ENROUTE FRONT

GERMS ON THE BATTLEFIELD.

Washington, Nov. 6.—President Wilson's note to the German government was received in Berlin to-day. Official announcement of this was made in the German capital and it was stated that the text of the note would be published this evening.

Washington, Nov. 6.—Armistice terms prepared for Germany by the supreme war council soon will be in the hands of German emissaries now on their way from Berlin to the western front, but the time that will elapse before there is a decision as to their acceptance or rejection probably will depend largely upon the powers with which the German delegation has been clothed.

Wherever Are They Clothed?

There is nothing here to indicate what authority has been conferred upon these representatives of the German government. The official announcement from Berlin via London to-day said, "A German delegation to conclude an armistice with the western front," but the phrase employed may or may not be significant.

German "High Command."

Officials here have assumed that the German representatives, after receiving the terms from Marshal Foch, will transmit them by telegraph or convey them personally to the German high command in the east. It is understood to be the purpose in the present case, as was done with Austria, Bulgaria and Turkey, to deal with the armistice as a military measure between the military commands.

Why the Delay.

Should this procedure be followed it is regarded here as probable that several days may elapse while the German delegation, now nominally, at least, subordinate to the allied government, can consider the conditions laid down and reach a decision. There can be no argument as to the terms, no matter how harsh they may appear to the Germans. The only course left to Germany is to accept or reject them. Meantime Marshal Foch is expected to continue his pressure on the teutonic armies, which now threatens their safety along a 200-mile front.

No Publicity Yet.

No arrangement has yet been made when the terms of the armistice will be made public. Their publication very probably will be delayed until Germany has reached a decision with regard to their acceptance or rejection.

LARGE NUMBER MEN WANTED FOR LIMITED SERVICE.

Washington, Nov. 4.—A drive to get 25,000 volunteers from limited service men, urgently needed to fill several posts in the army, was begun today by the war department. The men are wanted for duty in this country and will be used to release more active men for service overseas.

Only class 1—all registrant's certificate for limited service will be taken. All men volunteering will be inducted into the ranks as privates and promotion to higher grades will depend on ability.

Some of the lines in which limited service men are need and the number wanted are: Assemblers, 2,000; chauffeurs, 6,250; clerks, 1,102; cooks, 700; laborers, 3,174; mechanics, 4,450; motor cycle drivers, 1,225; transmission men, 1,500; and tire repairers, 400. One newspaper man and three motion picture experts also are wanted.

American Airmen Get 160 Planes.

With the American Army North-west of Verdun, Nov. 5.—During the last four days American airmen have destroyed or downed more than 100 German airplanes. In addition, a large number of enemy balloons were shot down. Since September 12, when the aerial operations began, the airmen have destroyed 437 German planes. Of this number it has been estimated that 273 have been destroyed.

LAST GERMAN STRONGHOLD CAPTURED BY AMERICANS

FIVE THOUSAND PRISONERS AND FORTY VILLAGES TAKEN.

With the American Army on the Sedan Front, Nov. 4.—In the face of stubborn opposition, the Americans took and held firmly the wooded heights south of Beumont, the last German stronghold west of the Meuse. The advance carried the line forward for an average gain of five kilometres.

The forces on the heights are now only about seven and one-half miles from Carignan on the Mezieres-Metz railroad and about nine miles from Sedan, bringing both places within range of the allied shellfire.

The day's work may be said to have been complete. It was the principal phase of the American operation since the neck of the German lateral communications between the armies to the north and west was narrowed to the strangling point.

The attacking forces to the right and left advanced with less speed than at the center, where an American division crashed through despite the most stubborn opposition offered by the Germans since the beginning of the offensive. The apex of the line was driven to the heights, which are vital, affording dominating positions for the artillery. Patrols went into and beyond the town itself, but its possession is unnecessary as long as the hills are held by the Americans. The Germans cannot fight over the terrain northeast because of the lack of communication lines there. They must fall back as soon as the American artillery breaks up the remaining railroads, even if the main lines from Sedan to Metz are not smashed first.

The military authorities were overjoyed with the results of the day's fighting, declaring that it may even spell the end of the present operation, and that any others to the north, westward or directly eastward would constitute entirely new operations.

Pershing's Troops Capture 5,000 Germans.

With the American Army on the Sedan Front, Nov. 4.—Gen. Pershing's forces continue to take their toll of prisoners to-day in the wake of the retreating Germans. The number captured early to-day was well above 5,000.

Almost forty villages were occupied by the Americans in the territory reconquered from the Germans.

There were indications at the beginning of the pursuit this morning that the Germans would be unable to make an effective stand, at least to-day.

STATESVILLE PHYSICIAN KILLED IN AUTO WRECK.

Statesville, Nov. 7.—Dr. W. J. Hill, of Statesville, one of the county's leading physicians, was instantly killed shortly after noon to-day near Cleveland, 10 miles east of here, when the Dodge roadster he was driving overturned pinning him underneath it.

Dr. Hill had started to Cleveland to answer a call and when about a mile this side of his destination one of the front wheels of the car gave away causing the wrecking of the car and resulting in his neck being broken. Dr. Hill was 55 years old and is survived by a wife and one son, Frank Armfield Hill, who is in the United States merchant marines, an aged father also survives.

Will Help Feed Civilians.

Washington, Nov. 5.—The allied and American governments are to co-operate with Austria-Hungary, Bulgaria and Turkey in furnishing food and supplies for the suffering civilian populations of those countries. This decision was reached by the Versailles conference yesterday. President Wilson was advised by Col. House.

That 25 German Divisions.

London, Nov. 6.—The British official in the east, between the Sambre and the Scheldt had defeated in the battle which began Monday, 25 German divisions. From Marshal Haig reports from head of the British have passed through the great Mormal forest.

ENTENTE PEACE TERMS DELIVERED TO GERMAN

MARSHAL FOCH HAS THE TERMS AND AWAITS GERMANY'S APPLICATION FOR THEM.

Washington, Nov. 5.—Marshal Foch has the terms of armistice for Germany and awaits application for them by the German military command in the field.

The government at Berlin is so informed in a note which Secretary Lansing handed to Minister Sulzer, of Switzerland, to-night, announcing that the allies have declared their willingness to make peace on the principles enunciated by President Wilson. The note now is on the cables. In 24 hours it should be in the hands of the Germans; in 48 hours the world may know whether an immediate end of the war is at hand.

Publication of details of the armistice terms still is withheld. They may not be made known until the Germans have accepted or rejected them, the course followed by the allies in dealing with Bulgaria, Turkey and Austria. Only the details are in doubt, however, and no one questions that acceptance means a quiet surrender.

President's Terms Accepted.

The statement has been authorized that the drastic conditions under which Austria passed out of the war have been followed closely, and in answer to queries for further information, officials said to-night the statement of Premier Clemenceau, cabled from Paris by the Associated Press, told the story:

"The terms," said M. Clemenceau, "are what President Wilson himself recommended to us for the security of our troops, the maintenance of our superiority, and the disarmament of the enemy insofar as that is necessary to prevent a resumption of hostilities."

Marshal Foch Has Terms.

Washington, Nov. 5.—Marshal Foch has been authorized by the United States and the allies to receive representatives of the German government and to communicate to them the terms of an armistice.

The German government is so informed in a note handed to the Swiss minister here to-day by Secretary Lansing.

The Text of Secretary Lansing's Note Follows:

"I have the honor to request you to transmit the following communication to the German government:

"In my note of October 23, 1918, I advised you that the President had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that if those governments were disposed to accept peace upon the terms and principles indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany the necessary terms of such an armistice as would fully protect the interests of the peoples involved and insure to the associated governments the unrestricted power to safeguard and enforce the details of the peace to which the German government had agreed, provided they deem such an armistice possible from the military point of view.

"The President is now in receipt of a memorandum of observations by the allied governments on this correspondence, which is as follows:

"The allied governments have given careful consideration to the correspondence which has passed between the President of the United States and the German government. Subject to the qualifications which follow, they declare their willingness to make peace with the government of Germany on the terms of peace laid down in the President's address to Congress of January, 1918, and the principles of settlement enunciated in his subsequent addresses.

They must point out, however, that peace can only be a reality if the seas are open to various interpretations, some of which they could not accept. They must, therefore, reserve to themselves complete freedom of the seas when they enter the peace conference.

"Further, in the conditions of peace laid down in his address to

B.G. DEMOCRATIC MAJORITY ROLLED UP TUESDAY

DEMOCRATS BEAT COUNTY REPUBLICAN NOMINEES BY OVERWHELMING VOTE.

Guilford county gave an old-fashioned Democratic majority in Tuesday's election. Majorities will range all the way from 1,250 to 1,375. Senator Simmons and Congressman Stedman each had majorities more than 1,300. Greensboro turned out a good vote and gave a big majority, while High Point township is again in the Democratic column. Both Proximity and White Oak went Democratic, each giving majorities of 25 votes, as compared with larger Republican majorities two years ago. Jefferson and Clay townships went Republican by small majorities. In all other rural precincts the Democrats held their own and made gains. Deep River was the only precinct to give a big Republican majority. Jamestown gave a reduced majority to the Republicans. Sumner township, long a strong Republican precinct, gave the party candidates only two or three majority. South Monroe went Democratic for the first time in a long while.

Congressman Stedman was re-elected by a majority of nearly 5,000. He carried Guilford, Forsyth, Rockingham, Caswell, Alamance, Durham and Granville counties. Person and Orange were close, while Stokes and Surry gave Kurfees majorities.

Solicitor Bower, of Lexington, was re-elected by a majority of nearly 1,000. His district embraces Guilford, Davidson and Stokes counties. He carried Guilford by more than 1,300, and lost Davidson and Stokes to L. Herbin, of this city, by about 200 each.

Randolph county elected its Republican ticket by about 200 majority. Forsyth is Democratic by more than 1,100 votes. Rockingham gave Democratic majorities of about 200 to 250. Alamance elected a Democratic ticket by about 200 majority.

It was estimated that the majority of the Democratic ticket in the state, headed by Senator Simmons, will exceed 40,000. All ten Democratic candidates for Congress were elected. The state legislature will be overwhelmingly Democratic. All Democratic candidates for place on the Supreme and Superior court were elected.

Following is the legislative and county ticket elected Tuesday:

State Senator—Alfred M. Scales. House of Representatives—Thomas J. Gold, W. A. Bowman and Clem G. Wright. Clerk of Court—Mason W. Gant. Sheriff—D. B. Stafford. Register of Deeds—W. H. Rankin. Treasurer—G. H. McKinney. Surveyor—J. R. Edmunds. Coroner—G. L. Stansbury. County Commissioners—L. T. Barber, J. Al Rankin and W. C. Tucker.

Americans Advance on Verdun Front

With the American Army North-west of Verdun, Nov. 4.—The American troops late this afternoon advanced their lines both east and west, occupying Laneville, directly opposite Stenay, and taking Les Grandes Arpnoises, on the left.

Congress of January 8, 1918, the President declared that invaded territories must be restored as well as evacuated and freed, the allied governments feel that no doubt ought to be allowed to exist as to what this provision implies. By it, they understand that compensation will be made by Germany for all damage done to the civilian population of the allies and their property by the aggression of Germany by land, by sea and from the air.

"I am instructed by the President to say that he is in agreement with the interpretation set forth in the last paragraph of the memorandum above quoted. I am further instructed by the President to request you to notify the German government that Marshal Foch has been authorized by the government of the United States and the allied governments to receive properly accredited representatives of the German government and to communicate to them the terms of an armistice.

"Accept, sir, the renewed assurances of my highest consideration.

"(Signed) ROBERT LANSING."

RANDOLPH COUNTY BOYS HAVE SUFFERED HEAVILY

OF THE 208 WHO WENT INTO BATTLE SEPTEMBER 29 ONLY 67 CAME BACK.

Asheboro, Nov. 3.—The loss to the members of Company K, of Randolph county, formerly national guardsmen of the 120th infantry regiment, of the 30th division in the fearful battle of Cambrai, September 29, 1918, when the 30th division first broke the Hindenburg line was fearful. Of the 208 members of Company K who went into battle, only 67 came back after going over the top.

Some of those killed were: Capt. B. F. Dixon, who, after being wounded three times and after being shot through the head crawled with his men, rallying them at every step. His first lieutenant, H. W. Walker, was severely wounded and gassed later in the day at head of another squad or platoon of men, and is now in a London hospital. Top Sergeant Tom McDowell, also of Asheboro, was killed soon after Capt. Dixon at the head of his men. Sergeant Ernest Bunting, of Asheboro, was wounded while corporal Jake Brown was killed, as were also Sergeants William Forrester, of Ramseur, and Hal Richardson, of Starr, and Private John Kivett, of Asheboro. Sergeant Rufus Routh, of Worthville, is in a Portsmouth hospital with both arms and one leg broken, while many others have not been heard from. Sergeant Frank Steed writes on October 6, that he, Dallas Langley and Colon Bunting are all that came back of those who were with him. He tells how he captured eight Germans alone and without aid, as the battle was closing.

Sergeant James O. Walker was one who came out without a scratch, as did John Brown and Walter Brown, two of the three Brown brothers over there, all brothers of Edgar Brown, formerly of this county, now of Hemp, Moore county.

Lieut. Clarence J. Lovett, son of Mrs. M. L. Lovett, Asheboro, is also another who came out without a scratch, also George and Harris Birkhead, sons of former Sheriff Birkhead.

Eugene Chisholm, of Ramseur, brother of John H. Chisholm, Asheboro, writes a very interesting letter to his brother, extracts of which follow:

"I am feeling well considering what I have been through with for the past two weeks. To tell the truth I feel lucky to be living. Lots of the home boys have given their lives in the last big battle, but all died for a good cause. The United States ought to be proud of them. Perhaps our greatest loss was Captain Dixon. He was a father to us boys. I never expect to find another man who will take the interest in the boys he took. The place we took was the strongest place on the Hindenburg line. The English, French, Scotch and Canadians had tried different times to take the place, but failed. The place where we were was over a hundred miles off and we expected to stay there, but General Pershing sent us here to take this strong front. He said he felt sure we could do it, and we did. That Hindenburg line is some line. I wish you could see it.

"Just before going into battle, Captain Dixon lined his men up and talked to them almost an hour and said, 'We are going to take this place if there is only one man left when we get there.' He said he had no hopes of coming out alive and he made his will and left a note to be sent to his mother. He only got about half way and was wounded three times before he was killed, but kept right on going until a bullet went through his head that caused his death. The last words he said were: 'Go on my boys I am with you.'

"Sergeant Forrester, Sergeant McDowell and many others were killed, you will see account of in the paper long before this reaches you."

Wilmington Airman's Success.

With the American Army North-west of Verdun, Nov. 5.—In a series of aerial combats with Fokkers Monday, Lieut. Harmon Robison, of Wilmington, N. C., brought down three enemy planes. Lieutenant Robison's machine was struck by 47 bullets, but the American managed to land within his own lines.

HEAVY TOLL OF AUSTRIAN PRISONERS BY ITALIANS

NEWS OF AN ARMISTICE RECEIVED WITH GREAT JOY IN ALL PARTS OF ITALY.

Washington, Nov. 4.—Three hundred thousand Austrian soldiers and not less than 5,000 guns had been captured by the victorious Italian armies before the armistice went into effect at 3 o'clock this afternoon, said an official dispatch tonight from Rome. This included all captures since the offensive began October 24.

The soldiers of the once powerful Austrian army, the dispatch said, continued to flee in disorder. Since the offensive started, sixty-three Austro-Hungarian divisions was put out of combat by fifty-one Italian divisions, three British and two French divisions with Czecho-Slovak units, and an American regiment.

"The war against Austria-Hungary, which was conducted under the high command of his majesty, the king of Italy, with an army inferior in number and with still inferior means the 24th of May, 1915, has come to an end," said the dispatch. "With unshakeable faith and indomitable valor the Italian army waged a continuous and hard war for a period of forty-one months and won the stupendous battle begun the 24th of October and in which were engaged in their entirety all the resources of the enemy.

"So far, the enemy has left in our hands 300,000 prisoners and not less than 5,000 guns. The soldiers of what used to be one of the most powerful armies in the world are now fleeing in disorder and without hope from the valleys which they had invaded with truculent confidence.

"On October 31, after having overcome on strongly fortified positions the resistance of a powerful enemy rear guards our troops, consisting of 51 Italian divisions, three British and two French divisions with Czecho-Slovak units and an American regiment put out of combat 63 Austro-Hungarian divisions. The rapid and most daring advance of the 29th army corps to the city of Trento precluding the retreat of the defeated enemy troops pressed from the west by the seventh army corps and from the east by the first, sixth and fourth army corps, determined yesterday the complete crumbling of the Austrian front.

"From the river Brenta to the sea the irresistible impetus of the twelfth, tenth and eighteenth army corps pressed inexorably the enemy retreating across the plain. The duke of Aosta is advancing rapidly at the head of his invincible third army anxious to return to the old positions which he had once heroically conquered.

"The Austro-Hungarian army is destroyed. It has suffered heavy losses in the tenacious resistance during the first day of the offensive and in the pursuit it lost an enormous quantity of material and artillery.

"In Albania our advance guards have occupied Scutari."

MORE THAN THREE TONS DROPPED ON GERMANS.

With the American Army North-west of Verdun, Nov. 5.—More than three tons of bombs were dropped to-day on Mouzon and Raucourt as enemy troops passed through the villages, bound north. More than 120 bombing and pursuit planes participated in the attack. Fokkers attacked the Americans in groups of 15 to 20.

Fourteen Fokkers were brought down and three American fliers are missing. The bombs caused fires in warehouses and barracks and consternation among the retreating Germans.

Aerial photographs show 36 shell and bomb holes in the railway yards at Conflans. The main line through Conflans was put out of commission, at least temporarily, while all the tracks were damaged.

The Conflans railroad has been a regular target for American bombers and big guns recently, as the Germans were using this line to bring up troops which had been in the quiet sectors around Metz and in Lorraine. One photograph shows a life of freight cars on a siding, but no activity. A week ago, photographs of the same yards depicted them as humming with action, with trains coming and going.

HEALTH OF GUILFORD IN EXCELLENT CONDITION.

The October report of Dr. W. M. Jones, county physician, makes an excellent showing for Guilford county during the past month. The influenza epidemic has subsided to a great extent, and it is probable that the quarantine restrictions will be removed after this week.

Here is Dr. Jones' report for the month of October:

County Home: There has been no sickness to amount to anything since last report. One case of a white man who came to the city from Indiana and who was sick, with advanced pulmonary tuberculosis, and for whom no place could be obtained in the city, was carried to the home. He only lived a few days. This man had some money and letters on him by which we were able to communicate with his people who directed that he be buried at Holt's chapel, which was done.

Only five visits have been made the home.

Camps: Here we have had no sickness, and only one visit has been made. I am certain that placing the camp where it now is will prove of very great advantage during the winter, and will be far more comfortable for the men.

Jail: Here we have had several sick, some of whom we were compelled to simply take in and care for. There is now one negro boy who is not yet able to go home. Ten visits have been made the jail.

Insane examined, 3; office calls, 62; charity calls, 287.

Infections: Typhoid fever, 8; whooping cough, 4 measles, 0; diphtheria, 3; scarlet fever, 4; smallpox, 0; infantile paralysis 0; meningitis, 0.

The epidemic of influenza reached its height about the 15th, since then there has been a gradual subsidence over the county as a whole, though some sections have shown an increase, others are now entirely free.

RESPECTED CITIZEN DIES AFTER MONTHS' ILLNESS.

S. F. Harmon died at 2 o'clock Tuesday afternoon at his home, 418 South Spring street following an illness of several months. He was born in Davidson county 56 years ago, coming here about 15 years ago, where he entered the livery business. Surviving are his widow, formerly Miss Sallie Swink, of Concord; a brother, M. S. Harmon, and a sister, Mrs. F. L. Fiddler, each of whom is from High Point.

Funeral services were held at 11 o'clock yesterday conducted by Rev. J. G. Walker, acting pastor of the Presbyterian Church of the Covenant, of which the deceased was a member, assisted by Rev. J. Clyde Turner, pastor of the First Baptist church, and Rev. C. E. Hodgins, pastor of the Westminster Presbyterian church. Interment will be made in Concord.

Honorary pall-bearers were Col. W. H. Osborn, J. G. Foushee, W. G. Balsley, F. E. Stockton, E. J. Stafford and Dr. Moseley. Active pall-bearers were C. E. Pugh, J. C. Morris, G. R. Kennett, R. C. Chandley, J. B. Williams and A. Schiffman.

AUSTRIA-HUNGARY PASS OUT OF THE WORLD WAR

TERMS IMPOSED ON BULGARIA AND TURKEY NOT SO DRASTIC AS ON AUSTRIA.

Washington, Nov. 4.—Austria-Hungary, the last and most powerful ally of Germany, passed out of the world war today under terms of a peace treaty.

No more have the armed forces of the powerful Austro-Hungarian empire laid down their arms. As a result of the war and peace terms imposed by the allies and United States, but Austro-Hungarian territory is open for operations against Germany. Even the munitions of the former ally are to be used against the kaiser's armies if they accept conditions now being prepared for them make provisions necessary.

The terms which stopped the vicious advance on the Italian front were accepted by the Austrian commander-in-chief in the field in the name of the Vienna government and their execution is guaranteed by the thorough beating already administered which had converted the defeated army into a disorganized, feeble horde.

Basic Terms Imposed.

Even the terms imposed previously upon Bulgaria and Turkey hardly were so drastic. In addition to all the military precautions, the Austrians were compelled to retire from wide belts of territory within the sphere of their empire when the order of surrendering all of Italia was issued and thereby losing any chance for argument over boundaries and a peace table.

A survey of the geographical area freed for Austrian evacuation shows that the area is even greater than that set by the Italians as the end of their ambition when they entered the war. At that time, the Italian leaders carefully outlined and indicated on their war maps the territory along their borders which they deemed it necessary that they acquire for racial and sentimental reasons and also to insure the security of their frontiers.

Terms of the Armistice.

Following are the terms of the armistice imposed upon Austria, which went into effect at 3 o'clock Monday.

Military clauses:

1. The immediate cessation of hostilities on land, sea and air.

2. Total demobilization of the Austro-Hungarian army and immediate withdrawal of all Austro-Hungarian troops operating on the front from the North Sea to Switzerland.

3. All Austro-Hungarian territories included as in clause three below, shall only be maintained as organized military force a (1) retained to pre-war effectives. (2) Efficiency?

4. Half of the divisional, corps, and army artillery and equipment shall be retained at points to be indicated by the allies and the United States of America for delivery to them, beginning with all such material as exists in the territories to be evacuated by the Austro-Hungarian forces.

5. Evacuation of all territories invaded by Austro-Hungarian troops since the beginning of the war, shall be completed within such periods as shall be determined by the commander-in-chief of the allied forces on each front of the Austro-Hungary armies. The evacuation shall be fixed as follows: From the Danube to the north of the Rhenus up to the sources of the Adige and the Eisach, passing thence

by Mounts Reschen and Brenner and the heights of Oetz and Zoeller. The line thence turns south crossing Mount Toblach and meeting the present frontier Carnic alps. It follows this frontier up to Mount Tarvis after Mount Tarvis the watershed of the Julian alps by the Col of Predil, Mount Mangart, and Tricornio (Terglou) and the watersheds of the Cols di Podberdo, Podlaniscam and Idria. From this point the line turns southeast towards the Schneeburg, excludes the whole basin of the Save and its tributaries. From Schneeburg it goes down towards the coast in such a way as to include Castua, Mattugia and Voloca in the evacuated territories.

Free Movement Through Austria.

It will also follow the administrative limits of the present province of Dalmatia, including to the north Lsaria and Trivania and, to the south, territory limited by a line from the (Semigrand?) of Cape Planca to the summits of the watersheds eastward, so as to include in the evacuated area all the valleys and water course flowing towards Sebenico, such as the Cicola, Kerka, Buttisnica and their tributaries. It will also include all the islands in the north and west of Dalmatia from Premuda, Seive, Uubo, Scerda, Maon, Pago and Puntadura in the north up to Meleda in the south embracing Santandrea, Busi, Lisa, Lesina, Tercola, Curzola, Cazza and Lagosta as well as the neighboring rocks and inlets and passages, only excepting the islands of great and small Zironi, Bula, Solta and Brzzo. All territory thus evacuated (shall be occupied by the forces?) of the allies and of the United States of America.

All military and railway equipment of all kinds, including coal, belonging to or within those territories (to be), left in situ and surrendered to the allies according to special orders given by the commander-in-chief of the forces of the associated powers on the different fronts. No new destruction, pillage or requisition to be done by enemy troops in the territories to be evacuated by them and occupied by the forces of the associated powers.

4. The allies shall have the right of free movement over all road and rail and waterways in Austro-Hungarian territory and of the use of necessary Austrian and Hungarian means of transportation. The armies of the associated powers shall occupy such strategic points in Austria-Hungary at times as they may deem necessary to enable them to conduct military operations or to maintain order.

They shall have the right of requisition on payment for the troops of the associated powers (where-ever?) they may be.

German Troops Must Evacuate.

5. Complete evacuation of all German troops within 15 days not only from the Italian and Balkan fronts but from all Austro-Hungarian territory.

Internment of all German troops which have not left Austria-Hungary within the date.

6. The administration of the evacuated territories of Austria-Hungary will be entrusted to the local authorities under the control of the allied and associated armies of occupation.

7. The immediate repatriation, without reciprocity, of all allied prisoners of war and interned subjects and of civil populations evacuated from their homes on conditions to be laid down by the commander-in-chief of the forces of the associated powers on the various fronts. Sick and wounded who cannot be removed from evacuated territory will be cared for by Austria-Hungary personnel who will be left on the spot

with the medical material required. Naval conditions:

1. Immediate cessation of all hostilities at sea and definite information to be given as to the location and movements of all Austro-Hungarian ships.

Notification to be made to neutrals that freedom of navigation in all territorial waters is given to the naval and mercantile marine of the allied and associated powers, all questions of neutrality to be waived.

2. Surrender to allies and the States of 15 Austro-Hungarian submarines completed between the years 1910 and 1918, and of all German submarines which are in or may hereafter enter Austro-Hungarian territorial waters. All other Austro-Hungarian submarines to be and to remain under the supervision of the allies and the United States.

3. Surrender to allies and United States with their complete armament and equipment of three battleships, three light cruisers, nine destroyers, 12 torpedo boats, one mine layer, six Danube monitors, to be designated by the allies and United States of America. All other surface warships, including river craft, are to be concentrated in Austro-Hungarian naval bases to be designated by the allies and United States of America, and are to be paid off and completely disarmed and placed under the supervision of allies and the United States of America.

4. Freedom of navigation to all warships and merchant ships of allied and associated powers to be given in the Adriatic and up the River Danube and its tributaries in the territorial waters and territory of Austria-Hungary.

Power to Dismantle Fortifications. The allies and associated powers shall have the right to sweep up all mine fields and obstructions and the positions of these are to be indicated.

In order to insure the freedom of navigation on the Danube the allies and the United States of America shall be empowered to occupy or to dismantle all fortifications or defense works.

5. The existing blockade conditions set up by the allied and associated powers are to remain unchanged and all Austro-Hungarian merchant ships found at sea are to remain liable to capture save exceptions which may be made by a commission initiated by the allies and the United States of America.

6. All naval aircraft are to be concentrated and impactionized in Austro-Hungarian bases to be designated by the allies and United States of America.

7. Evacuation of all the Italian coasts and of all ports occupied by Austria-Hungary outside their national territory and the abandonment of all floating craft, naval materials, equipment and materials for inland navigation of all kinds.

8. Occupation by the allies and the United States of America of the land and sea fortifications and the islands which form the defenses and of the dock yards and arsenal at Pola.

9. All merchant vessels held by Austria-Hungary belonging to the allies and associated powers to be returned.

10. No destruction of ships or of materials to be permitted before evacuation, surrender or restoration.

11. All naval and mercantile marine prisoners of the allied and associated powers in Austro-Hungarian hands to be returned without reciprocity.

GERMANS IN RETREAT ON A 75-MILE FRONT.

London, Nov. 5.—The Germans are retreating on a 75-mile front from the river Scheldt to the river Aisne.

In the face of the German retreat the situation changes so rapidly hour by hour that it is impossible to give a definite idea of the allied advance.

Roughly, the allies have crossed the Franco-Belgian frontier between Valenciennes and Bavay, which is eight miles west of the fortress of Maubeuge. The allies are within two miles of Bavay. They have captured the whole of Mormal forest except the eastern edge.

Then the line runs from Maroilles to the western edge of Nouvron forest, two miles east of Guise, two miles south of Marle, and along the Serre river to Clermont river and then in a straight line to Chateau Porcien.

Owing to the bad weather, the allied pursuit has lost touch with the enemy's main body.

French troops have crossed the Ardennes canal on both sides of Le Chesne and have advanced for a distance of about a mile.

The Americans have forced the bridgehead south of Dun, on the river Meuse, but have not yet occupied Dun.

REELING UNDER ASSAULT OF THE ALLIED FORCES

BRITISH AND BELGIANS DIG DEEP INTO GERMANY'S LINES —RETREAT ALMOST A ROUT.

The German armies in Belgium and France are being defeated. Nowhere are they able to stay the attacks of the allied forces. Ground is being given over wide areas in Belgium and France from the Belgian border to east of the Meuse river.

The British and Belgians in Flanders have dug deeply into enemy-held territory and the enemy is reeling under the assaults. From Valenciennes to the Aisne the British and French are driving the enemy in what seems utter disorder backward toward his border. Greater, perhaps, than all the other strokes, however, is that of the Americans and French in the Meuse river region north and northwest of Verdun, where fast strides are being made northward over a wide front which threaten to cut off the enemy's retreat and bring about a defeat of the Germans on the battle field.

From Belgium to the Meuse, the Germans are in jeopardy. Especially critical is the situation for them in the great sack from Belgium to the north of Rheims, for with the advance of the Americans and the French northward, and with the important lines of communication under fire, it seems probable that large numbers of them are destined to be cut off and forced to surrender.

Likewise the crossing of the Meuse river by the Americans places in peril the large enemy forces in Lorraine south of Metz. There are indications that operations with a view to overwhelming the enemy in this region are in the making. The German official communication of Tuesday announced that the Americans had made "partial thrusts" west of the Moselle river, which runs through Metz.

Large numbers of towns have been reclaimed by the allied troops throughout the entire fighting zone, many thousands of Germans have been made prisoners and large numbers of guns and enormous quantities of stores have been captured. In addition, the enemy has suffered terrible losses in men killed or wounded.

Judging the situation from the military map, the crisis on the battlefield is at hand. The Germans have come to the realization that the Foch military machine is the master of the German machine. Therefore, they are giving ground everywhere before it—seeking their border line in order to prevent being crushed.

WOUNDED SOLDIER IS KILLED ON RETURN HOME.

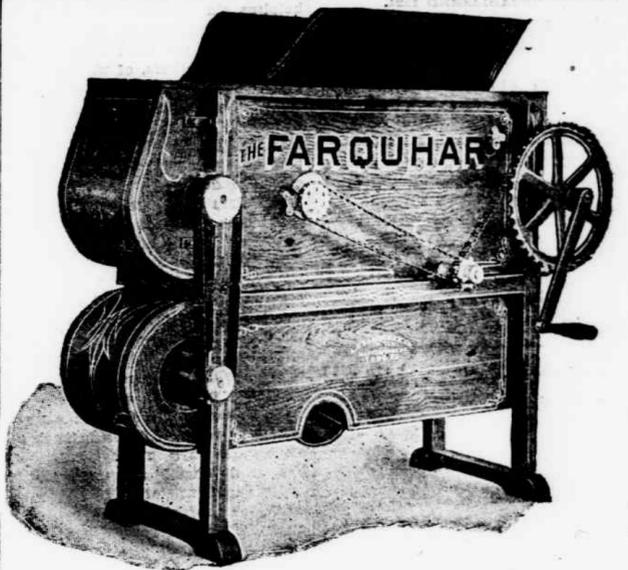

Hartselle, Ala., Nov. 5.—Desperately wounded in the American advance, which wiped out the St. Michel salient, and invalidated home for recovery, Barcliff Tucker, a member of one of the first expeditions sent overseas, was killed at his old home several miles west of here when he was mistaken for a burglar by Elmer Fitzgerald, his foster father.

Tucker enlisted at the age of 18 and had seen active service nearly three years. Returning to this country he hastened southward as rapidly as possible and at Decatur, Ala., hired an automobile to carry him through the country to his home. His arrival occurred late at night, but his aged grandmother heard the automobile and rushed out to greet her grandson, calling her daughter, Mrs. Elmer Fitzgerald, as she passed through the house. This noise awakened Fitzgerald, who, looking through the window and seeing a man standing in front of the house, thought him a burglar and shot the young hero in the side, death occurring almost instantly.

PEOPLE OF PETROGRAD IN WRETCHED CONDITION.

New York, Nov. 5.—Norman Armour, of Chicago, a secretary attached to the one-time American embassy at Petrograd, and who accompanied the embassy to Moscow and then to Vologda, arrived here today on his way to Washington with reports for the department of state. He came by the way of Finland.

"Petrograd," he said, "was a deserted and starving city when I left. You notice a horse standing in a street hitched to a public cab. In another minute the horse has dropped dead of starvation. You pass that way again in an hour and the people have cut the dead animal to pieces and carried it away for food. The Bolsheviks are more autocratic than the czar and his officers ever dared be and conditions in Russia this winter will be beyond description.

THE FARQUHAR HULLER

Can be operated either by hand or light gas engine. Two men are required for hand work and from two to four horse engine for power.

By hand the machine turns out from 10 to 15 bushels an hour. Capacity when driven by engine ranges from 20 to 30 bushels an hour.

Throughout Piedmont North Carolina the practice of raising large crops of PEAS and BEANS for forage is rapidly increasing, and every farmer should have a

Farquhar Pea and Bean Huller,

which was specially designed and built for this work. It is not unusual for users to report that this machine has paid for itself in a single season by its saving in labor and seed.

Let Us Show You This Huller.

his torch made of burning homes, tenanted by sweltering corpses of murdered women and children and helpless old people; how could he expect his supplicating voice to be heard above the cries of drowning babies and mothers, of wounded soldiers, of God's own angels of mercy? Above the shrieks of outraged womanhood; above the crash of shells tearing and mangling the worshippers at Sunday service? Groveling over the debris of the Sanctuaries his soldiers had desecrated and then reduced to shapeless masses of ruin, how could he lift his eyes to heaven and ask God's blessing upon his work? Truly, must the kaiser be praying in distraction of soul, in agonies of fear, in tortures of mind, for it is when he is moved to supplication that the atrocities of the war for which he is responsible will stare him in the face in accusation and mockery. The German emperor might well spend the balance of his earthly days in prayer, for in him is developed the most blood-guilty suppliant of all history—sacred or profane. Well may the kaiser be at his prayers, for he has built up a pyramid of iniquities monstrous in its proportions.

STAY THE HAND OF THE POLICEMAN.

Within the city limits of a nearby town lives a father who has a boy over in France fighting for his country. This boy has left two puppies with the father and in his last letter wrote of his puppies at home and how he longed to see them wag their tails with joy over his return home.

But this father is alarmed, lest perchance the policeman of this town will lay heavy hands upon his boys' pets and carry them off and shoot them, if the tax is not paid—as he has a legal right to do under existing laws.

We call upon the authorities to stay the hand of the policeman in this case or any other just like it. Kill a boy's favorite pet dog because the boy is thousands of miles away and has not the money to spare after paying his insurance and other necessary bills—never let it be said that this was done within the confines of North Carolina. Don't kill the pet dogs of the soldiers for want of a little dog tax.

CANDIDATE FOR GOVERNOR OF SOUTH CAROLINA.

Because Dr. J. A. Hayne, health officer of South Carolina, announced that all towns needing whiskey for influenza could send to him and get it, the Houston Post thinks that if he runs for governor of South Carolina in 1920 that his majority would be 75,000.

Now this was intended as a joke on South Carolina. If it were not a joke it would mean that whiskey will be enthroned again by the vote of the people at the very first opportunity they have to do so.

We rather think that a man who would be a candidate for governor of one of our Southern states on a platform to license liquor as it was in the olden days would be snowed under by a tremendous majority.

SHALL SUFFER FOR THEIR CRIMES.

The horrible crimes committed during the war by the Huns will not go unpunished is the information that now comes from the allies.

The British attorney general has a plan to organize a court of allied representatives which shall have both military and civil authority to try those who have committed murder and other crimes.

The surrender of those who have committed these crimes under the guidance and direction of the Huns will be demanded of the Germans. This will not be dealing out vengeance, but it will be giving justice to those who need punishment of the severest kind.

SILENT AS THE TOMB.

The terms of the surrender of Austria-Hungary have produced a profound silence in and around the Oyster Bay statesman like unto the silence of the tomb.

An yet these terms were based upon the fourteen conditions as laid down by Wilson for the guidance of the allies in the settlement of the war.

RUSSIA IS SEEING THE LIGHT.

The statement coming from Russia that they will not pay any further indemnity to Germany indicates that this great country is beginning to see the light.

One by one the props are falling from under Germany and the German government will be the most despised of any government on the face of the earth.

"WITHOUT RECIPROCIITY."

We see that Austria and Hungary will be required to turn over all the allied prisoners and will not receive any of the prisoners of their forces in return. This is what "without reciprocity" means in this particular case anyway.

GLENWOOD YOUTH KILLED WHILE OUT HUNTING.

Napoleon Hodgkin, who was accidentally shot at 5 o'clock Monday afternoon by his companion, Charlie Holden, died at 7 o'clock Monday evening in a local hospital.

The accident occurred when the two boys, aged 13 and 14, were hunting in the woods near their homes at Glenwood. Young Holden espied a rabbit nearby and took aim with a shot gun, when the rabbit suddenly darted between them. Just as he fired, the unfortunate companion made a lunge in an effort to grab the rabbit and the full discharge of shot took effect in his abdomen, according to the statement of those who were called to the scene. The Hodgkin lad was rushed to a hospital but the wound proved fatal quickly.

He was the son of Walter Hodgkin, of Glenwood, and in addition to his parents is survived by three brothers, Archie, Clarence and Charlie, and three sisters, Carry Jassie, Maxine and Ruth. His companion also lived in that vicinity.

The grief of the Holden youth, when he learned the result of the tragedy, is indescribable, and he was hysterical for several hours after the accident occurred. The two boys had been the closest of companions and neighbors for some time.

Boy Killed by Auto Truck.

Spencer, Nov. 5.—Thomas Lineback, aged 10, son of Conductor and Mrs. Grover C. Lineback, was killed in front of his home in East Spencer to-night by either jumping or falling from a motor delivery truck from a Salisbury business house. It is said the boy's neck was broken and he lived only a few minutes. It is said that he was swimming carelessly on the side of the truck when the accident occurred.

SUDDEN DEATH OF MR. EVERETT B. KING.

His many friends were deeply moved Wednesday morning on learning of the death of Everett B. King, whose body was found on the sidewalk in front of the residence of his brother, W. W. King, with whom he made his home, shortly after daylight. Heart trouble is believed to have been the cause of death.

Mr. King was up town Tuesday night discussing the election returns with friends and was in the office of Clerk of Court Gant after 10 o'clock, apparently in usual health. It is thought that he was stricken while going home for the night, the attack coming just as he reached the walkway leading to the home of his brother on Church street. It was apparent the body had been there for several hours when discovered. There was no trace of foul play and no inquest was deemed necessary.

The remains were taken to the undertaking establishment of Poole & Blue and prepared for burial, later being taken on the afternoon train to Danbury, Stokes county, where the interment took place today.

Mr. King was 44 years of age and was a native of Stokes county. He removed to Greensboro a number of years ago and for a long time was associated with King Bros. in the cigar business, withdrawing from active business some time ago on account of his health. He was a popular business man and a highly esteemed citizen, being known and respected by a large number, not only in Greensboro but throughout this and adjoining counties.

Surviving are his brothers, Walter W. and John W., of this city, and R. R. King, of Danbury, also four uncles R. R. and John L. King, of this city; J. R. King, of Stokesdale, and J. S. King, of Madison.

How a Loss to Your Estate May be Avoided

Very often a loss to an estate managed by individual executors and trustees occurs through the lack of knowledge and experience rather than through any intentional dishonesty.

The individual executor and trustee may have the best intentions, and yet manage the estate improperly, because his training for such duties has been inadequate.

No one need run the risk of having his estate managed improperly when the Greensboro Loan and Trust Company, with its special facilities for handling trust business is available for appointment under will.

As Executor and Trustee the Greensboro Loan and Trust Company will give your estate the benefit of the best knowledge and experience to be had in trust matters.

CLEMENCEAU THINKS PEACE MAY NOT BE SO NEAR.

Paris, Nov. 5.—Premier Clemenceau declared in the chamber of deputies to-day that peace might not be so near as some might think.

The premier said, however, that he could assure the house that "the fate of the peoples was henceforth fixed."

Premier Clemenceau also announced in the chamber of deputies that the conditions of the armistice for Germany had been transmitted to President Wilson. They were inspired, he added, as were those for Austria, to prevent a resumption of hostilities.

Premier Clemenceau said: "The terms (to Germany) are what President Wilson himself recommended to us for the security of our troops, the maintenance of our military superiority, and the disarmament of the enemy insofar as that is necessary to prevent a resumption of hostilities."

Good News From the Boys.

Now doesn't this message from Dr. John R. Mott to the millions of fathers and mothers in America, who have boys in France, make you want to buy stamps and bonds, and do everything else that you have been asked to do, and do it gladly, to show your appreciation and love for those fine young boys? He says: "Your boy is living a clean life in France. Do not let any man deceive you with rumors to the contrary. The American troops in our home cantonments are cleaner, physically and morally, than they were when they were marshalled into service. And the troops in France are cleaner than those in the cantonments—the cleanest, most wholesome army the world has ever seen. Step by step General Pershing has pushed back the liquor sellers and the forces of evil from where the boys live; and decency and virtue are becoming the popular thing in the American army—the easier, not the harder path to travel for your boy."

Italian Prisoners Escape.

Amsterdam, Nov. 5.—Twelve hundred Italian officers and 12,000 men, having overpowered their guard in the prisoners' camp, three miles from Vienna, have left the camp and are marching in the direction of Horn, 46 miles northwest of the capital, according to a dispatch from Vienna to the Dusseldorf Nachrichten.

—Good cooking range and open-top rubber tired buggy and harness for sale cheap. See notice in bargain column.

—Some extra good values in footwear for men, women and children are being offered by Messrs. Coble & Mebane, the one price cash men. They have a splendid line of school shoes for both girls and boys—just the kind that will give good service and look dresy. Their display of ladies' boots is excellent, and for men they can fit any foot as well as a purse. See their new ad. on the fifth page to-day.

—Since it is good form these days to "cut the corners" and save, it behooves the man or boy who actually needs a new suit or overcoat to purchase the extreme caution the occasion demands. That means getting the quality you should have at the conservative price you are justified in paying. Quality and value are telling points in Rhodes Clothing Company fall and winter clothes for men and boys. Read the Messrs. Rhodes new ad. on the second page and give them a call.

—There is likely to be a shortage in rubber and felt goods this season, as the government has bought up large quantities of footwear making rubber and felt for war purposes. Fortunately Thacker & Brockmann secured a fairly good sized stock early in the season, but after the present supply is exhausted it is doubtful if they can secure any more this season, and these gentlemen advise early buying of all you will need the coming winter. They have a fine line to select from now. See their rubber goods ad. on eighth page.

—The United War Work Campaign will begin November 11 and continue to the 18th, during which time our people are asked to raise our quota of \$87,668, distributed between Guilford, Davidson, Randolph and Rockingham counties, which is known as the ninth North Carolina war work district. The sixth page of to-day's Patriot has been paid for by the Vick Chemical Company in order to bring this important matter more forcibly before our people. The various counties and townships have been organized, and the list of committees will be found in the announcement on the sixth page.

—Mr. Brown gives our people some good advice in Brown-Belk's new ad. on the fourth page to-day. "Do your shopping early," he says, while assortments are good and the weather is favorable. Also, buy your Christmas goods now and avoid the rush just at the opening of the holiday season. These big double stores are full of splendid values in men's and boys' suits, overcoats, pants, hats and shoes. The women's wear department is full of good things in ready-made garments for immediate wear, while a visit to the millinery department will convince you that Brown-Belk can supply your needs at the right price. He Was Used to Rats.

Of course you do not envy "Uncle" Don Gilchrist, colored, of his bed-fellow, "Uncle" Don says he was waked several nights by something crawling about over his body. The rats were bad at "Uncle" Don's house, which is in the "bottom," and he thought it was rats, and would go back to sleep. This thing had been going on almost every night for a week. One morning, "Uncle" Don removed the cover from his bed and found a large pit rattlesnake coiled up in his bed. Then he concluded that it was the snake with whom he had been sleeping for a week that had been crawling over him, and not rats.—Lamberton Robesonian.

Emperor Charles Will Abdicate.

Basel, Nov. 5.—Emperor Charles, of Austria-Hungary, is determined to abdicate and will retire to Switzerland, German newspapers say. The emperor made this announcement, it is added, during a conference on Saturday with the new Austrian government and other influential leaders in the dual monarchy.

First Snow in Asheville.

Asheville, Nov. 4.—The first snow of the season in this section greeted Asheville this morning on Pisgah and other nearby mountains. The snow-fall was light but could be plainly seen by people in the city. Two heavy killing frosts visited this section within the past few days, although the weather is ideal fall weather.

THE TOBACCO MARKET VERY ACTIVE THIS WEEK.

The largest tobacco sales ever held in our local warehouses have taken place since the re-opening of the market Monday. The floors have been full to overflowing at each sale, while streams of loaded wagons were lined up waiting their turn.

The farmers, apparently, were well satisfied with result, and many persons who have been trading on other markets state that they will bring their produce here, so long as good prices continue. The local market has done an unprecedented business this year, and bids fair to rival the total sales of any other season; when the closing order of the state board of health prevented sales during the spread here of the Spanish influenza epidemic.

OUR GOAL
100% Over Subscription

To the People of the Ninth North Carolina United War Work District :

This call to patriotic American men and women to contribute of their means by which our War Work organizations may "carry on" comes at the greatest crisis in the world's history; at a time when supreme sacrifices are being asked and freely given.

We, here in North Carolina, are beginning to realize what these sacrifices mean; realization is brought home to us when we read in the dispatches that entire companies of North Carolina men are being annihilated that humanity may be safer in its pursuit of happiness. What sacrifice on our part here at home can be comparable to that of the gallant lads of THE OLD HICKORY DIVISION, COMPOSED OF BOYS OF THE NINTH DISTRICT, for instance, who went over the top and died by squadrons for the sake of liberty.

We have loaned of our means to furnish these men with the implements of war; we are asked now to give of our means to give them morale---something a thousand times more vital in this conflict than arms and munitions. The organizations through which these funds will expended are taking to the men in the camps and in the trenches something of the warmth and spirit of home life; giving them the comforts and attentions that make them know they have behind them the heart and soul of the American people, KEEPING THE HOME FIRES BURNING OVER THERE.

What do you consider your part in this work? The men listed on this page have been selected to lead in this campaign; but they cannot be expected to do it all. They need the personal support, moral, physical and financial, of every man and woman in the Ninth North Carolina District. The appeal is directed to you personally. While North Carolinians are dying abroad, let not one of us here at home fail in our duty to them.

THREE AMERICAN PRIVATES GIVE FRENCH GREAT THRILL

With the American Forces in France, No. 5.—It was three American privates who gave the French civilians of the German occupied village of Thiaucourt the greatest thrill of their lives. For four years they had been waiting—and then they came.

When the three privates—an advance guard of swarms of other Americans in their wake—swung into the northern village of Thiaucourt, the soul was in the streets. For within a few minutes news spread among the seven hundred civilians that the Americans were there and men and women and children ran in droves from cellars where they had been hiding in terror for two days and nights. And from other cellars and dugouts there came six hundred German soldiers who were delighted with the idea of giving up.

The objective of the first American army, which wiped out the St. Mihiel salient, began on a Thursday morning and it was Saturday afternoon when the weary Americans reached Thiaucourt, hungry and fatigued from the walking in their eagerness to keep pace with the fleeing Germans.

As the Americans poured into the village and the French realized what was going on, they again Thiaucourt in a few minutes and cried open-mouthed about on door-sills and bits of wreckage caused by shells and wept until near exhaustion. And in the confusion the children cheered but even some of them, the older ones realizing what it all meant, cried too and kissed the hands of the officers and men.

What food they had on hand the French turned over to the Americans, the villagers insisting upon the Americans taking all they wanted of what they had. So in the streets and in the houses, some of them occupied only a few hours previously by German officers and men, the Americans made themselves at home, for a short breathing spell, and the French population of the village endeavored to satisfy the appetites of their deliverers.

From the time the Germans reached Thiaucourt in September, 1914, until a few days after the village had been retaken by American troops, the civilians were entirely without fresh meat of any kind excepting now and then a chicken or a rabbit which was raised in cellars without the knowledge of the Germans. All the cattle in the region of Thiaucourt were taken by the Germans, but the cows being left to furnish milk for babies.

Until the United States entered the war food was sent to Thiaucourt by way of the Netherlands by the American relief committee and later by a Spanish relief committee. This consisted principally of bacon, flour, sugar, rice, beans, peas and some cocoa. Two boxes of condensed milk were received in Thiaucourt each month and now and then a shipment of salt meat. Twice several boxes of American shoes arrived for the inhabitants and at long intervals there were small shipments of clothing.

During the four years' occupation by the Germans none of the civilians was allowed to leave the town. However, on one or two occasions individuals were permitted to visit a nearby village to attend the funeral of a relative, accompanied by a soldier guard.

COUNT TISZA SHOT DOWN IN HIS DRAWING ROOM.

Washington, Nov. 4.—The Berlin correspondent contains a dramatic account of the assassination of Count Tisza, former premier of Hungary, last week.

Count Tisza, in the evening, three days before he was shot, presented himself in the drawing room of Count Tisza, with his wife and the Countess Almassy, and asked the intruders, asking, "What do you want in your hand?" a soldier replied that he held a revolver.

"I am going. It had to be," Tisza replied. "Because you have not got your rifles."

"You are responsible for the destruction of millions of people, because you caused the war."

"The hour of reckoning has come."

The soldiers fired three shots and Tisza fell. His last words were: "I am going. It had to be."

GERMANY GETTING BIG DOSE OF ITS OWN MEDICINE.

Washington, Nov. 4.—The German government to-day notified the United States that since October 1 its air forces have been under orders to make bomb attacks solely against important hostile military objects within the immediate operations of war, on the assumption that allied and American air forces were to receive similar instructions.

The note delivered through the Swiss legation, protests that air raids have been carried out recently against seven German towns with loss of life among civilian population, and that unless such raids cease, Germany cannot refrain from aerial attacks on allied territory outside of the zone of operations.

This was the first notice received by the American government that such orders had been issued to the German air forces, which have constantly raided defenseless cities and towns in France, Great Britain and Italy since the war began.

No Reply to Protest Yet.

There was no intimation as to what action, if any, the American government would take with regard to the German protest. It was said authoritatively, however, that official reports show that American air operations have not up to this time gone beyond attacks upon purely military objectives. Such damage as may have been caused to non-military property and civilian losses have been incidental, it was said.

In view of the repeated raids of German air forces during the past four years not only on defenseless towns in France, England and Belgium but also on hospitals plainly marked and far beyond the fighting zones, military and diplomatic observers here do not believe the German protest will be taken seriously by the allied governments.

Why Protest is Sent to U. S.

The German protest was addressed to the United States, it was said, probably because this country has not been subjected to the campaign of air terrorism by the enemy. American hospitals behind the line in France, however, have been bombed by German night raiders. It also was regarded as possible that the German authorities have been forced to some step by the clamor of the German civil population, particularly in the Rhine provinces, where the belief is general that a mighty American air fleet is being built up to destroy towns there.

HIGH POINT YOUNG MAN IS KILLED IN ACTION.

High Point, Nov. 4.—Sergeant John R. Carroll, one of the best known young men of the city, was killed in action in Flanders on September 29, according to notices received in the city by the parents of the young man. Sergeant Carroll was a member of company H, 120th infantry, but went to training camp, Camp Sevier, Greenville, S. C., with company M first North Carolina regiment. He was on the Mexican border throughout the stay of the American soldiers there, and ranked as one of the best non-coms at Camp Sevier when the final overseas tests were underway.

The squad in charge of Sergeant Carroll had been almost completely exterminated in the hard fighting with Haig's forces, according to a recent letter a close friend received. Carroll, usually of the most jovial and optimistic disposition, wrote in this letter he passed five periods of bitter fighting without a scratch but that he did not believe that he could live through another. That this premonition was borne out is proved by the fact that in two or three days he was killed. He is the first member of the High Point company, as it was constituted when it left for training, to have fallen in action.

AUSTRIAN NAVY CONSISTS OF ABOUT 251 SHIPS.

Washington, Nov. 4.—Austrian-Hungary's navy, which either must be delivered to the allies or dismantled under the terms of the armistice that country has signed, consists of approximately 251 ships, according to latest official information reaching the navy department. These figures, Secretary Daniels announced to-day, were compiled without reference to recent reported losses of two Austrian battleships.

The total of submarines is placed at 45 with 15 battleships, an equal number of cruisers, 21 torpedo-boat destroyers, 10 torpedo gunboats, 67 torpedo-boats, 45 mine layers, 11 river monitors, seven patrol boats, six armed steamers, six scouts, one river torpedo boat and two trawlers.

You never can tell. Many a fellow is a bad egg because he has always been regarded as too fresh for any use.

GERMANY'S SUPPLY OF FUEL OIL CUT OFF.

Washington, Nov. 5.—One effect of the elimination of Austria from the war, the fuel administration announced to-night, will be the cutting off of Germany's supplies of fuel oil and gasoline.

Germany has been obtaining fuel oil and gasoline from Galatia and Rumania and was planning to import extensively from the Caucasus, the announcement said, but under the terms of the Austrian armistice, all traffic between Germany and her former ally must stop.

Within the German borders there are no supplies of fuel oil, and information possessed by the fuel administration is that Germany has been using benzol—a derivative of coal tar—for lubricating oil. This latter source, it was said, will not supply German needs.

The Italian fuel situation, which has been serious from the beginning of the war, it was said, will not be improved materially by the Austrian armistice. The Austrian mines worked to full capacity furnish only enough coal for the nation's needs. Demobilization of the Austrian army will allow the return of miners to their work and thereby probably prevent suffering because of lack of fuel within that nation this winter, but will not provide supplies sufficient to aid Italy.

FOUGHT UNTIL HIS GUN WAS TOO HOT TO HOLD.

Fayetteville, Nov. 4.—Some idea of the fierce nature of the fighting in which the 30th American division took the Hindenburg line at Bellcourt on September 29 is gleaned from a letter from First Lieut. P. T. Fry, to his mother, Mrs. W. A. Fry of this city. Lieutenant Fry, in an officers' training school in France, gives a resume of a letter he had received from Capt. R. J. Lamb, of the Fayetteville company, company F, 119th infantry. Captain Lamb, as an indication of the intensity of the fighting, says that his rifle became so hot from constant firing that he could hold it no longer, and throwing it away seized an abandoned rifle lying nearby, and waded in, using his new weapon as a club. Captain Lamb wears a sharpshooter's medal and is the biggest officer in the 119th infantry, the "fightingest" regiment in the "Wild Cat" division. Hence, it is presumable that a good many Hunns got what was coming to them that day.

WILL HELP PORTO RICANS SEND THEIR MONEY HOME.

Washington, Nov. 5.—Arrangements have been completed by officers of the construction division of the army with the postoffice department for the establishment of a money order station at Camp Bragg, Fayetteville.

A large force of Porto Ricans has been imported for work at the Fayetteville camp, and the station is established for the purpose of facilitating the sending of allotments by the Porto Ricans to their families at home. Because of the low rates of pay in Porto Rico, the allotments now being sent by the Porto Ricans to their families are fully as much as the Porto Ricans earned while at work at home.

The construction division will import 50,000 Porto Ricans in the next three months to expedite several big construction projects for the army.

THE WAR'S COST FALLS BELOW THE ESTIMATE.

Washington, Nov. 4.—War expenditures are not as great as the treasury estimated five months ago when it set the mark this fiscal year at about \$24,000,000,000. Expenses for October reported to-day amounted to \$1,684,862,000, including \$489,100,000 in loans to allies. The total was only a little more than expenditures last July, and about \$250,000,000 less than the estimates for October.

Owing to unusual receipts of \$3,583,400,000 in October from popular borrowings, the working balance in the treasury's general fund now stands at \$1,845,739,000, a new high record. From fourth liberty loan payments alone \$2,295,000,000 poured into the government's coffers last month.

The total war cost to date is now calculated at \$20,561,000,000, of which \$7,017,000,000 has been loaned to the allies. Only a little more than one-fourth of the expense has been raised from taxation and slightly less than three-fourth from liberty loans and war savings.

"I have a message of peace," says Germany. "Tell it to the marines," says Uncle Sam.

With the advent of universa peace there will be nothing left for the military man but marriage.

Dollar for Dollar MONEY IS WASTED when it is put into Clothes that do not represent its true value. The labor put into their making is wasted and the material which might be used to advantage elsewhere is wasted. Good Clothes are those which return in value to you the worth of the money you expend on them. Value in style, in permanence of style and in material. VANSTORY CLOTHES gives dollar's value for dollar spent. The price range is wide, but every price indicates true worth. Vanstory Clothing Co. GREENSBORO, N. C.

SYSTEM PAYS

A Farmer would be foolish to waste time cradling wheat in these days of the modern grain binder. It's harder work and it don't pay. This is the age of mechanical conveniences, labor-saving devices and efficient systems, and one of the most efficient is the present banking system as used by this Bank. All up-to-date business men and farmers do all their business through the Bank because it is easier and better, and it pays. Our system is right up-to-date—we have all the modern conveniences and it will pay you to use them.

C. E. S. Meeting.

The Christian Endeavor Society of Alamance church will meet Sunday afternoon at 4 o'clock. All members are urged to be present and bring the canned fruit for the Barium orphanage. Donations from any church member will be appreciated as the supply of canned fruit this year is shorter than last year.

Col. EH Gilmer Returns.

Word has been received that Col. F. L. Gilmer, of Greensboro, has arrived in New York from France, where he has been with the American expeditionary forces since March. Nothing definite concerning his movements is known by relatives here. He was for a long time stationed at Fort Adams, Newport, R. I.

Mrs. Hattie Howerton Dead.

Mrs. Hattie L. Howerton, age 32 years, died at her home Wednesday morning at 1 o'clock after an illness of several weeks. She is survived by her husband, J. A. Howerton, one son and three daughters, the youngest being only two weeks old. Funeral services were held Thursday at the home and the remains were carried to Reidsville.

Mrs. T. J. Wheeler Dead.

Mrs. T. J. Wheeler died at 2 o'clock Wednesday afternoon at her home near White Oak, following an illness of several days. She is survived by her husband, T. J. Wheeler, and her father, Edward Miles. Funeral services were held from the home at 2 o'clock Thursday afternoon and interment was made in the cemetery at Lee's chapel.

Conference to Meet in Charlotte.

Announcement is made that the annual Western North Carolina conference of the Methodist Episcopal church, will be held in Charlotte, beginning November 20. The sessions will be in the Tryon Street Methodist church. The conference was to have been held this week in Monroe, but was postponed on account of the influenza epidemic.

Death of a Little Boy.

Chester Gale, the three year old son of Mr. and Mrs. John Gale, 86 17th street, White Oak, died Monday morning at 3 o'clock, following an attack of influenza. The funeral was held from the home Tuesday morning at 10 o'clock, services were conducted by Rev. E. G. Whitley. The remains were taken to Rockingham, Richmond county, for interment.

Visited His Parents.

L. Carl Hobbs, of the medical department of the navy, stationed at Charleston, S. C., spent Tuesday night and Wednesday with his parents Mr. and Mrs. J. M. Hobbs, on Battle avenue. He left Wednesday afternoon for Florence, S. C., to visit his sister, Miss Clara Hobbs, and cousin, Miss Elizabeth Davidson, who are training as nurses in the Florence hospital.

Lid Off in Greensboro.

Greensboro is a wide open town so far as resuming all kinds of business and gatherings that were allowed before the flu epidemic struck Greensboro. The city commissioners on Wednesday repealed all ordinances that were adopted when the epidemic broke out. A close observation will be kept by the officials in order to prevent any return of the epidemic.

The Negroes Will Help.

Charles H. Moore, state inspector of negro schools, has been appointed as state supervisor of the negro boys under 18 years of age in the "Earn and Give" campaign to raise \$1,000,000 in North Carolina for the United War Work fund. The negroes of the state are expected to raise \$100,000 of this amount and Prof. Moore has appointed Watson Law executive leader of the negro boys of Greensboro and Guilford county.

Henry Huffine Dead.

Death as a result of pneumonia which followed an attack of Spanish influenza came to Henry Huffine, the 19 year old son of Mr. and Mrs. Louis Huffine, of near Pleasant Ridge church, at 10.30 o'clock Monday morning. News of his death will come as a distinct grief to many friends in this community. He is survived by his parents, two brothers and four sisters. Funeral services were held from Pleasant Ridge church, four miles north of Guilford College, at 10.30 o'clock Tuesday morning.

Jurors For December Court.

The following jurors have been selected by the county commissioners for the criminal term of Superior court, which convenes December 9: G. W. Brooks, A. M. Shepherd, Charles Mozier, Roy Wagoner, Will Gorrell, W. O. Goley, W. D. Clymer, J. C. Hackett, D. A. Graves, R. B. Beall, B. E. Coltrane, J. K. Ozment, J. E. Petty, F. L. Faulconer, L. F. Peeler, C. P. Osborne, H. I. Winfrey, W. H. Lloyd, A. R. Marsh, Frank Corum, H. C. Morgan, W. H. Hayworth, W. B. Sprinkle and J. H. Everhart.

Struck by Automobile.

While walking along the sidewalk in front of the court house Tuesday morning, Mrs. A. Weatherly was knocked down and bruised by an automobile, which was crossing the sidewalk. The machine was driven by George Chrismon, of Brown Summit, and it was being directed into the vacant space in the rear of the county building. Mrs. Weatherly was taken to a nearby drug store and given medical attention. While painful, her injuries were not serious. The machine appeared to swerve to prevent striking the lady and dashed into the machine of Dr. C. L. Carlson, which was standing in the parking ground alongside the Banner building. The machines were damaged by the force of the impact.

Young Shaw Improving.

Mrs. J. H. Shaw is in receipt of a message from her husband, who was bailed to Hampton Roads naval base, Newport News, Va., by the illness of their son, Eugene Shaw, stating that the condition of the latter is improving. Mr. Shaw, who recently enlisted in the naval band of the base, suffered an attack of influenza soon after his arrival. News of his improvement will be read with rejoicing by his friends here.

Civil Service Examinations.

Examinations for civil service will be held in Greensboro during the latter part of November and the first of December, which include in their scope tests for positions ranging from common labor at \$750 a year to specialized draftsmen and inspectors to be paid from \$1,000 to \$3,000 per annum. Full information as to the vacancies open and the means of applying may be obtained from the postoffice. Many of the positions require no written examination, as the government depends entirely on the evidence of experience and qualifications given by the applicants.

Strike Was Settled.

The strike among the workmen of the O. Henry hotel, which stopped construction all day Wednesday has been settled, and it is understood that all of the men will return to work to-day. Although the exact cause of the strike is not known exactly, it is thought that the trouble began with a dispute between union and non-union men, which resulted in a controversy. The argument progressed to the point where the union men walked out, according to the allegation. It is understood that the union did not question the right of non-union men to work.

Death of Mr. Clapp.

George Washington Clapp died Monday morning at 11 o'clock at his home, eight miles southeast of the city. He was 88 years of age, and is survived by one son and one daughter. The funeral was held from the home Tuesday afternoon, services being conducted by Rev. E. C. Murray, pastor of Alamance church. Interment was in the church cemetery. The pall-bearers were T. R. Dannel, Harper M. Coble, T. L. Dick, Hadley Shaw, Robert Smith and Porter Troxler. The floral-bearers were Misses Gertrude Holt and Ora Fogleman, Mrs. Smith and Mrs. Thomas Dick.

Little Boy Knocked Unconscious.

Little John O'Briant, the 6 year old son of Special Health Officer and Mrs. S. D. O'Briant, of 412 McAdoo avenue, was knocked unconscious Tuesday afternoon at a point on Sevier street, when an automobile driven by an unknown party knocked him off his bicycle, passing over one of his limbs, and bruising his head badly. The person driving the car did not stop to see whether he had killed the boy or injured him only slightly. Young O'Briant said that he only remembered hazily that it was a white driver and a Ford car. Unconsciousness, of course, prevented him from gaining a description after the accident occurred.

White Oak Citizen Dead.

Following an illness with Spanish influenza which developed into pneumonia, Alonzo M. Pickard, an employe of the White Oak store, died Monday morning in this city, and was taken to the home of relatives in Graham. He is survived by the following brothers and sisters: Miss Grace, Floyd and Ellis Pickard, of Graham; Mesdames J. H. Hunter, Lee Davis, Will Ferrill, Will Snipes, of Swepsonville; Broadie, of Swepsonville; Fred, of Liberty; Tom, of the American expeditionary forces in France. Mr. Pickard resided here with his cousins, Mr. and Mrs. M. C. Sykes, at their home, 425 Church street. He was confined at a local hospital when death occurred.

BLOCKADE PLANT CAPTURED WEDNESDAY.

Wednesday afternoon officials made one of the biggest blockade hauls of some time, when they captured and destroyed an 85 gallon copper still near Scalesville, 13 miles north of Greensboro. About 400 gallons of beer was poured out and the equipment put in such condition that it could not be repaired. The officers got wind of the blockade and Special Officer Joe Johnson and Deputy Sheriffs Joe Phillips, John Hobbs and Mike Caffey went out. They had no trouble in locating the plant, but the still was not in operation. It was a brand new one and the owners had had it wrapped in paper in which they were hiding it. Everything was in readiness for business and the beer was in such shape that it could have been commenced to-day. The officers could not learn on whose property the still was located.

MINISTERS MEET IN GREENSBORO FOR WAR WORK

Special features concerning the United War Work campaign, which will begin November 11, was discussed by the ministers of this section of the state at a meeting held in the Y. M. C. A. Thursday morning. They met with Dr. W. L. Poole, of Wake Forest College, and Dr. John M. Wells, of Wilmington, who have been appointed by the national council of the Y. M. C. A., to present to the ministers special features of the campaign.

The North Carolina clergy included in this district are from Guilford, Rockingham, Davidson, Alamance and Randolph counties.

GREENSBORO MAN FOUND DEAD IN A GEORGIA CITY.

A telegram was received by police here last night announcing that C. A. Surratt, presumably of this city or the mill section of Greensboro, was found dead in La Grange, Ga. At a late hour last night his relatives could not be located, although police thought that they knew the family of which he was a member and that they could get in touch with them this morning. The cause of his death was not stated in the brief message from La Grange, which was signed by a textile concern of that place.

Uncle Sam Buys Most all the Rubber and Felt Goods

The U. S. Government has bought up a large part of the output of the factories making Rubber and Felt Footwear for war purposes, which will necessarily cause a serious shortage in these goods this winter.

Fortunately we have secured a fairly good stock, but we earnestly advise all our friends who expect to buy RUBBERS or FELT SLIPPERS to buy them now, for when the present supply is exhausted there are no more in sight at any price.

Your attention is called to our splendid line of Work and Dress Shoes for boys and girls of all ages.
