Elliott fixed by 'band-aid'

By JASON CLARK Staff Writer

The Elliott University Center has not received any major renovations since 1968, when construction on the building was completed. 26 years later, several concerns have been raised about the Elliott Center.

Elliott Hall opened for student use on March 1, 1953. A second wing was added in the Fall of 1968, and the building was renamed in 1974.

The first concern is the condition of the building's roof. Several months ago, water started leaking from the roof into offices around the building.

According to Terry Weaver, the Assistant Director of Operations, the problem has been fixed by a temporary "band-aid."

Weaver's statement was supported by Jack Colby, the Director of the Physical Plant at UNCG.

"The building is suffering from age, and requests are being made to reroof the entire building. ... The exterior decay and damage is due to water leaking from the roof," Colby

According to Bruce Michaels, Director of Elliott Center, the building has no sprinkler or alarm sytems in place. Michaels said that areas that have been renovated recently are equipped with alarms, such as the hallway where Mrs. Field's is located. Plans for a new alarm system are being drawn now and will be initiated in six months, Michaels said.

Personel working in Elliott Center have been informed of what to do in case of a fire. Evacuation maps have been placed at several locations throughout the building.

Handicap accesability has also been a concern in the building. Last year a new passenger elevator was installed for this purpose.

According to Weaver, a ramp to College Avenue was planned, but a shortge of funds prevented its construction. Michaels said that the ramp will eventually be

Yum-Yum's: a tradition continues

According to Davis B. Lumpkin, Associate Vice Chancellor for Facilities Management at UNCG, the University is interested in buying the property on which Yum-Yum's is located.

A sign outside the window of Yum-Yum's states: "Yum Yum Better Ice cream, Serving Greensboro for over 50 years." Yum-Yum's has been a UNCG tradition since it first opened.

Sharor Garrett, a 1968 graduate of the Women's College of UNCG, remembers Yum-Yum's as a focal point of the campus.

"It was just such a symbol of that time when I was there. And when we go back for our reunions, it's one of the places we [have to go]," Garrett said.

According to Garrett, Yum-Yum's was important at the time because it was an off-campus escape from the restrictions of life in the residence halls. In thelate 1960's, women living in residence halls had manditory curfews.

"When we were there, it represented some sort of freedom and just being together with your friends. It was like a breath of fresh air," Garrett said.

According to Lumpkin, the University has approximately \$3.6 million to buy property within the boundaries of Oakland Avenue, Aycock, West Market Street, and Tate Street.

"Number one - the University does not own the property. Two we would like to own the property," Lumpkin said.

The ultimate goal in any land purchase will be to facilitate the University's Master Plan. The Master Plan calls for a series of islands to be built in the middle of Spring Garden Street. The University is hoping to make the campus safer for pedestrians. The Master Plan will make UNCG a walking campus.

This change could affect busi-

nesses which currently operate on Spring Garden Street, including Spring Garden Bar & Grill and Yum-Yum's.

At this point, Lumpkin is unsure that the University will be able to purchase the property.

Lumpkin emphasizes that the University does not want to close down the businesses.

"We see no imminent reason for Yum-Yum's going away. ... We have no reason at all to want to hustle them out of there. ... If we purchased [the property], what we'd like to do is lease the property back to the owners for as long as they want," Lumpkin

Many students, faculty, alumni, and community members have memories associated with Yum-Yum's, and hope that the establishment will remain open for a long time to come.

Cynthia Steele, who works in the area, has been a regular at Yum- Yum's since 1973. Steele

HARGETT NAMED GREAT

Dr. Margaret V. Hargett, an Associate Professor of Nursing at UNCG, has been selected as one of the Great 100 Nurses in North Carolina for 1994. Hargett will be honored along with the other honorees at a formal dinner and dance at the Holiday Inn Four Seasons on October 1.

UNCG, URBAN MINISTRY TEAM UP

A new project in UNCG's Department of Social Work has given students the opportunity to help assess the needs of Greensboro's homeless and try to steer them toward the appropriate services. Project Homestretch, developed by the Urban Ministry and UNCG was created around the goal of helping to find the homeless permanent housing and the means to pay for it. Four students from UNCG and N.C. A&T State University will be working on the project during this semester.

NEW EDITION OF "THE PAINTER'S HANDBOOK" RELEASED

A new edition of "The Painter's Handbook," written by UNCG art faculty member Mark D. Gottsegen, has been released by Watson-Guptill Publishers of New York. First released in 1987, Gottsegen's book is a comprehensive reference which describes procedures for the preparation and use of painting materials.

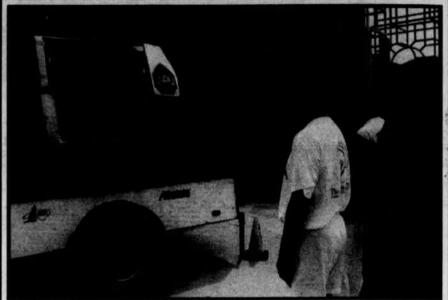

APPLICANTS SOUGHT FOR CHILD CARE CORPS

Young adults, aged 17-24, who are interested in service opportunities are being urged to apply to the North Carolina Child Care Corps at UNCG. Applicants must be willing to commit to a minimum of 10 months of service. The commitment will begin with a month of training, scheduled to start October 31. Interested persons are asked to telephone 334-5328, or 334-5307.

UNCG POLITICAL SCIENTIST

"Democratic Legislative Institutions" has been released by M.E. Sharbe Publishers of Armonk, M.Y., and London. This book was the result of political scientist Dr. David M. Olson's visit at Charles University in Prague in the Czech Republic only two years after communism had fallen.

Eight freshmen sworn-in at SGA

By CHERIE REYNOLDS
Staff Writer

Chancellor candidate Dr. Martin Anisman attended Tuesday night's Student Government Association (SGA) meeting, which focused on the results of the Freshman class elections and the parking problem.

Under the direction of Chairman protemp Joy Hopkins, the freshman delegates were sworn in, and Chris Leslie was appointed as Chairperson of the Judiciary Committee. The new freshman delegates, who were sworn in, are: Grant Beard, Mindy Hales, Donnie Harvey, Ebony Johnson, Kelly Riddick, LaKeisha Simpson, Katie Terrell, and Brian Yonish.

Anisman spoke for a few minutes, complimenting the campus and stating that so far, he was "quite impressed" by what he had seen of the University.

Anisman then took queries from the floor, addressing the problems of school fees, the Student Health Center, and parking on campus. Anisman considers each concern legitimate, but not overwhelming, and stated that UNCG's reputation in Texas, where he currently serves as President of Sam Houston State University, is excellent.

Chairman Pro-temp Hopkins announced that a representative from the Financial Aid Office will attend the September 27 SGA meeting to answer students' questions.

Elections Chair Joanna Medlin announced that 204 votes had been cast in the Freshmen elections. Campaigning for the Vice-Presidential election is scheduled to be held next week, begin-

ning Thursday.

The assembly approved a motion made by Current Concerns Chair Brandon Mathis to send a letter regarding the campus parking issue to acting Vice-Chancellor of Student Affairs, Phil Richmond.

Mathis stated that he believes the only solution to the problem is to create additional parking. Currently, most of the A spaces in the parking lot behind the high rise residence halls are being converted to B spaces.

The parking office is also considering the gravel lot on Lee Street, proposed by last year's SGA President, Michael Pearson, as a way to alleviate the problem. If that lot was opened to students with B permits, an additional 300 spaces would become available.

says she hasn't seen a whole lot of changes in the years she has been frequenting the establishment. "I usually come here for lunch,[and] I enjoy reading all [of] the historical things [there]," Steele said.

Anne Tate, Immediate past President of the Alumni Association, commented on the importance of Yum Yum's history to the campus. "It's an absolute institution. It's a part of all of our history on campus," Tate said.

Brenda Cooper class '65 and Director of Alumni Affairs, added that returning alumni usually make plans to stop at Yum-Yum's while they are in town.

Capitals, Panthers bring NHL to town Washington delights crowd in high scoring

game as NHL visits Greensboro Colesium

By STEVEN HUNTLEY

Sports Editor

On Wednesday night a new experience was introduced to the city of Greensboro. NHL hockey came to the Colesium, preseason style.

The Greensboro Monarchs affilated Florida Panthers were hosted by the Wahington Capitals in a wild game that featured 12 penalties including a five minute major and a 10 minute team penalty on the Panthers just three minutes into the game.

Panther's right wing Andrei Lomakin opened the scoring just over aminute into the game when he flicked a pass from Geoff Smith around the Capitals goalie for the goal.

Capitals center Kevin Kaminski took a pass from left wing Dimitri Khristich and scored under Panthers goalie Mark Fitzpatrick.

Capitals center Joe Juneau added the second Panthers goal on a power play six minutes into the match.

Juneau was traded to the Capitals from the Boston Bruins, where he scored over 50 points last year. Juneau arrived in Washington in time for the playoffs.

"I feel great about the upcoming season," Juneau said, "I am expected to do exactly what I did for the Bruins with the Caps. We should have a good team this

Washington opened the second period with a goal at the six minute mark when right wing Keith Jones scored on a backhand from the left side of the net. Florida

left wing Jeff Daniels took a pass from Jody Hull and scored one minute later to pull the Panthers within one.

Capitals right wing Pat Peake scored an insurance goal at the 13 minute mark to put Washington up 4-2. Florida right wing Doug Barrault added the Panthers final goal at the 15 minute mark in the second period on a power play.

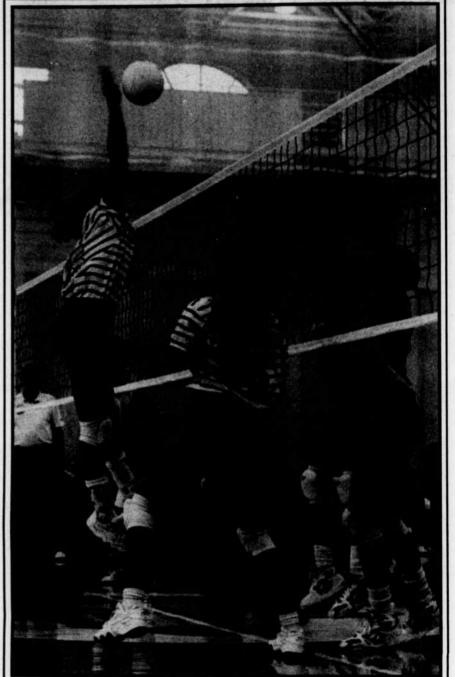

The Capitals added two goals by Steve Konowalchuk and Kevin Kaminski late in the third period. Panthers center Rob Niedermayer was given a five minute major penalty two minutes into the game when he drew blood from a Capitals defenseman.

This game comes on the heels of the Fox network announcement that they have reached an agrrement to air NHL games beginning with the NHL All-Star game on January 21 and continuing through the 1998-99 season.

This is the first time since the early 80's that the NHL will appear on a major

The Capitals-Panthers game was sponsored by Rock 92 and the Greensboro Monarchs Hockey Club which begins home play in November.

The next athletic professional athletic event to visit the Greensboro Colesium will be the Chicago Bulls and Sacramento Kings exhibition on the 28th of October at 7 p.m. Ticket prices range from \$15 to \$50 and can be purchased at the Colesium Box Office, 373-7474.

The Spartans used their offensive strength to defeat East Carolina 3-1 on Wednesday. UNCG will compete in the Butler tournament in Indiana this weekend. They will return to home action on Tuesday, October 4.

Spartan Basketball to add a new coach

forward for the University of Massachu- tic 10 All-Conference, team captain two setts Minutemen basketball team, has years and team MVP in 1992-1993, earn-UNCG women's basketball team, Head Coach Lynne Agee announced Friday.

Kristofik left her position as Assistant Director of Development at the National Soccer Hall of Fame in Oneonta, NY, to accept the UNCG position. Kristofik will be restricted earnings coach, joining fulltime assistants Carol Peschel, now in her eleventh year, and Kim Furlough, in her fifth year, on coach Agee's staff.

"Kim brings us youthful experience, having competed successfully in a Division One college program and worked in lots of camps," said Agee. "Her confidence and enthusiasm are exactly what we are looking for in an assistant. We're excited about her arrival."

Kristofik earned a bachelors of arts

sachusetts in May 1993. As a women's Kim M. Kristofik, a four year starting basketball player there, she was Atlaning the Jack Leaman Award.

As Assistant Director of Development at the Hall of Fame, Kristofik's responsibilities included editing the Hall of Fame newsletter, working with funding projects and creating a new membership program.

Kristofik was assistant director one year and counselor six years at the Cathy Rush Future Stars International camps in New York and Pennsylvania.

While a student at Massachusetts, Kristofik was a physical education instructor in basketball and a sports information volunteer.

Kristofik joins a Spartan program that finished first in the regular season with a 17-12 overall record. The Spartans lost to Radford in the Big South Conference Tournament. This kept them from the degree in Sport Management from Mas- NCAA tournament last year.

Spartan athletics help Greensboro

Spartan heroes bring UNCG athletes to the community through several new projects

From staff reports

UNCG's intercollegiate athletic programs have grown to 15 teams.

While 14 teams will continue to compete on behalf of the University, another team, comprised of student-athletes representing all sports, will represent UNCG in the Triad.

The Spartan Heroes, nicknamed 'team UNCG', are student athlete volunteers who have dedicated their time and talents to support community service work.

"Spartan Heroes gives us an opportunity to make a positive impact on the lives of people in our own community," said Mike Sweeney a senior men's soccer player and second year Hero. "We've made some new friends, especially amoung the school children, and hopefully they will think about achieving in the classroom and in life."

The Heroes are coordinated through the Sports information office at UNCG. Each Hero is committed to at least eight hours of community sevice in several areas of service.

More than thirty student-athletes are spending an hour each week with a selected student at Cone Elementary School to help motivate them in their studies.

Twenty athletes are "on-call" to visit area school classroom and health fairs to speak on living a healthy lifestyle, setting goals, valuing education and working hard. UNCG and the local chapter of the American Cancer Society are cooperating in this Speaker's Bureau project.

Ten student-athletes are serving as Lunch Buddies and tutors at McIver Elementary, named for the universities founder. Students spend one hour each week meeting with students about their schoolwork at this school for mentally challenged young people.

Athletes are also making visits to the elderly residents of Cone Extended Care Center. They assist with transporting the residents to various activities, help with sing-alongs and other special events.

As a team project the women's soccer players are coaching youth soccer at Harris-Taylor YMCA for a six-week period. They work with the young people in practices on Thursdays and in games on Saturdays.

The men's soccer team is also doing a team project. The team is visiting elementary and middle school classrooms in the Triad that are using the Sporting Geography Program.

Sporting Geography is being used by 75 classrooms and more than 3,000 students in the area.

Through mid-September, more than 60 of the 215 UNCG student-athletes are committed to working with Spartan heroes this semester.

In addition to the Heroes programs, Spartan athletes are also involved with the Super Spartan program at UNCG. For a small fee area children are awarded admission to all of the fall athletic events, free T-shirts as well as the opportunity to get the autographs of their favorite atheletes after each game.

"Like it or not, as athletes we are role models," Sweeney stated, "we have an obligation to live up to."

The Spartan women's soccer team has improved its record to 4-3 after a rocky start. The Spartans will host the Wolfpack of N.C. State on Sunday, and UNC-Asheville on Tuesday night. Both games start at 7 p.m.

Greensboro to come alive with City Stage

The streets of downtown Greensboro will come alive with the arts on the weekend of September 30 - October 2, 1994 at the annual City Stage Celebration. Produced by the United Arts Council of Greensboro and sponsored by Miller Brewing Company.

City Stage '94, has been selected as "One of the Top Twenty Events in the Southeast" by the Southeastern Tourism Society. City Stage has previously received this honor in 1987, 1989, 1992, 1993. In addition in 1994, City Stage is the only North Carolina event to be honored in this way for the month of October.

The 1994 festival will again be centered around, the Greensboro Cultural Center at Festival Park. The complex is located in downtown Greensboro on the corner of Davie Street and Friendly Avenue. The focus of the festival layout will be Festival Park which features an outdoor stage at the Price -Bryan Performance Place, beautifully landscaped grounds with a grassed viewing area and an outdoor dining area.

City Stage, now in its fifteenth year, has grown into one of the largest fall festivals in the region. In 1993, over 150,000 people from the region attended City Stage. The festival features six stages of local, regional and national entertainment and music, original arts and crafts, international foods, EthniCity cultural demonstrations, old fashioned beer gardens, the Greensboro Merchants Association 10K and 5K Walk for the Arts, the new Fun and Games area and the Icehouse Block Party.

The annual Icehouse Block Party will be held at the Depot, 300 East Washington Street, on Friday night, September 30 from 8:00 until midnight. Each year, the Icehouse Block Party draws over 2,500 people who will enjoy the music of two regional bands, Tornado and Big Joe and the Dynaflows, Miller beer, Pepsi-Cola products and concessions. Admission tickets are \$5.00 per person and will be available at the gate the night of the event.

The traditional Greensboro Merchants Association 10K Run for Arts gets underway on Saturday morning, October 1 at 8:30 am. The 5K walk for the Arts, a noncompetitive 3.1 mile fitness walk, begins immediately after the runners have cleared the start line. The Run and Walk start and finish at the corner of Church Street and YWCA Place.

All registrants will receive a free City Stage race T-shirt and are eligible for random drawings for exciting prizes. The top male and female run winners will receive cash prizes and winners in designated age categories will receive gift certificates from area merchants.

Registration forms are available at the United Arts Council, Greensboro Cultural Center, Level 2, 200 North Davie Street, Greensboro, NC 27401 or by calling (910) 333-7440. The entry fee for the Greensboro Merchants Association 10K Run and 5K Walk is \$10 if postmarked by September 23, 1994 and \$12 through the day of the race. Registration will be held from 5:00-8:00 p.m. on September 30 from 6:30-8:00 a.m. on October 1 at the YWCA at the #1 YWCA Place.

The street festival opens at 12 noon on Saturday, October 1 and Sunday, October 2, and closes at 6:00 p.m. each evening.
