## LATEST WAR NEWS FROM THE BATTLE FRONT

### GERMAN AIRPLANES ACTIVE— BRITISH SMASH TEUTONIC LINES AT FOUR PLACES.

With the American Forces in Lorraine, Sept. 22.—American troops made two successful raids on the German lines northeast of St. Mihiel this morning, taking 29 prisoners in the region of Haumont and five prisoners southeast of Charey. Both raids were preceded by barrages.

Patrols from the region of Haumont reported that at least 40 German soldiers were killed or injured. Other reports from the Charey region estimated that the barrage killed at least a score of Germans.

The prisoners taken southeast of Charey were machine gunners, the Americans capturing two heavy machine guns. At Haumont the Germans were captured in dugouts, where they had taken refuge from the stiff American barrage.

The Germans answered their artillery along the American line. The first American barrage began soon after midnight. The other started at 2 o'clock. Both continued for two hours.

### Belgian Smash German Lines.

London, Sept. 22.—Field Marshal Haig's troops last night smashed into the German lines at four distinct points on the battle front. According to the British war office statement issued today English troops, near Gavrelle, north of the river Scarpe, advanced on a two-mile front. East of Epheux the British captured several organized points of resistance.

North of Epheux, Haig's men pushed forward in the sector south of Villers-Guislain. They also repulsed a German attack on Moeuvres and then improved their positions there.

This morning the Germans attacked the British positions northwest of La Bassée in Flanders. Fighting is still in progress.

### Text of Statement.

The text of the statement reads: "During the night our troops east of Epheux, near Gavrelle, and St. Quentin repulsed their attack and again made progress, capturing Little Priel farm and their organized point of resistance. A number of prisoners has been taken by us in our operations yesterday and last night in this sector."

"South of Villers-Guislain a local attack made by the enemy last evening was repulsed after sharp fighting. In the course of the night our troops advanced their line in this sector and captured several prisoners."

"Yesterday afternoon the enemy again attacked at Moeuvres and was repulsed. There also our troops have improved their positions and have taken a few prisoners."

"English troops carried out a successful local operation last night north of the Scarpe river in the neighborhood of Gavrelle advancing on a front of two miles and capturing several prisoners."

"A hostile raiding party was driven off last night west of Acheville."

"This morning the enemy delivered a local attack against our new positions northwest of La Bassée. Fighting is still taking place in this locality."

### French War Office Statement.

Paris, Sept. 22.—North of the Aisne and in the region of St. Quentin there was quite heavy artillery activity during the night, says the French war office statement today. French detachments raided the German lines in the Champagne and Lorraine. Two German raids on the Vesle front were repulsed.

The text of the statement reads: "The night was marked by quite heavy artillery activity in the region of St. Quentin and north of the Aisne."

"On the front of the river Vesle, French troops repulsed two enemy raids."

French detachments penetrated the German lines in the Champagne and Lorraine and returned with prisoners."

## PRESIDENT SETS OCTOBER TWELFTH AS LIBERTY DAY

### EVERY TOWN AND COMMUNITY IS ASKED TO PROPERLY COM- MEMORATE THE DAY.

Washington, Sept. 20.—President Wilson today proclaimed Saturday, October 12, the four hundred and twenty-sixth anniversary of the discovery of America, as Liberty Day, and called upon all citizens to celebrate it to stimulate a generous response to the fourth liberty loan.

Every city, town and countryside is asked by the president to arrange commemorative addresses, pageants, harvest home festivals or other demonstrations, and he directs that all federal employees whose services can be spared be given holiday.

The president's proclamation follows:

"Every day the great principles for which we are fighting take fresh hold upon our thought and purpose and make it clearer what the end must be and what we must do to achieve it. We now know more certainly than we ever knew before why free men brought the great nation and government we love into existence, because it grows clearer and clearer what supreme service it is to be America's privilege to render to the world. The anniversary of the discovery of America must therefore have for us in this fateful year a peculiar and thrilling significance."

"We should make it a day of ardent dedication to the ideals upon which our government is founded and by which our present heroic tasks are inspired."

"Now, therefore, I, Woodrow Wilson, president of the United States, do appoint Saturday, the twelfth day of October, 1918, as Liberty Day. On that day I request the citizens of every community of the United States, city, town and countryside, to celebrate the discovery of our country in order to stimulate a generous response to the fourth liberty loan."

Commemorative addresses, pageants, harvest home festivals or other demonstrations should be arranged for in every neighborhood under the general direction of the secretary of the treasury and the immediate direction of the liberty loan committee in co-operation with the United States bureau of education and the public school authorities. Let the peoples' response to the fourth liberty loan express the measure of their devotion to the ideals which have guided the country from its discovery until now, and of their determined purpose to defend them and guarantee their triumph."

"For the purpose of participating in Liberty day celebrations all employees of the federal government throughout the country whose services can be spared may be excused on Saturday, the twelfth day of October, for the entire day."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done in the District of Columbia, this 19th day of September, the year of our Lord, one thousand nine hundred and eighteen, and of the Independence of the United States of America, the one hundred and forty-third."

"WOODROW WILSON."

### North Carolina Stamp Sales.

Washington, Sept. 21.—The reports received by the treasury department of sales of war savings stamps and thrift stamps through postoffices and federal reserve banks for the month of August show the Tar Heel state has absorbed \$2,211,000.82 of these securities, or 92 cents per capita. Total sales in North Carolina from the beginning of the campaign to September 1 inclusive, amount to \$11,954,481.19, or \$4.91 per capita.

and the Mediterranean, in Palestine, have advanced some sixty miles from their original positions and have occupied the Biblical renowned town of Nazareth and Afula and Beisan, according to a British war office announcement today.

General Allenby's troops have surrounded part of the Ottoman army and are collecting the disorganized masses of men and transports arriving from the south. So far 18,000 prisoners and 100 guns have been counted.

## TURKS ROUTED FROM THE RIVER JORDAN

### THE HOLY LAND AFLAME UN- DER IMPETUS OF ALLIES, AIDED BY ARABS.

London, Sept. 20.—British forces in Palestine under command of Gen. Allenby attacked the Turkish positions on a front of 16 miles on September 19. The British broke through the Turkish lines between Rafat and the sea and pushed forward for a distance of 12 miles.

Three thousand Turks were taken prisoner by Gen. Allenby's forces. The main Turkish forces in Palestine now are being closely pursued by the British.

The cavalry pushed through the Turkish front and was advancing in the rear of the Turkish armies in the direction of Nabulus. Another body of cavalry was advancing toward Elafula and Beisan to intercept the Turks to the north.

On Wednesday Gen. Allenby's right wing attacked west of the Jordan and occupied El Mugeir. These advances are told in an official statement tonight announcing a general attack on the front between the Jordan and the sea.

### The Holy Land Aflame.

The Holy Land is aflame under the impetus of a mighty stroke by the British, French and friendly Arab forces and the Turks from the Jordan river westward to the Mediterranean seemingly are in rout.

Added to their already heavy losses in ground, men killed, wounded or made prisoner and stores captured in Belgium, France, Italy and the Balkans, the teutonic allies, judging from first report of the hostilities begun against the Ottoman in Palestine, are in for further extremely hard usage.

In less than a day Gen. Allenby's British forces, aided by French troops and natives under the flag of the king of Hedjas, struck the Turkish line over a front of sixteen miles and penetrated it to a depth of twelve miles, taking more than 3,000 Turks prisoner and overrunning the entire hostile defensive system. Railway and highway junction points were captured and strong forces of cavalry at last accounts were well in advance of the attacking troops, threatening to carry out a turning movement against the fleeing Turks which might prove disastrous to them. Meanwhile along the shores of the Mediterranean naval units were clearing the coastal roads of the enemy by their gunfire.

In addition to the large number of prisoners taken great quantities of war materials had fallen into the hands of the allied troops and the pressure against the enemy was going on unabated.

The predicament of the Turks is heightened by the operations of the Hedjas tribesmen on the eastern side of the Jordan, which will prevent them from taking refuge across the stream in the Jordan valley and compel them to fight their way out of their trouble west of the river as best they may.

### On the French Front.

Although there has been somewhat a let-up in the intensity of the fighting from the region of St. Quentin to Cambrai in the French theater, both the British and French armies have been able materially to better their positions in front of both Cambrai and St. Quentin. Moeuvres, lying to the west of Cambrai, over which there has been such intensive fighting for more than a week, in which the town several times changed hands, now is definitely British. The large numbers of German dead strewn the ground around it attest the value they placed at Moeuvres as a point of strategic value in the defense of Cambrai.

### Closing Jaws of the Nipper.

To the south on both sides of St. Quentin the British and French have moved in more closely the jaws of the nipper which is being poised ultimately to pinch St. Quentin out of the battle line. Most of the German strong points which have been the means of holding back the allied troops in this region have been overcome, and apparently it is only a matter of time when Gen. Foch will give the order for the pressure of the pincers and the capture of St. Quentin.

## THE PRICE OF COTTON TO BE FIXED SOON

### PLANS FOR CARRYING OUT THE PRESIDENT'S DECISION ARE NOW UNDER WAY.

Washington, Sept. 20.—Senators from cotton-growing states disclosed today that at their recent White House conference President Wilson made it clear it was his intention not only to fix a price for this year's cotton crop but also to order government control of its distribution.

The president gave no intimation of what he would consider a fair price, it was said, and any action will await the report of the special committee which the president announced last week would inquire into the general subject, including production costs.

Plans to carry out the decision are said to be underway.

Agitation for fixing cotton prices has been prevalent for a number of months owing to the rapidly mounting cost of cotton products and the belief in many quarters that the staple should be placed on the same basis as wheat and other essentials the price of which has been fixed. The principal factor in the president's action is understood to have been the shortage in the present crop, estimated at between 4,000,000 and 5,000,000 bales.

### Price Yet to Be Determined.

The price to be named by the president or the means of controlling distribution have not been decided upon. The president is understood to have emphasized at his recent conference that a "fair price" would be fixed, but did not indicate in any way what this would be.

Before price-fixing was first mentioned cotton sold at 38 cents a pound, Secretary Houston, it is said, had recommended that 25 cents would be fair. Southern senators deny this would be a fair price and declare that because of the increased cost of production, a price above thirty cents should be named.

### AN ARMY OF 4,800,000

#### MEN BY NEXT JULY.

Washington, Sept. 22.—An army of 4,800,000 by next July, after all deductions have been made for casualties and rejections, is what the enlarged military program calls for. General March explained this to the house appropriations committee today in discussing the new \$7,000,000,000 army estimates.

There are now about 3,200,000 men under arms. General March said, and the plan is to call 2,700,000 of the new draft registrants to the colors between now and July.

### Nearly 2,000,000 "Over There."

Washington, Sept. 21.—Striking proof that the German power is fast crumbling came today in the announcement by General March, chief of staff, that the news from all battle fronts was "continuously good" and that 1,750,000 American troops have now been embarked for overseas service.

### British Steamer Sunk.

London, Sept. 20.—A British armed boarding steamer was torpedoed and sunk by a German submarine on September 12, the British admiralty announced today. Fifty-eight members of the crew are missing.

The Germans are still using machine guns in large numbers to hold back the French from further encroachments on the Chemin des Dames positions and also are launching heavy counter attacks in efforts to expel the French from the positions they have attained. Notwithstanding these strenuous efforts however, the French have gained further ground northeast of Vailly.

Little additional fighting has developed on the front held by the Americans north of St. Mihiel, but American long range guns are heavily shelling the big German fortress of Metz.

### In Macedonia.

In Macedonia the British, Serbians, French and Greeks continue hard after the Bulgarians driving the enemy before them and taking large numbers of prisoners.

In northern Russia the allied troops have gained additional successes over the enemy forces.

## THE HOUSE PASSES THE GREAT REVENUE MEASURE

### EVERY MEMBER VOTED FOR IT AMID ROARS OF CHEERS— NOW GOES TO SENATE.

Washington, Sept. 20.—The house late today passed the war revenue bill, designed to raise by taxation approximately \$8,182,000,000 of the twenty-four or more billions needed by the nation for the current year. The huge measure—the largest of its kind in the history of the nation—now goes to the senate.

Passage of the bill was unanimous. A formal roll call, demanded by Majority Leader Kitchin, recorded 356 yeas and no nays, which announced by Speaker Clark, was greeted by a roar of cheers and applause.

### Up to the Senate Now.

All possible speed in the bill's course through the senate is assured, according to leaders, the senate finance committee having concluded formal hearings.

Desire for the bill's enactment before the November elections has been expressed by leaders of both houses but this is considered doubtful.

### Features of the Bill.

Major tax features of the bill as transmitted to the senate and estimated revenue yields include:

Income tax: Individuals' normal rate increased from 5 to 12 per cent, with the first \$4,000 at six per cent and exemptions of \$1,000 for single, \$2,000 for married persons—\$414,000,000.

Individual surtaxes on incomes over \$5,000; present ranges of one to 65 per cent increased from 2 to 63 per cent—\$1,068,000,000.

Corporations' incomes, increased from 6 to 18 per cent, but with only 12 per cent payable on dividends distributed, debts paid and new liberty bonds bought—\$894,000,000.

War and excess profits of corporations—80 per cent on war profits and virtually doubled rates on excess profits, ranging from 35 to 70 per cent—\$3,200,000,000.

Beverages, present rates doubled—\$1,137,600,000.

Tobacco, present rate doubled—\$341,204,000.

Luxuries and semi-luxuries, 20 and 10 per cent—\$272,555,000.

Other excise taxes, including automobiles, jewelry, two cents a gallon on gasoline, etc.—\$274,750,000.

Use of automobiles, \$5 to \$50 each—\$7,930,000.

Amusement admissions—\$100,000,000.

Besides these leading revenue sources the bill provides a general \$10 annual tax for persons in business, trade or profession earning more than \$2,500 and taxes on transportation, insurance, club dues, inheritance, theaters, brokers, mail order sales, bowling, billiard and pool establishments, shooting galleries, riding academies and documentary stamp taxes.

### AMERICAN GUNS SCORE DIRECTLY ON METZ.

With the Americans on the Metz front, Sept. 20.—American aviators today reported shells from our heavy artillery dropping in the center of Metz. A big factory has been struck and direct hits have been scored on the fortifications.

An even week since the start of the American drive in this region finds our army thoroughly at home, fifteen miles within the line which the Germans held for four years. The new line has been thoroughly consolidated, roads repaired and the county generally cleaned up.

Refugees are returning to villages between the Meuse and the Moselle which had been under shell fire since 1914.

### HUGE PLANES CARRY BOMBS 13 FEET LONG.

With the British Army in France, Sept. 20.—Last night German airplanes were busy bombing the St. Quentin sector, and the enemy utilized a number of new type planes of huge size. Three of these were shot down east of Peronne. They were capable of seating eight men.

The most astounding thing about them, however, was that they carried bombs thirteen feet long, which contained 2,000 pounds of explosives. This is by far the biggest bomb the Germans have yet produced.

## GERMAN GUNNERS ARE CHAINED TO THEIR GUNS

### AMERICAN LIEUTENANT TELLS OF HELPING TO CUT STEEL CHAINS FROM CAPTIVES.

London, England, Sept. 21.—The German officers are chaining German machine gunners to their first-line guns.

There have been reports of this several times. Now you may take it as a verified fact.

Lieutenant R. I. Gray, of Peoria, Ill., saw it.

"Who told you about it?" he was asked.

"Nobody told me!" he replied heatedly. "In front of Amiens I saw three German gunners chained to their machine guns!"

"One of em was dead. Two were alive—wounded."

"They had steel cuffs locked around their left ankles and the chains ran to the bases of the guns and were locked there—so they couldn't beat it. I can tell you the links in the chain were good and heavy. I know because we had to cut them, to take the guns and the two prisoners."

### Wounded by Shell.

Lieutenant Gray is an old national guardsman—one of the Americans brigaded with British and Australian troops. He was in the allied push in front of Amiens, and got hit in the left arm by a piece of shell.

He was found at the new U. S. army base hospital No. 37, at Darrford, just after he had been "brought" to England from a hospital in France.

He was sitting under a tree in the big hospital grounds, watching an American two-seater circling overhead and puffing a black pipe. He went on:

"Those German machine gunners plan a lot of dirty tricks. Not so many as they used to, though. They have learned they can't machine-gun Americans until they're a few yards away, and then throw up their hands and yell 'kamerad!' and expect to be taken prisoner!"

"Ever hear of the 'Kamerad Screen'?" They tried that once on some Australians brigaded with us. A lot of Germans appeared in a long line 100 yards off, without any guns, standing shoulder to shoulder, holding up their arms and yelling 'kamerad! kamerad!'

"The Aussies went up to take them and suddenly when they got nearly there, everyone of the Huns dropped flat and a row of machine guns behind them began singing away."

"They killed a lot of hte Aussies, but they're learning Australians and Americans are the wrong guys to try their Hun stuff on!"

### Huns Are Skeptical.

Lieutenant Gray has had exceptional opportunity to see German prisoners. "My first sergeant, Bill Mettin—he comes from Illinois, too—talks German, and he examined a lot of the prisoners. Mettin ran on to a German prisoner around Amiens who went to school the same place he did."

"What do you think about the Americans?" Mettin asked him.

"Not many of them over here," replied the German.

"Mettin told him there were nearly two million in Europe, but he wouldn't believe it. Their morale's bad. Any of them will tell you 'we're better off than you are—we're 'over the river'—that's the way they put it. Ticked to death to be taken prisoner."

"But they're big strapping fellows—that 'weakling' business is bunk. They seem to be pretty well fed, except when the allied artillery or armen shell their communication lines so they can't get the stuff up. Then we get them so hungry they'll trade their iron crosses for food."

### Work For Wounded Soldiers.

Washington, Sept. 20.—From fifty to a hundred soldiers who have lost a leg in the fighting abroad can be used to advantage as motion-picture machine operators, the S. A. Lynch Enterprise Company, of Asheville, N. C., today wrote Senator Fletcher, of Florida. Instruction in the operation of machines would be provided by the company free, the letter stated.

Rev. J. W. Patton, grand lecturer of the Masons, left Friday for Pittsboro, Chapel Hill and other points to deliver lectures.

## STEDMAN'S OPPOSITION.

Major Charles M. Stedman is be-  
ing opposed for Congress by Mr.  
Curfew, or some such name as that,  
from Germantown—there is actually  
a place of this name in North Caro-  
lina, but it is not the fault of the  
people now living there—and this  
opponent must cherish brilliant  
hopes of being sent to Washington.  
He is making as his campaign issue  
the "slackerism" of Major Stedman,  
whereat the people of the fifth will  
content themselves with laughing.  
Along about election day they will  
show how mad they have become in  
tinkering over it by the size of the  
Stedman majority the pollbox hold-  
ers will have to count up.—Char-

# IRON WITHOUT A HOT FIRE

There are many occasions during the week when you  
desire to do a little ironing, and if you are using the old  
style sad iron it necessitates building a fire in the stove  
or range. Then, too, besides using fuel, the trouble of  
tending it and the heated kitchen, your irons are contin-

### SOME OF HENRY FORD'S LATEST QUEER IDEAS.

There is the latest queer idea from the brain of Henry Ford, of Detroit. After you read it, you will understand why certain individuals feel that Ford is unfit to sit in the United States senate.

He will sit there, by the way, very soon.

Ford believes that soldiers wounded even seriously, might make a living for themselves and their families after the war, if they could get a small farm and a start in life.

Ford does not merely talk when an idea occurs to him. He has asked Secretary Lane to pick out an average intelligent crippled soldier for an experiment. Ford will do the rest.

He will supply a ten-acre farm, furnish him with his own good farm in Michigan. He will supply the soldier-farmer with up-to-date farm machinery, tools, buildings, house and barn. He will start him at once to see what a crippled American soldier can do for himself and his family with that sort of a start.

Ford's idea is that it is better to help a crippled man make a living by a reasonable investment than keep him as a pauper in some poor house or half starved on a pension of twenty dollars a month.

When he goes to the senate, Ford will tell the other senators that what he is going to do on a small scale in the country, he is going to do on a big scale.

There are millions of acres of land uncultivated in this country, much of it belonging to the government. There are untold millions of acres that could be reclaimed by irrigation and drainage.

Ford's idea, and the general public agrees it, would be to let soldiers own and cultivate land, increase the nation's wealth, add to the food supply and become independent, prosperous, land-owning citizens.

A man like Ford with "queer ideas" of this kind is not fit to be a United States senator, in the opinion of newspapers and others controlled by corporations or by prejudice.

We have had senators that voted liberally to give millions of acres of land to railroads.

We have had senators that would enthusiastically give waterpower, mining rights, oil rights, public wealth in millions to big men and big corporations.

The presence of such men in the senate seems quite appropriate to those that dislike Henry Ford.

But when you suggest sending to the senate Henry Ford, whose idea is "ten acres of good land and a start in life for the crippled soldier," who believes that the government should own railroads and manage them for the public, who thinks that a big manufacturer should pay his men the best wages and sell his product at a low price—can disturb many quiet, conservative minds.

It is presumably only a question as to the date of Henry Ford's majority in Michigan on election day. The man running against him on the Populist ticket is an honorable man of high character; he would make an excellent senator undoubtedly. But in the nomination of Henry Ford and in the unanimous opposition to his election on the part of all the corporate interests, there is involved an issue that will be settled in the right way undoubtedly by the state of Michigan. The Michigan farmers who ride with Ford will vote with Ford. They know him.—Washington Times.

You can never defeat an ignorant man in an argument.

### BLOWN FROM DUG-OUT; FAILS TO GET A SCRATCH.

To be blown from a dugout into the air by an enemy shell without receiving a scratch is the first trench experience of Sgt. Gilbert B. White, a former Raleigh boy, now serving in France as a member of Company F, 119th infantry. He is a nephew of Mr. and Mrs. I. A. White, of 318 West Edenton street.

Sergeant White tells some of his experiences in a letter to Mrs. White, and insists that none of the stories about trench happenings are a bit exaggerated.

"I am just back from the front for a few days' rest," he writes on August 4. "and a man needs rest after a while in the trenches. I got along O. K. but had a few close calls. In fact, it's a close call all the time. I was blown from a dugout into the air by an enemy shell and didn't get a scratch. I suppose you would call that an act of Providence. My company was pretty badly cut up one day, but the line held. Our men were complimented by the British on the way they conducted themselves under fire. All are ready to go in and have it over with as soon as possible. I had heard a lot about the front and many different stories. Lots of them I didn't believe, but take it from me, no one can exaggerate."—Daleigh News and Observer.

### His Letter to Mother.

He was smiling, but pale, when they wheeled him in—a black haired youth of 20—and he was still smiling when they tenderly transferred him to a cot after the doctors had counted seven machine gun bullets, one in his ankle, three in his side and three in his chest. When a Y. M. C. A. man brought writing paper through the ward he took a piece and asked for a pencil. An attendant found him dead half an hour later with this beginning of a letter in his hand:

"Dear Mother:

"We made an attack on the Germans today and drove them five miles. I am in a hospital tonight. I was slightly wounded in the leg."—From Stars and Stripes.

### A Negro Soldier's Bag.

An American lying wounded in a wheat field was somewhat taken aback by the spectacle, in slow and stately approach, of a German officer. He was magnificent with medals and he wore a monocle.

Every once in a while his impressiveness was spoiled by a nervous turn of the head and the suspicion of a squirm—just as if someone were tickling his tail with a bayonet.

Someone was, for looking beyond, the wounded American saw a great, big, husky American negro prancing along, showing every tooth in his head.

"Hi-yi, boss," he called out jubilantly. "Ah don't know what Ah's got, but Ah's bringin' it along!"—From Stars and Stripes.

### Paying Us \$10,000,000 a Month.

Washington, Sept. 20.—Interest paid the American government by the allied countries on war loans now amounts to about \$10,000,000 monthly and within a year is expected to reach \$40,000,000. This was disclosed today by treasury department officials. Approximately \$110,000,000 in interest has been paid so far by the allies.

### Kaiser's Future.

The day is coming when Germany will be as unsafe for the Kaiser as the battle front.—Detroit Free Press.

### OUR SOLDIERS DEMAND A FIGHT TO A FINISH.

London, Sept. 20.—Telegraphing under Wednesday's date, Reuter's correspondent at American headquarters says:

"I have been at pains to sound the sentiments of the American army on the enemy's peace offensive, with a result startlingly convincing. I was prepared for firmness, but I found rather a feeling of suppressed fury at the thought of any terms being made with the Hun until he had yielded his arms and asked for mercy.

"Peace on this basis is the only kind that will satisfy the American soldiers. Their unanimity and inflexibility on this point are remarkable, and it must be remembered that the American army is not only a fine fighting force but is going to be an enormous political force. A concrete body of 6,000,000 men, even if it grows no larger, trained by bitter experience to a common view, is going to have an influence on the policy of the United States which nothing can withstand.

"Moreover, since we are dependent on American resources to bring the war to a conclusion, we may also count on its being concluded in a fashion that will be in agreement with American determination."

### NEGRO FARMER BUYS \$1,000 WAR SAVINGS STAMPS.

Four Charlotte business men were telling yesterday how they treated themselves to a surprise while seeking W. S. S. pledges out in Providence township. Incidentally, they acquired additional knowledge of the prosperity of the farmers, especially the negro farmers. These men were H. C. Long, Erskine Smith, T. M. Shelton and Baxter Ross.

They walked across a field where a negro was working, packing fodder and corn tops in an old wagon. "Want to buy some war savings stamps and help the government, uncle," Mr. Ross inquired. "Why have you not been to see me before?" was the old negro's reply. "I have been buying some, and so has my wife. How much do you want me to take?" he added. "We want all the \$1,000 pledges we can get," he was told. "I have not got that much money with me now, but I'll buy \$1,000 worth," was the negro's surprising answer. He said he and his wife had thought it over and had decided they would loan the government all they have, if necessary. When told he could take until December 31 to buy his stamps, the negro saw his financial difficulties cleared away, and signed the pledge card. He also said he wondered if the government would not be better pleased if he took more. He explained that he would give all he made from his farm this year.

The negro signed up as Major T. Boulware, Matthews, R. F. D. 17. He said he owned free of debt an 11-horse farm and that his crops were fine.—Charlotte Observer.

### Gen. Carr's Pumpkins and Potatoes.

Durham, Sept. 20.—Gen. Julian S. Carr has on exhibition in front of the First National Bank two exceptionally large pumpkins which are attracting much attention. General Carr also had some large sweet potatoes in front of the building for pedestrians to gaze upon and wonder how such large vegetables could grow.

### DISSOLUTION NOTICE.

State of North Carolina, Department of State.

To All to Whom These Presents May Come—Greeting:

Whereas it appears to my satisfaction by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all of the stockholders deposited in my office that Rucker & Company, a corporation of this state, whose principal office is situated in the city of Greensboro, county of Guilford, state of North Carolina (Jas. T. Rucker, Jr., being the agent therein and in charge thereof upon whom process may be served), has complied with the requirements of Chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, therefore, I, J. Bryan Grimes, secretary of state of the state of North Carolina, do hereby certify that the said corporation did on the 12th day of September, 1918, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all of the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my office as provided by law.

In testimony whereof I have hereto set my hand and affixed by official seal at Raleigh, this 12th day of September, A. D. 1918.

J. BRYAN GRIMES,  
Secretary of State.

### SOUTHERN RECLAIMING CARS LOST IN FLOOD.

A Spencer dispatch says that the Southern Railway is now reclaiming a number of freight cars lost along the Catawba river in the big flood of July, 1916, near Catawba station. Up to the present time the wrecking force has reclaimed 22 of the lost cars, some of which were washed several miles down the river. By the use of heavy cables attached to the big derrick some of the cars are being dragged a distance of 1,300 feet or more across the river and swamps. It is necessary for the men to work in the water a good portion of the time. A shortage of freight cars has caused the officials, it is said, to exert extra efforts to reclaim lost cars wherever possible.

A small application of fertilizer at the time of seeding wheat often will return its cost many times over in the following crop. Such applications are especially needed where wheat follows corn.

## ONLY ONE WEEK LEFT.

It may be possible that some subscribers of The Patriot may think that all of our efforts to get our subscription list in accordance with the order of the government is merely "a scheme to compel delinquents to pay up."

We hope very few of our readers have any such opinion of us to think that we would use any plan to deceive them in any way.

We have no choice in this matter. If your subscription is more than three months behind, we are ordered to cut your name off the list. Do not think this means that you will not have to pay what you owe when the name is cut off.

The Charlotte Observer in speaking of this rule says: "It is a fact that some newspaper offices which may believe the government is not serious in its own regulations are going to wake up some fine morning to see their shops closed and a deputy marshal in charge of affairs."

This is the very thing The Patriot is trying to avoid and at the same time trying to make our subscribers realize that we do not want to lose a single one of them.

This is the last week The Patriot will come to some of our readers unless their renewal comes in to us—so that we may obey the order of the government.

C. H. MEBANE, Editor.

## HUN LIAR LEADS.

We have heard some one classify liars into three parts, like all Gaul, as school boys and girls who read Caesar know.

These classes are as follows: Liars, damn liars and statisticians.

But the liar who makes all three of these pale into insignificance is the Hun liar.

The latest lie sent out by them was that Wilmington was bombarded by German submarines, that Boston, New York, Philadelphia and Washington, the seat of government, were imploring the American Congress to protect them.

The Stars and Stripes are on their way to Berlin. Nothing can stop our progress but our failure to do our part at home as well as our heroes are doing their part in Europe.—W. G. McAdoo.

## THE USE OF THE CHURCHES IN THE BOND CAMPAIGN.

The writer was trained and taught to have respect and reverence for the House of God—for the place where the followers of Jesus Christ meet to worship. We are grateful for this idea that was instilled into us when we were young in years and we hope never to see the day when we shall be second to any one in our respect and reverence for the House of God.

There are some good people who seem to be alarmed at the idea of having a minister or layman for that matter, speak in our churches on any Sunday relative to the duty of citizens in the purchase of bonds or war savings stamps. We are willing to concede that many are honest in their views of this matter—but we want to appeal to their reason in this hour of the world's conflict.

The world's destiny and the destiny of the church of Jesus Christ is in this world war issue. Our boys are fighting that we may have the privilege of assembling and worshipping God on the Sabbath day—with none to hinder or make us afraid.

Suppose these boys would conclude that they must not fight on Sunday—and as was suggested by Mr. R. N. Page, at Raleigh, last week—they should say: "We can't fight—its Sunday," even if the destiny of our cause suffered. What would we say of such soldiers.

What will our soldiers think of us if we say that we can not use the church on any day and every day that it is necessary to help them in their awful struggle for our safety and liberty.

Away with the idea that there is any desecration of the Lord's day or the house of worship when we have any meeting that has for its object—that of helping our government, and our boys win the victory over the beastly Huns.

## THE CURSE OF IGNORANCE.

The Superior court of Guilford county gave an illustration on Friday of what ignorance can do for a man—and an example of what may take place in a great county like Guilford with all of its splendid churches and schools.

There was a white man being tried for incest with his own niece. There was evidence tending to show that the man had taken these children into his home, the girl and two boys, and had worked them on his farm and had not even given the children an opportunity to learn to read and write.

There was evidence tending to show that the character of this man had been destroyed by a man several years ago—that the man had not taken even enough concern in the destruction of the character of his niece to even mention it to the man who had done the wrong, but later took the same man into his house.

The curse of ignorance showed the result of its heavy hand in connection with this family and some others connected with it.

A man of the Angle-Saxon race, a man who lives in a community of churches and schools, a man who is a citizen of a great county like Guilford and his record to be what was indicated, is one of the products of ignorance.

We do not forget that an ignorant man may be a good citizen, but take a man with his natural evil tendencies by nature—with no conception of real life, no idea of the worth of a character and a good name for a girl—and what can we expect—is it not natural that he shall be more of a beast than a man?

## FIX PRICE AND DISTRIBUTION OF COTTON.

President Wilson has decided to fix a price on cotton and to order government control of the distribution of the present crop.

Why not keep the "cotton hogs" from making millions on cotton as well as protect the public from "flour hogs" and "sugar hogs."

If supply and demand will do for the cotton produced during war times, why will this not do for sugar, flour and other products.

Our New York World \$2.00 offer will positively close with September.

## A CALL TO HEALTH OFFICERS FOR HELP.

The citizens just outside the city limits of Greensboro are "orphans" so far as having any help from the city officials or the county officials in the matter of sanitary conditions.

The city officials undertook to look after the sanitary condition of premises for a limited distance, but they say they found they had no authority to enforce regulations.

The county health officials we are informed say they can not undertake this work in the suburbs, that it would lead to something they can not do as a county.

These citizens are tax payers. A part of their taxes supports the county health officials.

Some of them would like to know what a county health officer exists for any way, if he can not protect a few people who want to do their duty and keep their premises in a sanitary condition—yet who are surrounded by careless people who have no regard for themselves in matters of health and of course will have no regard for their neighbors.

The Patriot would like to know what these "orphan citizens" who want help along sanitary lines can do.

Let our county health officers and the city health officers get together and do something or the health conditions of the suburbs of Greensboro will soon be a menace to the public health of the city as well as to the suburbs.

## A MESSAGE FROM THE BOYS OVER THERE.

The Stars and Stripes is the name of a newspaper published by and for the soldiers in the American army overseas.

We copy the following message to the Americans that recently appeared in that paper:

"There are certain patriots back home who admit that they are willing to support the army program up to a certain point, but who insist that they have a right to rise up at any moment with any criticism they are to make. They begin their support with a brick held in their right hand, looking for the first chance to let the brick fly.

"No such fifty-fifty support is wanted by the A. E. F. This is no fifty-fifty war in any sense. There is no fifty-fifty stuff in the soul of the soldier who swings over the top under heavy fire. Those back-home patriots who do not intend to go the whole distance with the A. E. F. with all they've got should never start at all. They are merely clogging up the road. They may mean well enough, but they are not looked to our kind of war.

"There are but two kingdoms ahead—the Kingdom of Liberty and the Kingdom of Kaiserism. Under which king, Bozonian? Speak or die."

Prevent the Kaiser from making spoil of America by making America spoil the Kaiser.—W. G. McAdoo.

Buy liberty bonds and help make liberty supreme throughout the world.—W. G. McAdoo.

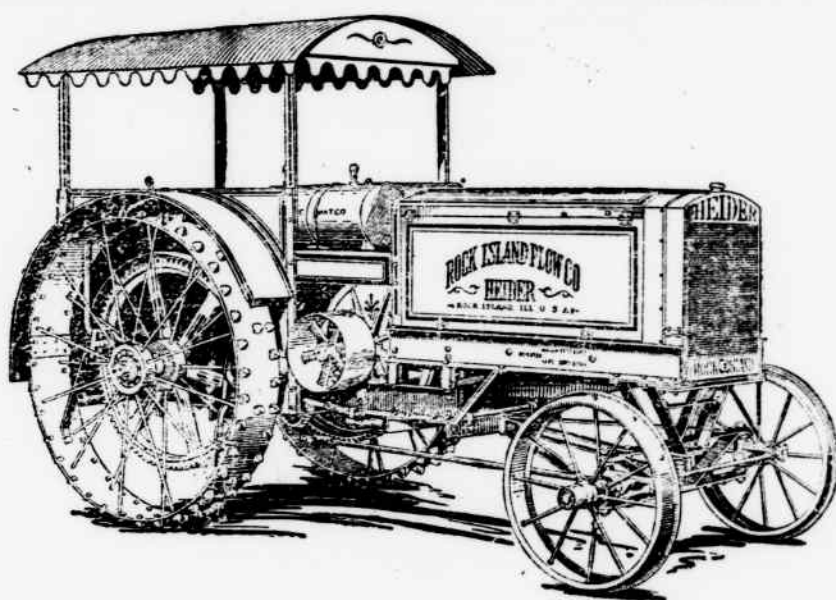

Keep the Stars and Stripes marching with our heroes to Berlin.—W. G. McAdoo.

## A LAME EXCUSE.

It will be remembered that during the early days of the war, before the United States had gone in and was protesting against German outrages brought in, Germany was disposed to temporize and disclaim responsibility for the torpedoing of ships. On several historical occasions the German government pretended to shift responsibility upon the British navy. Germany is trying the same game on Spain. That government gets answer to its protests that "the British submarines were in reality responsible" for the sinking of two Spanish ships. That reply is not likely to set well with the Spanish government, because it knows better and will see in it only a lame excuse and a play for more time on part of the Germans. This endeavor to escape responsibility will succeed no more with Spain than it did with the United States. The Spanish government is not made up of children and it is not going to waste time in asking Great Britain if she did it, while Germany would be going ahead meantime gleefully sinking other Spanish ships and charging it up to the British.—Charlotte Observer.

If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

## NEIGHBORHOOD NEWS WITH OUR BUSY ADVERTISERS

### CROSS ROADS.

The health of the community is very good at the present writing.

Mr. Belmont Tesh, of Greensboro, spent last Saturday night and Sunday with his grandparents, Mr. and Mrs. S. A. Tesh.

Mrs. James Neese and little son Raymond spent one evening recently with Mrs. E. T. W. Hitesell.

Miss Susan Andrew visited Miss Mary May last Sunday evening.

Arthur Loy was a welcome caller at T. A. Shepard's recently.

Miss Clara and Mary Levens recently visited Misses Clela and Lizette Tesh.

The people are beginning to make molasses.

Mr. and Mrs. Charles Starr and children spent Sunday at J. D. Whit's.

Clarence Stillman visited friends in the community one day last week. Mr. Stillman is in the infantry of Camp Jackson, S. C. He was here on a short furlough.

### HELPING THE LIBERTY BOND MARKET.

Secretary Meadows has two purposes to serve in asking Congress for legislation exempting to a limited extent from the surtaxes of the income tax in the pending war revenue bill the Liberty bonds soon to be offered, and those now outstanding, save the 1-2 per cents, which are already and altogether tax-exempt. He wants to help along the new loan and he wants to better the market for bonds of the previous two loans.

His plan of a modified tax exemption has met with an immediate response so far as the 4 and 4 1-4 per cents outstanding are concerned. Their market yesterday was very active and improving prices, and holds out the possibility that we may not have to resort to the abolition of a free market for these bonds and substitute a restricted market such as obtains in Canada and is referred to by Mr. Meadows in his letter to Mr. Riddle.

That the plan will have decidedly stimulating effects upon subscriptions to the coming fourth Liberty loan is beyond question. As the higher surtaxes on incomes above \$5,000 will have the effect of reducing the interest on the bonds, so the proposed tax exemptions will have the effect of increasing the interest return to the large class of potential subscribers described as well-to-do but not wealthy. The secretary felt that he had to choose between raising the interest rate or increasing the tax exemption, and he regarded the latter as the more expedient and wiser course.

The situation is highly complicated by the delay of Congress in enacting the war tax bill. It is now practically certain that the new loan will have to be floated without certain knowledge on the part of anybody of what this year's taxes are to be. The proposed limited tax exemptions will help greatly as a kind of insurance against this harmful uncertainty, and it is to be hoped that Congress can at least possess itself of some promptitude of action in alleviating this mischief that has been done. —New York World.

Same offer to old subscribers as to new ones in the Progressive Patriot and Patriot club.

Mr. H. A. Whiteley was a welcome visitor Sunday.

—C. C. Cummings has qualified as administrator of the estate of the late W. E. Cummings. See his notice in another column.

—A good farmer wanted with plenty of force to work a tobacco farm. If you are interested read the notice of "Famer" in the bargain column today.

—When you buy a grain drill you want the very best. This you will get if you buy it from the Townsend Buggy Company. If Messrs. Bumpass and Pleasants can't convince you that they have one with valuable features not found on other drills, then they are willing for you to see the other man.

—Cashier A. H. Alderman, of the Greensboro National Bank, was too busy to furnish new copy for his ad today, the growth of this old reliable banking institution being so rapid that the entire force is kept on the rush all the time. But look for it in Thursday's issue, for Mr. Alderman believes in keeping ads. fresh and readable.

—Mr. O. C. Cox, receiver of the Central Securities Company, will sell at public auction to the highest bidder, on Monday, October 21, at 12 o'clock noon, a number of city lots known as the East Side Park property, owned by the Central Securities Company. There are three separate announcements of this sale, which will be found in our advertising columns today.

—Would you like to save fifty cents on your subscription. The Patriot management today is offering the Progressive Farmer and The Patriot one year for only \$2, the regular price for the two papers being \$2.50. Send in your subscriptions at once and save fifty cents, or give your subscription to a Progressive Farmer agent when he calls. This applies to renewals as well as new subscribers. See announcement in another part of today's Patriot.

—Help! Help! Wanted. The Lango Cigar Company needs hundreds of men and women to make Lango cigars, paying good salaries to competent and industrious people. The work is pleasant and the surroundings are sanitary. The growth of the business of the Lango Cigar Company has been so great that the management finds it impossible to supply the demand without greatly increasing the force. Read announcement on the sixth page of The Patriot today.

—Secretary John L. King and his corps of assistants are busy people these crisp autumn days, getting everything in shape for the big Central Carolina fair, which takes place on Tuesday, Wednesday, Thursday and Friday, October 8, 9, 10 and 11 next. Among the new attractions this year will be an airplane furnished and operated by the government and a number of free acts in front of the grand stand. This will be the only state fair to be held in North Carolina this year, and large preparations are being made to accommodate the anticipated increase in exhibitors that will be here. See Secretary King's announcement on the seventh page of The Patriot today.

—All over the country farmers are turning their attention to the possibility of the tractor and the year 1918 will see an unprecedented growth in the use of gasoline and kerosene driven farm tractors. In Guilford county our farmers are waking up to the utility of the tractor, and many sales have already been made. One of the best farm tractors on the market today is the

"Heider," sold on this market by Mr. George Wakenfeld, who has been using one on his farm just south of town for several years. He has had practical experience with this tractor, and what George tells you may be depended on. See his illustrated Heider tractor announcement on the fourth page today and then get in communication with Mr. Wakenfeld and learn more of this labor-saving, crop increasing farm tractor.

—Tobacco is still climbing in price at the Leader Brick warehouse. Messrs. King, Lambeth and Warren are getting averages daily from \$42 to \$48 for some of their customers. What better could you ask. Greensboro may not sell as much tobacco as some of the larger markets, but when it comes to prices the Greensboro market is second to no market in the state. If you want the highest price for your tobacco, and first-class treatment all around, drive straight to the Leader Brick warehouse and you will not be disappointed. Mr. S. R. Mincey, the clever and efficient auctioneer, is never happier than when he makes your tobacco bring the top notch, and this he is sure to do if you but give him the chance. When the last pile is sold, go to the office and get more money than you expected. In their new ad. on the fifth page today Messrs. King, Lambeth and Warren give a few of the good averages made at the Leader Brick last week.

### THE CASE OF LEFER EARLY.

Word comes from Tryon, where John Early, the leper, has landed and housed himself, that his family will make contention against his return to prison. Early's folks say the government has no right to take him, and from the history of the troubles the government has had with this case it might be fair to assume that it would be willing to assist in the establishment of that claim if it could do so. Five or six years ago Early made his appearance in Washington with what proved a well-defined case of leprosy and he was immediately taken in charge. He broke from prison several times and each time the excitement was newly aroused. The isolation and care of a leprosy patient developed some embarrassing situations, but finally a place of refuge was found for the North Carolina man on the banks of the Potomac some distance below Washington and it had been thought that his case was at last disposed of, but the escape last week of Early from this prison brings the government face to face with more trouble. It is probable that if Early's family should succeed in isolating him according to plans approved by the government those who have so long had responsibility in the matter would be glad to forget it, even if Early's neighbors might not be so inclined. —Charlotte Observer.

## ANOTHER GERMAN LIE; NO PORT BOMBARDED.

New York, Sept. 19.—"Bombardment" of Wilmington, N. C., and Charleston, S. C., by German submarines and the "terror" of other Atlantic coast cities whose officials have "implored" the American government to protect them against a like fate, is related as veracious news for German readers in a recent issue of the Cologne Gazette, which has been received here.

The newspaper's publication of August 21 which offers a striking example of the sort of propaganda fed the German public, adroitly attributes the story of the American coastal raid to Paris papers.

The article, illustrated with a map of the Atlantic shore line, declares that several U-boats participated in the shelling of the two cities. There follows an account of the supposed panic elsewhere along the coast, with a glowing assurance that assignment of American warships to safeguard large Atlantic cities will draw vessels from the United States naval forces in European waters. The Cologne Gazette says:

"On August 15 the American ports of Wilmington and Charleston were bombarded by several German U-boats. Wilmington is in the state of North Carolina.

"Boston, Providence, New York, Philadelphia, Baltimore and even Washington, which may be reached from the sea through Chesapeake bay, also Hampton Roads, with Fortress Monroe, Savannah and Jacksonville, are within the range of submarine guns and all these cities are imploring the government to station for their protection warships at the expense to their harbors.

"In order to avert a panic of the easily excitable population the government will not be able to do otherwise than comply with their requests. Ships which are tied down on the American coast, however, cannot be used for European war service."

## HUNDRED THOUSAND IDLERS LEARNING TO WORK.

Washington, Sept. 21.—One hundred thousand men of draft age have been gained by productive occupations as the result of Provost Marshal General Crowder's famous "work or fight" order.

According to reports from local boards in forty-four states, 52,826 registrants had been notified by August 25 to appear before the board to account for the idleness non-productive occupation. Out of this number 23,825 subsequently notified their boards they had found essential occupations.

Estimates are that for every one warned to find productive occupation three or four others voluntarily did so.

## FARMER DONATES TWO FINE HOGS TO RED CROSS.

Fuquay Springs, Sept. 20.—Henry Barnes, progressive farmer and friend of the Red Cross, has donated two fine hogs, weighing about 150 pounds each, to the local auxiliary, and same will be sold at auction Saturday afternoon in front of Bank of Fuquay. It is expected that these porkers will bring a fine price.

M. Barnes has always been a loyal supporter of the Red Cross and his generous act of donating the hogs has set a worthy example in the community. Both he and the Red Cross ladies are being congratulated on this splendid gift.

## TEN THOUSAND PRISONERS AND 60 GUNS TAKEN.

London, Sept. 21.—The prisoners taken by the British in the operation begun Wednesday northwest of St. Quentin now exceed 10,000, according to Field Marshal Haig's report tonight. More than sixty big guns were taken.

Most of the fighting today was around Gouzeaucourt and to the east of Epehy. The text of the statement reads:

"Further reports confirm the heavy nature of the counter attack which the enemy delivered yesterday afternoon north of Trescault and the severity of the losses inflicted on his divisions, including the sixth Brandenburg division.

"Fighting has taken place today in the sector east of Epehy and also in the neighborhood of Gouzeaucourt, where we gained ground north of Ganche wood.

"On the remainder of the battle front only local engagements are reported. We captured a few prisoners today in local fighting south of Auchy-Lez-Labassee, and improved our positions slightly west of Wytschaete. Hostile raiding parties were repulsed east of Nauve Chapelle and north of Ypres-Comines canal.

"The prisoners taken by us in the operations begun yesterday northwest of St. Quentin exceeding 10,000. We also captured over sixty guns.

"Yesterday the enemy aircraft activity was slight. Four hostile planes were brought down and three others were driven down out of control. Four of our machines are missing.

"Our planes kept in touch with the advancing troops and assisted in the attack by bombing and with machine gun fire, as well as by reporting many targets to the artillery. During the 24 hours 16 tons of bombs were dropped."

## GREENSBORO MAN GETS BIG GOVERNMENT CONTRACT.

Washington, Sept. 19.—Assurances have reached Senator Overman's office that J. L. Crouse, the Greensboro contractor, will be awarded the contract to build the army tank corps camp at Raleigh. While it is understood the contract has not been actually signed and delivered the proposal of Mr. Crouse has been approved by the emergency construction committee, representing the war industries board and the war department, and Mr. Crouse's selection is now virtually certain.

It was stated at Senator Overman's office today that no doubt exists that Mr. Crouse has landed the job. It is estimated the construction work at Raleigh will call for an outlay of between \$2,500,000 and \$3,000,000.

## REGISTRATION IN NORTH CAROLINA WAS 261,608.

Washington, Sept. 20.—Complete returns from last Thursday's registration in 31 states and the District of Columbia, showing an enrollment of 7,651,222 men as against the official estimate of 7,623,350 led Provost Marshal General Crowder to announce tonight that it is very plain that every living man of the registration ages came forward.

Complete returns from Southern states not previously reported follow:

State	Registration	Estimate
Georgia	285,475	309,972
North Carolina	261,608	263,242
Tennessee	257,609	251,865
Virginia	251,053	241,974
West Virginia	174,085	167,753

## MOTHERS DEMAND AN "UN- CONDITIONAL SURRENDER."

Evansville, Ind., Sept. 20.—"Unconditional surrender" is demanded of the German nation in a resolution sent today by the War Mothers of America, holding their first national convention here, to President Wilson, General Pershing, and the American expeditionary forces in France. The resolution reads:

"Millions of war mothers of America, represented in national convention in Evansville, stand loyal behind you in your desire to make no peace until Germany and her allies surrender unconditionally."

The adoption of the resolution followed the reading of a telegram from President Wilson as follows:

"To the war mothers of America: The heart of the whole nation goes out in pride and deep sympathy; sympathy because of the supreme sacrifice they have made and in pride because of the superb courage with which those sacrifices have been accepted. Their sons are making America loved and honored wherever men love freedom and respect justice. Their heroism and their sacrifices will make the whole world a happy and safer home for the wives and mothers of brave men in the days to come.

"Future generations will rise up and call these men blessed. Please accept my personal homage of respect and gratitude."

## PERSONAL MENTION.

Mr. D. G. Job was a caller at The Patriot office Saturday.

Mr. John W. Levens and son Clyde were in Saturday to see us.

Miss Sarah J. Dennis has our thanks for renewal Saturday.

Mr. D. A. Oakley has taken the New York World with The Patriot.

Rev. W. O. Goode, wife and son were here to attend the Fields minstrel show.

We have received with thanks the renewal of Mrs. J. K. Culbertson, of Woodland.

Mr. C. C. Cummings called Saturday. He renewed for his mother while here.

Mr. S. W. Cobb and son Clayton Cobb were welcome visitors at The Patriot office Friday.

Mr. J. A. Case, of the Guilford College station, was a pleasant visitor Friday at The Patriot office.

Mrs. D. H. Collins was called to Richmond Friday on account of the illness of her daughter, Miss Lina Boyd.

M. Eugene Brown Huffines has informed his friends on Gibsonville Route 1, that he has arrived safely overseas.

Hon. A. L. Brooks returned from Chicago a few days ago where he delivered an address before the American life convention.

Mr. C. E. Lineberry has the honor of being the first subscriber to take the new club offer of The Progressive Farmer and The Patriot.

Mr. S. R. Bivens was a welcome visitor recently. The Patriot wishes to urge the people to help him make the Pleasant Garden fair a success.

After spending some time in Charlotte as the guest of Dr. and Mrs. L. E. Hackett, Miss May Ladd has returned to her home at Summerfield.

Mr. L. H. Rankin called Saturday and made the number of his name "19." He was kind enough to say that he could not do without The Patriot.

Mr. and Mrs. W. F. Kirkman, of Route 6, received a card a few days ago announcing the safe arrival overseas of their son, Sergeant W. R. Kirkman.

Mrs. W. H. Rankin has gone to visit her sister, Mrs. Maggie Patterson, of Lincoln Arkansas. These sisters have not seen each other in 38 years and their friends are wondering if they will recognize each other when they are face to face once more.

Mr. C. O. McMichael, of Rockingham county, has made a hit, a palpable hit, in securing the Hon. Claude Kitchin to speak at Wentworth on October 1.

Messrs. P. R. Coble and William Love left Friday night for Tulsa, Okla., where they will represent Guilford county Confederate veterans at the reunion.

General Julian S. Carr passed through Greensboro on Friday on his way to the reunion at Tulsa, Okla. The general never misses a reunion of Confederate veterans.

Mr. T. J. Murphy and family will soon move from High Point to occupy their home here. Mr. Murphy will continue his official work as city manager of High Point.

Cards have been received announcing the safe arrival overseas of George A. Short, of Route 1; Sergeant W. R. Kirkman, of Route 6, and Robert Forbis McLean.

Mrs. Lawrence Cline and little son, Lawrence, Jr., who have been visiting in the home of Judge T. J. Shaw for a week or more, returned Saturday afternoon to their home at Hickory. They were accompanied home by Miss Alma Hendley, who will visit at Hickory for two weeks.

H. S. Patterson has received a letter from his son, Ralph Patterson, who is stationed at Camp Sevier, stating that he has been promoted to battalion major, the highest rank obtainable without a commission.

Young Patterson left here last May with a contingent of drafted men for Camp Jackson, Columbia, and soon won the chevron of sergeant.

Relatives here received a message last week conveying the gratifying news that John P. Phoenix, who is in active Y. M. C. A. work, had landed safely at a foreign port. After leaving Greensboro two months ago Mr. Phoenix was given a course in special training at Columbia University and later assigned to duty at Camp Upton, N. Y., where he acquitted himself most acceptably for the "Y" service.

Mrs. W. L. Abbott is in receipt of a communication stating that W. L. Abbott has arrived safely in England, en route to the front, where he will serve as a Y. M. C. A. worker.

Mr. Abbott, prior to his entry into this service, was connected with the Dixie Fire Insurance Company, of this city, with which firm he continued his association up until a month ago, when he responded to the call for Y. M. C. A. workers.

## THE FARQUHAR HULLER

Can be operated either by hand or light gas engine. Two men are required for hand work and from two to four horse engine for power. By hand the machine turns out from 10 to 15 bushels an hour. Capacity when driven by engine ranges from 20 to 30 bushels an hour. Throughout Piedmont North Carolina the practice of raising large crops of PEAS and BEANS for forage is rapidly increasing, and every farmer should have a

Farquhar Pea and Bean Huller, which was specially designed and built for this work. It is not unusual for users to report that this machine has paid for itself in a single season by its saving in labor and seed.

LET US SHOW YOU THIS HULLER.

#### LOCAL NEWS IN BRIEF FORM

##### MATTERS OF INTEREST TO THE READERS OF THE PATRIOT FAR AND NEAR.

###### Drew a Large Crowd.

The Al G. Fields minstrel drew a great crowd Thursday night. Many were turned away for lack of seats.

###### New Members.

Several new members were added to the Buffalo Presbyterian church on Sunday morning as a result of a series of revival services which have been conducted recently.

###### Marriage at High Point.

Rev. Edwin Smith, of High Point, united in marriage Thursday Miss Beulah Jenkins, daughter of Mrs. G. C. Welborn, of the neighboring city, to John C. Henderson, also of High Point.

###### Marriage Announcement.

Announcement is made of the marriage of Samuel Thomas Buie, son of W. S. Buie, to Miss Bertha Herndon, daughter of Mrs. Laura Herndon, all of this county, which occurred September 18. The ceremony was performed by Rev. C. W. Bates.

###### Squire Collins Married Couple.

A quite marriage was performed in the office of Squire D. H. Collins, Thursday afternoon, when Miss Vester Whitten, the daughter of Mr. and Mrs. J. A. Whitten, of Rockingham county, became the bride of James H. Griffin, son of Mr. and Mrs. William H. Griffin, also of Rockingham county.

###### Had Large Crowds Yesterday.

It is estimated that more than 5,000 people heard the speakers in the fourth liberty bond campaign at the twenty meetings held in rural Guilford yesterday. Each of the speakers report a fine attendance and much interest was taken. The campaign begins on September 8 and continues through October 19.

###### Officer-Gayle.

Miss Bessie Love Alderman, daughter of Mr. and Mrs. S. L. Alderman, of this city, will become the wife of Sidney Alexander Gayle, of Atlanta, this evening at 9 o'clock. Mr. Gayle is the son of Mr. and Mrs. W. T. Gayle, who, before moving to Atlanta, were for a number of years residents of this city where Mr. Gayle was associated with the Cone Export and Commission Company.

###### Southern-Elam.

Mr. Joseph R. Elam, formerly of Greensboro, but now holding an important position with the Baltimore & Ohio Railway at New Castle, Pa., was happily married to Miss Rosetta Southern, of that city, on Tuesday afternoon, September 17, at the Central Christian church, Rev. D. P. Sawyer officiating. The groom is a promising young Greensboro boy and has made good since entering the railway service some three years ago. He is a son of Mr. and Mrs. H. J. Elam, of Pomona. Miss Southern is a graduate of the Commercial department of the New Castle high school, class of 1916, and is one of New Castle's most accomplished daughters. Mr. Elam and bride are spending a part of their wedding trip with his parents on Elam avenue, at Pomona.

###### To Bring Back Our Dead.

Americans who lose their lives in the war abroad will be buried there only temporarily. Where identification is possible the bodies will be placed in marked graves, to be taken home when the war is over and brought home. The remains of all naval and army men and civilian employees are included, and remains of those who die on the high seas will be embalmed and returned home. This is the plan of the war department.

#### LIMITED SERVICE MEN ARE CALLED BY BOARDS.

Local board No. 1 has issued a call for men to report for induction into the military service on October 1, for limited service, the second for October 7 and October 17. The first is for white men for general service, and the third for negro men for general service.

The following are called to report on October 1, at 2:30 P. M., to go to Fort Thomas, Ky.: James Lorn Shelly, James M. Anderson, Arthur F. Ingold, Charlie Procter, Edgar F. Osborne, Elza Apple and Thomas Lucas, the last two names being called as alternates.

The following negroes are called to report on October 16, at 9 A. M., to be sent to Camp Greene, Charlotte: Shelly Smith, Lacy Fields, Herbert Dick, Thurman Summers, James Johnson, Milton Wright, Webb Bass, Monroe Anderson, John R. Staples, Carl R. Warren and Willie B. Gant.

The following limited service white men have been called to report for induction at 2:30 P. M., on September 30, for entrainment during the five days period beginning September 30, for Fort Thomas Ky.: Marmaduke Robins, James N. Longest, Jr., George A. Sharpe, Herbert N. Young, Hazel P. Hardin, Josepha Thigpen, John B. Faircloth, Fred C. Scott, Zeb V. Tucker, Arthur L. Lewey, Charles C. Dalton, Dactor Edward Pool, Edward Latham, J. R. L. Walker, David E. Capps, Alternates: Mordecai R. Hubbard, Sherwood B. Holder, Charles R. Bowman.

The following general service white men have been called for induction at 11 A. M., on October 7, for entrainment during the five day period beginning October 7, for Camp Sevier, Greenville, S. C.: Jacob T. Reynolds, John R. Safright, Willie E. Lineberry, Oscar Williams, Jr., Joseph Edgar McCaiston, Early R. Fuller, Will Watkins, Hobart McKinley Dicks, William Clarke Nance, William Everett Bryan, Robert Wade Kennett, Franklin Munsey Milloway, Clay Graydon, Mack Kirkman, Roy Hobart Southern, James Ernest Gardener, Lawrence Smith Reddick, Wiley Rush, Zennite Addison Dean, John D. Scott, Alternates, Floyd Irvin Hazell, Henry E. Clary.

#### JOHN ROBINSON'S CIRCUS IN GREENSBORO THURSDAY.

The circus that great-grandfather took grandfather to see is coming to Greensboro Thursday, September 26. But it is a different circus in everything but the name. The John Robinson circus, the oldest in the world, is coming here and it's coming with a twentieth century equipment, menagerie and performance.

The John Robinson circus is now on its ninety-third tour of the nation and every one of those ninety-three years have been successful. Of course the start of the big circus was small, but as it grew in experience so grew it in size and quality. Today it is pre-eminently the most widely known circus in America. This season it tours the East for the first time in ten years, and it comes as a massive institution identified by its name as the best.

The performance is the fastest moving and most complete the circus has ever offered. It is presented by the most famous circus folk in the world. The menagerie is the largest owned by any traveling city and its elephants are famous throughout the world.

On show day tickets will be on sale at the Greensboro Drug Company at the same prices charged on the show grounds.

#### TRIED SAME GAME IN HIGH POINT.

Evidently the same check flasher who attempted to trap Greensboro banks for \$10,000 was experienced in High Point Thursday afternoon, when a man giving his name as William Brown, of Norfolk, Va., walked into the Bank of Commerce, of High Point, and laid on deposit a raised check for \$90,000, collection of which was prevented by news from Greensboro relating the attempted fraud here.

The police here have on record the picture of a man answering the description, who was identified by Mr. Boyles as the party who recently attempted to cash the check here. The same means were used in both cases. Through depositing small amounts in several Norfolk banks, he obtained cashier's checks for \$10 and \$20. These checks were raised cleverly to \$10,000 and \$20,000 respectively, and several attempts have been made to have them cashed.

When "Brown" attempted to get cash for the check in High Point, he was told that the amount would be placed to his credit and that he might receive cash when the check was cashed in Norfolk. Evidently fearing to arouse suspicion, the man complied to this request, preferring to lose the check rather than to be arrested on suspicion.

#### SUDDEN DEATH OF MR. ISAAC D. GRISSOM.

Death came suddenly Saturday morning at 9 o'clock to Isaac D. Grissom, a Guilford county farmer, who resides 12 miles east of this city. Despite his 72 years of age, Mr. Grissom enjoyed the best of health up to the time of his death, shortly prior to which he had driven several miles to Hufnagles' mill, where he had taken a load of corn to be ground. Within 30 minutes after he stopped at the mill, he grew ill suddenly, and death followed a few minutes afterward.

Mr. Grissom was a widower, his wife, formerly Miss Dina Royle, having died several years ago. He is survived by a brother, William Grissom, who lives on a plantation adjoining the one occupied by the deceased, although no other close relatives are living.

Funeral services were conducted yesterday by Rev. Joe Brown at 2 o'clock in Hines' chapel, near which interment followed.

#### JUDGE SHAW PASSES SENTENCES IN MANY CASES.

In Guilford Superior court Saturday the jury in the case of state vs. A. R. Thomas and Mamie Thomas returned a verdict of guilty on both counts. The morning session was taken up with arguments by counsel and it was after noon before the charge of the court was delivered. After the verdict, adjournment was taken until 3 o'clock.

The judgment of the court was not entered in the case, the time for the pronouncing of judgment being set for this afternoon at 2:30 o'clock, by agreement of counsel for state and defense. Judge Shaw stated, however, that the judgment would be 20 months on the roads without stripes for A. R. Thomas, judgment suspended provided Thomas give bond and also deposit with the clerk of the court \$500 now and \$500 before the December term, this money to be paid out by the clerk in support of Mamie Thomas, niece of A. R. Thomas, and co-defendant in the case. The time for pronouncing sentence was delayed until Monday to give the defense time to arrange for the payment of the money indicated.

#### Lack of Appreciation.

Compared with the service of our fighting men in Europe and those in training for the conflict, we at home are doing nothing. Mighty few of us have really felt the war, in the way of hardships or inconveniences. Of course we have formed the habit of grumbling about low rations and their high cost, but that's nothing alongside the hardships and perils of the soldiers. Hardly one of us can approximately estimate what we owe those brave fighting men of ours. Think of it—they are fighting for us, fighting in our stead—laying down their lives that we may live in safety. They are giving their all—thousands upon thousands of them—and yet some of us would complain, even hesitate, to lend our money to give them the support they must have to win our permanent safety.—Forest City Courier.
