PEACE TREATY SIGNED IN THE HALL OF MIRRORS

FORMALLY ENDS THE
WORLD WAR OF NEARLY FIVE
YEARS DURATION.

Paris, June 28.—Germany and the allied and associated powers have signed the peace terms here to-day which ended the world war of nearly five years duration.

The ceremony of signing the peace terms was brief. Premier Clemenceau called the session to order in the hall of mirrors of the palace of Versailles at 3.10 o'clock.

Signing began when Dr. Herr Müller and Johannes Bell, German signatories, affixed their signatures. Herr Müller signed at 3.12 o'clock and Herr Bell at 3.13 o'clock. President Wilson, first of the allied signatories, signed a minute later. At 3 o'clock the momentous session concluded.

These Delegates Fail to Sign.
The absence of the Chinese delegates, who at the last moment were unable to reconcile themselves to the proposed settlement, and left the German empire outside the formal peace, struck the first important note in the assembly. A protest which General Jan Smuts lodged with his signature was another disappointment to the makers of the treaty.

But, bulking larger, was the attitude of Germany and the German plenipotentiaries, which left them, as evident from the official program of the day from the expression of M. Clemenceau, still outside any formal reconciliation and made actual restoration to regular relations and intercourse with the allied nations dependent, not upon the signature of plenipotentiaries of peace to-day, but upon ratification by the national assembly.

M. Clemenceau's stern warning in his opening remarks that they would be expected, and held, to observe the treaty provisions legally and completely, the German delegates, through Dr. Haniel von Haimhausen, replied after returning to the hotel that they knew they would be treated on a different status than the allied representatives, as shown by their separate exit before the general body of the conference, they never would be signed.

Under the circumstances the general tone of sentiment in the historic hall was one rather of relief at the uncontrovertible end of hostilities than of complete and unalloyed satisfaction.

The ceremony came to a dramatic close in fact, reached its highest emotional pitch—with the wild enthusiastic reception of President Wilson, M. Clemenceau and Lloyd George by the crowds outside the palace, who ignored or disregarded the minor discords of the day. They were almost carried through the throngs by their progress through the crowds, to watch the play of the fountain—a part of the program which had been planned as a grand state professional of all plenipotentiaries.

When Hands in to the G. O. P.
Washington, June 27.—Claude B. Kitchin, Republican, a member of the house, today when he uncovered his scheme to mislead the public into believing that they are being money. It has been known for some time that the house leaders were being misled by reducing appropriations that will be given by the senate. Mr. Kitchin made the best of his service in Congress, and his friends think.

Wool Selling Well.
New York, N. Y., June 27.—A statement was made to-day by a representative of a Boston wool dealer that he had purchased of one of the 60 1-4 cents a pound. This was the highest price ever for wool in this vicinity.

Dr. A. A. Rankin, county commissioner, has been sick for several days, but is reported as being better.

SCRAP OF PAPER; PREDICT VENGEANCE.

Berlin, June 28.—The pan-German Deutsche Zeitung prints the following across its front page:

"German honor to-day will be carried to its grave in the hall of mirrors, in which in the glorious year of '71 the German empire was resurrected in all its former splendor. Let us forget, in restless labor the German people will again strive to attain that place among the nations of the world to which it is entitled. Then vengeance for the disgrace of 1919."

The Tageblatt says:
"The German people reject the treaty which its delegates are signing to-day, and it does not believe for a single moment that it will endure. Despite the fact that it is written on parchment, it remains a scrap of paper, because it is a mockery of all the laws of reason and morals and the most disgraceful exhibit in the museum of civilization."

THE NATION GOES DRY TONIGHT AT MIDNIGHT.

Washington, June 28.—President Wilson has decided he cannot legally lift the war-time prohibition ban before the country goes dry at midnight Monday, but he expects to do so as soon thereafter as his power has been made clear by the completion of demobilization.

In a cablegram made public to-night at the White House, the President said he was convinced after consultation with his legal advisers that he had no authority to act at this time.

"When demobilization is terminated," he continued, "my power to act without congressional action will be exercised."

The message expressed no opinion as to the authority of the President when he does raise the ban, to make his action applicable only to beer and wine.

NOW READY FOR THE PRESIDENT'S SIGNATURE.

Washington, June 27.—The bill ending government control of telephone, telegraph, cable and radios was made ready in Congress tonight for President Wilson's signature. Final legislative action was taken by adoption by the house and the senate tonight of the conference agreement which is expected to terminate government wire administration July 31. As finally approved, the legislation ends government control at midnight of the last day of the calendar month in which President Wilson approves the bill. Chairman Cummins, of the interstate commerce committee, told the senate to-night that it was assumed that the President would sign the bill next month and that the repeal law will be effective July 31.

The only other important provision of the measure continues toll and local telephone rates for four months after approval of the bill unless sooner adjusted by state commissions.

Gwyn Pays Death Penalty.

Raleigh, June 27.—Tom Gwyn, Catawba county negro, paid the death penalty to-day for criminal assault on a school girl in Catawba some months ago. While he made no special confession to the prison authorities, he always admitted his guilt. The electrocution was at 10.30 o'clock this morning and took place without a hitch of any sort. Gwyn went to the death chair with composure and in the presence of the usual group of a score or more of witnesses.

Republicans Increase Appropriation.

Washington, June 27.—Increase in the shipping board fund from \$275,000,000 to \$491,000,000 for completion of the government's authorized ship building program was approved by the senate with but one dissenting vote at a late session to-night held in an effort to pass the sundry civil appropriation bill.

\$1,000,000 Concern For High Point.

Raleigh, June 28.—A charter was issued to-day for the Southern Furniture Exposition building (Inc.), of High Point, capital \$1,000,000 authorized and \$30,000 subscribed, by C. F. Long, J. Elwood Cox and members of the furniture manufacturing concerns for holding exhibitions, fairs and the like.

TO SPEND MILLIONS TO RUN DOWN ANARCHISTS

VIGOROUS STEPS TO BE TAKEN
BY GOVERNMENT AGAINST
BOMB THROWERS.

Washington, June 26.—Provision for vigorous steps by the federal government against bomb throwers and other anarchists and radicals declared by government officials to be plotting overthrow of the government and spending \$2,000,000 monthly to that end—were made in the sundry civil appropriation bill as reported to-day to the senate. Among the measures recommended were large additional appropriations for the department of justice and legislation continuing permanently the wartime regulations as to purchase, storage, manufacture, sale and distribution of explosives.

In reporting the bill, the senate appropriations committee increased from \$1,400,000 to \$2,000,000 the fund of the department of justice for general suppression of crime. In addition, it added \$300,000 for a special fund to enforce the law against alien anarchists through deportations.

The amendment added to continue the explosive regulation law after declaration of peace provides for strict licensing and supervision of all sales of explosives under the bureau of mines.

Intention of government officials to deal vigorously with anarchists and other law breakers was disclosed in statements made at hearings on the appropriation bill made public late today. Francis P. Garvan, of the department of justice bureau of investigation, told the committee that, with increased funds proposed, the department plans an active campaign.

"We have found in the short time that we have been at work," said Mr. Garvan, "that conditions are quite serious throughout the country. We are asking \$2,000,000 and we have every reason to believe that the Russian bolshevik is pouring money in here at the rate of that much a month."

Mr. Garvin was asked specifically whether there was an organized effort to destroy the federal government, to which question he replied: "Certainly we have evidence to show that and that is also shown by the tremendous amount of money they are spending. The condition is serious throughout the country."

New York, Chicago and Paterson, N. J., he said, are centers of anarchistic activity. When asked if the department has information that another outbreak of bomb outrages is planned for July 4, Mr. Garvin said: "There is a great deal of talk to that effect. The number of radical papers (found in the mails), has increased over 150 papers since the armistice was signed. We have to take now over 450 papers, read and digest them."

Mr. Garvin urged the funds for deportation of alien anarchists be increased, adding:

"If we can fix it so that we can round up those men and upon proper proof can rush them back to Europe, you will find this agitation will subside very rapidly."

Acting Secretary of State Polk informed the committee that the state department also was doing everything possible in "guarding against having these people cumped here."

Ford Wants to Cash in War Profits.

Washington, June 26.—Henry Ford to-day asked Secretary Glass to send an expert to examine the books of the Ford Motor Company, to determine the amount of Mr. Ford's share of the profits on war contracts, which he desires to return to the government. Commissioner Roper instructed the Detroit branch of the internal revenue bureau to supply Mr. Ford with expert assistance.

"Bill" Planning to Return Home.

Berlin, June 27.—Former Emperor William is planning to speedily return to Germany before the entente can demand his surrender from Holland, according to the Neue Berliner Zeitung. The dispatch states that the Dutch government "thoroughly approves of his return, as the former emperor is an unwelcome guest and his presence in Holland is increasing the problem before that country."

THE PRESIDENT IS ON HIS WAY BACK HOME

WAS BOOKED TO LEAVE BREST
YESTERDAY MORNING ON
GEORGE WASHINGTON.

Paris, June 27.—The sojourn of President Wilson in Europe will come to an end tomorrow when he starts homeward immediately following the signing of the peace treaty. All arrangements for his departure have been completed, and the special presidential train will leave the Gare Des Invalides at 9.30 Saturday evening. It will arrive at Brest on Sunday morning, where the President will board the steamship George Washington, which sails about noon. On his arrival in the United States President Wilson will go straight to Washington to lay before Congress the results of the peace conference. He will leave soon afterward for an extended tour of the country for the purpose of explaining directly to the people all questions relating to the peace treaty and the league of nations covenant.

Is More Than Satisfied.

The President goes back to the United States more than satisfied, his friends say, with the net results of the conference and, all things considered, it is his opinion that the conference had been a wonderful success. While it is regarded as a disadvantageous peace for Germany, yet against this it is held that Germany committed a great wrong and quite naturally and inevitably must make just reparation for that wrong.

But outside of German results, the conference is viewed in presidential quarters as liberating people who never before had a chance of liberty, such as Poland, Jugo-Slavia and Czechoslovakia. Also the conference is credited with banding together the people of the world to make the peace regime enduring. Other large results, it was pointed out, are the giving of a charter to labor, removing restrictions on international intercourse and many other international results which can be summed up as "a colossal business, such as the world never dreamed of before."

Would Have No Choice.

The peace treaty and the league of nations covenant should be ratified without amendment, according to presidential view as it is understood, for certain definite reasons, namely, that if any one power seeks to make amendments, then the war will not be over until every one of the 21 associated nations learns the results of the amendments. This can only be done through process of negotiation and it is held that it would be a hopeless process of delay in restoring peace. It is also held that the effect of the amendments would be to keep the United States out of the treaty and out of the league.

The question has arisen whether reservations amount to amendment, and presidential quarters are understood to hold that reservations, such as the proposed Root resolution to article 10 of the covenant, are equivalent to amendment.

Germans Homeward Bound.

Charleston, S. C., June 28.—The transport Martha Washington, left Charleston this afternoon bound for Rotterdam with some 9,900 Germans who had been held as enemy aliens, many from Fort Oglethorpe. About 1,800 more are due to leave July 1, on the transport Princess Matoika.

Daylight Saving Law Repealed.

Washington, June 27.—Final approval was given by Congress to-day to repeal of the daylight saving law in the adoption of the conference report on the annual agricultural appropriation bill to which the repeal measure is attached.

New Method Must Be Devised.

Raleigh, June 27.—"I have a very definite conviction that unless some means can be devised for settling industrial disputes, other than by walk-out and lock-outs, the whole country is going to the devil," said Governor Thomas W. Bickett to-day in a letter to W. W. York, declining to offer any suggestion to the governor of New York as to the proper handling of the situation there, growing out of the strike of porters and handlers of perishables.

A NEGRO CRIMINAL IS HUNG AND BURNED.

Ellisville, Miss., June 26.—Trailed for ten days through three south Mississippi counties by posses which included several hundred members of his own race, John Hartfield, negro, confessed assailant of an Ellisville young woman, was captured desperately wounded near Collins at day break this morning, rushed by automobile to the scene of his crime, flung to a gum tree and then burned to ashes. His victim witnessed the lynching.

While negroes took no part in the actual lynching of Hartfield, posse leaders freely admitted they rendered valuable assistance during the chase, knowing when they enlisted that it was intended to lynch the fugitive when he was captured. Many of them witnessed the execution. The lynching was conducted in a manner which the authorities characterized as "orderly."

Guarded by a committee of citizens of Ellisville Hartfield was taken first to the office of Dr. A. J. Carter, who after examination of gunshot wounds received when the fugitive made his fight against capture, declared the negro could not live more than twenty-four hours. In the meantime a group of silent men were piling crossties and brush in a depression in the ground near the railroad trestle. There was no shouting. Arrangements apparently had been made days ago.

Identified, He Confesses.

The victim of Hartfield's crime was escorted into the physician's office after the wounds had been examined. She positively identified him as her assailant. When she left the negro said to the committee, "you have the right man."

Then there were quiet conferences. Members of the committee circulated in the crowd. Reports that there would be a "burning" at 5 o'clock gave way to statements that there would be a "hanging at the big gum tree." Hartfield was told what the crowd intended doing with him but only repeated "you have the right man." Later he said he knew he was going to die, and declared he wished to warn "all men, white and colored, to think before doing wrong."

FOUR DIE AS RESULT OF A FALSE FIRE ALARM.

Petersburg, Va., June 27.—George Thompson and Floyd Harrison, members of the Camp Lee fire department, were instantly killed when their truck turned over at camp this afternoon while responding to a false alarm. Allen C. Lewis and George Fraker are dying of injuries received. Three others were seriously and one slightly injured.

The accident occurred when the truck, which was making 60 miles an hour, struck a slight excavation made by workmen repairing the concrete road. The truck shot a distance of over 100 feet, turning over twice and catching the men beneath it.

The dead men are from this city. Lewis and Fraker, who are dying also, are from Petersburg.

The injured are Harry D. Slocum of Hopewell, who may die; J. D. Meades, Richmond, slightly hurt; W. D. Grace, Richmond, slightly; Richard Sadler, Hopewell, slightly.

Fire Damage Storage House.

Winston-Salem, June 26.—A leaf tobacco storage warehouse, owned by Frank A. Bosannon, tobacco manufacturer and containing five hundred hogheads of leaf, valued at \$200,000, was badly damaged by fire late this afternoon. The fire started on the third floor, though its origin is not known, and about one-third of the hogheads were burned. The loss is fully covered by insurance. The building fronts on Chestnut street.

Republicans Substituting Negroes

Washington, June 26.—The Republicans at the capital are preparing to fire all white elevator conductors and substitute negro drivers instead, according to rumors going the rounds to-day. Senator Spencer, of Missouri, attempted to seat a negro at a desk in the office of the secretary of the senate, but was prevailed upon to change him to another position. A large number of white employees will be affected by the changes.

EVERYTHING IN READINESS FOR A BIG CELEBRATION

NEXT FRIDAY, JULY 4, WILL BE
A RED LETTER DAY FOR
GUILFORD COUNTY.

The plans for the big celebration are now virtually completed, and it is expected it will be the biggest event ever attempted in the state. With flying machine, tank, marine band, and other attractions of interest, people from all parts of the state are expected to join with the people of Guilford in celebrating the anniversary of the declaration of independence and at the same time do honor to the nearly 2,000 Guilford county young men who saw service during the European war. More than 1,000 of the returned soldiers and sailors have signified their intention of being in the parade and joining with the home folk in making the celebration and home-coming one gigantic success.

The parade will form at Church street and Summit avenue and will go down Davie to Depot to Elm, up Elm to the O. Henry hotel, the reviewing stand being at the Municipal theater, and the pageant countering at this point and returning to Market and out West Market to the railroad crossing where the soldiers will entrain for the Battle Ground. The train leaving at 11 o'clock will be especially for soldiers and sailors, and no passengers.

The order of the parade will be: Mounted policemen, government band, returned soldiers, returned sailors, returned marines, aviators, army tank, Red Cross, canteen, White Oak band, Boy Scouts, floats. A total of \$50 in prizes will be given for the most unique, attractive and appropriately decorated pleasure car—\$25 first, \$15 second and \$10 third prize, respectively.

For the most unique, attractive and appropriately decorated commercial truck, \$50 in prizes will be given, \$25, \$15 and \$10, respectively.

The flying machine will give an exhibition over the city during the morning and will then proceed to the Battle Ground where a thrilling demonstration in flying will be witnessed.

The special trains operated to the Battle Ground will leave the crossing at West Market street each hour between 9 A. M. and 4 P. M., returning from the Battle Ground on the half hour, except that the last train will leave the Battle Ground station at 5 P. M., instead of 4.30 P. M. The 11 A. M. train will be for soldiers only.

All soldiers taking part in the parade will be served dinner at the Battle Ground by the Red Cross canteen, an assurance that a most excellent repast, in addition to the barbecue, will be served.

Champ Clark will make the principal address at the Battle Ground, being introduced by Major Stedman.

A Sweet Potato King.

Wilson, June 27.—It's "the early bird that catches the worm," and Mr. S. J. Watson, of this city, "the sweet potato king" of the Carolinas, brought to town this morning a tub of Porto Rican variety that weighed three and a half pounds. Mr. Watson has under cultivation 12 acres of these delicious "roots" and will begin to offer them for sale on the local market next week. Last season he cultivated 12 acres and realized twice the amount that he would have had the same acreage been planted in cotton, tobacco, corn or any other crops.

Repeal of Zone System.

Washington, June 27.—Repeal of the postal zone system for newspapers and periodicals is proposed in a bill by Representative Mondell, of Wyoming, the Republican leader. Under the measure second-class mail would be at the flat rate in force before the war revenue bill of 1917 was passed.

A Damaging Cloudburst.

Roanoke, Va., June 27.—Railroad traffic is badly tied up to-day as a result of a cloudburst occurring a few miles to the north and east last night. An area of about 20 miles was affected, in which Norfolk and Western tracks and bridges were washed away, fences torn down and considerable damage done by crops.

HOW HENRY K. BURNER
MADE SUPREME SACRIFICE.

Just one year ago last Thursday—June 26, 1918—as dawn was about to break over the great Chateau-Thierry sector of the Franco-American line, when Germany was making its herculean effort in artillery preparation for the drive that marked the beginning of the end for Prussian militarism, the first son of Greensboro to give up his life as a sacrifice to the cause of liberty, Henry Knott Burner, was killed in action.

Unfortunately it was an action in which young Burner and his companions had no recourse; it was an action confined to the artillery arm of the service; but the heroism of the men working in the hell of shell-fire was none the less truly American.

Attached to infantry company H, 30th regiment, 3rd division, Private Burner was a member of a detail that had been sent out on the night of June 25, 1918, to prepare trenches against the expected eventualities of the on-coming German drive. The detachment had completed its work and was returning to quarters when an Austrian "77" came screaming over the lines. Others with him heard the warning hiss in time and dropped to the ground; Private Burner did not drop in time. The shell exploded a short 20 feet distant, and a ragged fragment tore through his neck and ruptured the jugular vein. Death was instantaneous.

The story was not known at the time news first reached relatives and friends here. It has since been related to D. H. Burtner, Private Burner's father, by Gay Satterfield, of Mt. Airy, who was with the ill-fated youth at the time.

Private Burner was the second of his company to meet death. Just a few days previously the company cook was killed in quarters by a German shell. His was not a company, however, that came through the war virtually unscathed. Sixty per cent of its members were counted among the casualties before the armistice was signed November 11; and the regimental flag was decorated by the French government. Those boys gave a good account of themselves; everyone did his full part in the maelstrom of death around Chateau-Thierry. It was of such a company of men that Henry Knott Burner was a member; and a member loved and respected by his companions and officers for his coolness in duress and unswerving loyalty. Those with him bear most eloquent tribute to his memory, to his service and sacrifice.

His body lies at Villa Chambion, France, near the Mont Chambion section of the Aisne where he was killed. No more beautiful sentiment could be cherished than that of his mother, Mrs. David H. Burner, who, on the first anniversary of his death, expresses that sentiment in these lines:

"IN MEMORIAM."

Henry Knott Burner.
Killed in action, June 26, 1918, in the Mont Chambion section of the Aisne; buried at Ville Chambion, France.

It is said that one we cherish
Should be taken from our home,
But the joys that do not perish
Live in memory alone.
All the years we've spent together,
All the happy, golden hours,
Shall be cherished in remembrance,
Fragrant sweets, from memory's flowers.

CHAMP CLARK THE
FOURTH OF JULY SPEAKER.

It is announced that the parade will start at 10 A. M. The tank, which has arrived and has been unloaded, will be in the parade. Although the tank exhibit will be at the Battle Ground. The airplane will also fly over Greensboro, but its exhibit is to be a part of the program at the Battle Ground.

The speaking will begin at 11.30. former Speaker Champ Clark being introduced by Representative C. M. Stedman. Dinner will be served at 1 P. M., followed by a program including the exhibitions stunts by tank and plane, and other features.

The parade will have several competitive features, prizes being offered for the best decorated automobile, the best business float, etc. The parade committee have not completed the details as to the prizes as yet.

Returned soldiers are urged to be sure and register, as the committee hopes to determine as nearly as possible, or at least within a hundred or so, how many there will be for dinner.

WAR TIME "DRY LAW"

EFFECTIVE TO-NIGHT
SIMPLE MEANS OF ENFORCEMENT
EXIST—ACTION BY
WILSON NOT EXPECTED.

Washington, June 26.—Wartime prohibition will become effective Monday at midnight without enactment meanwhile by Congress of additional legislation for its enforcement.

Out of a maze of confusing developments this fact stood out clearly today with the decision of the house judiciary committee charged with the duty of preparing and submitting enforcement machinery to report three bills in one, each standing on its own legs, and capable of holding its own in the event, the others were made invalid by Congress or the courts.

Machinery For Wartime Law.

Chairman Volstead, of the committee, declared tonight there was no possibility of the passage of the joint measure before July 1, but that there existed ample means of enforcement and ample penalties for violation of the wartime act. The bill and explicit definition of intoxicating liquors—any beverage or product containing more than one-half of one per cent alcohol—set by the bureau of internal revenue left no doubt, he said, as to how the courts would construe the law or deal with offenders.

Three Bills Reported as One.

No attempt was made by prohibition members of the committee to conceal their satisfaction in having ordered the three bills sent to the house in one so as to prevent more than one fight. Some members intimated that title one, the wartime enforcement measure, would still be imposed when actual wartime prohibition was declared ended. It was pointed out by others that the law made it mandatory on the President to say when demobilization was completed, which would automatically permit saloons to resume operations until January 16, when constitutional prohibition will become effective.

Time of Demobilization.

Members of the judiciary committee said it was inconceivable that demobilization would be delayed beyond the middle of January. While they did not look for action by the President this week or next, the general view was that with the signing of the treaty by Germany and the government assurance of speedy demobilization issuance of the President's proclamation might not be held up longer than Labor Day at the latest. Indeed, it appeared to be the opinion among many members of the house that saloons in cities where the sale of liquor now is permitted, will be serving drinks much sooner than the public imagines.

Character of Three Measures.

As the prohibition enforcement measure finally is put in shape for the house it will be divided into three parts, or titles: First, general enforcement of wartime prohibition "effective" on its approval; second, constitutional prohibition; third, regulations for the manufacture of industrial alcohol, the latter two effective January 16, 1920.

For the first part the committee decided to substitute bodily the bill introduced yesterday by Representative Gard, Democrat, of Ohio, this being the measure prepared last winter by Mr. Gard, Chairman Volstead, and Representative Whaley, of South Carolina. It stands alone

and its provisions are more drastic than the constitutional bill.

Title two is the straight Volstead bill, endorsed by anti-liquor organizations and regarded as the most drastic measure of the kind ever put before Congress. Title three, the Dyer bill related to industrial alcohol, its manufacture and regulation.

THOMAS BROTHERS

MAKE GOOD SALE.

Thomas Brothers, of the American Realty and Auction Company, J. R. Thomas, president, on Thursday conducted what is regarded as one of the most successful land sales ever conducted in Rockingham county, when they disposed of about 700 acres of land, forming a portion of the Whitsett and Kernodle estate.

There were more than 1,000 persons present for the barbecue dinner, the sale being held morning and afternoon, with an intermission for dinner. The bidding was lively and the land sold averaged about \$70 per acre, the total amount of the sales being in excess of \$45,000. Both buyers and sellers were well pleased, a number of the purchasers being offered a profit on their holdings during the day.

Rank Thomas says he had attended many sales, but the one held Thursday was a top notcher, both in the attendance and in the interest shown by the bidders. The property sold is located about seven miles southwest of Reidsville, on the Winston road.

"HICKORY NUTS" GIVE

FINE ENTERTAINMENTS.

A select number of musicians and boys, who know how to entertain the public were selected in France to get up a play to entertain the soldiers in the army.

These boys were selected from the Old Hickory division—hence their name "Hickory Nuts."

They have as well learned orchestra as has been in Greensboro for a long time. Some as fine singing by the boys as has been heard here for many days.

The entertainment is good and well worth the money it costs to see and hear it.

MOTHER AND SON REUNITED

AFTER TWENTY YEARS.

Rockford, Ill., June 28.—Like a page from a fiction story in a popular magazine reads the life history of Alva Cooley, alias William Morgan, private in the 103rd infantry, 33d division.

He has just found his mother and sister after being separated twenty years.

When an infant of eighteen months he lived with his mother at Virden, Ill., near Springfield. Mrs. Cooley, a widow at the time, resided with her son and daughter on the outskirts of the city. One day while she lay ill gypsies came to her home. They asked for water and saw little Alvie playing in the yard. Attracted to the boy they carried him off.

Although Mrs. Cooley instituted a nation-wide search for her son at the time she was unable to locate the child.

But in the course of time the leaders of the kidnappers, Mr. and Mrs. Coffinberry, quarreled. They separated. Mrs. Coffinberry retained the boy. Shortly afterward she remarried a man named Morgan and named Alvie William Morgan. The trio went to Peoria to live and Alvie grew up to recognize the Morgans as his parents.

Then the qualms of Mrs. Morgan's conscience began to trouble her and she confessed her perjury to the then grown boy. She explained the abduction and said she was not his mother and that Morgan had no claim on him.

In the meantime Mrs. Cooley left Virden and came to Rockford. Here she married a Mr. McBain.

When Alvie learned of his tragic life he himself began searching for his mother and sister. But all efforts were futile because of the migrations of the families and the changes in names. But it was ordained that the mother and son should meet again.

One day, not so long ago, Mrs. McBain heard the name Coffinberry mentioned in Rockford. Her early inquiries brought the search for Alvie up to the Coffinberrys, but there it ended. So when she heard the name she made further inquiries, which culminated in the finding of the Morgan family in Peoria. From them Mrs. McBain learned Alvie had enlisted in the army and was fighting on the western front. Obtaining his address she corresponded with the boy. Her first letter reached Alvie in the thick of battle. The letters that passed between the two from then on cleared up all the mysterious happenings of twenty years and to-day Alvie and his mother and sister are together again, for Alvie has just been discharged from the army.

SIoux INDIAN CODE ON

TELEPHONE FOOLED HUNS.

Decatur, Ill., June 26.—There was one code Fritz never got onto in France. That was the Sioux. Private John Leas, just back from France, tells of it.

"A good many German spies got over into the allied lines," said Leas, who was in charge of a communicating battery, "and there was some tapping of lines and listening in by German agents who understood English perfectly. We got around that as a clever way. We put Sioux Indians on the telephones to send and receive orders.

"Ump, glum, hoosha, moo, shunk," an Indian word would repeat over the telephone, meaning bring up a battery of 75's.

"Og, gog, pom, hegan, cachoo, rakok," would come the ready answer, which might mean they're starting; will be there in five minutes.

"I don't know how much of a technical war vocabulary those Sioux had, but Fritz never got wise to the lingo."

SEASHORE HOTEL BURNED AT

WRIGHTSVILLE BEACH.

Wrightsville Beach, June 26.—The big Seashore hotel, the oldest and largest hotel at this resort, was burned tonight, and two cottages to the south of the 250-room building were also destroyed before the flames were gotten under control. No lives were lost and no accidents of any kind reported.

More than 300 guests escaped unhurt, with most of their belongings. The loss is partially covered by insurance.

The blaze broke out on the third floor of the hotel at 10 o'clock and quickly spread through the structure, which was built entirely of wood, although the volunteer fire company at the beach did heroic work in checking its progress. Fortunately, there was not a strong breeze blowing.

Mr. W. A. Welker was here Friday. His son Victor has arrived from overseas.

A BUMPER WHEAT CROP

PROMISED IN KANSAS.

Topeka, Kans., June 27.—The Kansas winter wheat crop, now being harvested, was estimated at 229,217,000 bushels in the monthly report issued to-day by J. C. Mohler, secretary of the state board of agriculture.

This is an increase of more than 11,000,000 bushels over Mohler's May report and it is approximately 33,000,000 bushels greater than the last federal monthly report.

To-day's report on conditions found on June 21, forecasts an acre yield of 19.8 bushels as compared with 20.1 bushels, the May estimate.

For the first time an estimate is placed on the 1919 spring wheat in Kansas, which is estimated to yield 448,000 bushels, bringing the total all-wheat yield of the state this year up to 229,665,000 bushels. The report adds:

"The total production promised this year is nearly equal to the state's three wheat crops of 1916, 1917 and 1918, combined, and is 48,292,000 bushels in excess of the state's yield of 1914; which has stood until now as the record crop of any state in the United States."

The condition of the crop based on 100 per cent of normal, is given as 92.4 per cent—a decrease of 5 1/2 per cent during the past month, due to excessively wet weather.

Mr. W. C. Jones, of High Point, was a visitor Friday.

THE STORE FOR ECONOMICAL WOMEN

While this store sells only GOOD GOODS, it is also known as the ECONOMY STORE.

It does not require any particular shrewdness in being able to sell good goods at a high price, nor is it worth your while to buy poor goods at a very low price.

This store solves the problem by adopting the big, broad middle ground.

We aim to sell you good goods, merchandise of known quality and desirability, at a price as low as such goods can be sold for.

The economical woman does not want or expect to buy goods for less than they can rightfully be sold for. She is willing to pay a fair, just price for merchandise of quality, for goods that will give service and satisfaction.

Probably that is one of the very reasons this store is getting new customers continuously, and retaining all its old customers.

CHAIRMAN HAYS AND THE SENATORS.

National Chairman Hays has been hanging around Washington for some days and conferring with Knox, Lodge and other leading Republican senators.

After the various conferences he has held with the aforesaid gentlemen he is quoted as saying that the treaty of the league of nations must not be made a party question.

Mr. Hays has been about among the folks enough to know that it will not do to make this great question a party issue—if it is made a party issue—woe be unto that party that makes it an issue.

But unless Mr. Hays can call off Knox, Lodge and those who have been making the treaty a party issue—it will soon be past the calling off stage. The performance has already gone entirely too far for the good of the party whose leaders have so viciously attacked the movement intended to promote the peace of the world and the happiness of mankind.

GO OUT FROM HOME TO HEAR THE NEWS.

In comes the Atlanta Constitution, deposes and says upon information and belief, and as to other matters that paper believes it to be true that one Governor Bickett, of North Carolina, will be a candidate against Senator Lee S. Overman to represent said state instead of said Overman.

Most of our political news comes from Washington, D. C., but here is a bit that comes by way of Atlanta, state of Georgia, where Tom Watson lives and where cracklers grow on vines like the "punkins" do in North Carolina.

Bickett has announced that he was not flinching with any office and is unconcerned in regard to any office except that of governor which he is trying to fill to the best of his ability—but we are handing him this news from Atlanta and call upon him for a reply to the Atlanta dope.

LAFOLLETTE TURNED DOWN.

Senator LaFollette has had a stormy public life. He made such a record during the war in the senate that it was necessary to have an investigation of some of his public utterances.

Recently he was called down from fillin' gin engagement to talk on the war on account of a protest from the soldier boys who fought in the war.

It begins to look like the time has about come when no one wants to hear Senator LaFollette. Of course he will continue to talk and make political speeches—and make great claims for his stand on many public questions—but actions and words have both had their effect in his case.

The sick man of Europe will continue to be sick, but not in Europe.—Richmond News-Leader.

SMALL BUSINESS.

Captain Williams, of the police at Washington, has been discharged because he went to church one Sunday in four as had been his custom for years.

This matter of going to church is a mere excuse. The real reason was that this man who had been employed since the days of Vance and Ransom in the senate had a job that the Republican senators wanted for one of their own political friends.

It is wonderful how small some of the things are, that are done by politicians and men who claim to be big men.

A REMARKABLE DAY IN THE SENATE.

That was indeed a remarkable day in the senate on Tuesday, that a whole day should pass without mention of the peace treaty. We are not told where Lodge, Knox and Reed were, but surely they must have been confined to their rooms with a serious attack of illness.

It is something new under the sun for the United States senate to allow a whole day to pass and not spend some time talking about something that is not before that august body.

TWO LAND SLIDES FOR THE WOMEN.

The two recent events that mean much to the woman suffrage cause is that the great state of Pennsylvania through its legislature ratified the suffrage amendment—and the other event is that Editor Johnson, of Charity and Children, has laid down his arms and surrendered gracefully, and among other things says that whatever the women ask for they will receive, or words to that effect.

MANY WILL ENLARGE THEIR HOMES.

A head line appeared as follows a few days ago: "Man's right to store liquor in their home sustained."

We take it that this means there will be a vast number of homes, such that no man can number, which will be enlarged in the near future. It will be a common item in the papers that Mr. so and so is building an addition to his home.

FORMER GERMAN CABINET PLANNED FOR INVASION.

Berlin, June 27.—The German government, headed by Philipp Scheidemann, had planned to refuse to sign the peace treaty and to permit the allied troops to march into Germany as far as the Elbe, where it would be attacked by strong German forces, the Danzig correspondent of the Tageblatt declares in a dispatch, describing the details of a secret plan to create a separate state in northeastern Germany.

The plan failed because of jealousies and differences of opinion between the government and the army leaders, the correspondent says.

A report from Geneva Thursday night said Herr Scheidemann had arrived in Switzerland after crossing the frontier on foot.

The last proposal made by the conspirators planning to oppose the allies, it is said, was to ask Poland to combine with eastern Germany in the formation of an independent republic. The offer, it is declared, was rebuffed by the Poles, who asked why it had not been offered ten years ago.

Huns Sentenced by Americans.

Coblentz, June 27.—Sentences imposed upon Julius Mayer and Hugo Aehler, managers of a German steel works near Prum, within the occupied area, were approved today by Lieutenant General Hunter Liggett, commander of the army of occupation. The men were convicted on charges of failing to deliver to the American forces 300,000 shells and shell forgings. They were sentenced to six months' imprisonment and fined 10,000 marks each by a military commission.

Must Pay For Sinking Ships.

Paris, June 26.—Germany has been notified in a note sent today by the allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss. The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note states, the allies will exact the necessary reparations.

STEDMAN'S CHOICE FOR CENSUS SUPERVISOR PROTESTED.

Washington, June 26.—Citizens of Winston-Salem have filed vigorous protests against the recommendation of Representative Charles M. Stedman favoring the appointment of J. E. Tucker, of Caswell county, as census supervisor of the fifth congressional district. The Twin City folks are championing the applications of Ray Johnson and C. G. Lowe for the job, and are persistent in their claims that Forsyth county is entitled to recognition.

The protest makes no specific objection to the appointment of Mr. Tucker in questioning his qualifications for the position, but citizens of Winston-Salem claim that one of the most thickly populated sections in the fifth congressional district is ignored and Caswell county, on the outer edge of the district, obtains favorable recognition.

Will Push Fight.

The report was current here today that the Winston-Salem people would take their protest direct to Sam Rogers, director of the census bureau, unless Representative Stedman agreed to reconsider his recommendation. Political leaders in Winston-Salem admit the fact that the Twin City makes few claims for political recognition, and hence its protest will be given attention here.

However, the authorities at the national capital are inclined to think it well for Forsyth county to concentrate its efforts on a single candidate for census supervisor, rather than scatter its ammunition on two applicants, although both candidates from Winston-Salem are recognized as having A-1 qualifications. Mr. Johnson was acting chairman of the Forsyth Democratic executive committee, under whose leadership the county gave such a flattering Democratic majority in the recent campaign.

YOUTH KILLS FATHER WHILE PROTECTING MOTHER.

Henderson, June 26.—James H. Lynch, a white man, aged 40, was shot and killed this morning by his 17-year-old son, Newton Lynch. The father at the time, was chasing his mother with a frying pan in hand, it is alleged. A few minutes before the man had thrown the frying pan at a smaller son. A preliminary hearing was given the boy this morning before Recorder Southland, and probable cause being found, he was held for Superior court under \$250 bond, which was given.

Before the coroner's jury this morning the mother stated that her husband got on frequent drunks and that he often beat her. She stated that he once tried to shoot her. Her married life had never been happy as her husband's treatment of her had made it impossible to keep neighbors.

What World War Cost.

Washington, June 28.—The world war cost the lives of 7,582,300 soldiers of all countries; the money cost was between \$185,000,000,000 and \$195,000,000,000; in shipping, the toll was 23,005,383 tons of merchant vessels and 1,882,125 tons of war vessels.

These figures were compiled by the war department at the request of Senator Porter McCumber, a Republican of North Dakota, and were made public by him as the most telling reason why there should be a league of nations.

Woman Burned to Death.

Monroe, June 26.—Mrs. Burdine Pigg was burned to death at her home in Buford township about 7:30 o'clock this morning when her clothes became ignited as she was kindling a fire in her home with oil. With clothes ablaze she ran to her husband in a nearby field. Before medical aid could be secured the woman had succumbed from the burns received. Mrs. Pigg is survived by her husband and several children.

Spurgeon Wilson, who has just received his discharge from the army, has returned to his home in this city.

Sergt. Curtis Holland, who has been overseas in the 81st division, has returned home, after being mustered out of the service.

Sergt. William M. Boyst, of the 81st division, has arrived after extended service in France, having been mustered out at Camp Lee, Va.

Will Not Release Germans.

Chattanooga, Tenn., June 27.—Orders for the release of 1,800 German sailors at the prison barracks at Fort Oglethorpe, have been countermanded and they will not be released until late next week.

MODERN HIGHWAY FROM WINSTON IS ADVOCATED.

High Point, June 26.—That a permanent surfaced road between Greensboro and Winston-Salem is not only needed but is a vital and paramount necessity, is the official opinion expressed by D. W. Harmon, highway engineer to the Forsyth county board of commissioners. In a letter received to-day by officials of the local chamber of commerce. Primarily, the letter contains the selection of the best route between this city and Winston-Salem, and the engineer urges the route by Kernersville, since it would cut the entire distance on a ridge and cross a stream of sufficient width and potentialities to cause the construction of a bridge. The selection of the Kernersville route to High Point would enable the Forsyth commissioners to kill two birds with one stone, so to speak. "We have said there is urgent need for a modern highway to High Point. There is an absolute and imperative need for a modern highway between Winston-Salem and Greensboro. The commercial needs alone between the two cities would justify its construction at this time. We have a hard surfaced road already constructed from the court house in Winston-Salem through Waughtown and Kernersville. Continue this line to Kernersville and from Kernersville construct two roads, one to Greensboro and the other to High Point," is the way the engineer expresses himself.

The Forsyth viewpoint has a strong number of followers in this city and section. The Kernersville route is practically free of grades and the road would follow almost a straight line. Then, too, the road would be over well drained earth, something that has a bearing on the life of the pavement. All these facts are now under consideration by representatives of the state highway commission and the boards of commissioners of Guilford and Forsyth counties who will hold a meeting in this city at an early date to definitely decide upon the route from High Point to Winston-Salem. Indications now are that Kernersville will be penetrated and that the first link toward giving Forsyth county permanent roads to both Greensboro and High Point will come in the near future.

IN MEMORIAM.

Mrs. Ida S. Causey.

On May 16, 1919, the death angel visited the home of Mr. Cicero Causey and took from him his beloved wife, Ida. She was a well known Christian woman and a member of the Pleasant Garden Methodist church. She was formerly of Pleasant Garden until about a year ago she moved to reside with her uncle, Mr. J. C. Hanner, who was in the hospital at the time of her death. She professed early in life to be a Christian woman of which she lived up to until her death.

In 1887 she was married to Mr. Cicero Causey. Before she was married she was Miss Ida Hanner. She is survived by nine children and her husband and several brothers and sisters. The children are: Mrs. C. T. Swain, of Pleasant Garden; Mrs. Cecil Reynolds, of Alamance; Mrs. F. W. Patton, of Pilot Mountain; Charlie, Ruby, Anne, Luke, Garland, H. L. Coble and Jesse Freeman. The flowers-bearers were Misses Minnie Hicks, Fay Adcock, Geneva Taylor, Jennie Coltrane and Mrs. Callie Swain. She was 46 years and three days old. "To the old she was kind and true, to the young she was patient and gentle. Her advice was always good. Her life was a godly one. She leaves scores of friends who mourn the loss of her death."

KITCHIN THINKS CONGRESS SHOULD KEEP CONTRACT.

Washington, June 27.—Many prohibitionists feel that Congress will be guilty of breaking faith with the people of the United States if it retains the war time prohibition act. Some of those who feel that way will vote for an amendment to repeal the act, if it is offered on the floor of the house. Representative Claude Kitchin, former Democratic leader of the house, is very emphatic in his views on this subject. He would follow the recommendation of the President and repeal the law if his vote would bring about the result. "I think that Congress should keep faith with the country in this matter," said Mr. Kitchin. "I think that Congress should keep faith with the people interested in the liquor business. When the house considered the resolution to submit the prohibition amendment, it was understood and so stated by the prohibition leaders, that a full year should be given the manufacturers and sellers of intoxicating liquors from the time the amendment was ratified until it goes into effect. The war time prohibition act was passed for the war time. The war is over and it should be repealed. I say this as a prohibitionist. The government should keep its contracts."

Mr. Kitchin believed that all he and others say will not stem the tide the house judiciary committee is set on putting over.

Mr. Paul Andrew, son of Rev. J. D. Andrew, was in to see us Friday. He was on his way home from Camp Lee where he was mustered out.

WITH OUR BUSY ADVERTISERS

—Attention is called to the notice of summons in the case of Bert MacKenzie vs. Anna M. MacKenzie in another column.

—The notice of summons in the case of Flossie Blake vs. William Blake will be found in our advertising columns to-day.

—Mr. R. S. Phipps has fifteen Duroc-Berkshire pigs for sale. Also seed Peach Blow potatoes for fall planting. See his notice in the bargain column.

—L. Herbin, as commissioner, will sell some valuable land situated in Madison township, at the court house door in Greensboro, on August 2. See ad. for boundaries.

—These are the days of man with the get-rich-quick schemes, trying to separate the farmer from his hard-earned savings. President Vaughn, of the American Exchange National Bank, has a word to farmers along these lines in his space on the third page to-day. Don't lay this copy of The Patriot aside until you have read it.

—Safety and interest for your money is what the Greensboro National Bank offers you in opening an account. What more can you want in disposing of your money. In its change of ad. to-day in this paper this bank also calls attention to a new line of savings banks on display in its front window, and tells you how to get one. You couldn't do a better job for yourself.

—Every farmer's wife in Guilford county should read the "New Process" advertisement of the Burtner Furniture Company on the seventh page of The Patriot to-day. It is full of good common sense, and by following Mr. Burtner's advice housewives will be saved many weary hours in her kitchen, and with a "New Process" oil cook stove in it cooking in summer will be a pleasure and the good wife will save many hours for other work or recreation. Mr. Burtner is very anxious for you to call and let him show you this hot weather kitchen necessity. Do so on your next visit to the city. An investigation of its merits will cost you nothing.

—The phenomenal growth of the Jefferson Standard Life Insurance Company during the past few years should be gratifying to every citizen of North Carolina, for it is purely a North Carolina institution, owned and managed by North Carolinians, and has in force to-day more than \$37,000,000 of North Carolina insurance, with a total of more than \$90,000,000, and still gaining. Mr. Julian Price is president, and Mr. Charles W. Gold is treasurer, two as clever and businesslike men as you will meet anywhere. Turn to page six and see the growth of the Jefferson Standard since 1907. It will more than pay you for the time it takes.

—A number of Guilford ladies who had inspected and priced many stocks of squares and rugs in the city wound up by buying them at Thacker & Brockmann's, telling these gentlemen that they found their prices lower than elsewhere. There is a good reason why Thacker & Brockmann can sell floor coverings, curtains, etc., so cheap. This being a side line to their dry goods and shoe business it is handled with little additional cost, and no extra rent account. By discounting all their bills they are enabled to buy at the lowest possible figures—hence can sell cheaper and still make a legitimate profit on their investment. With long years of experience in the mercantile business in Greensboro Messrs. Thacker & Brockmann know the wants and desires of our people, and are untiring in their efforts to supply these at the very lowest possible prices. When you want good, reliable goods at reasonable prices don't fail to give this store a call. Their new ad. will be found on the fifth page to-day.

Robbers Hold Up Bank Officials.

St. Louis, June 27.—Robbers held up officials of the Middle Fork Mine, near Benton, Ill., early this afternoon, and secured \$40,000, according to advices received here. Two of the robbers were reported to have been killed by a posse which pursued them.

To Prepare For Revolution.

Copenhagen, June 27.—Italian, German and Austrian communists held a conference in southern Tyrol a few days ago for the purpose of preparing for a revolution in Italy, says a dispatch from Vienna. The revolution was fixed for the middle of July.

Kitchin to Answer Republicans.

Washington, June 26.—Claude Kitchin has been selected to answer claims by the Republican leaders that they have saved one and a half billion dollars by cutting off funds from appropriation bills. He intends to speak in the house in a day or two.

On Japan Parchment.

Paris, June 27.—The original of the treaty of peace which will be signed by all the plenipotentiaries, will be on Japan parchment, according to L'Intransigeant. It will cost 15,000 francs to prepare the document.

They Bought Squares Here

Several times lately ladies who had looked over pretty nearly all the stocks in the city wound up by buying Squares and Rugs at this store, telling us frankly that our prices were the lowest they found anywhere.

For very good and sufficient reasons we are in position to sell not only Floor Coverings and Curtains but Merchandise of all kinds at lower figures than the average store. We pay cash for every dollar's worth of goods handled, which enables us to buy at the lowest possible prices, and our store expenses are the lowest of any house in the city doing anything like the same amount of business. Add to this the facts that we have had long experience in buying and are satisfied with very modest profits and you can see that we are really and truly able to make good our claims of SELLING GOOD RELIABLE GOODS AT VERY REASONABLE PRICES.

"OLD NORTH STATE" SUPPORTS
WAR WELFARE WORK TO LIMIT

North Carolina, as a state, has a record in the World War which will always be the occasion of great and just pride to her future generations. Every call made of the Old North State, for men, money, food, manufactured products, was promptly and generously met. The war record of the boys in the service, and none have better, has been matched by the women and men who at all times stood solidly back of their fighting sons. Her boys were in the thick of the battle and those at home saw to it that the farms, factories, banks, businesses generally and efforts individually, were all lined up to win the war. Every appeal for funds was met and over Liberty Bonds, War Savings Stamps, the Red Cross, Y. M. C. A. and other welfare agencies all received generous support from the people of North Carolina.

War Is Over.

The war is won and for the most of us it is over and done with. The boys coming back from France cast off their uniform with a feeling of a job well and completely done. It is over for them. They have done all that was asked or expected of them and better. But there are a few phases of the war in which the home-folks took part, that are not as yet completed. In mind is the United War Work Campaign which was held November of last year. North Carolina pledged a total of \$1,208,000. Of this grand total there has only been paid in up to this time the amount of \$1,001,000. All of this money was pledged in entire good faith by the citizenship of the state. The war is over but only half of the boys have been sent home from France. Those that remain are impatient and restless and chafing to get back. Put yourself in a foreign country, with strange faces and languages, bound by an iron discipline and with your thoughts turning over to HOME. How would you feel? The welfare agencies, which co-operated in the United War Work Campaign, are at the present time doing one of the biggest pieces of work in their history.

Helping the Boys.

Large colleges with full staffs of educators, are helping the boys improve their time. Making scores and scores of trained, enterprising are turning from one and of France to the other, disposing of cheese and sunshine and helping the boys get up their own shows; athletic events are being staged that compare with former Olympic meets; everything possible is being done at this time to make the hours go faster for the boys who today are upholding the power of right to the Germans. The war is won and a good many of the boys who helped

win it are still in France ready for any eventuality. We owe them a debt; the money has been pledged and in paying it real true-blue patriotism will be shown.

Need For Funds.

Secretary Josephus Daniels, in approving the budgets of the War Work societies, made an urgent request to the people of the nation to pay in full their pledges. Following is a combined statement of Secretary Newton D. Baker and Secretary Josephus Daniels.

Regarding the budgets which will finance the activities of the seven organizations presented in the campaign from October 1st, last, to December 31, 1919, the secretaries declared reports from overseas confirmed the necessity of "maintaining and, in some of its aspects, augmenting this work."

"In our judgment," the statement continued, "the full sum subscribed in the campaign will be required, if these societies are to do what the American people desire to have them do in serving the soldiers and sailors and the other classes included in the original appeal."

"Moreover, there could, in our judgment, be no wiser use of such funds. The demobilization plans, so far as they have been determined, make it plain the work of the different organizations will be needed for a long time still, and, owing to conditions which necessarily characterize the period of demobilization, this practical welfare work will be even more needed than ever."

Wipe the Slate Clean.

Fifteen out of a hundred counties of the state of North Carolina have already reported every cent collected and in some cases an over-collection is reported.

The county chairmen and treasurers of the counties not paid up have worked as hard and faithfully as those in the counties which have paid the entire subscription; in some cases, perhaps, more so, but if the people of their county have not local pride and personal pride, enough to pay their own subscriptions, the county campaign organizations cannot wipe the slate clean for their counties.

Surely there can be no better way of thanksgiving and appreciation than the war is won than to pay up all obligations sustained for the prosecution of the war. Every cent pledged is needed for the work of the welfare agencies. The state of North Carolina can thus make a record in the United War Work Campaign similar to those in former drives. The soldiers have finished their job and finished it well. The home-citizens should have the same satisfaction of feeling that they have done their all.

CHINA WILL NOT SIGN
THE PEACE TREATY.

Paris, June 27.—The Chinese delegation announced tonight that China would not sign the peace treaty with Germany because China would not be allowed to make reservations concerning the province of Shantung and also was refused the privilege of making a declaration at the time of the signing of the treaty.

Washington, June 27.—Announcement by the Chinese peace delegation in Paris to-day that China would not sign the peace treaty is in line with the instructions sent the delegation several weeks ago by the Chinese government. These instructions were to refuse to sign the treaty unless some reservation was permitted as to Japan's sovereignty over the Shantung peninsula, acquired by Germany from China under the treaty of 1897.

These instructions, it was learned to-day, have never been changed and accordingly the announcement of the Chinese delegation was not surprising to officials here. Until very recently, however, it was considered here as possible that China would sign the treaty in view of private assurance said to have been given her representatives that Japan's tenure of Shantung would not be long.

Failure of China to sign the treaty officials explained probably will exclude her from the league of nations including certain rights at redress under that covenant as well as working to her detriment in the resumption of trade.

Will Send Liquor to Europe.

Louisville, Ky., June 27.—With the expectation that Congress will strike out of the war-time prohibition enforcement bill the clause which prevents exportation of whiskey, liquor dealers in Kentucky have under consideration a plan to ship their surplus stocks to Europe after June 30. To this end, it is learned here, a corporation would be formed to handle the exportation.

By this source, according to W. N. Cox, president of the Louisville Warehouse Company, all of the estimated 40,000,000 gallons of liquor expected to be left on hand in Kentucky after war-time prohibition becomes effective will have been disposed of before constitutional prohibition is established.

FOOD IS CURE FOR BOLSHEVISM

First Aid Treatment Splendid Medicine for Spirit of Unrest. How War Savings Stamps Help.

President Wilson has asked for food to stop the wave of Bolshevism rolling westward out of Russia. No intelligent person doubts the value of food as a first aid, but at bottom the security of our institutions rests upon the working interest the people take in these institutions.

Citizens having no interest in a government, to economic interest in the success of that government, are apt to be the first victims of vicious propaganda. Such persons are not necessarily reactionists. They may be quite progressive and anxious for reform where reform is needed.

Consequently the effective barrier to Bolshevism in America today is thrift and investment. The philosophy must reach into the workshops of the nation. It is reaching into those workshops and into the schoolhouses of the nation in the form of the Thrift Stamp and the War Savings Stamp.

When everybody in America is buying Thrift and War Savings Stamps as a habit, there won't be much about Bolshevism in America. It is the American who owes real liberty to the Thrift Stamp habit NOW.

SOLD WAR SECURITIES.

Every Business Man Issue Warning Against Selling With Government Bonds and W. S. S.

There is a bad business proposition for the merchant to encourage holders of War Savings Stamps to exchange them for merchandise is the selling of a group of eastern business men who recently discussed this question at their annual convention.

"Such action merely helps fake promoters and dishonest brokers in their effort to shake public confidence in government bonds as an investment," said one of the speakers. "It is lamentable that they have worked to an alarming degree among the poor, and among ignorant people of this country."

The two hundred delegates attending the gathering were so impressed with the necessity for keeping War

TO ENCOURAGE THRIFT

Schools Called Upon by Treasury Department to Make Saving Happy Habit.

Through the government savings directors of the twelve federal reserve districts, the Savings Division of the United States Treasury Department has called upon the normal schools, colleges and universities of the country to aid in the government campaign to make thrift a happy habit. The American Council on Education, representing institutions of higher learning throughout the country, has joined with the Savings Division to secure the co-operation of the schools.

The plan evolved by the Savings Division and the Council on Education contemplates the creation of thrift organizations in each of the normal schools, colleges and universities, to teach the basic principles of intelligent saving—wise buying, sane spending, safe investment and avoidance of waste, and to aid in featuring the advantage of Thrift Stamps and War Savings Stamps as the ideal investment for small savings. Through the American Council on Education, the presidents of the institutions of higher learning have been urged to name institutional thrift representatives, who will co-operate with the local savings organizations. This has been done in most cases. The educational institutions are expected to have a large influence in the movement to make the United States a nation of intelligent savers.

WORLD'S HISTORY IN RESUME PROVES W. S. S. WILL PAY.

One thing we know as we pursue the history of antiquity, from times when Noah was the news, of Babylon's iniquity, down through the days when Caesar's ghost was haunting Brutus in his bed, is this. The spender shouted most, but nearly all of them were bled. Whereas the lad who never flung sesterces to the Forum crowd was never immurely hung nor measured for an early shroud. This bit of ancient sophistry has now its modern counterpart, and more and more it's borne on me how splendid is the saving art—the art of mind ing one's affairs and watching little things increase. It rids the future of its cares, shows profit on our elbow grease. Today when W. S. S. you read upon a hanging sign, you know the man sell Thriftiness, a virtue once quite hard to find. I do not thank the war for much, but this I've learned, and learned is proper, when some one tries to make a "touch" a Thrift Stamp makes an A-1 stopper.

Savings Stamps in the hands of the original purchasers that each pledged to go back home and constitute himself the head of a vigilance committee to oppose the offering of merchandise for government securities.

TABLE SHOWS HOW MONEY MULTIPLIES

Trifle More Than One Hundred Dollars Monthly for Eight Months Will Grow Into Thousand Dollars by January 1, 1924.

The following table will be of service to the individual who plans to save systematically throughout the year by means of War Savings Stamps. The stamps draw four per cent interest compounded quarterly. Each 1919 War Savings Stamp was worth last January \$4.12. Each stamp, because of the interest that is compounded, costs one cent more each month, so that next January it will cost \$4.24 and at the end of five years it will be worth \$5.

Thrift Stamps are of the denomination of 25 cents and are the means by which one may accumulate small savings until a sufficient amount is saved to purchase a War Savings Stamp. They are invaluable for the thrifty saver who can lay aside only a small amount at a time.
