Moore-Strong Hall reserves space in Caf for residents

Part 2 of a two-part series on Moore-Strong Hall.

Residents of the newly renovated Moore-Strong Hall are gaining more than the extras of a newly renovated building (cable hook ups, computer hook ups, new furniture, and furnished study lounges).

The residents now have their own reserved space in the Caf.

According to Dr. Laurie White, the Assistant Director of the Honors Program, the building of Moore-Strong is now officially known as Cornelia Strong College. White is serving as the program's Presi-

White feels that a major advantage for the residents of Moore-Strong is

that faculty are actively involved in the students' lives. "The people in these other

dorms don't have anyone going to bat for them," White said. Dr. Bob O'Hara, who is the

Resident Director of Moore-Strong, feels that Strong Col-

The flier stated, "The Strong College section of the Caf is the raised section of what they call the State Dining Room, just off the foodserving room. It's about two feet higher than the rest of the room (as is appropriate for us, after all) and it has a short wall and railing around it for a bit of privacy."

When questioned about the flyer, O'Hara commented, "I'm sorry, I apologize for that. It was just meant to be humorous, to talk about school spirit This was intended to generate Strong College spirit among our members, that's all. I'm sorry if it was offensive at all. It was meant to sort of stir up our people and make our members feel like, yea!...boy!, this is great! ... Strong College as a whole is a new experimental

In the Strong College dining area, students and faculty hope to hold dining hall discussion groups

"[Taking part in the dinning hall discussion groups] is not a requirement and second of all we're not exactly going to bounce anybody out if somebody wanders in there. What we are trying to do is provide a place where Strong College members can interact among themselves, [and] get to know each other a little better. Sometimes in a normal residence hall people from one end of the building never get to see people from the other end, and so we wanted a place where people could do that, and where there would be additional opportunities for faculty and students to

News Editor

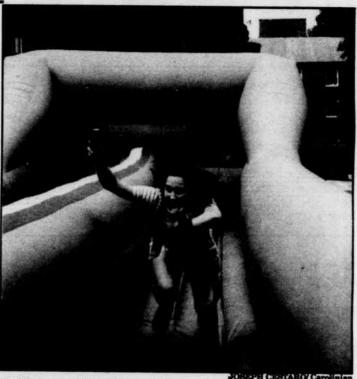

The Campus America Tour opened on campus yesterday and will be in the Plaza today from 10 a.m.-4:00 p.m.

In total, the tour will visit 25 campuses between now and December.

All of the activities are free to UNCG students, including Air volleyball, Sumo Wrestling, and a Bungee Run.

For students seeking to beat the heat, Haagen Dazs is scooping out free ice cream upon request.

There are also games and other opportunities to win tshirts, cups, key chains, and tapes.

O'Hara continued by saying, "What I would like to see personally, [is] the development of more such residential colleges, each with equivalent facilities. I think Strong College is an example that can serve the University by showing what we might be able to do elsewhere on campus," O'Hara said.

A flyer, written by O'Hara, was circulated in Moore-Strong this week to inform students about a new dining hall program.

One of the games, sponsored by TDK Electronics Corporation, lets students listen to music samples to determine if they were recorded on CD or tape. If a student gets four out of five right, the prize is a free TDK tape.

Tour Manager, Colin Cadogan pointed out the highlights of the event.

NEW LIBRARY FACILITY

A new teaching facility called the Elec-tronic Center for Information Technology and Instruction, or Electronic (CITI), is a newly constructed room that contains 20 pieces of multi-media network equipment. All are connected to the Internet, which can connect UNCG users to databases at home and around the world. The new center was made possible by a \$106,000 gift of computing equipment from AT&T.

SHULL ELECTED EDITOR

Dr. Richard Shull was recently elected to serve as editor of the Journal of the Experimental Analysis of Behavior. He will serve a four-year term beginning in

September of 1995.

White and O'Hara commented that students who live in other dorms are welcome to join the Moore-Strong residents in their reserved Caf space.

Some people have expressed confusion over the message being sent out by Cornelia Strong College.

Interim Chancellor Stewart feels that, although promoting a sense of community within a special program is healthy, individuals must be careful to avoid exclusion.

"Universities are communities committed to universality," Stewart said.

Student Government Association President Errin McComb has also expressed concern over the flier circulated in Moore-Strong Hall. She has met with several members of the administration this week

"It's just like that MTV show, the Real World. We get to know each other pretty well," he commented.

Cadogan says it's very easy to determine why student response to the event is so positive.

"Students love this 'cause everything

"I think [that allowing] a group to separate from others is a disservice to both communities," McComb said

Associate Chancellor for Business and Student Services, Doug Brown, explained that he gave approval to the program at Moore-Strong but had no intention of it turning into an exclusionary program.

"Ultimately, I am the one who approved it, and I did so at the request of the College of Arts and Sciences. ... However,] we set some parameters. ... We wanted to make sure that it didn't look like this was so exclusive that no one else could sit [in the reserved Caf space]," Brown said.

Brown is hoping that the administration will be able to clear-up any misunderstanding this week.

SGA begins year with appointments

By CHERIE REYNOLDS Staff Writer

The Student Government Association (SGA) held their first meeting of the year Tuesday night at 7:00 p.m. in the Claxton Room of the Elliot University Center.

Vice President LeKeishia Baldwin conducted the meeting and made several appointments. Emma Ryan was appointed Appropriations Chairperson; Joanna Medlin was appointed to head the Elections Committee for the second year in a row; Ryan Sullivan will serve as Chair of the Public Relations Committe for a second year; Brandon Mathis was appointed Current Concerns Chairperson; Tanya O'Bryant was selected as Human Relations Chairperson, and Joy Hopkins will head the Classification of **Organizations** Committee.

SGA President Errin McComb appointed Steve Black to serve as Attorney General (AG) for a second year. McCombe expressed confidence in Black's ability to run the AG's office in an organized manner.

It was announced that the State of the Campus Address will be given by President McComb Tuesday, September 6 at 7:00 p.m.

During the course of the meeting, various committee chairs expressed a desire for more student involvement in SGA this year.

Tanya O'Bryant, Human Relations Chairperson, stated that she is going to focus on improving relations between students, faculty, and staff. She continued by saying that student leaders often seem to maintain a close association with Uni-

versity administrators, but the student body seems to get left out. She hopes to remedy the situation by organizing several social activities to bring staff and students together.

Current Concerns Chair Brandon Mathis' first order of business is to try to cure the problem of parking on campus. In particular, he hopes to target the problems faced by commuter students. Mathis is also hoping to work to increase handicapped accessibility in all of the buildings on campus, including the residence halls.

The delegates voted to hold Freshman class elections September 12-13.

"[The committee] will be working very hard this year going over the rules and bylaws," Joanna Medlin, Elections Chair said. She hopes that the extra effort will help elections to run more smoothly.

Former SGA Advisor, Dr. John Watson. welcomed the delegtes back and introduced the new SGA advisor, Stewart Comfort. Comfort came to UNCG from the University of Arkansas.

Playing the country's best

The women's soccer team will begin its toughest schedule ever on the road against George Mason and Maryland this weekend

By STEVEN HUNTLEY **Sports Editor**

If you sail through your conference regular season with a 7-0-0 record, what do you do for an encore? Well the UNCG women's soccer team hopes to repeat as conference champs in the 1994 season while competing against nine of the nations top teams in their spare time.

Stunned by Campbell in the conference tournament, the Spartans ended their season with a 12-7-0 record and were shut out of post season play. With seven returning starters, the Spartans are in good shape for a run at the conference regular season and tournament titles. Without Kerry Powell (53 goals, 15 assists), the Spartans will look to senior co-captains Brandy Palmer and Liza Levine for the leadership necessary for a successful season

"Last season we were ranked 24th in the preseason," head coach Jack Poland said, "we finished the season unranked.

We aren't looking forward to anything this season, we're taking it one day at a time."

This season UNCG's schedule is loaded with nationally ranked teams. The Spartans lost an exhibition to sixteenth ranked Virginia 2-1 at Charlottesville last Saturday. Penny Rich scored the Spartans only goal. UNCG will open its season at seventh ranked George Mason on Saturday, and then travel to twentieth ranked Maryland on Monday. Seventeenth ranked N.C. State, sixth ranked Duke, eleventh ranked Southern Methodist and regionally ranked Texas A&M and Tulsa will all face the Spartans later in the season.

Key to this year's success for the Spartans will be the adjustment of sophomore goalkeeper Kim Burnette to becoming UNCG's starter. Burnette will be accompanied by what Poland feels is the fastest defense the Spartans have ever had. Other adjustments necessary for the Spartans this season will be the lack of a proven goal scorer for the Spartans. Ac-

cording to head coach Jack Poland Penny Rich has been the most pleasant surprise for the Spartans this season with three preseason goals. Other Spartans expected to step up this season are Raila Maisonlahti, a former member of the Finnish national team and Margaret Malloy, a junior back that was the teams second leading scorer last season.

UNCG and the Wolfpack of N.C. State will host the Triad Women's Intercollegiate Soccer Tournament (TWIST) again this season. The two North Carolina schools will host Texas A & M and Cincinnati in the tournament. The tournament has attracted such teams as SMU, George Mason, George Washington and Vanderbilt over the past three years.

"Hosting the TWIST has enabled us to bring some of the elite women's soccer teams to Greensboro," said Poland.

The Spartans' first home game will be next Friday evening against Charleston Southern at 7 p.m., they will also host ACC power Clemson next Sunday at 2 p.m.

1972

The men's team is led by sopho ore Brien Barbour and junior David rear. The Men's team consists of rear, Barbour, sophomore Jimmy olbert and four freshmen.

Freshmen Jason Lloyd from Canada is UNCGs first international runner. He is joined by Matthew McKenzie from Pinehurst, Jeff Pol-lard from Raleigh and Wake Wagner m Winston Salem in this year's shman class. Eddie Thompson, a transfer from Elon College, will also oin the team.

nen's team is led by senior Marie Spano and freshman Anna Stafford. Stafford is the reigning Coastal 3A Conference Champion and a record holder at West Carteret High School. Joining Spano and Stafford will be Junior Monica Rief and freshman Amy Rice of Nasheville. Junior Christine Harmon, freehman Kathleen Mount, freehman Colleen Nicolella and junor Regina Seffrood will also compete for the Spartans. From staff reports

Spartan volleyball set to start today

By STEVEN HUNTLEY Sports Editor

With little room for improvement over a 25-8 season last year, the Spartan volleyball team will begin its quest for the Big South title today in the North Carolina A & T State Tournament against Alabama State and Western Carolina.

Among the major contributors returning to the Spartans this season is junior setter Liz Gremillion who has over 2400 assists as a Spartan. With the graduation of Lauren Yarish, UNCG has a void to fill at the outside hitter position. Sophomore Robin Schuller will be expected to step up this season. Schuller had 265 kills last season second only to Yaris. The Big South's leading blocker Melanie Trexler was also lost to graduation last season. Jenny Yarbrough and Tammy Tindall will be counted on to produce up this year. Tindall has the highest blocks per game average among returning players with just over one per game last season.

players. Freshman Kerri Lapointe and transfer Julie Dingman will provide depth at the outside hitter position. Dingman played at Eastern Michigan University in 1992. Kerri Lapointe a 6'0" freshman, 6'0" Maribeth Lessner and 6'2" freshman Tara Stover will provide needed height for the Spartans.

"We're more balanced as a team this year," said assistant coach Tami Perkins, we have more depth than we've had in the seven years that I've been here."

The Spartans' schedule this season includes several quality teams. The Spartans will host the Tigers of Clemson, the second place team in the ACC last season. They will also play UNC Charlotte Western Carolina and N.C. State.

UNCG finished 7-2 in the Big South and has been selected preseason number one in the Big South by the coaches and SID poll this year.

Coliseum to offer exhibitions

From staff reports

This fall the Greensboro Coliseum will offer two professional sports opportunities to the city of Greensboro.

On September 21, the NHL will kick off its exhibition season in the Carolinas with a game between the Washington Capitals and the Florida Panthers.

Tickets for the event will range from \$12.50 to \$25.00, and the game will begin at 7 p.m.

The Capitals are one of the best young teams in the NHL and the Panthers are an up and coming expansion team as well.

On October 28, the Chicago Bulls and Sacramento Kings will lock horns in an NBA preseason exhibition. The game will begin at 7:30 and tickets will range from \$15.00 to \$50.00.

The Bulls feature all star forward Scottie Pippen and future all-star Toni Kukoc. The Kings will be led by point guard Bobby Hurley back from a near fatal car accident. It is unclear if he will play in this game.

In addition to these professional exhibitions, the Greensboro Coliseum will also feature a full home season of the Greensboro Monarchs as well as the ACC tournament. Team tennis will visit the coliseum September 20 when the Charlotte Express will face the Triad Mania.

Another exciting aspect of Greensboro's commitment to sports excellence is the Greensboro Challenge. It will bring several ACC powers to the coliseum in lieu of the ACC tournament. UNCG will participate in this event hosting Florida State on February 1.

Music review . Petak scores big with first impression By SHELLY RUSSELL Staff Writer

My first impression of Michael Petak's "Pretty little lonely," was much, much less than invigorating. The name of the band, the title of the tape, and the photograph on the cover gave me a mind set that said, "I'm not going to enjoy this." To my surprise, I was taught never to judge a tape by its cover. When I placed the tape into my machine (the second most wonderful product of humankind, the first being the fan), an innovative sound rushed toward me.

Petak has a style following that of Nine Inch Nails, as intense as Porno for Pyros, and Weezer. It's more of a toneddown Nine Inch Nails, an intense Porno for Pyros, and it hits Weezer pretty close to home.

The band, which contains Michael Petak on vocals, guitar, harmonica, mandolin, and accordion, Josh Lebelle on drums, and Armondo Prado on bass, has an interesting blend of acoustic guitar riffs which are pumped through two amplifiers.

The accompaniment of an acoustic bass and a special hybrid drum kit recorded with multiple overloaded and distorted room mikes creates a new, refreshing, and energetic sound.

Their originality is apparent when you review the subjects and lyrics of songs such as "Kudzo," "Careless," and, best of all, "Diary of a Glue Addict."

The title track, for instance, is about a troubled man telling his problems to a telephone operator because he has no friends and the call is free. "Diary of a Glue Addict," if you were wondering, is about certain incidents that occurred when a young man became addicted to glue fumes.

If opinions count in this situation, mine is that "Pretty little lonely," is an excellent experiment in the world of music.

For your information, the band is carried on Slash s, which also carries Vio-

Two new exhibitions pay witness to the brillant curators of the gallery

By HEATHER S. MILLS **Executive** Editor

Gallery Review

Weatherspoon Art Gallery, located at the corner of Spring Garden and Tate Streets, will open two new exhibits on September 4.

The first, a retrospective, will feature the works of Professor Emeritus Walter Barker and will run through October 23 in Galleries 1 and 2. Barker was a faculty member at UNCG from 1966 until his retirement in 1992. He continues to teach painting part-time.

The pieces on exhibit are representative of the last 42 years of Barker's life. During that time, he has seen his work displayed at the Hirshhorn Museum and Sculpture Garden in Washington, D.C. and the Museum of Modern Art in New York City.

Some of the most stirring works included in the exhibition are from the late fifties to early sixties

"No. 1 Persian Series," created in 1962, displays some of the Muslim influences Barker found during his travels abroad. The artist said that he was moved by the religious literature of the Middle East. The piece imitates the flowing scripture that can be found in the books of the period.

Especially moving is the painting entitled "March Sky," which consists of a series of dark slashes and greyed smears swirling above a smooth, muted backdrop.

Barker said that this piece was inspired by an encounter wit! a tornado.

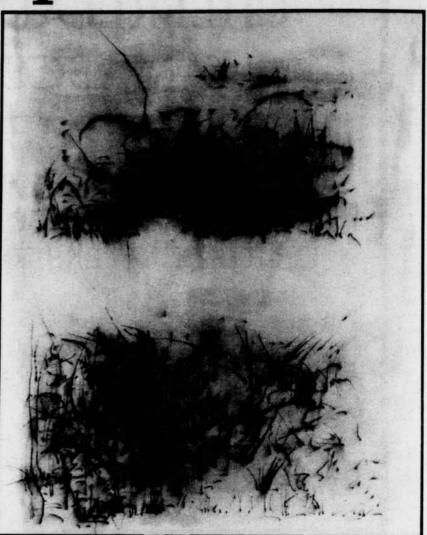

"It actually hit my building. ... I survived. ... 27 people were killed, and this is my memorial to them," Barker said.

Not all of Barker's work is disturbing. Some of it encorporates his whimsical sense of character and humor.

"Salute to Piero," dated 1956, is dedicated to symbolizing Barker's longtime friend, whom he described as, "a former Olympic swimmer and fencing champion who had lost one eye and viewed himself as being adored by all of these Italian women, which, of course, he was not."

The painting is from the Hirshhorn collection of the Smithsonian Institute.

An interesting, and perhaps the most interesting, piece is "The Parade," a three-piece work divided into what may be interpreted as being sections of the human race. The panels depict with a bright ghostliness the figures of an alco-

NOT EVERYONE HAS A EAL PLAN.

Every day over 7 million Americans go hungry. You can help. Bring nonperishable food items to the Citibank booth during the Campus America tour. Just grab some extra pasta or beef 'n' barley soup next time you shop. Or maybe that can of fruit cocktail sitting at home could be what helps fill someone's empty belly.

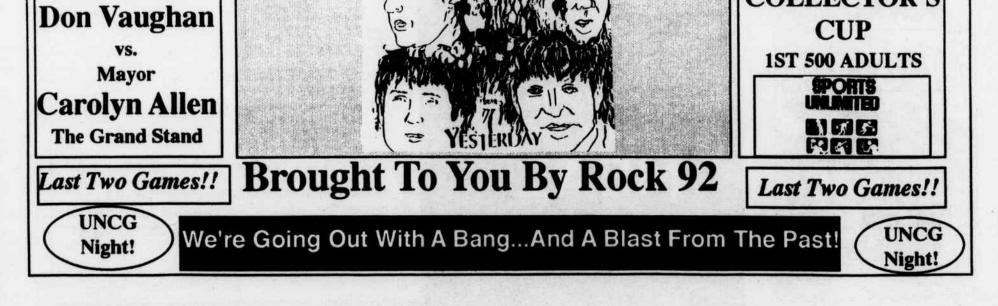

CITIBANK. WE'RE LOOKING OUT FOR YOU."
